

March 23, 1945

Mr. Johnny Long
Foote and Davies Company
250 Peachtree Street
Atlanta, Georgia

Dear Johnny:

What has become of our proposed folder? We sent you a dummy a long time ago, and have been hoping to hear from you. Time flies.

Am enclosing sketch of proposed chapel. We want a cut made to use on letter paper; so presume it ought to be a zinc etching. The Southern Stationery Company, here in Valdosta, has a good supply of letter paper; so we won't have to use that cheesy stuff of yours!

Please have the Photo Process Company make us a zinc etching, or whatever it ought to be, and send it along to us as soon as possible.

I, too, am dictating---but you know what I am thinking.

Sincerely,

FRR/w
