Long Holiday Follows Exams

Horrors! They're back! What?

Final exams, of course. And exam time means cram time. And cram is what many of the students have been doing and will continue to do until their last exam is over.

This weekend will be a nightmare for most of these students who are trying to make up a full quarter's work in less than a week. For those who have miraculously managed to keep up with their work throughout the quarter, the weekend will be only a little less frightening. For everyone it will be a time of anxiety and suspense.

There is but one bright spot in this otherwise bleak future. This quarter's exams will be completed on Tuesday, March 17, making Spring Holidays the longest in recent years. And everyone can certainly use the rest. Let's just try to keep to a minimum the low grades that will make this vacation permanent.

Seminar Program Sponsored By Science Division

The first of a series of Science Seminars, sponsored by the Math-Science Division, was held at the home of Dr. Marjorie Carter on Thursday evening, February 26, 1959. The inaugural meeting was attended by Mrs. Freeman and Miss Brandon, members of the V. H. S. science faculty, and by members of the V. S. C. science division.

Mr. Clyde Connell, of the Biology Department, spoke on the subject of "Lipid levels in migrating birds," in which he presented several theories of bird migration, behavior patterns prior to and during migration, and levels of animal fat present in birds migrating through South Georgia across the Gulf and into Central and South America. Following Mr. Connell's talk, various biological, physical and chemical aspects of bird migration were discussed.

The next meeting of Science Seminar will be held on March 26, 1959 at which time Mr. James Martin will speak on the subject of "Cosmic Rays." Time and place of this meeting will be announced later.

