### Welcome To 'WC

By GLORIA JOHNSON  
Each year at the onset of spring,  
There are many thoughts in the  
air—  
It's said that young men think  
of love,  
And the girls think of what  
they'll wear.

But we girls of 'W. C.  
Have one main thought that's so  
gay—  
It's not just of love, clothes, or sun,  
But that one of Play Day-May  
Day!

We think of all the games we'll  
play,  
The May Queen, festival and all  
The companionship that we'll  
enjoy,  
And better still, the friends  
who'll "call."

For we expect many visitors,  
And hope that all of them can  
come;  
We wish for them a marvelous  
time,  
And hope that they will like us  
some.

We want them to accept and like  
All of our hospitality,  
And here, we'd like to tell them  
all:  
WELCOME TO G. S. W. C.

### Program Given By Fine Arts

The Fine Arts Departments on campus will present a program to the students, faculty, and visitors in the auditorium at 11:30.

The Serenaders will sing several selections to be announced later. Miss Billie Cliett will present a piano selection, Impromptu C Minor by Rheinhold. Miss Sammie Steedly will play Rachmaninoff's Prelude in C Minor. A violin solo, Nocturne by Galtermann will be played by Miss Peggy Phelan.

Miss Mary Owen will render a selection entitled "The Confessional" by Robert Browning. "Victorian Is In Again" by Florence Ryerson will be given by Miss Mary John Rodgers. Several Choral Readings will end the program. ### GSWC Offers New Course '49

The curriculum offerings for the school year 1949-1950 at G. S. W. C. will be both the Bachelor of Arts and Bachelor of Science degrees as for the past several years. In addition to this, persons will be able to receive their professional certificate in teaching.

For many years, the College was chiefly a liberal arts unit of the University System, offering only the A. B. degree. When the B. S. degree was added, G.S.W.C. became recognized as a college of arts and sciences.

For the A. B. degree, a reading knowledge of modern foreign language is required. This requirement may be met by passing French or Spanish or by examination. The A. B. degree is conferred upon majors in Division of the Humanities, the Division of the Social Sciences, or in the following departments: Art, Biology, Chemistry, English, French, History, Mathematics, Music, Social Work, Sociology and Speech.

The B. S. degree requires a minimum of two quarters in laboratory science. The B. S. degree is conferred upon students who major in the following departments: Biology, Chemistry, Home Economics, Mathematics, Secretarial Science, and Social Work. Candidates for this degree are not required to have a reading knowledge of a modern foreign language.

There will be a specific program (Continued on Page Three)

## The Month of May

May Day! The first day of May brings a busy month. It is the last month of school until September and for some, the last time they will be in school at all. There are the Seniors who will graduate in June and some others who will graduate after summer school. A few of the underclassmen will be getting jobs and perhaps will never come to school again. Some will be starting a new life by getting married.

To those who will probably never go to school again, May is the last chance to have fun and enjoy the friends they have made in college. This is the month for the Junior-Senior Frolics when the Juniors treat the Seniors to a weekend of fun. There will be the dance, the picnic at Twin Lakes, and Sunday together. For the Freshmen and Sophomores there will be a picnic at Twin Lakes also.

The Student Souncil, the Sports Council, and the Y Cabinet will devote one weekend to making plans for next year. They will spend their hours at Twin Lakes in discussions, fun, fellowship, and just plain loafing.

Next on the Calendar is Mother's Day. This is a time when everyone usually goes home to be with their family. It is a time when everyone should remember and be thankful for life, guidance, and love unending.

There will be a Memorial Day and a Maritime Day. Here on campus there will be the Aquacade with the girls demonstrating their swimming ability.

These are but a few of the days to be celebrated in May. But probably the greatest on the GSWC campus is the one being celebrated today. Games will be played, friends made, interest created in the campus. Members of the classes who have already graduated here will return to renew friendship and talk of old times. Three classes will be honored, 1929, '39 and '49. There will be the crowning of the May Queen--the most thrilling moment of the afternoon. The annual Festival will be given with the Dance groups in their gala dances. The campus will be shown to the visitors in hopes that they too may come here to enjoy the life it has to offer. The day will end with the May Day Dance in the dining hall. Everyone may be tired, but they will all agree that they have had one fine day! May is a time of fun! Today is only the beginning!

