NUMBER 22.

Rubinoff And His Violin To Appear In Valdosta

Famed Musician To Give Concert At Ritz Theatre On May 4th

Dave Rubinoff and his famous \$100,000 Stradivarius violin will appear in a concert at Valdosta's Ritz theatre on May 4. Sponsored by a number of Valdosta Civic organizations, Rubinoff's Concert is expected to draw one of the largest crowds in the history of the city.

Now touring the country, Rubinoff will open National Music Week with his concert here. His performance here will be of modern classics.

Rubinoff enjoys wide acclaim due to his rich symphonic interpretation of popular music, his unique arrangements and always the silken magic of his violin.

Rubinoff has appeared in two motion pictures, "Thanks A Million" with Fred Allen, and "You Can't Have Everything" with Don Ameche. He was guest conductor and soloist of the Cincinnati, Chicago, Kansas City and London Symphony Orchestras. He has been featured on the Chevrolet, Pebecco, Rexall, and Chase and Sanborn radio programs.

Famed orchestra leaders who have played under Rubinoff's direction include Glenn Miller, Carmen Lombardo, Artie Shaw, Tommy Dorsey, Benny Goodman, Richard Himber and Mark Warshaw.

Born forty years ago in Russia, Rubinoff first fumbled over the frets of a \$1.75 fiddle. For twenty-five years, since he was discovered by Victor Herbert in 1911, Dave Rubinoff has captured record crowds. John Phillip Sousa first introduced him to school assemblies in 1914. The late Will Rogers inspired him, not only to play his violin, but to lecture as well.

His artistry has delighted millions in more than 47,000 individual station broadcasts in seven years. 225,000 attended his open air concert at the Chicago Grant Park, breaking the world's record.

Tickets for the Valdosta concert will be 250 specially reserved seats at \$1.50. The other downstairs seats will be \$1.00 each, and the balcony seats will be 50 cents.

Turnbull Elected Math-Science Club President

Eleanor Turnbull was elected to succeed Frances Williams as president of the Math-Science Club in last night's election at the April meeting of the club. At the same time Lois Johnson was named vice-president, and Doris Hiers was elected secretary-treasurer.

Immediately after the election a financial report was given by the treasurer, followed by a report from the three divisions of the club on their activities of the year. These three divisions include Biology, Chemistry, and Math.

Tentative plans for the annual club picnic to be held at Twin Lakes were discussed, the date to be announced later. The following committees were appointed.

Hallie Hinshaw will head the Transportation Committee, assisted by Marian Posey and Jeanne Pryor. Working with Carolyn Roberts, chairman, on the Foods Committee will be Edith Allen, Elizabeth Lyon, and Leonora Peeples. Ruth Reid will be chairman of the Recreation Committee assisted by Pattie Patterson and Mary Alice Brim.

Annual SGA-Y Retreat Planned For April 26, 27

April 26 and 27th have been set aside as the date for the Annual Spring Retreat of the old and new Y. W. C. A. and S. G. A. officials. The retreat will, as is customary, be held in the Dusenberry's cottage at Twin Lakes.

Tentative plans for the retreat have been made, and final plans will be announced later. At present, plans are for the Y. W. C. A. officers to leave Saturday afternoon and spend Saturday night and the S. G. A. officers to arrive Sunday morning and both organizations return to G. S. W. C. campus together on Sunday night.

The purpose of the Retreat is for the discussion and planning of the two organizations for the coming year, for presenting problems facing the groups, and for expressing and airing the purposes and requirements of the organizations.

Ann Parham, president of S. G. A., will preside over the discussion of the Student Government Association. Caroline Williams, president of the Y. W. C. A., will lead the Y. W. C. A. discussion. Maxwell Williams has been elected president of the S. G. A. for the coming year and Kathrine Scott of the Y. W. C. A. These plans are for the Cabinet and S. G. A. officers use during the coming year.

