YADOKTA STATE UNIVERSITY ARCHIVES

A black and white photograph of a pine forest. In the background, a large, light-colored building with a gabled roof is visible through the trees. The foreground is filled with dense, dark foliage, likely pine needles and branches, creating a textured, layered effect. The overall scene is serene and natural.

DEDICATION

DR. J. RALPH THAXTON

Every type of construction, be it of the material world or of the mind, must have someone who supervises. This person must be one who can manage people, give them advice, and be a friend to them. The one on whom this responsibility lies has a tremendous task; for the failure or success of the construction is to his credit. In **Dr. J. Ralph Thaxton** the 1955 **Pine Cone** has found one who meets all the above qualities, and thus we dedicate this book to him.

To encourage scholarship and stimulate interest in academic activities, two honor societies, one in the Senior and one in the Junior college division, worked together as an organization. In the winter quarter of 1952 these two societies were combined to form one large society bearing the name, Sigma Alpha Chi, and men students began to hold membership.

From the time of the Big Sister—Little Sister candle lighting service at the first of her Freshman year, every girl is a member of the Young Woman's Christian Association. The "Y" Cabinet furnishes the leadership and much of the inspirational guidance to help the individual with her daily problems. Some of the traditional services sponsored by the "Y" are: Morning Watch, Vespers, Compline, The Fire-lighting Service, the Hanging of the Green, and the Week of the Heart Sister. Many such influences, both tangible and intangible, make this one of the most active and popular organizations on the campus.

M. C. A. OFFICERS

Under the leadership of Ben Williams as President; Wayne Faircloth, Secretary; David Hudson, Vice-President; and Max Roberts, Treasurer, the Men's Christian Alliance, tries to bring to the male student body a closer awareness of God. They show that fellowship with our fellow man and God at the same time can be the most enjoyable prospect of campus life.

In cooperation with the M. C. A., the "Y" sponsors, each spring, a Religious Emphasis Week for the entire Student Body. It is the opinion of many that these two organizations helps create a religious atmosphere unique to college campuses.

"CURTAIN TIME!" This cry brings out the best that is in us. The producing of the play is hard work, but we revel in the grease paint, the muffed lines, and the many things that go into the production of a play. It is hard work, and the lines are hard to learn, but we love it; for, after all, we are the SOCK AND BUSKIN CLUB.

DANCE CLUB

Ah, to dance is to really live. To dance is to live anew, to express with movement that which cannot be expressed with words. By dance, we do not mean just the waltz or rhumba, we mean them all. At the May festival or our Spring recital, you can see all our talents on display.

Our second year of a mixed glee club has brought many new successes and our hopes for continued success are bright.

M U A L P H A

Mu Alpha, the first Greek letter fraternity to be organized at VSC, was established two years following the college's admission of male students to the campus. Since that date of origin, the fraternity has given its time and effort for the promotion of collegiate and citified activities.

The brothers of Mu Alpha have found that their fraternity has offered an atmosphere of sociality and loyalty which has provided a basis for a lifetime friendship unequaled by any other type of organization.

Its accomplishments include assistance in the Community Chest, Blood Drive, Sponsoring Miss VSC, awarding the outstanding male of the year, and giving recognition to a faculty member who we consider has done extra and uncalled duties in aiding students in their work.

SIGMA ALPHA OMEGA

The Sigma Alpha Omega sorority was founded during the month of December, 1953. The sorority was organized not to form cliques or to create an undemocratic atmosphere, but to aid its members in every way in maintaining high scholastic and social standards. It strives to promote a greater interest in the college and to give each member fuller and richer experiences during her college days.

Women's Recreation Association

Around VSC there are two typical expressions that one might hear — Yea! Lambda! Yea! Kappa! The reason? Why the friendly competition among the two teams which make up the Association that is called the "Rec" Club. The Physical Education Department advises and supplies the equipment with which we attempt to bring to this campus healthful living, pleasure and enjoyment, all leading to a well proportioned college student.

Mrs. Elizabeth Smith of the Physical Education Department acts as advisor and director of the group.

The "Rebels," a name that was just adopted this year, started the season with a team that was lacking in experience but well supplied with pep. With a new team except for one player the team did well to make the record they did. Due to their polished court strategy and nimble ball handling, each game was close and packed with tense moments. There is no doubt that next year when the Rebels hit the hardwood once again, there will be a much improved, much more dangerous, much much wiser quintet, wearing the red and black colors.

affiliated with the Georgia Intercollegiate Baseball Conference. A total of eighteen games are scheduled for this season. Victory may not be certain but excitement is!

After the "Serenaders" appeared on the same program with Mr. Walt Kelly, who is one of the top cartoonists of the nation, they asked him to draw them one of his creations. Whereupon he tore off a sheet of paper, whipped out a black crayon, and within seconds, or so it seemed, there was Albert. Albert the Alligator was so overcome with the music of the group that he just had to beat out a tune. Thanks to Mr. Kelly, Pogo, and the Swamp Critters.
