Minutes September 17, 2009

The Valdosta State University Faculty Senate meeting convened at 3:50 p.m. in the Magnolia Room

1. Call to Order by Dr. Patrick J. Schloss

- expressed his deep appreciation for the many efforts by faculty and staff to respond with existing resources to the recent budget cuts as well as this fall's significant increase (8%) in student enrollment and credit hour production.

- praised the efforts by faculty and staff to ensure that VSU students were able to register for a full load of classes, and he asserted that the increase in student enrollment and credit hour production would help VSU deal with recent budget reductions.

- stated that 85 non-faculty positions had been eliminated in the administration's quest to respond to budget reductions.

- explained that because of the funds generated by the increase in student enrollment and credit hour production, the Planning & Budget Council has approved funds to hire more faculty to maintain VSU's current student-faculty ratio as well as a few new funding pools to advance the university. The Provost is working with the Deans on deciding where the greatest need exists for new faculty to respond to the increases in student enrollment and credit hour production.

- asked the Senate for help on various issues, including first a scheduling policy that allowed a student to use their preference to register for a limited number of credits (e.g., 15 or 16). Students wishing to register for more than the limit could do so during the drop/add period. He suggested other provisions that would address special circumstances. The main goal would be to limit "course shopping and gaming" in which students register for classes that they do not intend to take. The second policy would be to create an equitable but progressive parking fine structure. He noted that over 1600 students had six or more parking fines last year. Because students who pay their fines before accumulating 10 are charged only \$15.00 each, regardless of the number of fines, a substantial number treat the fine as a parking pass. He recommended increasing the cost of fines proportionate to the number of offenses.

2. **Approval of the minutes of the May 21, 2009 meeting of the Faculty Senate.**

- Minutes were approved.

3. New business

a. Report from the Academic Committee – Louis Levy llevy@valdosta.edu

- Provost Levy expressed his appreciation for faculty efforts to respond to this semester's growth in enrollment and credit hour production.

- Although the report from the Academic Committee's September 14, 2009 meeting was not yet ready for review by the Senate, Provost Levy asked the Senate to consider whether a Letter of Intent on a BA degree in Trans-Atlantic Studies could be sent to the BOR. This new degree is being offered in conjunction with other units in the USG. This new degree was approved by the Academic Committee at its September 14, 2009 meeting after being earlier approved by the Deans Council and Office of International Programs. The Senate voted to approve sending this Letter of Intent to the BOR.

1. Announced room change for the Senate's April 15, 2010 meeting. Because another group needs the entire UC Magnolia Room on this date, the Senate will have to meet elsewhere. The exact location will be announced later.

<http://www.valdosta.edu/facsen/documents/Schedule2009-10.pdf>

2. Proposed name change of the Faculty Development & Research Committee to the Faculty Scholarship Committee. Members of this committee approved the name change during their August 31, 2009 meeting, and the Senate approved this change.

3. Introduced 2009-2010 SGA President Kelli Cody kmcody@valdosta.edu to Senate and encouraged Standing Committee chairs to contact her regarding getting SGA representatives to serve on Standing Committees.

4. See Attachment B on how some Senate committees will now serve as advisory groups for Special Funding Pools. Attachment B is from the following document <http://www.valdosta.edu/finadmin/financial/documents/BudgetProcess.pdf> and an email dated August 31, 2009 sent to faculty by Christy Yates

5. See Attachment C from Dr. Sheri Gravett regarding possible revisions to the process for a withdrawal after midterm. *Remanded to Educational Policies Committee for review and encouraged the EPC to consult with Dr. Gravett.*

7. All Senators, please be aware of the following from the *Statutes*: Chapter 4, Article VI, Section 3, that empowers Senate committees to be pro-active and initiate action <http://www.valdosta.edu/legal/statutes.shtml>

“The committees, in their respective jurisdictions, are empowered by the Statutes of the University and the Bylaws of the Senate to:

- a. formulate and recommend policies and procedures governing the administration of the University for approval by the Senate;
- b. be available to consult with and advise the President of the University;
- c. study and make recommendations on matters assigned to them by the President of the University or the Senate; and
- d. act as a liaison between the Senate and the administrative officers of the University.”

