

THE CAMPUS CANOPY

VOLUME III

THE GEORGIA STATE WOMANS COLLEGE, VALDOSTA, GA., OCTOBER 16, 1936

NUMBER 3

SENIOR CLASS ELECTS GREEN

JACKSONVILLE GIRL
WILL EDIT ANNUAL

Plans For Pine Cone Include Immediate
Organization of Staff

Miss Elizabeth Green, of Jacksonville, Florida, was elected editor-in-chief of the 1936-37 Pine Cone, the college annual, at a senior class meeting on October 12. Other nominations for the position were Anne Turner and Mary Askew.

Miss Green has previously worked on the staff of the Campus Canopy as News Editor, Assistant Editor and is the retiring Business Manager. In February, 1936, she was a delegate to the Georgia Press Association in Athens and in May, 1936, to the Georgia Collegiate Press Association meeting in Atlanta.

She is also president of the Math-Science Club for this year.

Miss Green states that she has been unable as yet to make any plans concerning the annual or for the supporting staff, but that the staff will be announced this week and work on the year-book will begin at once.

Katherine Moore Fills Vacancy On Canopy

FORMER SPORTS EDITOR
BECOMES BUSINESS MANAGER

The editor of the Campus Canopy announces that Katherine Moore of Moultrie has been selected business manager to take the place of Elizabeth Green who has been elected editor-in-chief of the Pine Cone.

Miss Moore was a reporter on the Canopy last year; she was formerly sports editor. She is a member of the English Club and the Phi Kappa Athletic Association. Miss Moore has recently been appointed chairman of the Sunday Afternoon forum to be sponsored by the English Club.

HAT DAY

Hat hunting will start on the nineteenth with all the pep, vim and vigor that is pent up in the freshman class.

The hat will be hidden by the Sophomore class president somewhere on the campus, and whether it will be found before the contest closes on February 19 depends on the effectiveness of the freshman pokey-noes.

Askew and Jennings Are the Representatives On Honor Council

Miss Mary Askew of Arlington has been elected dormitory representative to act on the Student-Faculty Honor Council. Miss Askew, who has been on the Y. W. C. A. Cabinet for the past two years, is also prominent in other campus activities. She has been President of the Fine Arts and is a member of the English Club and of the Phi Lambda Athletic Association.

Miss Martha Jennings was recently chosen as the town student representative on the council. Miss Jennings is President of the Valdosta Club and a member of the Sock and Buskin Club. She also served as President of the French Club last year.

The council which is a part of the Student Government, is composed of three faculty members, a dormitory student, a Valdosta student, the president of the Student Government Association and the president of the Y. W. C. A.

Miss Annie P. Hopper, Dean of Women, Miss Marjorie Carter, Assistant Dean of Women and Dr. J. A. Durrenburger, Professor of Social Sciences, constitute the faculty members who are serving this year on the council.

Miss Emma Ambos of Savannah is S. G. A. President and Miss Eloise Ogletree of Savannah is Y. W. C. A. President.

Emory Jr. Presents Its Annual Play in November

SIX MEMBERS OF SOCK AND
BUSKIN ARE CAST IN DRAMA

"A Scrap of Paper," a modern drama by J. Palgrave Simpson, directed by Dr. Sanders, will be presented by the Emory Junior College, November 6. Part of the cast includes six G. S. W. C. girls, and the balance is made up of members of the Emory Junior Dramatic Club. The principal parts are played by Ethel Stallings and Mac Burns. The supporting roles are taken by: Catherine Wilson, Anna Richter, Lylburn Warren, Beverly Dougherty, Theresa Graham, Albert Hall, Charles Stebbins, Odis Kendrick, Pinky Glausier and Hugh Richards.

The plot deals with an elusive note, penned years before the action of the piece takes place. And with the complicated love affairs of a man of the world.

George Jennings, as stage manager, assisted by William MacDonald and Leon Clarke, and Neil Scott as house manager, are cooperating fully with Dr. Sanders in this production.

This is the second year that the Sock and Buskin Club has cooperated with the Emory Junior Dramatic Club in its production. In 1935 four college girls were cast in Sheridans "The Rivals."

Dr. Sanders, who is directing the play, reports that rehearsals give promise of a successful production.

Are You Chewing Gum with the Best of Them This Week End?

