Dear Mrs. Balliet:

Thank you for your letter of January 26. I am sorry to tell you that I can find no record of your having been a student here during the summer of 1924. Perhaps you withdrew before the end of the session, receiving no credit, or perhaps you were here another summer. Please let me hear from you, giving something more definite about the time you were here (subjects studied, professors, room-mate; etc.), that I may be able to locate your record.

Sincerely yours,

Mr. J. C. Babcock D. Appleton-Century Company 35 West 32nd Street New York City

Dear Babcock:

Your good man Friday, alias Monroe, who, by the way, is one of the best, -- stopped by to see me the other day.

Among other things, we discussed our "Travelling I.s. brary". For several years, we have been sending out small library units to abnumber of schools in communitles reasonably near us. These units comprise seventy-five to a hundred books, and a number of continued stories, clipped from magazines, and put together by our N.Y.A. girls. The Travelling Library is one of a number of our N.Y.A. "projects", -- but at the moment the Library is not travelling. The reason for this is that what books we have had have been read and re-read until they are more or less in tatters. Further, we are about out of funds for purchase of new books. Monroe suggested that you might be able to help us by giving me the names of some people in New York who have lots and lots of books on their shelves which they would like to dispose of at cost, -- or less! I think we do not want any textbooks. Just ordinary fiction, biography, etc., -- and it won't matter if some of the books "have some age on them".

Why not locate for me not only the books but also some economic royalist who would like to cut down on his income tax by making it possible for a lot of us swamp rabbits (Okefenokee) to have some nice books to read, even if we don't wear shoes!

By the way, when and how are our paths going to cross again?

With kind personal regards and all good wishes, I am, Sincerely,

February 17, 1942

Mrs. John Bailey 4124 Roosevelt Avenue Dearborn, Michigan.

Dear Neila:

Your card to Willie came here to the college in my care, and I was able to get your address from it. We are so sorry to hear that John is still in bad shape. We hope that he is much better by now. Please give him our very best regards.

I wonder if you would like to have some South Georgia pecans? If so, just drop me a line, and I will be glad to send you some. I don't suppose you have any black walnuts up that way that you could send to me in exchange!

Dad is already worrying about camp for next summer. The whole world is in such a mess that camp seems to be a mighty little thing after all.

With best wishes from us all, I am

Sincerely yours,

April 3, 1942 Mrs. John Bailey, 4124 Roosevelt Avenue, Dearborn, Michigan Dear Neila: Thank you so much for your card of March 27. While we are all distressed to hear of John's death, still he has suffered a great deal in recent years, and now this is all over. We will miss him a lot at camp, and we hope that when your health improves, you will be able to come back home for at least part of each year. You must try to get some rest yourself and regain your health. Jean and Willie both join me in deepest sympathy to all of you. Sincerely yours,

P.S. I haven't forgotten about the pecans!

December 15, 1941 Miss Margaret Baker 188 Cloverhurst Avenue Athens, Georgia Dear Margaret: Our assistant librarian, Miss Laura Reed, has a tentative offer for a position which may be open on February 1. If this offer should materialize, and if Miss Reed wishes to accept it, I am wondering if you would like to make application for her position here? I suspect that you will come home for the Christmas holidays, and I may know something more definite by that time. Please talk with Mr. Parker and find out if it would be possible for him to release you in February provided we offer you a job and you want to take it! Just sort of feel him out. With best wishes, I am Sincerely yours, FRR/ar

President:

FRANK BALEK
24-37 32nd STREET

LONG ISLAND CITY 2, N. Y.

Dear Sir:

At sixty, an active man usually retires to spend the last years of his life in privacy. Edvard Beneš reached that age, but he is starting, nonetheless, a new chapter in life -- to build his country anew and to help build a new European and world cooperation, a structure of security and peace.

We, American citizens of Czechoslovak descent, are proud of this man. Therefore, to honor his work, we have published this small volume containing his ideas on the main problems of recent history and of our common future.

We are sending you with our compliments a copy of this private edition and would appreciate having your impression after you had read this condensed synopsis.

Sincerely yours,

Greek Bally

P.S. The publication was delayed due to the war conditions; but we hope that the book did not lose its timeliness and usefulness to its readers.

