McLEOD ELECTED PRESIDENT

Run-off To Be Thursday Vice Pres. And Comptroller

Last Thursday's SGA elections received a tremendous turnout of voters. Approximately 1300 ballots were cast, proving this year's SGA election had the best turnout in the history of VSC.

The final results showed Dick McLeod with 56.4% of the votes, placing him in the Presidents position, Roger Reigner received 24.6% and Glenda Clay followed behind with 18% of the total votes cast.

The vice-president's race will be announced after the run-off

on Thursday, March 6. R.L. Norman with 38% and Bud McLeod with 36.8% will be the run off candidates. Jane Clifton received 25.2% of the votes cast last Thursday.

In the race for the secretary's position Marc Richardson defeated Charles Johns with 64.5% to Johns' 35.5% of the total votes cast.

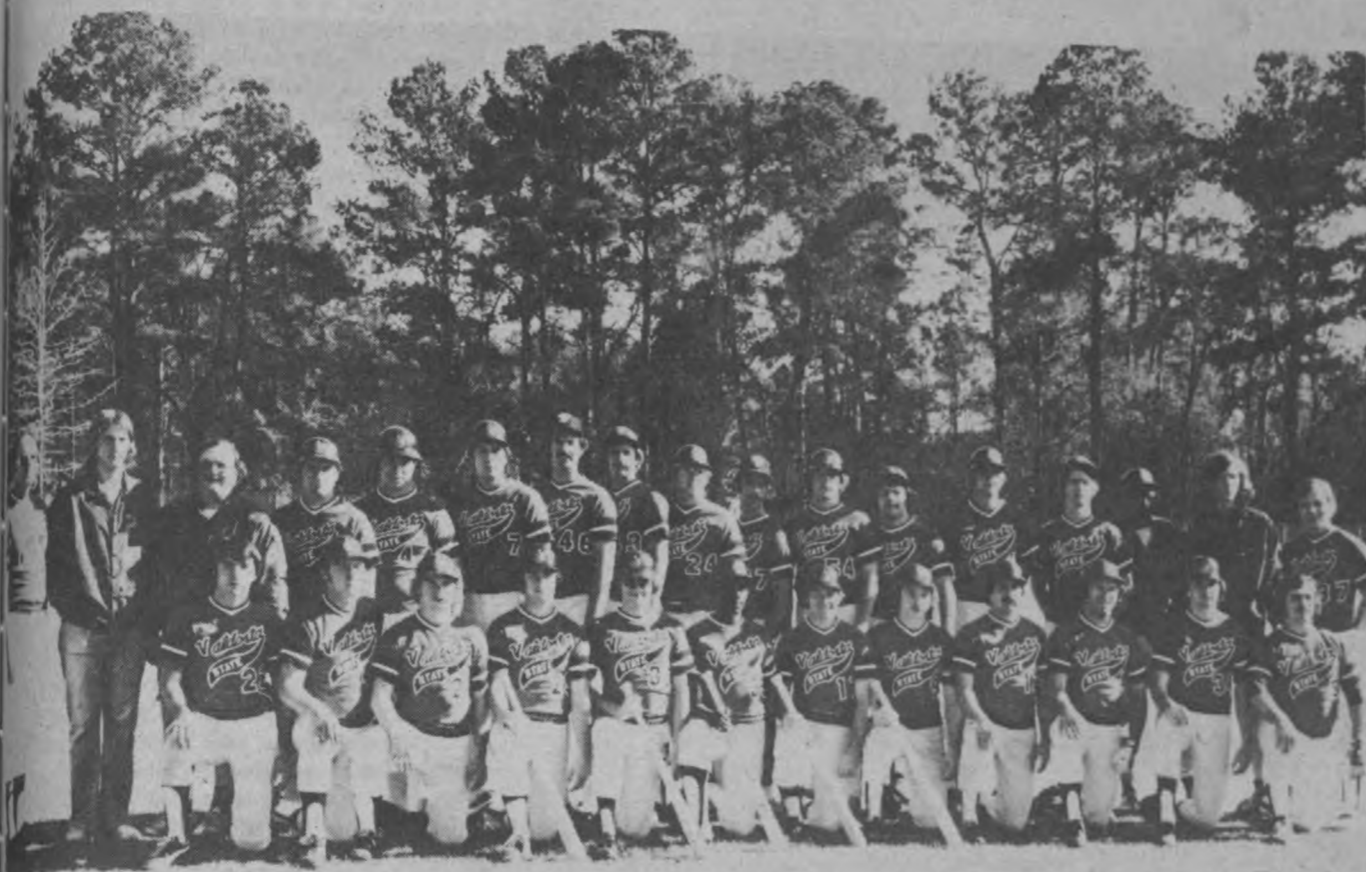

The comptroller's race will also require a run off between David Rozier who had 21.1% and Tom Odom who had 26.2% of the total no. of votes cast. Marion Odom trailed behind

with 17.7%, Gary Wisenbaker with 17.6% and Ray Chauncey with 17.4% of the total no. of votes cast.

In the various senate positions Susan Cox and Kathleen O'Neal were elected in the Sophomore's women's division; Robert Brinson and James Collins, Sophomore men's division; Kristine Dahl in the Junior women's division; Bob Hagen and Lewis Edward Hay III in Junior men's representative; Martha Butt and Lee Ann Stidham off campus

women's representatives; Michael Mixon and Steve Schmidt off campus men's representatives; and Bob White graduate representative. Other write in graduate students up for the position are still being verified.

The new officials will take their respective offices at the beginning of Spring Quarter. All students are urged to vote during the run off election Thursday. It will be held in the Student Union downstairs from 9:00 a.m. until 10:00 p.m.

Baseball Blazers Open 1975 Season Saturday

How does a baseball team line up to the following essentials: won 38, lost 13; South Atlantic Conference Champion; NCAA Division II South Atlantic Region Champion; Fifth place in NCAA World Series and a second place ranking in the last national college poll?

From the pre-season performance thus far of the 1975 Blazer squad, coaches Tommy Thomas and Dave Waples are fearful that this year's team will not measure up to the standards of the 1974 Blazer Champions.

"I am worried about our hitting this year," revealed head baseball coach Tommy Thomas. "Because in all the pre-season practices, scrimmages, and exhibition games, we have yet to hit the ball with authority. The improvement I have been looking for in some of the returning players has not been seen, but the time that counts is when the regular season opens, and I am still hopeful to find the hitting that we are looking for and will need if we expect to be any kind of champion again."

"I have been very pleased thus far with the performance of our pitchers," added Thomas. "I feel like pitching will have to be our strong point this year. Defensively we should be sound in the infield. Our outfielders are inexperienced, I think they are improving with every practice."

The Blazers launch their 1975 season minus the potent bats of outfielders Sam Bowen, Gene Felts, and Jerome Register, who were recruited as pro ball material last spring. These three were undoubtedly offensive leaders for the past two years. What is this year's team vitally needs is someone to fill the void left by these players.

Also missing from the Blazer lineup are Danny Chadwick, Rick Bowers, Ralph Starling, and Marty LeFiles, VSC's ace reliever for the past two years. Thomas hopes a replacement for last year's outstanding outfield will lie in senior Dan Darden, who led last year's team in batting (.368) and will assume the left field spot. Darden will also double as a pitcher for the Blazers.

In right field Thomas and

Waples plan to employ Foster Foran. Foran, a senior, was leading the Blazers in batting (.405), Home Runs, and Runs Batted in when a broken ankle sidelined him in mid-season last year.

Vieing for the third outfield spot are three freshmen from Indiana: Kim Jones, Ken Purdy, and Craig Viers.

In the infield, Darrell Branam will use his last year of eligibility as catcher for the Blazer squad. Averaging .326 last year, Branam is one of the team's offensive powers. Competing with Branam and expected to see a lot of duty is Central Fla. Jr. College transfer Mike Balboni.

At first base the Blazers are expecting Jeff Greenhalgh to supply much in the way of offensive weaponry. Greenhalgh was one of the leading hitters in the post-season tournaments. "A key to our having a successful year will be Jeff hitting the ball as he did in the tournaments last year," said Thomas.