BY LOUISE BELL

Going home—home going. Well, it all means the same, just so you get there—or rather that seems to be the consensus of opinion. But what is going to happen when once there? Be still, my dears, here's what the others will be doing.

It all ranges from trying to find a place to sleep after arriving at home to chewing gum, so take your choice. Mary Hudson wrote home that she would be there on the sixteenth. All the relatives heard of it, and they, desiring to see her also, boarded the first train to Whigham for the week-end too. Now poor Mary can't go home, as there'll be no place for her to sleep. A sad, sad story. Maybe the other college girls had better try slipping up on the family.

C. J. Morris said that if any one would get an airplane ticket she would go home. Really C. J.? Perhaps a collection will be rounded up for the little

matter.

Eileen Hyland is going to stay right here and eat that big box of chocolates. You'd better not tell that around, Eileen!

Then there's always a "light-of-your-life" at home, at least, there is for Melba Slade. That goes for a number of the others too.

Laura Duncan says that she's going to ride her horse first, second, and last. But Mary Virginia Williams is going to visit the old haunts that carry with them all the memories of a grand summer. Then Vista Maloney while rolling her big brown eyes around said, "If I motor up this way, I might take some of you who didn't go home to ride with me." Eloise Ogletree is going to Atlanta, but she was in such a hurry that it was impossible to discover why.

Your reporter was left standing in the midst of it all—we're doing things this week too, hut, being gold diggers, are waiting for you to offer us a penny for our thoughts!

"OFF WITH A BANG" IS CLUB REPORT

MUCH ACTIVITY IS SHOWN

New Officers and Members Figure In
Progress of Organizations

Delicious food aromas coming from the House-in-the-Woods, rallies at the fireplace, faint speeches reaching far away ears—it's just that the campus has gone "clubbing" this week. In fact the organizations all report a wealth of improvement, and improvements, from new officers to better refreshments.

Bids were extended to pledges of the Athletic Association at a party held in the gymnasium last Saturday afternoon. Both old and new members joined in the games and great interest was shown in the distribution of the bids. The new pledges who number over one hundred have entered wholeheartedly with the upper-classmen in practicing basket-ball, fist ball, archery and other individualized sports. Basket-ball is being coached by Anna Richter, Lambda, and Mary Hudson, Kappa. Coaching fist-ball are Martha Gay, Kappa, and Sara Ellen Morgan, Lambda. Archery instruction is supervised by Lorene Johnson and Lois Hafford, Kappa and Lambda respectively.

The Philharmonic Club held its first meeting of the year on October 6. An interesting program was presented, in which Mary Winn Greer, Dorothy Ford, Sara Martha Pyle, Beverly Dougherty, Laura Mae Shinkle, and Annette Phillips took part. After the musical program the constitution of the club was read and new members were welcomed. The pledges include: Elise O'Neal, Billie Patten, Barbara Harris, Madeline Douglas, Margaret Carter, Helen Duncan, Eleanor Morgan, Leran Sutton, Sue Nell Greenlee, and Rosalind Taylor. After the program, a short social hour was enjoyed.

(Continued on Page Four)

Round Robin Tennis Tournament

Out with your rackets! On with your shorts!

The Athletic Club is sponsoring a round robin tennis tournament to begin the first of next week. It will not be restricted to members of the Athletic Club, but will be open to any one who wishes to enter. If you're the champion here's your chance to win from every other contestant!

OPEN FORUM ON CURRENT LITERATURE

Have you read the newest play? Do you know what America's best selling novel of today is? What magazine has the largest circulation? Which carries the newest fashion notes?

Would you like to hear a discussion of these things? The English Club has plans which include sponsoring an Open Forum for current literature. It is going to be a marvelous place to find that the girl next door to you admires Leslie Howard as much as you do but simply abhors your Nelson Eddy; or that the amazingly pretty girl in your biology class really has some firm and interesting opinions on characters such as Scarlett, and Napoleon, and God as represented in Green Pastures.

The plans for organizing this forum have not as yet been completed. Potential arrangements provide for a weekly meeting on Sunday afternoons. Topics discussed shall be those desired by the group interested. This forum shall be open to all students and faculty members. The English Club does not wish to dominate, only to sponsor. At the forums you can really learn what books are being read, what articles are attracting attention and also exactly where to find material on these subjects. This forum should be able to cooperate admirably with the rolling library and the school library. The Canopy would like to pledge its support to the forum. Watch for announcements and attend the first group! You will be amazed at how much you will enjoy a little "intellectual browsing."

