NUMBER 5

Glee Club Tours State Over Spring Holidays

March 17 was another highlight in the history of Valdosta State's Glee Club. On that day they began their annual Spring Tour which included such points of interest as Fort Benning, Warner Robins, and Savannah. This tour proved to be one of the most successful trips of the Glee Club.

Early Thursday morning the Sorenaders left to sing at the G. E. A. Convention in Atlanta. They were to meet the rest of the Glee Club at Fort Benning on Friday afternoon.

The Glee Club arrived in Camilla around 5 pm. By 6 pm we were all placed with families with which we were to spend the night. After we had eaten most of us were shown around the town and then taken to the show.

The next morning we ate breakfast at the school cafeteria. We then put on a concert at the high school. After our performance, we left for Columbus via Albany where we had lunch. We arrived at Fort Benning by 4:15 pm. When we arrived we were escorted to our quarters which were new and modern. Then we had a little excitement. We were told to leave everything on the bus and get inside quickly for they were having a cyclone.

We had dinner at the officers club and from there we went to the Main Post theater where we gave our first performance of the night. Our second was given at the 3rd Infantry Division Theater, where we were very warmly received.

On Saturday morning we had breakfast at the officers Club and left for Warner-Robins. We ate dinner in Macon and then drove out to the base. There everyone received a badge to wear while on the base. Then we were taken to our overnight quarters. The boys were housed in a barracks and the girls were housed in a hospital ward. At 5:30 we were taken to the mess hall for dinner. We then went to the Base Theater for our concert.

The next morning we were up at 8:30 and were eating by 7:30. After we had eaten we all took off for Savannah-our last destination. Later that morning we stopped the bus for a scripture reading, a prayer, and two hymns, a short service and an earnest one.

We arrived in Savannah in time to eat lunch and visit Fort Pulaski and the beach before our con-

cert at Wesley Monumental Church. After the reception we went home with families for the night.

The next day, the last day of the tour, we sang at Commercial High. We also ate lunch there. That afternoon we sang at Savannah High. Then, at last, we loaded the bus for Valdosta. We arrived tired, but happy, here at VSC around 9:30 Monday night.

Throughout the entire trip there was a friendly atmosphere and I feel safe in saying "a good time was had by all."

A great deal of credit goes to V. L. Daughtrey who scheduled the tour, to J. T. Bridges who shared with Mr. Logan the driving, to Bob Dixon who did a great job of directing in Camilla, to Mr. Thompson who was with us for part of the trip and who directs the Rebel-Aires, and to Jeanne Horne, who did a grand job on the piano.

Most of all, though, we owe a great deal to Mr. Clayton Logan, has worked with us all year to make our program a success, and who had a great responsibility throughout the trip.

Also I think the entire Glee Club is to be complimented on their fine behavior. I know that everyone at VSC—student or faculty—would have been proud of the manner in which everyone conducted themselves.

What It Wuz... Wuz Beauty-----

If yall dont catch on to this thang it's suposed to be read like Andy Griffis was a saying it, but he didn't.

Well, ya see, it's like this, all these here pretty girls will come aprancing out on the stage, ya see, an' you'll hear this purty music an' such an' you'll just have the biggest time you ever saw, cause ya see, the funny part is, ladies and frien's, that these here girls a'n't really girls atall—they ain't, but they're just aplayin' like the 're gil; for the night, ya see, and with you knowin' it, there's just no tellin' what tall might happen. So friends, you be there when it starts. It's gonna be takin' place over here in this big ole building, upstairs with the hard seats in it. Ya see, they're having it here so that these here artificial girls won't have to go no wheres to get purtied up, cause thats where most of the boy's dorm is—underneath.