Competing for second baseman will be Dan Alford, a junior, and senior Vince Musashe, both returnees. The Blazers are hoping for and will definitely need offensive improvement on second base.

Third base should be ably handled by veterans Steve Sumner, a senior, and junior Marty Bishop. Both players performed consistently throughout the 1974 season.

Handling the short stop chores will be returnee Pete Reeves (.271) and fellow junior Dave Taylor, a J.C. transfer from Central Florida. Both should see duty at this vital infield position.

In the all-important pitching position, the team will be led by Bill Petty, a left-handed sophomore who pitched 11-2 last year, tying the Blazer record for games won set by all-America Eddie Fisher in 1969. Sophomore Steve McDiffitt also returns after a 5-1 season. Right-handed McDiffitt has posted wins over major powers Louis University, FSU, and Ga. Southern. The Blazers will also be counting strongly on Vic Feist, a J.C. transfer from Brewton Parker in Mt. Vernon, Ga. Southpaw Feist possesses blazing speed and should definitely be a strong factor in pitching

prosess.

Right hander Bill Parsons is converting to the mound after developing a butterfly-like knuckle ball. Parsons, a senior, could be heir apparent to Marty LeFiles' role as chief fireman from the bullpen crew. Parsons is also a utility infielder and may play a role in this capacity.

ABAC transfers Lavon Keadle and Gary Giddens will be counted on to implement Blazer pitching, and sophomore Tony Ferrera will give the ball another shot after a year of ineligibility.

Rounding out the pitching staff and expected to be of valuable assistance are freshman Lawrence Clarrington and Carlton Bassett.

Thomas strongly urged the backing of the school for the

Blazers' 1975 season. "I enthusiastically solicit the support of our students. I feel that this year more than ever we are going to need spirited backing to help us accomplish our goals of returning to and hopefully winning a national tournament. I've been very pleased with the past support and grateful for the student interest in our baseball program. I am hoping they will come out in greater numbers than ever."

The baseball Blazers journey to Tallahassee Saturday, March 8, for the first game of their 1975 season, meeting top foe Florida State University. Valdosta will reciprocate the Seminoles hospitality Sunday at 2:00 p.m. with a return match at Blazer field.

ESP Course Offered

"Everybody has extra Sensory Perception" states David Wagemaker, an internationally known leader in the fields of mysticism and self-understanding. According to Wagemaker, Valdostans now have the opportunity to explore and develop their own ESP.

Wagemaker is a leader in the Inner Peace Movement, which is offering a course that teaches man to understand himself and his goals. In this course, each participant will actually practice ESP. He will be allowed to test his ability and decide if he would like to further develop his potential.

Instructors from all over the world come to these courses to learn better ways of bringing a balance between their spiritual experiences and the physical world. This enables them to pass this wisdom on to others according to IPM.

"The Inner Peace Movement course teaches us how to get back on an even keel, how to keep our energy really positive," stated Wagemaker. He also remarked that the IPM course can benefit everyone there in one way or another.

According to Wagemaker, IPM deals with ESP from both a scientific and a religious point

of view. He feels that whether you think of the power as being scientific or God given, it is still there and IPM will help you understand it.

An ESP seminar-kick off for the course will be held Friday

night at 8:00 in the Sheraton Inn meeting room. Fee for the one and one-half hour session is \$1.50. Everyone interested is encouraged to come and help plan the program, stressed Wagemaker.

Dosta Digital Places Second

Twelve students from Valdosta State College have just completed competition at Emory University with students from colleges from thirteen states and Canada. The students from Valdosta State are: Don Whitman; Chairman of Board; Tom Manning; Pres. of Dosta Digital; Bonnie Young; V. Pres. of Finance; Jeff Floyd; Cliff Klousia; Lee Daney; V. Pres. of Marketing; Ed Chambless, and Gary Soldatis; Bo Brown; V.

Pres. of Production and James Godwin; Farrell Whidden; Administration Services; and George Merritt; Economist.

The team placed 2nd in the industry. This was the first time since 1968 that a team from Valdosta State College has placed.

According to Don Whitman, Chairman of the Board for Dosta Digital, the team is "a little disappointed at not winning first place but still

proud that we are the only team in the state of Georgia to even place." The team wants to thank their advisor, Dr. Fred Ware, for his confidence and support and also the Park Avenue Bank for their donation of \$100 and Mr. H.M. Barfield of Hahira, manager of Eight Days Inn, for donating three free rooms. These donations made it possible for the entire team to attend the final competition at Emory.

Applications To Be In April 1

Applications for Residence Hall Positions for the 1975-76 Academic Year which includes summer quarter are available in the Student Affairs, Room 9, West Hall. These applications must be filled out and returned by April 1. All applications on file will be reviewed and those which pass the first screening will be required to attend an interview session during Spring Quarter.

In order to qualify you must have lived in a residence hall at some time, have a 2.0 cumulative grade point average, and be a mature person who can work with people. The people whom we hire are required to attend a training workshop which will be held in the fall and a one hour per week training class for one quarter. The present Residence Hall Staff will recommend students who have applied for these positions to Dean Fickert so make sure the staff knows who you are.

Why be on the Residence Hall Staff? They are paying jobs and offer excellent training in working with people. It gives you experience which can be listed for reference when applying for other jobs.

Ferrell Is Sheriff

Ken Ferrell, Director of Student Activities at Valdosta State College, was recently named interim sheriff for Lowndes County.

Ferrell assumed the position upon the resignation of Jewell Futch, former Lowndes County Sheriff.

Ferrell has been given a leave of absence from his duties as director of student activities at VSC. He will be acting as sheriff until the election of a new sheriff on April 1.

When questioned about his acceptance of the position, Ferrell remarked that he accepted the job as he felt it was his duty. Ferrell has lived in

Lowndes County for 19 years and feels he's qualified to do the job.

Before taking on the duties of sheriff, Ferrell worked closely with Sheriff Futch and the deputies to acquaint himself with the job. Even then, Ferrell was both surprised and impressed Saturday after his first day on the job. Ferrell remarked to the Valdosta Daily Times that the first day was filled with activity and he knows now that he doesn't want the job full time.

Ferrell made this thought definite in everyone's mind when he stated, "I have no ambition of being that man ever."

LETTERS

Send Yours To: THE SPECTATOR - VSC BOX 207

Cry Rape!

Dear Editor:

In the past few weeks we have heard rumors about several attempted assaults on female students on campus. If such incidents have occurred, why haven't the students been made aware of this fact? It seems only logical that girls would take added precautions to avoid the danger of rape or they were aware that such perverted people haunt the dark corners of VSC campus.

We are not accusing anyone; just questioning the apparent secrecy with which the administrative authorities are treating this subject. On the other hand, if the rumors are false, the growing fear should be quieted by a definitive statement regarding the matter.

Finally, if the rumors are true, but the authorities are unaware of such matters, then it seems to us the students being subjected to these attacks should report to the proper authorities. We feel such steps should be taken in the interest of all students. Linda Eden, Jan Bowen, Joyce Stevens

Protest Against Miss VSC Scholarship

Dear Editor,

This letter is being written as a protest to the recent action regarding the use of money paid by VSC students as an activities fee for a scholarship for Miss VSC. I am not protesting Miss VSC's receiving a scholarship as long as its money is raised by the organization that sponsors the pageant. But I am not a member of any campus fraternity and I strongly object to any money of mine paid to this college being used for such a silly insane cause.

A student government association scholarship is an excellent idea when awarded on the basis of financial need—at least such would show that students can get together enough to assist those among us who need help. But when such money is thrown away to the winner of an immature and childish activity such as a beauty contest, then I can only conclude that students find looks and physical endowments more important than academic achievement or financial need. If college students wish to be regarded as adults, then let's demand that our SGA representatives act as such and stop throwing away our money on such child's play. Come on, VSC students, grow up! Sincerely, Ronnie Stealy Edenfield

An Appeal to Independents

Why is it that nearly 74% of the students of VSC did not vote at the SGA elections? Is it a rampant epidemic of Apathy, as many people have said? I think not. Mostly, it is a form of quiet protest against the SGA. Many people feel that the SGA is not worth voting for.