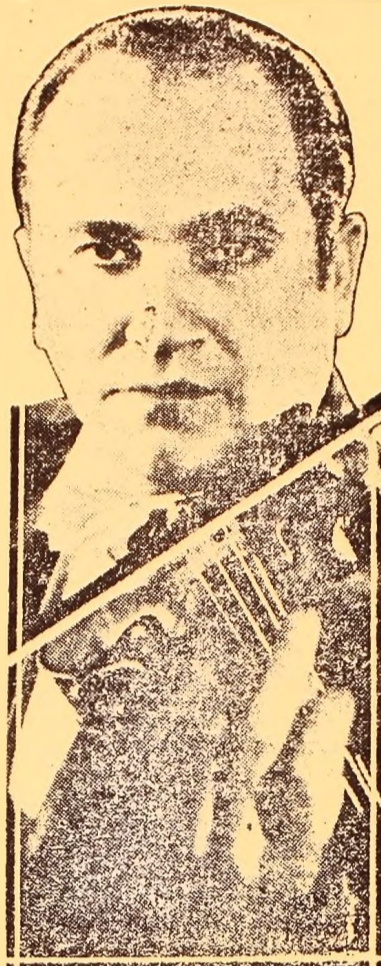

Flower Slides To Be Shown

"The flowers that bloom in the spring, tra-la" may be a trite, outworn expression, but the indoor sport of flower arranging is far from being an out-of-date accomplishment. G. S. W. C. students who have always loved to look at the delicate beauty of spring flowers now have an opportunity to learn—in one interesting lesson—how to arrange a vase that will merit compliments.

The Freshman Honor Society is sponsoring a showing of Better Homes and Gardens slides on the subject in the college auditorium Tuesday evening, April 22, at 8 o'clock. There will be no admission charge, according to announcement made by the president, Thelma Sirmans.

Breathes there the college gal with soul so dead she hasn't a spark of sporting blood left in her? Of course not, so the Fostoria Glass Company is offering a prize for the winner of a contest which will be held in connection with the flower arrangement slides.

Jeanne Pryor, secretary of the Freshman Honor Society, will be the commentator. The collection of slides is valued at \$200. This feature is brought to the campus as a project of the society, which this year has emphasized and encouraged hobbies among the students.

RUBINOFF AND HIS VIOLIN

Parham, Williams, Martin Attend SIASG Meeting

Ann Parham, Maxwell Williams, and Sara Catherine Martin represented G. S. W. C. at the twenty-sixth annual conference of the Southern Inter-Collegiate Association of Student Government, which met at Sophie Newcomb College in New Orleans, April 10, 11, and 12.

"Youth—American Style" was the convention theme, the program topics being arranged in the form of a menu. Some of the discussions were "Student Government: Rare, Medium, and Well-Done", "Stimulating Student Appetite" and "Side-Tracked by Side Courses".

There was a display of student government handbooks. Among the outstanding handbooks shown was that of G. S. W. C., put out jointly each year by the Government Association and the Y. W. C. A.

A banquet given for the delegates (See PARHAM Page 4)

Florida Glee Club Concert Is Called Off

No, everyone on campus couldn't have lost her last friend! But why the gloomy countenances cluttering up the campus?

When there's melancholy about a woman's glances, or an air of depression in her actions . . . you may well know that a man's at the bottom of it all. Well, my dear readers . . . this time there are a multitude of men at the root of all this evil.

A whole group of melody makers, to be more exact, the Florida Glee Club, who were scheduled to croon to approximately 400 G. S. W. C.'ers, have at the last minute failed to make their appearance. These inconsistent men . . . what are we women to do with them.

By this time, surely even the dumbest reader has guessed the cause of the dismal, dejected, and saddened creatures. 'Tis enough to make the brightest optimist . . . a bit pessimistic. Eh what?