# INFORMATION ON G. S. W. C.

The Georgia State Womans College was established by a special Act of the Legislature in the summer of 1906, but the buildings were not appropriated for or maintenance made until the summer of 1911. The State appropriated \$30,000 for a building and equipment. The City of Valdosta gave a campus of sixty acres of land and \$50,000.

The College opened on January 2, 1913 after the maintaining of the institution had been assured in 1912 by adequate annual appropriation. At first only two years of college work were offered, but in 1923 full four year courses leading to the Bachelor's degree were inaugurated.

In 1943, the Board of Regents directed that the Georgia State Womans College should become a college of Liberal Arts and Sciences. The College now offers, especially to young women in South Georgia, the full advantages of a standard modern woman's college.

The campus of sixty acres faces 2100 feet on Patterson Street, the principal residence street of the City of Valdosta, and is flanked on both the north and south by pine groves, making it a campus of exceptional beauty and charm.

The buildings consist of the Administration Building, the Library with more than twenty thousand carefully selected volumes and more than a hundred current periodicals and newspapers, the three dormitories, Converse, Ashley, and Senior, the new Music building, the gymnasium, a \$25,000 swimming pool and bath house, and the House in the Woods.

The Student Government Association includes the membership of all the students. Its purpose is the regulation and control of dormitory life and of most other matters not strictly academic. The Hand Book, a manual of information issued annually by the Student Government Association, contains the various rules and regulations, and is distributed to all new students during Freshman Week.

The active religious life of the students is organized principally by the Young Women's Christian Association. While the College

is non-sectarian, a sincerely spiritual atmosphere is cultivated in all the relations of the institution. Vesper services are held on Thursday nights and taps during the week. The Compline service is on Sunday night.

The PJNE CONE is one of the finest year books in the South. The CAMPUS CANOPY is the college bi-weekly newspaper. The CANOPY JUNIOR is published on campus during Freshman Week.

The Artist Series Committee working with a committee from the town bring various artists to the campus. These tend to enrich the cultural atmosphere of the college and the community. This year such artists as the Barter Theatre of Virginia, the Vienna Boy's Choir, the Atlanta Symphony Orchestra, and many others have been presented.

The Alumnae Association hold their annual meeting on May Day. Their work includes the movement to increase the interest of its members in the College and in each other.

There are many active clubs on campus. These are: The Sock and Buskin Club, the dramatic organization; the Glee Club; the Serenaders, a group chosen from the Glee Club; the Dance Club, which present the Festival in Drexel Park on May Day; the Valdosta Club, for the day students; the departmental clubs, which create a greater academic interest in specialized fields of knowledge. Among these are the English Club, the Fine Arts Club, the Home Economics Club, the International Relations Club, the Philharmonic Club, the Romance Language Club, the Math-Science Club, the Sociology Club, the Sports Club, the League of Women Voters. Business Club, and next year there will be an organization for future teachers. The Honor Society encourage scholarship and stimulate interest in academic activities. There are two divisions, one for the junior college and one for the senior college.

These are but a few of the many features of G.S.W.C. More information may be found in Publicity Office.

## Campus Scenes

Modernized Lady Godiva: Morris Smith in her zebra-striped bathing suit. Water nymphs in tank suits cowering at the edge of swimming pool.

Mistake of the Week: Bobbie Watson, raving over handsome Tech singer, immediately asked woman sitting beside her if he was single. "I think not," was the reply, "I am his wife."

Three male innocents wandering about campus looking for Sigma Nu House.

Mourning breakfast: Mickie Roberts, toast in one hand, newspaper in the other, bewailing the plight of her poor disrupted Chinese family. "I just can't keep them all together."

Mathis eagerly returning from a week at the beach and running into a post in the colanade.

Impassable halls in Senior Hall due to furniture from rooms having their annual May Day "face-lifting."

Margaret "Truman" Traynham running up and down Senior Hall looking for a gun. It seems that she hadn't written her column for the paper.

## GUESS WHO?

"Hair of gold, eyes of blue,"  
 With a pretty ring so fine  
 On this very day,  
 She, above all, will shine.

