ANNUAL REPORT
of the
VALDOSTA STATE COLLEGE
For the Year Ending
June 30, 1953

The school year 1952-53 has been quite a satisfactory year. We had several new faculty members joining the staff in September. Mr. Bernard Bettson joined the staff as head of the Chemistry Department, succeeding Dr. Earl W. Phelan who resigned to accept a position with the Atomic Energy Commission. Dr. Bettson, who holds the Ph.D. degree from the University of California, has been a valuable addition to our staff.

Mrs. Elisabeth Smith came to us as Assistant Professor of Physical Education. Mrs. Smith holds a Master's degree and has completed the course work in preparation for her doctorate at Indiana University. Mrs. Smith has also been a valuable addition to our faculty.

Dr. Rolf E. Moseley, Associate Professor of Mathematics and Physics, resigned the last week in August. Because of declining enrollment this year, this vacancy was not filled.

Mr. Rudolph Howell and Mr. Dan Moore, of the Emory-at-Valdosta faculty, taught odd sections in Physics when needed, during the year.

Professor Clifton H. White, a member of the faculty for fifteen years, resigned as of the beginning of the Spring Quarter to become pastor of the Episcopal Church at Lakeland, Florida.

Mrs. Lee Bennett, a local artist, was added to the faculty on a part time basis to carry the Art Courses of Professor White.

During the summer of 1952 Miss Lanora Iway, head of the Physical Education Department for women, did graduate work at Iowa State University.

Miss Lorene Herndon, Assistant Professor of Education and Psychology, did graduate work during the summer at Ohio State University.

The faculty has worked well during the year and has done an excellent job with their teaching and the other school activities. We have a fine faculty and I do not believe that any group of teachers could work together better than the faculty here at Valdosta State College.

During the regular session, there were 23 full time teachers and 4 part-time instructors. During the summer session of 1952, there were 13 faculty members doing full-time teaching and 3 doing part-time teaching. This last figure does not include Miss Lillian Patterson, Librarian, and Miss Thera Hambrick, Assistant Librarian of our Library staff. These two staff members are on twelve months contract.

The chart on the following page shows the quarter hour teaching load for each of our faculty members.

The chart on page 4 shows the student load for each of our faculty members of the school year.

During the school year we had 6 full professors on our staff, and the average salary for these full professors was \$5,006.00. There were 12 associate professors, with an average salary of \$3,484.00. There were 4 instructors on the staff during the year; and since each of these instructors were carrying part-time loads, it is not possible to run fair averages of their salaries for statistical purposes.

The following chart shows the quarter hours teaching load for each VSC faculty member during the Fall, Winter and Spring Quarters of the school year 1952-53:

<u>Faculty Member</u>	<u>Fall</u>	<u>Winter</u>	<u>Spring</u>
Babcock, LeRoy	20*	20	15
Bennett, Lee			5
Bettman, Bernard	20***	20***	15
Booker, Ted W.	10	10	10
Carter, Marjorie	10	10	10
Cottingham, Walter	4	4	4
Deaver, Margaret	15	15	10
Durrenberger, J. A.	10	10	10

Treanor, Sapelo	15	15	15
Valente, Phyllis P.	14**	8	8
Warren, Gladys E.	18	19	15
Weems, Sarah P.	15	10	5
White, Clifton H.	10	10	
Wisnbaker, Mrs. Joe	5	5	5
Withers, Walter L.		5***	

* Includes a five-quarter-hour Saturday class, meeting three hours each week, running through the Fall Quarter and into the Winter Quarter. Shown on Fall teaching load only.

** Three members of the physical education staff together carried one five-quarter-hour Saturday class (See * above). The proportionate share of the teaching load for this class of 52 students is approximated by assigning 2 quarter hours and 2/5 of the student load each to Miss Ivey and Mrs. Valente, and 1 quarter hour to Mrs. Smith.

*** See (*) above for winter-and-spring class, offered on same basis as fall-and-winter class. Shown on winter teaching load only.

**** Two five-quarter-hour classes were taught at the same time. The fact that they were laboratory courses made such combination possible.