15 Girls To Be Awarded Coveted GSWC Emblems

Six Seniors Received Emblems Previously; Awards To Be Made Next Wednesday

"Nine Seniors, five Juniors, and one Sophomore will be awarded the coveted G. S. W. C. leadership emblems in chapel on Wednesday", stated Ann Parham, president of the Government Association today, in announcing names of the potential wearers. "Six Seniors received their emblems before their Senior year, thus making the total of 21 who are entitled to wear them".

Sports Club To Be Hostess To GFACW Meet

GSWC girls will play hostess to the Georgia Athletic Federation of College Women when that organization holds its annual meeting on the campus during the week-end of May 16. Ruth Reid, president of the GFACW and the GSWC sports club expects about thirty delegates from ten senior colleges in the state.

The delegates, who will be entertained on campus, will arrive on Friday afternoon to register. Following supper in the dining hall, a discussion will be held in the House-in-the-Woods. Council members of the Sports Club will meet the delegates at an informal coffee following the open forum.

On Saturday morning the second discussion of the convention will be at 9:30. After lunch in the dining hall, the third discussion will take place. Before the seven o'clock supper in the House-in-the-Woods, the hostesses will entertain the delegates with some type of recreation. The last meeting will be on Saturday night in the House-in-the-Woods, at which time the officers for next year will be elected. The convention will end with breakfast in the House-in-the-Woods for council members and delegates on Sunday morning.

The following committee chairmen have been appointed and will select their respective committees from the members of the Sports Club.

Lecky Goodloe will head the Transportation Committee, and Louise Edwards will be chairman of Registration. In charge of selecting the various hostesses will be Jean Mobley and Alice Meadors. Pat Ford is chairman of the Room Committee, and Gwen Johnson will head the Favors group.

In charge of the various meals are Mary Bundrick, Elizabeth Bateman, and Frances Street. Evelyn O'Neal head the Coca-Cola committee.

Sessoms To Be IRC President

Ruth Sessoms was chosen president of the International Relations Club at a recent election. Mary Josephine Ford was elected vice-president of that organization at the same time. These officers will serve during the 1941-42 school year.

Miss Sessoms, who succeeds Frances Giddens Davis, defeated Alice Wisenbaker for this office.

The president-elect is Business Manager of the Campus Canopy, and has served on the advertising staff and as Managing Editor of the paper. She is a member of the Sociology Club and Phi Kappa Sports Club.

Miss Ford is a member of the Math-Science Club, Phi Kappa Sports Club, and Freshman Honor Society. She is chairman of the Sophomore Council.

Both have been very outstanding in I. R. C. activities for the past year.

Those who will receive emblems this year include: Seniors, Margaret Dutton, Lois Green, Wilmot Green, Susie McKey, Louie Peeples Askew, Ruth Reid, Carolyn Williams, Inez Taylor, and Evelyn Woodward; Juniors, Gwendolyn Hendrick, Mary Jean Rockwell, Kathryn Scott, Ruth Sessoms, and Maxwell Williams; Sophomores, Sara Catherine Martin.

Those six Seniors who received their emblems before this year are Ann Parham, Linda Summer, Mary Alice Brim, Evelyn Brim, Jeannette Johnson, and Margaret Burns.

These coveted emblems are awarded to recognize and reward leadership, ability, and service in campus clubs and organizations, and to the college. They are worn as a symbol of participation in extra curricular activities.

The award is based upon points given for holding offices in student activities. Students are usually Seniors before accumulating the twenty-five points necessary for eligibility to wear the emblem.

These emblems are cut from black felt and are usually worn on a white background.

Ann Parham will present the emblems to the fifteen girls who are being honored at the chapel exercises on Wednesday.

Sophs Hold First In Series Of Open Forums

Dr. Wieman's visit to our campus was only the beginning of what might prove to be one of the greatest campaigns on Men and Women Relations to ever appear on the G. S. W. C. campus.

The first of a series of discussions on Men and Women Relations was held on Wednesday night in the House-in-the-Woods. Margaret Burns led the discussion.