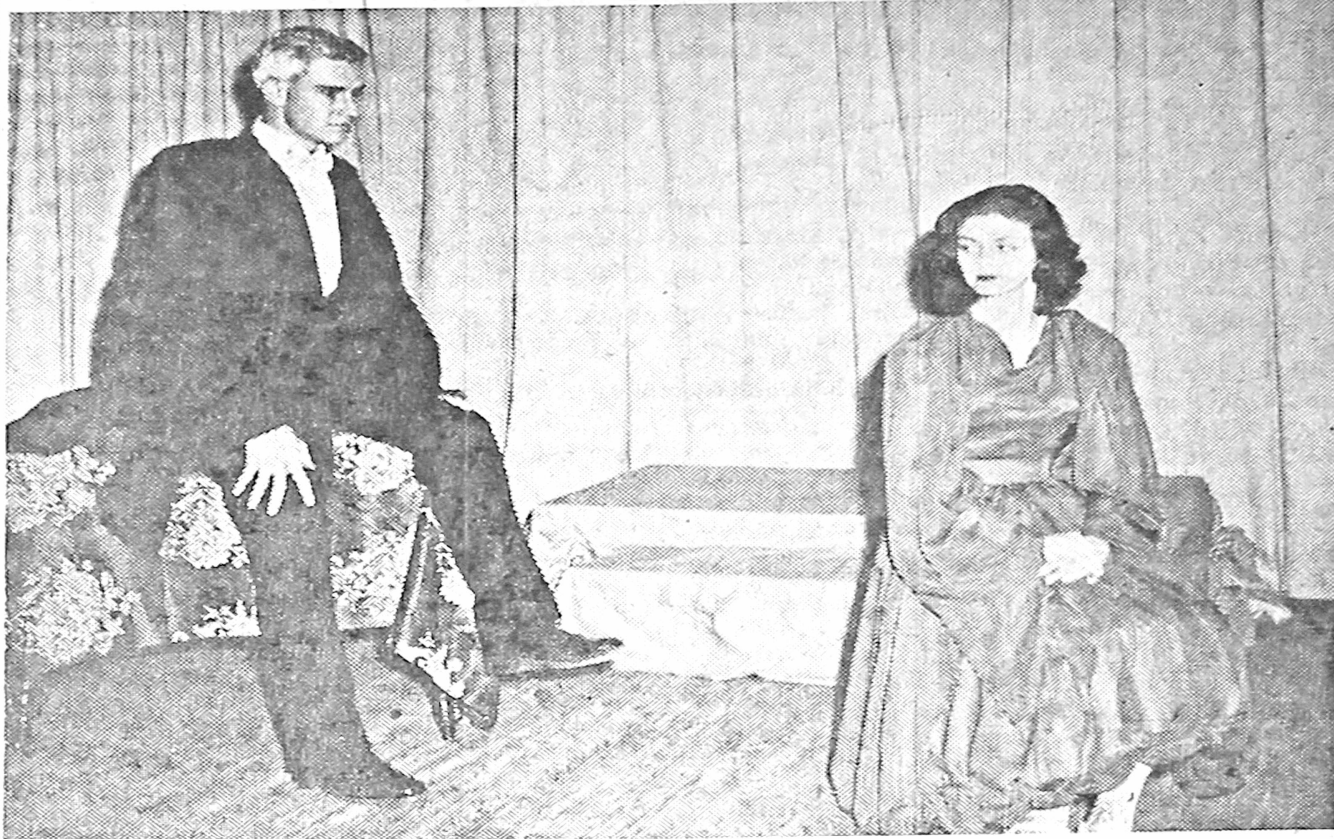

Kay Domingos, Eddie Pike Take TEKE Talent Titles

"Another Opening Another Show," was the theme for the annual talent revue, which is sponsored by the brothers of Zeta Nu Chapter of Tau Kappa Epsilon Fraternity. The first "Revue" was held two years ago, and was quite a success. It has now become an annual event.

This year the titles of "Mr. and Miss Talent" went to Miss Kay Domingos of Milner, Georgia and Mr. Eddie Pike, of Valdosta. Miss Domingos sang the ever-popular "Hello Young Lovers," from the Broadway musical, "The King and I" and "A Wonderful Guy," from

"ANTIGONE" WAS A THEATRICAL TRIUMPH

By Gene Deal

DIXIE LEE WEGER AND JEROME CLEGG, STARS OF "ANTIGONE"

The recent Sock and Buskin production of Jean Anouilh's "Antigone" was one of the most successful plays staged here in recent years. A modern version of ancient Greek tragedy, it has the same sense of inevitability as the original, with undertones of the struggle between France and Germany subtly woven into the dialogue.

The principal members of the cast showed a true understanding of the inevitability of this struggle. With Dixie Lee Weger as Antigone, representing all that is fine and noble in man, contrasted with Jerome Clegg as Creon, the epitome of self-appointed rulers and inhuman debasement, the success of the play was assured.

But the fine performances were not limited to these two Sock and Buskin veterans. Fred McDonald as Chorus, the narrator, and Benny Mitchum, as the first guard, turned in outstanding performances, as did Jeri Vinson, as the nurse, and Leslie Harris as Ismene. Wayne Dixon was capable in the role of Haemon.

Miss Louise Sawyer is to be praised for her masterful direction of this presentation. The many people who worked behind the scenes to make this play successful deserve much credit.

With the possible exception of "Death Takes a Holiday," this is the finest play presented here in the past few years—and the acting in "Antigone" is unexcelled by even that great production.

FTA Day Scheduled March 31st

The seventh annual Future Teachers of America Campus Assembly sponsored by the V. S. C. Education Club will be held at Valdosta State College March 31.

Presiding over the program will be the president of the VSC Student National Education Club of America, Dr. Thaxton, president of the college, will give the welcome. Mr. Teague and the Glee Club will provide entertainment.

The main speaker of the morning assembly will be Dr. Claude Purcell, State School Superintendent. Presentations will be given at that time by Miss Sawyer, of the VSC speech department, Mr. Yoemans, of the Physical Education Department, and Mr. Logan, of the Serenaders.

Other prominent members of the State Education Department attending the assembly shall be Mary Ellen Perkins, State Director of Teacher Education; Mrs. F. C. Paterson, state director of teacher improvement; and Mrs. Grace Gancey, field service director.

Studdard Tops District 25, NAIA, In Scoring

EASTER IS UPON US. APPROACH IT WITH REVERENCE

IRC Presents Chapel Program

On Wednesday, March 4, 1959, the International Relations Club presented a chapel program entitled "The Eyes of the World Are Upon Us."

The program was built around the ideas of "how does America stand on modern relationship with other nations." Bobby Coleman, president of the organization presided as chairman of the group.

Other members of the club participating on the program were, Mr. Doyle Wetherington, Mr. Saunders Garwood, Mr. Volker Sellin, Mr. Carlos Alvarez, and Mr. Dillard Ensley.

The slightly built guard and his teammates have brought honor and prestige to VSC during the college's participation in intercollegiate competition this year.

With an enthusiastic, conscientious coach, a squad of capable players and an inspired student body, VSC has been placed on the map in Georgia athletic circles.

As co-captain of this year's basketball team, Jerry Studdard has been an exemplary leader to a group of hard-working, determined players, who wound up the season with a tie for third place in the Georgia Intercollegiate Athletic Conference.

Jerry's average score per game of approximately 22 points elevated him to the top scoring spot in District 25 of the National Association of Intercollegiate Athletics. This district includes the states of Florida and Georgia.

His selection as captain of the All-Conference team and a member of the All-Tournament team were other honors accord the Homerville youth.

This week, in competition with players from such basketball powers as the University of Georgia, Georgia Tech and Georgia Teachers College, Studdard was named to the third team of the All-State squad.