8. All Senators, please be aware of the information in Attachment D on “HOW THE VSU SENATE WORKS.”

9. All Senators: Please remember the requirements for Senators to attend the seven (7) Senate meetings during 2009-10 as stated in the *Bylaws of Faculty Senate* <http://www.valdosta.edu/facsen/documents/bylaws2008.pdf>) Section 2: “Elected Faculty Senate members are expected to attend all Faculty Senate meetings. Two (2) absences by a member of the Faculty Senate from Senate meetings within one (1) academic year shall automatically remove the member from the Senate. A member of the Faculty Senate who duly designates a proxy for a Senate meeting shall not be counted as absent if the proxy is in attendance at the meeting. Faculty senators must attend a minimum of four meetings per year. Faculty senators on a leave of absence beyond one semester will be removed from their position.

Section 8: Proxies will be allowed for Senators who are unable to attend Faculty Senate meetings and will be given only to another Senator. Proxies must register with the Executive Secretary prior to the meeting. No person may represent more than one (1) other Senator at a meeting. [Note: if a proxy is needed, it is the responsibility of the senator to find a proxy; it is not the responsibility of either the Senate Executive Secretary or Lisa Copeland in the VPAA’s office to find a proxy for a senator who has to miss a Senate meeting.]

7. Old Business (from the Senate’s Annual Report for 2008-2009)

1. At its November 20, 2008 meeting, the Senate reviewed a number of documents from the Senate Executive Committee and the Faculty Affairs Committee (FAC) in considering whether (a) faculty without terminal degrees or (b) in non-tenured track positions should be allowed to vote on such issues as (1) curriculum changes, (2) faculty hires, & (3) peer evaluations. FAC Chair Renee Hannibal reported on a conference call between the FAC with BOR personnel during the week of October 20, 2008. As a result of that conference call, the FAC learned that the email by VSU Attorney L. Gaskins (included in Attachment B of the Senate agenda for November 20, 2008) was consistent with BOR policy that FT Instructors can be part of the governance process within a department. The Board of Regents concurred that FT instructors can be part of the governance process within a department. It is up to the department or institution for assignments to committees.

On November 20, there was a lengthy discussion regarding this policy. Marty Williams proposed that Bruce Caster write up his concerns regarding the policy and that the FAC seek clarification from the Board of Regents Legal Office regarding the email by VSU Attorney L. Gaskins in Attachment B. A motion was approved for Faculty Affairs Committee to follow up with the Board of Regents. Dr. Caster sent his comments for the FAC to the Executive Secretary on November 23, 2008, but the FAC has had difficulty setting up a conference call with the BOR Legal Office to fully resolve this issue.

2. At its February 19, 2009 meeting, the Senate asked the Senate Technology Committee to consider a university-wide standard for “clickers” on campus. The Technology Committee and Director of IT Joe Newton have been working on this issue, but the issue’s complexity has prevented a rapid resolution.

3. At its February 19, 2009 meeting, the Senate remanded to the Faculty Affairs Committee (FAC) whether VSU should insert a policy in the *VSU Faculty Handbook* on guidelines for promotion from Lecturer to Senior Lecturer.

4. At its April 16, 2009 meeting, the Senate requested that the Educational Policies Committee during the 2009-2010 academic year review policies and procedures regarding Academic Dishonesty to determine if VSU should create a faculty committee to hear student complaints when a student is sanctioned because of academic misconduct.

5. At the May 21, 2009 Senate meeting, the Educational Policies Committee was asked to evaluate priority registration for AA degree students.

6. At its May 21, 2009 meeting, the Senate requested the Minority & Diversity Issues Committee discuss with the university attorney a possible policy on prayer at university functions, and that the results of these discussions then be submitted to the new Policy on Policies process endorsed by the Senate at its February 19, 2009 meeting.

8. Discussion

Senator T. Thompson asked whether staff, who are exempt from the upcoming furloughs because their pay is below a certain threshold, would be required to use annual leave on furlough days. President Schloss responded that he would explore the issue.

9. Adjournment

-- Adjourned at 4:30 pm.

Special Funding Pools Requiring Advisory Committees – The last facet in budgeting the Education and General Fund is the establishment of several special funding pools designed to move resource allocation closest to the mission. The types of pools and their total allocation amounts were identified through historical analysis of requests for funding from the Planning and Budget Council. Analysis of these requests indicated that they were typically operating expenditures that could best be allocated by advisory groups already in place across campus. The following chart indicates the pools established to handle these routine requests; their purpose, budget manager, allocation amounts per semester, and their advisory bodies who will manage the open budget process within each pool. Please refer to the same guidelines previously provided for open processes when participating in these pools:

Although not all-inclusive, this list should be utilized to ensure each group fulfills its budgetary responsibilities.

