# VSC Has Chef Volem

If you've been a chef for 30 years, taught the skills that you've acquired for 12 years and been in charge of the food preparation for a large school district, where do you go and what do you do when you retire?

Well, if you're Frank Volem, you travel from New York and Philadelphia to Valdosta. You become the Director of Food Services for Valdosta State and decide to make your cafeteria the best student feeder in the country.

Frank Volem, who took charge of Food Service in February is experienced in the preparation of fine food. He was chef at the Lake Placid Club for 5 years, The Master Chef in Residence at the Culinary Institute of America, was named the Chef at Cornell University in 1968, was chef at the Locust Club of Philadelphia and was

recently named a Fellow of the Culinary Institute, one of about 40 in the country.

Mr. Volem came to VSC after a year as the Executive Chef with the Philadelphia public schools in charge of 280 schools feeding 240,000 meals a day.

In an interview last Friday, Mr. Volem talked about some of the problems of the cafeteria and some of his plans.

"We are definitely planning improvements all along the line," Volem stated.

The need for a new oven and other equipment, which has been ordered is the reason the plans are set for next year instead of this quarter, he related.

He continued, "We're service oriented, not profit oriented. Students come in (his office) perhaps 3 or 4 times a day."

"There isn't a piece of

JACK VOLEM, HEAD CHEF

soybean in this place. We're buying better meat than you can buy in any of the supermarkets in town," stated Volem.

"We're the lowest in price in the State of Georgia on meal plans," he

said. New china and two glasses of milk at breakfast and a buffet style luau are about the only immediate improvements with a bigger change to take place fall after the ordered equipment has come in.

# P. E. Department Proposes Change

Both the faculty of the Physical Education Department and the Executive committee of the School of Education recently approved a recommendation to revise the present requirement from six quarters of P.E. to three quarters.

The new program would make Health 100 a requirement for all students. The Physical Education courses will be divided into two categories: Development and Recreational. Students will be required to take at least one course from each category, according to the recommendation. The P.E. faculty feels that this proposed system of categorization will assure that all students receive a balanced physical education experience within a framework that allows them to pursue their own particular areas of interest.

The categories will be divided so that Develop-

mental courses will include conditioning, slmnastics, jogging, basketball, soccer, cycling, modern dance, ballet, gymnastics, swimming, lifesaving, and water safety. Recreational courses will consist of bowling, archery, golf, badminton, tennis, volleyball, social dance, and folk and national dance.

The proposal also asks that students be allowed to exempt certain courses and the ROTC students be credited for certain developmental courses and one recreational course.

According to the recommendation, "The purpose behind a Physical Education requirement is to assure that all students possess enough knowledge and skills to allow them to enjoy the benefits and enrichment of recreational exercise throughout their lives."

The recommendation asks also that the Teacher Education Committee not consider the proposal, but that it should be referred to the Committee on General Education.

Furthermore, it is proposed that Health 100 receive 3 hours credit which would be figured into the students' grade point average. Also the proposal asks that the service courses each give 2 hours credit to be averaged into the GPA.

# Veterans Conference Here Wednesday

The sixth in a series of information programs being conducted on various college campuses in the state by the Georgia Department of Veterans Service and the Veterans Administration will be held at Valdosta State College, Wednesday, April 24, 1974. The project officer and director of placement at Valdosta State, Jerry Bishop, said that the program will begin at 10:00 a.m. in the Regional Educational Center Auditorium.

Coordinated by Robert T. Baird of the Department of Veterans Service, the information and counseling program is designated to assist the veterans attending school under the GI Bill, and institution staff members as well, who are involved in veterans' educational and vocational programs.

The on-campus series which began in the fall of 1973 features representatives from the Veterans Service Department, the VA and the State Scholarship Commission, all of whom are experts in the field of veterans' affairs, and covers such subjects as eligibility, advance payments, application procedures and certain "problem areas" such as delays in students' VA checks.

A question and answer session follows each segment of the conference. In addition, special desks, manned by veterans' counselors, are set up to advise and handle initial paperwork procedures on behalf of veterans having individual problems.

Georgia Department of Veterans Service Director Pete Wheeler described the on-campus program as beneficial in improving the lines of communication between the student-veterans and those of us who are involved in service to veterans."

On-campus visits already have been made to Columbus College, the University of Georgia, Augusta College, Floyd Jr. College in Rome, and Albany Jr. College. Future sessions are scheduled for colleges in Macon, Savannah, and Atlanta.

# Seniors to Get Senate Rep.

The Student Government Association Senate passed a bill last week which will provide for Senior class student representation on a year round basis.

Until now, there has been no senior class representation from the winter quarter elections through the end of the summer. The new bill calls for a student referendum to amend the SGA Constitution.

The proposal will provide for the election of senior representatives in Fall Quarter Elections. If the referendum passes, the new rule will go into effect Fall Quarter, 1975.

# Gabard and Teffeteller Get Promotions

Dr. William M. Gabard has been named Director of International Studies at Valdosta State College. The appointment becomes effective July 1, by action of the Board of Regents of the University System of Georgia at its April meeting Wednesday.

Head of the history department at VSC since 1962, Dr. Gabard joined the VSC faculty in 1948 as assistant professor. He was granted the rank of full professor in 1962. He has seen the history faculty grow from two in 1948 to the present 17 and the number of history majors increase dramatically.

Dr. Gabard's

appointment to this new position emphasizes the importance which we are now placing on international education at Valdosta State," said VSC President S. Walter Martin.

"It is a growing field, and we want to support the work here very strongly. Because of his great interest and fine training in international education, Dr. Gabard will make an outstanding contribution in this area.

"He is to retain the title of professor of history and will continue to teach Asian courses in that department, but he is to relinquish headship of the department in order to give more time to his new duties as Director of

International Studies."

Considered an expert in the field of American diplomacy in Asia, Dr. Gabard held a Ford Foundation research grant in the Cooperative Program of International Studies at Duke University and the University of North Carolina.

In the summer of '69, he studied Hindi at Syracuse. The following summer, he took a two-month study tour of India as part of the Syracuse seminar.

Dr. Gabard led 30 South Georgia public school teachers on a two-month multi-cultural tour of India in the summer of '71, sponsored by the U.S. Department of Health, Education, and Welfare (HEW). In the summer of '72, he took 23 additional south Georgia teachers back to India for a similar tour.

"The two tours and the follow-ups with each of the 53 teachers in their respective schools has truly been one of the most rewarding experiences of my 25 years of teaching," Dr. Gabard said.

"To see south Georgia students of both races study a third culture (India) and, thereby, better understand each other is most gratifying. To see young minds achieve a new dimension of understanding about Asia, courses and units on Asia introduced into the curriculum and enrichment of lives is the best reward I can receive.

"On the basis of past experience here at Valdosta State College, I look forward to the challenge of further developing such programs and to the whole range of international studies."

Dr. Gabard holds the AB

degree from the University of Tennessee, the MA from Northwestern University, and the PhD from Tulane University. In 1946 and 1947, he won both the International Law Award and the International Relations Award at the University of Tennessee.

Dr. Gordon Teffeteller is the Head of the History Department. He replaces Dr. William Gabard. Former Assistant Professor of History, Dr. Teffeteller received his BA from VSC, his MA from Duke University and his Ph D. from Florida State University. He has certainly been an asset to the department as a professor, and we wish him the best of luck as Department Head.