In its present state of affairs, the SGA is nothing but a puppet organization. Its elections are simply popularity contests and the offices acquired are nothing but status symbols. Good for getting favor for a job once you're out of college, but not much good for your fellow students.

Usually, the candidates that are running for positions are members of fraternities or sororities. A major portion of those who do vote are Greeks or pro-Greek. One must not assume that this is a direct conspiracy against the rest of the student body. It does however result in a very one-sided SGA. The Greeks are NOT representative of the student body as a whole. They (with their sympathizers) account for about 15-20% of the students, unfortunately only about 27% of the entire student body voted. This could definitely give the Greeks the

advantage. This can and does result in pro-Greek legislation, possibly to detriment of the majority of Independents. (witness the recent "Miss VSC" scholarship scandal.)

Now, for once the students have a chance to put conscientious candidates in office. Candidates that WILL represent the ENTIRE student body, that will honestly try to reform the SGA. These candidates are not trying to get elected by sexy smiles, fancy suits, and smooth orations. They are not trying to gain status or mere popularity. In fact, they are just students who wish to make the SGA an effective and truly representative body.

If this handful of concerned students were not honestly working for reform, I wouldn't bother to vote either. If the SGA remains in its present condition, I would just as soon let it fade away and die out. At least then it couldn't misrepresent the students and screw them over anymore.

PLEASE! This is an appeal to ALL students to get out and do something, while you have the chance! Even fraternities should consider voting for these reform candidates instead of blindly supporting a fellow Greek.

You know who these reform candidates are. They have attempted to increase your awareness of what's going on by publishing an underground newspaper. They have been putting unlimited hours of work into this campaign—for YOU, for us their fellow students.

Please! Get out and VOTE! Don't blow this chance. Don't let yourself get screwed again. Help take the control of SGA out of the hands of the few and put it in the hands of the students, ALL the students. Don't let the SGA continue to be a do-nothing organization that kisses the butts of the status quo. The SGA can be useful, but it won't change without our prodding.

We have a chance, use it. We almost lost it, but we didn't. Vote for REFORM at the run-off!

We can do it. VOTE! Bill Donnahoo, Jr.

Give a Damn

Letter to the Editor:

Are you one of the normal majority that smokes pot in your dorm room? Or, are you the type of A- that likes to spread beer-cans around campus (no need to specify any particular fraternity or sorority). My chance meeting with two undercover agents in Brookwood Park left me 17 ozs. lighter. I GOT BUSTED.

Do you care to get busted? Do you care if your friends get busted? Here is your chance to give a damn. Have you ever been in jail? Do you plan to be in jail soon? I didn't, but ended up there one cold night in January. I was treated like a common criminal. We are not common criminals, are we?

Yes, if you care enough to get down on the present situation in regard to marijuana, write us. We would like to hear your views. We will listen, we want to, we have to. For your sake and ours!

If you have what it takes, drop us a line through inter-campus mail (it's free). We are not affiliated with any known organization on campus. Please enclose your address and/or phone number so we can contact you. Direct mail to: REFORM Box 621, or 317

Mudpuddles- An Inconvenience

Dear Editor,

I am writing this in hopes that the next time it rains, the students of VSC will not have to tackle the obstacle of trudging through that "mudhole" between the covered overpass of Converse and Ashley Halls and the sidewalk leading to the cafeteria.

Our shoes become covered with mud, and we have to jump over it splattering our clothes and each other. It would only take a few feet of sidewalk to solve the age-old problem. If we can give Miss VSC \$400, then surely we can afford two feet of sidewalk. A concerned student

Vote Tomorrow Four Seek Support in Run-Off Election

Bud McLeod Wants To Help

Many of you voted last week and I would like to thank each of you. I would also like to impress upon you that your participation in the run-off election Thursday is just as important.

In talking with students, I have found so many problems with which we are all confronted daily. Since last week's Spectator published my platform, there is no need to list it again. A quick reminder of three major ideas, however, is listed below:

MEALS—Alternate plan needed.

CONCERTS—Student selection of bands needed.

PARKING TICKETS—Fines should be reduced.

Remedies to these and other problems can be sought. However, I think answers to the problems should be sought in a REALISTIC and RATIONAL manner.

Anyone could give a list of promises, but it doesn't mean they'll live up to them. I make only one promise—to help and represent the students of Valdosta State College in every possible way.

PLEASE consider carefully what each candidate has to offer, THEN vote for the one you feel to be better qualified. Thanks for your support. Bud McLeod

Banjo Norman Seeks Support

I would like to thank each of the 1250+ students who took the time to vote Thursday. I would encourage these and the rest of the students at Valdosta State to vote on March 6 in the run-off races for Vice-President and Comptroller.

This article will not be a boring repetition of my qualifications nor will it be a long drawn out review of the problems faced by the students at Valdosta State. Please notice that I said students in the last sentence, I did not talk about problems faced by Blacks or by Greeks or by Independents although I am certain that each of these groups have their own special set of problems. The point is that each student regardless of "classification" has problems in common with the rest of the student body. Our only hope in attempting to solve our common problems is to stick together. An apathetic and divided student body will receive little attention from the administration. On the other hand, an alert and attentive student body will be listened to and respected by the college administration.

A review of each student problem with a ten cent solution for each is not what my candidacy is all about. I am asking you to help me figure out the problems at our college and try to work up some sort of acceptable solution. I do not know all the problems and I certainly do not have all the answers. However, I do strongly feel that with your help we can leave Valdosta State a better college than we found it. Would you have it any other way? R. L. (Banjo) Norman

Tom Odom

Since I did not mention my background last week, other than to assert my academic and intellectual competence, I will go into more detail today. I am a native Valdostan and a graduate of Valdosta High School. I have attended VSC since the beginning of my college career. I have a 3.7 GPA, and I will be a junior this fall. I am proud to represent Valdosta State

Endorsement Jane Clifton Supports Bud

Dear Editor:

I would like to take this opportunity to thank all those students who had faith in my ability and voted for me in the election last week. Although I am now out of the vice-presidential race, I feel obligated to do what I can to see that a responsible person is elected to that office.

From the beginning of the campaign, I recognized Bud McLeod as a worthy candidate, and now I am convinced that he is the best qualified candidate of the two now remaining in the race. Bud has had extensive experience, participating in Student Organization, helping with Homecoming elections, and working in the drive to get a student representative to the Board of Regents—all while maintaining a high grade point average. Taking all this into consideration, I would like to urge all those who voted for me last week to vote this Thursday for Bud McLeod.

Again, I express my heartfelt thanks to my supporters, and I want to impress upon you the importance of voting in the student elections Thursday. Sincerely, Jane Clifton

David Rozier Is Preferred

Dear Editor:

I would like to take this opportunity to thank all those students who voted for me in the election last Thursday. I failed to qualify for the election, however, and would like to take this opportunity to endorse one of the candidates. The candidate I choose to endorse is David Rozier. He is well-qualified for the office of comptroller of SGA. He has a 3.6 GPA and served as treasurer for his fraternity. I urge everyone who supported me to support David Rozier. Furthermore, I would like to urge all those who did not vote for me to vote for David Rozier. He is well-qualified for the office of comptroller, and I hope he will serve you well. More importantly, remember to vote and vote on Thursday, March 6. Thank you, Marion Odom

Wisembaker Favors Rozier

I would like to take this opportunity to thank all of my friends who voted for me in the election last Thursday. It was a close race and the results were certainly anything but disappointing for me. I don't believe I have been in a race with so many qualified candidates. I would also like to praise my opponents for making it a clean race, worthy of a mature college student election.

The main pitch I tried to make in my candidacy was to bring common sense to the office of comptroller. In the forum on Wednesday, I asked the students to protect themselves from empty and meaningless promises, to not let themselves or allow themselves to be tricked by radical and simplistic answers, and to vote sensibly in the election. At this time I would like to echo that same plea.

