BULLETIN OF
THE SOUTH GEORGIA
STATE NORMAL COLLEGE

VALDOSTA

COURSES OF STUDY
1917-1918

Issued Quarterly by
The South Georgia State Normal College
March First, 1917

Admitted as second-class matter at the Postoffice at Valdosta, Ga.

CALENDAR FOR 1917-1918.

September 12—Wednesday Fall Term Begins

September 12—Wednesday—
Entrance Examinations

November 29—.....Thanksgiving Day

December 21—Friday—Christmas Holidays Begin

January 2—Wednesday School Re-opens

January 17—Thursday Spring Term Begins

June 7—Friday Commencement Day

FOREWORD

This bulletin is somewhat more than an abridgment of the regular catalogue, and should be read in connection with the catalogue, a copy of which will be gladly sent to any one requesting it. The bulletin gives in compact form the board and faculty of the College, a few general considerations, business regulations, requirements for entrance to various classes, requirements for graduation, and a roster of students in attendance during the current year. The business terms and the requirements for entrance and graduation here indicated are revisions of and supplant previous terms and requirements. Correspondence is cordially invited.

Address correspondence to

R. H. POWELL, President.

THE BOARD OF TRUSTEES

Hon. W. E. Thomas, Chairman	Valdosta, Ga.
Hon. W. L. Converse, Secretary . .	Valdosta, Ga.
Hon. C. R. Ashley, Treasurer	Valdosta, Ga.

Hon. Henry R. Goetchius	Columbus, Ga.
Hon. J. E. Hayes	Montezuma, Ga.

Ex-Officio

Dr. D. C. Barrow	Athens, Ga.
Chancellor of the University of Georgia.	
Hon. M. L. Brittain	Atlanta, Ga.
State Superintendent of Schools.	

THE FACULTY

The President

RICHARD HOLMES POWELL

Mercer University, A. B. University of Colorado, A. M. University of Chicago, three years. Principal Tennesse, Ga., two years. Head of Department of English, New Mexico Normal School, five years. Associate Professor of English, Colorado State Normal School, three years. Head of Department of English, Georgia Normal and Industrial College, three and a half years. State Supervisor of Rural Schools for Georgia, two and one half years.

Department of Psychology, Pedagogy and History of Education.

JAMES FRANKLIN WOOD

Mercer University, A. B., 1902. University of Tennessee Summer terms 1906-7-8-10. University of Georgia, summer term, 1909. Teachers' College, Columbia University, 1912-1913, A. M. (Columbia University), and higher diploma in education (Teachers' College), 1913. Teachers' College summer, 1913. Teacher of Mathematics and Greek, Hiwassee High School, 1902-1904. Principal Chattahoochee High School, 1905-1906. Superintendent Lithonia, Georgia, 1906-1907. Superintendent Nashville, Georgia, 1907-1912.

Superintendent of the Training School and Director of Practice Teaching.

LILLIAN RULE

Student University of Tennessee. Teacher Public Schools, Knoxville, Tenn. Student Teachers' College, Columbia University. Critic Teacher, Speyer School, Teachers' College. Teacher Summer School of the South, Knoxville, Tenn. Supervisor Elementary Grades, Newman Manual Training School, New Orleans, La. Principal of the Training School and Assistant Normal Department, Georgia Normal and Industrial College.

Department of History and Latin.

WILLIAM JOSEPH BRADLEY

Mercer University, A. B., 1902. University of Chicago, 1904-1906, A. M., 1905. Columbia University, summer term, 1910. Principal of Secondary Schools four years. Professor of History and Political Science, North Georgia Agricultural College, 1907-1911. Head of Department of History and Social Sciences, Oklahoma Baptist University, 1911-1912.

Department of Home Economics.

ELSIE RUTHERFORD HORNE

Artist Artisan Institute, New York City, two years. Columbia University, B. S. Social Settlement work, New York City, one year. Teacher of Domestic Science in secondary schools, Plainfield, N. J., one year. Head of Department of Home Economics, Hackettstown, N. J., two years.

Assistant in Home Economics.

ANNIE GASSAWAY

Graduate, A. B., Domestic Arts, Winthrop Normal and Industrial College, 1914. Student, Teachers' College, Columbia University, New York City, Summer, 1914.

J. MARIE CRAIG

Teacher of Mathematics and Physical Science.

