Minutes of Call Meeting of Board of Education Jan. 9, 1933.

A call meeting of the Board of Education of Grady Co. Public Schools was issued by Chm. J. B. Wight by letter. Members present were Forrester, Maxwell, Mills, Ward and Wight, Wight presiding. The chief purpose of the meeting was to dispose of the matter of whether or not to enter suit against the American Surety Co. of New York for liability of their bond of \$6,000 to the Board of Education for protection of the public school funds of the outgoing Supt. of Grady Co. Schools, Mr. J. P. Swann. Said funds amounted in the aggregate \$13,458.72 which said J. P. Swann failed to turn over to his successor, W. R. Eskew.

It was the unanimous vote of the Board by motion made and seconded that suit should be entered against aforesaid surety company for their full liability of \$6,000. This action was taken thru various advices to the board as to their responsibility in pressing suit for recovery, said action being their sworn duty, according to the law.

After deciding to enter suit, the next matter was to decide what method should be pursued. After full and free discussion it was decided that two competent lawyers should be employed. It was decided that if a reasonable fee could be decided upon to employ the services of Col. W. H. Duckworth and Col. S. P. Cain, both of Cairo Ga. These two gentlemen were consulted, and agreed to fix a contingent fee. If no monies are collected, no fee is to be paid. If the

At this point Supt. Eskew read a letter from the State School Superintendent, M. D. Collins, regarding Federal aid for schools. It being necessary to get an affidavit from each teacher in the county who would be eligible for Federal aid the Board decided to give Mr. Eskew authority to employ a Notary Public to witness same at the lowest possible expense, the Notary to accompany Superintendent.

A letter was read from Supervisor M. E. Thompson stating that Hon. M. D. Collins would visit the county March 13th.

At this point it was voted that the Superintendent and all Board Members who desired to attend, be allowed expneses to attend the annual meeting of the Georgia Educational Association in Atlanta, April 11, 12, 13 and 14, also all teachers were given time off to attend this meeting with no deduction from their salary.

Since teachers were due a pay-roll it was voted to release checks, the treasurer not having funds to meet the pay-roll from the regular fund for this purpose, it was decided to use the Barret-Rogers fund which could be borrowed and repaid, also it was necessary to over-draw practically \$800.00 which could be arranged with the bank for the teachers who were eligible to draw February, March, April and May salaries from the Federal funds, the amount paid was considered a loan and re-payable at some future date when they had money to do so, also any other teachers who were due no more money for the school year had to be considered the same for other teachers who would not be paid for the full time of the remaining school term, as set by the Board, by Federal funds what was paid them was to apply to whatever month they might be due pay from the Board for the school year. This was done to keep teachers from having to wait longer for money as salaries were low and the Board felt that they could render this accommodation. The

Dear Bobby:

With reference to the recent discussion we had concerning the Reno school property, I am sending you this letter as my opinion based on this discussion.

You will recall that I previously on July 27, 1971, expressed an opinion by letter to C. L. Connell concerning said property. Please note the second paragraph of my letter which is the actual premise for which my opinion in my letter of July 27, 1971 was based. That statement is as follows: "It is my understanding that the question has arisen as to whether or not Reno Community Center through its trustees can under the deed made to it by the Grady Board of Education permit the rental or use of this property for other than community center purposes." My opinion was based on the premise that a portion of this property would not be used for community center purposes.