Some of the topics discussed by the girls were "How to get a man", "How to hold a man", "Is there such a thing as love at first sight?", "Can 'lines' be used to advantage?", "Does it take a special technique for every boy?". The answers to the questions were varied and very informative with a general agreement that personal appearance is the basis of attracting men and attraction is the first point to score in winning your man.

From this topic the questions turned to "How to impress the impressible boy". One of the points scored on this topic was that it is not always desirable to impress all men.

This first discussion was only a starter for ways to solve our many Men-Women Problems.

In order to put into practice some of the things learned, the class is sponsoring a co-ed picnic-hike Friday afternoon, April 25. Boys from Emory Junior have been invited.

Because of interest shown in the first of these discussions plans are being made to continue the discussions at an early date.

Get Your Three Cents Worth

It's true that it's the little things in life that count, and it's also true that one of the smallest yet one of the best things in this life costs just three cents, plus the impulse to write a letter.

Perhaps it's a letter we should have written long ago. Too often we let them go unwritten by fooling ourselves and saying that we haven't the time. Or perhaps it's one of those unlooked for letters, the kind of letter we like to get—the kind of letter that gives one a lift for the whole day.

We all have good intentions of writing letters of condolences, of congratulation, of appreciation, or of friendship—tomorrow or next week. Or perhaps it's an answer to a letter we've received, but we just never get around to responding to it.

Silence is golden, when someone is playing Chopin, or when we're sleeping—but there's no excuse for postal silence. For what has civilization perfected the alphabet and typewriter, and mail service by train or plane, if not for use?

So put in your three cents worth. That letter you've been meaning to write may cheer the heart of a friend or relative.

Water, Please, Water

The ping of tennis racquets, the whirl of golf clubs, and the splash of divers into the water are familiar sound effects to those who venture to walk in the direction of the sports fields. With the coming of spring has come the great call to the outdoors. Even the Seniors have been stirred from their piles of work to join the droves of athletes on south campus!

The weather is fine, the tennis courts and golf courses are in grand condition, and the water is excellent—but one thing mars the pleasure of it all—the fact that the overheated players have no water at hand with which to quench their indescribable thirst after hearty participation in the game of their choice.

Formerly a water faucet by the tennis courts served this purpose, but this has been removed.

We think it would be an excellent thing to have water fountains placed near the sports fields for the use of the players. We are sure the athletic women and their co-rec dates would appreciate this addition to the pleasure of a game of tennis, golf, or what not.

Briefs . .

By The Editor

The word hello is spoken 175 times a day by the average student, according to an Alfred University survey, and we don't doubt it, especially if other campuses exhibit the friendly spirit that is much in evidence here.

They must grow money on trees in California. The University of California received gifts for endowments totalling \$454,356 in the first ten months of 1940.

Along with defense has come military training for women. At Pineland College women students follow extensive ROTC training and wear military uniforms.

Olin Miller says that a friend is a person who has such affection for you that he allows you to bore him to distraction with detailed accounts of your petty personal affairs. How true, but what about the person who isn't bored by these tales but is even interested in them? That must be what true friendship is.

At Providence College in Rhode Island members of a class in logic wrote their own examination, and then eight percent of them flunked . . . the dopes.

Priorities . . .

By Anna May Pryor

Track him down, sister. Lay your long ears to the ground. Sniff, sniff, pick up his scent. The lad you've chosen, I mean. You'll probably catch him, but what'll you have? An unwilling victim!

If you want the lad, there are ways of getting him. Find out cagily what he likes in women—try to fill his bill. And maneuver so that HE chooses YOU!

Dead foxes are safer, somehow—less cunning—less shifty—less shy. You never know how you stand with a fox. Men are like foxes, so sleek they will slip right through your fingers and sink their sharp teeth into you. If you use the right tactics on them—they, like the fox, will come around.