## Seniors to Get Senate Rep.

The Student Government  
Association Senate passed a  
bill last week which will  
provide for Senior class  
student representation on a  
year round basis.

Until now, there has been  
no senior class representation  
from the winter quarter  
elections through the end of  
the summer. The new bill  
calls for a student referendum  
to amend the SGA  
Constitution.

The proposal will provide  
for the election of senior  
representatives in Fall  
Quarter Elections. If the  
referendum passes, the new  
rule will go into effect Fall  
Quarter, 1975.

## Miss April

Don't ask Patti Sweeney of Atlanta if she prefers 'Ms.' to 'Miss' before  
name. The petite, 18 year old daughter of Mr. and Mrs. Bernard Sweeney  
Miss April in Tau Kappa Epsilon fraternity's 1974 Valdosta State College  
Sponsor. The sophomore nursing major was Miss Valdosta of 1973.

## Valdosta Begins Bike Safety Drive

grip area.  
3. No person shall  
operate upon any highway or  
roadway a bicycle which has  
been modified or altered in  
such a way as to cause the  
pedal in its lowermost  
position to be more than 12  
inches above the ground.

4. Every bicycle operated  
upon any highway or  
roadway during darkness shall  
be equipped with a lamp  
emitting a white light visible  
from a distance of 300 feet in  
front of the bicycle and with  
a red reflector on the rear of  
a type approved by the  
Department of Public Safety  
which shall be visible from a  
distance of 300 feet to the  
rear when directly in front of  
lawful upper beams of  
headlamps on a motor  
vehicle. A lamp emitting a red  
light visible from 300 feet to  
the rear may be used in  
addition to the red reflector.

Other rules and safety  
tips are as follows:  
1. Obey traffic laws just  
as automobile drivers are  
required to do.

2. Every person operating  
a bicycle upon a highway or  
roadway shall ride as near the  
right side of the road as  
practicable, exercising due  
care when passing a standing  
vehicle or one proceeding in  
the same direction.

3. No person riding upon  
a bicycle, coaster, roller  
skates, sled, or toy vehicle  
shall attach the same or  
himself to any vehicle on the  
roadway.

4. No person operating a  
bicycle upon a highway or  
roadway shall permit any  
person to ride on the  
handlebars.

5. No person operating a  
bicycle shall carry any  
package, bundle, or article  
which prevents the operator  
from keeping at least one  
hand on the handlebars.

6. Be constantly alert  
when riding, particularly at  
intersections and in fast  
moving traffic. Dismount and  
walk across heavily traveled  
streets.

7. Keep your bike in safe  
operating condition—with the  
assistance of your bicycle  
serviceman, if necessary.

8. If you have any  
questions—about traffic laws  
or bicycle rules, call your  
Chief of Police.

## Circle K to Meet

Circle K will meet at  
5:30 on Thursday, April 18  
in the Projection Room of  
the College Union. All  
members and those  
previously invited to join are  
urged to be present. The  
program will be a "Walk for  
Mankind" film.

## Non Credit Courses Continue

This week's new  
non-credit courses are in  
personal development.

"Public Evenings in  
Astronomy" begins Friday  
from 8-10 P.M. There is no  
fee for this course which is to  
be held in 305 Nevins Hall.

The Department of Physics  
and Astronomy will offer two  
non-technical lectures and  
observatory sessions: April  
19, Planet Earth; and May 24,  
The Moon. Prior registration  
is not necessary.

Next Tuesday night the  
first of two classes on "A  
Laymen's History of the  
Christian Faith" will be  
presented by Dr. William P.  
Frech, Jr. of the history  
department. The lectures will

be from 7 to 8 PM, and the  
registration fee is \$10. The  
sessions will be held in room  
235 of the Fine Arts  
Building.

The purpose of the  
course is to trace the  
Christian movement from its  
origin to the present.  
Emphasis will be on the  
development of dogma and  
ritual, the various sects, and  
the influence of select  
individuals.

All of the Continuing  
Education Courses are  
handled by the Public  
Services Office at VSC.  
Questions or comments  
should be addressed to that  
Office, VSC, Valdosta, Ga.,  
31601.

## Seminars Week Is Coming

Monday, April 29th, will  
be the opening day of the  
1974 Seminars Week. Since  
1971 VSC Seminars Week has  
been an integral part of the  
educational life at VSC.

These seminars afford the  
college community exposure  
to a myriad of subject matter  
presented in a most enjoyable  
fashion.

This year's edition of the  
Seminars offers 121 sessions.  
Each session will, no doubt,  
prove most interesting and  
will appeal to a large  
segment of the VSC  
population. Some of the  
more interesting Seminars

Week events will be the  
Horror Film Festival  
(beginning Sunday night  
April 28th); "Truth in News  
Coverage" by Bill Leeds  
(NBC) and Ed Lightsey-  
(WALB); and Valdosta  
Mayor Gil Harbin on "Laws,  
Drugs and Students." Other  
highlights include Aveni with  
"Did Ancients Worship Gods  
or Astronauts?"; "What It Is  
to Be an African" by Tabi;  
and Dr. Dick Saeger on

"Impeachment." Car buffs  
will certainly enjoy the  
display and discussion of a  
vintage Rolls Royce by its  
owner Dr. Raymond Cook.

There will be an  
abundance of great topics and  
terrific speakers and a  
shortage of excuses for  
non-attendance. Teachers are  
usually more than generous  
with class cuts, and a  
babysitting service will be  
provided.

## Money Is Here

The Office of Financial  
Aid announced last week that  
additional money to fund the  
College Work Study Program  
has been received.

The office is now taking  
applications for Work Study  
Employment. Students  
seeking WS for Spring and  
Summer quarters should  
apply now. Contact Dr.

Martin McGirts in the  
Financial Aid office in West  
Hall if interested.

## Non Credit Courses Continue

This week's new  
non-credit courses are in  
personal development.

"Public Evenings in  
Astronomy" begins Friday  
from 8-10 P.M. There is no  
fee for this course which is to  
be held in 305 Nevins Hall.

The Department of Physics  
and Astronomy will offer two  
non-technical lectures and  
observatory sessions: April  
19, Planet Earth; and May 24,  
The Moon. Prior registration  
is not necessary.

Next Tuesday night the  
first of two classes on "A  
Laymen's History of the  
Christian Faith" will be  
presented by Dr. William P.  
Frech, Jr. of the history  
department. The lectures will

be from 7 to 8 PM, and the  
registration fee is \$10. The  
sessions will be held in room  
235 of the Fine Arts  
Building.

The purpose of the  
course is to trace the  
Christian movement from its  
origin to the present.  
Emphasis will be on the  
development of dogma and  
ritual, the various sects, and  
the influence of select  
individuals.

All of the Continuing  
Education Courses are  
handled by the Public  
Services Office at VSC.  
Questions or comments  
should be addressed to that  
Office, VSC, Valdosta, Ga.,  
31601.

## Seminars Week Is Coming

Monday, April 29th, will  
be the opening day of the  
1974 Seminars Week. Since  
1971 VSC Seminars Week has  
been an integral part of the  
educational life at VSC.

These seminars afford the  
college community exposure  
to a myriad of subject matter  
presented in a most enjoyable  
fashion.