Issues can be found everywhere but workable solutions are not so plentiful. And a lot of issues have been raised. It is my belief that these issues have been raised for no other purpose than raising some kind of issues. These issues are empty as the kind of student government that their proponents offer you.

In the runoff, you have a clear choice. The choice is between a responsible, capable, and mature accounting major or a candidate who has relied ever since the very beginning of his campaign on the ideas and platform of another candidate in another race. This says to me that this candidate not only is totally void of innovation and creative thinking, but will also allow himself to be dominated by another individual. I also blatantly advocated—indirectly—for boycotting of the Greek system which means intends to ignore a sizeable portion of the school's population. I suggest that he will represent all the students.

I never knew David Rozier very well until the elections came up. And now I feel I know him well enough as a person to comment on his abilities. David is a very personable individual and strikes me as a serious thinker. I believe he will use discretion and good judgment as a comptroller. I believe he is sensitive to the needs of the students. He, unlike his opponent, has alienated himself from any segment of the student population. He has proved himself capable in his social organization as a responsible individual and I have no doubts or reservations whatsoever that he will carry this responsibility into office with him. Use your head and vote sensibly in the runoff. Thank you, Gary M. Wisembaker

Skills Center Can Help You

Are you baffled by freshman English and math? If so, the Learning Skills Center is the answer to your problems!

The Learning Skills Center is one of the first of its kind in Georgia. It has recently been moved from the library to new and larger facilities on the second floor of Powell Hall.

work on building up skills are also welcome to enroll. The Regents Examination Program, formerly known as the Rising Junior Examination, is another project of the Learning Skills Center.

Out-Of-State Trustee Named

Insurance executive Norman J. Harrison has been named to the board of trustees of the Valdosta State College Foundation.

Deborah and Dianne, are students at Valdosta State. "The VSC Foundation is a chartered, non-profit organization of friends of quality education, particularly at Valdosta State," said Stephens.

available--badly needed scholarships, research, library expansion, faculty supplements and general promotion of the many things that make VSC a highly-regarded institution.

PONDEROSA STEAK HOUSE on North Ashley Tuesday Night 8 oz. Beef or Rib-Eye Steak 99c With Baked Potato, Fresh Salad, and Hot Roll

Are Students at VSC Apathetic? What Can Be Done?

JAMES PARISH (Fr., Psychology) "I feel that the students at VSC are apathetic about most things that are unimportant such as the write up of the basketball game of the BSI.

DEBBIE SMITH (Jr., Nursing) "Yes, there's a general feeling of apathy. There isn't support for the SGA like there should be. Students aren't trying to get involved, and the SGA isn't helping them to get involved.

CHARLENE BIRDSONG (Fr., Mathematics) "Yes, very apathetic. There isn't support for the SGA like there should be. Students aren't trying to get involved, and the SGA isn't helping them to get involved.

MR. JOHN A. RICKS III (History Instructor) "Definitely. The movement of student awareness is good and can help. If students are able to take part in decisions that affect them the will become more aware.

BARBARA TANNING (Jr., Nursing) "To some point yes--there isn't enough independent activities or independent-Greek activities together. There needs to be a broadening of programs.

DANNY FUNDERBARKE (Fr., Undecided) "No, not too apathetic. There is always something going on to participate in."

JANE GREER (Fr., Art) "Yes, most of the school spirit is sorority or fraternity oriented. There needs to be more activities that people want to get involved in--for fun.

ROM BORK (Fr., Business) "Yes, definitely. There's a lack of interest about almost everything. There needs to be more support of the SGA so the students can become more informed and interested.

Shankar Unhappy With Harrison Tour

(EARTH NEWS) - Ravi Shankar feels that the recent George Harrison tour, of which he was a part, was "sad." Explains Shankar, "The problem was that George didn't just want to be a Beatle, playing all his old hits. I felt I was out of place with that audience, and -- happy about the way we were received. That was not my audience."

Ravi adds that, "On the other hand, we had so much variety with my fifteen musicians and the mixed group (Harrison, Billy Preston, and Tom Scott's L. A. Express) that I think it went over the heads of much of the audience. It was sad because I expected them to appreciate all these new attempts, but it seems they missed those points. That was the thing that made me unhappy about the tour."

Several of the tour dates were recorded, and Ravi says a tour album should be ready for release by late summer.

Zappa to Compose "Rock Dreams"

Frank Zappa has been asked to compose the music for a planned animated film based on Guy Peilhaert's popular book of interpretive rock-star portraits, "Rock Dreams."

(EARTH NEWS) - The mother of singer Country Joe McDonald (former leader of The Fish) has been nominated to run for the office of city auditor here.

Country Joe's Mother Nominated for Office

(EARTH NEWS) - The mother of singer Country Joe McDonald (former leader of The Fish) has been nominated to run for the office of city auditor here.

While at the University, he was a member of Blue Key, Omicron Delta Kappa, X Club, Education Club and Scabbard and Blade. An ROTC colonel, he was also president of the Gridiron Club and outstanding in football, baseball and track.

God's Greatest Hits

(EARTH NEWS) - Harry Nilsson wants to call his upcoming album "God's Greatest Hits," but his record label isn't too happy about the title.

Harry says he chose the title because it's funny. "Lots of musicians take music too seriously, and it's dull and boring. That's what's killing pop music. I like humor and I like songs that have humor. That's why I'm arguing with RCA. They don't get the joke about 'God's Greatest Hits.' Most of the lyrics on the album are a joke, anyway."

Beach Boy's Latest Album Completed

Rhythm guitarist Al Jardine reports that the Beach Boys have completed work on their next studio album and that he is currently working on two new musical projects.

Also named to the Foundation board is Waycross banker Ellie Royal. "Ellie has been a civic worker in the Waycross area for many years, and his daughter is a VSC graduate," Stephens said.

Rick Wakeman to Score Music for Film

(NEWS) - Keyboardist Rick Wakeman, formerly of Yes, has been signed to score Ken Russell's upcoming film on the life of composer Franz Liszt.

The Student Government Association of Grinnell College here has unanimously approved a resolution asking the college to ban its use of fertilizer for decorative use.

Ban 'Decorative' Fertilizer

The Student Government Association of Grinnell College here has unanimously approved a resolution asking the college to ban its use of fertilizer for decorative use.

If the resolution is approved by College President A. Richard Turner, Grinnell would become only the second college in the nation to ban fertilizing campus plants, flowers, and lawns.

Laertes Stabbed - for Real

SAN ANSELMO, Calif.-(EARTH NEWS)-A performance of "Hamlet" on the campus of the College of Marin here was halted after an unidentified teenager actually stabbed one of the characters.

Student-actor Jeffrey A. Josephson suffered a deep flesh wound in his side between the first and second acts of the Shakespearean play. Josephson-or Laertes--was taking a break behind the theater when he discovered three boys tampering with an electrical control panel.

The Signs of His Coming

by John Brown

And as he sat upon the mount of olives, the disciples came unto him privately, saying, tell us, when shall these things be? And what shall be the signs of the coming, and of the end of the world?

And Jesus answered and said unto them, take heed that no man deceive you. For many shall come in my name, saying, that I am Christ, and shall deceive many. And ye shall hear of wars and rumors of wars: see that ye be not troubled: for all these things must come to pass. But the end is not yet. For nation shall rise against nation, and kingdom against kingdom, and there shall be famine and pestilences, and earthquakes in divers places. All these are the beginnings of sorrows.

And many false prophets shall arise and deceive many. And because iniquity shall abound (love of pleasure and partying), the love of many shall wax cold. But he that shall endure unto the end, the same shall be saved. And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.

For then shall be great tribulation, such as not since the beginning of the world to this time, nor ever shall be. And except those days should be shortened, there should no flesh be saved: but for the elects sake (the children of God: Christians) those days shall be shortened.

Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light; and the stars shall fall from the heaven: and then shall all the tribes of the earth mourn, and they shall see the sun of man coming in the clouds of heaven with power and great glory.

Verily I say unto you, that this generation shall not pass, till all these things be done. Heaven and Earth shall pass away. But of that day and that

hour knoweth no man, no, not the angels which are in heaven, neither the son (Jesus Christ), but the father. Take heed, watch and pray: For ye know not when the time is.

