# Literary Magazine needs photo

The Literary Arts Magazine is looking for the best photograph on campus. The winning photo will be put on the cover of the first issue of the magazine.

### ENTRY RULES:

- Black and white photos only
- Any subject except pornography
- Name, address, and phone number attached to photo.
- For return of photo enclose self-addressed stamped envelope

Entries should be mailed to:  
The Literary Arts Magazine  
c/o Editor, Ramona Butler  
P.O. Box 336L, VSC

The contest ends October 26, 1982.

# Scholarships awarded

NEWS BUREAU — Jennifer Greg and Greg Bell, both of Valdosta, have been awarded the Frank Strickland Memorial Scholarships for 1982-83 at Valdosta State College, according to Tommy A. Moore, Director of Financial Aid at VSC. Funds for these scholarships are provided by the Strico Development Corporation. Employees of, or legal dependents of employees of, the Strico Development Corporation are eligible for these scholarships.

# Wester new Associate Dean

NEWS BUREAU — John Wester, 31, who got both his bachelor's and master's degrees at Valdosta State College, has returned to his alma mater as Associate Dean of Students. He assumed his duties in Dean Ken Ferrell's office Sept. 1.

His duties, he explained, will entail being responsible for student discipline, working with the College Union Board, testing on the campus, orientation, holding workshops on discipline for head residents and resident's assistants, as well as a limited amount of traveling for conferences, etc.

This is not the first time Wester, an Athens native, has worked with Ferrell. When he was a graduate student (he got his master's in 1975), he was graduate assistant to Ferrell when the latter was director of student activities.

Married to the former Susan Bowen of Smyrna, also a VSC

graduate, he came to VSC from the University of South-

Dean Wester

ern Mississippi where he and his wife have been working on their doctorates. Wester expects to complete his disserta-

tion this winter. He was director of student affairs at Meridian Junior College in Mississippi for five years before going back to school.

"I'm very excited about coming back to VSC," he said. "It's an interesting change

from the role of a student to the role of an administrator. Valdosta State has a lot to offer and I'm proud to be a part of it."

A wine connoisseur who has taught courses in wine appreciation, he collects old movies

and is proud of his library of films ("I've seen Casablanca at least 20 times"). He is also an enthusiastic runner and sports observer.

"I'm really looking forward to seeing the Blazers play football this year," he said.

# Applications now available for 1983 Model UN

Applications for the Model United Nations delegation which will represent VSC in New York next April are now available in the College Union Offices, Student Affairs Office, and the Office of International Studies, according to Dr. William M. Gabard, faculty advisor.

"This year we are seeking applications early, with applications due October 22," Gabard said. "We want to inform the VSC students of this extraordinary opportunity to go to New York to represent a nation in a setting similar to that found in the real United Nations."

"This will be the ninth year that VSC has sent a delegation to the NMUN," Gabard added, noting that twice the college has received the highest awards made at the event.

Partial expense for participants is provided from SGA appropriations.

"Applications for the March, 1983, NMUN are relatively simple," Gabard noted. "We just want a brief resume of a student's academic interests and ask that he or she submit an unofficial transcript, along with a brief statement indicating what advantages can be derived from the experience and, more importantly, what contributions the student can make to this vital academic experience."

This year, a joint student-faculty committee of six will choose the applicants. Dean of Students Ken Ferrell will appoint three students to serve on the selection board along with three faculty representatives.

After the selection of VSC's delegation in October, the

group will meet to decide upon a mutually agreeable time to assemble during the winter quarter in preparation for its New York venture. A study of the assigned country's history, culture, economic problems, its role in regional and world affairs, and more importantly, its participation in the United Nations will be conducted.

"Students will receive five hours of credit by registering for Intercultural/International Studies 317/517," Gabard concluded.

One of the highlights of the New York trip is a two-hour "briefing" of the delegation by their assigned country's Ambassador to the United Nations. Last year the group met at the United Arab Emirates UN Mission.

According to Gabard, one of

the most important parts of the NMUN experience will be the holding here March 11, 1983, on VSC's campus of a High School Model Assembly which simulates for one day the activities which go on in the National Model United Nations. For the past five years, over 250 area high school students have attended the event. At the assembly, high school students are directed entirely by the VSC delegation preparatory to the latter group's trip to New York.

"Deadline for applications will be Friday, October 22," Gabard emphasized. He urges students to pick up the application blanks available in the designated offices, supply the information requested, and return the applications as soon as possible.

# Student Senate elections slated

By Luanne Manning  
Qualifications for the Student Government Association Senate ended Friday, October 8. Elections for these Senate posts will be held Wednesday, October 20. To vote you must bring your current VSC ID to the election booths. Meal cards are NOT acceptable.

The ballot boxes will be at several locations on campus:  
The Student Union and Cafeteria polls  
Open between 10:00am and 6:00pm

AND  
The Education Center and North Campus Polls  
Between the hours of 10:00am and 8:30pm

Those seeking the office of senator are:  
Freshmen: Jeff Fountain and Cathy Zaidan; Sophomore: Wayne F. Roberts and Malinda Simpson; Junior: Victor Dowless and June L. Jones (Lynn); Senior: Martha Beth Hudgins; Brown Hall: See SENATE, p. 2

# Kish new ROTC Director at VSC

NEWS BUREAU— Lt. Col John G. Kish is the new Director of Aerospace Studies at Valdosta State College. He succeeds Col. Mary Abbott who retired from the Air Force July 1.

A native of Los Angeles, Col. Kish has been in the Air Force 19 years. He comes to the VSC campus from Richmond, Va., where he was with the Defense General Supply Center, having previously served in Korea, Thailand, Germany, and Alabama.

"I volunteered for this assignment," said the colonel. "I've always been in the logistics field up until now, but I heard about the post here and a friend recommended it, although he is an officer in the Navy. Philip Seyfried, a Valdostan and a graduate of VSC, he told us so much about what a nice town Valdosta is and what a good school VSC is, and I applied. I like the South and I know something about this area, so here we are."

"We" in the Kish family means his wife, Marsha, a

Lt. Col. Kish

Virginian, and sons, John, 13, and Brian, 10. They are living in Windson Park, a few houses down from Maj. Vince Chandler, who was acting head of Aerospace Studies until Kish arrived.

Actually the colonel wears

**SHE'S VSC'S MAID OF COTTON** - Beth Hume, a 19-year old sophomore at Valdosta State College, won the title of Miss October in the annual Miss Calendar Girl Pageant sponsored by Tau Kappa Epsilon fraternity. A speech communications major, she is the daughter of Mr. and Mrs. John Hume of Peachtree City. Here she poses in a field of opening cottonballs near Valdosta.

## Flu epidemic hits VSC?

By Darlene Crater

The following is a reprint of Sonja Taylor's article from the January 30, 1981 *Spectator*. It is reprinted to make students aware of the possible dangers of a flu outbreak at VSC.

Since the first week of Winter Quarter '81, hundreds of VSC students have fallen prey to the unpleasant assaults of the flu bug.

The VSC infirmary has seen more than 1,800 students since January 4, and over half of those have had symptoms of the flu.

The outbreak of influenza or flu-like symptoms did reach epidemic proportion on our campus, according to Dr. Mack Greer. Classes, however, remained in session and healthy students went on with business as usual.

Schools all over the state have been forced to close because of poor attendance from flu victims. Georgia is one of 24 states reporting outbreaks of A/Bangkok 79 type influenza.

Common symptoms of the Bangkok flu include fever, coughing, sore throat, body aches and nausea. In the past three weeks, the VSC infirmary has at times treated more than 140 students per day with complaints.

Dr. Greer said that campus outbreaks like we are experiencing could be avoided if students would take flu shots.

"We offered flu shots at the beginning of the quarter and had less than 200 takers said

Donna Nolan, nurse at VSC's health center.

The only other advice Dr. Greer offers for students to avoid the flu is to "stay out of crowds."

This year's flu epidemic, however, is less severe than the outbreak of 1974. That year, the infirmary accommodated an overload of admissions keeping as many as 26 patients for three straight weeks. ....

If you did not receive your shot at registration you have another chance. This year only about 125 people have received their flu shots from the infirmary so far. These shots are different from the ones that were given last year since only one is needed instead of two. This year's shot is basically a defense against A/Brazil, A/Bangkok, and B/Singapore flu strains.

The infirmary is administering these flu shots for \$2 per

shot. If you are interested in protecting yourself against this winter's flu bug, pay \$2 at the Business and Finance (Comptroller's) Office window. Take your receipt to the infirmary any time (24 hours a day) during Fall quarter. (Remember - nights and weekends are slow times at the infirmary.)

To be effective for this flu season (January & February) the immunization needs to begin building up before November. So, November 1 is the last day the flu shots will be administered at the infirmary this year.

The Center for Disease Control (CDC) has predicted a large flu outbreak in February for the South Georgia area, according to nurse Donna Nolan. So, don't miss class this year just to suffer with flu symptom misery. For \$2 immunize yourself - go to the infirmary (No VSC ID is required for flu shot - only the receipt from the Comptroller's Office.).

## Voting registration open to students

Students at Valdosta State are now eligible to register and vote in Valdosta in some cases. Dr. Jane Elza, a political science professor at VSC said

that a student that answers "yes" when asked if he plans to make Valdosta his permanent home must be allowed to register.

Dr. Elza, a member of the Georgia Women's Political Caucus that sponsored a voter registration drive this past summer, said, "One issue was

whether college students in town were residents qualified to vote in Lowndes County. It's at the registrar's discretion."

"The student must be independent from his parents," Elza said. "The difficulty is proving it. You can't use the

fact that a person has a job. That would be posing an economic requirement."

Dr. Elza added that the Board of Elections is "much more co-operative" in regard to the matter of student registration.

Persons who are registered to vote outside of Lowndes county and wish to vote may

pick up absentee ballots at the Valdosta Courthouse. These ballots must be mailed by October 31, 1982.

The Black Student League of VSC will help the GWPC distribute leaflets on voting at Bratt's Plaza, Pineville-Lomas Center, Pic 'N Save (downtown), Brookwood Plaza,

and Five-Points on two Saturdays - October 23 and 30.