This year's edition of the  
Seminars offers 121 sessions.  
Each session will, no doubt,  
prove most interesting and  
will appeal to a large  
segment of the VSC  
population. Some of the  
more interesting Seminars

Week events will be the  
Horror Film Festival  
(beginning Sunday night  
April 28th); "Truth in News  
Coverage" by Bill Leeds  
(NBC) and Ed Lightsey-  
(WALB); and Valdosta  
Mayor Gil Harbin on "Laws,  
Drugs and Students." Other  
highlights include Aveni with  
"Did Ancients Worship Gods  
or Astronauts?"; "What It Is  
to Be an African" by Tabi;  
and Dr. Dick Saeger on

"Impeachment." Car buffs  
will certainly enjoy the  
display and discussion of a  
vintage Rolls Royce by its  
owner Dr. Raymond Cook.

There will be an  
abundance of great topics and  
terrific speakers and a  
shortage of excuses for  
non-attendance. Teachers are  
usually more than generous  
with class cuts, and a  
babysitting service will be  
provided.

## Money Is Here

The Office of Financial  
Aid announced last week that  
additional money to fund the  
College Work Study Program  
has been received.

The office is now taking  
applications for Work Study  
Employment. Students  
seeking WS for Spring and  
Summer quarters should  
apply now. Contact Dr.

Martin McGirts in the  
Financial Aid office in West  
Hall if interested.

## Year after year, semester after semester, the CollegeMaster from Fidelity Union Life has been the most accepted, most popular plan on campuses all over America.

Find out why.

Call the Fidelity Union  
CollegeMaster  
Field Associate  
in your area:

# Editorial

W. Clint Nicely, Editor

## Physical Education: Is It Justifiable?

I am extremely happy to see that the Physical Education Department has at last realized and admitted the need for a program change. I think the proposed reduction of required courses from 6 to 3 is a good move; however, I think the recommended program change still has its faults.

According to the P.E. Department, "Health and Physical Education courses are a part of the total academic offerings of the college." I would like to take issue with this statement. Last quarter, in an Editorial, I pointed out a number of blatant shortcomings regarding the P.E. service course program. These included a lack of interest on the part of teachers, poor funding, over crowded classes, and inadequate course design. Taking into consideration the P.E. problems previously cited, I hardly think we can academically rate the P.E. Department as comparable to the total academic offerings of the college—at least not the service course program.

I believe that a reduction in the number of required courses will benefit all concerned. The students can finish the requirement early in their college career, the courses will have less students per class, and the teachers will be able to devote more time to the upper division major courses to which they should, by all means, give priority.

I do feel, however, that the recommendation to include P.E. credits into the grade point average is a great injustice. Having taken some of the P.E. service courses, I can honestly say that there is nothing academic about them. I do not think it is fair to the student to be graded academically on a skill he is expected to learn in one short quarter. An appropriate analogy might be made with Art 105. I would like to take Art 105 simply to find out whether or not I could develop enough talent in one quarter to deserve a decent grade. The same is true with P.E. Suppose someone simply is not fortunate enough to have the coordination required to play tennis or to learn gymnastics, but that person would just like to find out if he could do these things. It's not his fault he is not highly coordinated. The point is, he should not have to suffer grade-wise for trying to learn a skill. So you say, "but a conscientious student who really wants to learn should not worry about grades." True, a student shouldn't have to worry about grades, but students are trapped in a system which requires a high GPA to get in graduate school or to compete for the better jobs. For this reason, I think it is wrong to give academic grades on physical (non-academic) capabilities.

The P.E. Department wants to change the academic status of courses without changing the courses. For academic credit, I think a course should be academically based. This would (for a minimum) require the courses to be re-written, re-designed, re-numbered, and taught in an academic manner—not on the level of a physical skills learning laboratory.

I think I speak for the majority of the students by taking this stand. I hope the administrative committees involved will see fit to take my arguments into consideration. Hopefully, these committees will study this proposal long and carefully. I hope they will delay action on this proposal, not only for the reasons I have cited, but for one which involves the University System. Because there is such vast discrepancy in the different P.E. requirements throughout the state school, the Board of Regents, under a recommendation of the Student Advisory Council (SAC), has appointed a committee to study the possibility of standardizing the P.E. core requirement throughout the state. Until a decision is reached at this level, I think there should be no further change or confusion on the local level.

At best, I would encourage students to express their views on this issue as well.

W. Clint Nicely

## Social Potpourri

That often vague but ever present phenomenon referred to as the "Energy Crisis" or "Energy Crunch," or whatever the latest term happens to be, has caused quite a change in the American life style—at least for the lower and middle classes. Because we the lower and middle classes make up the masses, we are in effect forced (to an extent) to abide by the standards set down by the controlling forces. We, because of a general lack of accurate communicative modes, are subject to fall prey to the systems of mass communications—commercialism in particular.

Since our society has become virtually a slave to the "television set", our minds are often made up or at least swayed by the ever so subtle but persistent commercials. Lately, though, the commercial has influenced change not only in our life style but in our way of thinking as well.

For example, only a year ago the popular mid-sized car was the "step up" toward the giant luxury automobile, but now the same car is the "comfort minded economy car." It's funny how small vehicles are called cars and large ones are called automobiles.

Another thing that draws my attention to TV commercials is their preoccupation with the human body. I swear I think the American people must be the most stinking, ugliest, fatest people on earth. We are constantly reminded that we need deoderant, cologne, hair spray, after shave, make-up, powders, body oils, toothpaste, mouthwash, and knows what else.

This is, in onw sense, disgusting, but it is good for laughs now-and-then, and I'm not sure the programs offered are any better. When you have time, I think you should give a hoorah for commercials; lest without them, the economy would surely perish.

like this go uncontested. Perhaps your paper could also be instrumental in getting results if this letter can't.

Sincerely,  
Carlton Grimm

## Yea Spectator!

Dear Editor:  
No doubt you are aware that you and your paper come under fire from a multitude of people for a number of reasons. Either you're pro-black or you're pro-white; you're too nose-y or you're lacking interest; you're being sensationalist or you're boring; most of all, you're just not any good. I'm not a rah-rah cheerleader guy and I'm not a Mary Worth go-gooder, but I've done some research and thinking and I'd like to differ with all of the complainers: I think you do a fine job. Your staff has a minimum of paid positions—Editor, Associate Editor, and Managing Editor. Even the highest paid position, Editor, pays a mere \$100.00 a month for a 40 to 50 hour work week. That amounts to around \$.50 an hour. What sort of job is expected for this paltry pay? And if the Editor only gets that, how about the assistants? Or the staff? You can chalk some work up for experience, but not 50 hours at \$.50 an hour. Along with a clientele that apparently is ignorant of wages and working hours, I find your staff beset with antiquated equipment and facilities. All in all I believe you are doing a fine, creditable job and urge you to turn a deaf ear toward assinine cries of incompetence and carry on.

Sincerely,  
Allen Simpson  
Class of 1972

## Yea Everybody!

Dear Editor:  
I would like to discuss a few miscellaneous topic that might be of interest to the students here at Valdosta State College.

**gort** Certainly! It's one of the kids "Run" highlights of the year, Gort? Are you REALLY gonna have your idiotic Easter egg hunt?

I feel certain that these men make more money than do a lot of the college students who must pay for their coffee. I think that if coffee can be given away, then it should be given to everyone, not just a select group.

Furthermore, I think that Mr. Sauer, or whoever, has no right to give the coffee away; he does not pay for it; it is not his to give. We, the students, are responsible for the money that buys the coffee. I think that if Mr. Sauer wants to give coffee away, then he should furnish it. If the school feels the need to give coffee away, then they should give it to everyone.