We're geting all the boys that would make goodlooking, and I mean to tell you friends, good-looking girls, and that means if you're a boy and go to VSC you're liable to be in it. And we think, if you're a boy, on Friday night, friends, thta if it's all right with

(Continued on page 4)

TKE Honors S A O Sorority

The Mu Alpha Colony of Tau Kappa Epsilon recently honored the Sigma Alpha Omega Sorority with a dance at the House-In-The-Woods. Only a year old last December, the sorority has accomplished much in its short history. The occasion was presented by the Mu Alpha brothers to recognize the good work that the local sorority has done.

Arriving at seven thirty the guests first saw a large coat-of-arms, illuminated by two lights which set it off beautifully. The cherry and grey figure is the official coat of arms of Tau Kappa Epsilon Fraternity. The local fraternity is indebted to Marty Slark for his handiwork on this coat-of-arms.

Refreshments were served continually throughout the dance, Jo Williams, sponsors of the fraternity, served. Janet Hughes pinned name cards on the guests as they came.

The highlight of the evening was centered around Mr. Kellis Miller who sang two songs for the group. His first song was "All the Things You Are" which was warmly applauded by the guests. Next which also received warm applause he sang "Tell Me You're Mine"

FROM THE EDITOR'S NOTES

By

JACK CARTER

"Roses are red, violets are blue. Spring is here, but where are you?" That, my friend, is a very original poem. Needless to say though, that is the thought that enters my mind when the days grow longer and the skirts get shorter. Just where are you? Are you at the end of the line or are you at the front? Maybe you are in one of the typical World War II lines. You remember those of course. Some one would see other persons standing in a line and just line up with them regardless of the reason for the line. They would think that it must be something scarce for people to stand in line. Are you in one of these lines? If you are you need a rope and I mean a big rope.

I had a friend once that would join everything he could for no apparent reason. That is a little like the fellow that joined the church every time a different one. That is a sign of maladjustment and inconsistency. Now there is also the kind that joins different groups just for the heck of it. While I was still in high school, I went to a meeting one day of a future teachers club just to get out of going to spelling class. It just so happened that the girls were electing officers that day. You guessed it. Before I could get out they elected me an officer.

Vice-President of Senior

Class

Ah, the ways of crime bear bitter fruit.

If you don't know where you are, then you had better read the book that I have published recently. "A Thousand and One Ways To Skin a Cat." You will find it to be a good remedy for spring fever, insomnia, hiccups, and smeared lipstick. That reminds me of a story I once heard. This policeman was walking along a busy street one night and came upon a man perched atop a light pole. He said, "Look here, you aren't supposed to be up there. Have you been drinking?" The slightly shot young fellow glared red-eyed down and said, "No sub, I ain't been a Drinking nary a bit." The cop angrily yelled back, "Then why did you climb up there?" With a dead serious expression the slush replied, "I didn't just climb up here, them alligators chased me up here."

April 20 is election day. That is next Wednesday. Why don't you take time to go by and vote for the persons of your choice? It won't take but a few minutes. Student government was set up to give the students what they want, not only material things but self government as well. The student government of any school, black or white, secondary or college, is just as strong as the people in it. These people are your representatives. If possible everyone would participate in student government. The same goes for the government of the United States. Now wouldn't it look funny for all the people in the U. S. to go to Washington everytime the Senate is in session? Or just as funny for all of VSC to go to the HOUSE-IN-THE WOODS every time the SGA meets. That is why representatives are sent. Don't you want someone that is qualified to do so? Don't you want someone that represents you to know what the students want?

On the ballot there are some very good nominations. Of course the Canopy can not try influence or anything like that to get someone elected. But you can. Yes, if there is someone running for an office who you think will do a good job, don't hesitate to tell other people. There may be some new students on campus that don't know your candidate. They are just the people to see. Let everybody know who you are for. You can be a lot of help to your candidate by just letting people know that you think he or she will make a good one. See you next issue, The ED.

MATH - SCIENCE HEARS MOKTAR

The Math-Science club held its monthly meeting April 13th, at the House-in-the woods, with President Allen presiding. After a short business session, the meeting was turned over to the program chairman who introduced our guest speaker, David Mokhtar.