Close friends. Close talk. Close feelings. The evening doesn't have to end. For dinner or after dinner come to romantic Southwinds Restaurant for candlelight, wine, and mellow music.

## Agribusiness

NEWS BUREAU - The School of Business Administration at Valdosta State College is introducing a series of new courses which will lead to a minor in agricultural economics, according to Dean A. L. Addington. An introductory course in agricultural economics is to be taught in the Department of Marketing and Economics this fall by John Metz. This will cover basic economic principles as they apply to farm and agribusiness firms. Students will also be introduced to other fields of study in agricultural economics, said Metz. "Examples and problems appropriate to agriculture are used throughout the course," said Metz. "However, application can easily be transferred to nonagricultural fields."

## Liberty Ba denied cert

RICMOND, VA (AP) - In a "political" decision, the Virginia Board of Education has temporarily stopped Jerry Falwell's Liberty Baptist College from pursuing a plan to go out into classrooms to recruit students. The four-member board said Falwell's plan to send Liberty Baptist teachers to recruit students in public schools was "unethical and unbecoming." Falwell stated the Liberty Baptist teachers would be sent to recruit students in public schools in the Richmond area. He said the teachers would be sent to recruit students in public schools in the Richmond area. He said the teachers would be sent to recruit students in public schools in the Richmond area.

# Agribusiness courses offered

**NEWS BUREAU** -- The School of Business Administration at Valdosta State College is introducing a series of new courses which will lead to a minor in agricultural economics, according to Dean A. L. Addington.

An introductory course in agricultural economics is to be taught in the Department of Marketing and Economics this fall by John Metts. This will cover basic economic principles as they apply to farm and agribusiness firms. Students will also be introduced to other fields of study in agricultural economics, said Metts.

"Examples and problems appropriate to agriculture are used throughout the course," said Metts, "however, application can easily be transferred to nonagricultural fields. In

# Liberty Baptist grads denied certification

**RICHMOND, VA (CPS)** -- In "political" decision, the Virginia Board of Education has momentarily stopped teachers graduated from Rev. Jerry Falwell's Liberty Baptist College from pursuing a mission to "go out into classrooms and teach creationism."

The Sept. 24th decision not to certify teachers from Liberty Baptist, however, is not final, and could be overturned by a subcommittee of the same board.

Falwell started the controversy last spring when he announced on his Old Time Gospel Hour television show that education majors graduating from Liberty Baptist would teach biblical version of the origin of life to their own students.

The American Civil Liberties Union immediately sued to deny teaching certificates to those students, whose main purpose, the ACLU charged, was to teach fundamentalist Christian ideology in science classrooms.

The state board originally agreed with the ACLU, but Liberty Baptist appealed. Upon reconsideration last week, the board sent the matter back to the subcommittee that had earlier denied certification to Liberty Baptist grads.

"It was strictly political," says a National Education Association organizer who wished to remain anonymous because the NEA "doesn't have an official position on the case."

Falwell's connection to powerful conservative political committees was "certainly in the back of (board members') minds. Otherwise, why didn't they just tell Falwell to teach his people to teach, not pro-

later quarters, courses in economics of agricultural marketing, agricultural business analysis and land economics will be added.

"Each of these courses will be acceptable as electives for partial satisfaction of the requirements for a minor in agricultural economics," he said.

Both Dr. Hugh C. Bailey, VSC president and Dr. Addington expressed enthusiasm for the new course.

"We are in one of the richest agricultural areas of the state," said Dr. Bailey, "and many of our graduates will devote their lives to farming or farm related businesses. They need the expertise which can be obtained through an excellent minor in agricultural economics."

"I anticipate this will be very popular among our students," Addington sees the new minor as helping in job placement for graduates.

"Agricultural related firms are actively recruiting on our campus," he said, "and certainly a minor in this field would tend to strengthen the qualifications for our graduates. It would also be of great advantage for advanced work for transfer students from such schools as Abraham Baldwin Agricultural College."

A native of Miami, Fla., Metts holds a degree in agricultural economics from the University of Florida and a master's in business administration from Syracuse University. He has been at VSC since April, 1981 and is Director of Student Activities.

Baptist education majors learn all the relevant theories "in the same way it might be taught elsewhere."

Goldberg disagrees. "The two textbooks they use are creationist texts," she asserts. Besides, in the college's prospectus, one of the five stated goals of the department is to show the scientific basis for biblical creation. Creationism is not a science."

Weaver says "Pastor Falwell said he may have overstated his case" on the tv show, and adds "there is no voodoo or Christian methodology on campus."

In March, the Michigan State Board of Education resolved to oppose teaching creationism. In January, 1982, a federal court overturned an Arkansas law requiring public schools to teach creationism.

# Wait'll next year

I hate the St. Louis Cardinals. I hate Tom Lasorda. I never liked Howard Cosell in the first place.

I still love the Braves. Sure we lost the playoffs in three straight games. But who cares? Who would've thought we'd have made it that far in the first place?

I remember last year. I remember the year before. I can remember losing one-hundred plus games for years on end. I remember powerful outfielders including great names like Kin Henderson and Rowland Office. I remember sparkling shortstops like Marty Perez and Pat Rockett.

Sometimes I wake up at night in a cold sweat remembering Ken Henderson, Rowland Office, Pat Rockett, and Marty Perez.

Sure, it would have been nice if Horner hadn't gotten hurt and Murphy hadn't gone into a season end slump. Still, they had 70 homers between them and 216 rbi's. Ask the Mets if they'd like a couple of guys that could do that.

Ask anyone if they'd like a 43-year old pitcher who can still win 17 games.

And Bruce Benedict can outrun any pregnant lady in Los Angeles. He can even outrun someone like Tom Lasorda who just looks preg-

the visitation increase. While I don't know the truth of this rumor, I sincerely hope it is not true. After all, does anybody tell Dr. Bailey when he can entertain guests, and when he cannot?

I'm not speaking from self-interest, as I'm no longer a student. However, the new option for greater visitation should pass because it will allow all of you more freedom of choice when you vote on what visitation you have in the quarters to come. Remember it is always possible to limit visitation below the maximum imposed by the administration, but if the option fails, then you'll have all that work to do over again, i.e., the petitions to the SGA, and the haggling with the administration.

Please vote for the new maximum visitation option. Those of you who want less visitation may have it after the option passes and becomes established. Personally, I feel that any "maximum" visitation policy, unless it be for twenty-four

## GHP has "super Summer" at VSC

**NEWS BUREAU**-Marcia Hallford, Director of Governor's Honors Program at Valdosta State College, calls it a "super summer."

She and her staff of 60 are packing their file boxes and making out reports on the GHP Summer of 1982, south component, and scattering throughout the state to their regular jobs or schools.

The 400 students said tearful goodbyes to teachers and classmates on Saturday. There'll never be another sum-

mer just like this one because a gifted student is only chosen one time to attend either the north component at Dalton or the south component at VSC where 200 are enrolled or VSC where 400 participate in the south component of the GHP.

The director, who has been associated with GHP since 1967, was on the VSC campus this year for the first time. She teaches in the Habersham County school system and is a native of Demorest in the foothills of the north Georgia

mountains. She found the south Georgia terrain quite different.

"It's most interesting, but quite a change," she said. "But the people here and in the community have been most generous in welcoming us and in being interested in our program and its goals."

As for the students involved in GHP, she said the selection committee couldn't have done a better job.

"They're a capable group, a responsible group and a re-

sponsive group. They've met the challenges of the instructors and I think it's been an extremely successful summer," she said.

"Our long range goal in having this program for gifted high school students is to help develop their potential and I hope some of this will remain with them throughout life. The students we've had have a very high talent level and we hate to say goodbye to them. But next year will bring a new group. It's very exciting to work with students of this type."

GHP students have also involved people of the community who came to hear their concerts, see their dance recitals and art shows and applaud their drama presentations.

"And," said Miss Hallford, "we appreciate all the people in the area and their understanding of what are our goals and the pace of our program."

She's heading for the highest mountain top she can find, she said, to relax for about 10 days before she takes up her duties with the gifted program in the public schools of Habersham.

### Discussion set

**News Bureau** - The department of Educational Administration and Supervision at Valdosta State College is to hold an Advisory Council meeting at the Education Center on October 15 (Friday), according to Dr. Virginia Wylie, acting head of the department.

School administrators from about 40 countries and VSC faculty members are to discuss program developments and mutual concerns for the 1982-83 school year, including college preparation programs and field services, said Wylie.

The meeting is set for 10am and is to be followed by a luncheon in the VSC dining hall.

## Help in choosing

"How To Choose A Major" - the VSC Counseling Center is offering a group for students wanting assistance in choosing a major. The group will meet on Tuesday afternoons from 4:00pm - 5:30pm beginning October 19 and ending November 23. This group provides opportunities for general discussion of individual concerns, interest testing, career exploration, values clarification and career choice, and much more. For additional information or to sign up - please call Debra Welch at the VSC Counseling Center, 247-3303.

# Offense struggles as VSC loses 27-0

By MITCH CLARKE Sports Editor

The usually reliable Blazer offense struggled with inconsistency Saturday night in Cleveland, Miss., as VSC lost its second game of the season 27-0 to an improved Delta State team.

Like the previous week, the Blazers bungled several scoring opportunities as the run-and-shoot offense misfired time and again.

Late in the third quarter, Valdosta State game as close to scoring as they would all night. With Delta State leading only 13-0 the Blazers drove 61 yards and had a first-and-goal situation from the four. But on four straight running plays, Curt Garrett was denied the endzone.

More importantly, the defense, which played well at times, then allowed the State-men to drive 98 yards in seven plays to take a 20-0 lead.

Other scoring opportunities ended with two missed field goals by Brad Bauer. Both exceeded 40-yards. VSC's defense had several big plays. They stopped Delta State on downs at the Blazer 35 in the first quarter and at the Blazer 3 in the fourth.

The defenders, however, did allow the 98-yard drive, plus an 80-yard, 6 play drive which took only 45 seconds. The score, late in the second quarter, gave Delta State a 10-0 halftime lead.