I hope someone who reads this will be in a position to rectify the unjust situation which exists. I simply cannot sit by and watch something

Why does a certain security policeman get to park his car for extended periods of time in the mail zone when I and many others have gotten tickets for parking 16 minutes.

I have always been amazed at the ability of the school to always be putting in little additions around the campus. I was really amazed when the sign "Plant Operations" went up. I would like to suggest that the cafeteria be blessed with a sign that says "Digestive Services."

I broke my bike tire on the sidewalk in front of Langdale the other day. I would like to see the SGA put forth at little more initiative in the installation of bicycle ramps. My girlfriend, incidentally, busted her head

on the sidewalk April 17, 1972. I was riding a road leading to dorm.

There is a lot of slime on the bath area in S-21. I don't know if it is really hazardous otherthan the fact it is unsightly. Me and my roommate scaped up a few pounds this morning and studying it in the biology lab.

The Blazer Room has been segregated. Now we have for the pool tables, and that used to be called the snack bar. I think this is confusing for new students.

Thank you for hearing me to my graffiti. It is all written on the floor of the bathroom if you would like to contemplate it under more favorable or perhaps more comparable situations.

Sincerely,  
Jim Martin

## Letters to the Editor

### Free Coffee?

Dear Editor,  
With all the complaints and conversation aimed at the Snack Bar and Mr. Sauer recently, I would like to

point out what I consider a great injustice concerning the Snack Bar. I cannot deny that the Snack Bar has improved immensely in recent months. There can be no doubt that Mr. Sauer is doing a good job

in turning the Snack Bar into a place where one can actually enjoy eating. However, I would like to question Mr. Sauer, or whoever is responsible, about certain practices taking place in the Snack Bar. I spend a great deal of time in the Snack Bar, and on several occasions recently, I have noticed that many, in fact most, of the security men and maintenance men are consistently treated to free coffee. Students and other customers pay 15 cents for coffee, yet some of the college employees are given it free. To me this seems like a great injustice.

## SGA Pres Speaks on Book Exchange

The past two weeks in the SGA tells the story of getting a new administration started. It is a job that takes time, but it is well underway and we hope to have some specific ideas for changes to share with you. On April 27th, a workshop for Senate, Cabinet, and Student workers will be held. We hope that this brainstorming/get together session will get the ball rolling in the right direction.

The resignation of John Wester as Chairman of the SGA Judicial Committee was accepted on April 4th. The court, which handles cases referred to it by the Dean of Students, was set up to allow peer judgement of students charged with violating college ordinances. David Johnson of Gray, Ga., has accepted the position vacated by Wester. I would like to take this opportunity to thank John for the work he did while

involved with the court and wish David much success as he accepts this new position. If you would be interested in serving on a particular VSC college committee be sure to get your name into our office. New committee appointments will be made for all positions in the Fall quarter. Currently, I am in need of a male or female to serve on the VSC Traffic Violation Court and a male to serve on the Honors Committee. See me as soon as possible for these two positions.

Unfortunately there has occurred a mixup concerning the VSC Book Exchange which is being run by the Delta Chi fraternity. Several students complained that they were unable to reclaim their books since the Exchange closed at 3:00 on the last operating day. Even though the Delta Chi's say that they had notified the

majority of students of their earlier closing hours they werenot in line with the By-Laws under which they are supposed to operate. Under The Book Exchange By-Laws they were not in line with the eight hour a day rule found in Article III, Section C. Therefore, any student who did not receive his or her books due to this conflict, should contact me (244-6340, ext. 226 or 247-0617) by April 24 in order that we correct any of the errors that this operating time caused. I am sure the Delta Chi's apologize, as I do for whatever inconveniences may have caused, with your continued support the Book Exchange can be a great help to the VSC student body.

On the brighter side now, I would like to tell you of a visit I had with Mr. Frank Volem, the new head of the VSC cafeteria. After a two discussion and tour of the VSC cafeteria, I was amazed at the plans which are being made to improve the food service facility here. I did not realize the problems which some of the outdated equipment posed for feeding those large bunches of hungry VSC students like myself. I had noticed changes in the past weeks such as beef that was once again beef not 50-50 burgers, and others, but believe me that is nothing compared to the changes that are coming. Due to the time involved for purchase of equipment some changes will not be realized until fall quarter.

But they will certainly be realized then. In talking with Mr. Volem he seems to feel as I do, that students do not mind buying a meal plan if the food is good. Lets face it, it is a lot more convenient than eating any where else. A person who buys a 7-day meal plan only pays 88 cents per meal. With today's rising food cost that is a steal. I did buy a 5-day plan when I first came to VSC, but I found that if I stayed just two weekends a quarter I got my money's worth on the 7-day plan. Besides on the 5-day plan you pay over a dollar per meal. As a student you should figure howmuch you might save if you changed plans. I know I have saved more by changing. If you have any comments or questions concerning the meal program go by and see Mr. Volem. I am sure you will find him open for conversation as I did. Lets give the new administrator in the lunch room time to show us some improvements, believe me, they are working on it.

Watch for a surprise meal in May from the cafeteria. It will be an Hawaiian ———. If you can't fill in my next article, and also tell you exactly when it will take place.

### Calendar

Question: Why do we have Saturday classes?

According to the guidelines recommended by the Board of Regents and the Southern Association of Colleges and Schools, each five-hour class should meet 2500 minutes per quarter. When the Calendar Committee prepared the current calendar, every effort was made to avoid Saturday classes. However, if a Saturday class had not been scheduled, it would have been necessary to have a class on Monday (June 3) plus examination preparation day (June 4), thereby finishing final examinations on Saturday, June 8, rather than on Thursday, June 6.

In next year's calendar, it is planned to have Saturday classes on January 4 in order that registration can be shifted from January 2 to January 3. This is being done as a result of the Student Government Association's encouragement to eliminate winter quarter registration on January 2.

We are aware that an occasional Saturday class presents a special burden to some students and only hope that they will become less and less necessary to meet the requirements of scheduling.

of the dust of ages (about 1970, to be exact) came up with an old Leo Kottke album "Round The Sun". Not much in the way of information is provided on the liner but it has been that this was to be his last album for Takoma before moving to Capitol some three years ago. The album is distributed by Takoma so it really makes any difference, or does it? The guitar is very good and the outstanding thing about it is that it contains some of his first vocal work. He used to be very shy in front of the microphone but later picked up steam for "My feet are not a Capitol release. If you happen to be a latte freak, you may wish to pick up on this rare

Some people really get burned up when a artist releases a good track on a single but not an album. Worry no more if you like the "Jude" album, J.A. offers "Early Flight" on singles from 1965, 66, and 70. One of them "Have you Seen The Saucers" which is different material on Jefferson Starship. A regular J.A. is not scheduled for some time yet since Grace just released "Manhole" a few months ago and Tuna, Papa John, and Paul Kantner have been working on their own.

More commercial than ever before at this point are the "Who" with "Road Food". Perhaps the group's name should be changed to "The Five Canadians" with hits like "Star Baby" and "Glamour Boy", can complain. Maybe there are some decent and able cuts somewhere but they must be between grooves. Wolfman Jack even appears on a cut of course, was written about him. The title cut "Road Food" seems to be the next big smash for the

A new Amboy Dukes album called "Journeys and Stations" is now on the stands from Mainstream. All is reworked but original. Such re-released appear as "Journey to the Center of the Mind", "Proton", "Prodigal Man", and "I Feel Free". For most part, all tracks are readily recognizable This is an opportunity for those who cannot find the old Dukes material to clean up.

