THE GEORGIA STATE WOMANS COLLEGE, VALDOSTA, GEORGIA FRIDAY OCTOBER 6, 1939

NUMBER 2

## Eight Courses Are Added To Fall Quarter Curriculum

### SIX DEPARTMENTS GAIN NEW COURSES

New courses are being offered in the following departments: Music, English, Language, Education, History, and Home Economics. These new courses are being taught primarily because of their importance in present day life.

#### Kraft to Teach Public School Music I

Public School Music is developing into an important part of Georgia Curriculum, and for that reason G.S.W.C. is offering Public School Music I under the direction of Mr. Herbert Kraft. This course is open to all majors and minors in music and to others who receive permission from the Music Department. The principles and materials of teaching music from an historical viewpoint are considered. Additional work projects in History and Science necessary for the students who are expecting to teach music are also offered.

#### Class Forums, Conferences

For Freshmen and Sophomores who have studied English 100 and are especially interested in advanced writing and literature, English 130 Advanced Composition is being taught by Mrs. John B. Odum. The course is designed for students who write well and who desire further training. It is taught through lectures, class forums, class criticisms, and individual conferences.

#### Introductory Spanish

Spanish 10-11, Introductory Spanish, is open to both Freshmen and Sophomores who have never studied Spanish but who wish to do so. Dr. Sapelo Treanor conducts a study of the elements of Spanish grammar and pronunciation, with written exercises and the reading of easy stories in the second quarter's work. No credit is given for this course until Spanish 101 is completed.

## Past Links Great Names With Those Of The Present

By MARY W. WILLIAMS

As we look through Canopies, View Books, and Pine Cones of the past it is very evident that G.S.W.C. alumnae have been leaders in athletics. Always to be remembered are these outstanding girls whose names ring through the years—Coppage, Wilson, Joubert, Studstill, Bragg.

Now the sport's spotlight is turned on the stars of the present day athletic life with hopes of an illuminated future.

#### Honors in All Games

Leading a list of Seniors is Edith Wilson who carries honors in American and Soft Ball. Sara Garbutt is as smooth as she looks at swimming and tennis. Montine Cowart would have given Robin Hood a fit any day in the week. Marian Smith and Louise Bell carry the name of "pick-of-all-sports."

The Junior Class proudly presents the president of the Sports Club, Ruth Reid, who deserves

## GLEE CLUB SELECTS THIRTY-EIGHT MEMBERS

## Students Activity Committee Reduces Allocations 10%

### DEFICIT ON LOG CABIN TO BE PAID WITHIN TWO YEARS

Agreeing on a 10 per cent cut in the 1939-40 allocations to the clubs, organizations, and publications, the Student Activities Committee finds that the \$1105.01 deficit on the Log Cabin can be removed within a period of two years.

#### Maintenance of Cabin

The cut in allocations also makes it possible for the Log Cabin to be in use during the year. Maintenance of the cabin includes insurance, gas, lights, water, and cleaning.

#### Students Free to Use Cabin

Plans are being made for proper locks to be put on the two front doors. With the installing of the locks the cabin will be open throughout the day. Students will be free to work or play in the house at all times.

Minus the 10 per cent cut, the allocations for the school year 1939-40 are as follows:

## Transfers Find G S W C Different, But Friendly

By LOUIE PEEPLES

Nine transfers can't be wrong! G.S.W.C. IS a wonderful school, and we welcome these newcomers royally. Eight new Juniors and one Senior are fine assets to our senior college and the campus.

#### U. of Ga. Sends Three

Mary Olive Fountain, the attractive Senior transfer, has a combination nick-name, 'Molly.' She hails from Georgia. Two Juniors, Georgia transfers also, are Jane McLaughlin and Emily Garner. Jane, whose hometown is Jesup, has attended Bessie Tift, Statesboro, Georgia, and now G.S.W.C. While at Georgia Jane was a member of the Alpha Gamma Delta Sorority. Emily, charming brunette, was a Student Deaconess, treasurer of Sophomore Council, and a member of the Kappa Delta Sorority while in Athens.

