STUDENT FERA AID

The federal government, under the relief administration, has undertaken to aid needy students in colleges and universities. The FERA expects to spend during the winter over one million dollars in this line of work.

The pupils receiving aid are required to work for it in "socially-desirable" projects on and off the campus.

A student may not earn more than \$20 a month, the average being \$15.

There are today 47 colleges and universities in Georgia that have 1,834 FERA students enrolled. The monthly allotment to these boys and girls amounts to over twenty-seven thousand dollars.

A limited number of South Georgia boys and girls who want a college education are receiving the benefits of this government aid. At the Georgia State Womans College 58 young ladies are being given assistance by the FERA and at Emory Junior College six young men are receiving federal aid.

If it was not for this federal money these 64 boys and girls from South Georgia would not be able to have the benefits of a college education. They are the class who are deserving and are willing to go through hardships to get through college.

Much has been said in recent years about the federal government making a direct appropriation to the states for school purposes. This has been advocated by a large number of congressmen and senators, but up to the present time no law of this type has been passed by congress.

It is believed by some that the FERA student aid is a step in the right direction. This policy demonstrates that federal funds may profitably be used to further higher education.

Federal tax money is turned back to the states in the form of highway appropriations at the present time. Also a portion of the federal inheritance tax is returned to the states. If this can be done there is no reason why federal tax money cannot be turned over to the states for school purposes.

GEORGIA STATE WOMAN'S COLLEGE

Dec. 22, 1934

VALDOSTA, Ga., Dec. 22.—Ye Old English Christmas Festival, the merriest and most colorful celebration of the Georgia State Woman's College, was held Wednesday evening, December 19, in Ashley Hall. This celebration dates from the first Yuletide of the college and has become one of its loveliest traditions.

As soon as the guests had assembled in the rotunda a merry group dressed as English peasants, singing "Ye Yule Song" brought in the Yule Log. After this the group formed the processional and while singing "Adeste Fideles," entered the Dining Hall, which had been transformed into a banquet hall of old English days.

When everyone was seated around the long tables, the boar's head was brought in and presented as the Glee Club sang the "Boar's Head Carol." After the blessing was asked by Dr. Frank R. Meade, the feasting began and "Ye Compayne" sang "God Rest You, Merry Gentlemen."

The colorful decorations, the quaint costumes of "Ye Compayne" and the general happy spirit of good will and cheer which prevailed throughout the evening will long remain in the memories of those present.

The Lord of Misrule, Miss Leonora Ivey, director of the physical education department, opened the program of activities and directed them by clever old English verse prologues.

The "Fool," Miss Rachel Coxwell, Leesburgh, came bounding forth and after a few antics and capers called in "The Foolish Funnies," who were underlings of the "Fool" dressed in baggy clown suits with big heads made of boxes, on the front of which was painted a laughing face and on the back a sad face. Those taking part in this dance were: Misses Alexa Daley, Dublin; Margaret Hudson, Newton; Virginia Ingram, Bainbridge; Ruby Harrison, Fitzgerald; Marie Middleton, Colquitt; Permelia Olliff, Quitman; Sara Owens, Valdosta; LaForest Smith, Valdosta; Shelley Sparks, Fitzgerald; Lelia Urquhart, Waycross; Margaret Wade, Valdosta; Doris Young, Valdosta; Denise Beasley, Glennville, and Lee Stearman, Savannah.

"Certayne Dancers," stiff-jointed dolls from various countries, came in and entertained the group with a stilted dance. The dolls were: Misses Emma Ambos, Savannah; Louise Bussey, Lake Park; Lota Griffith, Valdosta; Jesselyn Griggs, Perry; Mary Lois Hitch, Valdosta; Josephine Joubert, Savannah; Priscilla Kelley, Savannah; Lorene Thomas, Valdosta; Elizabeth Tillman, Valdosta, and Vivian Vincent, Hahira.