For the time is come that judgement must begin at the house of God; and if it first began at us, what shall the end be of them that obey not the gospel of God? And if the righteous scarcely be saved, where shall the ungodly and the sinners appear?

But the day of the lord will come as a thief in the night; in which the heavens will pass away with a great noise, and the elements shall pass away with a fervent heat, the earth also and the works within be burned up. Seeing then that all these signs shall be dissolved, what manner of person ought ye to be in all holy conversation, and godliness. Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the PRIDE OF LIFE, is not of the father, but is of the world.

If ye then be risen with Christ, seek these things which are above, where Christ sitteth on the right hand of God. Set your affections on things above and not on things of the earth. And let us consider one another to provoke unto love and good works. For if we sin willfully after that we have received the knowledge of the truth, there remaineth no more sacrifice for sins, but a certain looking for of judgement and fiery indignation. Wherefore seeing we are encompassed about with so great a cloud of witness, let us lay aside every weight, and the sin that doth so easily beset us, and let us run with patience the race that is set before us. Looking unto Jesus the Author and the Finisher of our faith.

Project Ahead Begins Here

Anyone who has taken collegiate courses while being in the military and then belatedly found out that some of these credits will not transfer following his or her discharge, then knows the frustration of being caught up in an uncoordinated educational system. Well, now the Army has developed what it considers a noble alternative. Basically it allows for an individual to choose from one of the schools participating in its program (over 200) which will then be used to assist him with coordinating his college courses while on active duty (either through direct attendance at a school near one's duty station or through correspondence courses completed at leisure).

Following acceptance into the program, which is coined "Project Ahead", an advisor is assigned (from the institution the person chooses) to help the individual know what courses toward a degree he or she needs or doesn't need and a correspondence is set up with his professor throughout the term of enlistment. During this period, however, one may go to any of the schools on the Army's approved list while at the same time having credits for completed courses sent back to the original college and these counting towards a bona fide degree. Additional bonuses are that the Army pays 75% tuition assistance and one will still be entitled to GI Benefits following discharge.

As Gen. Fred C. Weyand, Chief of Staff, U.S. Army, says "Project Ahead is by no means a free ride. Because while you're working toward a college degree, you'll be serving your country...You'll be a soldier full time. A student part time. You'll train hard, you'll work hard. And you'll find that although a few years in the Army isn't the easiest way to earn a college education, it may be the most rewarding."

For further information, interested persons can contact their local Army representative. Editor's Note: In recent weeks the Army has advertised the program in several well known magazines across the country. Valdosta State College is among the participating colleges listed.

Converse Nears Completion

Converse Hall has survived a destructive age that saw many beautiful old buildings torn down in the name of progress. Converse Hall is an anachronism reminding a busy, modern campus of days gone by. Contrasting sharply with other buildings like Nevins Hall, Converse is a reminder that offers a pleasant change, another dimension to VSC. But for the last four years Converse

Hall has been a non-working reminder. It has been in disrepair and out use; however, this situation is changing.

According to Tom Melton, VSC Building Maintenance Superintendent, Converse Hall will be opened again by summer quarter. Superintendent Melton said he has a sixteen man crew working to completely remodel the building's insides and have it ready to be moved into for summer quarter.

When construction on Converse Hall is completed, the building will consist of fifty-one units. Thirty-eight will be efficiency units, and thirteen will be one-bedroom units. Each unit will be fully equipped with furniture, kitchen, and bath. A laundry room is also being added to the building.

After completion Converse Hall is to be used by married students, graduate students, and possibly seniors.

Alpha Xi Delta News

The Gamma Xi chapter of Alpha Xi Delta is proud to announce twelve new additions to their sisterhood. They are Dana Coleman, Atlanta; Cindy Williams, Tampa; Kathy Byrd, Folkston; Donna Albans, Valdosta; Lynn Weisbach, Albany; Pat Daley, Warner Robins; Cindy Cooley, Mt. Crawford, Va.; Barbara Heim, Atlanta; Lynn Szyperski, Doraville; Jo Hogleland, Miami; Karen McDonald, Eufaula, Ala.

Wildcat bids were accepted this quarter by Debbie Maughon, Lakeland; Susan Nuelist, Jacksonville, and Patti Brown, Tifton. Another new pledge is Susan Marshall of Ft. Valley.

New officers were elected for 1975-76 and are as follows: President- Kathy Byrd, Vice President- Cindy Williams, Membership Chairman- Jeanne Martin and Lynn Weisbach, Recording Secretary- Susan North, Corresponding Secretary- Cindy Cooley, Treasurer- Dana Coleman, Historian- Pat Daley, Marshall- Pam Langston, Chaplain- Lynn Szyperski, Journal Correspondent- Debi McGowan, Quill Chairman Jo Hogleland.

Alpha Xi Delta has had a busy winter quarter. Philanthropic endeavors have included valentines and camping equipment sent to Pittman Hall- our national philanthropy, coaching retarded adults for the annual Special Olympics and continued support of our Mexican little sister. One of the many socials included a skating party for members and friends. The Chapter was also privileged to have as their guest Miss Peggy Crouch, National Field Counselor.

Alpha Xi congratulates sisters Kathy Byrd and Lynn Szyperski for their initiation into Alpha Lambda Delta and to Beth McClain for her initiation into Omicron Delta Kappa. Alpha Xi is proud to announce that Winnie Overby and our sweetheart Marty LeFiles were chosen to Who's Who in American Colleges and Universities. Congratulations also go out to Nicky Tampus, a Big Brother on his election to the Presidency of Delta Chi Fraternity. Best Wishes are also extended to Barbara Welling, Kathy Byrd, and Cindy Cooley who were recently selected as sponsors of Tau Kappa Epsilon Fraternity and to Debbie Maughon who was selected as a brotherhood Delta Chi Sponsor. The chapter has just received word from National Headquarters that Beth McClain, current President of the Chapter has been selected as one of the four Alpha Xi's in the country to participate in the Pittman Hall Internship Program this summer in Albany, New York.

As the quarter draws to a close, Alpha Xi is looking ahead and making plans for an active and exciting Spring Quarter.

Veteran's Corner

Veterans in need of financial aid to continue GI Bill education are eligible for increased benefits under the Veterans Administration's work study grant program, VA reminded veterans today.

Administrator of Veterans Affairs Richard L. Roubush noted that a December 3 law (P.L. 93-508) increased the amount the agency can advance veterans to a maximum of \$625 per semester for fulltime students who agree to work 250 hours for the agency.

Prior to December 1974, VA could advance a maximum of only \$250 a fiscal year to a limited number of selected veterans for 100 hours of service.

From April 1973 when the original program started through last December, 27,157 veterans received nearly \$6.6 million in grants for 2.6 million hours of work, the VA official revealed.

Veterans interested in work study grants were urged to apply to VA regional offices which maintain their records.

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office. Q-Can a veteran's wife use his educational benefits? A-Only if he is 100 per cent permanently and totally disabled from service-connected conditions. Q-I am a World War II veteran. Can I get dental treatment at a Veterans Administration Hospital? A-The Veterans Administration provides dental treatment on a one time basis for veterans up to one year from their date of release from active duty. After that, dental treatment is provided only for service-connected conditions. Q-I entered military service before completing high school. I was honorably discharged last month after four years of duty.

Am I eligible for benefits while finishing school? A-Yes. Veterans in your category may receive educational assistance charge against your entitlement. That assistance thus remains available for post-secondary education. Q-The Veterans Administration will pay me \$270 monthly while I am single and school under its work study education assistance program. Will this be increased when I marry? A-No. The law provides for additional allowances because dependents of participants in this program. Q-I am a Vietnam-era veteran. My employer is willing to pay on-the-job training program. How would he be getting approval for the program so I can draw benefits while training? and your employer? A-Contact the nearest VA office for complete information on assistance. Q-I was discharged from military and plan to study under the GI Bill. How long do I have to complete training? A-Enacted in July 1974, the GI Bill eligibility for veterans from 8 to 10 years after discharge. The extension applies to eligible widows and widowers of veterans who train under Veterans Administration compensation for service-connected disability. Q-Am I entitled to the \$150 annual allowance? A-Your eligibility would depend upon the nature of your disability. You are eligible if you wear one or more prosthetic or orthopedic devices which tend to wear out on your clothing. You must apply for the benefit, however. Q-Will my wife's income disqualify me from the Veterans Administration? I was honorably discharged from military service last month and plan to buy a home using VA loan entitlement. A-VA since July 1973 has been giving full recognition to income of both veteran and spouse in determining ability to repay GI loans.

