

# The Campus Canopy

VOLUME XXIII

AUGUSTA STATE COLLEGE, VALDOSTA, GEORGIA,

OCTOBER 18, 1957 NUMBER 1

## College Library Renovation Now Complete; New Wing, Air Conditioner Are Added

### Noyes, Manager of DuPont, To Speak In Assembly Wed.

John H. Noyes, Southern District Manager for the Du Pont Company's Extension Division, will be the guest speaker at the V.S.C. student assembly on October 23.

Mr. Noyes' talk will be entitled "Community of Progress" and will be documented by displays of recent scientific developments, some of which are still in the experimental stage. His talk will be supplemented by examples of the inter-dependence of all segments of the American business establishment in creating today's progress and seeking solutions to tomorrow's problems.

**John H. Noyes**  
A 1944 graduate of Wesleyan University, Middletown, Conn., Mr. Noyes served three years in the Navy during World War II. He was a reporter for the Port Huron, Michigan, Times-Herald and in 1948, he joined the staff of the Dayton Ohio Journal Herald where he worked as a reporter, radio newscaster, and editor for five years. He was a member of the administrative staff of Wesleyan University from 1953 to 1955.

Mr. Noyes first joined the Public Relations Department's Information Division of Du Pont at Wilmington, Delaware, in 1955. Later he was transferred to the Ex-

### Pine Cone Staff Begins Preparation For 57 - 58 Edition

The Pine Cone staff has begun plans for the 1957-58 edition. Emma Dell Hendley, editor, stated, "This year the Pine Cone staff hopes to produce the best annual yet to be released from V.S.C. In recent years there has been a feeling, I am told, that our year book has not presented a complete picture of student life. We hope to portray student life. It is our feeling that an annual should be about students and student life-originated by them and produced by them."

All students at V.S.C. have had pictures made for the annual with the exception of about 15. The staff has already had contact with the publishing representative, and work has begun.

The photographer will begin making pictures of organizations soon. In the meantime, the staff will be concerned with helping students make selections of their picture proofs, which will appear in the annual.

Although the V.S.C. Pine Cone will not be one of the biggest college annuals in the state, the staff hopes to make it one of the best.

The staff thus far consists of editor, Emma Dell Hendley; associate editor, Jerome Clegg; photography editor, Murray Steward; layout, editor, Betty Lou Brown; and business manager, Rudy Baxter. There are other positions still open, and it a recent annual staff meeting, seven new members were added to the staff. There is a need for more members and it is expected that even more will be added at the next meeting.

extension Division, where he served as Manager of the Eastern District before being appointed Manager of the Southern District. His headquarters are in Atlanta, Georgia.

Students now have the opportunity to study in the convenient Carrels of the new wing.

Attention all freshmen, sophomores, juniors, and seniors! Have you been to the library yet?

Amist plaster, paint, and light fixtures, the V.S.C. library "carried on" for about nine months in order that it might be renovated, and have a new wing added.

The wing has three floors and contains the government documents, bound and unbound periodicals and the general collection.

On each floor there are well lighted study carrels where a student may study or type. There are student lockers on each floor in the new wing also. There are few undergraduate schools that offer their students such conveniences.

The browsing room is larger and the color scheme is very pleasing to the eye. The walls are a soft pottery color and the new furniture is in shades of brown, green, and coral.

The entire upstairs has been renovated. A new paint job in shades of yellow and green add to its new look and it has also been rewired.

The workroom has been enlarged and a new room has been added. This is the Teacher Education Reading Room on the second floor which houses the juvenile collection and Education books.

It will be of interest to the old students as well as the new ones to learn that the current periodicals have been moved to the main reading room.

There is now a corner of the main reading room reserved for displays. On display now is a picture done by Mr. Pember and some of Mrs. Bennett's pottery.

The second floor houses the new museum room. This is one of the International Relations Club's projects.

One of the star features of the "new" library is that it is completely air conditioned and a book elevator was also installed.