No more of this is needed  
 For you to guess her name;  
 So we'll say that she's a  
 senior  
 And let this end with same.

With hair that's short and  
 auburn,  
 And eyes neither blue or brown,  
 She's one of those struggling  
 freshmen,  
 And lives right here in town.

Her nature is very sweet—  
 At home ec. she's very good.  
 If she doesn't know well the  
 faculty,  
 Without doubt, she surely  
 should!

ing the air in front of the House in the Woods. From the sound everyone was in a gay mood. Play-Day- May Day on their minds, no doubt!

## Letters To The Editor

Dear Editor,  
 We would like to take this opportunity to thank all those responsible for making Play Day-May Day such a success. The work of Miss Ivey and the many others in the P. E. department was the inspiration to the students to make this May Day something to be proud of.  
 The different departments are to be congratulated for their effort to show to the visitors just what we have here on campus. The music, speech, art, and all

the others worked together for the same thing. Teamwork is what is needed in something as big as our Play Day-May Day.  
 All that remains now is to show what has been prepared to the guests on campus. We hope that they will enjoy the day as much as we have enjoyed making it possible. It was hard work but it was worth it.  
 Thanks again to Miss Ivey, all the committees, and the individuals who are making Play Day-May Day possible. —Ellen Odum

## How Y'All

Bonjour Mademoiselles, comment allez-vous? Como esta usted? Wie geht es ihr?

Wait a minute. Don't stop reading yet! All of this is just to let you know that each and everyone of us is most glad to have you here and our campus, and we hope you will enjoy being with us just as much as we've enjoyed planning to have you.

Some of you have visited on our campus and are familiar with it—but for many of you it will be a new experience. We are going to enjoy showing you our school (which, by the way, we think is sorta' special) so that when you see it again it will be like meeting an old friend.

No matter what your special interest, you will find some evidence of it during your visit. There will be playing, singing, dancing, are work, science and just about everything else you can think of.

May Day is a tradition that has come down through the years here at GSWC. We are delighted to have you here to participate in it and share the fun and fellowship with us.

Everybody relax, play and have "the best time of your life!"

## Welcome

The Staff of the CAMPUS CANOPY wishes to welcome the Play Day-May Day visitors to our campus. Through this issue of Canopy we hope that we can tell you something of the college and make your visit more enjoyable.

The CANOPY is written and operated entirely by the students. It is published every other Saturday and The CANOPY JUNIOR is printed daily during Freshman Week.

Try-outs are held each fall for the news and feature staffs. Freshmen bring new interests and ideas to the paper and thus make up an important part of the staff.

We sincerely hope that you might be on our staff next year helping to make another May Day a pleasure to visitors of 1950.

## Trading Post

Some persons are still talking about a worried freshman girl who came to the dean's office at registration to inquire if the instructor for her physical education class was Mr. or Mrs. Staff.

Chemistry Professor: "What is the formula for water?"  
 Student: "HJKLMO."  
 Professor: "What?"  
 Student: "You said, 'H2O'."

Testing the theory that a certain history prof doesn't bother to read reports, but grades them by weighing them on a scale, a sophomore inserted this in the middle of his report: "If you read this far, I'll buy you a Coke."

He got the report back marked: "C—I did, is 4:30 this afternoon o.k."

Voice on phone: Virginia McClary is sick today and can't come to class. She requested me to notify you.

Professor: All right. Who is this speaking?  
 Voice: This is my room-mate.

"Now," said the professor, "watch the board while I run through it again!"

Common sense is good to have  
 But never let it master you.  
 For then it might deprive you of  
 The foolish things you're after.

# YEAH, LOVE LIFE

All my life I have dreamed of adventure and romance. I have been thrilled by the book-length descriptions of love in bloom. In my imagination, I have sailed the seas on calm and beauteous evenings, with never a care in the world except to please the handsome man at my side. Ah, day-dreams! How could we live without them?

Yet, I must not forget the great experiences that I have had on such adventures. Even though they are not exactly the kind of things I had hoped to tell my many nieces and nephews, I must try to remember them. Perhaps someday, when the pathos turns to humor, they will be worthy of remembering.