Rats scamper around behind the woodwork, but they will flee a burning building when it's walls collapse. Pleasant little playmates, what? No one can catch a rat but another rat. So you're shy, even though you have to put up a good act. He'll fall for it. Burn his buiding if necessary.

It's ticklish business getting along with a porcupine. The answer is "Danger, Keep Away". If he is touchy and bristles like a hairbrush, better choose the right answer and leave him be. He isn't worth bothering, for nothing but liquid cement will keep a porc's disposition smooth.

Who's afraid of a big-bad-wolf? Most of them are as popular as rain on the Fourth . . . but most men are only big bad wolves on the surface. Just a bluff. You can get him off that high horse and make a cunning little deer of him.

An anteater is the sticky-tongued, animal that leads off the alphabet picture book. His tribe have been tight wads ever since time began. Lapping up the other fellow's food, etc., typical sponge. A good way to treat this bugger is to make him fall in love—and dig, dig, dig. He'll soon come out of it. Make him think he's generous, and big-hearted. You'll be doing him a favor.

Yes, women can reform men. They all need it, and it takes a woman to bring out their good qualities. Track him down sister, the lad you've chosen, I mean.

Wise And Otherwise

By Frances Kennedy

WISE

"Our grandparents lived without a number of things that we of today can't possibly live without, but they didn't have much fun doing it."

OTHERWISE

Today's Couplet:

There's no such thing as a graceful knack
Of patting one's self on the back!

Don't hit us:

But we're bringing up an antidote for spring fever. Browsing around the library is about the most effective way to stay relaxed. But, the point is NOT to go to the library for the sole purpose of browsing. Never! That takes all the fun out of the whole thing.

Have something very important to go for—notes to look up, books to check out, aw, anything that's really necessary! Then when you manage to get waylaid settling down its lot more fun! When you do this the conscience element enters in and makes browsing a downright sin. And of course that guarantees to make anything a pleasure.

Digest Again:

And last week it was RUTH REID whose picture adorned page 3 of ye olde Collegiate Digest. Picturing Ruth wielding her tennis racket, the photo was captioned "Winning Is A Habit With Her."

Quarterman Is First G.S.W.C. Student To Take Up Flying

By Louie Askew

"Getting in a groove was the idea of my flying lessons," asserted Helen Quarterman, local flier and only student on this campus who has gotten in that groove. The groove is nothing more than getting so accustomed to the controls of the plane that the flier automatically carries on when in the air, particularly under pressing circumstances.

Helen, who soloed September 13 at 6:30 in the morning, declared flying the most wonderful preoccupation. Her solo flight, by the way, was a gala occasion. Congratulations, smiles, best wishes made her feel she had just accomplished a transcontinental flight . . . but in reality, it was her first flight . . . alone . . . for which she received her pair of wings, and any flier's proud of those.

Before being allowed to solo, every flier must have had eight hours of dual instruction, must pass an exam on air regulations, and must get satisfactory physical qualifications. "And if you do all this, you feel like soloing," said Helen.

"It's the hardest thing in the world to tell some one about flying," appealed Helen when your reporter asked her to describe her feelings in the air. "It's a new world apart from everything else, so greatly different from anything you've ever done."

Helen's first lesson came after many pleadings with her father for his permission, since air students under twenty-one years of age must have parental consent. As a little girl, Helen was crazy about planes and loved to watch them in flight or on the ground. She became more familiar with them at the air fields in Cheyenne, Wyoming, and Pensacola, Florida. And now since she's actually flying, her father, though disapproving at first, actually shares her excitement with her!

"People still go up and come (See QUARTERMAN Page 4)

Cook Chosen To Head French Club For 1941-42

Eleanore Cook was named president of the French Club at the April meeting last week. Mary Bundrick was elected vice-president, and Annelle Davis, secretary-treasurer at the same election. Ora Johnson, present president of the club, presided over the elections.