David, as everyone knows, is one of our fellow students here at V. S. C. His original home is Bagdad, Iraq, but he has been in this country for the past year and a half. He is a pre-med student, and says he plans to be a doctor before returning home.

The topic of David's speech was "Dates." No, not the kind you or I would think of, but the fruit, dates. As David related, his home country produces eighty per cent of the world's dates. After his very informative and very interesting speech, the meeting was adjourned and refreshments were served.

The Math-Science club recently elected its officers for next year. The officers include: Omer McLean, of Folks on, as president; Bob Maughon, of College Park, as vice-president; Myrtle Crosby, of Valdosta, as secretary-treasurer; and David Waldron, of Valdosta, as Historian-reporter.

REC Club Elects Officers

At the last meeting of the REC Club the officers were elected for the incoming year. The slate consisted of: President, Jane Ledford; Vice-President, Nan Starling; Secretary, Margaret Reagan; Treasurer, Pat Bullard; Historian, Doris Law.

The annual Play Day of the Georgia Athletic Federation of College Women will be held on Valdosta State's campus during Homecoming weekend. It will be affiliated with the May Day festivities planned for this weekend which is April 29-30.

The two colleges in this region are South Georgia and Georgia Southwestern. They will participate in sports such as badminton, Softball, swimming, and tennis.

The competition between the Lambdas and the Kappas this quarter is softball. At the present the Lambdas have won two practice games and the Kappas have chalked up one. The two teams are looking forward to their first match game.

Also at the recent meeting the following girls were appointed to serve as council members: Sue Bridges, Pat Payne, Kat Carswell, Roxanna Moore, Lora Cook, Sara Bennett, Nancy Meeks, and Carol Keene.

Dedicated to Dr. Gulliver: "Twas in the Gilded Grill they met Brave Romeo and Juliet. He hath no cash to pay his debt — So Romeo'd what Juliet."

to a pickpocket, every crowd has a silver lining.

Officers Named For Glee Club

On Tuesday, April 12, the Glee Club elected its officers for the coming year. Jesslyn Parker, going president, opened the meeting by asking the nominating committee for their report.

Jean Connell, chairman of the committee, gave the report that included the following nominations: President — Elizabeth Waltman; Secretary — Anna Marion Meacham; Treasurer — Nancy Jane Stang; Publicity Chairman — James Truman Bridges.

As there were no nominations from the floor these were unanimously elected.

Miss Waltman then took over the meeting during which plans were made to have a party in the near future.

Glee Club Gives Concert

On Tuesday night, March 29, the Glee Club, under the direction of Mr. Clayton Logan, gave their annual spring concert at Pound Hall on the North Campus of Valdosta State College.

The Serenaders, also directed by Mr. Logan, sang several popular numbers. The Rebel-Aires, under the direction of Mr. Harold Thompson, presented several selections such as "The Quartet From Rigilto" which, incidentally, proved to be the favorite of the audience.

The entire Glee Club presented an "All-American Concert", which consisted of folk songs, Negro Spirituals, and patriotic selections. Among these were "Give Me Your Tired And Poor" and "The Battle Hymn of the Republic." The entire event proved to be a very enjoyable one.

PERSONALITY OF THE QUARTER

Elizabeth Waltman

If you have noticed a girl with red hair walking around the campus with a smile on her face and a camera in one hand, then you have seen Elizabeth Ann Waltman of Valdosta, the girl personality for winter quarter here at V.S.C. Elizabeth is a very friendly person and if you have not met her it is not because she has not done her part.

She enjoys any sport, photography, people, music, her car, and her dog Poochie. Then of course we must remember to mention Jacksonville, which she still considers her home town.

As you may have guessed, Elizabeth grew up in Jacksonville where she attended school and was graduated from Bishop Kenney High School in 1953. She participated in many school activities and sports, but found time to obtain a good scholastic rating.