The following chart shows the student load for each of the faculty members for the Fall, Winter and Spring Quarters: 1952-53

<u>Faculty Member</u>	<u>Fall</u>	<u>Winter</u>	<u>Spring</u>
Babcock, LeRoy	88	71	66
Bennett, Lee			24
Bettman, Bernard	34	25	14

Weems, Sarah P.	29	13	13
White, Clifton H.	52	35	
Wisembaker, Mrs. Joe	15	10	16
Withers, Walter L.		5	

In addition to the duties as Dean of Women, Mrs. Joe Wisenbaker taught one five hour course each quarter in Social Science. Mrs. Wisenbaker joined us on July 1st, 1952 as Dean of Women. She has done an excellent job with the girls and has proven to be a very valuable member of our staff.

In addition to the duties as Comptroller, Mr. Shealy McCoy, who is Associate Professor in Business and Secretarial Science, has taught one five hour course in business law and accounting each quarter.

At the opening of school in September, Dr. Ted W. Booker, who holds the Ph.D. degree from George Peabody College, came to us as Professor of Education and head of the Department of Education. He has done excellent work in this department.

The members of the faculty have attended to their school duties regularly, and we have had no protracted absence on account of illnesses in the faculty group. Professor Leroy Babcock suffered a mild heart attack on the opening day of the Spring Quarter. He was absent for three weeks. However, he seems to have recovered completely from this difficulty.

FACULTY PARTICIPATION IN COMMUNITY AFFAIRS

I am very pleased with the way in which the faculty has participated in the affairs of the community.

The President of the college is Vice-President of the Board of Education. He, along with Mr. William Gabard, Director of Publicity, Dr. J. A. Durrenberger, Dean of the College, Mr. Shealy McCoy, Comptroller and Mr. Clayton Logan, Associate Professor, are all active members of the Valdosta Kiwanis Club. Dr. Harold Gulliver and Professor LeRoy Babcock are active members of the Valdosta Rotary Club. These staff members participate in all the activities of these groups. All members of our staff participate actively in the work of the local churches. We are well represented on the Board of Directors of the Boys Scout Movement and Girl Scout Movement, the Community Chest, the Lowndes County Tuberculosis Committee, American Cancer Society and the Polio Committee of Lowndes and Echols County.

Most members of our staff are in constant demand as speakers for various civic groups and clubs in this area. The majority of this group has made numerous public addresses during the year.

Our Music Department has been especially active this year. To give you an idea of the extensive work of Mr. Clayton Logan and Mrs. Gladys Warren, I am listing a detailed report of their activities. Mr. Logan, with his Serenaders, has done much to increase our enrollment here at the college.

COMMUNITY ACTIVITIES

Clayton Logan, Associate Professor of Music
1952-1953

I. Voice Recitals

September 27 Faculty Tea for Students, Valdosta State College
October 13 Valdosta Exchange Club, Weekly Meeting, Valdosta, Ga.
October 14 Valdosta Lions Club, Weekly Meeting, Valdosta, Ga.
November 11 Formal Concert, Valdosta State College Auditorium
December 8 Stephen Foster Memorial Concert Series, White Springs, Fla.
January 28 Waycross High School Assembly, Waycross, Ga.

II. Glee Club Programs

November 26 Thanksgiving Program, Valdosta State College
December 15 Christmas Program, Valdosta State College
December 7 B.P.O.E. Elks Memorial Service, Christ Church, Valdosta, Ga.
May 14 Annual Concert, Valdosta State College Auditorium
May 27 Broadcast, Radio Station WQAF, Valdosta, Ga.