R P Exam Set

The Regents Proficiency Examination (Rising Junior Exam) will be administered in room 217 of the Regional Education Center on March 25,

1975. The test will be given at 10:00 a.m. at 3:00 p.m. and at 7:00 p.m. Candidates are being notified by letter.

FOCUS ON FACULTY

Dr. Don McIntyre by BARBARA PEAGLER

The value of education is greatly influenced by the attitudes of both the professor and the student. Just each student at VSC has individual needs and goals in his personal educational motives, does each professor have personal philosophies of education which greatly effect relative attitude towards his students and course aims.

This is a beginning of a series of articles, profiling different professors and their personal looks on education. We hope to aid students to have a more aware attitude towards their own educational goals by providing for additional understanding and allowances because of the dependence of participating in this program. Q-As a Vietnam-era veteran, and employer is willing to employ me. How would he go about getting approval for the program so I can draw GI benefits while training? A-Your employer should contact the nearest VA office for complete information.

Q-I was discharged from military service in 1974. Am I eligible for the GI Bill? A-You are eligible for the GI Bill if you were discharged from 8 to 10 years after your discharge. The extension of the GI Bill to 10 years after discharge applies to eligible spouses of widows and widowers. Veterans who train under the Veterans Administration service-connected disability compensation are eligible for the GI Bill. Q-Can I be employed by a VA office? A-You are eligible if you wear one or more prosthetic or orthopedic devices which tend to wear out or tear your clothing. You must apply for the benefit, however. Q-Will my wife's income disqualify me from the VA? A-If you were honorably discharged from military service last month, you plan to buy a home using VA loan entitlement. A-VA since July 1973 has been giving full recognition to income of both veteran and spouse in determining ability to repay GI loans.

of reference greatly diversifies from the regular humanities. Yet he feels there is a need for a broad mind in any educational attitude. The 'Criminal Justice' major must be very patient, conditioned and in essence 'toughened enough to suppress any anger or discomfort that would hinder his dealings with vulgarity, violence, perversion, and deviance. Dr. McIntyre has this in mind as he psychologically prepares his students for their career at the same time educating with technical knowledge. He believes in total fairness, keeping in the spirit of 'Criminal Justice'. Dr. McIntyre pretty much teaches what he preaches and does it well. This is a pretty important necessity toward positive learning. In this 'day of accountability' I feel he is a very good example to account for.

British Jobs Offered

Hundreds of U.S. students will be able to work in Great Britain this summer with the help of the Council on International Educational Exchange's Summer Jobs in Britain program. Students who thought that they couldn't possibly afford a trip to Europe this summer should reconsider: with a job in Great Britain they can earn enough to pay their day to day expenses and what may have seemed like an impossible trip can become a reality. Because of the common language, Britain has always been the most popular country for American students who wish to work abroad.

Students may choose from two different plans for their summer in Britain: they may have a job prearranged for them (for a fee of \$75) or they can obtain the necessary working papers through CIEE and then find their own job (for a fee of \$25). One student who found his own job last year spent the summer working as a grouse flusher on the estate of a Scottish marquis!

Applications and details of the summer job program are available from CIEE, Hotel McAlpin, Suite 2200, Broadway and 34th Street, New York, New York 10001. CIEE will also help students find jobs in Germany and France this summer; information on opportunities in these two countries are available at the above address.

CIEE has been actively involved in student travel for over 25 years and has been operating the summer jobs program in Britain for 6 years.

Concert Slated for Tonight

March 5, at 8:00 p.m., in the Snack Bar, the College Union will be sponsoring Purly and the Waste Band. They will be playing a mixture of folk, jugland, blues, and bluegrass with a high degree of skill and versatility.

The leader of the band and creative force for most of their material is Purly, who is the guitar and sandpaper blocks. She has a style of singing resembling Maria Muldrar and Bonnie Raitt. Her original songs are mostly about life in New Hampshire, the spring of the year, and personal love affairs.

The cornerstone of the group is Bennet, whose versatility as a musician and vocalist make him more than a vital part of the Waste Band. He is responsible for all work on guitar, dobro, banjo, mandolin, and piano.

The third member of the Waste Band is Chops. Chops plays bass, guitar, and mandolin, and does most of the driving.

This will be an interesting concert and everyone is invited to attend and bring a friend.

"A Day For VSC"

"Young men grow older every day" is more than a line in a popular song. To Valdosta Foundation chairman Harry Stephens of Valdosta designated Monday, (March 3), as "A Day For VSC." Forty-six Foundation trustees in Georgia and Florida visited friends of the college to seek their support on that day.

For Gribbs, a 1970 VSC graduate, and his wife, Sharon (VSC '69) hope sons Kip, 3, and 18-month-old Justin will follow them to Valdosta State some day. And Gribbs is willing to work for enrichment funds to ensure VSC's continued growth.

"Our 1975 VSC Foundation goal is \$30,000," he said. "These funds will go to nursing loans and general scholarships, concerts and lectures, matching (federal) funds, the President's Discretionary Fund and the Foundation endowment."

In lieu of the usual, weeks-long drive, Gribbs and Stephens of Valdosta designated Monday, (March 3), as "A Day For VSC." Forty-six Foundation trustees in Georgia and Florida visited friends of the college to seek their support on that day.

Stephens, a telephone-company executive, sees his Foundation work and that of the other trustees as "a lasting monument to our belief in preparation of today's youth for tomorrow's leadership."

Valdosta State is a growing, thriving, vigorous four-year unit of the University System of Georgia," Stephens said.

"Enrollment has more than tripled (to just under 5,000) in the last 10 years through its wide variety of studies in

undergraduate and graduate fields. We trustees think it's worth giving our time to continually develop this work for our Georgia students, as well as those who come to VSC from all over the United States and several foreign countries."

And from right out of your back yard eventually, according to Gribbs.

IRC On the Go

The third meeting of VSC's International Relations Club was held Wednesday, February 26, in the Projection Room of Powell Hall.

Mrs. Jane Shelton, Instructor of the History Department, provided a highly informative slide presentation and question and answer session on India and South Asia at the meeting. Mrs. Shelton has spent two summers studying at the Osmania University in Hyderabad and touring the country.

The International Relations Club is open to both students and faculty at VSC. Its purpose is to give those who are interested in international affairs an opportunity to come together for informal debates, special speakers, films, and field trips.

The next meeting will be held on Monday, March 10, at 8 p.m. in the Projection Room of Powell Hall. Dr. James Connell, Assistant Professor of the Modern Foreign Languages Department, will speak on his summer studies at Moscow State University.

Scabies-The Thing to Have

Streaking was popular last winter quarter at VSC. This year scabies is the newest thing to have, more popular than go-go boots were. If you've been itching lately, or if you've noticed some sort of rash on your skin, you could have scabies, more commonly called the seven-year itch.

Scabies results from an infection of the skin by small mites about one fiftieth of an inch long. They live on the surface of the skin, but the female burrows deep into the epidermis to lay eggs. She travels along creating an extended tunnel in which eggs are laid. A typical sign of scabies is short, winding burrows in the skin, usually occurring between fingers and toes. The skin may develop a hypersensitivity to the mite, causing severe itching commonly associated with scabies. They are especially bothersome at night. The mites wander around on the surface of the skin when it is warm.

In the 1950's, scabies became uncommon, but there has been a progressive increase in many parts of the world since then. There have been sporadic outbreaks occurring in institutions and nursing home. There is one now occurring at Valdosta State College.