February 8, 1945 Mr. Frank Balek 24-37 32nd Street Long Island City 2, New York Dear Mr. Balek: Thank you so much for sending me Dr. Edvard Benes' In His Own Words. The book has already reached me, and I am looking forward to reading it. With all good wishes, I am, Sincerely yours, FRR/w

Miss Katherine Ball Buntsville, Texas

Dear Miss Ball:

I am sorry to learn from your telegram of this morning that it will be impossible for you to meet me in Atlanta on next Monday. I shall be stopping off there on my way up to Abingdon, Virginia, which is even further from Texas than either Valdosta or Atlanta. However, you say be planning a trip north sometime later this summer, in which event you may be able to take the New Orleans to New York Ltd. (Southern Train No. 42) which passes through Abingdon; or else, it may be that we can meet in Atlanta or somewhere else, all of this, of course, if you are still interested in the position after June 27. I shall be glad to hold the position open until that time, and shall appreciate it if you will let me hear from you not later than July 1.

Under another cover, I am sending you a copy of our 1940 - 41 catalogue and also a book of views which will give you some idea of what we look like. On page 48 you will find a brief write-up of the courses we offer in Home Economics. As you will see, we offer very little beyond the second year, and I think it unlikely that we shall ever have a major department in Home Economics. We make no effort to turn outprofessionally trained people, but rather are interested in having our girls (a great many of whom get married soon after leaving college) know something about clothing and foods and home furnishings and home management.

There are a good many other things I would like to write you about the work here, but I see no need in doing this until you know whether or not you may be interested in coming here.

I wrote to Miss Harris that I was looking first for a lady and second for a good teacher, and that I would like to have both if possible in one and the same person! Miss Harris immediately wrote me that you were exactly the person I was looking for!

Naturally, therefore I am interested in seeing you and talking over the entire situation.

With all good wishes, I am,

Sincerely yours,

Mr. Arch Booth Assistant General Manager United States Chamber of Commerce Washington, D. C.

Dear Mr. Booth:

In the hope that you may be able to arrange to have our Serenaders on your Atlantic City program, I have taken the liberty of writing to the Chambers of Commerce in the various home towns from which our Serenaders come to ask for a contribution to help defray the expenses of the proposed trip.

You will be glad to know that I have had quite an enthusiastic response, and that expense money for the trip is apparently assured. So many of our South Georgia girls have such little opportunity for travel that I am most anxious for the Berenaders to have the Atlantic City trip if it can possibly be arranged. In addition, I want them to stop off in Washington and see the sights. I am writing to my friend, Ed Stettinius, to see if he can arrange to have the girls sing at the Shoreham, and I have suggested that they learn the Misouri Waltz in case we can get an invitation to the White House, which I think can be wangled.

I shall personally appreciate it a great deal if you can find a spot on your program for our Serenaders, even though it be only a small one.

With all good wishes, I am

Sincerely yours,

May 6, 1941 Mrs. Thomas H. Bowles 3908 North Charles Street Baltimore, Maryland Dear Cousin Loulie: Jean and I have been doing a lot of traveling lately, and it seems that she has had to spend all the rest of her time at digging weeds! Flowers grow in abundance here, --- but the weeds seem to grow even more abundantly. We are going over to Savannah on next Sunday to be there for several days, and Jean will write you about our trip when we get back. Meantime she joins me in love to you and Cousin Elizabeth. Many thanks to both of you for your Easter remembrances. I know you will enjoy passing the enclosed photograph along to Johnson. He will be amazed to see the First Lady looking very comfortable indeed in the old Chrysler whose continued existence he was so fearful about three or four years ago! Affectionately,

FRR/ar

23 January 1941

Mrs. Thomas H. Bowles 5 Whitfield Road Baltimore, Maryland

Dear Cousin Loulie:

The enclosed envelopes addressed to you and Cousin Elizabeth offer mute testimony to the fact that I intended to write to both of you long, long ago.

I started a letter to you last Sunday night, in pencil, but have never been able to finish it; so, I am taking the liberty of dictating this note just to be sure that you will hear from me soon.

Jean and I had a lovely visit to Savannah at Christmas time. We saw all the family, and had several meals with Lina and Cousin Mayhew. Aunt Nora was really quite wonderful. We saw her just after she had been out to Christmas dinner!

Your Christmas presents were much appreciated. For my part of Cousin Loulie's "little piece of paper" I expect to have the Old Chrysler renovated, take a picture of it, and send it (the picture, not the Chrysler!) to Johnson!

