Freshman Week Is Complete With Curriculum Courses

ENTERTAINMENTS TO INCLUDE KID PARTY AND MOVIE

Freshman Week opened here Tuesday, September 15th, and extended through Saturday, September 19th.

The objective of the course was to initiate the new class to college life and college curriculum.

Several upperclassmen returned to act as hostesses during Freshman Week. They entertained the new students on Wednesday night in the gym. Anna Richter, Savannah, Kathryn Wilson, Waycross, Lerah Sutton, Axon and Virginia Giddens, Albany, put on a program of songs and readings.

On Thursday afternoon members of the Y. W. C. A. served punch on Ashby Terrace and Thursday evening held the opening vesper program for the year. Eloise Ogletree of Savannah, president of the "Y", welcomed the freshmen into the organization and Miss Annie P. Hopper, dean of women, extended friendly greetings to the new girls.

The management of the Ritz Theatre invited the freshmen to be its guests on Friday evening at the showing of "Mary of Scotland."

One of the merriest affairs of the week was the kid party given by the Y. W. C. A. on Saturday evening in the gym. After much debating the kid prize was awarded to Billy Spivey, of Talbotton. Margaret Neal, of Atlanta, was the master of ceremonies and Gerry Butler, of Donaldsonville, Nell Polk, of Fitzgerald, Marie Porter, of Vienna, and Beth Spivey, of Talbotton, Flo Casey, of Kingsland, Ruth Elliott, of Com-

Ten New Courses Added to Curriculum

ADDITIONS MAKE A MAJOR IN SOCIOLOGY POSSIBLE

Not to be left out of the excitement of new dormitories, new rustic furniture, and new tennis courts, the faculty presents ten new courses to be added to the curriculum this year and four others to be offered next year.

With the addition of a study of the social theories underlying the modern community movement and a course in the consideration of social forces and organizations affecting the welfare of rural peoples and communities, it is now possible to take a major in sociology.

Four social science courses to be added next year in connection with this project are: a general course in the field of social work, a study of the problems of child welfare, social legislation and theories of social reform, and an introduction to social case work.

Also in the division of social sciences new courses are available in international relations, the psychology of adolescence, and the history of philosophy.

In the field of the humanities, two courses in intermediate Spanish, and a study of the works of Chaucer in modern English for their literary importance.

General bacteriology will be the new offering of the biology department; and the contribution of the physical education department is the offer of horse-back-riding to upper classmen for credit.

Chappie Bragg Is Elected President of Sock and Buskin

Miss Lillian Bragg, of Savannah, was elected 1936-37 president of the Sock and Buskin Club at a call meeting on Saturday. Miss Bragg has been an active member of the club for three years. She was cast as the Prince in the Club's production of *The Swan* and also had a role in *Nine to Six*.

During her years on the campus Miss Bragg has held the offices of Secretary-Treasurer of the Fine Arts Club, associate editor of the *Pine Branch*, and at the end of last year she was elected vice-president of the Phi Kappa Athletic Club.

Guitars, Athletics and Dramatics are Mediums of Freshman Talents

BY C. J. MORRIS

When Lotta Mayberry, Branch Ellis, and a guitar get together, sweet music is sure to reach the ears of their listeners. They contributed definitely to the pleasure of their audience during the freshman performance of Freshman Week.

All of which starts us on our conclusion that the freshman of the 1936-37 class are talented. This fact was proved conclusively through a survey made among the members of the largest class in school.

Carolyn Kay's ability as a pianist has brought to her the acclaim of classmates and upperclassmen, but the fact that she was sports editor on the Moultrie High paper is little known. Athletics is the most widely represented interest in the class. From Homerville High School comes Verna Poppel and Mary Lillian Spells, both outstanding basket

ball players. Beth Spivey of Talbotton won letters for basket ball. Dorothy Cowart of Donaldsonville and Mildred Boyett of Georgetown were also outstanding in that same sport. Louise Conner of Douglas has the double distinction of having played guard on the Half-district Champion Basket Ball team, and of having won first place in the Macon County Dramatic meet.