III. Serenaders Programs

January 13 Waycross Annual Chamber of Commerce Banquet, Waycross, Ga.
January 30 Assembly Program, Valdosta State College
February 3 Cairo Kiwanis Club, Weekly Meeting, Cairo, Ga.
February 10 Quitman Rotary Club Ladies Night, Quitman, Ga.
February 13 Waycross Lions Club Ladies Night, Waycross, Ga.
February 16 Moultrie Lions Club Ladies Night, Moultrie, Ga.
February 20 Valdosta High School Assembly Program, Valdosta, Ga.
February 25 Cairo High School Assembly Program, Cairo, Ga.
February 25 Cairo Rotary Club, Weekly Meeting, Cairo, Ga.
February 26 Wynodausis Club Husbands Night, Valdosta, Ga.
March 4 Philharmonic Club Assembly Program, Valdosta State College
March 12 Moultrie Kiwanis Club Ladies Night, Moultrie, Ga.
April 9 N.C.O. Club, Moody Air Force Base, MAFB, Ga.
April 22 Future Teachers of America Day, Valdosta State College
April 23 Moultrie High School Assembly, Moultrie, Ga.
April 23 Future Teachers of America Day, Valdosta State College (2nd)
May 1 Benefit Show, Cairo Hospital Fund, Cairo, Ga.
May 2 Alumni Day, Banquet, Valdosta State College
May 12 Valdosta Lions Club, Weekly Meeting, Valdosta, Ga.
May 13 Valdosta Rotary Club, Weekly Meeting, Valdosta, Ga.
May 14 Annual Glee Club Concert, Valdosta State College Auditorium
May 18 Personnel Meeting, Hawthorne School of Aeronautics, -
Spence Air Force Base, Moultrie, Ga.
May 26 Broadcast, Radio Station WQAF, Valdosta, Ga.
May 27 Officer's Club, Moody Air Force Base, MAFB, Ga.
June 2 Servicemans Club, Moody Air Force Base, MAFB, Ga.

IV. Other Activities

April 10 Judge, Second District Literary Meet, Quitman, Ga.
May 16 Speech, "A Comparison of the World's Vocal Art", and
recital, Delta Kappa Gamma Professional Society, Valdosta, Ga.
June 4 Solo, Pine Grove High School Commencement, Valdosta, Ga.

PROFESSIONAL SOCIETIES

The entire faculty takes great interest in the professional societies of each faculty member's field. All members of the staff are active members of one or more professional societies, and a large portion of this staff attends at least one annual meeting of a professional group.

Dean Durrenberger and the President of the College represented Valdosta State College at the last annual meeting of the Southern Association of Colleges, which was held in Memphis Tennessee last December.

All members of the staff, with three exceptions are members of the Georgia Education Association.

I have mentioned above that Dr. Ted Booker came to us as head of the Department of Education. This Department has been very active, not only with our student personnel but with an effort to help school authorities to serve their needs. I am including as part of this report an abstract by Dr. Booker.

REPORT OF DEPARTMENT OF EDUCATION

STUDENT PERSONNEL

The enrollment in Education classes during the year 1952-53 - regular session - were somewhat lower than during the preceding 3 years. On the other hand, a larger number of students are enrolled for the 1953 summer school Education Courses than during any preceding quarter, summer or regular session (211 registrants for the six Education Courses being taught).

Twenty-three percent of the "Dean's List" (1952-53) were Education Majors. Thirty percent of the 1952-53 graduates were Education Students, Sixty-eight percent of this graduating group have taken work in Education sufficient to qualify them for either the four year Provisional or Professional Georgia Teachers Certificate.

By October, 1953, approximately 375 persons will be involved in the Valdosta State College program of Teacher Education.

RECRUITMENT OF NEW STUDENTS

The Education Department conducted its off campus program of student recruitment in two ways: (1) through an extensive plan of field services (described elsewhere in this report) and (2) by means of two campus conferences for high school members of Future Teachers of America Clubs of the Southern part of the State (April 23-24, 1953).

TEACHING AIDS AND EQUIPMENT

The Education classroom (room 101) was completely redecorated -- shelves were built and the facility prepared for the establishment of a Curriculum Materials Laboratory. Several filmstrip were purchased. A considerable quantity of curriculum material has been secured for the Laboratory collection. An electric fan and two metal filing cabinets were added to the equipment of the Education Department office -- a second fan was obtained for use by Mrs. Knight.

Five new professional magazines and approximately 150 professional books were added during the past year to the Education Collection in the Library.

FIELD SERVICES TO PUBLIC SCHOOLS

The staff of the Education Department of Valdosta State College worked on an average of over a dozen consultative or speaking engagements each month during the school year. This service was rendered in more than thirty-six educational systems of this part of the State.