- Ensure that each group has written guidelines addressing the following general responsibilities:
- Hold meetings according to a publicized schedule, maintaining the spirit of decision-making in the “sunshine.”
- Establish a process to collect requests for funding from your particular pool.
- Establish criteria for prioritizing requests.
- Review requests and establish an initial prioritized list for the fiscal year by the Fall deadline established on the budget calendar.
- Notify submitters of the prioritization of their project, whether they may receive funds in the Fall or Spring Release, and the appropriate processes to follow in securing funds (purchasing deadlines, account codes, etc).
- Convene committee on an as-needed basis to address new priorities or needs that arise throughout the year, which were not previously considered in the initial submission of funding requests.
- Document the allocation of all funds from the pool, including implementation and results, to submit annually as an information item to the Planning and Budget Council by the Spring deadline established on the budget calendar.

Subject: [VSU Administrators] Overview of Budget Pool Processes (in msg body)

Below, you will find an overview of the Budget Pools in one consolidated document which includes:

- responsibilities of pool advisory groups
- description of each pool, budget manager, and advisory body
- semester allocation amounts proposed for each pool
- process for requesting funding from pools
- budget manager documentation deadline
- pool request submission deadline
- advisory group request prioritization deadline

Questions should be referred to the budget manager and/or advisory body for that specific pool.

Special Funding Pools Overview – FY10 Budget

revised 8-31-09

As part of our new planning and budgeting process, a number of new budget pools have been established to fulfill regularly occurring needs that go beyond units' normal operating budgets but which are not part of the strategic initiative process. These new budget pools will be overseen by advisory committees which will meet and work according to a shared governance model. They will make recommendations to the budget manager of these pools for allocation of the available funds.

Advisory Group Responsibilities:

Each group will provide documentation to the PBC by October 1st, 2009, establishing written guidelines to address the following items:

- Hold meetings according to a publicized schedule, maintaining the spirit of decision-making in the "sunshine."

- Establish criteria for prioritizing requests, once received from the VP's on October 31st, 2009.
- Review requests and establish an initial prioritized list for the fiscal year. Be prepared to present to PBC by November 15th.
- Notify submitters of the prioritization of their project, whether they may receive funds in the Fall or Spring Release, and the appropriate processes to follow in securing funds (purchasing deadlines, account codes, etc).
- Convene the committee on an as-needed basis to address new priorities or needs that arise throughout the year, which were not previously considered in the initial submission of funding requests.
- Document the allocation of all funds from the pool, including implementation and results, to submit annually as an information item to the Planning and Budget Council. Be prepared to present allocation and implementation results to the PBC on May 28th, 2009

Open Process to Request Funding from Special Pools:

- Departments should convene and reach consensus regarding departmental priorities.
- Prioritized requests from departments should be submitted to Deans by October 1st, 2009.
- Dean's prioritized requests should reach Vice Presidents by October 16th, 2009.
- Vice President's prioritized requests should be submitted to the appropriate Advisory Bodies by October 31st, 2009.
- Advisory bodies should have prioritized requests ready for presentation to the Planning and Budget Council by November 15th, 2009.

The following chart lists each budget pool, the proposed semester allocation amount, the pool budget manager, the advisory body and the process flow for each pool.

Subject: Questions to Consider about VSU's Late Withdrawal Process and Policy

Jay,

Over the past couple of years, Academic Affairs, the Dean of Students Office, and the Registrar's Office have been working together to develop a withdrawal after midterm process that conforms to VSU policy:

Students will not be allowed to withdraw after the mid-term point of the semester as published in the school calendar as required by Board of Regents' policy; however, students may petition an exception to the Board of Regents' withdrawal deadline for cases of hardship by completing a petition for withdrawal form available in the Office of the Registrar. The petition will become a permanent part of the student's file. If the petition is approved, the instructor may assign a grade of "W" or "WF" after mid-term. Note that "WF" is calculated in the grade point average the same as "F." Any student who discontinues class attendance after mid-term and does not officially withdraw may be assigned a grade of "F."