### Seven New Faculty Members Join The V. S. C. Staff

#### Mens Dorm Renamed For Past President, Dr. Frank R. Reade

The men's dormitory on main campus formerly known as Senior Hall, is now named Reade Hall.

The Board of Regents informed Dr. Thaxton on June 26, 1957, that the dormitory known as Senior Hall would be henceforth in the future known as Reade Hall.

The dorm was named so in honor of Dr. Frank R. Reade, who served for 15 years as President of V.S.C.

No one really knows how the dorm acquired the name of Senior Hall, it just simply developed during the days before co-education was introduced at V.S.C., but it is generally believed that it was called Senior Hall because it housed senior girls.

#### Remodeling Takes Place In Ad. Building During Summer

Parts of the ground floor of the administration building at V.S.C. were renovated during the summer months.

To create more room in the Registrar's office, a counter across the room was removed and a new counter with a business window was installed.

The office of Dr. Durrenberger, Academic Dean, was painted with sandal wood base.

New furniture and new tile floors were added to the president's office and the comptroller's office.

Valdosta State College announces the addition of seven new members to its faculty. They are as follows: Miss Elmina McKneely, Mr. Leonard J. Wagner, Mr. Maurice W. Lindauer, Mr. Marvin R. Evans, Mr. Douglas B. Robinson, Mr. Donald E. Gerlock, and Mr. Wallace L. Waites.

Miss McKneely, a native of Macon, Georgia, came to V.S.C. from Limestone College in Gaffney, South Carolina. Here she is teaching in the secretarial science department.

Mr. Wagner is assistant professor of biology. He is originally from St. Marys, West Virginia, and was previously a faculty member at Martin College at Pulaski, Tennessee.

Mr. Lindauer came to V.S.C. from the Allied Chemical and Dye Corporation, Hopewell, Virginia. He is serving as the new assistant professor of chemistry.

Mr. Evans joined the English department at V.S.C. For several years he was assistant professor of English at Emory-at-Valdosta.

Mr. Robinson, for the past several years, served as head of the department of economics and business administration of the Junior College of Augusta, Georgia. He is teaching courses in economics and business education.

Mr. Gerlock is a replacement in the staff of the department of teacher education. Since 1948, he had served as principal of the Pine Grove High School in Lowndes County.

Mr. Waites filled the vacancy of Director of Public Relations. A native of Ocilla, Georgia, he received his Master of Arts degree in Journalism at F.S.U. in June of this year.

Four of the seven new faculty members are refilling vacancies caused by resignations. The other three were added to meet the increased demand for courses in their special areas.

### Three V.S.C. Students Receive Vita Craft Scholarships

Three V.S.C. students have been awarded scholarships by the Vita Craft Corporation.

These scholarships were awarded on the basis of sales made during the summer of 1957.

Curtis Bailey won a \$200 scholarship for sales totaling \$6,217.60. Also winning a \$200 scholarship is Hugh Stephenson for sales totaling \$6,039.60. The sales of David Bayless, Jr., totaled \$4,280.35 and, therefore, he received a \$100 scholarship.

There were 34 scholarship awards in seven southeastern states. These scholarships are in addition to commissions and allowances earned on these same sales.

The Vita Craft College Plan is unique in the sales field, and was developed upon the insistence of the President, Mr. Glen S. Slough. Vita Craft Scholarships are awarded specifically for tuition and school expenses and are based on total sales from May 19 to September 20.

THE PRESENTS BOOK— Mu Alpha of Tau Kappa Epsilon recently presented the Library with a copy of WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES. Two brothers of the fraternity were featured in this volume. Making the presentation to Miss Thera Hambrick, assistant librarian, is Mu Alpha's president, Houston Kemper, Jerome Clegg, secretary, looks on.

Check your "V" Book, page 64, concerning overdue books in the library.

### Letters To The Editor

What is this thing they are calling rapping this year?

