## Student Government Association Nominations Open January 21

If you are a student at Valdosta State College you probably think that there are many changes which could be made. And there are probably many ways to bring about these changes as there are many.

One could overthrow the President's office or stage a strike on Patterson Street. But there is really only one way. That way is through a unified body of students. And now is the time that each student can voice his opinion about what he wants done.

The Student Government Association represents each student at VSC. The SGA according to its Constitution was organized to decide and act responsibly for the students upon any matter involving the student's interest. But it cannot act effectively without your help.

Nominations for the SGA officers and Senators will be open on Monday, January 21. Then on Wednesday, February 28 you will be asked to vote for President, Vice President, Secretary, Comptroller, and Senatorial positions.

If you feel you have the qualifications, interest, and time to work in one of these positions, come by the SGA Office, Room 9, upstairs in the Student Union and pick up a petition. Only through truly concerned students can the SGA accomplish its purpose. Even if you do not feel that you should run for office, go to the polls on February 28 and VOTE!

The qualifications and duties for the elected offices as stated by the Constitution are as follows:

**PRESIDENT:** (A) shall have obtained credit for 80 academic hours at the beginning of the fall quarter following the election. (b) shall have established at least a 2.1 cumulative grade point average prior to the quarter of the election and must maintain this average during his term.

**VICE PRESIDENT:** (A) shall have obtained credit for 80 academic hours at the beginning of the fall quarter following the election. (b) shall have established at least a 2.1 cumulative grade point average prior to the quarter of the election and must maintain this average during his term.

The duties of the Vice president include President of the Student Senate and chairman of the College Communications Board.

**SECRETARY:** (A) shall have obtained credit for 45 academic hours at the beginning of the fall quarter immediately following the election. (b) shall have at least a 2.1 cumulative grade point average prior to the quarter of the election and must maintain this average during his tenure.

The duties of the Secretary include elections chairman, recording secretary of the Senate and Cabinet and maintaining all files and records of the SGA.

**COMPTROLLER:** (a) shall have obtained credit for 45 academic hours at the beginning of the fall quarter immediately following the election. (b) shall have at least a 2.1 cumulative grade point average prior to the quarter of the election and must maintain this average during his tenure.

The duties of the Comptroller are to supervise the expenditure of all Association monies and prepare the Association budget.

**SENATE POSITIONS:** (a) Must be a member of the class or student group he represents. (b) must have established a 2.0 cumulative grade point average prior to the quarter of the election and maintain this during his tenure. (c) must not be a member of the Student Court, The College Union Board, a Residence Hall officer, or an editor or manager of any campus communication.

Few people realize that Student Government Association officers are paid salaries. The President receives \$100 per month, the Vice president receives \$75 per month, while the Secretary and Comptroller receive \$60 per month. All wages are tax free.

Each person who plans to run for an office or Senate position must:

- (1) meet the qualifications as stated in the SGA Constitution,
- (2) obtain a petition from the Student

Government Office and receive fifty signatures of their constituents, (3) pay a \$5.00 qualifying fee for the four major offices and \$3.00 fee for Senate positions (the money is used to cover the cost of the election) and (4) follow the election rules as stated in the SGA Election Code.

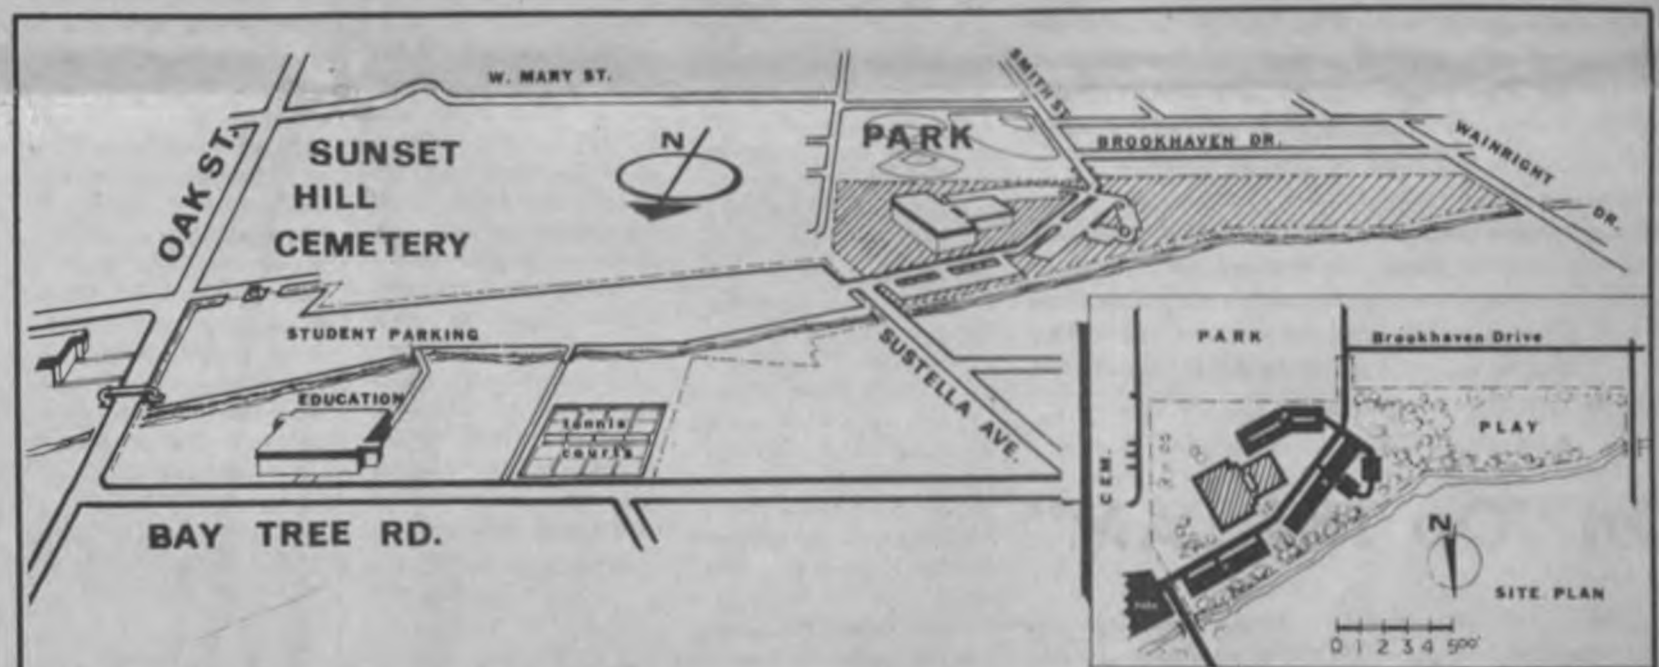

Dates to Remember Jan. 21 Nom. open, Feb. 13 - nominations closed, Feb. 28 Winter quarter elections.

### Positions Open

- President
- Vice President
- Secretary
- Comptroller
- (3) Sophomore womens rep.
- (3) Sophomore mens rep.

- (2) Off campus womens rep.
- (2) Off campus mens rep.
- (4) Graduate students rep.

Dr. Raymond A. Cook and wife pose proudly by their new investment. Dr. Cook, a member of the VSC English Department, ordered the classic car through an agent from old English gentleman nearing 80. After months of labor and thousands of dollars, the 1933 masterpiece has once again come to life. Built by the most prestigious of coach builders (Hooper), the vintage Rolls-Royce features some trim of nickel silver and sterling silver, Spanish leather upholstery, and some 20 coats of new gray lacquer.

The map pictured above is a sketch of the 29 acres the college would like to obtain from the city of Valdosta. The lined area represents the land in question along One Mile Branch (affectionately known among the students as "Defecation Creek").

Recently there has been some controversy over the land because of its location relative to the Sunset Hill Cemetery. This issue, as well as others pertinent to the subject, are discussed this week in the "President's Hotline," page 3.

