

May
1936 or Monday Night
1937

Dearest Daddy,

I am so glad that you got home safely, and I am also thankful that you have such a good clean record. That will make me try to live to be a good girl, like you were a good man. I can hardly wait to see you and Mother. I hope you don't have to go to Lake City until after I get home, however if they can take you in down there, by all means go, because that's the best place for you at the present time. If you aren't at home when I come, we will make a special trip Sunday to see you. I know you are glad to be home, and I know everyone was glad to see you. I certainly will be glad to come home to see all my friends.

I had two examinations today and have two more tomorrow and the next day. They are not as hard as I expected however.

One of my friends is giving me a party Wednesday afternoon. It's really supposed to be a surprise party

but I found out about it somehow.
It's real sweet of her though isn't it.

Grandmother's garden is getting
along fine. The beans are real tall, but
the cut worm is eating her peppers
and egg plants up.

I ~~to~~ am going to have one of
my friends to ~~not~~ spend Wednesday
night with me so we can go to class
right up at the school house together.

I know you feel the weather
a lot warmer down in Valdosta than
you did in Washington don't you. I can
hardly wait to go swimming when I
get home. I think it's about time that
Miss Higginson and I had a swim.
I am just crazy about her.

I still play base-ball almost
every - afternoon.

Let me tell you something funny.
Washington has two stop lights. Every body
~~knows~~ ^{knows} it's funny. They don't know what
it's all about.

Jucker has started an electrical
plant out in his play house. He has
wires connected all over the yard and
every now and then I hear a bell
ringing and it's some of his apparatus

out in the play house. We don't
know yet what he's going to be when
he gets grown.

I am leaving here Thursday
afternoon on the bus and spend
the night with Cousin Susie, and
get home Friday. Be sure to meet
me at the station, and tell
Francis to come to meet me too.

Will see you very soon,

Love to all,

Leana