After moving to Valdosta, Elizabeth worked for a while, but found that she did not have many opportunities to meet people. To remedy this situation, she entered Valdosta State College in the spring quarter of 1954.

In the time Liz has been a student here, she found time to participate in many co-curricular activities. She is a member of the Rec Club, Sports Council, Sock and Buskin, Glee Club, and the Math-Science Club.

Almost every day that you see a black Ford parked in the vicinity of the "Ad" Building and she is not within "calling distance", you can be sure that she is busy in the school darkroom. This is due to the fact that she works on the photography staff of the CAMPUS CANOPY and the PINE CONE. She also writes articles for the Canopy.

Elizabeth likes music and loves to spend her Saturday afternoons listening to opera. She takes voice lessons and enjoys singing, especially at her church.

Poochie, who actually can be considered the fourth member of the Waltman family, is deeply loved by Liz since she has had her for about fourteen years. If anything should ever happen to her dog, the two of them would probably have to be buried together.

Sports have always been a favorite past time for Elizabeth and she loves to play baseball, basketball, softball, golf, and tennis. She also enjoys fishing and swimming. In fact, she likes anything except underwater basket weaving.

However, do not get the idea that Liz does not have a serious side, for she really does. She has thoughtfully made plans for the future and takes her school work seriously.

Perhaps the thing that has caused

Freddie McLean

In a recent election, the student body of V. S. C. chose Freddie McLean as personality of the quarter.

Freddie was born in Folkston, Georgia, and has lived there all of his life. He was very active in athletics while in high school, participating in football, baseball, and basketball. Somehow, he found time to be President of his Senior class and to graduate at the head of his class.

He decided to attend Valdosta State College because of its "friendly atmosphere and ideal location." Freddie likes living in a college dormitory because, he says, "I have learned to live with many different types of boys and have learned what life is like away from home." He believes he has "a general idea of how things will be later on in life."

Reading is his favorite form of relaxation. He prefers science-fiction stories and doesn't care for Micky Spillane. Popular music and dancing rate highly with Mr. McLean. His favorite food is fried chicken—the way Mom cooks it! Biology is his favorite subject. An open minded person that doesn't carry on with a lot of silly chatter is the type of person he prefers. John Wayne and Kathryn Grayson are his favorite movie stars. When asked what he thought of Marilyn Monroe, he replied, "She's got it!"

His only dislikes are narrow minded people and math.

Freddie believes Winston Churchill to be the "greatest living man today." He bases his opinion on books he has read on Churchill's life. Like a loyal Georgian, he admires ex-Governor Talmadge.

Presently, Freddie is a Freshman at V. S. C. where he is majoring in Pre-med. He plans to graduate from V. S. C. in 1958. His college career, so far, includes membership in the Math-Science Club and the Sigma Alpha Chi Honor Society. He is,

ed the election of Elizabeth is her natural interest in people and her efforts to win friends.

Acree Heads
Sigma Alpha Chi

Russell Acree was elected president of the Sigma Alpha Chi Honor Society for the 1955-56 school year at a meeting of that group Wednesday evening, April 6, at the University Woods.

Elected to serve with him were Ginger House, first vice-president; Freddy McLean, second vice-president; Margie Smith, secretary-treasurer; and Omar McLean, historian-reporter.

Barbara Crew, the outgoing president, presided over the meeting and presented the slate of officers which the nominating committee had drawn up. Other nominations included Ben Williams and Bob Maughon for first vice-president; Marsha Paulk for second vice-president; Helen McCranie for secretary-treasurer; and Georgia Wolfe for historian-reporter. The newly elected officers will preside over the May meeting of the Sigma Alpha Chi.

Honors Day will be held on April 29. The assembly program will include recognition of the members of the honor society and of the Margas and Macs whose election was sponsored by the Sigma Alpha Chi. Parents or relatives of the honor students are invited to attend the assembly program and to be the guests of the college at dinner. Immediately after assembly, the guests and faculty will be entertained by the club at an informal reception. The students are invited to tour the campus with their guests from twelve to one o'clock.