### Tonight:

## Folk Concert With John Paul Walters

John Paul Walters is a familiar name around VSC. He has delighted audiences on the campus at least five times in the past. And he's gonna do it again on Wednesday night, January 16, at 8:00 p.m. John will be appearing in Sawyer Theater.

This soft-spoken

entertainer from Tallahassee has appeared on several campuses all over the South. His program includes the songs of John Denver, Cat Stevens, Joni Mitchell and others. But as always, his program promises to have a new dimension. There always seems to be some surprises

coming out of his guitar and piano.

Make your plans to spend the evening with John. If you don't like what he's playing, then ask him to play your favorite. John aims to please his audience, and he always does.

Bell I. Wiley delighted a near capacity crowd in Whitehead Auditorium last Tuesday night. Wiley spoke on the roll of women during the Civil War. Dealing with topics ranging from the family situation, to regional pride, to the change and evolution of moral beliefs as the war situation worsened, Wiley proved thorough, explicit, and very much interested in his field. He is the author of such great books as "The Life of Johnny Reb" and "The Life of Billy Yank." Retiring from Emory University, Wiley plans to continue his historical research, hoping to place emphasis on such topics as Civil War exiles in South America.

## Sunday Night In Whitehead Vienna Choir Boys To Entertain

The World Famous Vienna Choir Boys will appear at 8:00 pm Sunday night in the Whitehead Auditorium. Free tickets are available to students in Mr. Ken Ferrell's office upstairs in the College Union. Faculty members may pick up free tickets on a first come, first served basis in the same office, but not until after 12:00 noon on Friday, January 18.

The concert is sponsored jointly by the Valdosta Entertainment Association and the VSC Concerts and Lectures Committee.

One of the oldest and most appealing musical organizations in the world, the Vienna Choir Boys, dates back 475 years to July, 1498, when the Holy Roman Emperor Maximilian I, a great patron of the arts, ordered the organization of a boys' choir to participate in the performance of religious

music in the Court Chapel in Vienna.

A dozen boys were engaged and the choirmaster, in addition to directing their activities, was granted funds for their board and education. When the boys' voices changed, they received mustering-out pay plus their fare home. If they decided on a course of study, they were sent to an ecclesiastical state boarding school on a three year scholarship from the Emperor which covered tuition and living expenses.

After the death of Maximilian other Hapsburgs subsidized the Choir, and its renown spread throughout Europe. Haydn and Schubert were members during their childhood; Mozart, Beethoven and Bruckner all wrote works for the boys to perform.

With the fall of the

Hapsburg monarchy at the end of World War I, the Choir was supported by private funds and by the income derived from its tours which began in 1926. In addition to performing sacred music, the Choir turned to folksongs and costumed operettas. As little ladies in hoop skirts and white-wigged gentlemen in brocaded breeches the boys were unforgettably delightful in Mozart's "Bastien and Bastienne," "The Apothecary," and other works by Mozart, Haydn and Offenbach.

In 1932 Impresario S. Hurok brought the Choir to the United States where it immediately charmed audiences and critics. For six seasons they toured North America performing their unique programs to packed houses.

The outbreak of the war curtailed their activities

when the late Father Joseph Schnitt, their rector, was imprisoned by the Nazi's because he refused to permit the organization to become a propaganda medium. With the end of hostilities he

### Once Again

## SPECTATOR Initiates Pooling System

Everyone must take a part in helping with the Energy Crisis, and the SPECTATOR will begin in the next issue publishing a list of available rides. Students will fill out a coupon and drop it in the inter-campus mail. This system will require little effort on the part of the student.

All of the rides available will be printed on a page in the paper listing the dates that a ride is available and the number of riders a driver will take. Listing the drivers name

will be optional but the students filling out ride coupons must include a phone number or a box number so as to alleviate any problems the rider may have in contacting the driver.

If students will utilize this system to the fullest extent, it should be easy to get a ride to about anywhere in the tri-state area, on a regular basis.

In the final edition of the SPECTATOR, we initiated the system-however, we failed in helping many

students home for the holidays. We had one response. Feeling that all VSC students are not as lazy or carefree as they are often accused, we have decided to make another attempt.

The system is not meant to conflict with the Administration's Computer Commuter program, but is meant rather to supplement the system. Participation in one of the many Car Pooling programs is urged for all students.

# Arsonist Strikes

Residents of Brown Hall were rudely awakened one morning last week by the frighting smell of smoke. Indeed, all the trash cans on the lower east wing of the building were set ablaze by what remains an unknown arsonist.

The question is not only who did it, but why. In retrospect, we can recall such practical jokes as painted buildings, or soap suds in the fountain; but certainly arson is beyond the jocular realm. Practical jokes, though uncalled for and unnecessary, are believable as a means of fun. But the act of arson is an outrage.

According to the state Fire Marshall, the large plastic garbage cans which were burned put off a fatally poisonous gas when afire. The incident will cost nearly \$2000 in college money for repair, but this is a secondary consideration. The endangering of lives seems a bit far fetched for the justification of fun if indeed fun was the motive.

Though there are several avenues of escape allowed a dorm resident, there are students in the dorm who are hindered by various handicaps. What are these students, or any student for that matter, going to do in case of a disaster such as fire. Only a couple of years ago VSC experienced a rash of bomb scares. That was bad enough; but fire is undoubtedly the work of a mentally disturbed person. Not only sick, but pathetic.

We do not know who set the fire, but we would like to find out. Anyone who knows or has any ideas as to who set the fires, please make it known to security, or to me in care of the SPECTATOR. Complete anonymity is assured.

# Age of Chance

The SPECTATOR is undergoing a process of change and reorganization, the most obvious of course being an increase from the tabloid size page to a regular size news page. Numerous problems are inherent with such a change, but we hope to make the change with smoothness.

A major change in the SPECTATOR format is the abolition of the "sidewalk survey," or poll question. Though this often enlightened us to many concerns and opinions held by the student body, it was lacking in that it failed to cover a cross section of students. In an attempt to keep up some type of communication with the student body, we would like for students to suggest ideas for articles, stories, or features which may be beneficial or informative to the student body. Questions as well as suggestions or ideas are welcome. We will try to present complete coverage of the subject in question. Send all correspondence to Editor, Box 207, VSC.

# On "On The LAM"

Last year the Literary Arts Magazine was reorganized and brought back to life after being defunct for several years. "On The Lam" proved an overwhelming success last spring and hopefully will do the same again this year.

But in order to succeed, the magazine must have contributions. Artwork, photography, poetry, essays, and prose works are needed. Cash awards will be presented to the best works in each respective field.

If you have creative inclinations, be not afraid to submit your work. Address correspondence to Box 65, VSC.

The SPECTATOR office is located in room 11 of the Student Union Building. Send all correspondence % Box 207 VSC, Valdosta, Georgia.

# Searching For the Nickel

Dear Editor:

It started out innocently enough as part of the Tau Kappa Epsilon Spring Frolics, but that's where the innocence stopped. Fun, games and projects of all sorts are certainly an integral part of any organization's life at V.S.C. However, the effects and aftermath of such happenings must be closely examined prior to the events. Afterward great care should be taken to clean up any messes, etc. that may have been encountered during the event.

It is not my intention to single out the Teke's or to belittle in any way their Spring Frolics. However, this particular event is a graphic illustration of one major danger involved in such organizational activities.

Organizations must take great care to preserve our campus and to insure that the after-effects of their social events do not jeopardize the future use of VSC facilities by all students. This specific event resulted in a floury mess that fouled the grounds and air arounds the VSC pool. The flour was left to mildew and rot. It choked the grass of air and sunlight and saturated the air with the odor of rotting yeast. It also

# What is This?

served as a haven for bugs and gnats of all sorts.

