

THE CAMPUS CANOPY

VOLUME III.

THE GEORGIA STATE WOMANS COLLEGE, VALDOSTA, GA., APRIL 30, 1937

NUMBER 23

Crowning of Queen Climaxes May-Day Play-Day Program

MANY VISITORS WITNESS

SPRING CELEBRATION

May Day will begin at 5:00 p. m., with the crowning of the May Queen. "Over the World to Spring" is the theme, for "although spring does not come at the same time to every country over the world whenever and wherever it comes it is welcomed joyously." Jeanette Tillman and Jane Dickinson are flower girls; Peggy Phelan and Mary Louise Strickland are train bearers to Queen Frances Carson. The four little girls are from Valdosta.

Play Day-May Day promises to be the biggest and grandest day of the entire year. Hundreds of visitors are to be on the campus and to participate in the many activities.

Visitors will register in the Guest Book in the Administration Building on their arrival. Hostesses will be in the Rotunda to greet the visitors, give information and favors.

Boy Scouts from the Valdosta Troop will act as guides during the day.

G. S. W. C. girls and the visiting high school seniors are divided into six teams, which teams compete in various games and stunts. The six teams are: Red, Blue, Green, Orange, Purple, and Yellow. There is a manager for each team.

In addition to one or more advanced games with which the girls are already familiar simple games which can be learned quickly and enjoyed immediately have been chosen. Teams will change on the half hour and should be in place on time. Scores will be sent to the Head Scorer at the end of each game.

Individuals may challenge any members of other teams, if not occupied in playing team games, to any of the stunts between the hours 10:30 and 11:30 a.

GARDEN OF ROCK AND FERN COMPLETED BY CLUB MEMBERS

With the help of Dr. Beatrice Nevins of the Biology department, members of the Math-Science Club have completed a rock garden at the North end of the West Hall.

The pool is cemented, built in the shape of the figure eight and is shadowed by the shrubbery along the wall. Around the pool, which is six inches deep, have been planted several species of wild fern, moss, and water lilies.

The pool was built not only for attractiveness but in order that members of the biology class might have the more common plants they wish to study at hand.

FRANCES CARSON who will be crowned queen at the annual May Festival.

Carnegie Endowment Sends Hans Simons For Two Lectures

Dr. Hans Simons, Professor of Social Science in the field of international relations and international law in the New School for Social Research, frequently called the University of Exiles, will be at G. S. W. C. on Saturday, May 8. With the assistance of the Carnegie Corporation, the students of this college are presenting him as one of the features of the Artist Series.

Dr. Simons will give two lectures. On Saturday morning at 11 o'clock, he will use as his subject, "Continental Regrouping and the Prospects of International Organization." At 8 o'clock he will speak on "Fascism and Communism as Factors of Foreign Policies in Europe."

Dr. Simons, born 1893, son of the former Chief Justice of Supreme Court Professor Walter Simons, studied law and political science at the Universities of Berlin, Bonn, Muen-Chen, Tuehingen, and Koenigsberg. His studies were in-

Miss Louise Sawyer Fills S. A. T. S. Office

At a convention of the Southern Association of Teachers of Speech held in Nashville, Tennessee, April 22-25, Miss Louise Sawyer, head of the speech department was elected first vice-president of the association.

Last year Miss Sawyer held the position of fourth vice-president of the Southern Association and served as president of the Georgia Association of Teachers of Speech.

Five New Courses Are Added to Curriculum

DR. HAWKS ANNOUNCES PLAN
TO GROUP ELECTIVES

"We think it very valuable that a girl group her electives," was the statement of Dr. Lena J. Hawks, chairman of the curriculum committee when she announced that five new course groups had been added to the curriculum for next year. These additions and modifications will enable students to group their electives into what will be known as an elective minor.

The groups deal more particularly with extra-curricular activities and will include from four to five courses.

In the group which will be called Library Science two courses will be offered to students of junior college ranking next year. According to Dr. Hawks, these courses will be particularly valuable for those who wish to teach in high schools.

The Physical Education group will have one new course presenting the fundamentals of organizations for girls such as playground supervision, girl scouts, campfire girls, and summer camp counselling. This group will also require that the student be proficient in two sports.