Mildred Wilson of Waycross received the award for Dramatics from her high school, and Montine Cowart, also of Waycross, was outstanding in dramatics. Doris Harper and Nell Zipperer of Valdosta are notable in the field of expression; Doris competed in the District Meet in expression, and Nell took first place in a district literary competition. She was graduated from Blackshear High School.

THE FRESHMEN ARE HERE

Came the new freshman class:

More important to us than the new tennis courts, rustic furniture, or dormitory are these students—coming up from their ABC's; going up for their AB's.

This new class of 1936-37 has been welcomed and advised by every prospective friend or enemy on the campus. They have been coached on every subject from the use of soap to the selection of boy friends.

The Canopy does not assume the role of Mother Advisor. But we would like to emphasize the place, and the importance of the place, the freshmen have in the social and intellectual life of the campus.

The freshman class constitutes over one-third of the college enrollment. Will they contribute one-third toward the progress of the college? That depends on how seriously they enter into the campus life. Not studying, not athletics, not dramatics;—rather studying and athletics and dramatics.

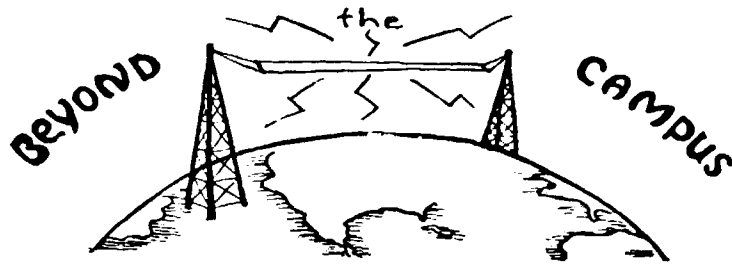

It is our hope that the freshmen will enter campus activities and work with the old students—that they should feel the responsibilities of this year and years to come.

The responsibility accepted would mean—

Stayed the new freshman class.

STUDENT BODY ENTERTAINS AT TEA

The Student Government Association sponsored a tea Sunday afternoon in the Rotunda for the students and the guests on campus. Music was played by Carolyn Askew throughout the afternoon.

BY ELIZABETH GREEN

In addition to defaulting her payments on her war debts to the United States, Great Britain adds insult to injury in the form of Lloyd George's scathing criticism of Gen. John J. Pershing and the whole American World War machine in his recently published memoirs. Britain's wartime leader says Pershing feared the British and French meant to rob him of his army. He also speaks of "American indecision and bustling incompetency."

Speaking of war—the current war in Spain has proved that civilization, long called a veneer on man's savage nature, is as equally true on woman's savage nature.

At Bilboa, Spain, some fifty women invaded a boat coming into harbor, tortured, killed, and dumped more than two hundred women and priests overboard. Of course, they earned a name for themselves—the Red Carmens.

Funny world! Kansans are hauling water while hundreds flee Texas floods.

Every man has a right to his own opinion, but he's got to be careful how he expresses it.

Here's gall! Italy wants her war debt to Uncle Sam revised and would like to secure another loan.

If the barber who shaves General Hsi Shan ever makes a slip there will be one less barber as well as one less general in China. Four of the general's bodyguards point cocked pistols at the barber's head while he shaves the jittery general.

Cinema Cynic

BY PRISCILLA KELLEY

Jimmie Cagney is fathering a unique idea somewhat apart from his cinema endeavors. With such stalwarts as Robert Montgomery, Pat O'Brien, and William Gargan, he plans to buy a play suitable for all. Then they will take it on the road for two or three months of one-night stands, catering only to provincial towns and leaving the so-called twenty-seven key cities alone. While their pay will not equal that received in Hollywood, they believe the pleasure of the venture will justify it.

Protests from women's clubs and temperance bodies have been so strong against still pictures used for publicity in magazines and theatre lobbies which show drinking scenes that a ban has been placed on this type of pictures.

Lion of Judah scores one! The League of Nations was forced by pressure of the small nation members to seat the representatives of Ethiopia. Italy threatened to withdraw if this occurred, and so has been sulking like a peeved child.