The remedy would have been simple. An ounce of prevention is worth more than fifty pounds of rotting flour. Moral: All organizations should properly police the grounds and

facilities used in their events. Had the flour been removed and the grounds clean, the unbearable mess would have been avoided. I hope all VSC organizations will heed the moral and take a lesson from this.

B. Lazer

# Tow-away Zone

Dear Editor,

I am a new student at VSC and was one of those uninformed individuals that had their car towed away by Brookwood Shopping Center. I do not know who was responsible for the towing spree, but I hope whoever did it is sufficiently reprimanded.

There were not any no parking signs. The lot is a private lot owned by a man in Valdosta that rents the spaces to merchants. Who does this man think he is towing away 20 cars at the lift of a telephone. This man, I believe, is legally responsible for 20 counts of car theft. He can't tow cars away unless the lot is marked to that effect.

Mr. Pantry Pride, the man who took my money, said that warnings had been issued but I never knew of this. The man said "we don't appreciate students parking over here just so they don't have to buy a sticker." I then asked him how cars were selected for towing. He stated that those cars with VSC parking permits were towed. Now I ask? Does this man really make sense.

I don't mean to blame the entire situation on Mr. Pride, however, he was very rude to the students that had their cars towed. By the way, he even had some student

customer's cars towed; the customers, to say the least, were not happy about the situation.

The Valdosta Police Department had a guard on the cars. I don't think that the taxpayers of Valdosta would appreciate the fact that the City Police Officer was guarding a Private Lot. Another waste of money.

Valdosta State Students pour thousands and thousands of dollars into Brookwood each year. I hope that those responsible will take a close look at the situation and try to foster somewhat better public relations with the college.

Sincerely,  
Blae Zere

# Graduate Schedule in Question

Dear Editor,

In an effort to ease the load on students of the graduate program in Education a move has been made to institute one day a week, four hour classes. This move may well ease the load on some students this quarter, but it may cause and probably has already caused some people to take a reduced load or no courses at all due to the unexpected and uncalled-for conflicts in scheduling.

The reason for these conflicts in scheduling is evidently a brilliant "hands-off" strategy by the upper echelon of the School of Education and the Dean of Faculties. These people are paid to administrate, and yet they allow individual faculty members in the Graduate Division to determine whether students, that have already signed up for classes in the belief that they would meet two night weekly, will be required to meet just one

night a week for four hours.

I know of at least one case where a student signed up for two classes which were to meet on the same nights one right after another. But this student's professors decided to have their classes follow the suggested one night a week-four hour format. Now this student has two overlapping courses for a combined total of over seven hours of class in a row.

In effect, the School of Education is determining

by committee, a poor system at best, but in this case the committee evidently has not met nor could not communicate if it did. My suggestion is that the School of Education should, to the best of its abilities and circumstances, abide by its posted schedules. Any change should, if possible, be reported to the involved students immediately.

In order to better institute the proposed one day a week - four hour classes students should be polled during advising and the

On January 22 at 7:30 p.m., the College Union Board will present another in its series of craft workshops. This workshop will feature candles. As in the past, students participating in the workshop will be able to make the candle and take it with them.

There is no charge for the workshop which will be held in the Camellia Room of the College Union. Any interested student is invited to attend.

The computer facilities might be brought into play to ease the burden of this endeavor.

David L. Johnson

The last remaining portion of Baytree Road remains only to be destroyed by the hammer angry crews of the highway department. Note the preparation and organization of this million dollar project.

Not many people recognize the above photo. Not even the man walking in the background knew where he was. Although he was intoxicated, he made his way out of the maze of ditches and dirt mounds with a little help from the photographer.

While the majority of the people around here are digging holes and building roads, some of the older roads are busily caving in, as evidenced by this large cave-in on Patterson Street. Repair is, and has been underway for some time. It is not known if all of Patterson will have to be torn up in order to initiate proper repair.

Even the college has its own digging happy crew. Once a nice grassy lawn behind the Fine Arts Building, it is now a bulldozer's fantasy, and this happened all most over night.

**President's Hotline**

Why is it necessary for a controversy to develop over the college's land request from the city?

of all being pro and con, Valdosta State request to purchase all land from the west of our large parking lot Mile Branch, it is make clear in the matter.

evidence of some understanding, giving rise to half-truths. two separate buildings, rather than using automobiles. Also, in considering energy needs for the new building, we could tie in to present main campus systems for water, heating, electrical power, etc., saving the College considerable money.

It is evident that there are two separate projects, and we hope that the opposition to our second site will not hinder the College and community's getting the physical education complex funded by the Board of Regents.

The 29-acre proposed site was recommended by State Department of Transportation engineers in a study recently made of this and other considered sites in the community, including the North Campus site.

There have been questions raised about effects the new building could have on Sunset Hill Cemetery, if it is constructed on the proposed 29 acres. I assure everyone that the building and activities would be no more objectionable or noisy than

the present campus is to the sanctity of the cemetery, or any of the surrounding area. We spend considerable time and money continually up-grading the beauty of the campus. A fence and landscaping would separate the campus from the cemetery and other adjacent property. The building would be one of beauty, one of which any citizen could be proud.

As illustrated in the sketch below, the requested land is not now a part of Sunset Hill Cemetery. It lies across Sustella Avenue, more to the west and north of the cemetery. Only one small segment comes close to the cemetery property, and the proposed building would be further from the graves than are numerous present buildings, residences and recreational areas.

VSC is crowded into 125 acres. For any new college to be built in the University System, the community must first donate at least 150 acres for construction. VSC badly needs expansion room, actually more than the requested 29 acres, even if the physical education complex is constructed on North Campus.

We renew our pledge at Valdosta State College to work peaceably and harmoniously with the town, the county, and this section of Georgia for the best interest of all concerned.

Twenty one year old senior Jenny Nadack of Valdosta is the 1974 TKE Calendar Girl. Posing as Miss January, Miss Nadack is a member of ZTA, and is majoring in Art Education.

should look in intermediate positions," Dr. Marks said.

"The predictions are for 8 p.m., Eastern Daylight Time. Earlier viewers should look slightly higher in the sky; later viewers, somewhat lower."

The comet is not as bright as predicted, he pointed out, and will fade from view with the naked eye by the end of January. Thereafter, it can be viewed with binoculars.

"To cap our Comet Kohoutek activities at Valdosta State, Dr. Schreuer will lecture on 'Comets: Visitors from Afar' at 8 p.m. on Jan. 18 in the VSC Planetarium," Dr. Marks said.

Delivered on a non-technical level, the talk is part of the 1973-74 Public Evenings in Astronomy series at VSC and is open to the public free of charge. Since each lecture in the series covers a separate aspect of astronomy, it is not necessary to have attended earlier sessions to profit from Dr. Schreuer' talk on comets, he pointed out.

**Comet Watcher's Guide to Kohoutek**

The VSC Kohoutek Watchers on calculations of the comet's position relative to Valdosta arrived at through a computer program written by VSC astronomy student Pat Overman of Hahira.

His predictions for the period before Kohoutek passed behind the sun have been released to the public, but his calculations for Kohoutek's current position in the evening sky have not been published previously," Dr. Marks said.

"It is not necessary for a viewer to come to the VSC Observatory, however, to see Comet Kohoutek. It can be seen with the naked eye from any location that has an unobstructed view toward the southwest."

Here's where to look and when:

- On Jan. 23, 28 degrees south of west and 39 degrees up
- On Feb. 2, 29 degrees south of west and 51 degrees up
- On Feb. 12, 28 degrees south of west and 57 degrees up
- On Feb. 22, 24 degrees south of west and 58 degrees up
- On March 4, 19 degrees south of west and 57 degrees up
- On intervening dates, one

**Writer's Festival Open To Public**

The 1974 Agnes Scott Writers' Festival is sponsoring a writing contest for students enrolled in public and private Georgia colleges and universities. Prize winning short stories and poems will be awarded \$25.00 each and be published in the Agnes Scott College arts magazine. Winners will be announced at the third annual Writers' Festival April 18 and 19 at Agnes Scott College.