The elective minor that will be organized for the Home Economics department will be called Homemaking Minor and includes training in cooking, sewing,

(Continued on Page Two)

First Class Reunion In School History Is Being Sponsored

For the first time in the history of the school graduates have planned and carried out a successful class reunion. Jackie Studstill Harris, Louise Odom Howell, and Mildred Turnbull of the class of 1936 sent invitations to all members of the class to return to the campus during the May-Day week-end.

The Alumnae Club furnished the two alumnae rooms in the new dormitory for the occasion and a meeting will be held there Saturday afternoon at three-thirty.

On Sunday morning a breakfast has been planned.

The girls who are planning to be here are: Carol Forrester and Marie Joiner who are teaching at Sales City, Myra Hackett who is teaching at Okapilco, Joy Miller Middleton of Bridgeborough, Pearl Wilson who is teaching at Groves, Ruby Harrison who is teaching at Chula, Joe Daniels who is teaching at Lyons, Evelyn May who is teaching at Pavo, Miriam Adams and Ethlyn Massey who are teaching at Odum, Bessie Johnson of McRae, Clara Davis Adams Ray of Macon, Clara Louise Driscoll who is teaching at Gordon.

DRAMATIC CLUB PRESENTS PLAY

WEDNESDAY EVENING
BRINGS CRADLE SONG

*Sock and Buskin Cast Prepares For
Its Big Production of The
School Year*

"The Cradle Song" by Gregorio and Maria Martiney Sierra, is to be the Sock and Buskin play of this year, 1937.

This play has been successfully produced many times before and has been enthusiastically received in Madrid, New York, and London. It was first performed at the Teatro Lara, Madrid in 1911. Eva Le Gallienne brought her singularly fine interpretation to the Civic Repertory Theatre, New York, in 1927, where it was given 167 times. The far corners of the earth have been drawn together under its spell. Nairobi, East Africa, Singapore, Straits Settlements and Hobart, Tasmania, have been as one in singing its praises. A critic of the "London Sunday Times" has said of it—"This is a play genuine in its significance and lovely to the eye as well as the mind."

"Cradle Song" is a simple tale, told in a dignity of language that makes it poetry. The rhythm spins a web of melody as it weaves its story of love of God and a little child. The child is left to the care of a Convent of Dominican Nuns who raise it in peace and quiet and in a righteous fear of her

(Continued on Page Three)

Charm School Ends With Talk On Charm And Personality

The last program in the Charm School Series was held on Thursday evening, April 29. Miss Gertrude Gilmer spoke on *Charm and Its Relationship to Personality*.

She gave constructive suggestions as how to cultivate the kind of charm which is radiated by a generous and unselfish outlook on life. At the end of her talk those who attended were given personality tests as a "chance to check up on their short comings."

The speaker was the dinner guest of the Y. W. C. A. on Thursday evening. In connection with the closing of the charm school, coffee was served after dinner in the Rotunda.

Members of the Junior Class are sponsoring a dance tonight in the new auditorium at eight o'clock. Script 15c.

There will be a meeting of the Student Government Association at seven-thirty o'clock in the Rotunda, May 6, at which time the new president will take office.

Registration For Next
Year Is Scheduled to
Begin Immediately.

On either Tuesday afternoon or Wed-
nesday, a faculty meeting will be held
for the purpose of discussing changes
in the curriculum to be enforced next
year. As a follow up on this discussion,
a student-faculty meeting will take place
early in the week, and at this time the
proposed changes for next year's course
of study will be explained and open to
discussion.

Actual registration will begin after
these meetings have taken place and will
continue until Commencement.

interrupted by active service during the
war as head of a department in military
administration. After the war he gradu-
ated "magna cum laude" as Doctor
jurist et rerum politicarum, University
of Koenigsberg. In 1919 he organized
with an influential group interested in
progressive policies in the League of Na-
tions Society. He edited a monthly mag-
azine in the field of international rela-
tions. In the founding of the Academy
for Political Science in Berlin, he took
a leading part and was Director 1924-29.
During this period as lecturer at the
Academy of Political Science, guest lec-
turer at many large universities and in-
ternational societies, he made lecture
tours through Germany, Austria, Hun-
gary, Czechoslovakia, and Switzerland.
As Director of the Academy, he plan-
ned and arranged the schedule for both
a graduate school and a college, to ap-
point a score of professors and lecturers,
and to raise funds. Dr. Simons left Ger-
many because he was unable to recon-
cile his convictions to the new political
creed.