Just after Christmas, my father and Niss Nan were here for a brief visit. He talked over the radio in connection with the work of the Valdosta Committee of the British War Relief Society of which I am chairman. We are hoping to raise \$2,000 for a Mobile Feeding Unit for Britain. We sent out several hundred letters to Valdostans who ought to be able and anxious to help us. Have had several rather pitiful letters from Dad. His sister and her daughter have both been ill, one of his cousins in London has died, and an East-London home to which he has been contributing for several years has recently had two of their four building demolished, with children and old, sick people killed. It is certainly a ghastly business, particularly when we remember that no other animal save man hunts its own kind in packs.

Jean and I are both well. I hope that you have entirely recovered from your recent illness. Please give our love to Cousin Elizabeth, and remember us to Johnson, John, and the others.

With dearest love from us both, I am

Affectionately yours,

FRR/ar

Committee on the Role of Botany in American Colleges and Universities 17 Lexington Avenue New York 10, New York

May 7, 1951

President Frank Robertson Reade Georgia State Woman's College Valdosta, Georgia

Dear President Reade:

One of the consequences of the current crisis in our history is that the relationship of higher education to the country's welfare is being subjected to intensive scrutiny and re-examination. In the college curriculum, the plant sciences are uniquely constituted to make especially significant contributions to the national economy, civilian defense, biological warfare, and professional and general education.

In order to formulate policies and programs that will be of greatest service to the nation and to higher education, the Botanical Society of America has authorized a survey of the present position of plant science in American colleges. The Committee requests your assistance in providing the information that will make this position clear. We realize that the items called for are numerous and detailed, but only such detailed descriptions can be of any real value to the institutions themselves. Therefore, we sincerely urge that you do not set the enclosed forms aside but have them filled in and returned as readily as possible. Please feel free to extend your replies by using the reverse side of the sheets.

Speaking for the committee and for the Botanical Society of America, may
I thank you for your cooperation in this investigation.

Mrs. W. T. Booker Grundy, Virginia

Dear Maw:

Jean and I have been in Atlanta since last Friday, getting back only last night to find your nice letter. It was fine to have you, if even for so short a time. You and W. T. must come back again and really pay us a visit.

When we got back from Atlanta, we found the most gorgeous roses, sweet peas, and other flowers in full bloom, --- and all the shrubs and vines looked as if they had simply burst open over night. Wish we could send you some flowers, but I'm afraid they wouldn't last for so long a journey.

I am enclosing your Georgia driver's license, which has just reached me. Also, all that is left of the note that you signed for me many years ago!

I am wondering if you get LIFE regularly? If not, I'll be glad to gather up back issues since January, send them to you now, then send each week's issue after we have looked through it.

Jean joins me in love to you both.

Affectionately,

8 April 1941 Mrs. W. T. Booker C/o Mr. Lawrence Clark St. Simon's Island Georgia Dear Maw: I should have written you sooner, but have been trying to find out something about the proposed trip to Atlanta, It looks now as if I may have to go to Augusta Instead, but i still don't know when. You told me on the phone that you and W. T. probably would be at St. Simon's for "a week or ten days". I hope it will be longer than that so that no trip of mine will mean that we won't see each other. Much as Jean and I would love to see you and W. T. at St. Simon's, we naturally much prefer to have you come here, so that you can see the college and our country home! The really sensible thing for you to do is to leave W. T. (so he can really get some rest!) and come on over here for several days of relaxation. You have . been under a long strain, and with us you would not have to do anything you didn't want to do, --- just sit around in the sunshine, help weed the flowers, eat, drink, and sleep. Then, later on, when W. T. and you go back to Virginia you can let your first day's drive end at Valdosta, and at least spend a night together here on your way back. There is a bus from Brunswick at 7:15 A. M. which gets here at 12:30 P. M., --- and another leaving Brunswick at 3:15 P. M. and getting here at 8:30 P. M. The return schedule is almost the same, getting you back to Brunswick at noon or at 8:30 in the evening. Round trip bus fare in very little, and Jean and I will get that for you as an Easter present! I really think you ought to do this, and if you will ask W. T. about it, I believe he will agree, much as he may miss you.

If you are going to be at St. Simon's for another ten days, it might be better for you to come here next week. However, I may not go either to Augusta or Atlanta, and you could come on over this week. I will call you on the telephone sometime tomorrow, after you have had a chance to talk with W. T. I certainly hope he is getting better day by day.