The deadline for submitting manuscripts is February 15, 1974, with no limit on the number of different short stories and poems submitted by a contestant.

All entries should be mailed to: Writing Conference Committee, Box 990, Agnes Scott College, Decatur, Georgia 30030. All manuscripts must be typed, double-spaced, on one side of the paper. Each work should be accompanied by an envelope with only the name of the entry and its classification (poetry, fiction) on the outside. Inside the sealed envelope should be a card with the author's name and institution. If return is desired, self-addressed, stamped envelope of suitable size should be supplied.

Guest speakers at the Writers' Festival will be Georgia poet Larry Rubin, who has published widely in leading periodicals and received national awards for his work; and poet-novelist Hollis Summers, who has served on the staff of Bread Loaf and other writers' conferences.

Students and faculty from all Georgia colleges and universities are invited to the Writers' Festival April 18 and 19 at Agnes Scott College in Decatur.

**Visit Russia Second Hand!**

The Modern Foreign Language Department's Magic Carpet to Russia program Thursday, January 17, will feature two Valdosta State professors who visited the USSR in the summer of 1973.

Dr. Lucille Pollard and Dr. Helen Thornton will present slides and commentary on their trip to Russia in the MFL Projection Room, West Hall, at 8 p.m.

Professor Pollard is in the Department of Education and holds the Ed. D. degree from the University of Georgia while Professor Thornton's professional area is speech. Her Ph.D. is from the University of Denver. Both joined the VSC faculty in 1967.

The ladies will concentrate on their personal experiences in the Soviet Union and the impressions they garnered during their stay.

**UGA Grad School Interviews Tomorrow**

The College of Business Administration of the University of Georgia is attempting to increase the visibility of its Graduate Programs to all students in Georgia institutions. A representative will be at VSC tomorrow from 2:00 to 5:00 p.m. in Room 13 of the College Union to discuss the Graduate Program with interested students.

The Graduate School of Business Administration offers the following degree programs: MBA (29 options), Master of Accountancy, Master of Arts, Ph.D. Also the school has a relatively large number of graduate assistantships with nine month stipends of \$1800 and \$3500 for qualified students.

Those students interested in tomorrow's interviews may make appointments in the Placement Office.

**Energy Crisis Seminar**

A two-part Energy Crisis Seminar is set to take place at Valdosta State College on Jan. 17 and Jan. 24, according to Dr. James D. Daniels, dean of the VSC School of Arts and Sciences.

Both Thursday sessions are to run from 4-5:30 p.m. in Sawyer Theatre of the VSC Fine Arts Building and are open to the public, free of charge.

"The first session, to be moderated by Dr. Julian Jay Schreuer, head of the department of physics and astronomy at VSC, is to cover scientific aspects of the energy crisis," Daniels said.

"The second, moderated by Dr. James G. Connell Jr., assistant professor of modern foreign languages at VSC, is to cover the socio-economic problems of the energy crisis."

"In the first session, we're going to discuss the extent of our reserves of fossil fuels (coal and oil) and of nuclear fuel, and we'll discuss what alternative energy sources can be developed when the oil and cola run out," Schreuer said.

Connell said the second session will attempt to answer questions raised in the first seminar.

"There's a great deal of uncertainty about how this thing called 'the energy crisis' will affect our lives," Connell said. "By calling on some of our faculty members who are particularly knowledgeable about the economic, political and international implications of our present situation, we hope to put the problem in clearer focus."

Participating with Connell are to be Dr. Philip Giffin, assistant professor of economics, Dr. Richard Saeger, assistant professor of political science, and Lt. Col. William Griffin, USAF, director of aerospace studies at VSC.

On Schreuer's panel are to be Dr. Robert Little, head of the VSC geology department, William Daughdrill, also of the VSC geology faculty, and VSC physicists Dr. J.J.H. Berlijn and James Raines.

Audience discussion is to follow presentations by the panelists.

Donovan — "Essence to Essence" — Epic  
With a lineup of people like Carl RAdle, Carole King and Steve Marriott backing Donovan on this one, he cannot lose. "Essence to Essence" is much better than "Cosmic Wheels" and reflects back to the Roots.

Rick Nelson — "Windfall" — M.C.A.  
Finally, Rick has moved away from his country-Rock style on some tracks. "Windfall" seems better rounded than the last effort by Nelson.

Rod Stewart/Faces — "Live" — Mercury.  
Some old and some new and long-awaited material appears on Rod's "Live" effort. Well produced and sounding good, Stewart makes his latest contribution to the music world worth listening to.

Canned Heat — "One More River..." — Atlantic.  
A Change of labels (U.A. to Atlantic) oft brings on new styling and delivery. Not so for Canned Heat. A touch of easier blues is discernable at the first listen.

Chambers Brothers — "Unbonded" — Avco.  
Don't everybody jump at once. The Chambers Brothers haven't had an album in a couple of years. They broke with Columbia and took on Avco. They had always wanted to do their favorite songs but Columbia wouldn't let them. With this new L.P., Avco allowed it and along came "Unbonded". The next album will go back to the usual type of music, but for now, it's "Good Vibrations", "Do You Believe in Magic", "Gypsy Woman", "Reflections", "The Weight", and "1-2-3", etc.

Graham Nash — "Wild Tales" — Atlantic.  
Consistency in Music and continuous quality makes this latest Graham Nash LP a winner.

Black Sabbath — "Sabbath Bloody Sabbath" — W.B.  
As in "Vol. 4" there is a token (easy) instrumental along with the heavy bass lines and Ozzy's gravely voice yelling at you. O.K. for a fifth try.

Gordon Lightfoot — "Sundown" — Reprise.  
A couple of issues ago, Alias G. got a letter asking about Lightfoot. "Sundown" is reminiscent of "Old Dan's Records" and "If You Could Read My Mind."

WVVS Notes: "Moon over Morocco", Monday through Friday at 11:30 p.m. and a coming attraction called "Undertime": on Fridays at midnight. More details as soon as Alias gets the word.

Letters to Alias G. can be addressed to Box 142 at VSC. (No Charge). If you have a question about album availability or info on a group or artist, write to Alias by Friday and see the Answer in the next issue of the Spectator.  
Happy Motoring!

## Holiday Project Report

As many of you know, during fall quarter a campus wide Christmas project was initiated to provide clothing and other necessities to the Whitehead family in the small mountain community of Essie, Kentucky.  
Since great interest was shown and such magnanimous success was realized, we would like to impart to you the results of your generous efforts. The response from the V.S.C. community was so great that shipping was virtually an impossibility, and consequently, it was necessary to haul a more than packed van load of goods and clothing to the Whitehead family.  
Dr. Ed Wilson, Dr. Lawrence Lee Oldaker, Scott Sheridan, and Idella Moore trekked to Kentucky in two vans, one for hauling and one for camping.  
The beauty and grace of the snow covered Kentucky mountains was, in itself,

enough to make the trip worthwhile; the appreciation, friendliness and hospitality offered by the poverty stricken Whitehead family more than rewarded the hopes of the four V.S.C. representatives as well as all those participating in the project.  
The entire Whitehead family sends its sincerest thanks and best wishes to each and every member of the V.S.C. community.

## Lowndes Crisis Phone

The Crisis Phone, a branch of the Lowndes County Health Department, is a counseling and referral service for anyone with a problem. It is presently manned by 20 trained volunteers, who are a mixture of housewives, students, business men and Air Force personnel.  
The operational hours are at this time limited by the number of volunteers, but hopefully as the size of the staff increases so will the hours and in the future Crisis Phone will be open 24 hours daily.  
At present the open hours are:  
8 p.m. to 12 p.m.

