Dear Sir,

I am in receipt of your enclosure &c. Enclosed find copy plat of the Rivins land, & copy plat & grant of the Moody tract. There seems to be a discrepancy of the amt of land between the book of plats & the book of grants, the plat calls for 500 acres & the grant 400 acres, it is evidently the same piece of land, for the grant of the 400 a has the same boundaries as the 500 acre plat, hence I think it is only a mistake in the figures. The fee is right, Copies of plat or grants separate one from the other \$1<sup>00</sup> Copy of plat & grant \$2<sup>00</sup> each.

Yours Truly