The Honors Day program will be the first event of the Homecoming Weekend.

Psychiatrist (interviewing 12-year old boy): "Do you have dreams son?"

Boy: "Sure I have dreams!"

Psychiatrist: "What do you dream mostly?"

Boy: "Baseball."

Psychiatrist: "Don't you ever dream about girls?"

Boy: "What!—and lose my time at bat!"

at the present, a candidate for the office of Man Representative to the Student Government Association from the Sophomore class.

Freddie likes "dark-haired blondes, preferably 5'3" and weighing from 105-120 pounds." (By the way, he has a girl who fits that description perfectly!)

When asked what his plans for the future were, he replied: "I'd like to live in a proper manner and since I'm pre-med, I would like to be able to do some good for somebody. I would like to live in this section of the country for the rest of my life, preferably by the St. Mary's River."

In the opinion of many people on campus, Freddie is an ideal college student. He spends his time wisely divided between his studies and his extra curricular activities, and is a person that sees humor in practically everything. I'm sure everyone in Folkston is proud of this extraordinary young man.

Dance Club
Elects New Slate

Each year at this time the V.S.C. Dance Club elects a new slate of officers for the coming year. The following people have been elected and have already taken over their respective jobs: Jack Wooten, President; Frances Garbutt, Vice-President; Tommy Morgan, Secretary and Treasury; Sarah Bennett, Costume Manager; and Bill Jackson, Publicity Director.

The Dance Club was organized on the campus of Valdosta State College long before the school became co-educational. In the years that followed, the school became co-ed and men students were invited to become members in the Dance Club. Since that time, both sexes have taken on active interest in the club and have presented stage productions that would rival any on Broadway.

Speaking of Broadway, Lovie Godwin, last year's Dance Club president, is now in New York appearing on the stage as well as on television. Recently she was offered a screen test by Warner Brothers studio in Hollywood. You can rest assured that you will be hearing more and more from this very

talented young lady who graduated from V.S.C. only last year.

At the present, the Dance Club is joining forces with other organizations on campus to present a May Day program, April 30th, on the V.S.C. campus.

Plans are already being made for next year's productions, and you can be sure of the fact that next year the Dance Club will surpass any of its previous work.

... we used to tie a horse to make him stand still ... now we place a bet on him.

... the hardest dollar a fellow ever earned is one that he has already spent.

DIGGING IN THE DUGOUT

by EMORY COOK

Rebels Successful Against Piedmont; Fall To Georgia Teachers At Home And On Road

Contenting the curiosity of those who doubted that we have an athletic program at VSC, the Rebels opened their season against Piedmont College with two resounding wins. The fellows from Piedmont arrived here fresh from a contest with Georgia Teachers. The season opened on Friday, 1st of April, and from the opening whistle Piedmont heard nothing but the whiz of passing line drives. The Rebel bats were more like cannons, and when the smoke finally cleared, VSC had two wins and no losses. In the first game the pitching of McElvey, the batting of Gray, George, Mobley, and McQuaig just to name a few, dispelled any Piedmont ideas of a win that day. The final score was 19-1 with our people still running the bases as the sun descended.

Saturday afternoon found spirits high, in addition to the fly balls. The assault was continued as right hander Marvin Hatcher shut the door, locked it, and nailed it to the wall. Not a Piedmont man stepped across the "sanctified placement" with the exception of the left fielder going to and from his battle station. Doing a beautiful chore, Long, Hatcher and the remainder of the team fattened their batting averages. The final score was 7-0, and on the scoreboard was seen: VSC: two wins.

The GTC team came to town the seat on the coke crate in the dug-out next Wednesday, and from my out, those fellows are future ball-players rather than teachers. It was on this day that the fun DID NOT begin. They brought their batting eyes with them to the ball-park about the same time we decided to bring some errors with us. Those errors spelled out our first loss of the year. Things became more somber that afternoon, but we did alright.

