THE UNICORN

Vol. V #1

BOX 8814 O MINNEAPOLIS, MINNESOTA 55408 O 871-7287

A PUBLICATION OF THE ROWAN TREE

Hallow 1981

Uniblessings,

Here comes the darkest night. Unicorns of all persuasions will gather in the Naryan woods, and celebrate the Burying of Eggs, to symbolize the descent of the Goddess into the Deep, from which She will bring back fertility & the God. Some of the younger unicorns will be travelling the Earth-Realm, watching the wee humans as they dress in glee to seek sweet-treats. Later, Flowers & I will join the Mystery School of the Rowan Tree, which will meet secretly to celebrate Hallowmas, & to send the love & joy of Life's promise to each of you.

Lots of travelling of late, for I flew down to Texas to visit Prairie, & to see Aradia on one of her rare visits. On my way home I took an extra week to visit the young children, in their dreams, left homeless by the flooding. Then, one night while she lay sleeping, I took Michelle, pretty daughter of artist Takya, out to dance in the Milky Way.

During the season of Hallows, Unicorns will visit Pagan children throughout the land, for as the Mother & Father of Nature are away, the promise is with the young. How good it would be if each of you would take some moments this season, to do something sacred & special for someone young. In the children are the secrets of magick!

Our editor, lady Judyth, has been on tour in England, to connect the Rowan Tree to the Ancient Ones of Stonehenge. All of the Rowan Tree family are resettled in their new temples & abodes, & we are pleased with the new lifestyle of our beloved Tree. Our family is well, and happy. We do ask love & health for our Dancing Joseph, who needs a doon of energy to conquer an infection.

I send you love & blessings; & may well soon visit you. Paul's new-home is small, as befits a hermit... (The other night, coming home late from sipping nectar with Unibella, I put my horn through the window. Ooops...)

Kisses,
Andrius

Decree II / Δ νξ ixi / vii (cont'd.)

Saturn, the greatest of teachers, will have entered Capricorn, the Mountain-Sign, a full solar cycle previous to this turning point, and will be but half-way through its journey during this intense melodrama. Saturn will be attempting to bring wisdom to the Earth as she cuts away the old, as the world moves into the second third of the Cusp. If we learn her lessons, we will find the inner strength essential for survival.

Uranus, planet of delight, will have been on the Mountain's path 13 months prior to the Sun God's birth, to give us inspiration from watching eight planets all conquer the arduous path, spiralling up the Mountain, & will share dreams with Neptune, which planet will herald the beginning of this cycle. As this configuration begins with the solar birth, & lasts three fortnights, three fortnights prior to the solstice, Saturn & Neptune will dance together, to bring strength to our dreams.

And thus are these planets, Sun, Mercury, Venus, Mars, Saturn, Uranus, & Neptune to be watched as they share the Mountain. Watch the Moon, for she will weave the threads of love & change, and in her fullness will show us the way of Jupiter.

Jupiter, the way of kindness & compassion, will be resting within the sign of the Mother, the full-breasted sustenance of love, yet throughout this crisis, will Jupiter be moving in true Cancer fashion, crab-wise retrograde. Seek this wisdom & know salvation, for only the love of Cancer will bring to balance the death-bringing Capricorn configuration.

But this is only nine of the ten known to man, & where will be the planet Pluto of Hades? Buried in Scorpio, at its closest point to the Sun.

Humans take heed, for this configuration is the spell of change, of death & birth, of pain & love.

[Note - in Dec. 1989 at the Solstice, begins the six-week cycle of this decree. Check your ephemeris & read with care!]

Lady's Mantle ♀

This is one of the herbs of the Mysteries of the Goddess. Its magick is not well known, for as all mysteries, it has been a legend well-guarded. This herb is so powerful, & the Deva of this plant such an adept Priestess, that those mornings while the waxing moon is yet visible in the sky, the Wise Ones seek droplets of dew, which they collect in magickal vials. This liquid is very powerful, & may be used to invoke wisdom from the Mother, understanding of that which exists beyond knowing, & love which transcends. Although this herb became associated with the Christian Goddess Mary, its association with the Goddess predates christianity. This herb can be ingested as a potion, to intensify any (positive) magickal working, or dried, can be added to incense used in ritual to increase the power being raised. A few drops of the dew may be added to your best ritual oil. This is one of the herbs that secret alchemists used to create powerful changes in their elixirs. Lady's Mantle is an herb to cherish.