Graduate Winthrop Normal and Industrial College of S. C., A. B. Student Teacher Colleges, Columbia University, 1916-1917. Principal of High School, Albe-
marl, N. C. Teacher secondary schools of Georgia and North Carolina. Student of Princessin Arnulf School, Munich, Germany. National appointee to study industrial education in Germany.

Department of Art and Manual Training.

FRANCES RUTH CARPENTER

State Normal School, Athens, Ga., diploma. Teacher in Public Schools, Griffin, Ga., six years. Teachers' College, Columbia University, two years. Bachelor's Diploma and B. S. Teachers' College.

Department of English.

GERTRUDE GRAY HOLLIS

University of Georgia, Summer, 1908. University of Chicago, Summer, 1909. Student Teachers' College, Columbia University, 1913-1914. Teacher Brantley Institute, Senoia, Ga. High School, Forsyth, Ga. Teacher of English, Normal Department, Industrial Institute and College, Columbus, Miss. Supervisor of Schools, Monroe county, Georgia.

Librarian and Director of Poultry Husbandry.

HAZEL PHILBRICK

Graduate State Normal School, Athens, Ga., 1914. Student Summer School, University of Georgia, 1915.

Department of Music

MARY L. YOUNG

Graduate Waycross High School; student State Normal School and Summer School of the University of Georgia; student Brenau Conservatory of Music, summer session; student Musical Art Institute, Oklahoma City, Oklahoma, two years; student of voice and languages in private studios, five years. Taught in public schools of Georgia four years; choral director and private teacher of voice, Lawton, Oklahoma, two years.

Teacher of Piano.

GLADYS OUSLEY

Graduate Valdosta High School, 1909. Wesleyan Female College, A. B., 1913. Certificate, 1911, and Diploma in Piano-forte, 1913. Private instruction in piano under Eugene Heffley, New York City, 1914-1915.

Sub-Freshman Department and Geography.

JANIE PRICHARD DUGGAN

Bessie Tift College, A. B., 1908. Teachers' College, Columbia University, Summer, 1916. Teacher Glynn School, Brunswick, Ga., 1908-1913. Teacher, Clayton, Ga., 1913-1916.

Department of Physical Education

EDITH L. PRATZ

Teacher in N. Y. State Public Schools, two years. Stu-

dent Sargent School of Physical Education, Cambridge, Mass., 1914-16. Teacher Physical Education at Summer School, University of Georgia, Athens, 1916.

Training Teacher, Seventh Grade and Assistant Teacher of Education.

EMILY GOODLETT

Graduate of State Normal School, Jacksonville, Ala. Teacher, Training School of State Normal School, Jacksonville, Ala. Teacher, Public Schools, Anniston, Ala. Teacher, Training School of State Normal School, Livingston, Ala. Student Summer terms, University of Chicago, University of Tennessee, Teachers' College, Columbia University. Student, George Peabody College for Teachers, 1914-1915.

Training Teacher, Fourth and Fifth Grades.

MARY ALICE JONES

Graduate Georgia Normal and Industrial College, Milledgeville, Ga. Student, Summer Normal School, Knoxville, Tenn. Teacher in Public Schools, Madison, Ga.

Training Teacher, First, Second and Third Grades, and Associate Teacher of Education.

MYRLA MORRIS

Graduate Florence, Ala., State Normal. Post graduate, Florence State Normal. Knoxville Summer School. B. S. Columbia University. Diploma in Elementary Education, Teachers' College. Teacher of Primary Grades, Public Schools of Alabama. Supervisor of Primary Grades in Public Schools of Jacksonville, Fla.

Student Assistant Sub-Freshman Department.

MARGARET MAE SMITH

Graduate, Valdosta High School, Valdosta, Ga., 1913. Graduate, South Georgia State Normal College, Valdosta, Ga., 1916.

Student Assistant, Third Grade.

CHARLOTTE ELIZABETH JARRELL

Graduate of South Georgia State Normal College, Valdosta, Georgia, 1916.

Head of College Home.

ADA ROSE GALLAHER

State Normal School, Indiana, Pa., M. E. Student Cornell University. Teacher in Public Schools in Pennsylvania. Teachers' College, Columbia University, diploma for Elementary Supervision. Teacher in Insular Normal, Porto Rico. Visited schools in England and Scotland, 1909, as appointee of the National Civic Federation. Assistant Principal of the Ebensburg Elementary School, Pennsylvania.

Assistant Head of the Home.

MRS. BESSIE BRYANS

Matron, Dormitory Number Two.