There are five different kinds of scabies: 1) scabies in the cleanly (minimal burrows, easily misdiagnosed), 2) Nodular Scabies, the type commonly found here at VSC (reddish brown pruritic nodules on covered parts of the body for months despite anti-scabetic therapy), 3) Norwegian scabies (highly contagious, rare variety; thick-crusts lesions containing innumerable parasites and ova), 4) animal-transmitted scabies (the mange in dogs), and 5) scabies with syphilis (diagnosed increasingly in VD clinics in association with venereal disease, particularly syphilis).

Treatment of the scabies involves patience and a lot of hassle. All persons in the household, or any sexual contacts outside of the household should be treated. If not, you can be re-infected in the evening, a long hot, soapy bath must be taken, use green soap, and a brush to scrub with for 20 minutes or longer. Then dry with a clean towel. Next Kwell lotion (gamma benzene hexachloride) is applied to all of the body from the neck down. Pay particular attention to the pelvic area. This is where it itches worst. Allow it to dry.

All linens must be washed: the same for pajamas, underclothes, towels, and clothes. The following morning lotion is reapplied. Take another bath that evening. Four days later this treatment is repeated.

Apparent failure to get rid of scabies is due to not following instructions completely, neglecting to treat all members of the household, or re-infection from an source, such as a relative or sexual contact.

If you think you have scabies, do not hesitate to see Dr. Greer and get a prescription for Kwell lotion. They are easier to treat in the early stages. They are also very easy to get. Keep your clothes and yourself as clean as possible.

NOTICE:

If there are programs, special events, lectures, etc., that should have been included, please let Mrs. Edith Shepard have the facts by March 5. Needed are the date, time, place and brief description. If there is an admission charged, we need the amount and how admission may be obtained (tickets, etc.)

THE QUARTERLY CALENDAR OF EVENTS is the piece distributed in the community and surrounding towns, to let the public know of the events they may attend. It is not to be confused with the campus calendar published by the College Union Board, which includes more of the events of interest to the students and faculty.

Alumni Defeats Blazers

Sunday's game with the VSC alumni turned out to be not the picnic the Blazers had expected. The day started out with a festive atmosphere of old friends getting together to have fun and play some ball. However, Coach Bill Grant's alumni showed they meant business in the early goings. Ronald Bennett had to be the man of the day. Not only did he pitch six innings and allow only two runs, but drove in two on a double and a home run. Gene Felts homered put the game out of reach for the Blazers. Dan Darden had starting mound

duties for the Blazers and retaliated himself with a 395 foot triple to center field. Earlier in the day a clinic was held for the Boys Club of Valdosta with tips on hitting and fielding by different members on both teams. All gate proceeds went to the Boys Club. Special thanks go out from the team for the alumni, the fans, and Mr. Bill May who provided hot dogs after the game. Thanks to these people and many more, it was a very successful day.

Women's Golf Team

Fore! Well, actually, there's eight...girls, that is, on Valdosta State's first feminine intercollegiate golf team. Coached by Mrs. Metilda Mathis of the physical education department (herself more than just a casual duffer as she has carded two official holes-in-one and has been playing since she was twelve...when Bobby Jones was still in knickers!) This latest achievement in equal representation of school sports for women features a relatively young team which will be driving and putting their ways across the liberated links of three states for a total of ten games beginning March 3 and against such well known institutions as Auburn, Florida State and Western Kentucky.

(l-r) Kristi Dyal, Pam Mitchell, Nina Herring, Ann Chitty, Fran Henderson, Allen Mosely, Connie Bowers, and Kathy Townsend make up the team.

Obviously enough, though, there are certain hardships in establishing any team for the first time. "The most difficult aspect involved with fielding a women's golf team in Ga.," says Coach Mathis, "is finding state girls who have any consistent playing experience". Pointing out that Ga. is not exactly famous for its women golfers (perhaps as famous as the city of Valdosta for its airport), Coach Mathis mentioned that four of this year's eight team members are from Florida, an area where lady golfing is much more common and actively encouraged among younger women.

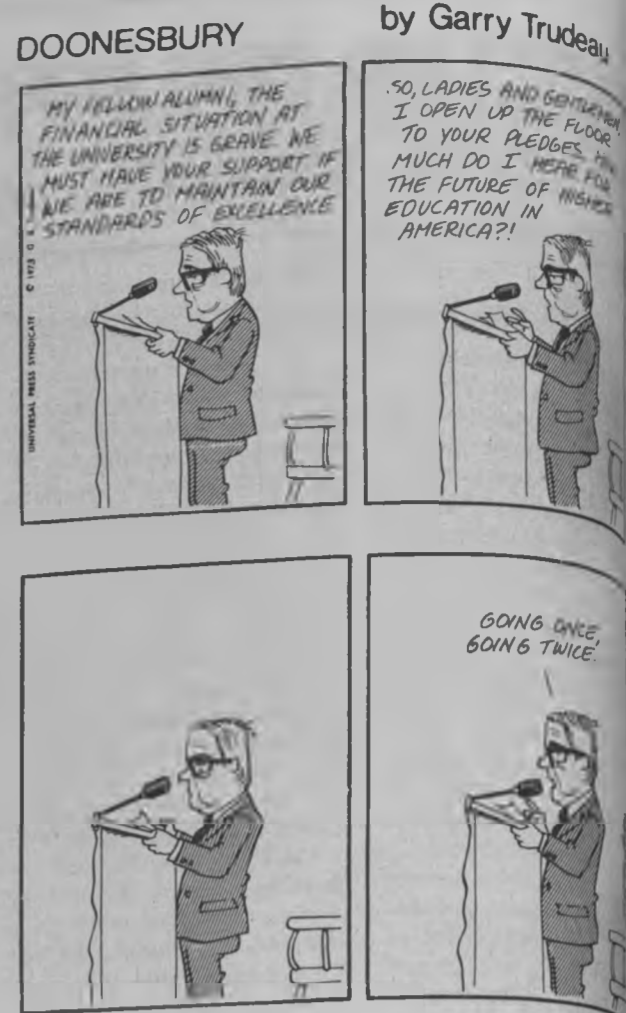

Consequently, and in keeping with the VSC tradition of playing the best talent around, three games have been scheduled with schools from our southern neighbor, in addition to the one played this

past November at the Lady Gator Invitational Tournament in Gainesville, Fla.

Smilingly adding, "We didn't do so good in that one," Mrs. Mathis emphasized that her group is nonetheless an enthusiastic and determined one and that she expects better results as experience mounts. In any event, one might notice that already they're better than the men's team in at least one category...They're better looking!

Members of VSC's women's golf team: Connie Bowers, freshman-Pembroke, Ga.; Ann Chitty, junior-Valdosta, Ga.; Kristi Dyal, sophomore-St. Mary's, Ga.; Fran Henderson, freshman-Jacksonville, Fla.; Nina Herring, junior-Fernandina Beach, Fla.; Pam Mitchell, freshman-Jasper, Fla.; Mary Allen Mosely, junior-Valdosta, Ga.; Kathy Townsend, freshman-Orala, Fla. schedule: Marcy 3- Univ. of Ga. - in

Valdosta; March 17-18 - Rollins College Tourn. - Winter Park, Fla.; April 8 - Wesleyan College - Valdosta, Ga.; April 14 - Florida State Univ. - Valdosta, Ga.; April (unannounced) - Wesleyan College - Macon, Ga.; April 18 - Western Kentucky - Valdosta, Ga.; April 21-22 - Auburn Tourn. - Auburn, Ala.; May 2-3 - Ga. Invitational Tourn. - Athens, Ga.; May 14 - Florida State Univ. - Tallahassee, Fla.; May 19 - Univ. of Ga. - Athens, Ga.

Blazers Take Two From ABAC

The Blazers finished their pre-season record at 6-2 with two more wins from ABAC. The team put on what has to be its best performance thus far. The first gave was nip and tuck as the Stallions from Tifton scored their only run in the 9th

inning. The second was a little closer. The Blazers got a three run advantage and hung on for the rest of the game. Pitchers for the Blazers were Steve McDiffitt, Lawrence Clarrington and Lavon Keadle.