Through competent performance and leadership ability, Jerry earned the respect and confidence of his teammates and provided the spark to guide the team along to victory on many occasions.

Shy and unassuming, he has accepted his fame and success with that degree of humility shown only by true gentlemen.

Jerry contradicts the usual assumption that an athlete does not perform well academically. He is a conscientious, industrious student who maintains a good academic average in spite of the many

VSC Serenaders Having Busy Year, As Usual

The Serenaders of VSC have been very active this year, making trips to sing for organizations in nearby cities. This group, composed of Marcia and Myrna Walters, Kay Domingos, Gail Parrish, John Baskin, C. B. O'Neal, Stephen Vaughn, and Bernie Brown, under the direction of Mr. Clayton Logan, is the number one cultural representative of VSC.

On the Serenaders' schedule are appearances before the Moultrie Kiwanis Club April 2 and the Augusta Lions Club April 10.

In the past two weeks this group has sung at the Veterans Administration Dormitory in Thomasville and at the District Kiwanis Meeting in Moultrie, as well as making their annual appearance at the Stephen Foster Memorial in White Springs, Florida.

Among the highlights of this year's performances have been an appearance on the WSB-TV program, "Today in Georgia", and a performance before 1,000 members of the Kiwanis Club, including the International President of the organization, at a district meeting in Thomasville.

hours he spends in practicing and playing basketball.

Now that VSC has produced a winning athletic team which has brought recognition to individuals and to the college as a whole, it would be well for the student body to realize that we have potential "heroes" in many fields that should merit the approval of the student body.

Those students who excel in (Continued on Page Three)

"South Pacific." Mr. Pike exhibited great skill in his piano renditions of "Polonaise (Militaire)," by Chopin, and the current popular "Smoke Gets In Your Eyes."

Second place for Miss VSC was tied for by Miss Mary Slade, and Miss Jo Rabun. Mr. Bernie Brown was the runner up for Mr. VSC.

Other contestants were Miss Marcia Walters, of Albany; Mr. Wayne Fowler, of Live Oak, Florida; Gibbs Liggin, of Chula, Georgia; and Miss Penny Williams, of Valdosta, Georgia.

The awards were made to Kay (Continued on Page Three)

EDITORIAL PAGE

From The World Of Books

By Gene Deal

One of the most stimulating activities of man is the exploration of the wonderful world of literature. Here one can find brilliant essays, beautiful poetry, and majestic prose in the form of novels, short stories, etc. For example, in the *Rubaiyat of Omar Khayyam* one finds these quatrains:

"Myself when young did eagerly frequent
Doctor and Saint, and heard great Argument
About it and about: but evermore
Came out by the same Door as in I went."

"Ah, Love! could thou and I with Fate conspire
To grasp this sorry Scheme of Things entire,
Would not we shatter it to bits — and then
Re-mould it nearer to the Heart's Desire!"

"Strange, is it not? that of the myriads who
Before us pass'd the door of Darkness through,
Not one returns to tell us of the Road,
Which to discover we must travel too."

And for those who prefer a more straightforward manner of presentation, there is always Sir Francis Bacon. For the many students who are unfamiliar with Bacon, here is his famous essay, "Of Studies."

"Studies serve for delight, for ornament, and for ability. Their chief use for delight is in privateness and retiring; for ornament, is in discourse; and for ability, is in the judgment and disposition of business. For expert men can execute and perhaps judge of particulars, one by one; but the general counsels, and the plots and marshaling of affairs, come best from those that are learned. To spend too much time in studies is sloth; to use them too much for ornament is affectation; to make judgement wholly by their rules is the humor of a scholar. They perfect nature, and are perfected by experience; for natural abilities are like natural plants that need pruning by study; and studies themselves do give forth directions too much at large, except they be bounded in by experience. Crafty men contemn studies; simple men admire them; and wise men use them: for they teach not their own use; but that is a wisdom without and above them, won by observation. Read not to contradict and confute; nor to find talk and discourse; but to weigh and consider. Some books are to be tasted, others to be swallowed, and some few to be chewed and digested; that is, some books are to be read only in parts; others to be read, but not curiously; and some few to be read wholly, and with diligence and attention. Some books also may be read by deputy, and extracts made of them by others; but that would be only in the less important arguments, and the meaner sort of books; else distilled books are like common distilled waters, flashy things. Reading maketh a full man; conference a ready man; and writing an exact man. And therefore, if a man write little, he had need have a great memory; if he confer little, he had need have a present wit; and if he read little, he had need have much cunning, to seem to know that he doth not. Histories make men wise; poets witty; the mathematics subtle; natural philosophy deep; moral grave; logic and rhetoric able to contend. *Absent studia in mores.* Nay, there is no stand or impediment in the wit, but may be wrought out by fit studies, like as diseases of the body may have appropriate exercises. Bowling is good for the stone and reins; shooting for the lungs and breast; gentle walking for the stomach; riding for the head; and the like. So if a man's wit be wandering, let him study the mathematics; for a demonstration, if his wit be called away never so little, he must begin again; if his wit be not apt to distinguish of find differences, let him study the schoolmen; for they are *cymini sectores*; if he be not apt to beat over matters, and to call one thing to prove and illustrate another, let him study the lawyers' cases; so every defect of the mind may have a special receipt."