Plans were made at this time for the May meeting of the club to be held at Twin Lakes, and other plans were made for a dance to be sponsored in the Rec Hall on April 26.

A discussion of the operas to be heard in Atlanta the latter part of this month by the club members constituted the program. Ora Johnson discussed "Cavalleria Rusticana," and Elise Gannon, "Pagliacci." Annelle Davis gave an interesting report on the American Baklet to be presented between the two operas at the Erlanger theatre.

Annual Emory Junior Concert To Be Tonight

The annual performance by the Glee Club of Emory Junior College will be given tonight at 8 p. m., in the Emory auditorium, according to an announcement made by James A. Dasher, director of the club.

Besides the club singing, with soloists and quartet, the emphasis in this performance will be on comedy and entertainment. Part of the program will be devoted to a one-act comedy play, entitled "Whose Money?" directed by Mr. W. G. Workman.

Another part of the program is entitled "Funzapoppin," and in this, it is said that anything can happen and probably will. For this portion of the show, there will be two masters of ceremonies, Eugene Askew of Macon, and Charles Yarbrough of Valdosta. A five piece orchestra will accompany this act.

The performance, which starts promptly at 8 o'clock tonight, is free to the public, and all of GSWC is cordially invited to attend.

Frosh Council Group Has Party

The Personal Relations group of the Freshman council held a "candy making - cookie baking" social at the House at the Woods last Monday night at 7:00. The purpose of the meeting—to cook, to eat, and to enjoy—was realized when members of the group and a number of guests expressed satisfaction over the cookies and divinity candy which were served.

Margaret Burns, able leader of this group, led the group in informal dancing later in the evening.

Milledgeville Group Gives Concert Here

On Tuesday evening at 8:30 o'clock five faculty members of the Georgia State College for Women at Milledgeville presented a concert in the GSWC auditorium.

The faculty members were Miss Nan Gardner, soprano; Mr. Lloyd Outland, violinist; Max Noah, bass; Miss Lois Catherine Pittard, pianist and Miss Maggie Jenkins, accompanist.

Mr. Noah is associate professor of Music at GSWC; Miss Jenkins is also an associate professor of music.

Miss Gardner sang "One Fine Day" from "Madame Butterfly" by Puccini and several other numbers. Mr. Outland gave charming renditions of several well known numbers. Mr. Noah as one of his selections sang "The Wanderer's Song" by Rasback completing three movements.

The music faculty from GSWC have recently returned from a tour of schools in the University system which included a stop at Milledgeville. Mr. Noah, as spokesman for the group, expressed their pleasure at being able to reciprocate the visit.

Serenaders Sing At Elks Club

The GSWC Serenaders, under the direction of Miss Marie Motter, sang at the Elks Club Tuesday night, April 15 at a dinner for the Turpentine Convention delegates. They sang a medley of Stephen Foster songs and "Mon P'tit Soldat."

The Serenaders include Mary James Twitty, Louise Griffin, Ruth Taylor, Corinne Smith, Elsie Gannon, Mildred Harris and Susie McKey. Jacqueline Jones replaced Susie McKey in Tuesday night's performance. Lois Christian is the accompanist for the group.

Menageries Have Nothing Over A College Campus

By Anna May Pryor

Menageries have nothing over a college campus! In the first place you'd be surprised at the close relationship that binds college girls to the looks and actions of the inhabitants of a zoo.

You don't believe it? Have you ever looked around you with this in mind? Take the dining hall for instance. Have you listened to the droning noises that float upon the air and the buzzing sounds issued from the throats of diners that fill the atmosphere with a continuous humming noise? The sounds rise and fall, as do noises coming from a bee-hive, with the excitement and lull of the feelings of those at hand.

Smith Elected President Of Fine Arts Club

Julia Bess Smith was elected 1941-42 president of the Fine Arts Club Monday afternoon at a picnic meeting of the organization out near the Country Club. At the same time Emily McCall was elected secretary-treasurer and Gwen Johnson was named vice-president.