DSU scored during each quarter. The first, a 20-yard field goal came in with 10:40 left in

the quarter. A 12-yard pass from Scott Butler to Randy Cochran capped the 6-play, 80-yard drive. A 22-yard field goal in the third quarter gave Delta State a 13-0 lead. A 49-yard run by Manuel Grays and an 8-yard run by Ronnie Parker rounded out the Statesmen scoring.

VSC falls to 2-2-1 (1-2 in the conference) and continues the three-week road trip in Jacksonville, Alabama. The Gamecocks, defending GSC Champs and current league leaders, are 4-0 this season overall and 2-0 in the conference. JSU has a potent passing attack led by senior All-American Ed Lett. Lett holds virtually every passing record in the conference.

Kickoff is set for 7:00p.m. (CDT) at Paul Snow Memorial Stadium in Jacksonville.

Blazers begin run to victory

# VSC takes Blazer Classic

By VIRGINIA WILLIAMS

The Valdosta State College men's and women's Cross Country teams ran away with the Blazer Classic title this past Saturday (OCT 9) morning.

The Blazer women's team triumphed over Albany State college in the 3 mile race with all five finishers in the top ten.

First place finisher, Lady Blazer Christi Patten had a time of 18:39; followed in second place by teammate Diane Revering with a time of 18:48. Edwina Wicker was the third Lady Blazer to finish with a time of 20:22. VSC's Karlynn Lastinger with a time of 21:29, finished eighth overall, and Virginia Williams with a time of 21:39 finished ninth. This rounded out the scoring with the Lady Blazer's on top with a low 20 points, leaving Albany State second with 28 points.

The VSC men's team took all the glory with an outstanding first place finish with 24 team points. This was less

than half the score of the nearest competitors, Flagler College of St. Augustine, FL and Albany State College who tied for second, each with 55 team points. Georgia Southern was fourth with 122 points and Mercer University last with 123 points. Blazer's Adam Pinkston and Craig Barnes tied for first place with an impressive time of 26:07 for the 5 mile course. Dave Walsh and Ralph Moore were the next Blazer's to finish with times of 26:43 and 26:59 respectively. The next VSC points were scored by Greg Thompson with a time of 27:07. Jose Navarro finished close behind with a time of 27:19, followed by Doug Fussell with a finishing time of 28:28.

The VSC Cross Country teams and coach, Dr. J. J. Whitesell, expressed their thanks to the sisters of Phi Mu Sorority, for their great help in the hosting of the 1982 Blazer Classic.

VSC's men's team record stands at 18-0 and the women's record is 8-2.

# Fall baseball starts

By MITCH CLARKE

Valdosta State's baseball team begins its fall schedule this Saturday with games against South Georgia and A-BAC.

This, however, differs from a regular baseball season. According to head coach Tommy Thomas, the season has been developed to allow the coaches and players to evaluate themselves. No one's batting average will be affected. "It's all

practice. Nothing counts." Thomas also added that fall baseball practice is universal to college programs.

Again this year, the coaches will be looking for big things from Wayne Fugett who led VSC in home-runs and runs batted in a year ago, and from Rob Busch, who had the highest batting average last year.

Jeff Agerter and Rick Napoli lead the pitching staff. Last season, Agerter had a VSC

record 13 wins. Napoli was close behind with 12 wins. If trouble develops, reliever Mike Jones is also returning.

Michael White was recruited from Coffee Co. High School to help the pitching staff. White was one reason Coffee Co. won the 1981 AAAA Baseball Championship.

VSC coaches are also hoping that Charlie Moore, a transfer from Florida College, will help fill the void at shortstop.

"One reason we didn't go all the way was lack of consistency at shortstop," said Thomas.

Saturday's games start at 11:00a.m.; Sunday's games will get underway at 1:00p.m.

# Former Sports Editor comes back 'home'

By BRIAN BICKETT

What's next after The Spectator? What does one do? Where does one go? For one former sports editor, Steve Corrigan, is doing about the same and going was not too far.

A native of Blackshear GA Steve came to VSC, did his time and left with two things under his belt-a degree in History and the position of Sports Editor of The Spectator.

From Valdosta, Steve went to the University of Georgia and got a second degree, this one in Journalism. While at UGA Steve served as the Assistant Sports Editor of Georgia's independent paper The Red and Black. There he was exposed

to market competitiveness Like the local papers and the Atlanta Journal Constitution The Red and Black survived off local advertising.

Steve's direction after Athens eventually led him right back to Valdosta. Presently, Steve is a sports reporter for the Valdosta Daily Times "I've been here three months and I really enjoy it. I knew this is what I wanted to do."

Concerning the introduction of division football this year at VSC Corrigan admitted he was originally against the idea, but praised Coach Goodman for doing "a hell of a job" bringing the Blazers to a 2-2-1 record.

# BAC Athletic Shorts

Richie Brannon has become the first draft choice in this year's Blazer Athletic Conference football program. Obtained by the Southwest Patterson Indians through the pick of Athletic Director Frank Shea, Brannon will play offensive tailback and defensive noseguard.

Brannon, a resident of Dunwoody Georgia, has played organized football since the eighth grade and was a member of Crestwood High Championship team. Brannon came to VSC with intentions of playing Blazer football and did play spring ball until a head injury forced him out.

"I was flattered. I didn't realize it was such a big deal." Brannon and the Indians play their second game of the season today at 3:30.

The first week of B.A.C. football '82 will go down as one that supplied practically every aspect of the game. High scores, close games, player injuries, sunny skies and wet fields highlighted the first exciting week of pigskin play.

In the first game of the season Delta Chi defeated their pledge team, the Delta Flyers, 17 to 0. The men in uniform, ROTC, scored in the final minutes to defeat the Central Brown "civilians" 14 to 7 in a rain laced game. Fraternity action saw KA skunk their pledge team 13 to 0 and SEA losing by 6 to the high rated independent Steelers.

Upsets and expectations were also prevalent in the B.A.C.'s first week. Upset honors went to Brown East who edged out the

Independent League's Gamecocks 7 to 6. Teams rated in the B.A.C.'s Top Five preseason teams were winners as Wesley tallied 12 points to TKE's 8 and Circle-K shut out Brown West 9 to 0.

The fullbacks are off and running as BAC football is now enjoying its second week. Games are played Monday through Thursday at 3:30 and 4:30 at the old soccer fields behind the cemetery. So for free flag flying football fun come watch and cheer on your team and have a ball!

Athletic Director Jeff Eubank announced that Northeast Patterson is dropping out of the BAC football program effective immediately.

Unlike the University of San Francisco's basketball program the Patriots were not under any BAC investigation. Eubank simply noted because of personnel and attendance problems Northeast Patterson will place its emphasis on basketball and softball. The Patterson unit however did not rule out the possibility of future pigskin teams.

As the new season begins, we can all look forward to an exciting and competitive volleyball schedule. With the addition of the 3-day clinic, all the participants were able to learn the basic techniques needed for a successful team. This is of course, new this year

and it was accepted with much enthusiasm and hopefully it will continue as part of the intramural program.

Taking a look at the teams this year, one can see that there will be many in the battle for the championship. Last year was dominated by only a couple of teams, but this season should be different. With the discontinuation of the VSC volleyball team, various sorority and independent teams will benefit by the previous experience of these players.

This year's intramural volleyball program should prove to be better than ever. We should all be thankful to the people who show their support and most importantly to the great deal of time and effort afforded by Ms. Phillips and her officials.

The Spectator Staff would like to wish all the players good luck and urge everyone else to go out and cheer your team on.

# Valdosta's own Death Valley

By JOHN GRIFFIN

Cleveland Field has traditionally been known as "Death Valley" because few visiting football teams come out of there with a victory.

"Death Valley" has a seating capacity of 11,738 people and it provides a fine arena for Valdosta State's Blazers.

Attendance for VSC's home opener against Troy State was about 9,300. For the Central Florida game it was about 9,500. Eighty percent attendance is not bad considering that the Blazer football team is playing its first season. However, eighty percent attendance can and should be improved considering the 100 percent efforts of the Blazers and the 100 percent home game victory percentage.

Some students may not be aware that admission to the home games is free to those who simply show their VSC ID at the northwest gate of Cleveland Field.

Tickets are not required for VSC student entry. Closet students who have passed up the opportunity to attend a Blazer home game should make an effort to get out and help support the team.

Next time there's a Blazer home football game, visit Death Valley....It's just a shout away!

# Rugby anyone?

The Valdosta Rugby Club, a newly formed organization, invites all interested participants to tryout for the team.

The rugby team is preparing for their spring season which begins in February. A tentative schedule has been planned to include such opponents as Brunswick Rugby Club, Troy State University, and Georgia Southern.

All persons interested in playing rugby or learning about the sport are encouraged to attend the practice sessions at 5:30pm on Tuesday's and Thursday's on Vallotton Field behind the Valdosta Lanes Bowling Alley.

For further information regarding the Valdosta Rugby Club, contact Wolf Manz at 247-8292.

Intramural Football began the fall season this past week.

# Blazers on top again

By JOHN CLARKE

Members of the Valdosta State Blazers offense continued their dominance in the 1982 season by scoring 27 points in the 27-0 victory over the Delta Flyers last week.

The Blazers offense was led by quarterback Wolf Manz who completed 12 of 19 passes for 187 yards and three touchdowns.

Manz was joined by running back Steve Smith who carried the ball 14 times for 108 yards and two touchdowns.

The Blazers defense was led by defensive end Steve Smith who recorded a career-high 12 tackles and a sack.

The Blazers will play their next home game against Troy State on Saturday at 3:30pm.

For more information on the Blazers, contact Wolf Manz at 247-8292.

The Blazers are currently ranked 11th in the conference and 11th in the nation.

The Blazers will play their final home game against Delta State on Saturday at 3:30pm.

The Blazers will play their final game of the season against Jacksonville State on Saturday at 3:30pm.

# Blazers on top again

By MITCH CLARKE

Members of the Valdosta State Blazers offense continue to lead Gulf South Conference statistics. (The statistics do not include the 27-0 defeat at the hands of Delta State last Saturday.)

Senior QB James Owens leads the conference in passing offense. Owens has completed 65 of 124 passes for 958 yards and 6 touchdowns. Saturday at Delta State, Owens completed 16 of 37 passes for 155 yards, but was sacked 3 times.