Sophomores Entertain
Freshmen Group At
Annual Hat Party

Acknowledging the superiority of the
Freshmen as hat hunters and hiders, the
Sophomores honored them with a party
in the Gym last Friday evening.

The main features of the party were
the games that were played on tables
scattered throughout the Gym. The cen-
ter of the floor was reserved for dancing
and in the earlier part of the evening,
shuffleboard.

Entertainment was in the form of two
murder mysteries which were read to the
group to be solved within three minutes
from clues contained in the story. A
short skit "The Melodrammer" was pre-
sented with various members of Sopho-
more class taking the parts of characters
in the play. Thus ends the rivalry be-
tween the classes, which began with the
unsuccessful hiding of the hat by the
Sophomores in October.

Article By Dr. Punke
Appears in '37 Yearbook

COURT DECISIONS OF SCHOOL
PROPERTY DISCUSSED

The Fifth Yearbook of School Law
for 1937 contains an article entitled "The
Management and Control of School
Property" by Dr. Harold H. Punke,
Ph.D., Professor of Education. In this
article Dr. Punke discusses pertinent
cases dealing with real property of public
schools under the headings of insurance,
the use of school property, and the re-
version of property to grantors.

In the first instance the right of com-
panies to write insurance policies for
school districts was brought up and the
state laws of North Carolina and Ark-
ansas concerning this policy were cited.

Under the use of school property, the
legality of operating a school lunch room
under certain conditions and for specific
purposes was brought out.

Cases where grantors demanded rever-
sion of school properties after the school
was abandoned as such were shown to
have been brought before the courts in
Arkansas and Kentucky and the court
decision in each case is explained.

FIVE NEW COURSES ARE
ADDED TO CURRICULUM

(Continued from Page One)

home-management and decoration, and
family relations.

Elective minors have also been arrang-
ed for the music and art departments.

These elective minors will not actually
give the student a minor. She cannot
teach in the schools, saying that she has
a minor in Physical Education or Home
Economics. The committee offers them
so that the student may get something
worthwhile in her electives.

Dr. Hawks says, "There are excellent
courses for those students who are in-
clined in certain fields and do not want
to major in them, particularly girls who
intend to teach. They make her much
more valuable to the school and the
community."

Miss Pardee and Mrs.
Hicks Are Guests of
Philharmonic Club

Miss Margaret Pardee and Mr. H.
Hicks, of Valdosta, will be guests at
on the Philharmonic Club program
given Tuesday, May 4, at the M.
Studio.

Miss Pardee, well-known young artist,
will play "Concerto in G Major"
by Bruch. She will be accompanied by
Mrs. Hicks at the piano.

Club members who will also take part
in the program are: Sarah Martha Pye,
Madeline Douglas, Helen Duncan, Ber-
erly Dougherty, Edith Bennett, Rosalind
Taylor, and Johnnie Mac Kelley.

DRAMATIC CLUB

PRESENTS PLAY

(Continued from Page One)

Maker. Theresa, for that is her name, reaches girlhood and leaves the convent which has been her home to embark on the holy sea of matrimony. The play is ended but the effect remains, never to completely leave the inmost senses of the mind.

Miss Louise Sawyer, the director, has always wished to use this old Spanish play and has said that it is a desire fulfilled. In an interview, Miss Sawyer stated: "We have an excellent cast who worked faithfully to make this the best production that the Sock and Buskin Club has ever presented." It will be produced Wednesday evening, May 5.

Margaret McLain, of Dawson, will be the week-end guest of her sister, Frances.

Mr. and Mrs. K. R. Bragg and Vernon Bragg, of Savannah, will visit on the campus during the week-end.

Mary Ellen Cordes, of Jacksonville, Fla., former student here is spending the week-end on the campus.