Catherine Moore has been appointed chairman of the committee in charge of discussion. If you are interested, talk to her about it!

BY ELIZABETH GREEN

We're back on the gold standard!—but a very special "new" gold standard that still prevents individuals from securing the metal. England, France, and the U. S. are in the trade agreement, with other countries invited to join.

Glad to know we've at last turned that very famous corner—but where is Prosperity?

A survey of the U. of Maryland showed that sororities with the lowest scholastic averages were well above the frats boasting the highest marks.

Over a million students entered institutions of higher learning this fall. Thirty-three of each hundred of the 1936 high school graduates are now college freshmen. Yet Dr. William P. Few, president of Duke University, says, "The cost of education should be higher, otherwise we build a race of half-educated and sometimes half-respectable pan-handlers, and at the worst, ordinary vagabonds and even criminals." Food for thought!

Microscopic spores 165 years old have been found in California adobe bricks and brought back to life.

ACP—Among the ingenious college youth of the country, we think we ought to place the name of Harold Jesurun of Columbia alongside that of young Mr. Gorin, founder of the Veterans of Future Wars.

Mr. Jesurun is the student who worked up a tidy bit of business waking up his fellow students each morning so they would not miss class. He earns his way through school with his deft Taps-on-the-Shoulder and Nudges-in-the-Ribs.

But in this business too, science has led to refinements of method. Mr. Jesurun does nothing so crude now, as Jabbing-in-the-Midriff. Now he has a special concoction of ammonium chloride in a little vial, which he slips under the nose of the deep breathing ones. This technique is 100 per cent efficient, since it not only awakens, but it instantly clears the mind and leaves one ready for the first hour class.

We can easily remember the times we would have agreed heartily with the budding versifier out at the University of California at Berkely, who has objected to life in this way:

Down wit de students
Down wit de class
Down wit de trees
Down wit de grass
Down wit de countries
Down wit de flags
Down wit de army
Down wit de gags
Down wit de women
Down wit de men
Down wit de rooster
Down wit de hen
Down wit de spring
Down wit de fall
Whatever it is, I'm against it, so—
Down wit it all.

Cinema Cynic

BY PRISCILLA KELLEY

For a long time we have admired one of Hollywood's top notch show stealers, Eric Blore, who even surpassed himself as the perfect butler or "man" in one of those madcap P. G. Wodehouse classics, "Piccadilly Jim." In the November issue of "Screenland" this poem appeared which expresses the perfect tribute to him:

Hail Eric, the elegant Blore!
In films he is never a bore.
When called on to buttle
His fun is so subtle—
We wish we could see Eric more.

Note to students in American History: When "The Plainsman," Gary Cooper and Jean Arthur's new picture, is released, be sure to see it. You might pick up some interesting and educational facts

about frontier life in early American times.

Hollywood Chatter: That cigarette case and lighter Barbara Stanwick gave Robert Taylor on his birthday are almost too beautiful to use. They are made of platinum and ebony. In the center of each are the letters "R. T." done in rubies.

Clifford Odets has written his first screen play, "The General Died at Dawn." Paramount is producing it with Gary Cooper and Madeline Carroll taking the leading roles. If it were not for their excellent performances, so the leading critics say, the picture would have a distinct flavor of the old-time silent serials. And is Mr. Odets burning over this criticism.

Shall We Say, "The Campus Beautiful?"

If asked what kind of beauty there was on the campus, I would say it was potential beauty, meaning beauty of position that has not yet been developed.

All things in the world, all objects, lights, sounds, have potential beauty because they can be sensed, and if they ever accidentally or intentionally by the efforts of people express beauty, they have changed from the possibility to the fact.

The beauty of the campus is potential because it has more possibilities than present beauty. We have beautiful earth formations and sky lines but our corners have not been smoothed out. Compared to other campuses, this campus ranks high, but really by art standards, it is deficient. We have good proportions, our buildings fit the land, and the buildings are correct. Our roughness is in lack of grooming.

We look at the college quickly and call it lovely, but if we look longer we can find weaknesses. The smaller beauties that fill out and complete the whole have not been included. We have parts of the campus that show what can be done. One place is the corner where the wisteria is climbing on the pine trees.