8 p.m. to 1 a.m.  
9 a.m. to 4 p.m.  
Anyone interested in helping with the Crisis Phone, please call 244-9905 between 8:30 a.m. and 4:30 p.m. and leave your name, number and mailing address. You will be contacted for further information. Your help is needed.

## Public-Telephones

We are indeed glad to see some public telephones around campus. It seems that who ever made the installations mounted the phones a bit too close to the road, or were they intended for automotive use? Either way, they goofed! If you use the phone, be careful not to step out in the path of traffic as this unfortunate soul has done.

## Alpha Sinfonia Inducts

The Zeta Gamma Chapter of Phi Mu Alpha Sinfonia Fraternity, a national professional music organization for men, had a very busy and successful fall quarter, highlighted by the induction of eight new members. Initiated were Greg Ansley, Gary Bass, Cliff Brannon, Dan Darden, Gibson Dixon, Ralph Rerrante, Jeff Lewis, and Paul Nelson.  
Phi Mu Alpha joined with

Sigma Alpha Iota, its sister fraternity, and with Student Music Educator's National Conference in co-sponsoring a music department picnic, a handbell choir seminar, and a Christmas carol sing-out at local nursing homes.

Other activities of the Brotherhood included ushering at concerts sponsored by the music department, sponsoring a student lounge for music majors, furnishing the lounge with a coffee pot and coffee supplies, and a rush supper.  
Kenneth Hawkins, a junior music education major from Waycross, is president of the local chapter. Mr. Lavan Robinson, a voice instructor here at VSC, serves as the fraternity's advisor.

Above pictured are several trash cans that were set afire in the early morning hours last week. Col. J.P. Hunnicutt of the Valdosta State Security department is investigating the incident. Mr. Melton of the maintenance department stated that the state of the damage was approximately \$1500 to \$2000 dollars. There was considerable damage to the carpet and walls near the fire. All carpet will have to be replaced and walls refinished because of fire and smoke damage.  
Any one with information about the incident is requested to contact the security department. Incidents such as this could destroy a considerable amount of property as well as posing a hazard for building occupants.

## Veteran Meeting Set

There will be a meeting of all Veterans attending VSC, Wed., January 23, at 5:15 in the projection room of the College Union. The meeting is being coordinated through the Office of Student Development and is to serve as an organizational meeting in the Development of A Veterans Affairs Program at VSC. This program will be designed to identify the needs of the Veterans and investigate all sources of benefits available to Veterans. All Veterans enrolled at VSC are urged to participate.

## Two Circles To Nowhere

Valdosta State College has accepted a gift from the Department of Transportation. Through the transportation overpass adjoining the VSC parking lot on Oak Street looked finished and ready for "delivery" last week, the long overpass gift has "Do Not Cross Until October" strings strung.

The many students crossing Oak Street in heavy traffic have been the concern of the VSC administration. "We opened the Oak Street parking lot in 1969," said Sam W. Brooks III, controller and director of business and finance at VSC. "Our students were the first to request this facility and helped to select the location of the overpass."

"We have been working with the Highway Department for four years to obtain a pedestrian overpass at a cost to the state of approximately \$150,000 and we're delighted that the project is nearing completion."

Brooks puts the accent on the word "project," for through the overpass may look like the passerbys to be ready for use, there are contract considerations that will not allow the college to use the facility until early October. "The pedestrian overpass is part of the over-all Baytree Road project, which is not expected to be completed until October of this year, at which time we will gain use of this facility when it is

accepted by the Department of Transportation," Brooks said.

Meanwhile, the VSC campus security department continues to provide traffic control at the busy Baytree Road-Oak Street intersection. "To a man, the members of our security force are delighted to be in a position to offer this service to our students and faculty," said Col. Joel P. Hunnicutt, director of security at VSC.

"Back in February, 1973, we reached a joint agreement between VSC and the City of Valdosta through which our security officers were authorized to have jurisdiction over the movement of vehicular traffic at this point, and we will continue to give this service

## NTE To Be Given This Month

The National Teacher Examinations are to be administered on Jan. 26, at Valdosta State College, which has been designated as a test center, according to Dr. W. Edward Morton, director of student development at VSC.

"Many college seniors preparing to teach and teachers applying for certification, licensure or those seeking positions in school systems which encourage or require the NTE will be taking the tests," Morton said.

"The designation of VSC as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests."

Last year, approximately 100,000 candidates took the examinations which are designed to assess cognitive knowledge and understanding in professional education, general education, and subject-field specialization. The examinations, which are prepared and administered by Educational Testing Service of Princeton, N.J., are limited to assessment of those aspects of teacher education that are validly and reliably measured by well constructed paper-and pencil tests, according to Morton.

Bulletins of Information describing registration procedures and containing registration forms as well as sample test questions may be obtained from Dr. Morton, Student Development Office, Powell Building Annex, Valdosta State College, Valdosta, GA 31601 or directly from the National Teacher Examinations, Education Testing Service, Box 911, Princeton, N.J. 08540.

## Converse To Open 51 Apartments In Fall

The restoration of Converse Hall is set for completion in September, and the 62 year old building will contain 51 efficiency apartments.

The work began in September, 1972 and has been delayed due to a lack of materials according to Mr. Tom Melton, Head of Building Maintenance.

To "discourage traffic", according to Mr. Melton, Converse will be locked at all times and require a key (resident's only) or a conversation with a resident in order to get the door unlocked via a button in each room.

The apartments are all carpeted, paneled woodgrain except in the baths and furnished a la Ashley.

The total cost of Converse's restoration has not yet been set but it will probably be around \$250,000.00 according to Mr. Melton.

One of the drawbacks to Converse is that the apartments will not have individual heating/cooling units. The building's temperature is controlled at the central plant like all other buildings on campus with the exception of Langdale and Patterson Hall. Mr. Melton stated that conversion to the individual heating/cooling would require an extra \$58,000.

VSC students eligible for apartments in Converse will be those who meet the requirements.

Converse will be considered off campus housing and will be open to only those students eligible according to Marion Franklin. Converse was built in 1912.

January 21 FRENCH FILM FESTIVAL, 8:00 PM, Projection Room, West 14  
*The French Spectacle*

### French Film Festival

The next film in the French Film Festival series is *The French Spectacle*, to be shown Jan. 21 at 8:00 p.m. in Room 14 of West Hall.

This award-winning film consists of some of the most striking scenes of familiar French structures, such as Mont St. Michel, the Louvre and Versailles plus some less familiar scenes of the seashore and the French Alps.

During the scenes of the historical monuments a background dialogue is presented providing some interesting insights into the how and why the buildings were constructed. The artistic quality of this film is superb and should not be missed.

### Navigators Take The Wheel

The Navigators, an international student organization new to the VSC campus will hold their first meeting tomorrow night at 7:30 in the Camellia Room of the Student Union Building.

The program will have a discussion, "Is the First Century Jesus Christ Relevant to a 20th Century Thinker?" by Capt. Roc Bottomly from Moody AFB, a performance by a local student gospel group, "Country Faith" and testimonies from students.

The purpose of the meeting is, "Just to offer Christians on campus a chance to get together and also to let students, especially freshmen, know where we are," stated Bob Sloan.