Since my arrival at V.S.C. this year I have seen nothing resembling rapping other than their having to buy a cap which seems to be of no use, as by observation the rats aren't even bothering to wear them.

I know that according to the new rapping regulation you aren't even supposed to tell the rat to do anything except to stay off the green tile in the student center. But what is there to it when you tell a rat to stay off the green and as one young lady rat told me, "You go to — and stay there."

I have never entered a school or club when there wasn't an initiation that was worth a darn, yet it seems that now adays if you initiate a rat, it is putting yourself in a position of being an "odd ball".

I would like to see more and rougher rapping.

Bill Moncrieff

Dear Sir,

I don't mean to be rebellious although we are called Rebels. This I hope will be constructive.

One year ago the Student Center was erected, I understood, as a self-sustaining, non profit organization. Today it is possible for the students to buy from profit-making organizations in Valdosta many items at a cheaper price than at the Student Center.

Two items right off hand that I can point out are 9 ounce Coca-Cola for 10c and a dime-a-play juke box. Students this is an outrage! For economy's sake buy two 6 ounce Coca-Colas for a nickel each and bring portable radios to the Student Center. As long as we stand for this there is no end to the amount the "Profiteers" can extract from us.

Struggling Student

## Campus Poll

by Anne Seala

What would your reaction be if the Federal Court ruled that integration should take effect next fall at VSC?

Carolyn McGee — "I wouldn't be in favor of it, but there wouldn't be anything that I could do about it."

Jo Rabun — "It wouldn't bother me since I've lived in the north half my life."

Ed Gandy — "I would consider it an infringement on states rights and I would react accordingly."

Sally Parramore — "I don't think there's any danger of that so near in the future, so I'll worry about it when the time comes."

John Hulett — "I'd transfer."

## V. H. S. Glee Club Begins Practice; Elects Officers

The Glee Club is beginning the year with a bang!

The organization is composed of about thirty-five members who rehearse every Tuesday and Thursday afternoon at 4:15 under the direction of Mr. Webster Teague.

At the present the Glee Club is practicing for its Christmas Concert. Plans for a spring tour are also being made.

Officers of the Glee Club for this school year are as follows: Fred MacDonald, president; Marlan Thomas, vice-president; Joan Ellington, secretary; Steve Vaughn, treasurer; Marjorie Brooks, publicity chairman; Gail Parrish, librarian; and Stuart Summerford, business manager.

HENDLEY AND WILSON

## Hendley and Wilson Chosen "Big Wheels"

By Stephen Vaughn

Editor's note: Raymond Wilson and Ema Del Henley were the first to be chosen for interview in our new column "The Big Wheels". We hope to make this feature a regular part of your "Campus Canopy".

Raymond B. Wilson, known more around campus as "Mr. President", first saw the light of day July 22, 1935. He hails from Covington, Georgia though he has spent most of his life in and around Atlanta.

Originally from North Georgia College, Raymond transferred to VSC in his Sophomore year. During his college days at Valdosta, he has earned many coveted honors, as well as holding many important positions. Raymond contends that his most thrilling experience came when he met President Eisenhower at Thomasville last year.

Beside being the President of the Student Government Association, Raymond holds membership in the Math-Science Club, Sigma Alpha Honor Society, and the Circle K Club. However, he stresses that Student Government is his main interest, "as it should be", he added.

Raymond claims no particular hobby though sports does interest him. He plays "at" tennis, and occasionally a little golf on the North Campus green. Extracurricular activities and studies keeps his weekdays pretty busy, therefore, he uses the weekends to catch up on much needed sleep.

Raymond is majoring in Chemistry with Biology as his minor. When quizzed about his plans after VSC, he said he would be starting on his masters degree. After his masters, he hopes to work on his PhD.

After all schooling Ray intends to enter industrial chemistry.

After chatting with Raymond, the "Campus Canopy" turned its attention to Ema Dell Hendley, a young lady with an equally attractive personality.