We could have the richness of color and scenery that is in the technicolor movie, "Ramona." We have places for the exquisiteness of the Azalea gardens at Charleston and the formal grace of the Palace Garden at Williamsburg, Va., as shown in the book, *The Reconstruction of Colonial Williamsburg*.

In speaking of beauty on the campus, people on the campus, mostly girls, are included: Blondes, brunettes, and red heads—we have them all—beauties and potential beauties.

Traveling Library Receives Donations

In the last issue of the *Canopy* a plea was made for the donation of books and old magazines, and subscriptions to current ones. In response to this plea many gift subscription books and old magazines have been donated by library patrons and book lovers.

Miss Patterson is very pleased with the immediate results, and hopes that more donations will be forthcoming.

The Parnassus-on-Wheels will be ready for use in the very near future. It will bring pleasure and joy to the lives of the people who live in the out-of-the-way places in the country.

Since the library on wheels will go out at regular intervals this project is not a passing fancy. It is a thing that will grow with each trip. But to continue it must have continued support.

If the first trips prove successful, the plans provide for several libraries. When this is accomplished the work will be more complete since it will be possible to rotate the material used.

Student Brings Glimpses of Honolulu to Our Campus

BY CAROLYN GREENE

First thoughts of Hawaii—leis and singing, native boys diving for pennies, surf boats, smiling brown faces, Royal Hawaiian Hotel and Wakiki beach; Lotta Mayberry brings back to the States, and to the college campus, many pleasant memories of the "Island Paradise" from the two years station at the army post in Honolulu on the island of Oahu. (Wahoo).

There are certain traditions still followed on the island, despite the two radio stations and the Americanized schools. The Japanese—only one of the many nationalities represented—eat with chop sticks; wear brightly colored kimono even on the street; a sort of sandal, the name of which sounds like "shaley-leys," and mitten-like socks. They also sleep on mats on the floors, and take off

their shoes before entering a house.

The Luau—Japanese festival—is celebrated several times a year with ceremonial dances, drums, chants; "poi" is a popular native dish, rather like an uncooked custard, to be eaten by wrapping it around two fingers; fishing for squid with torches and spears—characterize Hawaiian native life and add a delightful flavor for visitors on the island.

Lotta Mayberry, now living in Brunswick, says: "The Hawaiian people are physically very fit; all Physical Education classes are held out of doors, and none of the native pupils wear sneakers." She also adds, as a last word of the island, "If one wishes to return, one must throw overboard all flower leis given when the boat sails; this must be done before Diamond Head is passed. If the leis float back to shore, someday you will return to Hawaii."

LYLBURN WARREN TELLS

THE STORY OF "THE ROAD OF THE LOVING HEART"

Early Sunday evening a quiet worship service was held in the Rotunda. Lylburn Warren of Waycross told the story of "The Road of the Loving Heart." She related how on the island of Somoa, the natives cut a road through a thick jungle because they knew how much one of their benefactors desired it. This benefactor was Robert Louis Stevenson who was staying on the island because of his health. When Stevenson died the world mourned a great author but the Somoans mourned a brother who outdid all others in loving kindness. Fame dies and honors perish but loving kindness is immortal.

As a prelude to the story, a violin solo, "Just a Song at Twilight" was given by Myrtle Parker of Ludowici. The scripture taken from the 12th chapter of Hebrews was read by Mildred Wilson of Waycross. Madeline Douglas of Homerville gave a solo, "Teach Me to Pray." The service was brought to a close by the audience singing "Now the Day Is Over."

Myra Hackett of Moultrie was a visitor on campus Wednesday afternoon.

SOPHOMORE CLASS

ELECTS NEW OFFICERS

Officers for the Sophomore Class were elected Thursday, October 8, at the first meeting of the year.

Frederica Lambert of Fort Valley was chosen secretary and Marion Johnson of Southern Pines, N. C., was named treasurer. C. J. Morris of New Rochelle, N. Y., presided.

MOVING PICTURES SHOW

SCENES OF THE CAMPUS

Excitement was created in the Rotunda Tuesday evening when motion pictures of campus scenes were shown. The pictures were taken by Dr. Phelan and included view of the dormitories, administration building and different parts of the campus.

Dr. Phelan is planning to make use of the camera and to take new pictures from time to time.

Personals

Edwin Gleaton and Leslie Turner were the guests of Carolyn and Mary Askew Sunday.