#### Outstanding Transfers

Emily confesses she put the

temptation of having too good a time at Georgia behind her and came down here to study, but Veronica Kleeman, Armstrong transfer, is having a good time and studying at the same time. Affectionately called "Bits", Veronica has plenty of Southern charm according to those who know her best. Another Armstrong transfer is Margaret Dutton. When Veronica mentioned having a good time, Dutton said, "I like to have one of those, too." She loves poetry and is a grand tennis player. Veronica and Dutton are both from Savannah.

#### Statesboro Has a Delegate

Virginia LaVerne Tomlinson, Statesboro transfer, is busily engaged in being a monitor, loves sports, and is noted for her insistent giggling.

The tiny brunette, Miriam Syms, is from Abbeville and a transfer from G.S.C.W. The girl

## Rings On Her

**FINGERS.** Winning favor among the seniors and the entire student body last year, the idea of having a standard college senior ring and pin for the graduating class again is favored this year.

### Standard College Rings and Pins

A standard emblem, whether it be liked especially or not, has it all over a ring or pin that is changed each year. The standard ring distinguishes the seniors as seniors.

The standard ring symbolizes the college to all who have attended, and graduated from the institution. Years after graduation an alumna, on sighting the ring upon the hand of another, would immediately recognize a fellow alumna, or a senior attending the college.

### Get Rings This Quarter

Getting the rings early this quarter is another important factor. With the war in Europe the price of metals is steadily rising. Accordingly the price of college rings will go up.

It is desirable to have the rings early in the Fall quarter for another reason. Wearing the ring while still in school, and being known as a senior because of the ring, is a joy in having the ring.

### Victory for Canopy

The Campus Canopy last year, under the editorship of C. J. Morris of New Rochelle, New York, instigated the adoption of standard college senior rings and pins. The proposal was voted upon and accepted by the student body. This, then will be the second year of the existence of standard rings and pins for GSWC.

## Freshmen, Beware!

**BEWARE!** With the clubs, organizations, and publications making a frantic, yet successful search among the freshmen for new members, new assistants, and needy writers, there should be sounded a warning bell to these recruited frosh.

If they don't watch out, they'll be caught in a vicious circle of never ending activities that will get them nowhere.

Gullible, because of the fact that they desire activities which will distinguish them, they eagerly jump at any proffered suggestion of joining up with anything that is pleasingly presented and joinable.

### Selection and Evaluation

It would be wiser to try-out for only those clubs in which you, as a freshman, are sincerely interested. Needless worry and ill-done duties would never be a result if you were pushing toward a goal that is deeply desired by you and not merely being around in something because your roommate joined, or tried-out.

Evaluate what is offered at G.S.W.C. and try to make an intelligent decision as to what in the long run would be most profitable to you, both in time and experience.

Hats off to ANNE PARHAM, and the dormitories know why. She also has a collection of bows and beaux, and NORMAN says it with flowers—regularly.

Noted swingsters: CHARLOTTE DAVENPORT & STARR CLARK, and JOHN HOWELL is Starr-gazing more than ever. Seen hovering around the punch bowl at the last reception: SMITH, COLEMAN, MC KEY, and BURNS. Thirsty, girls.

**THREE SUSPECTS:** SINEATH discovers 'Bits' KLEEMAN, new Junior transfer, and Myddelton dates Taylor. Mishaps of the facereceiving line: MARY JO FORD became "Miss Henry" along the way, and Frosh North ended up as "Miss West"—we're puzzled too, but have three suspects.

"Porkey" Orr now believes in Cupid, and his name is Bobby—came all the way from Savannah to see her last week end. Celebrated dance team: WILSON and WHISONANT at their best. Headline: LARSEN braves British liner and brings home masculine photo. And speaking of photos, MARTHA SUE GRIFFIN has seven—all at one time! One, a Virginian, owns a yacht and airplane—and phones Griffin long distance.