"Emmie" made her earthly debut in Nashville, Georgia, July 27, 1936. However, Ema Dell calls Valdosta her home, since she's lived here most of her life.

Majoring in education with the emphasis on social science, Miss Hendley plans to spend her first two years out of college teaching junior high school in Atlanta.

Emmie has several interesting hobbies, but her chief interest lies in art. She enjoys painting and occasionally indulges in a little "doodling" of her own. (She has been seen lately working on an artistically designed paper weight made from a large clam shell.)

Many organizations boast of Ema Dell in their membership. Included are the Education Club,

where she was historian last year; the "Pine Cone" where she served as Assistant Editor; and the Student Government Association in which she serves as treasurer. She was also president of her junior class. This year she will edit the 1957-58 "Pine Cone".

The key to Emmie's popularity may be revealed in her advice to lowerclassmen.

"There is nothing like friends. Make all the friends you can."

Emmie refers to her sophomore year as her "waking up point" for it was then when she discovered that to be happy in college, she should avoid too much of the small town clique.

"You should," she added, "mix with everyone."

Emmie advises all students to participate in extra-curricular activities. She feels this holds the key to meeting new people.

## Thirteen Students Begin 10 Week Internships In Public Schools

Thirteen students in the Division of Teacher Education have begun a ten-week period of practice teaching in nearby public schools.

Practicing teaching is a requirement for students who are preparing themselves for careers as teachers.

During this time the students work in classrooms with supervising teachers. Their work is identical to that of a regular teacher. They assume the responsibility of teaching as well as participating in other activities of the school.

Mrs. Corinne S. Knight, Coordinator of Professional Laboratory Experiences, will visit the student teachers and their supervisors once each week for the ten-week period. On these visits the coordinator observes the work of the practicing teachers.

V.S.C. student teachers will be working in all levels of the public schools. They will return to the campus on Dec. 14, for evaluation prior to the end of the quarter.

Seven student teachers are teaching in the Valdosta schools. Those teaching at Sallas-Mahone School are Peggy Perkins of Jennings, Fla.; Johnie Mae Brannon of Madison, Fla.; and Mrs. Margie Dechut of Valdosta. Faye Bass of Doerun, Mrs. Sara Grace Ott of Hubira, and Janet Vaughn of Americus, are at Central Elementary.

Carolyn Blackledge of Homerville, Jane Rowe of Valdosta, Rebecca Willis of Albany, Thelma Bruce of Homerville, and Emory Cook, Jr., of Valdosta, are working in the Moultrie School system.

Fain Thomas Yates, of Quitman, has been assigned to the Quitman Elementary School.

## Here and There . . .

The expansion of the V.S.C. library, know formally as Richard Holmes Powell Memorial Library, marks another milestone in the advancement of higher education.

The completion of the older part of the building and the addition of the new wing took hours of planning, hard work and co-operation. For about nine months the librarians faced a hectic atmosphere: electrical wires dangling from the ceiling, plaster being smoothed on the wall, wet paint, noisy workmen, etc. But the usual activities of a college library had to continue.

Relief came several weeks ago when the last book was moved to its new location or replaced where it was before the renovation began.

A new "plus" at the library is the study carrels that are in the rooms that contain the general collection. Here a student may prepare a term paper, including typing it, without having to carry a single book out of the library. There are lockers in the stacks that may be used for storing books overnight if one pays a small deposit for the key to it.

I heard some students say last year that the library had a morbid atmosphere about it. But this isn't so this year (even if it were then) because fluorescent lighting is now featured in every room.

Come spring with its warm days and many will seek refuge in this completely air conditioned structure instead of "sweating it out" in their rooms in the dormitory.

The student assistants in the library are very pleased with the product of modern science called a "dumb waiter" which ended having to climb stairs with an armload of books to be reshelved.

There are many other new features about the library so why don't you drop over sometime and take advantage of them.