All England is worried. Her king is frankly in love—with the wrong woman! After causing the hearts of European royalty to flutter for lo, these many years, it seems he has given his heart to an American woman—a married woman—a commoner. What England fears most is that the husband of the king's favorite will bring suit for divorce, naming His Majesty as a correspondent.

The world's first air passengers were a sheep, a cock, and a duck! Joseph Mantgolfier, 43, and his brother Etienne, 38, built a balloon of water-proof linen, 46 feet in diameter, and let it fill with smoke from straw and shavings burning in a pan beneath the envelope. It stayed up 8 minutes, rose 1,400 feet and drifted 2 miles.

The American charge d'affaires is the only person in Moscow permitted to display an American flag. American correspondents and others who display small flags on their car fenders were given final orders today to take them off, officials explaining that it was illegal for any foreigner, except the diplomatic mission head, to enjoy such a privilege. Authorities explained that such a display of the Stars and Stripes might give non-diplomats privileges to which they were not entitled.

Hollywood has long used stand-ins, but here is the first instance of a voice stand-in. When Lily Pons found the constant testing which is necessary for good recording arduous, R. K. O. engaged Armanda Chirat whose operatic voice is of the identical range and pitch with that of the star. Miss Chirat sings all the numbers for the sound men, they adjust their instruments, and then Lily Pons does the actual recording.

Must-See Picture: My Man Godfrey—a completely daffy comedy based on the Eric Hatch novel, dealing with the lunatic Bullocks and Godfrey, the forgotten man, who became their butler and incidentally, their son-in-law. With William Powell, Carole Lombard, Alice Brady.

Out With the Old - In With the New

This seems to be a year of casting the-old-and-in-with-the-new—a definite shedding of dead leaves and budding of fresh branches.

Last year the entire student body was conscious of the need for a new dormitory. Result—the campus became dormitory conscious and now we can watch the new building going up.

Other just as urgent, but less obvious needs however, still exist for us to work on, work for, and eventually have.

Take our student government handbook for instance. It is a crying need for revision. Many of the old regulations are obsolete, many of the new regulations are not sufficiently covered.

These out-dated rules have served their purpose. Now they are ready to be cast off. It is a certainty that not one of us would carefully give out a handbook of 1930 fashion notes and expect the student to abide by them! Are our daily lives as important as our clothes?

In our handbook we have what we call a "point system." According to this plan a student may hold only 10 leadership points—which means that each student may hold only one important office.

Could this lead to calamity? Consider the leadership of the school placed in well meaning, but inefficient hands!

It could lead to calamity.

BY GEM

Please consider this word picture. A mocking bird is singing high in a camphor tree on the G. S. W. C. campus. Notice the white stucco and red tile roof, Spanish style, also the pine tree and wide expanse of southern sky.

A Freshman is standing under the tree. She is neatly dressed, typical of a Freshie. She looks a little wild, no, inexperienced. She paused on her way to listen to the bird sing. Freshmen always have something to do.

She is loved by everyone. Upper classmen love her because she is their little sister. The faculty and administrator love her because she can be influenced and needs the help of the Dean in all kinds of interesting trouble. Freshmen in trouble can always say they did not know any better. Valdosta people love Freshmen. They know that Freshmen are missing their homes and offer their homes. They like new girls and new faces. If old girls would change their style every year, they would make more of a hit with Valdosta people.

This Freshman is in a place of southern culture. G. S. W. C. is in South Georgia, which because of the agricultural background has retained more of the plantation culture than North Georgia or Florida. This is a good place to keep it, too, with lazy rivers, mossy trees, and not such a rushing people.

Besides having everything now, this Freshman has a glorious future. She is a privileged character.

**Decision of Character is
Miss Richter's Subject
For Vespers Talk**

"A man without decision of character can never be said to belong to himself." This statement was made by Anna Richter at the vesper program on Sunday evening. She stated further how wonderful it is that even the casualties of life seem to bow to a spirit that will not bow to them.

The talk by Miss Richter initiated a series of talks on decision of character which will be presented at the vesper services for several weeks.