**FLORIDA AND OHIO:** GWEN JOHNSON, the good-looking girl from Leesburgh, is also a student—according to record so far. LINDA SUMMER joins her classmates this year. Glad to have you back, Linda! A Floridian in our midst is ELIZABETH COLLINS. "Liz" brings the sunshine with her. VIVIAN REED, the girl from OHIO, does not like grits, but we're saved, Southerners, she loves potatoes.

Query, please, from Emory Junior: Who was the girl in the red dress on this campus last Sunday afternoon? Mysterious telephone conversation reported by Garbutt. BETTY JANE DOROUGH can spell, really, but not, it seems, her name.

**DRAWING CARDS:** It really didn't take Lowry long to put over a big BEAL—pardon us—deal.

MARY MCCOY just couldn't stay away from G.S.W.C. and Valdosta. It really sulks her to a "T".

Ye editor gets unexpected letter from a Songbird. And speaking of birds, they of a feather do flock together. PREXY ABERNATHY plus ex-prexy BILL JAMIESON—deah, deah.

**A SECOND "OOMPH" GIRL:** Rumor hath it that GINNA from Statesboro gets an autograph book in the form of a letter with six cents postage and thicker than mud.

DENE BOWEN collects ties. Her favorite at present is a white satin one from—did you say Jasper, Dene?

DELL WRIGHT must have something, maybe she's the second ANN SHERIDAN. Anyway a boy seeing her was inspired to hug the whole school. He said so!

**DAVIS IS MODEST:** KITTY D. sports a Sigmund pin. It's a token of friendship sez she—well!

Ye frosh are entertaining Emory Jr. Witness the supper hosted by RUTH TAYLOR on Sunday nite—Food? Well they don't feed the boys on Sunday nite, Y' know.

Mildred Wilson's no COWART. They've begun again—Also she has a little RAY of sunshine in her life.

**WEST POINT PLUS YALE:** Richter, PARDEE for telling, gets a Yale man.

Duncan has a visitor—that blond EX-EMORY MAN.—Morris is the name and he's from Fitzgerald.

Mimi's B. F. from back home writes amorous letters and long ones, too.

Katherine Abell's true love at WEST POINT prep in Wash. D.C. has a heavy ring—wears her out to carry it around—'specially while typing.

## The Time Has Come

By ORA KATE WISENBAKER

One of the loveliest descriptions I've read in a long time is one given by Janet Marchbanks in Hanna's "Blackberry Winter." She describes the fine Indian cloth as a "web of woven wind," so fine and delicate it is. "Blackberry Winter" describes Southern life in the early days of King Colton. Especially interesting to Georgians, because of its location, Augusta, it draws clearly a picture of the life through several generations of a Southern family.

### Unpleasant Heroines

Louls Bromfield's novel, "The Rains Came," has been made into a movie. Following the definite trend in movies away from the sweet, unsuspecting heroine, the woman character is a rather unpleasant being at times—one who really goes after a man and who is more of an adventuress, a woman who definitely will "stoop to conquer" in order to gain whatever ends she wants.

### Bette Davis is Supreme

This dragging of woman, perhaps the more cynical will say humanization, began when Bette Davis made Mildred immortal in "Of Human Bondage." Rosalind Russell as the "cat" in "The Women" also does her little bit to show up her sex in their—shall we say—weaker moments.

Nevertheless "The Women" is one of the cleverest pictures ever produced. Men will enjoy it because they can say, "So that's how they really are!" Most women will like it because although it hits uncomfortably close at times, it really is a delightful burlesque of the fairer sex.

### Blind Piano Genius

Alec Templeton, the blind piano genius, gave his interpretation of Rudy Vallee's singing the other night. But the prime one was the night he played "The Three Little Fishes" a la Handel.

Rudy's last program on his tenth anniversary on radio was one of the finest programs of its type. Throughout the week, the different radio programs have paid tribute to one of the finest and most loyal gentlemen of radio.

## To The Editor

Where are all the GSWC emblems that were won last spring? It seems to me that any girl would be proud to wear one in view of all the work and time and effort for which they stand.