MRS. W. P. YARBROUGH

Secretary and Bookkeeper.

WILLIAM PENN YARBROUGH

Assistant Secretary

MORGAN MAJETTE

TO FATHERS AND MOTHERS

The College selected for your daughter's higher education will be the chief influence in her life during a most important period. It is worth your time and careful study to select wisely.

This catalogue tries to tell simply and clearly what the South Georgia State Normal College is, and what it attempts to do. As far as possible it has refrained from technical language, and has employed the language of every day conversation. It is hoped that prospective patrons will find in it the information they desire, but should anyone wish further information, questions are always welcomed.

The College cordially invites you to come and see for yourself its plant, its equipment, its student life—everything about it.

A WORD TO SCHOOL OFFICIALS

It has all along been an earnest desire on the part of this institution to make the transition from the high school to the College as simple a matter as possible for students. At the meeting of the State Teacher's Association in 1916 the problem of making this adjustment was presented by the President of this institution and admirably discussed by Supt. J. H. Purks of Madison and Prof. H. B. Ritchie of the State Normal School. Since that discussion further light has been sought by the College through correspondence with various superintendents. The admission requirements, curricula, etc. outlined in the following pages are based squarely on the following principle, which has been worked out through these discussions:

In so far as the lower classes of the College can parallel the higher classes of the high schools and still carry out the purposes for which the College was chartered by the State, they will do so; and where classes are parallel in various subjects credits will be accepted unit for unit. Subjects not always offered by the high schools, but deemed necessary in the College will be given credit when offered, but will be "charged" as "conditions" when not offered.

The admission requirements indicated are believed to be just and liberal; they are hoped to be at least clear (which is perhaps no little virtue).

Students who do not offer regular high school credits will continue to be admitted by examination and on general evidences of scholarship and training, our aim always being to place such students where they can do their best work.

GENERAL OBSERVATIONS

In this institution utmost care is given to secure for each student the best conditions and results—

Physically,
Mentally,
Spiritually.

PHYSICALLY

All students are required to take regular physical training in classes for development of strength and health and for correction of physical defects. Students are given physical examinations from time to time by the director of the department of Physical Education, and where serious defects are detected the case is referred to the College physician for diagnosis, counsel or treatment as the case may require.

Health Precautions:

All dormitory windows and outer doors are screened. All rooms are properly ventilated, heated and lighted. Abundance of pure artesian water, hot and cold is provided.

Only government inspected milk and meats are used, and all foods are carefully chosen and prepared.

Only single beds are used in the dormitory.

All students are required to take open air exercise every day.

Everything is kept clean by scrubbing, washing, disinfecting, and by fumigating when needed.

Health Record:

There has been in the College only one case of contagious or infectious illness since the school began. There has been no typhoid or other such illness, and almost no serious illness of any kind. It is believed that no school anywhere ever enjoyed a better health record.

MENTALLY.

The courses of study are planned on the basis of culture and efficiency. The standard of work is high and jealously maintained.

SPIRITUALLY

The State institutions of a religious people are naturally religious institutions. While the College is entirely non-sectarian, a sincerely spiritual atmosphere is cultivated in all the relations of the institution. See the catalogue, page 16, and following.

Our standard of character is that of the highest Southern womanhood. The chief charm of the institution lies in the fact that the students consciously strive to reach that high ideal, and so constantly produce a happy, cheerful, cultured, "livable and lovable" atmosphere.

BUILDINGS AND EQUIPMENT

All buildings and equipment of the College are notably modern and well adapted to their purposes. Heretofore both dormitory and teaching rooms have been in the same building. There is now, though, in process of construction a magnificent administration building which not only will be beautiful and modern in every way, but is especially designed by able school architects for the work that is to be done in it. The present building will be converted entirely to dormitory. These two buildings, equipped as they are and will be with every modern convenience, will be the equal of any similar school buildings in the State. While the College is still lacking in room to provide for its remarkable growth, what accommodations it does have to offer its patrons are of the most approved type.

GENERAL REQUIREMENTS OF ADMISSION

To be admitted to the College a student must be a

young woman of good character, at least fifteen years of age*, and in reasonably good health. Her scholarship must be of sufficient grade to admit her to one of the regular classes of the institution. She should have been successfully vaccinated. (Should a student who has not been vaccinated enter, she will be vaccinated by the College physician; but it is in every way more convenient to have it done at home before coming.)

