DR. D.G. WITTINGHAM WHOM YOU SUGGESTED AS A SOURCE IS PRESENTLY AT THE JACKSON LABORATORY, BAR HARBOR MAINE. WE DO NOT HAVE A TELEPHONE NUMBER FOR IT. OTHER SOURCES HERE SAY HE MAY KNOW A GOOD DEAL ABOUT EDWARDS' RESEARCH IN CAMBRIDGE, HAVING WORKED CLOSELY WITH HIM AT THE DEPARTMENT OF PHYSIOLOGY. IF HE IS WILLING TO TALK, HE COULD FILL IN OUR STILL-SCANTY PROFILE OF EDWARDS AND PERHAPS CONTRIBUTE SOME ANECDOTES AND COLOR WHICH WE LACK AT THE MOMENT DUE TO EDWARDS AND STEPTOE'S SILENCE AND THE RELUCTANCE OF COLLEAGUES IN ENGLAND TO TALK ABOUT THEM. PERHAPS AWAY FROM THIS CLANNED-UP ATMOSPHERE WITTINGHAM MIGHT SPEAK MORE FREELY. REGARDS