CURRICULUM STUDY AND IMPROVEMENT

Twenty-eight persons (college staff members, public school teachers, supervisors, administrators, and college students) have worked as members of the Faculty Committee on Teacher Education and/or the following sub-committees of this group:

- A. Subcommittee on Teacher Selection and Admission
- B. Subcommittee on Geography for Elementary Teachers
- C. Subcommittee on Social Studies for Elementary Teachers
- D. Subcommittee on Science Experiences for Elementary Teachers
- E. Subcommittee on Professional Education Course Offerings

EDUCATIONAL CONFERENCES SPONSORED BY V.S.C.

The staff of the Department planned, conducted and evaluated seven major educational conferences during the school year and was host to an eighth assembly.

Fall In-Service Conference for Recent Graduates of Valdosta State College
October 18, 1952.

Fall Conference of Supervisors of Student Teachers - November 20, 1952.

Winter Conference For Supervisors of Student Teachers - February 27, 1953.

Spring Conference for Intern Instructional Supervisors of Georgia
April 15, 16, 17, 1953.

First Annual Future Teachers of America Campus Assembly - April 22 - April 23,
1953.

Spring Conference of Supervisors of Student Teachers - April 29, 1953.

Spring In-Service Conference For Recent Graduates of V.S.C. - May 1, 2, 1953.

Three conferences for Valdosta State College supervisors of student teachers were conducted. These, in reality, were in-service training programs and Education Department staff meetings.

MISCELLANEOUS ACTIVITIES OF THE EDUCATION DEPARTMENT

College Remedial Reading Program

Members of the Education Department Staff planned and taught a remedial reading program for college students during the Fall quarter, 1952.

Observance of American Education Week

Student Professional Education Organization

Prior to this past year, the Education students of V.S.U. became members of the Association for Childhood Education, International. During the fall of 1952, these students were chartered by the National Education Association as a college chapter of the National Organization of Future Teachers of America.

RECOMMENDATIONS

- I. That staff and service be expanded to provide for a full program of Teacher Education - grades 1 - 9.
- II. That a special effort be made to secure permission from the Board of Regents to offer the M.S. in Education Degree.
- III. That active curriculum study and revision be continued -- working toward a training program which in content meets more adequately the needs of elementary classroom teachers and more specifically (through a more flexible program - more elective specs) the special needs and interests of individual students.
- IV. That the library collection of professional books and magazines, especially the latter, be expanded.
- V. That supplementary teaching aids be added during the coming year to the very fine initial collection procured by purchase and contribution during this year.

STUDENT ENROLLMENT

With the beginning of the school year in September, the full force of the transition to the twelve grade school system hit us. Altho our enrollment was within our budget estimates, we had a decline over last years enrollment. We had exceptionally good enrollment in all of our Saturday classes and this was a great help in keeping our overall enrollment up. The charts on the following pages give a clear picture of our enrollment during the past year. Information on the number of degrees conferred will also be found on the charts. The chart on page 15 gives a breakdown according to counties.

SECTION II - STUDENTS

Degrees Conferred

Summer Quarter, 1952	<u>13</u>
Regular Session, 1953	<u>52</u>

(Classification of degrees granted)

Bachelor of Arts	20
Bachelor of Science	45

Certificates and Two-Year Diplomas

* - Veteran students reported should include only those students enrolled under the provisions of Public Laws 16 and 346.

Valdosta State College

Supplementary Enrollment Figures, 1952-1953:

Cumulative enrollment for year, exclusive of Saturday and evening classes:

<u>Class</u>	<u>Men</u>	<u>Women</u>	<u>Total</u>
Freshmen	48	70	118
Sophomores	26	55	81
Juniors	14	35	49
Seniors	18	42	60
Specials and Irregulars	9	12	21
	-----	-----	-----
Total, Regular	115	214	329
	-----	-----	-----
Evening Class	8	2	10
Saturday Classes, cumulative for two semesters	6	116	122
	-----	-----	-----
Total, non-regular	14	118	132
	-----	-----	-----
Cumulative for year, all students	129	332	461
	-----	-----	-----

Note: Elsewhere, the cumulative enrollment for Saturday classes is shown as 123. One person (female) took a Saturday class during the fall, and enrolled as a regular student during the spring quarter. In the above figures, she is not included in the Saturday classes but is included in the regular students (senior class).

