ADMINISTRATION

The purpose of this book is to tell a story not with words, but with pictures, of the activities of our girls and boys which, under the guidance of well-trained teachers, will prepare them for the responsibilities of adult life.

This is a permanent record of one phase in the lives of these boys and girls and will serve as a storage of happy memories for them.

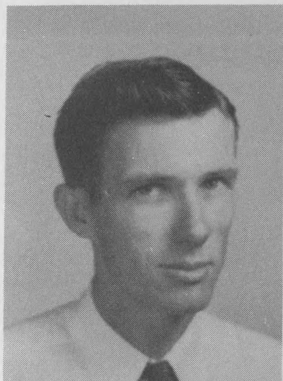

As the seniors leave school this year we trust that they have learned the fundamental principles of life that will assure them of a happy, full and successful life.

Sincerely yours,

M M Johnson