The subject "Decision of Character" can be correlated with the theme which has been chosen for the year—"Dynamic Living." As Miss Richter explained, no life is dynamic unless it has a clear-cut aim or goal, as well as a means of obtaining them. She concluded that it took decision of character to set a goal and decision of character to realize that goal.

The program for the Thursday evening vesper service will be based on the value of one's confidence in his own judgment.

Down in the park there are benches in the amphitheatre.

Benches, swings, and chairs have been placed all around the campus.

During the summer two new tennis courts were built, making seven courts now ready for use. Two of these are reserved for the use of the faculty members and the alumnae. The others are for the students.

Mrs. Frank Reade and Miss Marjorie Carter will be the instructors in horseback-riding, the former extra-curricular sport which is being offered this year to upperclassmen as an accredited course in the Physical Education department.

**Jack McMichael Is
Speaker at Vespers**

Jack McMichael of Quitman was the speaker for the Vesper Program Sunday evening, September 20. Mr. McMichael is a senior at Emory University, and a member of the S. A. E. fraternity. He is known throughout the South for his work in the Y. M. C. A.

He talked on the things a student may do in college. The fact was emphasized that it is possible for a student to become so involved in his studies that he fails to keep up with the events happening in the world about him.

His talk was very fitting to the introduction of the Freshmen to college life. The Y. W. C. A. plans to have Mr. McMichael return later in the year.

**Recreation Room
For Converse Hall**

Converse Hall is making plans for a recreation room to be supported by funds from the Y. W. C. A. and contributions from the dormitory girls.

The room will be attractively painted and furnished with card tables, games, and magazines. Miss Callaway will direct the decorations.

One part of the room will be devoted to a kitchenette where the girls may cook candy, toast, sandwiches, and make cocoa.

CLUB NEWS

The new members of the International Relations Club will be welcomed at the first meeting October 6 at the Fireplace. "I am looking forward to an exceptionally good year," says Laura McLeod, president of the club. "Though the group will be smaller than usual, we will accomplish a great deal with the cooperation of all." Current event topics, including world and national affairs, comprise the programs. Two scholarships are offered to Senior History majors.

The Fine Arts Club plans a varied program for the coming year. Anne Turner, president of the club, includes in the events exhibits from New York and Atlanta art galleries, an exhibit of soap carvings, the Christmas Bazaar, the annual trip to places of artistic interest, and several teas and tea dances. Tryouts for the club will be held next week in the art studio.

Tryouts for the Philharmonic Club will be the latter part of this week. Edith Bennett, president, plans for the meetings this year to include a musical program and the study of outstanding characters in the musical world.

The English Club has as its program plan reviews of current best-sellers. The club hopes to bring to the campus, as it has done in the past, several famous personalities during the year. Awards for outstanding journalistic achievement on the Campus Canopy are presented at an annual luncheon in the spring quarter.

Making the French classroom more attractive is to be one of the aims of the French Club for this year, as announced by Permelia Olliff, president. Several French plays are given during the year. Bids to new members will be issued sometime in October.

At the meeting Monday of the Valdosta Club, bids were issued to graduates of the Valdosta High School, President Martha Jennings reports.

Two rooms of the new dormitory will be for the use of the visiting members of the Alumnae Association, Mrs. Durrenberger, president, announces. The association has as its purpose keeping a close feeling between students and former students. An annual luncheon is given graduates at Commencement as a welcome to the association.

FACULTY HOLDS ANNUAL RECEPTION

The annual Faculty Reception will be held in the Rotunda of Ashley Hall on Saturday evening at eight o'clock.

The faculty will be grouped according to departments and there will be six students to receive the guests and introduce them to the faculty members. They are: Misses Eloise Ogletree, Emma Ambos, Priscella Kelley, Frances Carson, Ruth Bunn and Virginia Zippies.

Miss Alexa Daley will preside at the punch bowl. Assisting in serving will be Misses Chappie Bragg, Josephine Joubert, Annette Phillips, Mary Hargraves, and Estelle Ricks.

A number of young men have been invited for dancing later in the evening.
