Chancellor Harmon W. Caldwell
Regents of the University System of Georgia
20 Ivy Street, S. E.
Atlanta 3, Georgia

Dear Chancellor Caldwell:

Accompanying this letter is the Annual Report of the Valdosta State College for the year ending June 30, 1951. I am including this year, also, the Financial Report of Mr. J. R. Dusenbury, Comptroller.

I feel that we had a very successful year at the College. In any case, we are trying to render the service to this section of Georgia that we feel the Regents would like us to make available to it.

Very truly yours,

J. Ralph Thaxton
President

ANNUAL REPORT
of the
VALDOSTA STATE COLLEGE
For the Year Ending
June 30, 1951

The school year 1950-51 saw several changes in the faculty at Valdosta State College. There came to the faculty at the beginning of the year Professor LeRoy Babcock, as Associate Professor and Acting Head of the Department of Mathematics and Physics. Mr. Babcock holds the Bachelor's Degree from the State Normal University, Carbondale, Illinois, and the Master of Science Degree from the University of Illinois. He came to us very highly recommended after serving on the staff at the University of Richmond and, more recently, at Florida State University. Mr. Babcock has had additional work toward the Doctor's Degree and will continue working toward this Degree next summer. Mr. Babcock has proven to be one of the outstanding members of our faculty. He is thoroughly trained in Physics and Mathematics and is one of the most capable teachers that we have on the staff. He is very highly esteemed by his colleagues on the faculty and by the students with whom he has come in contact during the year. We also added to the staff this year Mr. James E. Spear, as Assistant Professor of History and Economics. Mr. Spear holds the Bachelor's Degree from the University of Pittsburgh and the Master's Degree from Alabama Polytechnic Institute. He has had an additional year of graduate work toward his Doctorate at the University of Pittsburgh. He came to us very highly recommended by both the University of Pittsburgh and the Alabama Polytechnic Institute, where he had been on the teaching staff.

An unprecedented demand in the field of Accounting forced us to add a temporary instructor in this field for the Winter and Spring Quarters only. We were very fortunate to obtain the services of Mr. Luther M. Cole, Jr., Professional Accountant here in Valdosta, who holds the B.B.A. Degree from Emory University. Mr. Cole was a very satisfactory teacher in the Accounting classes that he taught during the Winter and Spring Quarters. Mr. Shealy McCoy, the incoming Comptroller at the College, will also serve as an instructor in Accounting and will carry the Accounting courses during the next school year. Thus, we will be relieved of employing temporary personnel for this subject.

Since the College has become co-educational, it was necessary to add someone to handle physical education for the freshmen and sophomore men. As a full-time person was not needed in this field, Mr. Walter Cottingham, who is the Physical Education Director at Emory Junior College, was employed for one-third time as Instructor in Physical Education for men. Mr. Cottingham's Bachelor's Degree was earned at Emory University, and he holds the Master's Degree in Physical Education from the University of North Carolina. This arrangement has worked out quite satisfactorily to provide the necessary courses in Physical Education for the freshman and sophomore men. As our male enrollment grows in the freshman and sophomore level, it will be necessary that we add, before too long, a full-time person as Physical Education Director for men.

An overflow in Speech during the Winter Quarter necessitated the employment of a temporary instructor for one quarter in this subject. This overflow was due to the fact that the offerings in Speech were curtailed the previous year, and a double load of required courses in Speech came during the Winter Quarter. Mrs. Vernon McRae, Jr., formerly a member of the staff, was added as an Instructor in Speech for this emergency load.

Miss Jewell Durrence came to us during the year as Consultant in Elementary Education. Miss Durrence holds the A.B. and M.S. Degrees from the University of Georgia and has been an excellent addition to the staff. We have been very fortunate in the arrangement for having Miss Durrence with us. She serves as a full-time member of our staff in the Department of Education, directs the practice teaching and serves as consultant in education for the schools in the area who need expert assistance. Miss Durrence's salary for last year was paid by the State Department of Education, and the same arrangement will continue for the next year. There has been great need for this service in this section of the State, and such service has not been available. The State Department of Education, through Mr. L. M. Lester, was so interested in providing this service that they have cooperated with us to the extent of paying Miss Durrence's salary for the two years.

During the past year, Mr. William M. Gabard, Assistant Professor of History and Director of Publicity, has been on leave of absence without pay. He has been studying at Northwestern University during the past school year and at Peabody College during the summer, taking work leading to the Ph.D. Degree.

Dr. Sapelo Treanor, Professor of Modern Languages at the College here, went on leave at the beginning of the Spring Quarter and has been studying and doing research in Europe during the Spring and Summer. She will return to her teaching here in September.

During the summer of 1950, Mr. J. C. Logan, Associate Professor of Music, attended Summer School at the University of Georgia and completed the work for the M.F.A. Degree. Miss Sarah Parks Woods, Assistant Professor of Home Economics, also attended Summer School at the University of Georgia and received the M.S.H.E. Degree. Mr. R. E. Moseley, Assistant Professor of Mathematics and Physics, attended Graduate School at Peabody College and completed the residence work for the Ph.D. Degree. Mr. Moseley reports to me now that his Doctor's dissertation has just been accepted by his major professor and that his Ph.D. Degree should be awarded at the next convocation in June. Miss Marjorie Carter, Associate Professor of Biology, attended the University of Virginia and did work leading toward the Doctorate. She is again in residence at the University of Virginia this summer and should complete the work on her dissertation. Mr. Joseph W. Pumber, Assistant Professor of Art, attended the Hans Hofmann School of Fine Arts in Provincetown, Massachusetts, during the summer of 1950 and is again attending that institution during the summer of 1951.