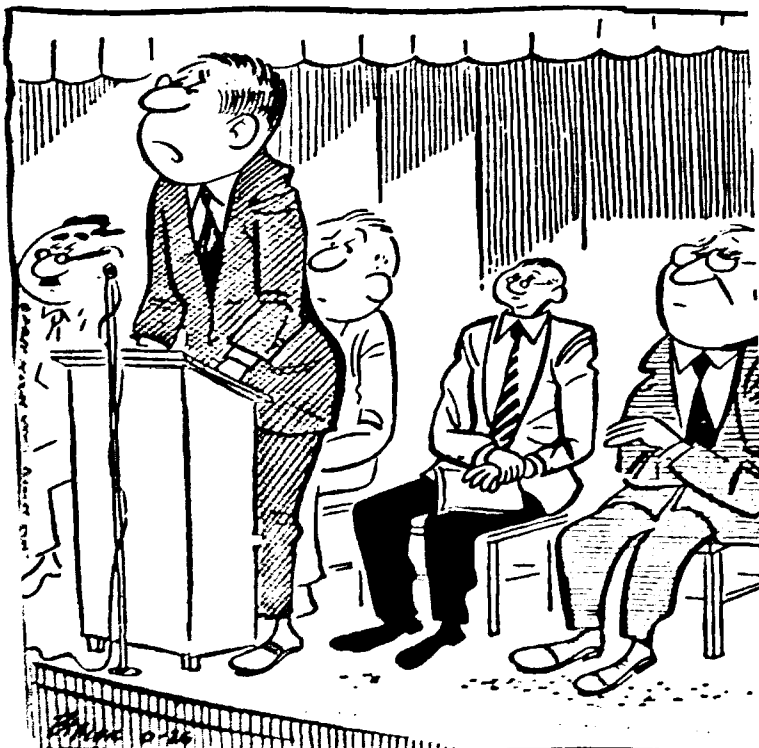

Everyone's in a hurry to get nowhere fast.

By this I mean that most students hurry to the dining hall at least ten minutes early and then when the line should be progressing several students usually engage in a conversation with someone way back up the line, thereby holding up the line.

If the students would delay their conversations until they had been served, I think that the line would move much faster and that fewer would be weak from starvation by the time they got to the serving counter. After all, 7:30 a.m. until 1:30 p.m. is a long time between meals.

## Circle K Assembles And Discusses Its Projects for Year

Circle K held its first luncheon meeting of the year in the private dining room of the V.S.C. dining hall on Oct. 1. Dwain Skiles, president, welcomed the members and gave an outline of the year's activities.

The project which the Circle K has underway now in contacting the faculty pertaining to the United Fund Drive. Each member was asked to collect the pledges from three faculty members.

Officers of the Circle K this year are as follows: Dwain Skiles, president; Jim Stovall, vice-president; Horace Chitty, secretary; Wayne Adkins, treasurer; Gene Gibbs, Jerome Clegg, Gene Cargyle, and Lester Haymons, board of directors.

## Initial Meeting of Filii Fortanae Recently Held

Filii Fortanae elected its official sponsors for the coming year at the Fraternity's initial meeting last Thursday night. They are as follows: Charlene Griffith, McRae; Mary Ann Morgan, Decatur; Miriam Barnes, Americus; and Beverly Monroe, Ashburn.

Election of new Filii officers will be held this Thursday night. Those who have been in office for the past school year are as follows: Billy Hayes, president, Valdosta; Joe Smith, vice-president, Hahira; and Jack Rowe, secretary-treasurer, Columbus.

Annual events sponsored by Filii included: The Miss V.S.C. Beauty Pageant, V.S.C. Young Man of the year Award, V.S.C. Young Lady of the year Award, and an award to the Faculty Member of the year.