Owens is also second in total offense to Jacksonville State All-American Ed Lett. Owens is averaging 227.8 yards per game.

Sophomore WR Carl Armstrong leads the GSC in pass receiving with 29 catches for 507 yards and 3 touchdowns. Against Delta State, Armstrong struggled catching only 4 passes for 71 yards. His nearest competitor, Rusty Fuller, of Jacksonville State has 13 passes for 177 yards.

VSC's Curt Garrett has moved to fourth on the pass receiving list. He has 11 passes for 68 yards. (Armstrong caught 4 passes for 25 yards on Saturday.)

Punter Brad Bauer is listed third in punts averaging 39.4 yards per punt.

Blazer Jimmy Francis has returned 17 punts for 122 yards.

## Dooley cheers for Blazers

**NEWS BUREAU** -- Denise Dooley of Athens is packing all her red and black clothes to begin her college freshman year but she won't be cheering for "Them Dogs" at the University of Georgia where her father, Vince Dooley, is coach of the famous pack. She's heading for Valdosta State College and she'll be a cheerleader for the Blazers in their first season.

Leading cheers won't be new to the 18-year-old Clarke Central High School graduate. She was a cheerleader and on the tennis team for four years in high school and she's looking forward to doing both at VSC.

"I'll be traveling with the team this year," she said, flashing a smile, "and that's something I couldn't do with the University of Georgia team. Daddy wouldn't let our family fly with the team because he didn't allow any of

the other coaches' families to fly with them."

She can't remember seeing her first football game but she remembers she was 12 when she attended her first bowl game. She knew when she applied for admission that VSC would have its first football team this fall.

She's not exactly breaking tradition by coming to Valdosta State, although her brother Daniel and sister Deanna are both students at UGA. Deanna first attended North Georgia College and a younger brother, Derek, is just starting high school this fall.

Why did she choose VSC?

"I wanted a small school and when I came down to look over VSC last winter, I knew this was it. I loved it at first sight and I'm really excited about it," she answered, "I haven't had a chance to play much tennis this summer and that's something I want to do in Valdosta."

## Drinking worries college officials

By DAVID GAEDE

[CPS] -- According to the new signs posted around the stadium, there won't be any more drinking at University of Alabama football games this year. Campus police and local law enforcement officials have geared up to watch fans for telltale signs of carrying booze to the game.

At Notre Dame, there's another tough new drinking policy. Starting this fall, students can no longer bring alcohol onto university property.

Indiana University is going even farther. University officials are making unannounced "spot checks" for alcohol at the public areas of campus dorms and fraternity houses to enforce a new no-booze-on-campus rule.

Colleges and universities around the country this fall are imposing tough new drinking policies, and are creating new means of making the policies stick.

Students who run afoul of the new rules typically face disciplinary actions escalating from reprimands to suspensions, with mandatory attendance at alcohol education classes. Schools are tougher: Notre Dame's caught violating the school drinking policy are liable for a \$100 minimum fine.

Not all students are happy about it. Indiana's student government is inviting student complaints against the "raids," worrying about students' privacy rights.

But the new wave of anti-drinking policies has yet to evoke much student response one way or the other.

The administrators' abrupt fever follows drinking law changes in dozens of states over the last three years.

Spurred by grassroots groups such as Mothers Against Drunk Drivers (MADD) and increasing pressure from New Right coalitions such as Jerry Falwell's Moral Majority, state legislators around the country have enacted stiffer laws against drunk drivers, raised the minimum drinking ages and increased pressure on liquor stores and bars not to sell alcohol to individuals who are under-age or already intoxicated.

And now colleges, too, are responding to what they call "an increased public awareness of alcohol abuse and demands for stricter controls."

"There's definitely a greater level of concern throughout the higher education community to address (alcohol) problems," observes Dr. Gerardo Gonzalez, president of Boost Alcohol Consciousness Con-

cerning the Health of University Students (BACCHUS), and director of the Campus Alcohol Information Center at the University of Florida.

"There's no question we have a big problem," Gonzalez says. "About 90 percent of all college students drink, and we know from studies that 15 to 20 percent are problem drinkers."

He defines a problem drinker as "any student whose use of alcohol results in frequent negative consequences to themselves or to others."

Although the number of students with alcohol problems appears to have peaked in the last few years, Gonzalez says, "it has stabilized at a drastically high level."

Twenty years ago, he points out, only 70 percent of the college students were alcohol drinkers, and only six percent were classified as problem drinkers.

Along with public pressure and awareness, college officials say such statistics have finally prompted them to adopt a "get tough" attitude towards students drinking.

The University of Arizona has cracked down on student party-goers too, warning them that it is illegal to transport or consume alcohol in university vehicles. When student government officials were recently caught with 20 cases of beer in a university-owned station wagon, UA Garage Manager James Kittmars called the action "intolerable," and issued a severe warning to the perpetrators.

St. Bonaventure has joined 80 other New York colleges which are reevaluating their alcohol policies in light of a state-wide crackdown on drinking, which included raising the drinking age from

18 to 19.

In addition to banning booze at football games, the University of Alabama will try to curtail all drinking at outdoor parties and concerts, says spokesman Mike Ellis.

"Alcohol is a problem on any campus," says Notre Dame Health Services Director Peggy Cronin. "The whole pressure thing at a competitive university like Notre Dame multiplies the possibility of alcohol abuse. We're asking ourselves 'What can we do about alcohol abuse?' We don't expect everyone to stop drinking, but we do want each student to find out if drinking is for him, and if so how much."

"We've consulted and we've talked and we've listened to students, and yet we never got a real program developed," says Michael Schardein, assistant dean of students at Indiana University. "As soon as the university started backing off and saying to the students 'You can take responsibility for the problem,' we found that the students backed off too."

"We aren't foolish enough to believe that Indiana University students aren't going to touch a drop of alcohol for the four years they're here," Schardein admits. "But in terms of vandalism, students flunking out, and several tragedies a year of people coming home drunk from parties, we think it (the new policy) will make a difference."

Still, alcohol experts like Gonzalez stress that students must be involved in the alcohol programs.

"If you don't have the student involvement and support," he adds, "I don't care how good your policy is, it won't work."

# Entertainment

## November 26 performances planned by 'The Who'

By LIZ HYMAN  
"I don't want to just fizzle  
out," says Roger Daltrey, in a  
recent "Rolling Stone" inter-  
view. "The gesture of a last  
tour is a good, positive thing."  
If we don't say this is our last  
one, in two years' time people  
are going to say, 'What hap-  
pened to the Who?' Whereas  
this way it'll be, 'Oh yeah,  
they packed up.'"  
The First Farewell Tour of  
THE WHO began in Largo,  
Maryland, on September 21.  
The 18,672 seat auditorium  
sold out within 90 minutes.  
But that's usual for THE WHO  
it is expected that the first leg  
of the tour, which is 20 shows  
in 16 cities, will be experi-

enced by over 1 million people,  
and will gross as much as \$15  
million on ticket sales alone.  
Contrary to popular belief,  
THE WHO are not break-  
ing up. Their current contract calls  
for one more studio album.  
They are, however, ending  
their touring career.

My generation, although not  
being that of the members in  
THE WHO, is captivated by  
the magic in their music. This  
is illustrated by the fact that  
hundreds of fans wait in end-  
less lines for, in some cases, a  
single ticket.

Kurt Loder, a rock-writer for  
"Rolling Stone," reviewed  
THE WHO's September 22nd

show. "The band was tight  
and powerful, the sound crys-  
tal clear, and Townshend-

milling and bunny hopping  
across the stage-played beauti-  
fully, and often brilliantly, thro  
throughout." The guitarist is

Peter Townshend; singer, Ro-  
ger Daltrey; bassist, John En-  
twistle; drummer, Kenny  
Jones; and auxiliary keyboard-

ist is Tim Gorman. The show  
is approximately 2 hours long,  
and consists of 22 songs. On  
two, "Dangerous," and "It's  
Hard," Roger Daltrey plays  
rhythm guitar.

THE WHO's stage set is very  
simple. Designed by Ian  
Knight and Larry Hitchcock,

the outdoor shows set spells  
out the bands name in 40 feet  
high letters. For indoor shows  
they have only a good lighting

rig. The sound systems con-  
sist of 110,000 watt main PA  
for outdoor concerts, and a

41,000 watt system that hangs  
over the sides of the stage for  
indoor concerts, both shows  
will use 15,000 watt monitors.

The entire tour is being under-  
written by Schlitz beer.

THE WHO have plans for at  
least 3 video projects. The  
first being that of a home

video; the second, a cable  
television concert; and lastly, a  
concert videotaped expressly  
for commercial television.

During the Capital Centre  
concert, "Townshend busted  
an E string, ripped off his  
guitar and, wielding it like a  
hatchet, sliced the microphone  
in front of him off of its stand.  
The crowd sounded like it  
could have kept on cheering all  
night long," reported Loder.

You know after all this time  
the kids are still alright, but its  
hard!

THE WHO will be performing  
at the omni in Atlanta, Georgia  
on November 26. They will  
also be appearing in the Tan-  
gerine Bowl, Orlando, Florida  
on November 26. Opening for  
THE WHO in Orlando will be  
Joan Jett and the B-52's.  
Tickets are \$16.50.

**Popcorn and cider at the Bailey's**

By BRIAN BICKETT  
The Bailey's Popcorn and Cider Party is slated for this Thursday night and Mrs. Bailey wants "...everybody to come."  
The Popcorn/Cider party will be held on the lawn of President Bailey's home located 222 Georgia Avenue (right across from Langdale Hall).  
VSC's Jazz Ensemble will provide the entertainment for the hour and a half event scheduled to begin at 6:30p.m. The KA Fraternity will be assisting with the party.  
Mrs. Bailey informed The Spectator the house will be open for those wishing a tour, but the affair will be cancelled if there is rain.