When I walked between the aisles of apricots
in full bloom
And the sea breeze whispered inly oof the arias
of Her noon,
I saw the hamadryads playing freely midst

Strumming tunes on dulcimers of their unfolding

By the grace of Queen Aradia, and Olwen's rising hours.

And as I paused between the aisles in mental

- My love for every tree that grows the point of
my reception -
Waves of green electricity awakened me to gladness,
And I hastened to unfasten my monkish cloak of
sadness,
To toss it in the grasses and breathe naked in my madness.

One of them caressed me, in reverence did I listen

upon her glistened

Where every loving touch becomes a hymn of
Water-giving

A green hobgoblin,
Small but quick,
Went out walking
With a black storm stick.

He was full of mischief,
Full of glee.
He frightened all
That he could see.

He saw a little maiden
In a wood.
He looked as fierce as
A goblin should.

He crept by the hedgerow,
He said, "Boo!"
"Boo!" laughed the little girl,
"How are you?"

"What!" said the goblin,
"Aren't you afraid?"
"I think you're funny,"
Said the maid.

"Ha!" said the goblin,
Sitting down flat.
"You think I'm funny?
I don't like that."

"I'm very frightening.
You should flee!"
"You're cunning," she said,
"As you can be!"

Then she laughed again, and
Went away.
But the goblin stood there
All that day.

A beetle came by, and
"Well?" it said.
But the goblin only
Stook his head.

"Not I'm funny,"
He said to it.
"I thought I was alarming,
I'm not a bit."

"If I'm amusing,"
He said to himself,
"I won't be a goblin,
I'll be an elf!"

"Not a goblin must be goblin
All the day,
But an elf need only
Dance and play."

So the little green goblin
Became an elf.
And he dances all day, and
He likes himself.

Three Little witches
 Pranced in the garden,
 Three Little witches
 Danced from the moon;
 One wore a wisting hat,
 One held a pussy-cat,
 One went a-pitty-pat
 And whispered a tune.

Out flew an owl
 Who glared at the kitten,
 Out flew an owl
 Who stared at the rest,
 Dancing, with haughty nose
 Each on the others toes,
 Down past the pumpkin rows
 Under this nest.

Three Little witches
 Blew on their broomsticks,
 Three Little witches
 Flew to their queen,
 Over the windy glen
 Into the night... But then
 They will be back again
 Next Halloween.

My darling, precious Andrius
 I hear the sweet ring of your hooves
 as you dance on silver moonbeams.
 Fire stirs my inmost passions
 as I run to meet you.
 I see your supple form etched

 Your welcoming whinny
 Vibrates through my being.
 I see love light in your eyes.
 And AH!
 At last we touch, and
 a million rainbows burst from our hearts.

MERIAH

She watches me from her Queen's chair
Her eyes with light do glow
She comes to me, like royalty -
As if ALL does she know!

Black and gold, her satin coat
Her eyes two thunderbolts - see?
The spirit inside is of the Earth
So wild and old and free.

Her purr is soft and musical,
A song for me to hear.
Her journeys are adventuresome -
For nothing does she fear!

A privilege for you, she seems to say
To behold such a creature as I,
For I am a gift from the lady of life
And my spirit will never die

Yes, this is my cat, a creature unique
And ever shall she be,
It makes me happy when she purrs
"Human - you belong to me!"

Dear Friends ~ I've just flown
back in company of a black
raven from the White Tower.
We met while Judyth was
touring the Tower of London.
He asked what America was
like so I invited him back for
Hallowmas.

Judyth and I had a
wonderful time on the Isle of
mist & mystery. Touching our
roots in the forests of
Snowdonia. Dancing to the
stirling pipes in Falkirk.
Being chased by clouds
and enfolded in the earth
on the fells. Splashing with
Petronius in the Roman
Baths. Touching the bones
of the Earth thrown up
many centuries ago at
Avebury. The energies of
that great circle still
echo in my heart. In all
we stepped lightly over
the land bringing back
heather and Holly, stone
and shell. We also adopted
two cobras in York. They
learned to speak English
long ago but wished to
move closer towards home.
Blessed Be ALL!! Flowerz & B

I don't like that.
"I'm very frightening.
You should flee!"
"You're cunning," she said,
:As you can be!"
Then she laughed again, and
Went away.
But the goblin stood there

All that day.
A beetle cam by, and
“Well? It said.
But the goblin only
Shook his head.
For I’m funny,”
He said to it.
“I thought I was alarming.
I’m not a bit.”
“If I’m musing,”
He said to himself,
“I won’t be a goblin,
I’ll be an elf!”
“For the goblin must be goblin
All the day,
But and elf need only
Dance and play.”
So the little gree goblin
Became and elf.
And he dances all day, and
He likes himself.