## M. C. A. Holds First Meeting; Elects Officers

The V. S. C. Men's Christian Association met October 7 in the Rotunda. During this meeting the officers for this school term were elected. They are as follows: Stephen Vaughn, president; Jack Rowe, vice-president; and Stuart Summerford, secretary-treasurer.

Interested in a more Christian campus, the M. C. A. extends an invitation to all male students to become members. Meetings are held each first and third Monday at 8:15 p.m. in the Rotunda of Ashley Hall.

## Sigma Phi Epsilon Sponsors Its Annual Rush Party Oct. 7

The Sigma Phi Epsilon Fraternity Colony and its sponsors entertained with a social at the House-in-the-Woods on October 7, so the brothers could meet the new rushees.

There was dancing and refreshments and the affair was chaperoned by the Dean of Women, Mrs. Joe Wisenbaker.

After the departure of the group of young ladies, the president of Sig Ep, Mr. Wayne Adkins, gave a short speech of welcome and this was followed by a question and answer period.

## T K.E. Launches New Program for Year

Tau Kappa Epsilon colony at Valdosta has launched a new program which is one of the most ambitious ever undertaken by any VSC fraternity. Included in the "new look" is an expansion program by which the national colony hopes to raise its membership to 30 within a quarter, and a planned social calendar of over a dozen functions.

The first function was a rush affair attended by over 30 men. The rush party was held in the "House in the Woods" last week with Mr. Tom Hougan, National Teke Editor and Field Supervisor, as guest speaker. Also attending was Mr. Nick Vega, Florida Province Officer of Tau Kappa Epsilon.

At that time the new look was revealed. The plan met with such success that immediately after the affair, nine men were formally affiliated with the colony making TKE the largest fraternity on the Valdosta campus. Many more are expected to accept Teke bids in the coming weeks.

New men are being affiliated on an equal basis dispensing with the previous long and tedious "pledge period". Each new man receives an equal vote in the deciding of finances and social functions. All men affiliating this quarter will be regarded as charter members when the group is installed nationally.

The extensive social calendar will be carried out without any increase in dues. The next Teke affair will be a costume party with dates planned for next weekend. The party theme will be announced shortly. Any man interested in Teke's new program may contact Houston Kemper, Reade 357, for further information.

## Being a Good Listener Has Its Advantages

Are you a good listener? The average person is only a "half listener." Even when he tries, he retains only about 50 percent of what he hears right after he hears it.

But there are advantages in being a good listener says Dr. Ralph G. Nichols and Leonard A. Stevens of the University of Minnesota in an October Reader's Digest article, "Are You Listening?" It is material from their book of the same title being published by McGraw-Hill.

"Concentration is more than half the battle," they say. "A good listener fights distraction. He will close a door . . . move closer to the person talking . . . interrupt only when it is necessary to clear up a point

"One of the reasons for paying close attention . . . is simply that it is courteous to do so. But there is a selfish reason too . . . The way you listen has a great deal of control over the way people talk to you. Intelligent listening on your part helps the speaker . . . give you information that you may need. How you listen has a direct bearing on what you learn."

Becoming a good listener, the authors says, also makes you a better, more interesting speaker yourself.

"Just as you will get more fun and reward from listening," they conclude, "so other people will get more out of what you have to say."

Pictured above are five foreign students at V.S.C. this year. They are (left to right) Mogens Anderson, Sonia Bergvall, Khaldon "Cal" Abdullah, Chris Bruu, and Erik Severre.

## FROM FOUR COUNTRIES

# Five Foreign Students Attend V. S. C.; Represent Scandanavia and Middle East

by Sidney Futch

Valdosta State College's enrollment this year includes five students representing four foreign countries. They are Chris Bruu, Erik Severre, Khaldon "Cal" Abdullah, Mogens Anderson, and Sonia Bergvall.

From Oslo, Norway, is Chris Bruu. She is majoring in Social Science and says she likes V.S.C. very much, but that it is a lot different from schools in Norway. Chris is studying at V.S.C. through the Rotary Club.