The elections were conducted by Louie Peoples Askew, retiring president of the club. Emily McCall will succeed Julia Bess Smith, who is present secretary-treasurer of the club. Gwen Johnson will succeed Wilmot Green as vice-president.

At the meeting Wilmot Green discussed "Pagliacci" and "Cavalleria Rusticana" the two operas the club will attend in Atlanta the latter part of this month. Guests of the club were Miss Janie Bush, Mrs. J. B. Hunt, Leonora Peoples, Elsie West, and Louise Macfie. Miss Ruth Carpenter, club counsellor was also present.

C. V. Pollard, a University of Texas instructor in German, reports a proved method for learning to read the language with less than 50 hours' instruction.

The Kappas Started The Softball Season Off—

with a smashing victory over the Lambdas in the game Thursday afternoon. In a lively fast-moving game the Lambda's 6 points were completely engulfed by the Kappa's 20. Getting off to a flying start, the invincible Kappas never once let their opponents get within challenging distance of their score.

Margaret Dutton made the first run for the Lambdas but Martha Ashley boosted, and continued to boost, the Kappa score steadily upward. Kappa Bateman's hitting was certainly nothing to be sneezed at; she made a home run in the first inning and contributed at least 4 more runs for the glory of her team. Ruth Reid and Maxwell Williams were also ace Kappa hitters. (Atta-girl Mack!) What's a snapped bat or so when a nice run goes with it?)

Both Kappas and Lambdas played a highly interesting game, however, and this is just the first game of the season. There'll be more to follow!

Here are the line-ups:

KAPPAS		LAMBDA

Introducing Highfield—

Who has made quite a reputation for herself. She is a handsome sorrel, equipped with a starred forehead and a boyish bob (roached mane). The proud animal carried her head up and her neck arched as proudly as if she bore a king upon her back (or one of us campus queens). Spunky and spoiled, Highfield was a gift to the stable and has been here for 3 or 4 years. She is a bit tempermental and flighty at times, but aren't we all, more or less? The riders who know enough about Highfield to understand and appreciate her enjoy riding her very much. Do you know her?

gates Saturday evening at Arnauds was the social highlight of the convention. A tour of the city was another feature of especial interest to out-of-state delegates. The three G. S. W. C. representatives arrived in New Orleans on Thursday morning, returning on Monday.

The speakers included faculty members from Sophie Newcomb and Tulane. Students led the open forums. A Georgia girl, Helen Wanamaker of Shorter College was one of the students on the program. The convention will meet next spring at Randolph-Macon College in Lynchburg, Va.

G. S. W. C. Home Coming Planned Commencement

Homecoming for alumnae of G. S. W. C. will again be held in June, at the time of annual graduation of the seniors.

Gathered to renew friendships established through attendance at school will be many alumnae from many cities of the State. Class presidents are being contacted in order that this year's homecoming day may be the most satisfying of all.

The annual business meeting of the national organization, the annual banquet, and the privilege of marching in the Commencement March will highlight the Homecoming activities.

Collegians Say Youth Should Be Taught Facts About 'Isms'

(By Student Opinion Surveys)

AUSTIN, Texas, April 17.—If democracy is to be safeguarded, it is important and necessary that American colleges and universities teach the youth of the nation the facts about foreign "isms" that threaten the world today. That is the opinion of a two-thirds majority of collegians the country over, reflected in a scientific manner through Student Opinion Surveys of America.

The Canopy is one of the sponsoring undergraduate newspapers that make possible the accurate measurement of American collegiate thought. The polls are conducted locally by each newspaper by means of a representative sampling, and the national returns are then tabulated at the Surveys' headquarters at the University of Texas.