SCHOLARSHIP REQUIREMENTS FOR ADMISSION

STANDARDS OF MEASUREMENT

The work done by students in accredited high schools will be accepted as credit toward a diploma unit for unit, the unit being the standard "Carnegie" unit of five periods a week of at least forty minutes each throughout a year of nine months (or its equivalent). Two hours of laboratory work count as the equivalent of one of recitation.

In the College the unit is 4 periods a week of 60 minutes throughout nine months, laboratory periods counting 2 hours for 1.

ENTRANCE REQUIREMENTS.

For entrance to any class of the Professional Course a student must offer the credits indicated below:

Freshman, 8 units as follows:

English, 2; Algebra, $1\frac{1}{2}$; History, 2; and $2\frac{1}{2}$ units from the following subjects: Physical Geography, $\frac{1}{2}$ to 1; Elementary Science, $\frac{1}{2}$ to 2; Sewing, $\frac{1}{2}$; Cooking, $\frac{1}{2}$; a Modern Language, 1; Latin, 2.

Sophomore, 4 units above Freshman requirements, as follows:

* A student less than fifteen may be admitted to the sub-Freshman classes if she lives in the city or can board with responsible relatives or friends of the family, but cannot be taken to board in the dormitories of the College.

English, 1; Geometry, 1; History, 1; Physics, $\frac{1}{2}$; Sewing, $\frac{1}{2}$.

Junior, 4 units above Sophomore requirements, as follows:

English, 1; History, 1; Chemistry, $\frac{1}{2}$; Hygiene and Sanitation, $\frac{1}{2}$; Art, $\frac{1}{2}$; Domestic Science, $\frac{1}{2}$; Nature Study, $\frac{1}{2}$.

Entrance requirements for the Non-Professional course are the same as those above except that in classes higher than the Freshman, Latin, higher algebra, solid geometry and trigonometry may be offered.

No student will be admitted to any class with more conditions than two subjects running through the year or four running through a half year. (i. e. with more than two units of conditions.)

No student may take more than 20 hours a week of work requiring outside preparation.

No student will be admitted as a special student in any subject whose general scholarship does not fit her at least for the Freshman class.

SUB-FRESHMAN CLASSES

For the purpose of meeting the needs of a number of students, particularly from rural sections, who can not have the benefit of high school classes at home, and for the purpose of bridging the gap between the Training School and the College for those students who have come up through the Training School, there are organized two classes—Sub-Freshman A and Sub-Freshman B. These classes are in advancement Eighth and Ninth Grades. They are taught for the most part by the department plan, many of the College teachers taking part in the instruction.

Students of these classes who board in the dormitories will wear the regular uniform; those from the city will not wear the uniform.

It should be emphasized that these classes are strictly preparatory classes; and students cannot be admitted to them who do not desire to take the full course of study for the class entered. Irregular or "special" students can not be taken in these classes.

COURSE OF STUDY

SUB. B. (8th Grade)

Physical Training		

DEPARTMENTAL DIPLOMAS

All students are required to choose their electives along some definite line so as to become especially proficient in some field of endeavor; but if a student desires to prepare herself to teach some particular subject, such as Home Economics, Art, Physical Training, etc., it will be necessary for her to remain an additional year in college, and devote practically undivided time to that subject. To such students will be awarded in addition to the regular professional diploma a Departmental Diploma.

STATE CERTIFICATES

Under a recent ruling of the State Board of Education graduates of an "approved normal school of the State of Georgia" which offers courses of certain standards

and complies with certain regulations, "shall be eligible for":

1. The Professional Elementary Certificate.
2. The Professional Normal Secondary Certificate.

This college fulfills both requirements in its normal course, and its graduates receive both certificates.

These certificates are granted for three years and are renewable thereafter for an indefinite period of active service. These certificates are of equal rank with the first (highest) grade license for the Elementary schools and for High Schools.

NON-PROFESSIONAL COURSE

The Non-Professional course is a typical Junior College course. It is, as its name implies, non-professional in its nature. While for general culture it is an excellent course, graduates of this course do not meet the requirements for State teaching certificates and are not recommended for teaching positions.

SPECIAL TEACHER'S COURSES

It often happens that students cannot stay in college long enough to accomplish the full course leading to graduation, but desire to improve their fitness for teaching. For such students there are arranged special courses for a single year or even less. These courses follow the same general plan, but are modified to meet the particular needs of the individual student.