Erik Severre, a native of Oslo also is attending on a Rotary scholarship, majoring in Business Administration. He plans to return to Oslo next year to attend law school at the University of Oslo. Erik stated, "I have not yet made up any total picture of the U. S. but when I do I am sure Valdosta and V.S.C. will be the better part of the picture."

Khaldon Abdullah, better known around the campus as "Cal" is majoring in Biology and is sponsored by his government. He is from Bagdad, Iraq, and attended V.S.C. last year.

Another Rotary student is Mogens Anderson from Bornholm, Denmark, who is majoring in Business Administration. Mogens says that he thinks V.S.C. is a very nice

college and that the students are so nice and friendly.

"Everyone is so friendly and wants to help you here at V.S.C.,"

stated Sonia Bergvall from Stockholm, Sweden. Sonia, who is majoring in Psychology, is among the four Rotary students.

# Rebels Begin Practice For Coming Season

Coach Walter Cottingham's V. S.C. Rebels held their first practice session last week in preparation for the coming cage season.

The Rebels are undergoing a special conditioning program for the first few weeks before the actual basketball practicing begins. The program will include volley ball, jump roping and running.

The Rebels lost only one starter from last seasons team. He is A. J. Jarvis, high scorer last season, who graduated last spring. Lettermen returning from last season's team are Ed Gandy, Johnny Purvis, Doug Parrish, Jim Hathaway, Ben Wood, and Gene Cargile.

Skeet Hodge, a transfer from Middle Georgia College at Cochran, Georgia, and Al Stevens, a transfer from Troy State College in Troy, Alabama, are expected to give the Rebels a boost. Hodge was a star at Middle Georgia last season averaging 31 points per game.

Coach Cottingham commented that he is expecting a better record this season than the 2-19 record of last season. He explained that with the returning lettermen and the two transfers the Rebels should give heir opponents plenty of trouble.

The Rebels open the season on December 2, when they play the University of Florida Freshmen in Gainesville.

## Cottingham Announces Inter-mural Events

A series of inter-mural tournaments are to be held in the near future, coach Walter Cottingham has announced.

Tournaments are to be held in table tennis, free throw, tennis, bad mitten, and golf. The contests are open to all students and small awards are to be given to the winners.

Coach Cottingham stated that he would like for a large number of students to enter the tournaments in order to build a better inter-mural sports program.

All applicaions for entry are to be turned in to Jack Rowe.

## '58 Maid of Cotton To Be Chosen In Memphis, Tenn.

Memphis, Tenn. — (Special) — Hundreds of applications have been sent to girls interested in becoming the 1958 Maid of Cotton, the National Cotton Council reports.

The search for the young beauty who will serve as the 20th fashion and good will envoy for the cotton industry began September 1. Applications, with two recent photographs, should be returned to the Council postmarked not later than Sunday midnight, December 1.

Twenty girls will be selected as finalists and invited to come to Memphis for two days of judging in early January. Each finalist will receive \$100 toward defraying expenses in connection with the trip to Memphis.

The girl who wins the title of 1958 Maid of Cotton will travel more than 35,000 miles on an international tour. Her travels, in behalf of the cotton industry will take her to 25 major cities in the United States and to three in Canada. In early June, a luxury liner of the British Overseas Air

## Jrs. and Srs. Eligible For Federal Service Entrance Exams.

To further improve its position in the competition for talented college people, the Federal Government is opening its Federal-Service Entrance Examination this year to college juniors in addition to seniors, college graduates and others of equivalent experience, the Civil Service Commission announced today.

Also, job appointments, effective after graduation, may be offered the juniors if they pass the examination and their names become available on the lists of eligibles to be established. As in the past, such job offers may also be made to seniors.

The first Federal-Service Entrance Examination to be held since the change is scheduled for November 16, the Commission said. Subsequent examinations will be held in January, February, March, and May 1958. Applicants will have until October 31 to file for the November 16 written test, which will be given at approximately 1,000 examination points throughout the country.