VALDOSTA STATE COLLEGE
VALDOSTA, GEORGIA

From the point of view of scholastic work of the students, I feel that we have had a very satisfactory year. At the end of the academic year, 1951-52, there were 41 students whose scholarship was such as to make them ineligible for re-admission in September 1952. Of these 18 took summer work in an effort to re-establish eligibility, and 13 were successful. Twelve of the 13 returned for the fall quarter, as well as 3 others who were re-admitted by special administrative action. One other student returned after a lapse of one quarter. Thus, of the 41 who were ineligible for re-admission on the basis of 1951-1952 grades, 16 were in residence at some time during the year 1952-1953.

I am sure that the satisfactory work of our students is due to a great extent to our counselling program. We give all entering freshmen students a battery of placement tests, which are administered by the Registrar and Miss Lorene Herndon, who is a professionally trained psychologist. The students in the lower one-third of the group tested are placed, in what we call, the "A" section. A special program of studies is arranged for a student in the "A" section. In this way, we are able to salvage a number of weaker students and are able to get them into the regular program by their sophomore year. This, I feel, is one of the strong points of our program here at Valdosta State College. I feel, also, that the use of the Library by the students is a contributing factor to the success of our academic program. The report of the Librarian, which follows, will give an accurate picture of the use of the Library.

statistics on book stock (see appendix), I would like to point out two facts. First, the large number of gifts is accounted for by contributions from the collections of Dr. Phelan and Dr. Punke. Second, there is an unusually large number of withdrawals reported. The librarians are trying to do some much-needed systematic weeding of the book collection. 335 of the 366 withdrawals were duplicates (a carry-over from the days when the library furnished text books for students) and had not been used in several years. Because of the crowded stack conditions, shelf space seemed more valuable than these unused multiple copies. We are very sorry to report that for the first time in the history of the college we are losing reference books from the open shelves.

The number of uncataloged pamphlets has more than doubled over last year. We are making a concerted effort to supplement the book stock by making available timely pamphlets and other ephemeral materials which meet the needs of the students.

LIBRARY

REPORT of the LIBRARIAN
of

VALDOSTA STATE COLLEGE
June 1, 1952 - May 31, 1953

The year 1952-53 has been most satisfactory in many ways.

The library student assistants have been unusually helpful and business-like. The faculty and student body have been very cooperative.

The small increase in the library budget is reflected in the increase in number of books acquired by purchase. In analyzing the

Our most outstanding needs are:

1. Lights.
2. Completion of library building (Stacks are badly needed)
3. Paint library building inside and outside.
4. Screens for doors and windows as yet unscreened.
5. Special appropriation for binding the magazines stored in attic. (These magazines are in constant use. Besides the increased trouble in making them available unbound, they are rapidly deteriorating.)
6. Full time maid.

* 281 VSC library books were charged to the 1952 Summer Workshop and no record was kept of this extensive circulation.

DEAN OF WOMEN'S OFFICE

Mrs. John W. Jenkins, who had served as Dean of Women from 1948 to June 30, 1952, left the services of the college. Mrs. Jenkins was succeeded by Mrs. Joe Wisenbaker. The two dormitories used for women, Converse Hall and Ashley Hall, were directly under the supervision of the Dean of Women. Dr. Marjorie Carter served as house director in Ashley Hall and Miss Lorene Herndon served as house director in Converse Hall. Mrs. C. C. Whittle, for many years Assistant Dietitian of the college, gave up those duties and became Assistant House Director in Converse Hall.

We had a very satisfactory year in the dormitories and the general conduct of the young ladies was excellent. Dean Wisenbaker did not bring to my attention a single major disciplinary problem among the girls. I am very well pleased with the manner in which Mrs. Wisenbaker has taken up her duties as Dean of Women and I believe she will be even more successful in the future.

DEAN OF MEN

Mr. William Gabard again served as acting Dean of Men and was in charge of Senior Hall, in which the men students were housed this year.