### MOVE YOUR SAVINGS TO C&S AND WE'LL GIVE YOU THE KEY TO THE BANK.

## An Ode To Alston

*Kenny Alston is ineligible. He will not set foot on the basketball floor in a Valdosta State uniform again this season.*

*The 6-6 junior seemed destined for All-American honors this year when he exploded for 23 points and 10 rebounds a game through the first six contests. But no more.*

*Kenny's ineligibility came about at the end of last quarter when it was discovered that he failed to pass the required amount of hours to participate in intercollegiate sports. His problems began much earlier than that.*

### JUST NOT PREPARED FOR COLLEGE WORK

*Alston graduated from Dawson High School in Dawson, Ga. in 1971. This is the same school which produced another VSC great, in fact a college immortal—Willie Oxford.*

*Although his SAT scores proved he was not an exceptional student, the VSC coaches felt Alston could do college work. They did not realize just how little academic preparation their potential superstar had for college. Last month they found out; the hard way.*

*When he learned of Alston's ineligibility in December, head coach James Dominey conferred with Athletic Director Billy Grant and they interpreted the rule book to say that if Kenny remained on the team, it would make VSC ineligible for post season NAIA basketball tourney play. At that time, the squad members voted to let Alston stay with the team and forfeit any chance of going to Kansas City, although they could still win the South Atlantic Conference crown.*

### COMMITTEE HAD ONLY ONE REAL CHOICE

*On Jan. 4, a call to an NAIA official in Kansas City shed some new light on the subject. He said that if VSC knowingly played an ineligible player, the entire school could be placed on probation for the remainder of the year. This would include the baseball, tennis, and golf teams as well as the basketball squad. After the record everyone would stay home, no matter what their record was.*

*Dr. James Daniels, head of the Faculty Athletic Committee, called an emergency meeting of that body the following day to decide the issue. Although it was hard to remove such an outstanding individual from the team, the committee had only one way to go. Dr. Daniels summed it up perfectly when he said, "It was an agonizing decision, but in order to be fair to the golf, and tennis, we had only one choice." That choice was to remove Alston from the team. This committee had student representation as well as faculty members.*

### BLAZERS ARE DOWN TO NINE PLAYERS

*Without Alston, the Blazers are down to nine men. Bob Tierney left the team at the end of last quarter due to a lack of playing time. He felt he was not given a fair chance to demonstrate his talents.*

*Of these nine men, two are definite question marks. Jim Springfield, senior co-captain, has not recovered from a knee operation and a dislocated finger, and Ralph Burks has absolutely no varsity experience.*

*Head coach James Dominey, although quite shaken by the Alston incident refuses to count his Blazers out. "Without Alston, we've got to get more offense from our guards and keep our big men out of foul trouble," he stated. "With a few breaks our way, we could have won the Ga. Southern and the Armstrong game."*

*Without Kenny Alston, the Blazers are still a better than average basketball team. With Wisenbaker and Barnett scoring from the outside, and Reason and Hodge muscling underneath, an SAC title is still possible.*

# Blazers Sweep Citrus Tourney

By Billy Tyler

Valdosta State, playing some of the greatest pressure basketball ever witnessed, swept to two heart stopping victories taking the Citrus Invitational Tournament in Lakeland, Fla. Led by Tiny Hodge, who was named MVP and Don Reason who also placed on the All-Tourney Team, the Blazers improved their record to 6-5.

### Friday Night

Valdosta State behind Don Reason, who scored a career high 32 points, and the total 100% effort of the entire team, defeated the Dukes of Madison University 91-89 in four overtimes Friday night.

Valdosta took a one point lead 35-34 into the second half, something the Blazers have failed to do in recent losses. Trailing by two with 1:54 left in regulation play, Don Reason bucketed two pressure baskets in a row to knot the score at 63 all.

With 53 seconds in the ballgame, Madison committed a turnover to give the ball to the Blazers. The Blazers stalled for the last shot but Don Wisenbaker's jumper fell short at the buzzer, sending the game into the first overtime.

With two seconds left in the overtime and the score tied at 69 Wisenbaker's full-court pass to Don Reason was intercepted to send the game into a second overtime. Dave Barnett left the game with a possible knee injury in this overtime and was

replaced by Larry Miller.

Valdosta had a chance to win it in the second overtime but failed on three one-on-one attempts to leave the score tied at 75-75 going into the third overtime. Valdosta jumped out front 85-83 and again 87-85, but Madison kept coming back to tie.

### Clyde Ices Game

With 43 seconds left, Reason scored and Tiny Hodge was fouled. Hodge missed, but the ball was rebounded by reserve star Mike Clyde. Clyde was fouled and hit both ends of his one-on-one to ice the game for the Blazers.

Don Reason's 32 points was high for the Blazers. Tiny Hodge, who scored 21 points, set a VSC school record by snaring 25 rebounds. Other Blazers on double figures were Donnie Wisenbaker with 14, Larry Miller 11. Following these men were Mike Clyde 6, Dave Barnett 5, and Bob Donohue 2. Valdosta hit 47.4% from the floor and 68% from the line.

Coach James Dominey had this to say about the game, "I've never been prouder of a bunch of boys; we wanted to win bad enough and we won it. It was 100% a team effort."

### Hodge Leads Title Surge

The Blazers behind the scoring of Tiny Hodge, who hit a career high 30 points including the winning two at the buzzer, defeated the Moccossins of Fla. Southern

81-79 to bring home the Citrus Invitational Tournament title Saturday night. The game was a nip and tuck affair throughout with the lead changing hands a total of 17 times.

Valdosta for the second successive night in a row took a precarious one point lead in at halftime 37-36. With 3:47 left in the ballgame, Donnie Wisenbaker hit a jumper to put the Blazers ahead to stay at 71-69. A minute later, the score stood at 75-71 on the strength of four Don Reason points.

### Southern Fights Back

Florida Southern fought back however to tie the game at 79 before Hodge's layup on a perfect pass from Larry Miller wrapped it up for the Blazers as the final horn sounded.

Following Hodge closely in scoring was Don Reason who chipped in 27 points, the only Blazer in double figures was Donnie Wisenbaker with 16. Dave Barnett and Larry Miller had four apiece to round out the Blazer scoring. Valdosta State hit a blazing 60% from the floor and 87% from the charity stripe.

"The thing that stands out most," said Coach James Dominey, "is we had people playing with injuries; but they had enough pride to shake them off and do a good job." "I hope this is an indication of how we will play from now on."

Tiny Hodge, tourney MVP at Lakeland, Fla., moves for the hoop against Armstrong.

## Armstrong State Takes SAC Opener

Valdosta State dropped their conference opener with league leading Armstrong State, in a hard fought contest here last Monday night 87-84.

The Blazers took an early lead but turnovers, which have killed them all year long, began to appear and the Valdostans found themselves on the lower end of a 10-6 score. Armstrong increased this lead to 11 at 26-15 and finished out the half on top 44-34.

It was the turnovers and a cold shooting percentage (36%) which left the Blazers in a situation of catch up ball at the half. An catch up they did!!

Behind the goalmaking of Donnie Wisenbaker, Don Reason and Dave Barnett, the Blazers stormed back to tie the game at 54-54 and then take the lead for the first time since the opening moments 56-54 on a Reason bucket.

However, once again turnovers proved to be the Blazers downfall as the Pirates pulled to a seven point lead at 76-69.

The Blazers had one final chance when Wisenbaker hit 3 free throws in a technical foul situation and pulled them to within three at 85-82. Ike Williams of

Armstrong then hit to pull Valdosta to an 87-82 advantage. Mike Clyde's basket at the buzzer served only to narrow the winning margin as the Blazers saw their record drop to 4-4.

VSC was led in scoring by Donnie Wisenbaker who had his best night of the season with 25 points. Following Wisenbaker was Don Reason, who despite getting into early foul trouble, came back to inspire the Blazers in the second half with 19 points and 13 rebounds.

Following Reason were Dave Barnett with 16, Tiny Hodge with 10, Mike Clyde with 6 and Bob Donahoe and Larry Miller with 4 apiece.

The Blazers hit a respectable 50.9% from the floor and a torrid 90% from the line.

Coach Bill Alexander of Armstrong State whose Pirates now stand well atop the SAC lead with a 3-0 mark had this to say about his club's chances of winning the league crown.