Here comes Savoy Brown again with "Boogie Woogie" on London. The title must have been up before the recording was finished because it isn't too much boogie but a lot of good rock and with some great improvements in performance on part of Savoy. Not much else can be said except it seems to be a change for the better.

"The Last Summer" is the title of Siegel Schwall's live recording. Faithfully captured are performances at The Brewery in Lansing, Michigan and Quiet Knight in Chicago. This form of notation may have been the best way to bring out a batch of new material. Because of the subject matter and nature of this stuff, a studio album would have been very proper. Down home boogie and good harmonica work make "The Last Summer" a enjoyable one.

### Raleigh Record

MODELS DL 130-DL 130L

Built to the traditional high quality standard of Raleigh lightweight bicycles, specification includes close clearance Latin Line lugged frame, HURET 10 speed wide ratio gear with stem shifter control. Wide flange Alloy hubs, padded saddle, center pull alloy brakes and dual purpose extension levers. A new model for the ladies is a MIXTE frame version, all other specifications as the gents model.

### Tighten your seat belt. You never had a trip like this before.

Do you remember a German group from last fall called "Lucifer's Friend"? Their works never made it big but what fans they had got off well. Since their popularity in America is better than in Germany, they decided to record "I'm Just A Rock 'N Roll Singer" especially for the American tastes. Music is still hard and heavy but the overtones aren't as spacey as before. Rumor has it that the old man on the cover is John Lawton, the group's lead singer but then Billingsgate Records was asked, they declined comment. It's all attributed to the generation gap.

A close follower of the Doors might remember a member named Ray Manzarek, who backed up on vocals and played the keys. He recently transferred roots from Elektra to Mercury and came up with "The Golden Scarab", an album of half commercial-half cosmic sound with emphasis on esthetics in music and life. The sound is basically easy. In some places, he sounds like the Doors and in others, Steely Dan. It's not hard to tell the difference but both facets stick together. Most all of the people backing him up have other albums out but are not known as artists. Among them are Tony Williams, Malito Correa, and Mill Holland.

Many artists release easy folk albums and never make it. Richard Ruskin may be an exception. His work has no title except for the name. The music (with some vocals) is mainly good-time oriented. Titles included are "Break Out the Wine, Here Comes The Sun, B.K.'s Jig, Lady Madonna, Pizza, Temptation Rag, Teddy Bear's Picnic, Ode to Billy's Hoe and Berr Commercial" to mention a few.

## College "Pitch-in" Week

Colleges and Universities throughout the country are being invited to participate in National College "Pitch In" Week, April 22-27. The event, sponsored by Budweiser Beer in cooperation with the ABC Contemporary Radio Network is based on the nation-wide "Pitch In!" anti-litter problem. A grand prize will be awarded in each of five regions for the most creative and effective "Pitch In" effort. Each of the regional winners will receive an assortment of audio-visual equipment valued at \$1,000.00.

To enter the competition, colleges or organizations should send a letter or post card indicating their desire to participate to: College "Pitch In Week, American Contemporary Radio Network, 1330 Avenue of the Americas, New York, New York, 10019.

Evidence documenting particular efforts by schools or groups may be in the form of written summary, along with photos, newspaper clippings, tapes, motion picture film, etc. All reports on individual "Pitch In" projects are to be mailed no later than May 17.

Regional winners of the \$1,000.00 prize will be selected by a panel of judges. All entries become the property of the ABC Contemporary Network.

## Dr. Ray Irwin to Visit VSC

William Shakespeare, "Ghost Writer", will be the subject of author dramatic interpreter, Dr. Ray Irwin in a presentation at Valdosta State College on April 18, Thursday evening at 8:15, in the Sawyer Theatre, Fine Arts Building.

Dr. Irwin is Acting Dean at Syracuse University, having had a distinguished career encompassing all phases of speech, drama, broadcasting, and mass communication. He has been a popular guest speaker at many schools, and has had a large number of his writings published in general and professional journals.

His approach is both light and scholarly, and should make a lasting impression.

VSC faculty and students as well as any other interested guests are invited to hear Dr. Irwin. There is no admission charge.

### Behind The Cue Ball

If you like pool you will love this course. It will work miracles for you. It is designed to teach you how to become an expert at this fascinating game. It will improve your game 200% or more. This course is designed for the beginner and the experienced player. It's designed for those of you who has a pool table and those who don't. The course is in eight (8) sessions all with illustrations and easy to follow instructions. The eight (8) sessions are selecting your cue, proper stance, stroke straight in's, angles, rail shots, bank shots, how to use english, drawing a ball, how to break, patience, sportsmanship and much more. To my knowledge there has never been a complete course offered in this ever growing fascinating game called pool. The complete course is yours for only \$24.95

Mail to: BEHIND THE CUE BALL  
Post Office Box 10308  
Dallas, Texas 75207

Please send me \_\_\_\_\_ copies of BEHIND THE CUE BALL at \$24.95 each. I enclose check or money order.

Please send me \_\_\_\_\_ copies of BEHIND THE CUE BALL at \$24.95 each. I am interested in being a distributor in the \_\_\_\_\_.

Please indicate the city, town, county or state. A representative of BEHIND THE CUE BALL will contact you within 15 days after we receive your order to explain how you as a distributor can increase your income and have fun while doing it with no investment except for the course you purchase for yourself.

# Don't let the price of a college education stop you.

The price of a college education is skyrocketing. Fortunately the Air Force had done something to catch up with it. For the first time, the 6500 Air Force ROTC Scholarships include the 2-year program, for both men and women. If you can qualify, the Air Force will pay for the remainder of your college education. Not only do ROTC 2-year college scholarships cover full tuition, but reimbursement for textbooks, lab and incidental fees, as well as a tax-free monthly allowance of \$100.

To cash in on all this just apply, qualify, and enroll in the Air Force ROTC at Barrow Hall on North Campus, Valdosta State College.

It's a great way to finish your college education in the money, and enjoy a future where the sky's no limit... as an officer in the Air Force.

# Mike Chason

SPORTS

## Jack White Will Jack You

When Jack White was shooting pool at the age of nine for 15 cents a game, he probably never figured he would make \$517,000 in a single year as he claims to have done last season.

Of course with an uncle who was a world champion billiards player, and a father who played professionally for years, White should have suspected he was going to be something special.

After watching White perform last week, "something special" is quite an understatement. During the first half of White's act, he took on all comers from the audience. Constantly talking the whole time, White set up his opponents for good shots and when it appeared hopeless, he would run the table for the win.

It was easy to see how White used to make his living as a pool hustler.

"Yeah, I used to hustle some but don't all pool players," White said.

"I don't hustle any more because I don't have to."

According to White, he once made \$27,000 in a single night which included one game worth \$16,000 to the winner. This was during the time Jack was playing eight hours a day, seven days a week, for three straight years.

"I've played all the great players and beaten them all," White said. This list includes such professionals as Luther Lassiter, Willie Mosconi, and the legendary Minnesota "Fats". White rates Lassiter as the second best pool player in the world after himself of course.