### Point System Revised

When the point system was revised at the last of school, it was decided that the Emblems were being won too easily, even by Sophomores in some classes and so the sixteen point maximum per quarter was to be enforced henceforth.

### Let's See the Emblems

Now that only a few persons will be able to win them I'm sure the girls who will be awarded them this year will be proud to wear them. Old girls, take your emblems out of mothballs and let's see you sporting them.

Sincerely,  
Mildred Wilson.

## From An Uneasy

**CHAIR.** New reporters, a new office, a new typewriter—which was carried all the way from Converse Hall to the office in the House-in-the-Woods by Abell, new typist for the paper—a new year.

Bouquets to the editor of the annual—getting assistants from the Junior class—a sure way of paving a smooth path for the succeeding editor and editors.

Miss Garbutt in a deluge of red, red roses—John G. Neihardt brought thrills from the western plains—comparable with those of Saturday movies.

Homegoing—an event to the Frosh that will never be forgotten—we hope you'll retain that girlish figure until then.

Wisenbaker gets punny and even funny at times—Tommy Parrot, makeup man at the printers, sees us to press one more memorable time—Thanks to him for the freshman edition.

Sports council—big plans for the year with a news sheet to edit, a calendar to hang.

We who sit in the chair so uneasily, wonder when the Soph-Frosh rivalry for Hat Day will reach its full tempo.

Seniors make great plans for a trip either to Cuba or New York during the Spring holidays—freshmen wonder about class president—while the sophomore class president Maxwell Williams is tremendously glad to be back.

Sue Pritchett, of journalistic fame, kindly offers to criticize our feeble efforts during her idle moments. Great favor on both sides, we think.

Miss Carter takes an unexpected plunge into the pool—so much news for the paper that we contemplate an extra page.

# John Neihardt And Son Open Artist Series of Year

READ FROM "EPIC CYCLE OF THE WEST"

John G. Neihardt, American poet and literary critic opened the artist series on Oct. 2, sponsored by the English Club.

Reading from his "Epic Cycle of the West," the poet gave selections from "The Song of the Messiah."

Mr. Neihardt was assisted in his lyrical readings by his son, Sigurd Neihardt, piano virtuoso.

### Homer of the Americas

Hailed as the Homer of America and writer of an epic destined to live, the poet instructed and entertained his audience. His unpretentious, pleasing manner, his wholesome attitude toward poetry and social matters, and his effectiveness as a reader and speaker made the program an inspirational occasion.

The English Club entertained with a reception in the Rotunda immediately after the program and everyone was given the opportunity of meeting the Neihardts.

## DEANS LIST IS ANNOUNCED FOR FALL QUARTER

Figures for the past year indicate that the highest grades were made by the students during the Fall Quarter. However twenty-six students were placed on the Dean's List at the close of the Spring Quarter for outstanding scholastic rating. They are:

Seniors: Ann Dunbar, Eleanor McIntyre, and Margaret Weir.

Juniors: Mary Catherine Abernathy, Geraldine Bowen, Helen Duncan, Irwin Smith, Rosalind Taylor, Ruth Whisonant, and Mildred Wilson.

Sophomores: Margaret Bruce, Sara Gibbs, Frances Hug, Louise Macfie, Carolyn Williams, and Gwendolyn Winter.

Freshman, Marie Ambos, Aileen Brim, Eleanor Cook, Louise Edwards, Leecy Anne Goodloe, Mary Elizabeth Heirs, Grace Williams, Marnell Parker.

## ANNUAL RECEPTION HONORS STUDENTS

Students of G.S.W.C. were formally presented to the members of the faculty at the Student-Faculty reception on Saturday evening in the Rotunda of Ashley Hall.

Members of the faculty, headed by President and Mrs. Reade, formed the receiving line.

During the reception, mint punch and cookies were served. Miss Louise Sawyer, head of the Speech Department, and Miss Marie Motter, voice teacher, presented a program in the auditorium. Miss Sawyer read two humorous monologues. The selections given by Miss Motter were: "By a Lovely Forest Pathway," "The Nightingale," "The Rose," and "A Heart That is Lonely."