"We play in a very tough (SAC) which I consider to be a miniature ACC (Atlantic Coast Conference) so I can't make any prediction. We've been playing good ball but we have West Georgia and Augusta on the road next week so you never can tell."

When asked his opinion of VSC, Alexander replied, "Valdosta is a very fine basketball team. Everybody knows that they are down due to injuries and losses right now, but they have two great guards in Wisenbaker and Barnett and a great player in Don Reason who I consider to be one of the toughest players in the league." By Billy Tyler

## Baseball Team Begins Work

Valdosta State's Blazers began workouts last week in preparation for the 1971 season.

Last year, Coach Tommy Thomas' nine posted a 43-44 record and captured third place in the NAIA National Tournament at Phoenix, Arizona. It was the highest finish ever for a VSC athletics team in national competition.

Gone from that ballclub are Andy Hassell, Bobby Tripp, Steve Jones, Frank Sumner, Terry Fields, Bob White, John Bradley, Arnett, and Lee Daney. This group includes last year's entire infield and several pitchers.

## LaGrange Knocks Off VSC

The Panthers of LaGrange combined their balanced scoring, (5 men in double figures), and extreme rebounding advantage, (56-32) to power their way to an 80-66 victory over the Blazers at LaGrange last Wednesday night.

The game was very similar in nature to Valdosta's last two ball games (Armstrong State, Georgia Southern) in that the Blazers jumped out front to an early lead (12-6) before seeing it crumble and having to play catch up ball the rest of the game.

The Panthers held a 42-32 halftime lead but the Blazers battled their way back to within six with 7:35 left in

the ballgame. However, Tiny Hodge fouled out shortly thereafter and Don Reason followed only seconds later, and the Panthers went to take the game in a runaway. The Blazers were hampered by the inability of their guards to hit long, thus shutting out their inside game.

Valdosta State was led in scoring by Don Reason who tallied 23 points. Dave Barnett followed Reason with 12 to make them the only two hitting in double figures. Others scoring for Valdosta were Larry Miller with nine, Tiny Hodge with eight, Mike Clyde seven, and Donnie Wisenbaker with four. The

Blazers hit 44% from the floor and a disappointing 53% from the line.

Head coach James Dominey credited the loss to a poor offensive showing from the guards and the too aggressive play of the big men. He stated, "Reason and Hodge must stay in the game for us to win." By Billy Tyler

Women's Intercollegiate Athletic Survey To Be Conducted

Among the colleges and universities in Georgia, the survey will be conducted by Georgia Southern University, Georgia College, University of Georgia, North Georgia College, Oglethorpe College, Young Harris College, Southern Polytechnic Institute, and the University of South Georgia.

at Lakeland, Fla., moves for the hoop against Armstrong

# ong State Takes AC Opener

Armstrong then hit to pull Armstrong to an 87-82 advantage. Mike Clyde's basket at the buzzer served only to narrow the winning margin as the Blazers saw their record drop to 4-4.

VSC was led in scoring by Donnie Wisenbaker who had his best night of the season with 25 points. Following Wisenbaker was Don Reason, who despite getting into early foul trouble, came back to inspire the Blazers in the second half with 19 points and 13 rebounds.

Following Reason were Dave Barnett with 16, Tiny Hodge with 10, Mike Clyde with 6 and Bob Donahoe and Larry Miller with 4 apiece.

The Blazers hit a respectable 50.9% from the floor and a torrid 90% from the line.

Coach Bill Alexander of Armstrong State whose Pirates now stand well atop the SAC lead with a 3-0 mark had this to say about his club's chances of winning the league crown.

"We play in a very tough (SAC) which I consider to be a miniature ACC (Atlantic Coast Conference) so I can't make any prediction. We've been playing good ball but we have West Georgia and Augusta on the road next week so you never can tell."

## Baseball Team Begins Work

Valdosta State's Blazers began workouts last week in preparation for the 1974 season.

Last year, Coach Tommy Thomas' nine posted a 43-14 record and captured third place in the NAIA National Tournament at Phoenix, Arizona. It was the highest finish ever for a VSC athletic team in national competition.

Gone from that ballclub are Andy Hassell, Bobby Tripp, Steve Jones, Frank Sumner, Terry Fields, Bob White, John Bradley, Pat Arnett, and Lee Daney. This group includes last year's entire infield and several key pitchers.

Rookie Blazers, Larry Miller and Dave Barnett, harass a Pirate victim

## Women's Intercollegiate Athletics Survey To Be Conducted

A survey regarding women's intercollegiate athletics will be made within the next two weeks on the VSC campus. This survey, which is being conducted by the ad hoc committee composed of concerned persons for women's intercollegiate sports at VSC, will be administered to both women and men students.

The major purpose of the survey is to determine the general level of interest in women's intercollegiate athletics at VSC. The survey will also elicit information regarding the interest level in particular sports, probable participants in the program, and potential spectator interest and support.

VSC is one of the few institutions of higher learning in the state of Georgia which does not sponsor a women's intercollegiate athletic program.

Among the colleges and universities in Georgia and the surrounding area which do have women's athletics are: West Georgia, Middle Georgia, DeKalb Community College, Emory University, Georgia College, University of Ga., North Georgia, Tift College, Oxford College, Young Harris, Mercer Univ., Ga. Southern, Berry College, FSU, Univ. of Fla., Columbus College, North Fla. Jr. College, Fort Valley, and Lake City Community College.

These institutions are all members of either the Association of Intercollegiate Athletics for Women (AIAW) or the Georgia Association of Intercollegiate Athletics for Women (GAIW). Sanctioned tournaments are sponsored annually by these associations in women's athletics at the state, regional, and national levels.

All students are urged to participate in the forthcoming survey.

## Women Take The Court

By Meredith Hamby  
 Women's intramural basketball is getting off to a quick start this quarter with games beginning Jan. 16. Hopefully, Miss Judy Phillips' official's will be ready also.

Game play will vary slightly from last year. Games will be every Wed. and Thurs. nights, quarters will be 5 minutes long, and a 30 sec. clock will be kept during the entire game.

Last year the powerful Wesley Foundation was the overall basketball champ. They met the Phi Mu's, but due to the superior playing of Kay Paulk and Dellan Fountain, the Phi Mu's were defeated.

This year the Wesley girls are playing under a new name, J.T. & Co., and should be a threat to all teams this season.

The 1974 schedule is composed of the following: 76'ers coached by Gavin Vickers, BSU by David Davis, BSL coached by Eric Mance, Maffets Muffet's by Larry Maffet, Alpha Delta Pi by Gary "Spike" Michaels, Alpha Zeta Delta by Pete Mallaris, Kappa Delta coached by Gordy Gruhl, Phi Mu by Bob Eldridge, and Zeta Tau Alpha coached by Mike Clyde.

As in past years, the team with the best set of lungs will be on top. This year it is believed that the top teams will be J.T. & Co., the BSL, and the Phi Mu's. But one never knows!

This weeks schedule--

Wed. Jan 23  
 5:00 Phi Mu vs. AZD  
 6:00 76'ers vs. KD  
 7:00 J.T. vs. Muffet's  
 8:00 BSU vs. ADPi  
 9:00 ZTA vs. KD  
 Thursday - Jan. 17  
 7:00 Muffet's vs. Alpha Delta  
 8:00 KD vs. ZTA  
 9:00 BSL vs. AZD  
 10:00 76'ers vs. Phi Mu

## Intramural Standings

INDEPENDENT	
TEAM	RECORD
Wesley-1	3-0
BSL	2-1
BSU	2-1
Crabs	1-1
Wheatstraws	1-1
Hawks	1-2
ROTC	1-2
Wesley-2	0-1
Romans	0-1
Doc Jim	0-2
FRATERNITY	
Delta Chi	3-0
TKE	3-0
Delta Flyers	2-1
SAE	1-1
Pi Kapps	1-2
KA	0-3
Delta Sig	0-3
TEKE	0-3

RATINGS	
1. Wesley	3-0
2. Delta Chi	3-0
3. BSL	2-1
4. BSU	2-1
5. TKE	3-0

These ratings and standings are based on games played through January 12, 1974.