During the fall one of the men dormitory students caused a great deal of concern to the college when he developed quite a serious mental illness. He was sent to the Psychopathic Division of the University Hospital in Augusta, Georgia for treatment. He re-entered

college, but later withdrew because of a re-currence of the malady. One young man was suspended for drinking, but later re-entered school and completed work toward his degree.

The overall conduct of the student body was good. However, from time to time there were minor problems in the mens' dormitory, which was solved without too much difficulty.

In the early spring Dean Gabard ask to be relieved of his duties as Dean of Men, at the close of school because of ill health. He will continue as Head of the Publicity Department and Assistant Professor of History.

Mr. J. Graham Wall, who is joining our faculty this fall, as Assistant Professor of Mathematics will serve as acting Dean of Men.

STUDENT GOVERNMENT

I would like to say a word about the Student Government Association as mentioned in my last annual report. We have been very well pleased with the way this Student Government has functioned. We had very capable officials in the student group and the Student Council did much to coordinate the activities of the student body into a well rounded program.

The incoming president is a very fine young man and one who possesses a great deal of talent for leadership and I am looking forward to a successful year in this section of our program.

PUBLICITY OFFICE

Mr. William Gabard, who has served as Director of Publicity has done excellent work for us. A statement from Mr. Gabard concerning the activities of his office follows:

TO: Dr. J. Ralph Thaxton, President
FROM: William M. Gabard, Director of Publicity
RE: Activities of the Publicity Department, 1952-1953

During the past year, the Publicity Department has sent out approximately 1,500 releases to newspapers in Georgia concerning the activities of the college, the faculty and students. In addition, copies of the releases to the Valdosta Times have gone to each of the two local radio stations.

The introduction of publicity cards for all students has greatly facilitated the sending of releases concerning students to their home town newspapers. It is estimated that approximately 700 releases of this type have been mailed out during the year.

The Department has clipped all newspaper stories concerning the college, faculty, students and alumni, which appeared in the daily and weekly newspapers subscribed to by the Library. A scrapbook contains these records.

The Department has mailed out the majority of the copies of the four publications issued by the college. Also, it has assisted the Alumni Association in publicizing its work.

The Director attended the District V Convention of the American College Public Relations Association, which was held in Athens, Georgia.

The Director represented the college at the Atlanta College Week program held in October, and visited 13 high schools in that city. In addition, visits were made to the following high schools: Lakeland, Tifton, Waycross, Sylvester, Moultrie, Cairo, Glyattville and Valdosta.

The redecoration of the Publicity Office and the addition of new furniture have made working conditions more pleasant, and have attracted favorable comment from all visitors.

HEALTH SERVICE REPORT

The Health Service was again in charge of Dr. R. E. Perry, who has been serving for three years as our college physician. Dr. Perry holds office hours each morning in the Infirmary and calls back late in the afternoon each day to check on the health of the students and the care of those hospitalized. Mrs. Grady Bennett, Registered Nurse, is in charge of the Infirmary and is available throughout the day and night to meet the needs of students who are ill.

All of the students were given a physical examination as part of their registration procedure at the beginning of the fall quarter. Dr. G. Lombard Kelly, of the Medical College of Georgia, provided us with two seniors to aid Dr. Perry in the physical examinations.

During the year, there was one major operation - an appendectomy. Several minor operations were performed, but none of a serious nature.

During January we suffered a serious influenza epidemic among both students and faculty, at which time, we had as many as one hundred cases of influenza in the dormitory. I, very seriously, considered closing the school temporarily. We hesitated to close down and with the help of additional nurses, we came through with no serious cases.

In cooperation with the State Department of Health, chest x-rays and blood tests was given to all students, faculty members and other employees.

Dr. Perry and Mrs. Bennett have kept accurate records of students and their health problems. I am very pleased with the way in which the Doctor and nurse have handled the health problems of the students here at the college.

ASSEMBLY PROGRAMS

This year we combined the Artist Series with our Weekly Assembly hours. For the past few years the college has cooperated with the City of Valdosta and Emory-at-Valdosta in providing an Annual Entertainment Series. With little support from Emory-at-Valdosta and less from the community, the Student Activity Fund was paying for the entertainment for the community. I was unwilling to continue this extravagance. Hence, the consolidation of the Artist Series with our Weekly Assembly Hour.