These are but brief samples of what lie in store for those who have the curiosity and interest to open a book to see what treasures are contained there-in — treasures that have excited and stimulated man for hundreds of years.

Math-Science Newsletter

Mrs. Keighton, wife of the Swarthmore College chemist who visited us recently, is a medical artist, who received training in her specialty at Johns Hopkins University. Apparently her skill is much in demand. Any art-minded biologist will be interested to learn that comparable training is available at the Medical College of Georgia in Augusta.
Edward Gandy has been accepted for admission to the Emory University School of Dentistry.
Elton Dupree, V.S.C. 1958 graduate, is doing graduate work in

Zoology at the University of Nevada, where he has a teaching assistantship. His research involves qualitative and quantitative studies of blood proteins and his thesis is to be "Electrophoresis of Fish Blood and/or Beetle Blood."
Announcement has been received of the birth on February 5 of Carl Thomas Duren III, son of Marcia (Lastinger) Duren and Carl Duren. Carl is in the Air Force and is stationed at Keesler Field, Biloxi, Mississippi.

Don't Try To "Get Back" At Others

By Sandra Massey

A little girl was making faces at a bulldog. Her mother reprimanded her. "Well, he started it," said the child. No doubt she was right, for it is no trouble for a bulldog to look ugly. The weakness was in the girls' conclusion drawn from the dog's face. The dog was probably innocent, but if not, the girl gained nothing by competing with him in making faces.

This is a good illustration concerning many of life's problems. Have you ever been told that someone is saying something bad about you, so just to "serve him right" you begin a risqué story about him! Have you ever been insulted and then returned an insult? In other words, are you revengeful? In life, many problems confront us that we have to accept hardship along with other things. Don't make the situation twice as bad by showing ignorance and disrespect by trying "to get back"! Remember, "Vengeance is mine, saith the Lord."

The boy walked unhesitatingly up to his father. "Dad, here is my report card," he said, "and here also is an old one of yours that I found in the attic."

Something Of Value

By Lamar Pearson

It has been interesting to note the enthusiasm shown over the recent successes of the Valdosta State Rebels. This has truly been a fabulous year as the Rebels have at last produced a winner.

Interest is a thing that possesses curious qualities. It is either active or dormant. Once aroused it spreads like a forest fire, but when it cools one is appalled by the morbid complacency that evolves.

Here at V.S.C. we now possess that spark that ignites and keeps the flame of interest burning. The question is raised, "how long will that interest remain? Will that basketball enthusiasm carry over into the baseball season? Will the students and local citizenry continue to support Colson's Rebels? Will the athletes continue to feel that the fans are rooting for him? Only time can answer these questions.

The largest crowd, that a V. S. C. home baseball game has ever drawn is perhaps fifty. One often wonders why the national game of the U. S. suffers such a declining gate year after year.

In 1926 Georgia Tech and the University of Georgia played a three game series. Over 33,000 fans saw these three games. Last year a three game series was once again played on the same site, not even 3,000 fans attended.

Why do people suffer from a baseball apathy? It is true that we do not have any Ruth's, Cobbs, Gehrig's, Johnson's, or Di Maggios on the Rebel squad; but we do have a hustling enthusiastic club.

This year Valdosta State plays a twenty-one game schedule. Eleven of these games are at home. The season opens March 27, three days after the spring quarter begins, with Piedmont. Why not come out and see this game and also the game on the 28th with Piedmont.

Join the trend of supporting the Rebels. Lets make this the best year V. S. C. has ever known in its athletic history. Support Gary Colson and the Rebels.

presently employed at Moody Air Force Base. Recently he has assumed responsibility for the Nature Series instruction of a group of boy scouts belonging to the Circle 6 District of the Okefenokee Council. Tom says that at last he understands why he couldn't talk some of his college professors into seeking more remunerative employment.

Mr. Lindauer, of the chemistry department, has accepted an appointment to the Summer Institute of College Chemistry Teachers at Emory University in Atlanta. The nine-week program of the Institute, which is sponsored by the National Science Foundation, will offer theoretical and practical work in molecular structure, molecular spectroscopy, chemical kinetics, advanced organic chemistry, advanced quantitative analysis, chemistry of polymers and biochemistry.