**Men's Schedule**

JAN. 18	SAE vs Delta Sig	JAN. 19	Rebels vs Flyers
	Wheatstraws vs SAE		Doc Jim vs Hawks
	Wesley vs Crabs		BSL vs Delta Sig
	BSU vs TEKE		Crabs vs SAE
	KA vs Wesley-2		KA vs Wheatstraws
			Wesley vs Romans
			Delta Chi vs Wesley-2
			TKE vs Pi Kapps
JAN. 22	ROTC vs Flyers	★★★★★★	
	SAE vs Wesley	BLAZERS VS. N. GA.	
	Rebels vs Pi Kapps	ON JAN. 21 AT HOME	
	Delta Sig vs Wheatstraws		
	Hawks vs Romans		

Reason wins battle of the boards with LaGrange defender

Twenty-seven games were played in intramural basketball's opening week, allowing the best teams to quickly come to the top.

The Wesley Foundation was the only Independent team to survive opening week upsets. Sam Bown, Collier Black, and Co. could very well end the season with a big zero in the loss column.

BSU was one of the teams that fell to Wesley, but they should improve and turn into the second-best Independent representative.

The Black Students League is not the power house it was a year ago, but its full court press and quickness will beat many teams. The Blacks and Romans suffered a double forfeit in their game when a fight erupted.

In the Fraternity division, Delta Chi and TKE are the only undefeated teams.

Delta Chi last year's Greek league winner, appears strong enough to take the title again. The scoring and rebounding of Jim Roquemore has led the Chi's to a 3-0 record.

The TKE's have a good, balanced team but their unblemished record can be attributed to the weak opposition they have faced thus far. TKE should lose many before the season ends.

While the Pi Kaps and KA's have lost several games, both teams are capable of beating any team in either league and both will climb in the standings as the season continues. BY NICKY TAMPAS

As long as the school has a policy of making a lot of nice improvements around campus, we thought it might help if the Landale Hall entrance was enlarged. At present, it is barely wide enough to fit two vehicles, and the traffic flow is in the wrong direction to insure smooth traffic flow. Solution: enlarge the entrance about five feet and reverse the traffic flow.

**REEFER MADNESS**  
Innocent Youth, Dastardly Pushers, Heroic Narc, Local PTA "MARIJUANA—The Real Public Enemy No. 1!" It's first effect is sudden, violent, uncontrollable laughter, then comes dangerous hallucinations—time slows down, almost stands still... fixed ideas come next, conjuring up monstrous extravagances—followed by emotional disturbances, the total inability to direct thoughts, the loss of all power to resist physical emotions... leading finally to acts of shocking violence... ending often in inevitable insanity.

The Sunday night movie this week, Reeper Madness, was made in 1936 to warn against the dreadful evils of marijuana. At present, the movie is thought of more as a spoof, very popular in the underground circuits. Sunday 4:00, 5:00, and 6:00 pm in the projection room.

### REVIEWS RAVE

This ingenious blank-verse satire may not be to Richard Nixon what Barbara Garson's "MacBird" was to Lyndon Johnson, but it is not without its sting—and its timing seems painfully prophetic. Myers, publisher of the *New Republic*, is not a skilled playwright, but that seems beside the point. Word-of-mouth alone may pique reader interest in his play as the current problems of our President and Vice-President mount toward climax this fall. Using Elizabethan rhetoric, flourishes and stage conventions to witty effect, Myers has created a work that parallels the moral thrust of Shakespeare's "Richard II," casting Nixon as "Richard of America in his Second Administration." Simply, coolness between the American Richard and his number two man, Duke Agnew, develops in the wake of "trouble at the Watergate." Exiled for two months, the Duke and his men oust Richard in a palace coup while furious citizens mill outside. Too close to reality to be dull—but a roll of the dice can give this book a vogue. Illustrated with "Shakespearean" engravings.

## PE Profs Want...

Physical education teachers who want to improve their certification will no longer need to go out of the south Georgia area to do it, according to Dr. Jay Arnold, head of the department of physical education and athletics at VSC.

"Our new master of education degree with an emphasis in health and physical education, just authorized by the Board of Regents of the University System of Georgia, will enable us, beginning spring quarter, to offer diversified graduate work in this area," Arnold said.

"The program has two tracks—one emphasizing the administration of physical education and athletics and the other stressing the professional aspects of health and physical education."

VSC has been building its physical education faculty over the past three years with the new master's program in mind, according to Arnold.

"We have four faculty now who hold the doctorate," he said. "Add to this the strength of the fine graduate programs in VSC's School of Education and School of Business Administration, both of which have many offerings relevant to the field of physical education."

## SGAE Seminar Set

The Valdosta State Chapter of the Student SAE is sponsoring the SGAE Region IV meeting on the use of media. The products of the seminar will be displayed at the annual convention in Macon. The meeting will be held on January 12, 1974, from 10 to 2 in the Education Center. All of SGAE members are urged to attend. If you plan to attend please notify either Dell

Minter (247-1519) or Gordon Baker (247-1076). SGAE Region IV is composed of Georgia Southwestern, Albany State, Andrew, ABAC, and VSC. Two of VSC - SGAE members hold the top region offices: Gordon Baker, representative; Peggy Lynch, secretary; Gale Sanders of Georgia Southwestern, assistant representative.

Arnold cited courses in personnel management, school law, psychology and financial management as being useful in the field of physical education and athletics.

"We hope this program will be a vehicle of cooperation between the VSC faculty and the public school faculties to help improve physical education and athletics in this part of the state," he said.

"The public school physical educators will bring inputs to us in terms of their problems and the situation they encounter, which will help us do a better job in our undergraduate and graduate professional preparation programs, and we-in turn-to be able to give them professional expertise that will aid them in their own programs."

Arnold came to the VSC faculty in 1970 from the University of South Carolina, where he was on the faculty of the School of Health and Physical Education.

## YOU Could Be A Star

Each year Glamour Magazine conducts the "Ten Top College Winners" contest for college girls. Glamour is now accepting applications for this year's contest.

From the local applicants, no more than three girls are chosen by the college to go on as national applicants. To be considered, girls should be active in campus or community life, and be willing to submit an essay describing her area of involvement—the arts, social services, politics, sciences, communications—and two pictures of herself.

and their colleges. They also receive a trip to Glamour in June to visit our offices, meet our staff, receive a distinctive gift and a cash prize of \$500. In addition, the winners are entertained by Glamour; they tour New York, attend the theatre, museums, and shop.

Any V.S.C. girls interested in participating in the competition should pick up an application form from Dean Fickert in the Office of Student Affairs, West Hall.

The ten girls chosen to be national winners are photographed by Glamour and appear in the August College Issue of Glamour, receiving national recognition in the media for themselves.

The Winter Quarter edition of the "On Campus Show" would like to urge you, or your group, to appear on the air. If you have an interesting talent or topic or know of someone who does, then please fill out the form accompanying this article and mail it to the instructed address. Practically any talent or subject will be considered for free promotion on the show. Last quarter's topics ranged from Palmistry to Watergate's Moral Burden on the American Public, from Bagpipe playing to Religious folk music. This is an invitation to you, student or non-student, to promote any organizational projects, state any opinions, and expose your hidden talents to the viewing public. The "On Campus Show" produced by the VSC Speech and Drama Department in cooperation with Cable T.V. The show is on Wednesday afternoons between 4:30 and 5:30. Taping takes place in the studio of the Fine Arts Building. Any comments may be sent to the same address found on form.

Please return to Speech & Drama Dept. Intercampus Mail Campus Phone