As an encore Miss Motter sang, "Coming Thru the Rye."

Following the program, refreshments were served in the dining hall.

### FRESHMAN ELECTIONS TO TAKE PLACE IN NOVEMBER

According to a statement made by Miss Annie P. Hopper, Dean of Women, freshman elections will be held sometime between the first and fifteen of November. The date will be definitely announced later.

All petitions for nominations must be signed by at least ten students and submitted to the Dean of Women for approval. The petition is then posted on the bulletin board a week or more before the election.

Miss Hopper also announced that at several Freshman Conferences which are held each week, the topic of discussion would center around the ideal class president.

"Abbie, you dance divinely," confessed the newly acquainted to Mary Catherine at one of those fraternity affairs that are the highlight of any girl's college career.

Bewildered Mary Catherine stammered out, "But my name is not Abbie, there must be some mistake."

With a reddish tinge overspreading his face, the embarrassed admirer hastened to protest, "But you were introduced to me as Miss Abbie Nathy, weren't you?"

Suppressing a giggle, she carefully explained that she was not Abbie Nathy at all, but MARY CATHERINE ABERNATHY.

And so she is—competent president of the Senior class, last year's junior president, talented dancer, remarkable dramatist, student advisor, and member of the '39 Junior Staff of the Pine Cone.

She is a member of the English Club and of the Sock and Buskin Club. Her dramatic work has been widespread.—As a sophomore she played the part of the old witch in "Snow White" in the May Day Festival—as a junior she played the role of a languorous beauty in "Stage Door" presented as the annual play of the dramatic club.

Dancing is her favorite pastime—at last year's May Day Festival she did an interpretative slave dance—she has danced the minuet and novelty numbers in the Christmas Festivals—In spite of an embarrassing tumble on a dance floor one evening, she's all for "tripping the light fantastic."

Her pet likes are oranges, hot dogs, and any kinds of good time—opposed to them are rats and people who pop gum when she hasn't any!

Of all screen idols, Gable is her choice—her Queen of Filmdom is Bette Davis.

She is always falling in holes and threatens to organize a Society for the Prevention of Holes in the Ground.—Incidentally, her feet are the daintiest of the dainty!

Reading has some overpowering attraction for her, especially the best sellers—"Rebecca" and "Grapes of Wrath" for example.

Mary Catherine is really a first rate class president and it was a lucky break for the Class of '40 when she decided to transfer to G.S.W.C. after one year at the sister school in Milledgeville.

## Faculty Has Many Routes To Travel During Vacation

New York and its World's Fair—biggest attraction to professors of G.S.W.C.—was one among many of the drawing cards for summer vacation routes of the faculty.

Dean Hawks had a grand time running around the country—North Carolina and Virginia, especially Williamsburg, spent a while in Baltimore, two weeks at Blue Ridge, ten days at Lookout Mountain, came home the sixth day of September, found it uncomfortably hot, and mourned the loss of the coolness enjoyed all summer. Miss Evelyn Deariso accompanied her as far as Baltimore, but then went on to New York and the Fair.

### Some Study and Research

Miss Lillian Patterson, assistant librarian, studied hard at the University of North Carolina, Chapel Hill, finished her degree in library science, and went on the library division field trip to Richmond, Washington, Baltimore and New York. Miss Marjorie Carter studied at Biological Station at Mountain Lake, Va. Mrs. John B. Odum studied and researched too, but she remained at home in Valdosta.

Dr. Beatrice Nevins taught in summer school, along with many other members of the faculty. After summer school, she went to Athens to help revise the Biology syllabus, then home to Wisconsin. Incidentally, Dr. Nevins saw her first tobacco sale in Val-

dosta this summer. Dr. Joe Durrenberger also taught and had an exciting trip to Canada with his family. He came back with a great appreciation of cricket, the game that is to the English what baseball is to Americans.