# Showtime 82-83 for VSC

**NEWS BUREAU** -- It's showtime at Valdosta State College Theatre. Season tickets are on sale for the 1982-83 theatre season by the VSC Department of Communication Arts, according to Dr. Randy Wheeler, theatre director. "We have something for everyone in our new season,"

said Wheeler. "We are offering eight plays, including a classic drama, a psychological thriller and a Broadway musical. In addition to the main-stage presentations, we have a musical comedy for children, a reader's theatre production and three lab theatre productions." Theatre productions for the

new season are: "Hedda Gabler," Oct. 20-23, 27-30; "Tribute," Nov. 17-30; "Night Must Fall," Feb. 16-19, 23-26; "Feiffer's People," Feb. 9-12; "Kiddlewinks!," March 11-12; "Carousel," May 12-14, 19-21; "The American Dream," April 13-16, and "Royal Gambit," May 25-28.

Because many people were disappointed last year at not being able to get a seat, Wheeler advises purchasing season tickets now rather than waiting to buy tickets at the door. "The Lab Theatre has very limited seating," he said, "and we turned away people at every show there last season. If you have a season ticket, you are guaranteed a seat."

Price of a season ticket is \$16 for eight admissions. Designed for flexible use, a ticket enables the holder to see each of the eight productions or admission can be grouped around one or several performances as the holder de-

sires. For example, if a season ticket holder would like to use the ticket for only two or three plays and take guests to use up the rest of the eight admissions, this is acceptable. "Our plan offers the season ticket holder maximum flexibility and 50 percent savings over the price of individual tickets, which are \$4 for adults," said Wheeler. "We have a new computerized ticket service which enables us to keep up with admissions with no problems this year," he added. Checks may be mailed to VSC Theatre, School of the Arts, Valdosta State College. For more information, call 241-3520.

By REGINA FLOYD

Radio started out in the early 1920's with its programming being mainly news and brief intervals of comedy. Radio has changed tremendously over the past sixty years and it now rates as a means of information and also top musical entertainment. WVVS-FM is no exception to this and provides something for everyone from Contemporary Christian music lovers to New Wave and punk Rock lovers.

On Sundays, WVVS begins the day at 7am with

Cornerstone, a contemporary Christian Music show and at 10am moves on to the classical favorites with **Insight to the Classics**. At 8pm on Sundays, the top twenty LP's are reviewed from number twenty all the way to number one. At 9:30pm, **Radio Free America**, a syndicated show with music and news segments of today's Progressive Artists. Live Concerts from headlining Progressive Acts begin at 10pm and run for one hour.

Monday through Friday, beginning at 7am, WVVS offers

an alternative morning show with news, sports, weather, and music. **High Noon**, one hour of classic rock, begins at 12 noon.

Monday through Thursday a request show is featured from 3 to 5pm. At 10pm a feature album is selected for broadcast and at 12:30am, **Midnight Muchie** presents one side of an album for enjoyment.

On Tuesdays from 8pm - 10pm, the **Essence of Jazz** is broadcasted for all Jazz lovers.

If Country music is your style then listen on

Wednesday's from 7pm until 9pm for **Country Cookin'**.

On Thursday's from 7pm - 10pm three songs will be played back to back by each artist.

On Friday's from 7pm to 12 midnight, the **Telequest Show** is presented. This is a five hour version of the Request show. From midnight until 1am, New Wave and Punk rock dominates the air waves.

On Saturday's, WVVS broadcasts **Soulful Sounds** from 7am 'til 12 noon.

WVVS also has "The Concert Line" which is a thirty second show informing listeners of upcoming area concerts.

Information on when and where the concert will be held and how to obtain tickets will be given.

WVVS is a student owned and operated station and is located upstairs in the college Union.

## VSC Jazz Ensemble attends festival Oct. 9

By REGINA FLOYD

The Valdosta State College Jazz Ensemble participated in the 3rd annual "Mayport And All That Jazz" Jazz Festival held in Jacksonville, FL last Saturday October 9. The "Mayport And All That Jazz" festival is "America's largest one-day free jazz festival". Approximately 120 musicians from all over the world were featured.

rhythm section. The instruments include the saxophone, trumpet, and trombone. They play well-known arrangements written for famous-name performers so all their material is easily recognized. Solist are featured in various shows.

VSC Jazz Ensemble members are, saxophones: Don Zenta, Reid Bennett, Graham Crosby, Randy Hunter and

John Robinson. Trombones include Victor Wade, Alan Carter, Dennis Rice, Paul Watson and Charlie Consens. Also on the trumpets are Bill McIntosh, Ken Trimmings, Mike Rainey and Ashley Williams. The rhythm section includes Barry Best, Steve Partin, Al Magallano, Greg Stewart, Marc Johnson and Chris Hart.

The VSC Jazz Ensemble was the only non-professional performance at the festival. Willie Thomas was featured on the trumpet. "Approximately 110,000 people attended the festival which lasted 13 hours for a total of 13 shows.

The festival featured such well-known musicians as Belly Taylor, Dizzy Gillespie, George Shearing, Della Reese and Maynard Ferguson.

The VSC Jazz Ensemble has a standard big band format with 20 members and a

# Two new courses bring new minor to VSC

**NEWS BUREAU**--Two new courses in Intercultural-International Studies will inaugurate a minor in that academic area at Valdosta State College.

fall quarter, according to Dr. William M. Gabard, director of the Office of International Studies at Valdosta State College.

"The new courses are the result of an eight-year program of international studies at VSC which was the first institution in the state to have such an office," said Gabard. "We

feel that with the increasing importance of Georgia as an international state it is imperative for college students to have a world view and focus upon topics of international importance," he continued.

A topics course, entitled "The United States and Its Neighbors, North and South: Canada and Mexico," will be offered in the fall quarter as Intercultural/International Studies 317/517 and will carry two quarter hours of credit.

"This course will be taught by Dr. Dale Peeples of the history department, a diplomatic historian, and will introduce a new format designed to appeal to in-service teachers and the residents of the community, as well as the local college population," Gabard indicated.

A directed reading list will be given to course registrants to gain background for a three-day seminar to be offered Oct. 26, 27, and 28. The seminar will feature a number of outstanding speakers, including a Canadian expert, a Mexican expert, and a high-ranking official with the U.S. State Department. Following completion of the seminar, students will write a critique of various issues involved in the topic covered.

Gabard also noted that IIS 309-509, "Introduction to Intercultural/International Studies," would be offered fall quarter. This course is designed to study and compare various cultures, their intrinsic worth and value systems, and the importance of these in

shaping empathy and concern for and understanding of other people's religious, philosophical, economic, political, and social bases.

Gabard will teach the introductory course which will be offered on Mondays through Thursdays at 6th period, 2:15-3:25p.m. during fall quarter.

Inquiries regarding these courses should be directed to the Department of International Studies at Valdosta State College: (912) 247-3522.

## Planetarium Programs Open to Public

**NEWS BUREAU**-- Valdosta State College again is offering six planetarium programs to the public at no charge during the 1982-83 academic year.

Dr. William Maddox, coordinator of the Observatory and Planetarium at VSC, said all shows are scheduled for 8 p.m. in the planetarium, Nevins hall.

"Our seating capacity is limited to about 80," said Maddox "and those attending should be in their seats before

eight o'clock because the lights are turned off promptly at eight."

"I would like to remind civic, community and other organizations that they can schedule a planetarium show for their group at a time of their convenience through the office of College Relations."

The first program scheduled for Oct. 14 (Thursday) is entitled "The Depth of Space and Constellations."

"This is a general show in two parts," said Maddox.

"The first part is all about stars, planets and galaxies which will take about 30 minutes. The last part is a 15-minute show on the constellations in the western part of the sky that night - Oct. 14."

Other programs scheduled are Nov. 11, "Mysteries of Mars," Part I; Jan. 13, "Mysteries of Mars," Part II; Feb. 10, "Our Restless Earth;" April 14, "Our Progression Through The Solar System," and May 12, "Life in the Universe."

## Phillips Publishes Second Book

**NEWS BUREAU**-- Dr. Don E. Phillips, assistant professor of communication arts at Valdosta State College, has recently had his second book published.

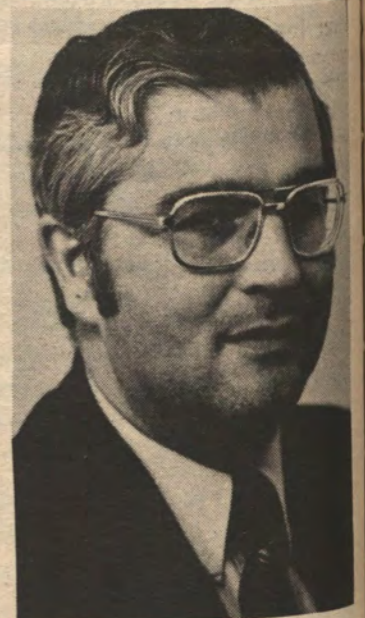

Entitled "Karl Barth's Philosophy of Communication," it was published by Georg Olms Verlag, an international academic press in West Germany.

"Karl Barth (1886-1968) was one of the most influential theologians in the 20th century," said Phillips. "The book deals with the thoughts of this Swiss-German Protestant theologian and the study of his philosophy of communication."

Phillips is also the author of "Student Protest, 1960-69: An Analysis of Issues and Speeches," published in paper back and hardback. It sold out the first edition and a second revised edition, which is to include the events at Kent State, is scheduled for publication in 1983.

A native of Fort Smith, Ark., Phillips was educated at the University of Arkansas and Baylor University. He earned a Ph.D. from the University of Oklahoma and is a member of several professional and honorary organizations.

Dr. Phillips is also pastor of Concord Baptist Church at Greenville, Fla.

Dr. Don E. Phillips

## VSC Students Receive Scholarships

**NEWS BUREAU**-- Thomas K. Leggett of Valdosta has been awarded the W. Taylor Sumnerford Scholarship for the

1982-83 academic year at Valdosta State College, according to Tommy A. Moore, Director of Financial Aid at VSC.

Leggett is a senior biology and chemistry major.

**NEWS BUREAU**-- Patricia Ann McCarthy of Millwood, GA is the recipient of the Virginia McCraw Gaskins Scholarship for the 1983-83 academic year, according to Tommy A. Moore, Director of Financial Aid at Valdosta State College.

This is an academic scholarship with preference given to students majoring in nursing or health-science related fields.

