

April 14, 1943

Dr. A. F. Saunders,
1306 North Patterson Street,
Valdosta, Georgia.

Dear Dr. Saunders:

Thank you so much for lending us your movie projector and screen. We used them to show a picture of the University of Virginia, in connection with Jefferson's birthday, yesterday morning, and I believe the screen was used again in the afternoon.

Our movie equipment here at the College is a little on the seamy side, and we all appreciate your kindness in lending us your equipment for use on our War Bond Rally Day.

Sincerely yours,

FRR/ar