Joan Horton spent the week-end in McRae.

Ruth Williams spent the week-end in Atlanta and attended the Tech-Kentucky game.

Mr. and Mrs. John Foster and Mr. and Mrs. Will McEachen came to see Curtis Whatley en route to the Texas Centennial.

Frances Hines spent the week-end at her home in Americus.

Ethel Stallings and Eloise Ogletree will attend the Y. W. C. A. conference in Atlanta, October 16, 17, and 18th.

Lorene Johnson will spend the week-end in Savannah with Chappie Bragg.

David Jones of Albany was the guest of Virginia Giddens Sunday.

Norma Williford will spend the week-end in Tallahassee.

Movies Depict Story Of New Liquid Air

The story of liquid air will be told in movie form Monday afternoon and evening when Dr. Phelan shows the General Electric picture, "Liquid Air" to the faculty and students

The first showing will be at 4:10 in room 113, and the one in the evening will be in the Rotunda at 7 o'clock.

Dr. Phelan plans to show four one-reel films November 18. They will include "Cathode Ray Tube," "Life of Thomas Edison," "Revelations by X-Ray," and "Wizardry of Wireless." In December he will present two shows of three reels each. They include "Brighter Times Ahead," "Mountain of Copper," "A Modern Zeus," "King of the Rails," "The Potter's Wheel," and "The Island of Sugar."

Early next quarter these pictures will be offered: "The Sugar Trail," "A Woolen Yarn," "Conquest of the Forest," "The Conductor," "Our Daily Bread," and "Light of a Race."

Walter Blocker and Jack Hall were guests of Hazel Muggridge Tuesday.

Thad and T. G. Ivey were the guests of Floye Ivey Sunday.

(Continued from Page One)

The International Relations Club has again taken up its work towards a better spirit and understanding of national and international affairs of the present.

At the first meeting of the school year, Tuesday evening, the general conditions of northwestern Europe were discussed by Frances McLain and Carol Forrester. The club will sponsor an educational movie on world affairs, to be shown once a month. Invitations were extended to the following to become members: Treacy Long, Marion Johnson, Claudia Bussey, Mary Hargraves, Bessie Lewis, Dorothy Clark, Catherine Wilson and Julia Casey.

At its first meeting of the year on October 5, the Valdosta Club elected Ruth Garbutt, Secretary. New members for the year are: Jacqueline Abrahams, Rosemary Baker, Geraldine Bowen, Pauline Brewster, Kathleen Campbell, Dorothy Dalton, Helen Duncan, Suenita Fender, Elinor Gamble, Dollie Gannon, Sara Garbutt, Doris Harper, Lucille Hitchcock, Frances Howell, Alice Mann, Roberta Martin, Sara Mathis, Elinor Morgan, Frances Patterson, Marian Smith, Gladys Stump, Rosalind Taylor, Caroline Williams, Ora Kate Wisenbaker, Wilhella Youmans and Nell Zipperer. A delightful luncheon honoring the new pledges was given Thursday at the House-in-the-Woods.

The Entre Nous held its first meeting on Monday evening, October 12, in the French room. Miss Treanor gave a welcoming speech to the new members who are: Anne Richter, June Lawson, Dink Lassiter, Edith Bennett, Anne Brooks, and Carolyn Whipple. A short business meeting was held and plans were made for selecting a new name for the club.

Mary Hudson has been elected secretary-treasurer of the Math-Science Club and the following group leaders appointed: Lois Hafford, biology; Bernice Andrews, chemistry; and Martha Johnston, math. At the meeting at the House-in-the-Woods, Elizabeth Green presiding, plans for the new year were discussed and a benefit Hallowe'en party decided upon. Dr. Phelan showed a film en-

DISCUSSION OF CHARACTER THEME IS FOLLOWED

"Our actions should not be controlled by the unthoughted use of energy. Our energy should be used to carry out the actions which we have premeditated. This statement was made by Dr. Johnson on Thursday evening, October 8, at the Vesper service. Further her talk, she elaborated on the fact that it is very hard for one to withdraw from a situation into which he has thoughtlessly thrown himself. One of the factors of a happy and successful life is the avoidance of hasty decisions. This talk by Miss Johnson was a continuation of the series, "Decision of Character," which the Y. W. C. A. is sponsoring this quarter.