With love to you both from us both,

Affectionabely,

May 15, 1942 Captain Randolph F. Blackford, Keystone, South Jacksonville, Florida. Dear General: Thank you so much for your letter of May 13. Whang has already written me about Ambler, and Jean and I were terribly distressed as we had no idea that he was so desperately ill. We are glad, however, that the nature of his illness did not allow him to linger on for a long period of suffering. I am sending this note to Keystone, as you may be there over the weekend. If not, it will be forwarded to you in Atlanta. My deepest sympathies to all of you. Sincerely, FRR/ar

May 14, 1942

Dr. L. Minor Blackford 104 Ponce de Leon Avenue, N. E. Atlanta, Georgia

Dear Whang:

Jean and I were distressed to hear of Ambler's death, and Jean was really quite upset over never having written to thank him for the lovely calls lillies. She has been taking first aid and also motor transport work at night; so really has not had much spare time, However, she had said two or three times that she wanted to write to Ambler while he was still with you in Atlanta.

I cannot understand how Ambler could have spent two weeks in a hospital under the care of competent physicians without their having discovered the trouble. Perhaps the enswer is that they were not competent.

What with all this rationing going on, I don't know when I'll get back to Atlanta. However, if I get up before you go off to the wars, I'll give you a ring.

Sincerely,

FRRyar

Dear Helena:

Jean and I got back on Sunday from Atlanta.
Left here Wednesday afternoon, --- saw "Gone with the Wind", a lot of friends, attended some University System meetings, and heard Flagstad sing.

Have had to spend days and days at getting out a long report for the Board of Regents, and seem to have stayed in a rush ever since before Christmas. Think I have never even thanked you and Eric for my Christmas presents, but I am none the less grateful for the lovely cigarette case and for the pyjamas.

I am sending you a check, and I am leaving the amount blank, so that you can include both the price of the coat and whatever postage may have been charged to your accounts. Many thanks.

Hope little Eric is entirely well by now. Jean picked up a cold in Atlanta, is in bed today, but thinks she will be all right in a day or two.

Please let me know the amount for which you make out the check so I can have a record of it.

Dr. Frank Reade, Camp Glenrochie, Abingdon, Virginia

Dear Frank:

Thanks very much for your letter of July 25 and for the catalog that you sent me. From my review of the catalog, I think that you can say without loss of pride that the move toward the B.S. represents a sensible expansion. I see no reason why it should jeopardize a really well conceived liberal arts program.

Dr. Rosa Lee Walston is a real find. I am really sorry that she is not two persons so that we could have her and you could have her at the same time.

As for exchanging her with Hawks, I am fearful that that would not work out. Walston has accepted a field assignment, which means that she will be traveling probably 40 per cent of her time with head-quarters at any one of the 12 major cities in the United States and with the prospect of having those headquarters shifted from time to time. There are other similar positions open. If you think Hawks would be interested, let me know.

We do not have available in the Washington service any openings of a professional nature at the moment. I think it would be in such a position that Hawks might really be interested and I should certainly be interested in considering her. If I do have an opening of this sort, I shall be glad to get in touch with you or her or both of you.

BETTER HEALTH COUNCIL OF GEORGIA 11 Pryor Street S. W., Atlanta, Ga. What do you think of the idea of your coming down to Valdosta and preaching our baccalaureate sermon on Sunday, Lord's Day, June 2? If we can take a chance, why can't you? Whether we can pay salaries or not, we must have a baccal pay salaries or not, we must have a baccal aureate sermon; so, with some degree of cercalaureate sermon; so, with some degree of certainty, I can offer you your travel expenses, tainty, I can offer you your travel expenses, and what might be called a reasonable, though small, honorarium:

Three months notics ought to give you time to get your sermon together.

Why not pile all the Boyds and Cochrans into the sturdiest available vehicle, drive down early, and stay late?

The honour of a reply is requested.

Sincerely,

FRR/ar

14 May 1940 Rev. Beverly Boyd 1618 Hanover Avenue Richmond, Virginia Dear Bev: Just a line to suggest that you get busy on your sermon! The date, which I hope you will remember, is Sunday, June 2. Jean and I are looking forward to having the Boyds with us, and we think it would be a merry idea for you to bring down at least a carload of our Richmond friends, --- Woffatts, Cochrans, Prestons, --- maybe you had better have two cars! By the way, are you a D. D.? We need this vital information for our publicity. Some months ago, or whenever it was, I wrote your new nephew what I thought was a first rate letter, --- but so far have heard nothing from him. Love to you all, Sincerely, FRR/ar