**NEWS BUREAU**-- Wanda Caye Ford of Donalsonville has been awarded the Roy L. (Butch) Pierce Scholarship for the 1982-83 academic year at Valdosta State College, according to Tommy A. Moore, director of Financial Aid at VSC.

Funds for the scholarship are provided from a trust fund established in memory of the late Roy L. (Butch) Pierce of Seminole County. Preference for this scholarship is given to residents of Seminole County and surrounding counties.

**NEWS BUREAU**-- Cheryle Chandler and Joan Sapp, both of Live Oak, Fla., have been awarded James D. Walker Scholarships for the academic year 1982-83 at Valdosta State College, according to Tommy A. Moore, Director of Financial Aid at VSC.

The scholarships are in honor of James D. Walker, son of Mrs. Andrew Walker of Live Oak and the late Mr. Walker. Preference is given to residents of Suwannee County, Fla.

Ms. Chandler is a speech major and Ms. Sapp is a junior, majoring in early childhood education.

# Two new students receive Whitehead Scholarship

NEWS BUREAU -- Ten students have been named Whitehead Scholars at Valdosta State College, according to Dr. Willa F. Valencia, chairman of the Whitehead Scholarship advisory committee. Eight of the awards are renewals. Recipients of the new awards are James Earl (Jamie) Morgan, son of Mr. and Mrs.

James E. Morgan and Cynthia Ann Trautmann, daughter of Dr. and Mrs. Robert Trautmann. Morgan graduated from Lowndes High School with a 95.47 grade point average. Miss Trautmann is a graduate of Valdosta High School with a 91.79 grade point average. Whitehead Scholarship re-

newals were awarded to Tammy Denise Crosby, Pavo; John Stephen Furey, Valdosta; Richard A. Green, Montrose; Russell S. Howard, Callahan, Fla.; Andrea Ruth Johnson, Nicholls; Linda S. Purvis, Douglas; Dawn Watson, Valdosta, and Kimberly Dianne Wetherington, Brunswick. The scholarships were made

possible by a bequest from the estates of the late Mr. and Mrs. R.B. Whitehead of Valdosta and pay full in-state tuition. New scholarships were awarded on the basis of academic average and academic standing in the candidate's high school or junior college graduating class, Scholastic Aptitude Test (SAT) scores and original essays, according

to Dr. Valencia. To qualify for renewal of the award, a Whitehead scholar must maintain an academic average of at least 3.25 on a 4.0 scale. Established in 1975, the Whitehead Scholarships are the realization of a dream for VSC to offer scholarships based solely on academic promise.

## ROTC changes

The 1982-83 edition of ROTC features many new faces and changes at Valdosta State. The corps is the largest in VSC history with over 180 cadets enrolled.

The officer's staff gained two new officers during the summer months.

Lt. Col. John Kish has taken command of Detachment 172. He volunteered for the position after the retirement of former commander Lt. Col. Mary Abbott. Lt. Col. Kish will also serve as the instructor to the sophomore cadets in the Aerospace 200 class series.

Captain Chester Fowler has also joined the staff. Capt. Fowler will serve as an instructor to the juniors and seniors in their classroom work.

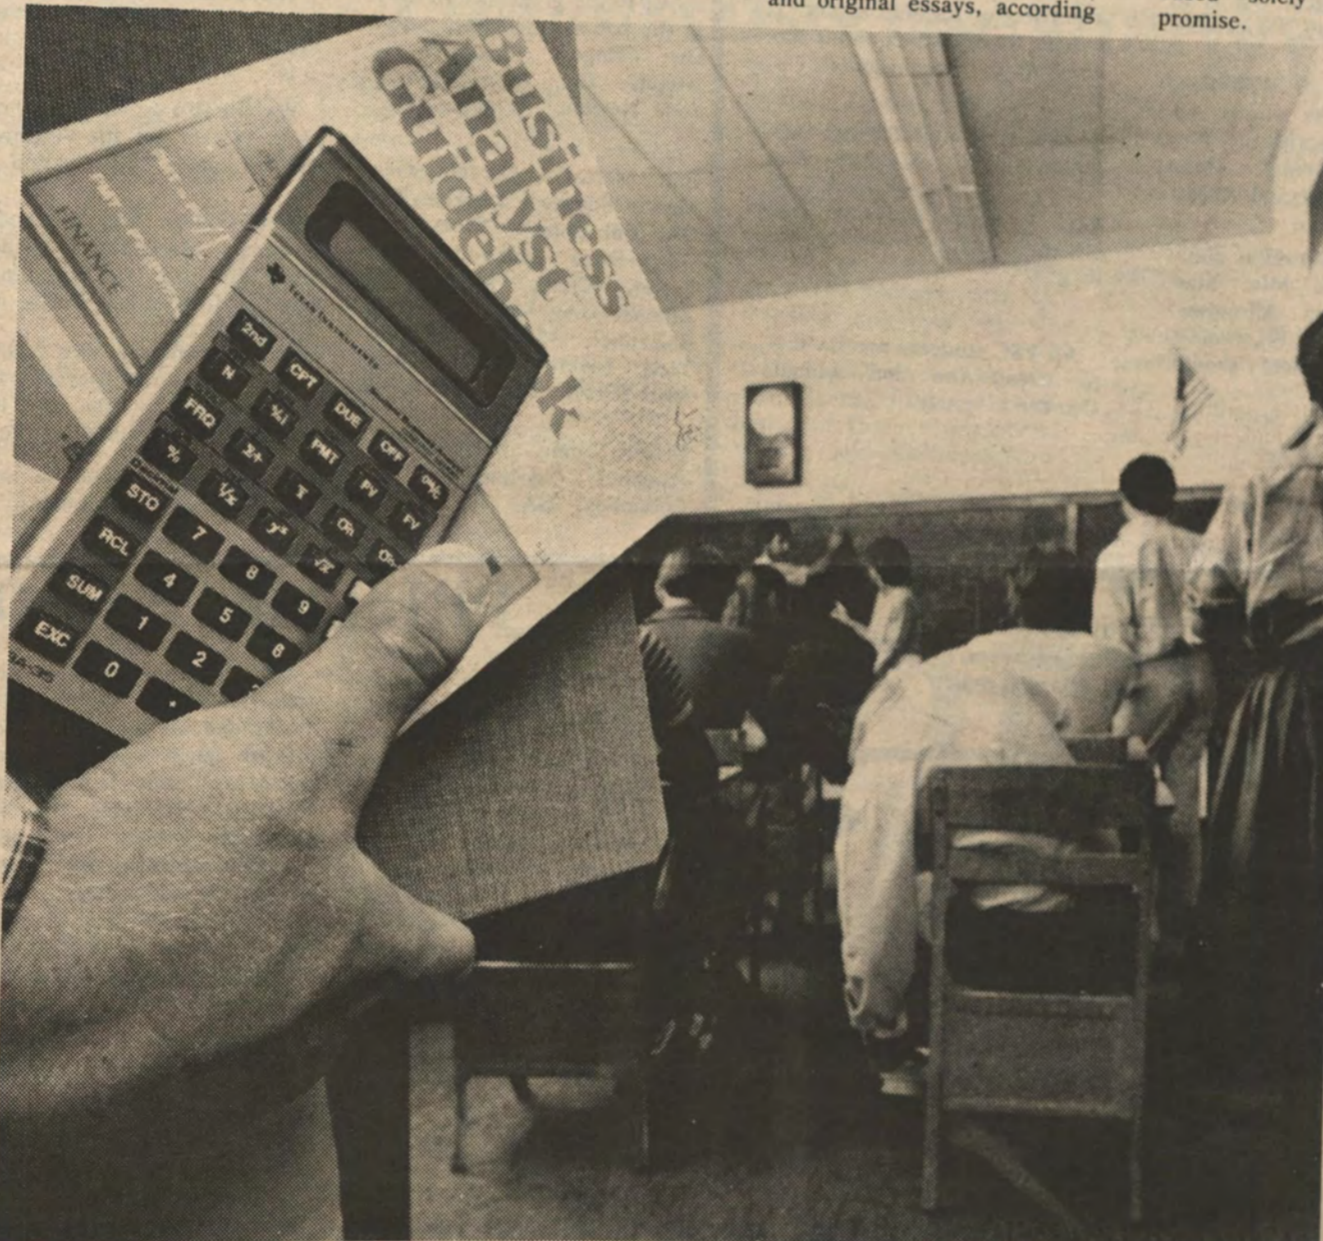

Cadet Colonel Brenda Oliver, the new corps commander, is looking forward to a good year for ROTC cadets. "The corps has many exciting events planned for the fall quarter.

We have the Grassy Pond picnic area reserved for October 15 and I am looking forward to seeing all the cadets at the function. It's really a good chance for all the new and returning cadets to get acquainted in an informal way."

The day at Grassy Pond features a cookout, volleyball and field events, and, just a general good time for everyone.

ROTC will also have the annual fall dining out at the Mood AFB affair with dinner and a guest speaker. Detachment 172 is very fortunate to have Brigadier General Troy Tolbert (USAF Ret) as the guest speaker. He is a former wing commander at Moody AFB.

If you would like to find out more about the ROTC program at VSC, please call or come by Barrows Hall. The staff is always willing to answer any questions. The number is 247-3256. Any cadet should also be able to help anyone with any questions -- so feel free to ask any of the bluetters you see on campus.

## This calculator thinks business. The TI Student Business Analyst.

If there's one thing undergrad business students have always needed, this is it: an affordable, business-oriented calculator. The Student Business Analyst. Its built-in business formulas let you perform complicated finance, accounting and statistical functions--the ones that usually require a lot of time and a stack of reference books, like present and future value calculations, amortizations and balloon payments.

It all means you spend less time calculating, and more time learning. One keystroke takes the place of many.

The calculator is just part of the package. You also get a book that follows most business courses: the Business Analyst Guidebook. Business professors helped us write it, to help you get the most out of calculator and classroom. A powerful combination. Think business. With the Student Business Analyst. TEXAS INSTRUMENTS

## TKE Calendar Girl Contest Slated

By Joey Tucker

The Brothers and Associated members wish to announce the 24th Annual TKE Calendar Girl Beauty Contest. It is to be held Tuesday, November

9th at 8:00pm in Whitehead Auditorium. The winner will be Miss January with the three runner-ups being Miss February, March, and April.