The committee, headed by Mr. Clifton H. White, provided an excellent program each week of the school year. Special artist numbers were added from time to time. Mr. Whitehead Hickey was brought to Valdosta for a special program of poetry. Professor Roosevelt Walker presented a

program on ballads. Mr. Michel Angelo McDowell and partner presented a double piano program. The Woody Air Force Band brought a program of classical music in addition to the regular weekly lectures.

I would like to mention that special notice was taken of Georgia Day, with a program presented by Mr. H. C. Eberhardt, a local attorney and a prominent member of the Georgia Historical Society.

We found that this procedure worked very well. With the attendance required at assembly hour, we were assured of an audience for our speakers. We shall follow this procedure during the coming year.

EXTRA-CURRICULAR ACTIVITIES

Valdosta State College maintains a very varied program of Extra-curricular activities. I have already mentioned the activities of the Music Department. With the Serenaders and the Glee Club there are certainly sufficient opportunities for any students who wish to participate in the extra-curricular activities of the Music Department.

The Campus Copy, the college newspaper, is published twice a month, with Mr. William Gabard, Director of Publicity, serving as advisor to the paper. Altho we do not offer formal courses in journalism, The Campus Canopy does offer to students interested in the field of journalism an opportunity for development in this line. Students with such interest also find an excellent outlet for their energy by working on the staff of the college year book, The Pine Cone.

I would like to mention the Sock and Buskin Club which is directed by Miss Louise Sawyer of the Speech Department. We are very fortunate in having a most capable director for student dramatics here at the college.

One of the most active groups on the campus is the Dance Club. This group is directed by Mrs. Phyllis Valente of the Physical Education Department. Mrs. Valente handles all the work in the dance in her Department. She is, in my opinion, one of the most outstanding experts in this field that can be found in the entire country. She is an expert dancer herself and is one of the most thoroughly educated teacher in this field with a very extensive knowledge of folk dances of all countries. She has the knack of imparting to her students her own brilliance and ability in this field. The Dance Club, which is the extra-curricular club for those interested in this work, is one of the finest organizations on our campus. Their annual dance recitals would compare favorable with any recitals by professional dancers. I cannot speak too highly of the work of Mrs. Valente in her field and of Miss Sawyer in hers.

The Physical Education Department for Women operates a Sports Club, which is very active in interesting the women students in various sports.

Again this year we competed in the Inter-collegiate Tennis. Professor James E. Spear, of the Social Sciences Division, contributed his services as coach of the tennis team. We played home-and-home matches with Florida State University, the University of Florida, Mercer University,

Emory University and Emory-at-Valdosta. This coming year we hope to enter the field of inter-collegiate competition in the field of Basketball and Baseball.

Mr. Walter F. Cottingham, formerly of the Emory-at-Valdosta, joins our staff as full time Physical Education Director for next year.

I would like to mention the outstanding activities of the Y. W. C. A. and The Young Men's Christian Alliance. Both of these organizations have been very active and have contributed much to the religious activities of our student body.

STUDENT SOCIAL LIFE

This year the second local fraternity was organized on the campus. These two organized groups have done much to improve the social life of the entire student body. I heartily approve of their activities, and I hope that they may continue on as high a scale as they have in the past.

We have not had sufficient space for dances. The addition of the gymnasium at North Campus will give us a much needed space for recreation. The social life committee of the Student Government, working with the Dean of Women and the Dean of Men has organized these social affairs on the campus. I wish to commend this group for their interest and their untiring efforts in providing interesting and wholesome past-time for the students.

HONORS DAY

There exists on the campus an honor society made up of students who have achieved success in scholastic work. In the spring of the year, the college sets aside one day to honor those students who have made outstanding scholastic records. This past year, Dean Donald McMahon of Georgia State Womens College was our speaker. We combined with Honors Day our regular May Day pageant and Parents' Day. A large number of our students visited our campus and spent the day with their children here. With our Honors Day program in the morning, luncheon for the visitors at noon, fine arts program immediately after lunch, followed by the May Day Pageant, I feel that our visitors have been able to obtain a very satisfactory picture of our various activities on the campus.