The examination, first given two years ago, is designed to help fill the Government's yearly need for more young people of college-caliber who can be placed in jobs at the entrance level and who have the potential to develop into the top managers, technicians, and specialists of the future. Positions filled through the examination are in almost every kind of work. During fiscal year 1957, more than 7,500 job appointments in 175 different occupations were made of persons who passed the examination. The Commission estimates that during the next 12 months at least the same number of entrance-level jobs, at salaries ranging from \$3,670 to \$4,525 a year, will be filled from the FSEE lists of eligibles.

The Commission emphasized that Government needs for college-caliber people are increasing each year despite any overall reductions in the Federal work force that may occur at any one time. Although turnover in Government compares favorably with that of private industry, its effect on the government is such as to require that from 200,000 to 300,000 job appointments be made each year. In addition, the increasing complexity of many of the jobs to be performed is requiring that each year a greater number of them be filled by college-caliber people.

ways will carry her to leading fashion centers abroad. She will be presented with an all-cotton wardrobe created for her by 42 outstanding American designers, and a new Ford car will be waiting for her at the end of her journey.

To be eligible to be Maid of Cotton, a girl must have been born in a cotton-producing state. She must be between the ages of 19 and 25, at least five feet, five inches tall, and must never have been married.

## Fullbright Scholarships Open for Graduate Study

Competition for Fulbright and Buenos Aires Convention scholarships for graduate study abroad for 1958-59 will close November 1, it was announced by Kenneth Holland, President of the Institute of International Education.

Fulbright awards for pre-doctoral study and research in Europe, Latin America and Asia cover transportation, tuition, books and maintenance for one academic year. The Buenos Aires Convention scholarships provide transportation from the U. S. government and maintenance from the government of the host country.

Eligibility requirements for these foreign study fellowships are United States citizenship, a college degree or its equivalent by the time the award will be used, knowledge of the language of the country of application sufficient to carry on the proposed study, and good health. Preference is given to applicants not more than 35 years of age.

Countries where U. S. graduate students may study under the Fulbright Act are Australia, Austria, Belgium, Burma, Chile, Denmark, Finland, France, Germany, Greece, India, Israel, Italy, Japan, the Netherlands, New Zealand, Norway, the Philippines, and the United Kingdom. In the Asian countries - - Burma, India, Japan and the Philippines, as well as in Greece, only a limited number of grants is available, and mature graduate candidates are preferred. Countries participating in the Buenos Aires Convention Program are Bolivia, Brazil, Chili, Colom-

bia, Costa Rica, Cuba, the Dominican Republic, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru and Venezuela. Applications may be obtained from the National Cotton Council, P. O. Box 9905, Memphis 12, Tenn. The Maid of Cotton tour is sponsored annually by the Council, the Memphis Cotton Carnival Association, and the Cotton Exchanges of Memphis, New York, and New Orleans.

## Nat'l. Teacher Exams. To Be Held In Feb.

Princeton, N. J., October 14. The National Teacher Examinations, prepared and administered annually by Educational Testing Service, will be given at 250 testing centers throughout the United States on Saturday, February 15, 1958.

At the one-day testing session a candidate may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression, and Non-verbal Reasoning; and one or two of eleven Optional Examinations designed to demonstrate mastery of subject matter to be taught. The college which a candidate is attending, or the school system in which he is seeking employment, will advise him whether he should take the National Teacher Examinations and which of the Optional Examinations to select.

A Bulletin of Information (in which an application is inserted) describing registration procedure and containing sample test questions may be obtained from college officials, school superintendents, or directly from the National Teacher Examinations, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. Completed applications, accompanied by proper examination fees, will be accepted by the ETS office during November and December, and in January so long as they are received before January 17, 1958.

Applicants enrolled at academic institutions must abide by the submission deadlines established by their respective Fulbright advisers.