The rest of the twelve finalists will be Miss May through December. All organizations who wish to enter a girl for the contest should contact

Eddie Boxx  
at the  
TKE House  
(242-9539)

or write to  
VSCBox 115  
by November 1, 1982. Entry fee is \$25.00 per entry. Limit

2 entries for fraternities and 3 entries for sororities and 2 for all other organizations.

Tickets will be \$2.00 and will go on sale October 18. We

want to invite everyone to attend and support your favorite girl.

All VSC students are invited to attend the 2nd annual October 15 party.

## 28 Pledge SAE

The Brothers of Sigma Alpha Epsilon are very proud to announce the twenty-eight

young men who pledged themselves to the greatest fraternity in the nation. They are; Jay Orr, Roger Musgrove - Atlanta, GA; Alex Newton, John Newton - Moultrie, GA;

Billy McNeil - Cordele, GA; Marvin Peavey - Hawkinsville, GA; Bill Pope - Thomaston, GA; Doug Dillard, Lewis Lester, Chuck McCrary - Athens, GA; Steven Rykard, BoDonner, Wally Anderson, Todd Lovett, Jay Lassiter, Scott Wilson - Macon, GA; Bill

Driver, John Deiver, Sam Faulkner, Charlton Norris - Columbus, GA; Joe Carter,

John Scala, Donald Dilliplane, Don De Carlo, Frank McTrer, and John Smotherman of Valdosta.

These men show tremendous spirit and we are proud to have all of them.

We are also proud of brother Mark Walker of the Virginia Alpha Chapter of Randolph -

Macon College and Ashland, Virginia. Mark and a friend Steve Stanford, are travelling from a few miles North of

Richmond, Virginia on a 2,000 mile cross-country bicycle vacation after graduating in June. They informed us they would be in our area so we invited them to stay overnight

with us at our house here at Valdosta State. We were honored to accommodate a brother from another chapter and honored to show all SAE's have friends at our chapters all over.

In closing we would like to congratulate the campus sororities, ADPi's, KD, Phi Mu, Zetas and Alpha Xi's, on pledging the top girls at Valdosta State. The hard work in Rush shows up in the outstanding young women who pledged your sorority.

Finally, we want to congratulate Pam Buhler of Miami, FL on being chosen as the 1982-83 Pledge Class sweetheart. We all love you Pam!

The Spectator would like to apologize to the TKE's for an error in the headline in last week's Spectator. The word brothers should have read "associate members."

### We're TOP banana!

Our Banana Splits are more fun because you choose your three favorite 31derful flavors. We start with a ripe banana. Add three scoops of ice cream. Chocolate, pineapple and marshmallow topping. And crown it with chopped almonds and maraschino cherries.

## PBL Elects New Officers

The first Phi Beta Lambda meeting for the 1982-83 school year was held on October 4, 1982. Officers for the new year were appointed and plans for the year were discussed. The officers for the 1982-83 school year are: President - Lana Foster, Vice - President Andre Carter, Secretary / Treasurer Jull Vonier and Historian / Parliamentarian Michael Winn.

Each month a business session will be held on the first week, and on the third week special guest speakers from business and employment fields present interesting information which will help students preparing for careers in business and industry.

Each year the club plans to go to Atlanta for competition to win awards and honors for our school. This year we are

selling candy to earn enough money to go to Atlanta. Any student who is majoring in business or any other area may become a member.

Our next meeting will be Monday, October 18 in room 223 - G in the Education Center with a special guest speaker presenting the program.

## Big Plans for Marketing Club

The VSC Marketing Club held its first meeting September 29, in the College Union and did much planning for the new school year. Our guest speaker was Dr. John Oliver and we would like to say thanks to him. Fund raising and increased membership were discussed as goals for the year. A special award was

given to Dr. Reddy for all of the help and encouragement he has given us. Thank you again Dr. Reddy. For our first fund-raiser we sold Homecoming corsages. Thanks to everyone for buying a corsage. Many interesting speakers will be addressing us this year. On October 13, Kent Buescher will address the club. A speaker from

Cocoa Cola will be at VSC winter quarter and a representative from Budweiser will speak in April.

The next meeting will be held on October 13, at 8:30 in the Projection Room of the College Union. Kent Buescher will be our speaker. We invite everyone to join us.

Be part of the Marketing Club... "The Winner's Club".

## ADPi Pledges

By CAROLYN GEE

Congratulations ADPi's on a great Pledge Class! The Pi's have 41 super new girls in white and blue. Be on the look-out for them: Fran Allen, Eleanor Alexander, Jackie Banks, Pam Buhler, Angie Cato, Cindi Clanton, Lisa Decurtis, Delle Driskel, Tracy

Dukes, Lori Halberg, Sheri Hall, Lauren Harris, Lean Hancock, Lauren Hancock, Anna Hodges, Michelle Knox, Sara Lamb, Lisa Lauderbach, Carrie Marvin, Jackie McCart, Fran McKinnon, Susan Moorman, Tracy Peacock, Allison Ploeger, Carol Pickett, Terri Raley, Karen Sawyer, Dever Smith, Angela Strange, Kim Trancyger, Pat Tunnison, Paige Whiddon, Sharon

Wildes, Stephanie Williams, Linda Willingham, Beth Wingate, Elizabeth Knight, Stacy Survant.

Their Pledge Trainer, Lisa Holland, has planned some great activities for them. On October 22, the pledges and sisters will go on an overnight retreat. The next night, the pledges will sponsor a dance for all, so y'all come!!

# VSC Large SAE

Donald Dilliplane,  
Jo, Frank McTrer,  
Smotherman of

with us at our house here at Valdosta State. We were honored to accommodate a brother from another chapter and honored to show all SAE's have friends at our chapters all over.

In closing we would like to congratulate the campus sororities, ADPI's, KD, Phi Mu, Zetas and Alpha Xi's, on pledging the top girls at Valdosta State. The hard work in Rush shows up in the outstanding young women who pledged your sorority.

Finally, we want to congratulate Pam Buhler of Miami, FL on being chosen as the 1982-83 Pledge Class sweetheart. We all love you Pam!

## New Officers

a business session on the first of the third week speakers from employment interesting in which will help us in our industry. The club plans to for competition and honors for this year we are

selling candy to earn enough money to go to Atlanta. Any student who is majoring in business or any other area may become a member.

Our next meeting will be Monday, October 18 in room 223 - G in the Education Center with a special guest speaker presenting the program.

# Dr. Jane Bullard to speak at VSC

**NEWS BUREAU** - A nationally known expert on international education will hold a workshop at Valdosta State College's Powell Auditorium on Friday, Oct. 15, according to Dr. William M. Gabard, Director of International Studies.

The seminar, to be held from 11:30 a.m. - 3:00 p.m., is principally for faculty and staff members of VSC and area junior colleges.

"Dr. Betty Moore Bullard, Director of the Office of Education at the University of South Carolina, who will conduct the workshop, has attained the rank of one of the most knowledgeable people in the country on internationalizing the college curriculum," Gabard said.

Before joining the staff at the University of South Carolina, where she holds the academic rank of associate professor, she was Director of Education for the Asia Society.

An A.B. graduate of the University of North Carolina at Greensboro, she received the M.Ed. degree from the University of North Carolina at Chapel Hill. Her Ed. D. is from Duke University where her major area was curriculum development in the social sciences.

The faculty development workshop is sponsored by the University of North Carolina at Charlotte's Consortium on International Studies/Foreign Language Development Pro-

ject. VSC is one of ten southeastern institutions selected to participate in the project which last year emphasized the internationalizing of the arts and sciences, Gabard said.

VSC representatives who attended several conferences on that subject at Charlotte were Professors Raymond C. Mensing and Dale H. Peoples, history; Professor William M. Morrow, political science; Professor Dennis Hale, modern foreign language; and Gabard.

The principal focus of the UNC project this year is to internationalize the curriculum of VSC's education, business, and other professional segments of the academic community.

"The role of Georgia as an international state is so significant that it requires the college to emphasize the importance of the international dimension of the state's life. For example, there are 40 consulates in Atlanta, branch offices of 16 foreign banks, and over 600 foreign businesses," Gabard concluded.

Dr. Bullard has served as a member of the President's Commission of Foreign Language and International Studies and the Japan/United States Textbook Study Project. She was a team leader for the U.S. Research Team of the U.S. - Japan Conference on Cultural and Educational Interchange Project which from 1975 - 1978 held periodic con-

ferences and meetings at Honolulu and Duke Universities. She has been a member of the review panels for the National Endowment for the Humanities and Group Projects Abroad, Ethnic Heritage Studies Program, and International Education Undergraduate Programs of the U.S. Office of Education.

Dr. Bullard has directed a number of curriculum development programs funded by the Kettering Family Foundation, Ford Foundation, various universities and state agencies.

Beginning her career as a classroom teacher, she became a curriculum specialist for

social studies and was later

Director of International Education in the North Carolina Department of Public Instruction. She has worked with the Canadian Studies program at Duke University, and was associate director of an overseas seminar on Cultural Studies on Pakistan.

## Tuition costs rise sharply

**NEW YORK, NY (CPS)** - The total cost of going to college -- including tuition, room, board, supplies, transportation and personal expenses -- has jumped by as much as 13 percent for some students this fall, according to a survey by the College Board's College Scholarship Service.

The survey of some 3300 colleges predicts students at four-year public campuses will

spend an average of \$4338 to go to school this year, a 13 percent increase over last year's expenses.

Private college and university students will spend an average of \$7475 to make it through the 1982-83 academic year, an 11 percent hike over 1981-82, the study found.

Soaring tuition rates are the main reasons. Tuition is up an average of 20 percent at public colleges, and 13 percent at

private colleges.

The average public college tuition this year will be \$979, compared to \$815 in 1981-82. Private college tuition has hit \$4021 this year, up from last year's \$3552.

Two-year colleges registered similar increases. Public two-year colleges are charging an average of \$600 in tuition, up 18 percent from a year ago.