The Morris Men in holiday attire with jingling bells and flourishing kerchiefs gave to the festival the true English spirit that only Morris Men are able to impart. They were: Misses Bobbie Cochran, Camilla; Geraldine Collins, Cairo; Ellie Etheridge, Sumner; Martha Gardner, Camilla; Theresa Graham, Jesup; Louise Harper, Albany; Martha Johnson, Valdosta; Martha Jones, Lakeland; Johnnie Mae Kelley, Cordele; Blanche Locklear, Homerville; Lora McPhaul, Doereen; Lois Pafford, Lakeland; Lois Perry, Kingsland; Sara Martha Pyle, Valdosta; Jane Twitty, Valdosta; Carolyn Whipple, Quitman; Annie Lauri White, Waycross, and Ruth Williams, Waycross.

The "Fool's" imitation of the various dances kept "Ye Compayne" laughing and in high spirits all during the program.

A suggestion of snow and ice was brought in by a boy, Miss Grace Grace Lahey, Valdosta, and a girl, Miss Helen Claire Varnedoe, Valdosta, disporting themselves in holiday mood while skating, flirting, and

playing, wearing quaint costumes of red and white.

The merry making and revelry decreased and was replaced by a slower movement and as a final number on the program ladies in figured dresses over colored petticoats and white wigs danced the stately minuet with Lords in black coats, trousers and waistcoats matching their ladies' dresses, and white wigs. The ladies were: Misses Louise Odom, Ashburn; Patsy Sparks, Fitzgerald; Vangie Trimble, Moultrie; Clare Lawson, Savannah; Joyce Tipton, Sylvester, Louise Smith, Fitzgerald. The Lords were: Misses Cleo Barber, Bainbridge; Josephine Daniel, Ludowici; Vanelle Kendall, Valdosta; Stelle Roberts, Cordele; Virginia Tuck, Thomasville, and Mildred Turnbull, Moultrie.

"Ye Compayne" singing "Silent Night" formed the recessional after which came a general exchange of Christmas greetings and good-byes as the students left for their homes to spend the holidays.

COLLEGE PLANNING

NEW PUBLICATION

Authorities Announce Plans For Tabloid Size Section in The Times

IT WILL BE A FEATURE

Beginning on Saturday, Nov. 10, and continuing throughout the college year of 1934-35 the students of the Georgia State Womans College will issue a weekly publication consisting of four pages of tabloid size.

A contest is now being conducted at the college to select the staff for the publication and also to select a name. Announcement of the staff members and of the name will be made in the next few days.

This publication will be issued as a tabloid size supplement to The Valdosta Daily Times and will go out with the Saturday's Times to the entire subscription list.

In addition to being delivered as a part of The Times each Saturday sufficient copies will be printed each week to go to the students of the college, their parents and to high schools located in this territory.

The publication will be printed on paper of a better grade than regular newsprint and from present plans it promises to be a splendid addition to the student publications of the college.

It is the aim of the college authorities to make this weekly publication one of interest to every student, all parents, friends of the college and teachers and students in high schools and other colleges. News of the college and students, editorial comment, sports, literary events and the entire range of college activities will be covered by the weekly paper.

The quarterly publication of the college, The Pine Branch, will be continued, as will the annual, The Pine Cone.

The Pine Branch is issued quarterly and is edited by the student journal staff. It has been a major activity of the college for a number of years and has always been an interesting publication.

The other publication, The Pine Cone, the college annual, also edited by the students, has for years held high rank among annuals of the colleges of the state. This publication has three times within the past few years received All-American honor rating from the National Scholastic Press Association. It has also received a medal for second prize award for cover design.

With the new weekly publication, the quarterly Pine Branch and the annual Pine Cone the publication activities of the Georgia State Womans College are expected to rank with those of the largest colleges in the state.

STATE COLLEGES

SHOW INCREASE

Enrollment in All State Institutions of Education Show Big Hike

COLLEGE HERE GAINS

Enrollment figures in the educational institutions of the State University System announced Saturday by the Board of Regents show that the Georgia State Woman's College, of this city, which is a part of the system, is among the institutions showing gains in enrollment for the first quarter of this year as compared with the figures for 1933.

The report from the Board of Regents gives the enrollment at the local institution as 338 this year as compared to 323 last year. However, figures from the office of the school today show that since this report was made to the Board of Regents there has been one other student to enroll, bringing the total for the first quarter to 339.