One of the most outstanding scenes of romantic adventure that I have read of is that of a boy and girl sailing along on a quiet lake at night with only the stars for company. I had to find out. We were having a fish fry by the side of a picturesque lake. The stars were shining; there was a gentle breeze; and Bill asked me if I'd like to go boating. We left the group, slipped quietly down to the boat, and shoved off into the heavenly night. I suppose there was star dust in my eyes, because I didn't see the reel and rod in Bill's hand until we were

well out from shore. The next hour I spent romantically rowing the boat while he fished. My arms ached for days afterwards, and I find that I no longer care for moonlight boat rides.

Another scene that had always held me enthralled was that of love at first sight by a moon-lit bay. I had a chance at that, too. The night was clear and warm, and the moon sent golden streaks of light across the hushed waters of the bay. As we stood gazing at the scene, Tom looked down at me over his elephantine midriff and said, "Wouldn't you love to have a chocolate soda?" So instead of love at first sight by a moon-lit bay, mine turned out to be fear at first sight of a moon-lit bay window.

Slowly my dreams were being shattered, but I held to the vision of someday walking along a flower-filled lane at twilight with a man at my side. Naturally it came at the least expected time, but there I was, walking along a twisted path with Harry. We talked of various trifles, and every so often I'd think, "Now! Now he is going to take my hand, or put his arm around me!" But we walked on and on. All at once I was startled and shocked when he threw both arms around me and held on for dear life.

To this day, I think he would certainly have plunged head-first into that hole in the path, had it not been for my support.

Another "thrilling" adventure was a date with Sam. Since we were to go to the movies, I had searched the afternoon papers to decide which one I liked, in case he asked me. He asked me, and after I had named several good ones, he informed me that he already had tickets to the one at the Rialto. Of course he didn't remember the name of the picture. It was "That Unknown Something," or something. Hugh monsters, shipwrecks, mutiny, nightmares . . . no romance at all . . . I was exasperated, but I thought I'd make him romantic by pretending to be afraid of the terrible monsters. At discreet intervals, I shuddered and trembled, expecting all the while to have a protective arm put about my shoulders. The brute sat there and laughed at me, his eyes glued to the screen. By the time the ordeal was over, I had confused the monsters in the picture with the one by my side, and completely forgot to thank him for the lovely evening.

All of these factors, and many more, were taken into consideration when I made up my mind to remain an old maid.

### STAIN PREVENTION

To prevent metal cans from leaving stains on damp linoleum or enamel, dip the bottom of the can in melted paraffin. When cool and hard the paraffin coating will guard against stains.

### FIRE PROTECTION TIP

If fat in a pan catches fire, smother it with wet towels and turn down the heat. Never pour water on it because water will make the fat spatter and may spread the blaze.

## News Briefs

Ye Olde Golfe Tourneye

It will soon be under way and the Kappas and Lambdas can battle it out to the end. Several have signed up and the players will soon be posted on the bulletin board.

Oh, Woe!

If you've looked on the Bulletin board in the Ad Building (that's where we have classes, you know) you've noticed if you're a Kappa that—Hooray—you're way ahead. And if you're a Lambda you've seen—oh woe—you're way behind. I'm the oh, woe type.

"Swim, Swim, Swim said the Mamma Fish"

About the aquacade, if you're in the Glee Club and want to swim in it there will still be time enough for you to join and even make the team. There will most likely even be extra practices some afternoons to assure you of that. Even though the Glee Club Concert will come in May, there is still time. P.D.-M.D.

Now that Play Day-May Day is here and will soon be gone we can all settle down to enjoy ourselves today and get out and make our teams for this quarter in the weeks remaining.

Advice to the Plaque-lorn

We Lambdas had better get on some beam and catch up with those up and ready Kappas. Remember to get the K or L you must have made three teams for the year and fifteen hours each quarter.

## Officers Elected For 1949 - 50

For the past few weeks the Clubs and organizations of campus have been electing new officers for the coming year. These officers will take office immediately and will serve until next year at this time.

Following the election of class presidents for all classes, the other officers of the classes were elected this week. For the Senior class of 1950, Miss Frankie Briggs was elected vice-president and Miss Barbara Clarke secretary-treasurer. Next year's Juniors elected Miss Mary Gibson vice-president and Miss Sammie Steedley secretary-treasurer.