BSU Elects New Officers

Gamma Mu Installs New Officers At Meet

Gamma Mu held the installation of new officers at its formal meeting on March 5, 1959. A week previously, an education meeting, very well planned by Paula Vance and Kathy Smith, was given.

Gamma Mu of Kappa Delta is proud to announce that Kay Domingos has been chosen Miss V. S. C. Talent and Mary Slade tied for runner up in the TKE Talent review, given February 27.

Gamma Mu plans to support the coming "Ugly Man" contest given by AAT and urges other clubs and organization to participate in this contest.

Gamma Mu would like to take this time to say welcome to Miss Mary Rogers our new nurse, who is a Kappa Delta and we are proud to have her on campus.

Gamma Mu has planned to make a trip to Atlanta next quarter to help with the installation of a new chapter of Kappa Delta - Gamma Pi, at Emory University. Many girls are planning to go and are very excited since this will be the first installation program many of them will witness.

New Officers For Y.W.C.A.

At the general meeting of the YWCA held February 23 in the House-in-the-Woods, the election of officers was held. The following officers were elected: President Priscilla Busby, Vice-President, Leslie Brown, Association Vice President, Carolyn Thrift, Secretary, Faye Howell, and Treasurer, Beverly Turner.

Installation of these officers will be held at a supper meeting, March 30, under the capable direction of these officers, YWCA promises to become even more active than it has been in the past.

Mrs. Rogers, New Nurse, Spotlighted

This week the Campus Canopy spotlights someone who is very important to VSC's campus. A person whose contact with the students is generally under rather unfortunate circumstances, but who is a welcome sight to someone who has caught the latest bug.

Mrs. Mary Rogers is the registered nurse in charge of the school infirmary. Originally from Cincinnati, Ohio, she has been down south for such a long time that she no longer feels like a yankee but is perfectly at home.

She studied at the School of Nursing and Health which is connected with the University of Cincinnati and for 5 years during the war was in Honolulu.

Since she arrived the last of fall quarter, she has been kept pretty busy by the various viruses that have hit the campus. But when she does have some free time, she enjoys reading, playing bridge and is a spectator sportswoman, particularly baseball. And like everyone else, enjoys getting away from the campus once in a while. She is a member of the Presbyterian church and is an alumna of

The Baptist Student Union held a mass meeting of all members in the BSU center on the night of March 4. Sandra Patillo and Betty Lou Roebuck, both freshmen, presented a most enjoyable and informative program. Both of the young ladies had taken a trip during the past summer to Toronto, Canada to attend the Baptist Youth World Conference. They told of the trip up through the eastern section of the United States and also about the inspiration of the conference itself.

Silas Pittman, chairman of the nominating committee for the '59-'60 officers, presented before the members a slate of the prospective officers. Each nominee was recognized and asked a few questions about himself or herself. The entire slate was adopted. The incoming BSU officers are as follows: Randy McLain, president; James Eunice, vice president; Sandra Massey, secretary; Glenda Mays, treasurer; Wayne Welsh, Devotional Chairman; Gayle Bates, Music Chairman; Sandra Patello, Center Chairman; Julie McNeal, Publicity Chairman; Phoebe Humphries, Social Chairman; Betty Lou Roebuck, reporter to Canopy; Robert Waters, Historian; Betty Pace, Representative to Freshman Council; Carolyn Garner, Girls' Enlistment Chairman; Betty Gibson, Mission Chairman; Carolyn Thrift, Sunday School Representative; Shirley Thomas Training Union Representative; Priscilla Busby, YWCA Representative; and Levis Deweese, MCA Representative.

Rev. V. L. Daughtery Speaks To The Ministerial Association

Alpha Xi Delta Holds Initiation

The Alpha Xi Delta sorority held its initiation February 7, in the beautiful home of Mrs. Frank Rose here in Valdosta. The initiates were Sonia Sutton, Charlotte Chapman, Linda Gail Key, Rena Hanahan, and Connie Jones. There were also two associates initiated, Mrs. B. L. Burdick and Mrs. Henrietta Eldridge. Mrs. Hall the Province President for Xi Province was here during the initiation. After the initiation there was a delicious supper prepared by the alumnae.

During the pre-initiation week there were several requirements of the pledges. The pledges had to write a "goat song", and also had to write an essay on "What Alpha Xi Delta Means to Me." The pledges and actives finished the pre-initiation week with a party at Mrs. Graham Wall's home. The Ideal Pledge award was given to Rena Hanahan. The best essay on "What Alpha Xi Delta Means to Me" was read which was written by Phoebe Humphries. The scholarship bracelet was given to Ann Scala. Then the pledges presented the actives with a beautiful gavel for the chapter room.