The Hollywood Hills, Cal. native lays claim to being the only pool player to perform before President Nixon and Queen Elizabeth of England. For the movie, "The Hustler", White tutored Paul Newman for several months although he doesn't rate Newman as a top player.

"I'd say that Mickey Rooney, Greg Morris (Mission Impossible) and Jackie Gleason are the best Hollywood players. I'm a good friend of Gleason's and I'm to play him in late May," White said. If his pool shooting ability was amazing, White's trick-shot exhibition was astounding, to say the least. He included such daring maneuvers as surrounding the eight ball in one corner pocket and then chipping it against the rail to go into the other side. Other shots included his patented "Hand Kerchief Trick" and the shot that Newman made in "The Hustler".

Tips for amateurs included don't use "english" or spin on the ball when playing. White advised that the best way to approach the game is with a simple attack without any "cute" additions.

"I told my wife I'd retire in five years," White said, "but I doubt I'll because I love meeting the people too much. I get tired of traveling all the time but when you get to meet the people I meet, I guess it's worth it."

Although White comes on strong with his wisecrack remarks and constant chatter about his superiority, he is a man who loves his game and the satisfaction it gives people to see him play it.

## Karate Tournament

The Southern Invitational Karate Tournament will be held April 20, at 10:00 a.m. in the Lowndes High School gym with 5 VSC students participating. The Tournaments head official will be Richard Baillargeon, the U.S. representative for Seian Kai Karate Union of Japan.

According to Don Dixon, who will participate from VSC, there will be black belts from all parts of the country. Competition will be in all belt classifications with Kata (special technique) in all classes. There will be a demonstration in Martial Arts Technique.

## Intramural Cross Country

The Intramural Cross Country meet will be held Monday, April 22, at 6:30 P.M.

The race will begin and end in front of the library fountain.

According to Dr. Gary Wilson, intramural's director,

## Intramural Softball

Intramural softball began Monday with a record twenty-one teams entered. Fifteen independents and six fraternity teams compose the two leagues. Each team plays a ten game schedule and Independent champ takes on the Greek team May 30th for the overall crown.

Last year's overall softball winner, The Zoo, is reportedly back at top strength. However, the Wesley Foundation and The Romans have teams capable of knocking off The Zoo. Also, both Wesley and The Romans need softball in their quest for the overall intramural crown.

Kappa Alpha won the fraternity division last year before losing the playoffs to The Zoo. TKE and Delta Chi appear capable of challenging for this year's title.

## VSC Tennis Dates

If you are a tennis enthusiast, then you should mark these dates on your calendar: April 25, May 10 and 11, and May 13 and 14. On these dates VSC's tennis team will play FSU, compete in the District 25 NAIA Tournament, and enter the South Atlantic Conference Tournament at Jekyll Island. These two tournaments will determine the champion of our District, as well as, Conference.

Our team's record is eight losses and two wins, but this is indicative of the total team effort which has been exerted over the past few weeks. Improvements have been made and on last Tuesday with a very definite

Steve Sumner tests the Lewis College pitching ace in recent baseball action here.

## Blazers Win Double Header Over Southern Tech

Valdosta State swept its conference opening series Saturday, taking a twin bill from the Hornets of Southern Tech 5-3 and 8-0 at Blazer Field.

The Blazers jumped out front early in the first game picking up four quick runs in the second inning to take a 4-0 lead. Sam Bowen scored an insurance run after Southern had pulled to within one with two fifth inning runs. With two men on and two out, Coach Tommy Thomas brought in his fireman Marty LeFilles who quickly extinguished the fire by forcing a routine grounder to end the inning, and setting the Hornets down in order to preserve Foster Foran's second victory of the campaign.

In the second game it was freshman lefty Bill Petty's sparkling mound work which highlighted the Blazer victory. Petty who is 4-0 on the year was masterful

striking out three and walking none, while allowing but two scratch singles, in going the distance for the third time in four starts. Don Alford drove in three runs with a double and sacrifice fly, while Sam Bowen picked up two RBI's

with a sixth inning double to lead the Blazers at the plate. The twin victories set the Blazers record at 14-6 on the year, and 2-0 in the conference. Jerome Register was six for six in the Southern

double header. These victories coupled with two hits in Mercer game set a new VSC record for consecutive wins (8) eclipsing the old mark of seven set by Bobby Troup in 1972.

## Blazers Lose to Lewis

Lewis (Illinois) came from behind Thursday scoring a ninth inning run to hand the Blazers of Valdosta State a 7-6 setback at Blazer Field.

Tom Bremman, the Lewis hurler who Florida State University baseball head mentor Jack Stallings calls "Probably the best pitcher in collegiate baseball" survived a shakey start in picking up the victory. Valdosta State jumped on the Lewis right-hander for four runs

in the first inning. After Dan Darden had singled, Sam Bowen lined a double to right centerfield, Gene Felts walked and when Jerome Register sent a sharp single up the middle the Blazers had their first two runs of the day. Daryl Branum's single and Marty Bishop's sacrifice fly brought home the other two first inning marks. Valdosta picked up another run in the second to extend its lead to 5-0. Lewis came up with three runs of their own

in the third, to close the gap to two, 5-3. Daryl Branum's 340 foot homer down the right field line in the bottom half of the third put Valdosta on top by three a lead which held until the sixth when Lewis strung together two hits to knot the score at 6-6 in the ninth a walk, a sacrifice bunt, and a long fly ball to center, brought home the winning run for the Hornets nine.

YOU ARE WELCOME TO USE THESE FILLERS WITHOUT COST OR OBLIGATION

### TO THE CITIZENS OF THE EIGHTH SENATORIAL DISTRICT

Much time and thought has been spent in making the decision to seek the Senate seat that is being vacated by Bobby Rowan.

I feel very strongly that we need continued cooperation and understanding of responsible urban and rural citizens to obtain mutual success. Your Senator should not draw county lines, but should represent the entire district. When elected, I intend to do this.

I have a farm background, 25 years of business and professional experience that reaches out into the entire Eighth District, and more important, three children who look forward to their future here.

It will always be my intention to recognize the contributions by, and importance of all people, regardless of occupation or address, and represent each of you well.

Please check my record and give me consideration before making early commitment of your valuable vote.

I sincerely appreciate the encouragement and support I have already received from many interested citizens of Berrien, Coffee, Cook and Lowndes counties.

I look forward to having the honor of serving you.

I solicit your advice and support.

Sincerely,

Dr. Loyce W. Turner

# Panhellenic Installs New Officers

Following officers for Valdosta State College were installed last night by Mrs. Godfrey, President of Panhellenic:

Nanci Dross, Alpha, Vice President  
 Gammage, Phi Kappa Pi, Treasurer  
 Vicky Gentry, Kappa Delta, Secretary  
 Kay Reese, Alpha

the beginning of Fall Quarter. Any woman enrolled in school at the present time who wishes to participate in rush for next fall should leave her name in Dean Fickert's office in West Hall. Rush materials will be mailed to the rushees this summer.

April 6th proved to be a highly eventful day for the Kappa Delta's as they held their Parent-Daughter day, which will become an annual affair.

To start off the activities,

the parents were given an opportunity for a first hand glimpse into the sorority as an open house on the KD House was held. As the afternoon progressed, the parents journeyed to "Emerald City" where an enthusiastic performance of the KD's informal rush party was held in their honor.