The current process to petition for a late withdrawal is available at the following website:

<http://www.valdosta.edu/academic/WithdrawalProcess.shtml>

In developing this process, several issues of concern have arisen that the Faculty Senate might wish to consider in light of the policy above:

- (1) The VSU late withdrawal process has generally been applied to ALL classes; if students have a legitimate medical or hardship situation, they should withdraw from all classes. However, certain exceptions continue to emerge:
 - a) If a student has a medical condition or injury that may prohibit participation in certain classes (such as certain physical education or clinical courses).
 - b) If a student believes he or she withdrew from a class via BANNER but that withdrawal did not process (students and instructors should both receive email confirmations of the withdrawal), but in a few instances, students and instructors have verified that the student did believe that he or she had withdrawn and stopped attending before midterm.
 - c) If a student does have legitimate medical or hardship documentation, he or she may sometimes seek a partial withdrawal because of having missed a couple of weeks of class. In these instances, some instructors are able to work with the student to

make up missed materials; others, depending on the nature of the class and their attendance policy, are not able to do so.

Should VSU allow partial withdrawals in these instances? Does the policy need to be further defined to help clarify these situations?

- (2) The above policy also states that if a student does produce the appropriate medical or hardship documentation that the instructor then may assign a “WP” or “WF.” This process of contacting all instructors for each student has often been time-consuming and confusing. One possible approach may be to assign a “WF” to any withdrawal after midterm. A number of other institutions use this approach as well as online programs such as GOML and eCore. VSU could then implement an appeals process for that “WF” which would involve producing the appropriate medical or hardship documentation. Should VSU consider this approach?

If you need any further information, please let me know.

Thanks,

Sheri

ATTACHMENT D: HOW THE VSU SENATE WORKS

<http://www.valdosta.edu/facsen/>

The Senate serves as the mechanism for shared governance at Valdosta State University (*Statutes*: Chapter 4, Article I -- <http://www.valdosta.edu/legal/statutes.shtml>).

What the Senate does is to formulate university policy. This is an extremely important function, central to the vitality of VSU. In the words of the *Statutes*, the Senate functions as the representative, deliberative, advisory, and legislative body of the General Faculty.

It includes 56 elected faculty senators (voting), 14 *ex officio* administrator senators (voting), staff participants (non-voting), and student participants (non-voting).

Any faculty member, administrator, staff member, or student can submit an issue for Senate consideration. It must be submitted in writing to the Executive Secretary. [Currently, B.J. Rickman, bjrickma@valdosta.edu], who brings it to the Executive Committee of the Senate. It is strongly recommended that anyone raising an item for the Executive Committee make their report thorough and well-researched. The Executive Secretary is not expected to do any supplemental research or work on your report or item.

The Executive Committee serves as a traffic cop, deciding whether an issue goes to the Senate, and if so, which committee is the appropriate committee to consider an issue.

There are three (3) kinds of Senate committees: statutory committees, standing committees, and special committees. Membership on all committees is either by election or by recommendation of the Committee on Committees to the Senate and the President for approval.

The five (5) statutory committees are permanently established by the *Statutes*. They are major committees - Academic Committee, Committee on Committees, Faculty Affairs Committee, Institutional Planning Committee, and Faculty Grievance Committee. Their chairs, the President, and the Executive Secretary form the Executive Committee.

Standing committees are formed by the Senate, renewable for three-year periods. They are listed in the *Bylaws of the Faculty Senate* <http://www.valdosta.edu/facsen/documents/bylaws2008.pdf>. Standing committees may form subcommittees. Special committees are formed by the Senate, normally for one year.

Senate committees can initiate policy recommendations within their committee. Senate committees do not have to wait for items to be submitted to them by the Executive Committee. (*Statutes*: Chapter 4, Article VI, Section 3).

Committees make recommendations to the full Senate. The Senate then considers the matter (time limit: 30 minutes). It may accept the recommendation, amend it, or remand the matter back to the appropriate committee. If the Senate adopts a recommendation, the Executive Secretary (w/in 10 working days) sends it to the President, who has 60 days to either approve or disapprove the recommendation, or to seek an extension from the Senate. If approved by the President, the recommendation becomes university policy. If disapproved by the President, the recommendation is returned to the Senate for possible override

(requires 2/3 vote) and submission to the General Faculty for its recommendation to the President. The President has the final authority.