The Special Teacher's Courses include certain pedagogical studies, observation and practice teaching in the training school, and the academic subjects most useful to teachers in the public schools of the State. Students who take one of these courses and later desire to take the full course and receive the diploma, receive full credit for the work done.

In order to enter these courses students must have sufficient maturity to justify the belief that they will be able to teach at the end of the year's work and sufficient scholarship to enter at least the Freshman class.

FEES AND EXPENSES

The College is State supported; there is no tuition. Other fees, which are to defray necessary living expenses of students, are kept as low as possible while giving the high grade of service for which the institution stands.

FIXED FEES

The fixed fees of the College for a year are as follows:

Matriculation fee	\$10.00
Board in Dormitory	\$117.00
Laundry in Dormitory	\$18.00
Library fee—including the use of all text books (No books have to be bought by students)	\$5.00

LABORATORY FEES

(To pay for material used by students individually in certain courses, charged only to those taking the courses.)

Subject.	Amount per Term
Physics	\$1.00
Chemistry	\$1.25
Art	\$2.00
Cooking	\$2.00
Sewing*	\$1.25

FEE FOR NON-RESIDENT STUDENTS

Students not residents of Georgia are charged
an admission fee of

	\$50.00
--	---------

PERSONAL EXPENSES

The total cost of a student at college is largely determined by the amount the student spends on personal

* In sewing classes where garments are made student may pay for the material and own the garment or the College will pay for the material and keep the garment.

items, such as clothes, entertainments, social functions, etc. What these expenses amount to depends on the student, but also on the unwritten traditions of the College. These latter requirements are actually as binding on a young mind as any others. If it is "the correct thing" for a student to have new gowns for certain occasions, if it is "expected" that a student send flowers or candy to friends these expenses are as "necessary" as any others. The average young student would about as leave not be at all as not be "approved."

In this College extravagances are systematically discouraged. As the College requires a strictly regulated uniform (see special uniform bulletin), and as the College freely gives the benefit of its purchasing power to its students, the cost of clothing is for most students less here than at home, and all are equally well dressed. Expensive customs are not allowed to develop. When individuals show a tendency to spend too freely their parents are urged to withhold the funds.

Decent and proper economy is a fixed and all pervading principle of the institution. Altogether, it is believed by the management that in no other institution can a student get equal educational service at less total cost or better service at equal cost.

The total expense to most of our students for a year in College (including board, laundry, clothing, everything) is about \$200.00.

BUSINESS REGULATIONS

HOW TO PAY FEES

The College carries no open accounts. All fees are payable when due.

Fees may be paid by cash, check, or money-order. Checks should be made payable to the South Georgia State Normal College. Payments may be made by mail in advance, or in person by students when entering.

Laboratory fees are payable at the beginning of the

24 SOUTH GEORGIA STATE NORMAL COLLEGE.

term during which the course is taken.

Of the board and lodging fee \$26.00 (less the \$5.00 paid to reserve room) is payable on entrance; \$26.00, November first; \$26.00, January fifth; \$26.00, March first; \$13.00, May first.

Of the board and lodging fee no reduction will be made for an absence of less than one whole consecutive month.

ROOM RESERVATIONS

Owing to limited dormitory accommodations it is necessary to protect the institution by requiring that upon receipt of notice of acceptance of her application, a student forward at once \$5.00 as a "reservation fee." If this fee is received within a week after the acceptance of the application, a reservation will be made for the student in the dormitory. If the fee is not received another student will be given the place. This fee will be deducted from the first payment of \$26.00 board when the student enters at the opening of the term.

A student who fails to call for her room during the first week of school will forfeit the room and it may be given to a student on the waiting list.

ROOM ASSIGNMENTS

Places in the dormitory will be assigned during the latter part of June. Any places not then reserved will be assigned to others as indicated above. Applications will be filed in the order of their receipt; and other things being equal, places will be awarded in this order. But preference must be given to students who have already been faithful students of the College, to more mature students, and those best fitted to pursue the work of the institution.

WHAT A STUDENT SHOULD BRING WITH HER

Each student should bring with her the following articles: Sheets, a blanket, a pillow, pillow cases, a bed

spread, towels, napkins, a knife, fork and teaspoon, a coat hanger and skirt hanger, and such other articles of personal use as she may need.

Each student should also have for the protection of her health and comfort, a good umbrella, overshoes, and a warm cloak or raincoat.

The teaspoon, knife and fork should be of solid silver or good plated ware, and should have the student's initial engraved upon them. Tinned or nickel tableware cannot be accepted.