During the Homecoming weekend, the three sororities gave a Panhellenic tea for the faculty and the alumnae. Alpha Xi Delta won fourth place in the Homecoming parade with their float.

SAYS SCIENCE NOW PLACED OVER MINISTRY

The Ministerial Association held its monthly meeting on Tuesday, March 3. The Rev. Bill Wentworth, program chairman of the Association, introduced the guest speaker, the Rev. V. L. Daughtery, who brought a most interesting and direct message to the group. One of the many striking statements made by the Rev. Mr. Daughtery was that "the ministry was once considered the queen of the sciences, and now science is put on top of the ministry in these latter days." He spoke on such other things as the Minister's appearance and on the use of his time. The minister should never go into the pulpit unprepared. He should use much of his time for study, not only on sermon material, but also in reading current books and periodicals since he must be well informed in these days. Rev. Daughtery pointed out that he saw no reason why he should not be at his desk at eight o'clock in the morning because most of the working members of his church had to be at their jobs by that time. Aside from these very timely tips to the sincere minister, Rev. Daughtery brought a message from St. Paul's Galatian letter on the "Marks of a Christian."

What If...

Myra were a Gong instead of a Bell.
 Martha were a cost instead of a Price.
 Evelyn were a Finder instead of a Hunter.
 Jeri were a Sparrow instead of a Martin.
 Bill were a Camel instead of a Kent.
 Ed were a spring instead of a Coyle.
 Mamie were a Flounder instead of a Herring.
 Bill were Roebuck instead of Sears.
 Ruby were a Doctor instead of a Farmer.
 Margie were Streams instead of Brooks.
 Sue were Wrong instead of Wright.
 Joe were a Trap instead of a Webb.
 James were June instead of May.
 Leslie were Purple instead of Brown.
 Miriam were House instead of Barnes.
 Gene were a Swindle instead of a Deal.
 Marian were a Drum instead of a Horne.

The years a woman subtract from her age are not lost. They are just added to the ages of other women.

A woman driver is a person who, when obeying every rule, is blamed for slowing down a man who isn't.

You've got to hand it to the income tax people! If you don't, they'll come and get it.

Pity The Poor Lonely Student

By Gene W. Deal

Pity the poor lowly student
 Moving morbidly with his mind in a mire
 Scurrying hither and thither to classes
 A dashing young figure in sloppy attire.
 Once in class his mind's all a-flutter
 The teacher's questions he answers with a stutter;
 For, though for knowledge man has always sought,
 The present product of his mind is an aught.
 Of the fruit of Adam's tree he would SEEM to be full
 Though he has yet to take his first taste of it;
 Witness his poems on the walls, in which
 He displays his magnificent wit.
 But then he's not such a bad guy—
 'Tis only that of life he cares not why;
 Nor how, nor when, nor even where.
 When Minerva calls he'll not be there.
 So when to school you do return
 With old, old faces gone and new ones come;
 Think ever of the blessed tree,
 A part of which we all would be.
 In most the seed of this tree is never born
 An others we find with roots up-torn.
 But in a chosen few the tree will live
 For Man new life and hope and power to give.

A small boy's definition of conscience: "Something that makes you tell your mother before your sister does."

Did you know that some big wheels walk around in little circles?

Young people always seem so silly right after you've ceased to be one.

Kappa Delta sorority.
 When you feel sick and irritable, there is nothing in the world that is quite so welcome as a friendly, sweet person who can actually do something to make you feel better. Certainly Mrs. Rogers fills the bill perfectly.

Don't strut; the fact that you have a certain title or position doesn't prove anything except that maybe in selecting you, somebody made a mistake that will be corrected later.

Art Dept Changes Library Pics

The Art Department has announced that it has just placed a new picture in the Library, replacing a colored ink drawing by Sandra Stanfield.

The new picture is a drawing, in white tempera on a black background, of the front entrance to the Administration Building. It is the work of Betty Hester, a student from Climax, Georgia. Betty is a member of the Drawing and Composition class (Art 120).

This is but one of the outstanding drawings produced by this class, which is composed primarily of freshmen. The work is usually left on the easels, and anyone who is interested in art is free to enter the art studio and look around, when there is no class meeting there.

IRC Presents-

(Continued from Page One)

On the previous Tuesday, the IRC held its regular monthly meeting at 10:15 in the college gymnasium. At this meeting those members designated to present the forthcoming chapel program rehearsed the presentation to gain the opinion of the group as a whole.

After dismissal, the members were served refreshments. The acting host and hostess of the month was Philip Dillard and Connie Baugh.