Three little witches
Prance in the garden,
Three little witches
Danced from the moon;
One wore a wishing hat,
One held a pussy-cat
One went a-pitty-pat
And whispered a tune.
One flew an owl
Who glared at the kitten,
One flew an owl
Who stared at the rest,
Dancing with haughty nose
Each on the other toes,
Down past the pumpkin vows
Under his nest.
Three little witches

Blew on their broomsticks,
Three little witches
Flew to their queen,
Over the windy glen
In the night... but then
They will be back again
Next Halloween

My darling, precious Andrius
I hear the sweet ring of your hooves
As you dance on silver moonbeams.
Fire stirs my inmost passions
As I run to meet you.
I see your supple form etched
Against the radiant darkness.
Your welcoming whinny
Vibrates through my being,
I see love light in your eyes.
And Ah!
At last we touch, and
A million rainbows burst from our hearts

Meriah
She watches me from her Queen's chair
Her eyes with light do glow
She comes to me, like royalty -
As if all does she know!
Black and gold, her satin coat
Her eyes two thunderbolts - see?
The spirit inside is of the Earth
So wild and old and free.
Her purr is soft and musical,
A song for me to hear.
Her journeys are adventuresome -
For nothing does she fear!
A privilege for you, she seems to say
To behold such a creature as I,

For I am a gift from the Lady of Life
And my spirit will never die
Yes, this is my cat, a creature unique
And ever shall she be,
It makes me happy when she purrs
"Human - you belong to me!"

Dear Friends

I've just flown back in company of a black raven from the White Tower. We met while Judyth was touring the Tower of London, He asked what America was like so I invited him back for Hallowmas.

Judyth and I had a wonderful time on the Isle of mist and mystery. Touching our roots in the forests of Snowdonia. Dancing to the skirling pipes in Farkirk. Being chased by clouds and enfolded in the earth on the fells. Splashing with Petronius in the Roman Baths, Touching the bones of the Earth thrown up many centuries ago at Avebury. The energies of that great circle still echo in my heart. In all we stepped lightly over the land bringing back heather and holly, stone and shell. We also adopted two cobras in York. They learned to speak English long ago but wished to move towards home. Blessed Be All!! Flowers.

The Unicorn began Yule 1977, and is a newsletter dedicated to sharing the good news of our Craft and Pagan friends It is a Rowan Tree publication, with 8 giant issues to coincide with the Sabbats.

Dear Supporters ...

Because of your donations and low interest loans, because of your criticism and encouragement, we have been able to produce and distribute Charlie Murphy's album Catch the Fire... disseminating many of the skills we are developing - from the nuts and bolts of concert production, to increased interpersonal skills helping us to work and learn more effectively with and from each other.

We want to encourage you to consider making a tax deductible donation or low-interest loan.. In order to expand our distribution offerings promoting the cultural workers performers we are beginning to network with and to further develop educational programs we have been presenting at conferences and colleges...

"Dear People,

We are preparing a new anthology of writings about the male experience. This anthology will be very different from anthologies published this far, content will be very personal in tone, and will speak directly from emotions involved in the male experience rather than grappling with cumbersome, intellectual issues ...

So please put your manuscripts together and send them to us. We want high quality material; but in such material, we will be looking for some rather intangible but important qualities: personal authenticity, intensity of commitment, and how willing you are to be intimate and truly reveal your emotions ... about yourself and other men.

Send all manuscripts to Francis Baumli, Ph.D. -- let us know if your manuscript has already been published.

Ah Yule, hugs and Kisses under the mistletoe, not buttered rum in front of the fire, the renewed, promised, light, rising at sunrise..

May you all have a Blessed Yule, Judyth

Dear Friends,