March 20, 1944 · Miss Eleanor Boyd, 116 East 52nd Street, Savannah, Georgia. Dear Miss Boyd: Mrs. Whitehead, of the University of Georgia Placement Office, tells me that you may be interested in being a music counsellor at Camp Glenrochie this summer. At the moment, I think that we have someone for that place, but am not sure, Please write me something about yourself, and tell me also if you are interested in a position here next year as accompanist in our Voice Department. If so, I should like for you to come over to Valdosta for an interview. Sincerely yours, FRR/ar

October 1, 1942 Mrs. Albert M. Hill State Department of Public Welfare State Office Building Atlanta, Georgia Dear Mrs. Hill: Miss Well Bracey received her A. B. degree from this college in 1927, with a major in Education, a second major in English, a minor in Social Science and History, with an average grade of B. Miss Bracey was employed as critic teacher in the training school here, but this training was discontinued in Luly, 1933, and Miss Brady had to take whatever position was available for her elsewhere. Recommendation for her as a teacher should be requested of Dr. R. H. Powell, Department of English at the University of Georgia, as he was president of this college during the time that Miss Bracey was employed. With best wishes, I am Sincerely yours, FRR/ar

17 April 1941 Miss Katherine A. Branch Grovestown, Georgia Dear Miss Branch: There will be one vacancy here for next year in which you might be interested. We need someone to do part time teaching in our Chemistry Department, probably handling Freshman courses in the Physical Sciences, --the first two courses in general Physics, --- and some Freshman Nathematics. Your training seems to be rather in Chemistry and Biology, but you might be willing to do this other sort of teaching just to be with us! We really have a first rate small college here, and I feel sure that you would be happy in your work if you were to join our staff, There are, however, one or two other people whom we are rather seriously considering for the position. I shall be in Atlanta, at the Ansley Hotel, Jackson 1100, on Saturday, Sunday, and Monday next. On Tuesday, I expect to be in Athens, Georgia, and can be reached through President Harmon Caldwell's office. You may plan to be either in Athens or Atlanta before returning to Danville or you may wish to talk with me on the telephone. With best wishes, I am Sincerely yours, FRR/ar

7 June 1958 Mrs. A. P. Brantley Blackshear Georgia Dear Mrs. Brantley: On passing through Blackshear last night, after having delivered a per-fectly splendid address at the Annstrong Junior College in Sevenneh, I was reminded that I did not have a chance to see you when you came over for May Day, nor had I written to tell you how sorry I was that we had to leave a little early on account of Jean's sister and some friends having come over from Savannah for the wolkond. On Friday morning, June 10, at ten o'clock, we shall have our graduating exercises in the auditorium, with Dr. John Donald Wade, of the University of Georgia, as the principal speaker. We all hope that you can get over for that occasion. Jean joins me in all good wishes, and In the hope that we may see you on Friday. Sincerely yours, President FRRSL

25 April 1940 Mrs. A. P. Brantley Blackshear, Georgia Dear Mrs. Brantley: I am so sorry to have missed you when you dropped in to see me, but a meeting of the Southern Association made it necessary for me to be in Atlanta. So that we may see each other soon again, I suggest that you drive over on Saturday, May 4, for our May Day festivities. For the first time, we are having the Festival in our Open Air Amphitheatre. Be sure to come over and spend the day. Sincerely, President FRR/ar

February 28, 1941 Mrs. A. P. Brantley Blackshear, Georgia Dear Mrs. Brantley: I always look forward to the Club Institute which is held here because it brings you over to see us; so, once again, Jean and I are looking forward to seeing you on next Tuesday. The Daniel Ashley Hotel, I trust, will remember your second pillow. If not, just leave them and come out and stay with us. We'll give you's dozen pillows! Sincerely, PRE/ar

June 9, 1943

Mr. Howard Bridges, Principal, Valdosta High School, Valdosta, Georgia.

Dear Mr. Bridges:

A number of young people have come to us recently with the request that they be permitted to take college work here this summer on the grounds that they lack only two more units for graduation from high school. As you know, we are not permitted to accept students unless they have graduated from high school.

If these students are idle this summer, and must go back to high school until the end of your first semester, they will not be able to enter college until the spring quarter, 1944.

I am wondering if you can work out any sort of plan whereby these three or four students may be given special coaching during the summer, and examinations in September. If this could be done, they could enter college in September, thereby gaining two full quarters.

I do not suggest such procedure except for first rate students. Among the applicants, I happen to remember two, one is the son of Mr. Wayne Miller; and the other, Miss Bobble Jones. I am told that both of these are excellent students, and that each lacks one unit in English and one in History.