Studdard Tops-

(Continued from Page One)

academic work, dramatics, music, and other fields, make an important contribution to the total program at VSC and deserve the acclaim and recognition of the college community for outstanding achievement.

Just as a group of people need a feeling of community of interests and ideals, symbols and heroes to represent these qualities in order to form a nation, so does a college requires outstanding students and leaders in every phase of the college program to produce a healthy, spontaneous college spirit.

To Jerry Studdard and his teammates and to coach Colson, who through hard work and fine sportsmanship, have brought VSC honor and recognition, all of us are sincerely indebted.

W. M. Gabard

ED NOTE—

At the suggestion of a Canopy editor, Mr. William Gabard, competent faculty member, agreed to write the above story.

Kay Domingos-

and Eddie by the "Miss VSC Talent" of 1958, Miss Dixie Lee Weger. Miss Judy Starling, the chapter sweetheart made the presentations to the runner up contestants. Miss Weger and Miss Starling were introduced by Mr. Jerome Clegg, President of the Zeta Nu Chapter of TKE.

The entire production was co-directed by Joe Webb and Robert Waters. The sets were designed and created by Miss Jeri Martin. The brothers of TKE assisted in the production.

The fraternity would like to express their appreciation to the entire student body for their cooperation in making the 1959 "Mr. and Miss VSC Talent" pageant a success.

DILLARD ENSLEY

AS I SEE IT . . .

The Rebels are practicing ball constantly now, preparing for their first game three days after the Spring quarter begins. The Rebs, stated to battle 21 times on the diamond, look forward for the opportunity to display their skill and keep the ball bouncing — hoping to make as good an outing as the Rebels cage squad.

At the present, the only positions which are weak in competent contenders are the designated area around third and first — but if early practice sessions are any indication, these holes will be quite capably plugged.