CURRICULUM AND STANDARDS

Dean J. A. Durrenberger has done an excellent job in supervising and maintaining a high scholastic standing among our students. Dean Durrenberger has insisted that all faculty members belong to the professional societies of their professional groups. As has already been mentioned in this report, all are members of one of the professional societies. He has emphasized the academic achievement by the students. Junior college students who make an average of 2.3 quality points and senior college students who make an average of 2.5 quality points on all academic subjects during any quarter are placed on the Dean's List. This distinction carries with it certain privileges in

respect to class load and class attendance. I feel that Dean Durrenberger is doing an excellent job as academic Dean of the college. I do not believe any unit in the System has better teaching from its faculty nor higher academic standards than are required of our students here at Valdosta State College.

CAMPUS AND PLANT IMPROVEMENTS

During the past year, considerable improvements have been made on the campus and in the physical facilities of the college. Most of these improvements consisted in fire prevention repair and deferred maintenance. West Hall, the Administration Building has been re-wired and re-lighted and the necessary fire doors have been installed according to the recommendations of the State Fire Marshall. Converse Hall, the oldest dormitory on the campus has been renovated throughout. This consists of re-wiring, re-lighting, and the necessary fire doors. The building has been completely redecorated also. The two baths have been completely reworked with tile showers being installed in both of them and new toilet facilities as well. This last item is still in process of completion. Two tile showers and fire doors have also been installed in Ashley Hall. The money for the complete renovation of the doors and showers in Ashley came from the Auxiliary Enterprise surplus. The fire safety work has been started in Senior Hall but has not been completed. Our landscaping project, which was started last year, is likewise continuing this year. The following chart will give an accurate picture of the cost of these improvements.

BALANCE BEGINNING OF YEAR		\$33,041.64
ADDITIONS:		
Transfer from Auxiliary (Ashley Hall)	\$ 4,500.00	
Governmental - State of Georgia	<u>74,500.00</u>	
TOTAL ADDITIONS		79,000.00
DEDUCTIONS:		
Repairs and Improvements		
West Hall (Re-wiring, re-lighting sprinkler system, fire safety)	\$48,000.00	
Converse Hall (Re-wiring, re-lighting, fire safety)	21,000.00	
Ashley Hall (New Tile Showers and Fire Safety)	7,800.00	
Senior Hall (Fire Safety)	1,300.00	
Landscaping (Shrubbery)	<u>1,500.00</u>	
TOTAL EXPENDED FOR PLANT ADDITIONS	\$79,600.00	
Other miscellaneous Repairs and Improve- ments - Not Capitalized	<u>2,469.76</u>	
TOTAL DEDUCTIONS		<u>\$82,069.76</u>
BALANCE END OF YEAR		<u><u>\$29,971.68</u></u>

NEEDS OF THE COLLEGE

The college has long been in need of satisfactory gymnasium space for the Physical Education program. The admission of men students has accentuated this need. We have needed dormitory space for men and have been in urgent need of additional laboratories for botany, zoology, bacteriology, chemistry and physics. These needs seemed far in the future.

Towards the end of the school year, the physical plant of Emory Junior College at Valdosta was transferred to the Board of Regents for use of this unit. This adds 43 acres to our campus, gives us ample space for football, baseball, and track for the men, gives us additional dormitory space for men and makes available the needed classrooms and laboratories for our Science Departments. These departments are already moving into Pound Hall on the North Campus. There has not been a home on the campus for the President. With Pound Hall available, the Music Department has been moved into the top part of this building and necessary fixtures and practice rooms are being repaired. This has made available the residence at 222 Georgia Avenue as a home for the President.

The temporary gymnasium on the former Emory campus will enable us to go ahead with our program until the new gymnasium, which is now under construction, is available. Plans are being prepared now for the dining hall and when this is completed, our plant should be satisfactory for some 700 or 800 students and possibly more.

OUR OUTLOOK FOR THE FUTURE

It will take us another year to recover from the shift to the 12 year public school year. Freshman enrollment will be good this Fall. Within another year, we of the staff here feel that Valdosta State College will be on the way.

Respectively submitted,

J. Ralph Thaxton
President