Increased enrollment of more than 1,000 students is reported by the combined schools in the system this year as compared to last.

Officials of the local school express the belief that the second quarter will show even more students enrolled than have been enrolled thus far this year. The dormitory space of the local institution is much overcrowded and it has been necessary to secure two large residences near the campus to care for the students, and until facilities of the school are increased it is pointed out that it will be virtually impossible to care for many more students.

It has been announced that the loan and grant which has been arranged between the Board of Regents and the PWA there will be sufficient funds available for the local school to build another dormitory and have it ready for the Fall term of 1935 in all probability. Other needed buildings, such as gymnasium and swimming pool, are contemplated in the program for the local college.

Figures showing the enrollment in the various branches of the state system as announced by the Board of Regents showing the first quarter of 1933 as compared to the first quarter of 1934, are as follows:

University of Georgia, Athens, 2,101 and 2,391; Georgia Tech, Atlanta, 1,666 and 1,780; G. S. C. W., Milledgeville, 1,032 and 1,158; G. S. W. C., Valdosta, 323 and 338; S. G. T. C. at Statesboro, 456 and 490; Abraham Baldwin Agricultural College, Tifton, 86 and 175; S. G. S. C., Douglas, 204 and 214; M. G. C., Cochran, 293 and 258; G. S. C., Americus, 219 and 258; W. G. C., Carrollton, 232 and 271; N. G. C., Dahlonga, 210 and 267; G. S. I. C., Savannah, 371 and 206; G. N. A. C., Albany, 90 and 82; S. T. A. C., Forsyth, 190 and 33; School of Medicine, Augusta, 152 and 143. Totals, 7,627 and 8,064.

The 1934 figures show only college students, whereas the 1933 figures include college and non-college students. In addition to the college students there were 80 high and other students at the Savannah institution, 270 at the Albany school, and 279 at the Forsyth school.

GEORGIA SCHOOLS ARE DENIED FUND

Hopkins Rejects State's Proposals For More Money With Emphatic 'No'

TO A S K ROOSEVELT

WASHINGTON, May 3, (AP)—Georgia's plea for more federal money for rural schools, rejected with an emphatic "no" by Federal Relief Administrator Harry L. Hopkins, was turned toward President Roosevelt today.

Informed that Hopkins had refused to make federal aid extended April 19 retroactive to February 1, Senator Richard B. Russell, Jr., of Georgia said he would go direct to the White House with the matter.

"This is very discouraging but I don't intend to give up," said Senator Russell, who has made repeated appeals for additional school money.

Senator Walter F. Georgia of Georgia has indicated also he will take the school problem to the President. Senator George has been confined to his apartment with a cold.

Georgia representatives called on Hopkins yesterday in a body to ask more money. The administrator said they had requested the aid be granted even if appropriations to other relief activities had to be cut.

"It is not a question of money," he said, "but it seems to me that we have done our reasonable share."

He placed the responsibility for further relief on Governor Eugene Talmadge, who has been a frequent critic of Hopkins, President Roosevelt, and the new deal.

"I can't see why if Governor Talmadge doesn't want to do anything for rural school teachers and thousands of poor families that we should take the responsibility," Hopkins said.

Hopkins suggested the governor should call an extra session of the legislature to rectify the situation.

"If the governor wants the schools kept open he knows how to do it," he said.

Governor Talmadge in Atlanta said yesterday after being told of Hopkins' statement that "taxes in Georgia have been held down and reduced" and the schools had been paid "more out of Georgia funds this year than at any time before in the history of the state."

State department of education officials in Atlanta would not comment on the turn of affairs.

The administrator gave assurances that Georgia will receive its regular May general relief allotment. The May allotment as announced yesterday for Georgia was \$1,903,125.

The administrator recently set aside \$1,300,000 for school relief, effective April 19. Dr. M. D. Collins, state school superintendent, said in Atlanta that most of the rural schools had completed their seven-month normal terms before April 19 with their teachers receiving no pay. He

asked that the relief be made effective as of February 1.

Dr. Collins said thousands of