Louise Sutton and Audrey London, of Tifton, are visiting Annie Laurie Bell.

CROWNING OF QUEEN
CLIMAXES MAY DAY
PLAY DAY PROGRAM

(Continued from Page One)

m. The winner in each case makes one point for her team. The leaders in charge will describe and judge stunts. Every challenge won means a point for the winner's team.

Games that will be in use are: Tennis, fistball, croquet, shuffleboard, ping pong, batball, ring tennis, box hockey, golf, basketball, horseshoes and Prisoner's Newcomb. Stunts are: Balance Beam, Jump the Stick, Through the Stick, Balance Touch, Dumbbell Pull, Knock your Hat Off, Quoits, Putting Contest, Setting Peg, Tug-a-War, and others.

For the first time in the history of Play Day-May Day there will be a riding demonstration. It will take place at the same time as the archery demonstration which is from 11:30 to 12:20 a. m. The girls riding are: Kitty Morgan, June Lawson, Frances McLain, Eileen Hyland, Mary Hargrave, and Virginia Zippies. They will canter, trot, walk, mount and dismount. The girls will ride in two's and threes. Girls who will take part in the archery demonstration: C. J. Morris, Chappie Bragg, Lorene Johnson, Lois Hafford, Laura Duncan, Dody Wilson.

Just before the picnic lunch and social dancing everyone will assemble in the Romp Room of the new building to sing songs, hear announcements, and make introductions.

The Music Department and the Sock and Buskin Club will present a Fine Arts program in the new auditorium at 2:45 p. m. A one-act play "Fourteen" will be given. The Glee Club will give several numbers immediately after the play and will especially feature the Triple Quartet. Piano selections will also be heard.

Festivities in honor of the Queen are: From the Land of Cherry Blossoms, A Bit of Oriental Romance, Springtime in Russia, Gypsy Revelers, Tulip Time in Holland, Dancing Kilties, A Bit of Erin, Merrie Olde England, Our Land of the Free, which includes The Cake Walkers, Darkies Distress, and Modern Maids at Play—Around the World and the Maypole in the last. Twelve maypoles will be wound. Each year a box of candy is awarded the group having the most perfectly wound Maypole. Last year a freshman group won the prize.

The whole festival will be filmed in technicolor by Dr. Earl Phelan.

Guests are requested to remain in their places until the Queen and her Court have left the green.

Play Day and the May Day Festival were planned and executed under the direction of Misses Leonora Ivey and Madeline Race of the Physical Education Department.

Publications Heads, ROSALIND LANE, newly elected editor of the Campus Canopy and CAROLYN GREENE, editor of the 1937-38 Pine Cone.

Watch Your Electives

We all know that when we apply for a job, whether it be tomorrow or five years from now, that the more we are capable of doing the more likely we are to be hired. Specialization is important, of course. For that reason we have special schools and special majors and minors. We concentrate our study more or less in one or two fields, and expect to have any work we may do in the future centered around that specialization.

However, all through college we have certain subjects which we take because we choose them, and these subjects are known as electives. Ordinarily we choose electives because they come the right period, or because they have the preferred instructor, or because they have been pointed out as "crip courses."

It is to remedy this situation and to help make electives a valuable part of our college training that the curriculum committee has inaugurated the five new course groups in physical education, home economics, art, music, and library science.

Because of the groups it will be possible for a student to group five of her electives and as a result have what will be called an "elective minor." For instance, if you are an English major and expect to teach in a small school, you may take your elective minor in physical education and in that way will be prepared not only to teach English, but to supervise playground at the school in which you teach. Or if you are a mathematics major, your job will be more certain if you can say on your application blank that you are prepared to supervise library also.

Look into this business of ELECTIVE MINORS before you register for next year!

BY ROSALIND LANE

An old art but a new idea for a hobby—whittling. A school of whittling, not carving, but real old-fashioned American whittling, with a jackknife—was established last fall on the 25th floor of one of the Rockefeller Center skyscrapers. About half of the students enrolled have been women. A contest sponsored by a popular science magazine not long ago brought in some 3,500 examples of whittled handiwork from all over the country, many of them remarkable pieces of work.