As I plan to leave for Virginia to-day or tomorrow, I shall appreciate it if you will get in touch with Dr. J. A. Durrenberger, Director of our summer quarter.

With kind personal regards, I am

Sincerely yours,

Mr. Samuel Moore Bronaugh
Comer Building
Birmingham, Alabama

Dear "Smiling Sam":

Ed Robinson who has been with the Southern Bell
Telephone Company here for several years, has
been transferred to Birmingham. He knows very
few people there, and doubtless will be less
lonesome if some of my old Virginia friends will
do him and me a favor, look him up, give him a
drink, or what have you.

It has been a long time since we used to lounge
about in the deep leather of the Phi Kap Home

It has been a long time since we used to lounge about in the deep leather of the Phi Kap Home for the Indolent on Madison Lane. How about dropping me a line and telling me speething about you and yours?

April 14, 1942 Rev. Arthur Brooks The Asheville School Asheville, North Carolina Dear Art: So far as I know, Dad and Nan are planning to have camp as usual this summer. Dad writes that he is feeling much better, and is teaching without fatigue. I am perfectly willing and able to look after the opening and closing of camp and, with you there again this summer, there really is very little that Dad needs to do if he would only turn the office work over to you. We could easily get some one to do the actual typing of necessary letters to parents, --probably just for a free summer at camp. And, if we could persuade Miss Nan not to disturb herself about camp activities, we could also easily get a head counselor to look after these things. However, I am afraid that no such easy solution of camp problems will eventuate. However, I am going to write Dad and urge that something of the kind be done. Will let you know of the luck I have! Love to Gert and Bobby, ---Sincerely. FRR/ar

May 12, 1942 Mr. M. Milton Brown Secretary Y.M.C.A. Plattsburgh, New York Dear Mr. Brown: You must forgive me for not having answered your letter of many weeks ago before this late date. However, I have laid it aside together with scores of others that did not actually have to be answered until I could catch up with two other files, one marked NOW and the other marked NOW AND I MEAN NOW. I appreciate your writing to me, and am only too glad to have been able to help a little with your work here in Valdosta. We are planning to run a full summer quarter here, beginning June 8; so I presume that there will be no "Y" program on the campus until after the war. I hope that you are enjoying your new position, and that everything goes well with you. With best wishes, I am Sincerely yours, FRR/ar

May 19, 1942 Superintendent L. H. Browning, Hahira, Georgia. Dear Mr. Browning: Just a note to tell you that you may count on my being with you on dest Monday evening at nine o'clock. I shall drive up to Hahira in my own car; so you need not be disturbed over the possibility of having to send for me. With all good wishes, and looking forward to seeing you and being with you for your graduation exercises, I am Sincerely yours,

FRR/ar

Mr. G. M. Hope Superintendent Bryan County High School Pembroke, Georgia

Doar Mr. Hopes

Trank you for your card of August 14, asking for a sample of the placement tests given the freshmen each year. Dean Hawks, who has charge of the testing program in this institution, is on vacation and will not return until the latter part of next week. However, as those tests are the same as those given in all other units in the University System, I am sending your request on to the office of the University Examiner in Athens.

Sincerely yours

Camp Placement Bureau The University of Georgia Athens Georgia

Dear Sir:

I am no good at all at filling out answers to questions such as those asked me about Miss Valeria Burroughs. However, I am glad to write you that Miss Burroughs was one of our counselors at Camp Glenrochie, for girls, near Abingdon, Virginia, last summer, and that her work was entirely satisfactory.

Miss Burroughs was assistant to our swimming teacher, and took charge of all of the life saving. She was popular with the girls, seemed to know what she was doing, was interested in her work, and should make a splendid counselor at any camp. I am glad to recommend her without reservation.

Very truly yours,

President

13 January 1940 Mr. Paul Burt Pacific Mutual Life Insurance Company First National Bank Building Atlanta, Georgia Dear Paul: Will you be good enough to tell me something about the enclosed clipping? How is it possible for me to get \$10,000 worth of life insurance for \$16.50 a month when my government insurance, now nearly twenty years old, and with its particularly cheap rate has cost me \$19.10 a month for all these years! I notice that these rates are only one half the "permanent rates" --- but even \$32.80 at age 50 sounds sort of phoney to me. May be in Atlanta toward the end of the month and hope to see you then. Sincerely, P.S. Please return the clipping. FRR/ar