The European debacle has forced attention on a long-evaded problem: how to inform Americans of totalitarian ideology and at the same time not endanger our democratic institutions. "Stop teaching these 'isms' in our colleges" has been the demand most often heard. But men of greater discernment have questioned the wisdom of prohibiting instruction in these forms of government. What do students themselves think about this, they who are actually taking the courses? Should the colleges continue to present "the facts about communism, socialism, naziism, and fascism"? With that question Surveys interviewers approached a cross section of collegians. Here are the answers:

YES, teach the facts -- 66%
NO, do not teach them -- 34

It is in the comments made by students that one finds the real significance of this study. While a definite two-thirds majority believes it is necessary that youth be told what these "isms" are about if we are to know what democracy really means—but this provision is often expressed: "It is important that only the facts

down . . . sometimes," replied Helen when asked about her fear of being alone at the controls. "It's a lonesome feeling to see that empty seat and know that since you got up, you've really got to land."

Helen flies two or three times a week when she is not busy with school activities. She has already had fifteen hours in the air and plans to have many more.

G. S. W. C. girls are really getting modern. At least, one has broken the ice . . . pardon air waves . . . and she's doing all right even if she does have to get in a groove to safeguard her flying!

Social Calendar

Saturday, April 19

Junior Class Dance—Rec Hall—8:00 p. m.

Monday, April 21

Freshman Honor Society meeting—Log Cabin—7:30 p. m.

Wednesday, April 23

Thursday, April 24

Vespers—Auditorium—7:15 p. m.

Dramatic Club meeting—7:30 p. m.

Friday, April 25

Sophomore Hike—4:30 to 7:30

Senior Recital—8:30—Susie McKey, Soprano; Lois Christian, Pianist.

News From Other Colleges

AURORA, N. Y.—(ACP)—The toughest part in staging this play was getting together for rehearsals.

The play, Shaw's "Arms and the Man", contained female roles, so Hamilton College students called on Wells College for help. The girls agreed to participate, but the boys would have to do the traveling. Six boys in the show did.

They made five 200-mile round trips from Hamilton college at Clinton, N. Y. to rehearse with the girls at Aurora.

GOLDEN, Colo.—(ACP)— For the first time in the United States, college students will get a chance to analyze a collection of meteorites in the classroom.

Three alumni of the Colorado School of Mines presented the institution with 180 meteorites ranging from pure nickel-iron alloys to all sorts of stony structures.

Although other colleges have meteorites in museums, school officials here say this is the first time students in classrooms are able to study stones in connection with weather forecasting, aeronautics and ballistics.

MADISON, Wis.—(ACP)— The famous college song, "On Wisconsin" was originally written for the University of Minnesota.

Hard-pressed for money, William T. Purdy composed the tune to compete for a \$1,000 prize offered by the University of Minnesota for a new football song. When Carl Beck of New York, a friend of Purdy, heard it, he wrote the words and persuaded Purdy to give it to the University of Wisconsin instead.

Played for the first time on the eve of the Wisconsin-Minnesota game in 1909, "On Wisconsin" was an immediate hit. Since then it has been adapted, with changes of words, by numerous colleges throughout the United States.

When Purdy died in poverty in 1918, Wisconsin Alumni and friends gave \$2,500 to his family. Later the state provided scholarships at the University for the composer's two children.

be taught; we don't want any 'isms' being spread through the class room. College is primarily a place for instructors to teach, not to preach".

Faculty Members Attend Conference

Dr. Lena J. Hawks, Dr. Beatrice Nevins, Dr. Harold Gulliver, and Dr. Earl Phelan of the G. S. W. C. faculty will attend a conference of the University System Survey Courses in Atlanta, April 19 and 20. The conference will be held at the Piedmont Hotel.

This meeting is a quarterly conference for the express purpose of making out the State Exams which are presented to the student body of the State Schools at the end of each quarter.

15th Annual Performance

Emory Junior College Glee Club

EMORY AUDITORIUM, VALDOSTA, FRIDAY, APRIL 18, 8:00 P. M.