First, the "Yankee" boys had been used to a fat 20 run average per game, which they did not get that afternoon. They did their damage in the early innings, and after that had to busy themselves quelling our bids for a few tallies. One quell failed to jell, and if I may say so I rather enjoyed it. Shortstop Gray was on second with two out. Bob Green went to bat,

and hit a ball over the left field fence that must still be going if it hasn't hit a tree. It was a beauty, and the first home run of the year for the Rebels. Knight made a beautiful catch in left field saving a few runs from scoring. The final score of that game netted 3 runs for us, and a new low of 7 runs for the enemy. VSC: 2 wins — 1 loss.

It was in their own area that the GTC "pros" seemed to let their hair down. McElvey was the starting pitcher for the Rebels, and was touched for three runs in the 1st and third innings. After that the total of runs began to pile up by one and two runs each inning.

The "Teachers" counted with a 19 hit barrage to go with their the top Rebel batsman for the day telling for the enemy. Comer was the top Rebel batsman for the day with a double and a single. The Rebels garnered 5 hits off Maxwell. VSC: 2 wins — 2 losses.

Saturday the Teachers continued to have fun, and sending their ace Little against the Rebs. We managed to get two blows, and no runs. Hatcher began for the Rebels and was relieved by McQuaig later in the game. Those fellows don't seem to tire very easily, and they continued their assault against McQuaig. The Rebels experienced their first shutout, while giving up 13 runs to the Teachers. And today finds the scoreboard mentioning something to the effect of 3 defeats against 2 wins for VSC.

I believe it is noteworthy to mention here that GTC has recorded quite a win record. Some of those wins being attained at the expense of other little schools like Mercer, and Georgia Tech to mention a few.

One of our main deficits is the lack of support from the student body. A very small percentage of you students attend the ball games. If you don't like baseball, attend the games and learn to like it. Give the fellows the support they deserve, and watch them win. I have yet to see a winning team that has lost a few to bounce back and keep the enemy ducking all afternoon with their line drives. Let's support the team. They need it, and they certainly deserve it.

McElvey	1	1
Hatcher	1	1
McQuaig	0	1

BETCHA DIDN'T KNOW...

... that a girl can learn all the answers by running around with questionable fellows.

... that the ED heard the other day that a local chap lost his street sweeping job because he day-dreamed ... couldn't keep his mind in the gutter.

He: "My wife is extravagant, always nagging, sloppy and doesn't understand me."

Him: "When did you meet the other woman?"

Glowering wife: "And what's the reason for you coming home at five in the morning?"
Ole slush: "Breakfast."

WHAT IT WUZ—

(Continued from front page)
them, that the real girls are going to officiate this thang. So I'll be amakin' eyes at ya, if you're a girl, and aprancing with you ya April the 29th. (Ya see, friends, we're having it at night so it'll be more romantic-like, ya know).

said one flea to another
they met on Robinson Crusoe
tummy: "Well, so long Joe — I'll
see you on Friday."

the moron dripped his
watch in the sheep dip to kill the
ticks.

The young mother was enter-
taining her bridge club on April
1st, when little Susie burst into
the room.

Susie: "Oh, Mother! There's a
stranger in the Kitchen and he
has the maid in a corner, hugging
her."

Mother: "Good heavens! You'll
have to excuse me for a moment,
ladies."

Susie: "Don't go, Mother! April
Fool; It isn't a stranger at all—
it's only Daddy."

He who has a thousand friends
has never one to spare. And he
who has one enemy will meet him
everywhere.

There's
nothing
like a

COKE

1. SO BRIGHT IN TASTE...
nothing like it for
sparkling, tangy goodness.
2. SO QUICKLY REFRESHING...
nothing like it for
a bracing bit of energy,
with as few calories as half
an average, juicy grapefruit.