The day's event's culminated in a banquet held at the Holiday Inn. The sorority was highly honored

with the presence of Sara Fickert, Dean of Women, and Sister Beverly Sibley, a national officer of Kappa Delta and guest speaker.

All of the KD mothers were issued honorary wildcat bids into the sorority and the fathers were proclaimed as "Big Daddies" to KD. Every parent seemed to reflect the enthusiasm that Greek life affords their daughter as the KD's demonstrated by this highly successful event.

The Gamma Xi Chapter of Alpha Xi Delta is proud to announce the new additions to our sisterhood. These new sisters are Mia Anderson of Atlanta; Claire Decklar, Atlanta; Pam Langston, Vidalia; Kay Bittick of Forsyth; and Eloise Pope of Thomasville.

Wildcat bids were accepted Wednesday by Melissa Wigington, Barbara Boyd, and Jenni McKing. Another new Alpha Xi Pledge is Patsy Sutton.

New Officers were elected for 1974-75. They are President, Beth McClain; Vice President, Susan Barrett; Membership Chairman, Robin Birch; Recording Secretary, Suzanne Walker; Corresponding Secretary, Brenda Leady; Treasurer, Lisa Rush; Historian, Sharon Bennon; Marshall, Debbie Garrett; Chaplain, Susan Dixon; Journal Correspondence, Alexia Leslie; and Quill Chairman, Cindy Stanton.

Alpha Xi is proud to announce that their annual Pink Rose Formal held last Saturday night was a beautiful success. New Big Brothers for this year are Barney King, Nicky Tampas, Bob Cobb, Marion Benson, and Rusty Peavy. The Sweetheart for this year is Marty LeFiles. Also announced at the formal was Most Enthusiastic sister, Debbie Garrett and Ideal Sister and Big Sister went to J.J. Birch.

Preparations have been underway for the seventh annual Miss Beautiful contest. The contest will be held tonight in the Sawyer Theatre. Areas of this year's competition include swimsuit talent, and evening gown. Many hours of work by the sisters and pledges should turn out a successful contest. Tickets may be purchased from any sister, pledge, or at the door.

## Week Week Agenda

1974 Greek Week will continue Saturday this week. At 4 pm., the Race from North Main Campus via Street will be held. At 7 pm tonight the volleyball games played in the gym.

at 4 pm the North Campus will host the Round of the Round event.

## Women's Softball

Women's softball began with only a short practice time for the games will be five innings, and will be three games with day. Games start on front campus.

Year Kappa Delta took the Pitcher Kathy

Friday is Jersey Day with the Tug of War on front campus at 4 pm. At 6 pm. Friday the Greek Picnic will be held at North Campus.

Saturday winds up Greek Week with the Olympics at Valdosta Junior High School. The women will compete at 9 a.m. and the men's competition will start at 1 p.m. At 8:30 Saturday night the week will culminate with the Greek Dance at the National Guard Armory.

Pipkin, lead the KD's to a perfect 12-0 record. The question is will the KD's go undefeated again.

All teams played practice games this week, and the teams looked good. This year the KD's are going to have trouble holding their title. The 76'ers, J.T.&Co. and the KD's should have a winning season.

## State Merit Interviews

Branch Currington of Georgia State Merit will be on campus to interviews for with the State of

Georgia. Mr. Currington will be available to discuss all areas of employment throughout the state. Any interested student should contact the Placement Office for an appointment.

## KD's Battle J. T. & Co.

Defending women's softball champions Kappa Delta sorority, started the 1974 season the same way that they ended the 1973 season by edging top contender J.T.&Co., 2-0 before destroying the T.D.'s 14-1.

The game with J.T.&Co. was a scoreless pitchers duel for four innings between

J.T.'s Dellan Fountain and the KD's Kathy Pipkin. After Pipkin had pitched her way out of a jam in the top of the fifth, Jenny Ross led off the bottom of the fifth with a base hit, her third of the game, and advanced to second on a walk to the following batter. Miss Fountain retired the next two batters setting the stage for

## Blazers Win Over Lewis

A three run eighth inning outburst propelled the Valdosta State College diamond corps to its 16th victory of the year, as they downed Lewis (Illinois) 6-5 here Wednesday. Freshman Steve McDiffit picked up the win, his first of the year against no losses. After

spotting Lewis an early 1-0 lead the Blazers caught five, pushing across three third inning runs to take a 3-1 lead. Daryl Branum drove in the first run after Gene Felts had walked and Jerome Register, who was 3 for 3 on the day, had singled. Steve Sumner's two RBI single produced the

other two runs. Lewis came back to eventually take a 5-3 lead on the strength of a 2-run homer; before the Blazer fireworks started. Foster Foran reached on an error and was followed by successive singles by Register, Branum and Marty Bishop resulting in the first run of the inning. Steve Sumner then walked to force in the tying run. After Bill Parson's fielders choice, Dan Darden hit a long sacrifice fly which scored Branum who proved to be the winning run. Branum had a fine day at the plate going 3 for 4 including a double with an RBI and two runs scored. Marty LeFiles recorded his third save coming on in the 9th to preserve the victory.

## Delta Chi News

Any teams interested in participating in this tournament should contact Gordy Gruhl or Nicky Tampas for further information.

The Brothers and Pledges held a party honoring the Sponsors and Chi Delphia at Tall Tree Clubhouse on April 5th. At the party the girls were commended for the outstanding work which they have done for the fraternity. The party ended with each girl receiving a Big Brother.

Plans for this quarter include Greek Week, beach trip, and the White Carnation Formal. We would like to extend our congratulations to Marsha Britt as our new sponsor and to Jimmy Taylor for accepting a wildcat bid.

Spring Quarter started off with a bang for the Delta Chi Fraternity. Two successful money-making

projects have already been accomplished, and a new project the Delta Chi Softball Tournament is currently under way.

We would like to express our appreciation to the merchants of Valdosta for donating the gifts used in our raffle. A list of raffle winners has been posted on the Delta Chi bulletin board in the Student Center.

Our Softball Tournament will take place the weekend of April 27 and 28.

Lynda Newby's dramatic effort. After watching two pitches she unleashed a double to left center field scoring both runners in front of her.

Phi Mu Sorority and the 76'ers also proved to be top notch contenders as the Phi Mu's edged the T.D.'s before bombing the AZD's by a 17-5 count. The 76'ers thumped the BSL 14-2 on the superb pitching effort by the Connie Powell.

Action involving other teams saw ZTA beat the BSL 20-5, M&M over BSU 10-1, T.D. slipped by ADPI 19-15, and J.T.&Co. tromped the BSU 16-2.

Any team wishing to participate in badminton and tennis should get their rosters to Miss Phillips in the very near future.

Mondays rainout games will be played at the end of the season.

A questionable scene at a recent girls softball practice.

*Have we got a summer for you!*

Your summer job at Walt Disney World has got to be the most exciting yet! Join the cast of excellent employment opportunities in the Magic Kingdom, our resort-hotels plus many other areas will be available from June through and including Labor Day with general starting pay at \$2.40 per hour. **Listen Smokers:**  
You don't have to wait 20 years for cigarettes to affect you. It only takes 3 seconds.

In just 3 seconds a cigarette makes your heart beat faster, shoots your blood pressure up, replaces oxygen in your blood with carbon monoxide, and leaves cancer-causing chemicals to spread through your body.

All this happens with every cigarette you smoke. As the cigarettes add up, the damage adds up. Because it's the cumulative effects of smoking—adding cigarette to all the cigarettes you ever smoked—that causes the trouble.