## Nunn offers interships

[UGNS] ATHENS, GA. --Georgia college students will have a chance to apply for interships in the Washington and Atlanta offices of Sen. Sam Nunn during the 1983-84 school year. The interns are selected each spring for the following academic year, beginning summer quarter.

Nunn's intership program, administered by the University of Georgia Institute of Government, allows junior, senior, graduate, and professional students in Georgia colleges and universities to earn academic credit while gaining work experience in government and law.

According to Nunn's office, intership dates for the 1983-84 program are: summer quarter 1983-June 13-Aug. 19; fall quarter 1983-Sept. 26-Dec. 16; winter quarter 1984-Jan. 9-March 16; and spring quarter 1984-April 2-June 8.

Five students are selected to

work each academic quarter-four in Nunn's Washington, D.C. office and one in his Atlanta office-- for a total of 20 interships.

Interns conduct background research for bill preparation and speeches, help prepare press releases and newsletters, monitor and report on committee hearings and floor action, and assist with constituent requests and correspondence.

Interns are selected on the basis of high academic records, work experience, extracurricular activities, interests and maturity. They receive a monthly stipend (currently \$600 per month) in addition to earning academic credit from their schools.

Brochures and application forms will be available in December from local campus coordinators. Deadline for applying for the 1983-84 program is March 1, 1983.

### Attitude irritates student

Dear Editor,  
Sunday afternoon I witnessed a shocking display of arrogance on the part of a VSC

security person. I was in the terminal room at Nevins Hall when the event took place.

There was this guy who had spent hours in the terminal room, helping us with our programs by answering questions about whatever language we were working with. He seemed to know everything, and I don't know what we would have done without him. He helped me with BASIC, and another student with his PASCAL program. When I asked him if he was a tutor he said that he wasn't. He wasn't. He wasn't even being paid for helping us.

After a while most of us had finished our programs and the terminal room was mostly empty except for me and a few others. Finally this guy who

had been helping us for so long sat at a terminal himself. Only a few minutes went by before this female security person (I don't know her name) came in and walked over to where he was typing.

She asked him what class he was taking, and he said that he wasn't a student anymore, but that he had graduated from VSC last year. Then she said, "Get off, now! These terminals are just for the students!"

Then he said to her "Hold on a second" so he could get out

of the program he was using. She took his terminal from him and typed something. He then said, "Typing bye won't help until I can get out of this

program, wait till I can log off."

At that, this security-girl puffed up like an offended peacock. Nobody was going to tell her what she was going to do! She snatched the plug of his terminal from its socket. He then said, "Nice going, you just tied up that terminal for twenty minutes. It would have been better if you'd just let me log off." Then, she really got huffy and demanded

that he leave at once. He left. I followed the guy out where he left, to thank him for

helping me. I learned that the stuck-up, curly-brown haired witch was a PE major, he thought. It would not make me cry if I learn that she has since dropped dead.

Get your act together, Public Safety! Can't you hire some people a little more intelligent and less pig-headed? The incident which happened last Sunday made me ashamed to be a student here.

Sincerely,  
Margret Drury

### Lt. Col. Kish Fr. page 1

two military hats: he is Commander of Air Force ROTC Detachment 172, as well as Director of Aerospace Studies.

A graduate of the University of Portland (Oregon), Kish was himself an ROTC student but he thinks the program has changed in the interim.

"It's absolutely changed for the better," he said. "ROTC is much more selective now. We are actively recruiting women and we seek more minority representatives than we did 20 years ago."

"We are looking for quality people - we want to recruit the best possible quality men and women for VSC. We now have the largest detachment since the

ROTC program opened at Valdosta State. We have probably more than 180 and we hope to have about 200."

The Air Force, he said, is looking for pilot candidates, navigator and missilemen candidates, engineers and a limited number of non-technical personnel.

"ROTC is a two-way street," said Kish. "Students get a chance to look at the military and we get a chance to look over officer material. Those qualities that make up a good officer are imbued through the program at VSC. There are many advantages of being an ROTC student and there are a limited number of scholarships."

### Falwell Fr. page 3

The New York City school board in June rejected three biology books for not including enough mention of Darwin's theory of evolution.

Nevertheless, a September, 1982 Gallup Poll shows 44 percent of those surveyed believe the human species is less

than 10,000 years old and created in its present form by God.

Only nine percent of the respondents said they unequivocally believed in a theory of evolution without divine intervention.

### Alpha Phi's exceed goal

Alpha Phi Sigma, the National Criminal Justice Honor Society, which is beginning its fortieth year of service to the profession has exceeded its membership drive goal. The society added 1,000 new members during the 1981-82 school year and now has sixty-two chapters. The rapid growth in membership exceeded the organization's goal.

The Society recognizes outstanding scholarship and service in the field of criminal justice. There are now over 8,000 members and alumni of Alpha Phi Sigma who have been recognized for their scholastic achievements in the study of criminal justice. The organization publishes a tri-annual newsletter, awards scholarships, presents service awards, and promotes communication between the academic community and the criminal justice profession.

Alpha Phi Sigma has been designated by the Academy of Criminal Justice Sciences as the national honor society for criminal justice. The Omega Psi Chapter was established at Valdosta State College on May 28, 1979.

The Society holds its annual convention in conjunction with the Academy of Criminal Justice Sciences. The 1983 convention will be held March 23-25 in San Antonio, Texas. During its fortieth year Alpha Phi Sigma has set a goal of adding an additional twenty chapters. Anyone interested in obtaining additional information regarding Alpha Phi Sigma should contact:

**College students flex political muscles**

By DAVID J. SNYDER AND CARSON REED PHILADELPHIA, PA [CPS] --

A good lab for a political experiment: the 8th congressional district in suburban Philadelphia encompasses no less than three campuses -- Bucks County Community College, Delaware Valley College and Philadelphia Bible College -- boasts the biggest student-ang population in the state, and abuts the University of Pennsylvania, which is the district's largest employer. Not coincidentally, the 8th will be the scene for a major test of student political power this fall. The test has a new political creature -- a student political committee -- trying to unseat an incumbent congressman who voted for cuts in student aid programs. The incumbent, Rep. James Coyne, discounts being made into a target by the National Student Political Action Committee (NSPAC), which is also trying to unseat five other "anti-student" legislators around the country, and trying to elect nine "friends." "We can't be worried about every group that opposes us," says Hugh Coffman, Coyne's spokesman. In comparison to other Coyne

enemies, NSPAC isn't worth worrying about, he says. "These guys aren't in the big leagues. They're engaged in tomfoolery." But Democrat Peter Kostmeyer, Coyne's opponent, thinks NSPAC can make a difference in the race, which, when last run in 1980, was decided by some 4000 votes. "Very, very heavy use of student volunteers," says Kostmeyer aide John Seager, "that's how this election will be won." "Students constitute the single biggest manpower pool for these campaigns," agrees Dr. Oliver Williams, a political science professor specializing in state politics at Penn. "In a campaign this close, going to the students could be pretty smart." Such talk warms the heart of Joe Sweeney, NSPAC's treasurer, who helped the U.S. Student Association (USSA) organize the PAC to give more muscle to the lobbying efforts against President Reagan's proposed halving of federal student aid programs. At the same time, the Coalition of Private College and University Students (referred to as COPUS) formed a student PAC, declaring "war" on politicians who supported the president's budget proposals

and threatening them with defeat this fall. "Students traditionally don't have money, and we can't expect them to give it," says COPUS Executive Director Miriam Rosenberg. "What they do have is time, and we want to utilize that rather than dollars." The emphasis, she says, will be on "in-kind" services like staffing voter registration drives, phone banks and mailings in the targeted districts. NSPAC's Sweeney nevertheless hopes to raise \$30,000 for expenses, though as of July the Federal Election Commission shows NSPAC'S balance at \$1040. By contrast, conservative PACs are estimated to have some \$145 million to spend for the right-wing candidates this fall. Both the National Education Association and the American Federation of Teachers will concentrate on many of NSPAC'S targeted races. Their budgets are a combined \$1.25 million. They scare Rep. Coyne, for one, a lot more than NSPAC does. "Out of three guys in the alley," Coffman asks, "which do you worry about first -- the two gorillas or the skinny kid?" Sweeney hopes to enhance

the skinny kid's effectiveness by choosing narrow alleys like Pennsylvania's 8th district. "We were looking for districts where the student population was greater than the incumbent's margin of victory in the last election," he explains. "We found approximately 100 districts where students could be a significant factor." NSPAC winnowed them down to supporting senators Robert Stafford (R-Vt) and Paul Sarbanes (D-Md), and representatives Claudine Schneider (R-RI), Barney Frank (D-Ma), Peter Poyser (D-NY), Robert Edgar (D-Pa) and Paul Simon (R-IL). NSPAC wants to defeat representatives Margaret Heckler (R-Ma), Ben Gilman (R-NY), Coyne, Cooper Evans (R-Ia), Bobbi Fiedler (R-Ca) and Frank Wolff (R-Va). It's also actively working for Lynn Cutler, who is challenging Evans in Iowa, Ira Lechner, challenging Wolff in Virginia, and Kostmeyer. COPUS will announce its targets in late September. The American Student Association, a third student lobbying group in Washington, D.C., will "disburse information to voters" on certain, as yet unnamed candidates, says ASA Director Tim Tuckey. candidate choices have

already caused some outrage. A newly-formed coalition of conservative student groups called The Student Coalition for Truth dismisses NSPAC as a political tool of "far left" groups "such as USSA." Rosen Meyer of Rep. Cooper Evans' Washington office says NSPAC'S tendency toward Democratic candidates discredits the group. "It comes down to a partisan standoff." Moreover, "Evans' support for education is long-standing," Meyer asserts. "His 'right vote' rating was as high as some of the candidates supported (by NSPAC)."

## Beverstein

By BRIAN BICKETT

QUESTION - What's blue, has four legs, a spider and wears a pink shirt?

ANSWER - Some student's slightly parked car!

What was the last time you had a good Public Safety job? Surely it wasn't the last one you got a ticket which, according to Jack Beverstein, was probably related to parking.

THEY Director of Public Safety Jack Beverstein, issued most of the campus traffic tickets last fall during a course at campus during the first of the most unproductive and less than stellar high school.

The last time you got a ticket was probably related to parking.