Tennis Teams Host Outing

This past Sunday the men's and women's tennis teams of VSC hosted their first social outing of the '75 season. Catering was provided by Flagler College of St. Augustine, Fla. and the hometown array initially proved to be immensely satisfied with the fixings as they downed serving after serving (18 in all) of well seasoned "crow" and spicy "humble pie". Also, plenty of "punch" was consumed by the seemingly dehydrated VSC group and it was noticed that not a drop was spilled. Though Flagler appeared intensely interested in preparing the afternoon repast (and even seemed to enjoy it), the VSC group were all heard to be complaining of sour stomachs and to be anticipating the end of the festivities. For them, it proved to be a long afternoon.

To the semi-casual observer, the fact that neither the men nor the women managed to win one game of the eighteen played against Flagler might be cause for a great weeping of tears and gnashing of teeth but actually, in spite of the humiliation several players of both Coach Hansen's men and Coach Phillips' women played well enough to win and each gave their individual 100% efforts. Also, in defense of the players, in order to market the first game of the season for the Blazer tennis teams as opposed to Flagler, eight games and one might just as easily assume that several of the losses were due more to lack of exposure than to physical inability. None of the players appeared despondent or bitter about the losses and this is to their and the school's credit, since no one enjoys a sore loser. Now there's really no place to go but up.

The following test will be given during the month of March:

CGP (required of all entering Freshman)	March 24	2 p.m. to 6 p.m.
ATGSB (registration must reach Princeton by Feb. 25, or walk-in registration with a late fee)	March 22	8 a.m. to 12:30 p.m.

Anyone interested in any of these tests should contact the Student Development Office in Powell Hall (east wing) or call 247-3243.

This Spring Quarter the following honors courses will be offered: Speech 105H 2nd daily Mr. Spell English 250H M-W 12:40-2:40 Dr. Mayo History 200H 2nd daily Dr. Tomberlin History 101H 4th daily Dr. Mensing Phys. Sci. 110H 3rd daily Mr. Van Preen Pol. Sci. 200H 2nd daily Dr. Morrow Philosophy 200H 3rd daily Dr. Hill
If you are interested in taking any of these courses, have your faculty advisor check with the instructor of the honors course to see if you may get into the class. Then have your faculty advisor fill out your registration card for the honors course. Next, go to the Vice President's office with your registration card and get a permission slip allowing you to register early on Registration Day. Robert Gortte, Sigma Alpha Chi

Jobs For Summer Look Promising

Informed sources report that summer job opportunities for college students "look good" this year. National Parks, Dude Ranches, Guest Resorts, Private Camps, and other tourist areas throughout the nation are now seeking student applications. Summer job placement coordinators at Opportunity Research (OAR) report that despite national economic downturn areas are looking for a record season. Polls indicate that people may not go for the big purchases such as new homes, furniture or appliances, but most appear to be planning for a big vacation. A free booklet on student job assistance may be obtained by sending a self-addressed stamped envelope to Opportunity Research, Dept. SJO, 55 Flathead Dr., Missoula, MT 59901. Student job seekers are urged to apply early!

TKE's Get New House

The past week saw Zeta Nu chapter of Tau Kappa Epsilon take a great step forward with the acquisition of a house. The new TKE house is located at 103 West Moore Street. The brothers, pledges, Order of Diana, and sponsors are busy preparing the house for its first occupants. The house will be ready for occupancy by summer quarter.

On Friday, February 28th, and Saturday, March 1st, brothers Joey Sheppard, Gary McMillan, and Ken Cavanaugh, along with Lisa Leland, Bill Thornton, and Sassy represented Valdosta State College at the Southeastern Region College Bowl at Berry College in Rome, Georgia. The team met with formidable opposition winning two and losing three by five points each.

The brothers of Zeta Nu would like to welcome five girls as new sponsors: Kathy Byrd, Lynn Causey, Cindy Cooley, Tree Distefano, and Sonya Tyson. The Order of Diana recently initiated as honorary members Mrs. Lamar Pearson, Mrs. Gil Harbin, and Jean Holland. These ladies were presented at the Red Carnation Ball on February 22nd.

Deadline for all articles, letters, pictures, and advertisements to be published in the SPECTATOR is Friday at 4:00p.m. Anything submitted after this time will be held until the next issue.

All articles turned in must be type written and double spaced. All stories are subject to editing.

Delta Chi Gives Report

This past week SGA elections were held and several brothers were elected to positions in the SGA. Marc Richardson was elected to one of the top positions as Secretary, while Bob White, Ed Hay, Binbo Collins, Randy Brinson, and one of our sponsors, Kris Dahl, were elected as representatives for their respective classes. Congratulations are in order to these people for being elected to represent the student body on the SGA. Also we would like to congratulate Kris Dahl for being elected as Historian for ZTA, and Jo-Ann Gowan for being selected to participate in the "Up With People" organization. Just recently at our officer installation banquet, Tony Herlovich was named as the Outstanding Pledge for Fall

We are changing the administration date for the College Level Examination Program (CLEP) from the third Tuesday of Each month, to the second Tuesday of Each month. We are changing the date in order to correlate our test dates with those of the Educational Testing Service (ETS) and therefore provide prompt scoring.

Quarter. Last Friday night, a reception was held at our house in honor of the Phi Mu's. A bouquet of flowers was presented to the President of Phi Mu, and it was a pleasure for us to meet these outstanding young ladies.

In intramural basketball, our number one team still leads the fraternity division with six wins and no losses. Last week the number one team beat both TKE no.1 and Delta Sigma Phi. The Delta Chi Flyers, currently

have a 3-4 record. Last Thursday night the Flyers played TKE no.2 and won by a score of 51-41.

On Saturday afternoon in coordination with IFC, the brothers canvassed a section of Valdosta collecting money for the Leukemia Drive. As another one of our projects for this quarter, the Delta Chi's are sponsoring a raffle. The raffle tickets are still on sale and the drawing will be held this Sunday, March 9th, with a total of 30 prizes being given away.

SAE Plans Social

Thursday night of this week, Sigma Alpha Epsilon is looking forward to a social with the SAE alumni and their wives. The alumni open house, which will begin at 7:00 o'clock Thursday, will start the week's activities. Later, on Saturday night, the alumni will host the Georgia Sigma Chapter at the Founder's Day Banquet and Dance at the Valdosta Country Club.

During this past week, SAE, in conjunction with the other

Greek organizations, participated in the Leukemia Drive. Manning different positions around the city, the brothers and pledges helped collect donations. We would like to thank all the fine people who contributed.

There is an error in the art section of the spring quarter schedule. Art 118 will be offered from 10:20-12:20 rather than from 10:20-11:20.

WARNING: The Ivory Tower is about to collapse.

It's your last year of college. Why think about life insurance now? Because, the older you get the more it costs. And next year, it's all up to you. Find out about CollegeMaster.

If you think Kodak is just pretty pictures, you ought to have your chest examined.

When a chest x-ray shows that you have a potential killer like TB or cancer, it's not a pretty picture. But it's an important picture because it can help the doctor detect and catch the killer in time.

When doctors are out to catch these potential killers, they want the sharpest, clearest x-ray films they can get. And that's why people at Kodak spend so many hours creating new and better x-ray film equipment. Already, the results include convenience for the patient, economy for the hospital, an even more useful tool for the

radiologist—and, most important, reduced radiation exposure.

Researching and creating better x-ray films is good for our business, which is why we went into them in the first place. But it does our society good, too—which isn't a bad feeling. After all, our business depends on our society—so we care what happens to it.

Kodak.
More than a business.

Out-of-State Grad Open to Georgia S

Students from Georgia can enroll in seven out-of-state graduate programs—according to the Southern Regional Education Board (SREB). The Common Market, which began operation in 1969, was formed as a clearing house for Southern states to increase accessibility to higher education. Here is a list of graduate programs available in the State of Georgia. (The SREB has a list of all the programs.) Unlike the lengthy and often intimidating forms needed for financial aid, the Academic Council