And tell that to your dog, too.

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE • This Space Contributed as a Public Service

## Southern Tech

double header. These six hits coupled with two hits in the Mercer game set a new VSC record for consecutive hits (8) eclipsing the old mark of seven set by Bobby Tripp in 1972.

## Lewis

in the third, to close the gap to two, 5-3. Daryl Branum's 340 foot homer down the left field line in the bottom half of the third put Valdosta up by three a lead which held up until the sixth when Lewis strung together two hits, a walk, and 2 Blazer mis-cues to knot the score at 6-6. In the ninth a walk, a sacrifice bunt, and a long fly ball to center, brought home the winning run for the Inninois nine.

# Youths' Fares Offered By Q. E. II

A new transatlantic youth fare for 1974 crossings of Queen Elizabeth 2 was announced by Cunard Line. Persons between the ages of 16 and 25 will be eligible for the reduced transatlantic rate on a standby basis. The youth fare is \$225 during the non-peak sailings and \$250 during peak sailings of Queen Elizabeth 2.

Cunard's 1974 transatlantic youth fares amount to a reduction of from 45 to 56 per cent off the average tourist class rate. Persons paying the reduced youth rate will be notified two weeks before sailing and will travel in shared accommodations in tourist class cabins.

Non-peak sailings (eastbound) are: May 13;

Oct. 13; Nov. 29; (westbound) May 8, 20; Oct. 1, 27. Peak sailings (eastbound) are: June 2, 21; July 2, 15; Aug. 11, 24; Sept. 12; (westbound) June 16, 28; July 10; Aug. 6, 19; Sept. 7.

The reduced transatlantic passage is on a space available shared room basis for all crossings.

During 1974 Queen Elizabeth 2 will make 21 crossings between New York, Cherbourg and Southampton, including 11 eastbound voyages from New York and 10 westbound sailings from Southampton.

Cunard has set aside 100 berths for youth fares on the eastbound and westbound April and May sailings of Queen Elizabeth 2.

Eastbound sailings will

depart May 13, June 2 and 21, July 3 and 15, August 11 and 25, September 12, October 13 and November 29. Westbound departures from Southampton and Cherbourg will be May 8 and 20, June 16 and 28, July 10,

August 6 and 19, September 7, October 1 and 27.

Information and reservations can be obtained by writing to Youth Fare Reservations at Cunard, 555 Fifth Avenue, New York, New York, 10017.

From left, Rev. Loutitt, Lavan Robinson, and Dr. Curtis practice their recorders for Friday night's concert.

# Robinson Presents Recital

Varitone Lavan Robinson of the Valdosta State College music faculty is to be presented in concert at VSC's Whitehead Auditorium on Friday at 8:15 p.m. But it will be far from a solo appearance.

Robinson wears several hats musically--as voice teacher at VSC, as choir director at Valdosta's Christ Episcopal Church and as director of the Valdosta Recorder Consort.

In Friday night's concert, Robinson is to sing a solo Bach cantata, accompanied by a string group, an oboist and his wife, pianist Janet Robinson.

Other accompanists are to be Helen Walker, violin, Dr. Neal O'Neal, cello, and Dr. John Curtis, oboe.

The Valdosta Recorder Consort members are to accompany Robinson in the second section of the program. Featured will be "Gavotte" by Palese, "Gavotte" by Bach, "Minuet" by Martini, "Siciliano" by Scarlatti and

person to a total of over 35,000,000 people of every race, color, creed, walk of life and ideology. By giving them a first-hand insight into

"Sheep May Safely Graze on Bach."

"They are very delicate dancepieces of the Baroque," said Robinson, who is working toward the master's degree in vocal pedagogy at Louisiana State University. "We chose them to contrast with the more serious cantata in the first section."

The addition of a recorder group and the accompaniment is a departure from traditional VSC recitals, in which the professor usually stands alone.

"Since my interest in many directions, I feel that a better representation of my talents," Robinson said.

Members of the recorder group are the Rev. and Mrs. Henry I. Loutitt Jr., Dr. John Curtis, Dr. Willa Valentin and Mrs. G. Eager. Other members are John Agar, Dr. Lawrence Oldaker, Mary Frances Monroe, Dr. Myra M. Mrs. John Hiers, Leta Mrs. Blake Ellis, Holly Harrywood Gray, and Reddick and Mike.

American culture, it helped create a better understanding among the peoples of the world.

# SAE News

Two more members of Sigma Alpha Epsilon became brothers this past Saturday. Congratulations to Gary Wisenbaker and Robert Griner. A cookout was held at Brother Billy Pendleton's house Sunday afternoon. We all enjoyed the hospitality and we thank you again.

# Time to Apply

The Pine Cone Yearbook is now accepting applications for next year's Editor, Associate Editor, Section Editors, Copy Editor, and Business Manager. Application forms may be picked up in the SGA office any weekday from 8 am until 4 pm.

Experience is desired but not mandatory. A minimum

2.0 GPA is required. Applicants will be considered on the basis of their application forms and interviews. Deadline for applications is Friday, April 26. Applications should be submitted to Box 194.

# Air Force Band to Visit VSC

The United States Air Force Band is a musical organization with an outstanding record of achievement. In an amazingly brief time span its members have been acclaimed as "America's International Musical Ambassadors," and the organization has won the hearts of over 35 million music lovers throughout the world.

The Band's history dates to 1942 with the formation of the Bolling Army Air Corps Base band. On March 1st, 1943, the organization became the official musical representative of the U.S. Army Air Corps. The unit was so designated to give the Air Corps a counterpart of the U.S. Army, Navy, and Marine bands, and to establish for the Air Corps the musical traditions that are such an important part of our nation's military heritage.

The utmost care was exercised in the selection of The Band's musicians. Over 1,500 professionals were initially auditioned. The 100 members finally selected came from a wide variety of musical organizations, ranging from the nation's major symphony orchestras, to

outstanding dance bands, to American's finest concert bands.

Specializing in instrumentalists who could play all styles of music with equal facility, The Army Air Corps Band became the most versatile musical organization in the world.

The end of World War II marked the subsequent disbandment of this great organization. However, within six months of rapid demobilization, a new Air Corps band had been formed. The new unit amazed the music world because it actually surpassed its predecessor in quality and ability. The same painstaking care was used in selecting the personnel of the revitalized organization.

The U.S. Air Force Band began to hit its stride between 1950 and 1960. During that time, and under the sponsorship of the Department of State, the Band made ten international goodwill concert tours, presenting programs throughout Europe, Asia, Latin America and the Middle East. Attendances were so sensational that they gained for The United States Air Force Band the reputation of

being the all-time prize crowd-gatherer, for it established attendance records in 40 of the 47 countries in which it appeared.

In July 1964, Major (now Colonel) Arnold D. Gabriel became the Commander and Conductor of America's International Musical Ambassadors, and thus marked the beginning of a vital new era in the history of The United States Air Force Band.

Feeling strongly that concerts in America by the United States Air Force Band and The Singing Sergeants should be open to all citizens regardless of their ability to purchase tickets, Col. Gabriel conceived and instituted semi-annual U.S. Concert tours with each program sponsored directly by the U.S. Air Force as a public service without admission charge. This touring concept has been an unqualified success, with audiences doubling and tripling over previous tour concerts in the same auditoriums. Standing room only has become the rule on these exciting concert tours.