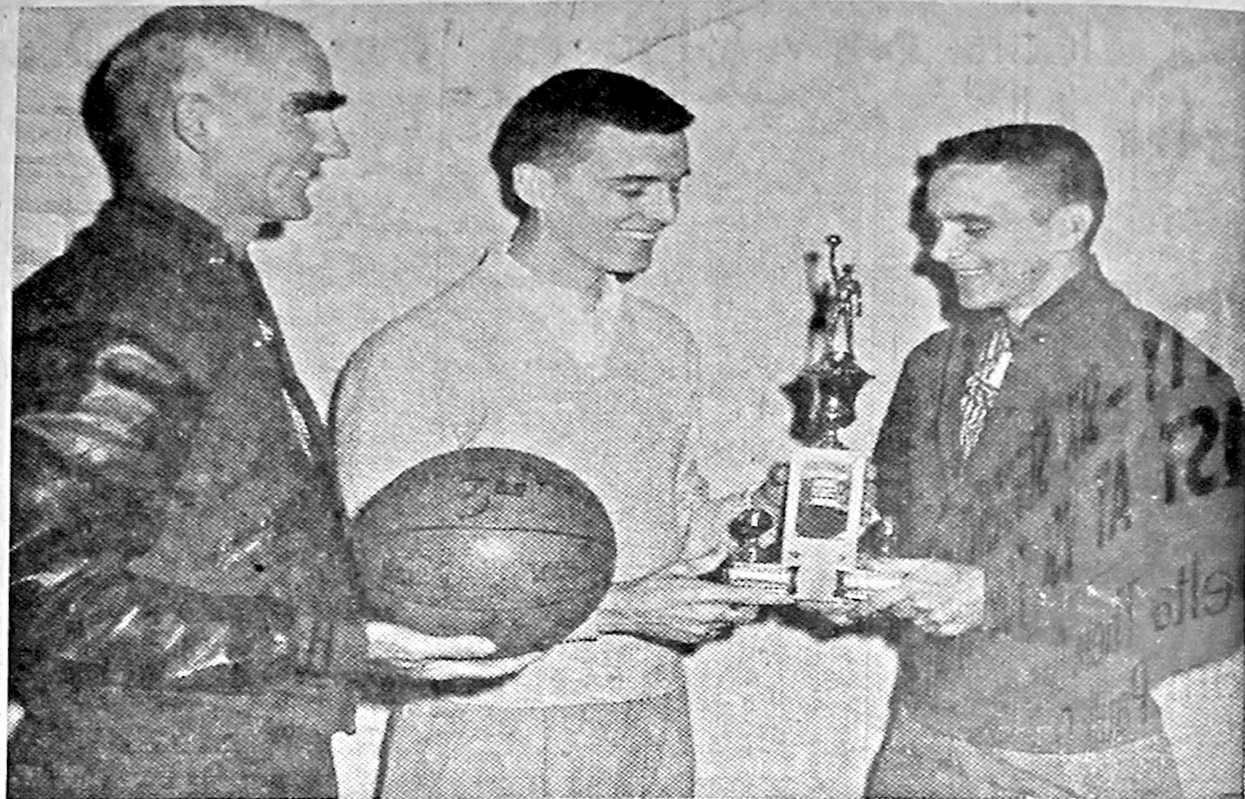

If you are an avid baseball fan, you know immediately the significance of the name "Whitey" or "Richie." I'm speaking of Mr. Philadelphia Phillie himself—the capable Ashburn in centerfield. The other day the I heard that Richie had signed his contract for an estimated \$32,000. Now the thing that interests me is why does Philadelphia pay this fiery little competitor a sum that is considered by all other officials as a low total for a man of his talent.

Last year he punched his hits through a tightened infield to the tune of 215—leading the league with 13 triples. He smashed in excess of 20 doubles, and to top it all, he edged out the thunderous Willie Mays on the final day of the season to take the batting crown with a .350 average.

Yes, in spite of his fiery competition, his hit production, and his team play—he is one of the top 5 underpaid players in the majors today.

Back in 1956 when Richie was drawing \$28,000 from the Phillie front office, the Dodgers were deeply interested in him. They offered to swap Duke Snider, a \$46,000 centerfielder on an even trade—Snider was on his way toward his third straight season or 40 or more homers. The Phillies wouldn't trade, but in the three years since that time, Richie has squeezed out only a 4,000 increase in salary.

A comparison of the salary of Richie with other players may be like this. The 41 year old Ted Williams, a great player in his own category, gets \$125,000 plus—Mickey Mantle, the lazy yankee outfielder, draws \$80,000—Orland Cepeda, '58 Rookie of the year in NL, is expected to get around \$18,000 in his sophomore year—and even Duke Snider, sidelined for half of last year's season with a bad knee, will get an estimated \$40,000. Nevertheless, the blond old speedster, still in his prime, gets \$32,000.

Athletic Director Cottingham, Coach Colson, and Jerry Studdard are shown with the GIAC Sportsmanship Trophy and Tournament Basketball awarded to the third place Rebels.

VSC Rebels Take Third In GIAC Tournament

By Dwaine Skiles
(special for Canopy)

REBELS 72 — BERRY 57
Playing one of their finest defensive games of the year the Rebels eased pasts Berry college to enter the semi-finals of the first annual GIAC Basketball Tournament.

Jerry Studdard pumped in 23 points for the scoring honors and was followed by Buck Ethredge and John Moye each with 15 points. Rebounding by Moye and Ethredge gave the Rebels control of the backboards.

John Moye	15
Gene Peacock	8
Buck Ethredge	15
Jerry Studdard	23
Wayne Studdard	7
John Louis Carter	4

LaGRANGE 84 — REBELS 73
Rebels lost in the semi-finals to the LaGrange Panthers in a closely fought decision which was decided by foul shots.

Although the Rebels outscored LaGrange from the floor by two field goals the foul shots they received were not enough even to match those made by the Panthers. The Rebels hit 15 for 22 while LaGrange bucketed 30 for 39.

Jerry Studdard again headed the scoring column with 26 points.

John Moye	9
Gene Peacock	8
Buck Ethredge	13
Jerry Studdard	26
Wayne Studdard	7
John Louis Carter	3
Johnny McIntyre	2
Dwaine Skiles	3
Julian Williams	2

VALDOSTA 72 — SHORTER 67
Valdosta came from behind to win third place in the tournament. At the half the Rebels left the floor behind 8 points and completely outplayed by a much shorter team.

As play resumed at the beginning of the second half a fired up Rebel team overcame the deficit and went ahead 42-41 before Shorter scored their first point. From then on the lead switched hands time after time with neither teams being able to build up a lead.

One minute remained in the game with Valdosta in possession of the ball and one point behind. Jerry Studdard sank a field goal to put the Rebels ahead. Then Wayne canly sank two (2) foul shots and John Lewis Carter stole the ball and laid in a crisp shot to ice the game for Valdosta with Shorter unable to score again.

John Moye	7
Gene Peacock	7
Buck Ethredge	12
Jerry Studdard	20
Wayne Studdard	13
John Lewis Carter	13

Abracadabra

Foolish boy—the best way to make a bottle of Coke disappear is to drink it! Yes, swallow after swallow, that cold crisp taste is so deeply satisfying . . . and the lively lift is so bright and cheerful the whole day seems happier, just like magic. So open sesame! Just uncap the bottle and get ready for The Pause That Refreshes!

BE REALLY REFRESHED...HAVE A COKE!