As you know, the Valdosta State College is an undergraduate institution primarily interested in teaching. Consequently, there is not much opportunity for research. Dr. Sapelo Treanor, however, during her leave, which began in the spring of this year, has been doing research on

a mediaeval pharmacopoeia. Dr. Treanor edited a portion of this mediaeval, scientific document for her Doctor's dissertation and is preparing the remainder of the manuscript so that she may publish the entire document in the near future. Dr. Treanor also published an article in the Georgia Review. Mrs. Gertrude G. Odum has also published an article this year in the Georgia Review. Mrs. Phyllis Valente, Assistant Professor of Physical Education is working on the manuscript for a book on the Dance.

Mr. J. R. Dusenbury, who has served as Treasurer and Comptroller of the College for the past 22 years, reached retirement age during the current school year and became Comptroller Emeritus, as of July 1, 1951. Mr. Dusenbury has been a valuable employee of the College, and much of the success of the institution for the past 20 years has been due to his efforts. Mr. Dusenbury is a man of fine character and high ideals and was highly esteemed by the faculty and the students. He will be greatly missed by us all. He and his family have moved back to South Carolina to Mr. Dusenbury's old home. The Board of Regents has designated Mr. Shealy McCoy, formerly Treasurer and Comptroller of South Georgia College, as Mr. Dusenbury's successor. Mr. McCoy holds the B.B.A. and the L.L.B. Degrees and has been in the University System for a number of years. He will be a very competent successor to Mr. Dusenbury.

There was one death in the College family during the year just closing. Mr. George B. Moore, Assistant Treasurer of the College, died of a heart attack on June 18. Mr. Moore had been a member of our staff for three years and was a very valued employee of the College. Mrs. Julia Morgan, who has served as Secretary to the President for the past

three years, was transferred to the Business Office as Assistant Treasurer to succeed Mr. Moore. Mrs. Morgan was formerly in the Business Office and the Director's Office of the Savannah Division of the University of Georgia and has had a great deal of experience in the type of work she will have to do in the Business Office here at the College.

During the regular session, 27 full-time teachers, or the equivalent thereof, were engaged in teaching. During the summer session, there were 13 faculty members doing full-time teaching. This does not include Miss Lillian Patterson, Librarian, and Miss Thera Hambrick, Assistant Librarian, who were working full time.

The following chart will show the faculty teaching load for each faculty member during the Fall, Winter and Spring Quarters of the school year:

* Miss Elizabeth Fink, who served as Director of Publicity in the absence of Mr. Cabard who was on leave, taught one overflow section of Freshman English in the Fall Quarter.

** The President of the College also taught classes in each of the three quarters.

During the past school year, we had on our staff five full professors, and the average salary for these full professors was \$4,880.00 for the nine months school term. There were 13 Associate Professors with an average salary of \$3,608.33. There were seven Assistant Professors with an average salary of \$3,250.00. There were five Instructors on the staff. All of these Instructors were carrying part-time loads or were for one or two quarters only. Hence, it is not possible to run an average of their salaries.

The faculty of Valdosta State College has done an excellent job of teaching during the year. I do not believe that there is any faculty in any unit of the University System that is better prepared for their work than are the members of our faculty. With one possible exception, all of our faculty members take a very great interest in the students and are always available for counseling with the students. As far as I know, we do not have any factions in the faculty, and there is complete harmony between the teaching staff and the administrative staff at the College. I am extremely well satisfied with the work that our faculty has done during the year.

All of these Instructors were carrying part-time loads or were for one or two quarters only. Hence, it is not possible to run an average of their salaries.

The faculty of Valdosta State College has done an excellent job of teaching during the year. I do not believe that there is any faculty in any unit of the University System that is better prepared for their work than are the members of our faculty. With one possible exception, all of our faculty members take a very great interest in the students and are always available for counseling with the students. As far as I know, we do not have any factions in the faculty, and there is complete harmony between the teaching staff and the administrative staff at the College. I am extremely well satisfied with the work that our faculty has done during the year.

LIBRARY

The Library here at the Valdosta State College is one of the most valuable assets that we have. The Librarian cooperates with the faculty in making the Library available for student and faculty use. The report of the Librarian, which follows, will, I believe, give you a complete picture of that unit of the College.

During the past school year, we had on our staff five full professors, and the average salary for these full professors was \$4,880.00 for the nine months school term. There were 13 Associate Professors with an average salary of \$3,608.33. There were seven Assistant Professors with an average salary of \$3,250.00. There were five Instructors on the staff. All of these Instructors were carrying part-time loads or were for one or two quarters only. Hence, it is not possible to run an average of their salaries.

There were 13 Associate Professors with an average salary of \$3,608.33. There were seven Assistant Professors with an average salary of \$3,250.00. There were five Instructors on the staff. All of these Instructors were carrying part-time loads or were for one or two quarters only. Hence, it is not possible to run an average of their salaries.

The faculty of Valdosta State College has done an excellent job of teaching during the year. I do not believe that there is any faculty in any unit of the University System that is better prepared for their work than are the members of our faculty. With one possible exception, all of our faculty members take a very great interest in the students and are always available for counseling with the students. As far as I know, we do not have any factions in the faculty, and there is complete harmony between the teaching staff and the administrative staff at the College. I am extremely well satisfied with the work that our faculty has done during the year.

LIBRARY

The Library here at the Valdosta State College is one of the most valuable assets that we have. The Librarian cooperates with the faculty in making the Library available for student and faculty use. The report of the Librarian, which follows, will, I believe, give you a complete picture of that unit of the College.

During the past school year, we had on our staff five full professors, and the average salary for these full professors was \$4,880.00 for the nine months school term. There were 13 Associate Professors with an average salary of \$3,608.33. There were seven Assistant Professors with an average salary of \$3,250.00. There were five Instructors on the staff.