Miss Elizabeth McRee went to Atlanta, North Carolina, and Florida. And speaking of Florida, Miss Gladys E. Warren was having a wonderful time at the beach, when unexpectedly she had an opportunity of going to the World's Fair. She went—beach clothes and all, and then came back to the beach to finish the summer.

### New York Big Drawing Card

Miss Matilda Calloway spent the summer in Detroit with her brother, read the biography of William Lyon Phelps, and is now a Phelps enthusiast. Miss Ruth Carpenter painted portraits in oil went to Canada, spent a week in New York, saw plays, Fair exhibits, and especially paintings. Dr. Harold Gulliver taught in the summer session here, and Dr. Harold Funke taught at Duke. Dr. Funke also traveled in the middle West.

In the midst of all this, Miss Ivey "rested, loafed, went to Atlanta, dripped and dripped, and wiped up mildew from the rainy season." Dr. Frank R. Reade spent the summer at GSWC, with two extended trips to his home in Abingdon, Virginia, and several trips to Atlanta.

Portuguese has been added to the long list of foreign languages taught at the University of Texas.

## DISPENSARY HOURS

Dispensary hours will be half hour following study hours (10:30 to 11 p.m.) in the Health Service of Converse Hall, either the half hour following noon lunch in the senior dormitory opposite Miss Sawyer's studio. Emergency calls may be made at any time during the day or night.

Floor excuses in the P.E. Department must be called for in the Health Service the half hour following breakfast, or in the Senior Hall dispensary room the half hour following lunch.

Visiting hours in the infirmary will be the half hour following each meal, any other time must be by permission only.

#### Dance on October 14

Under the leadership of Mary Catherine Abernathy the Seniors are making plans for a year full of activity. On October 14, they will sponsor a dance in the Recreation Hall. A benefit bridge party is scheduled for October 21. The entertainment will be given in the House-in-the-Woods.

#### One Act Skit, Stationery

Numerous plans are under way for the annual Senior Carnival which will take place at Halloween time. The Seniors will also have on sale in the near future stationery which is printed with names and addresses or which bears the seal of the Georgia State Womans College. are almost no abnormal blood pressures and very few heart leaks. A good many secondary anemias were found which will cure themselves when the girls begin their sports. Small goiters were discovered in a considerable number of girls. This fact proves to be a help instead of a hindrance for it shows which people need more iodine in their diet. Only a few perfect postures were found; the majority needing to improve. A fad could be made of this improvement of posture by having it become popular to be seen carrying books on your head. There is no better way to improve posture than by learning to hold one's head correctly."

#### Freshmen Are Taller

Compared with last year's examinations, there is a larger class and the girls are found to be a degree healthier. A large number had been successfully vaccinated before entering school, thus saving time and trouble.

#### Health Service

Health Service is the term which should be applied to the health department. An infirmary is only a branch of the health service. The duty of the service is to help people keep well, also aid them when they are ill.

"Phi Beta Kappa," we yelled, hearing only the Phi Beta. "No," said Rowena, "but I wish it had been!" Anyway, we are looking forward to having these girls among us, and may they find a lot of happiness on our campus!

### BIBLE LECTURES TO BE PRESENTED

Initiating a series of lectures on the Christian Bible, Mr. W. G. Workman, of Emory Junior College, spoke in chapel on Wednesday. The series will continue throughout the year.

Mr. Workman opened his discussion by reading selections from Bibles of religions other than the Christian. He continued by saying that in all Bibles are found features common to all; each Bible is an outgrowth of religion; each one contains selected literature; each one claims for itself truth superior to any other book.

Just as there are common features in Bibles, there are also peculiarities to be found in each one. Bringing out the features peculiar to the Christian Bible, Mr. Workman said that it is the only one that gives to the world the Christ. In the Christian Bible are to be found all forms of literature, and the facts found in it are fundamentally historical. Other peculiarities of the Bible are that it is not a book of rules and regulations, but that it is a book of life; and also it is morally progressive.

The second of the series will be given next Wednesday at chapel period. The theme of the lecture will be the foundations and history of the Jews.