Traditions die hard in Provence. This explains why St. Sarah's Pilgrimage, which originated in the 11th century will be staged once again on May 24-25 in

Saintes-Maries-de-la-Mer, France, quaint old village on the Mediterranean.

Sarah was an Egyptian and gypsies have adopted her as their patron Saint. Some 1500 of them will come with 34,000 other travellers to join in the two-day festivities. Our May Day will compare with their entertainment for color and hilarity.

College students of Valdosta joined in exercises of the "Valdosta Peace Day" on Friday, April 30. Reverend Wylie Jackson, one of the leading ministers of the South delivered the principal address of the peace campaign on Friday evening at the First Methodist Church.

A WORD OF WELCOME

To the visitors who have been on our campus today the *Campus Canopy* Staff wishes to extend a warm welcome, both for coming and the part you have taken in our May Day-Play Day.

We hope that you have enjoyed your visit. We hope that you have liked the college. But, most of all, we hope that you have a clear and true cross-section view of the life we live here.

Once we heard a visitor say that he liked the school, but too much happened, too many people were in a rush. He must have thought we spent every day celebrating, and that he was observing a typical college day.

It is not one day that we are trying to show you! We are trying to give you a day typical of all the days of the year, incarnate.

When you think of the happiest days or hours you have ever spent, you think of them as something that happened in a hurry, as something that you really enjoyed as much after they had happened.

So we feel about this day that you spend with us. We regret that the time cannot be longer. We know that things may seem a little strange to you, and we may seem hurried.

However, since we cannot have you longer, we are very happy to have known you this short while. Live your day full, and if you wish to enjoy it leisurely, your memory will save the joys for you to stretch over as many days as you wish.

Cinema Cynic

BY PRISCILLA KELLEY

They're calling her Gloria Swanson since her next picture, although in the form of a comeback, is reputed to be a flop.

Kay Francis, who used to be secretary to Mrs. Alfred Vanderbilt, and at one time for the wife of Governor Pinchot of Pennsylvania, recently received a scroll from the New York Club of Secretaries because they consider she progressed further from being a secretary than anyone else.

Wally Beery had never smoked a pipe before but he had to learn how for his role in "The Old Soak." Wally made the mistake of trying to learn while flying his plane however, and got deathly sick.

But he managed to open a window for some air, and then tossed the pipe out. The pipe did not start a forest fire as you might expect of this fate, but it did start trouble at Metro. It was one of those "One-of-a-kind" pipes, and since it had already been photographed in the picture, production was held up for a day or so while a duplicate pipe was made.

A recent list of current best pictures includes the following: Good Earth, Quality Street, Lost Horizon, Maytime, Swing High Swing Low, Love Is News, Time Out for Romance, When You're In Love, Wings Of The Morning, History Is Made At Night.

IN THE LIBRARY

By Lotta Corbett

Should I take the time to iron out more buttons? Or I wear yellow with my hair? These are the questions which filter through our minds now that summer vacation is only a few days away. Perhaps you should have the advice of an authority before you decide on that yellow dress. A worthy source for this information is *Making the Most of Your Looks*, by Dorothy Stone. Stone tells how a person may obtain that something in looks which takes the place of beauty. In fact, the book will help you to iron out most of your difficulties in the way of looks. The author advocates making every penny count for its place in your dress, and no matter whether you are a brunette, blond, or a mixture, she has a color scheme for you telling what you should and should not wear. She also knows what to do about long necks and turned up noses; so if you will consult her book, you may turn out to be a beauty in spite of yourself.

To learn the proper thing to do, whether at a formal dinner, a college prom or a week-end in the country, you merely have to read *It's More Fun When You Know the Rules*, by Beatrice Pierce. There is always room for improvement in everyone and the author gives so many helpful hints on proper conduct in various situations, that anyone who reads the book with thought and consideration, will profit greatly. Miss Pierce is an authoritative source on table manners, entertaining at home, "how not to be wallflower" at a dance and on a week-end at his college, to mention only a few of the important topics. If you follow Miss Pierce's rules, you will not fail to do or say the correct thing when a crucial moment arrives.
