CAIRO PUBLIC SCHOOLS JOHN S. HERNDON, Supt. CAIRO, GA. 2:30 Bush Turnbull March 28, 1938 President of G. S. W. C. Valdosta, Georgia Dear Sir: As a member of the executive committee of the Second District High School Association, it has fallen my duty to get judges for the contests of the district meet which is to be held April 22 and 23. I am going to state to you our needs and we should like to get as many of the judges as possible from Valdosta. The meet is to be in Morven and Morven is near Valdosta, making it convenient for the judges if they can be obtained there. We need three judges for debate to be Friday afternoon, April 22, three for recitation and declamation to be Saturday morning, April 23, three for music, Friday evening at 8 o'clock, April 22, and one judge for Home Economics, Friday afternoon and one for essay, Friday afternoon. The district association will be glad to pay expenses and give local entertainment for judges. Please advise me as early as possible how many of these judges we can get from your institution. Sincerely yours, John S. Herndon, Supt. JSH: EL

Mr. Horace Caldwell Daniel Ashley Hotel Valdosta Georgia

Dear Horace:

Friday and Saturday, December 2-3, are out of the question for our "Education Appreciation Day". Mr. Edens tells me that both he and Dr. Cox, president of Emory University, must be in Nashville, Tennessee, on those days for some sort of Methodist gathering.

I hope to see Dr. Sanford and others in Athens to-morrow, and again in Atlanta on Monday. We expect to be back probably on next wednesday, and I will see you at that time. Meanwhile, you might, be doing a little thinking about the business of getting the various "important people" together.

Both Cleveland and Edens think the idea a good one, as do all of us here at the College. It may be just as well that we do not attempt to stage a celebration on too short notice. Perhaps the weekend of the 10th would be a good time.

Jean and I are leaving this afternoon for the Tech-Georgia game in Athens to-morrow, and, just in case you happen to get up to Atlanta, we will be at the Ansley Hotel.

Sincerely,

June 6, 1942 Captain Horace Caldwell, Daniel Ashley Hotel, Valdosta, Georgia. Bear Horace: I have just had a nice letter from Dr. Sanford, in which he says: "It was nice of you to arrange for us to visit Camp Moody and enjoy the hospitality of our mutual friend, Captain Horace Caldwell, and his good lady. I was greatly impressed with the magnitude of that camp." As I told you the other night, we expect to take care of the cost of the dinner which you were kind enough to have for the Chancellor and Mr. Siebert, --- even though you get the credit for the hospitality! Perhaps you can bill us through the Daniel Ashley Hotel. Just work it any way you want to but remember that we expect to pay for both food and drink for all of us, which of course includes you and Marie. Sincerely, FRR/ar

Dear Sir:

I am again writing in reference to the termite work on the College. I am working in Waycross at the present time and while I am this near to Valdosta would like to know if you are now in a position to give me the termite contract.

Would appreciate hearing from you at your earliest convenience. I am

Carolina Terride 26 January 1958 Mr. N. N. Simpson 710 Gilmore Street Waycross Georgia Dear Mr. Simpsont I think all our termites are dead! At all events, we have not yet been able to obtain funds with which to ferret them out, alive or dead. If you happen to be in Valdosta any time soon, I suggest that you drop by and make another estimate on the work which you think is necessary to be done. ## CAROLINA TERMITE EXTERMINATING CO.

KINGSTREE, S. C.

February 16th. 1938

Dr. Frank R. Reade, Georgia State Womans College, Valdosta, Ga.

Dear Sir:

On February 15th. 1938, I inspected the Georgia State Womans College for termites and found it to be in much worse condition than on the first inspection made few months ago.

The lumber needed (3,000 ft.) for the necessary replacements under the three buildings listed as follows:-

needs about	17	joist	2	X	10	
	5	beams	8	X	10	
11	15	joist	2	X	10	
	4	beams	8	X	10	
	10	joist	2	x	10	
		5 15 4	5 beams	5 beams 8 15 joist 2 4 beams 8	5 beams 8 x 15 joist 2 x 4 beams 8 x	5 beams 8 x 10 15 joist 2 x 10 4 beams 8 x 10

The converse building has termites all over it. Over half of the West End building is infested -- through the front and middle. The Ashland is badly infested and in treating this building it will be necessary to excavate as some of the joist are imbedded couple inches in the ground.

Dr. Reade, I would suggest having this work done as soon as possible as the termites are very active. Naturally the price willbe higher the more damage they do.

We will furnish all the lumber, make necessary replacements, treating the wood and ground under the buildings. Give a five year guaranteed contract, work to be inspected twice yearly, for the sum of \$650.00

Thanking you for a favorable reply, I am

Sincerely yours,

Carolina Termite Exterminating Company,

February 23, 1945 Mr. Cason Callaway Hamilton, Georgia Dear Cason: You will be glad to know that the delegation from Valdosta and Lowndes County which visited you at your home some time ago was so impressed with what you are doing and with what you are planning for Georgia that a sort of renaissance in agriculture is taking place all over the county! Several days ago, I went out to see the new "Cattle Auditorium" which has been erected by the county at a cost of about \$20,000. The building is situated on a twenty-five-acre tract and, when the entire project is completed it will cost perhaps \$50,000-and it will be well worth it. I met with several Valdosta business men on yesterday to discuss plans for the opening of this "Auditorium". There is to be a Four-H Fat Cattle Show on March 15 and 16, -- and the entire group at yesterday's meeting was most anxious to have you come down for the celebration, and asked me to get in touch with you. I called you by telephone, and was sorry to learn that you are ill. I hope that it is only a temporary indisposition and that you and Mrs. Callaway certainly will be able to come to Valdosta next month. The general feeling of the committee is that you are the fellow who has gotten everybody excited down here in Lowndes County, and that you can't very well refuse to come down and join in the opening celebration! I personally hope very much that you and Mrs. Callaway can come, for I want to steal you away for a little while, show you our lovely college, and talk with you about some of our plans. Valdosta is lovely at this time of year. A neighbor of ours has recently planted about 200 camellias along a trail through our northwest pine woods, and the city has recently set out more than 300 azaleas in our south woods. It has been a long, long time since you've been down this way; so please make every effort to be with us on the fifteenth and sixteenth. With all good wishes, I am, Sincerely yours, FRR/W

March 2, 1945 Mr. Cason J. Callaway Blue Springs Farm Hamilton, Georgia Dear Cason: Mrs. Cooksey has written me that you will not be back at Blue Springs until next Monday. I have passed this word along to the group here in town which is so anxious to have you visit for the opening of the Lowndes County "Cattle Auditorium". Please make every effort to come ! Sincerely, FRR/w

April 11, 1945 Mr. Cason Callaway Blue Springs Farm Hamilton, Georgia Dear Cason: Mr. P. H. Layfield was here this morning and, after showing him around the campus, I arranged for him to see Mr. Fleming Winn, of the C. and S. Bank, with whom I had previously talked on the telephone. Apparently, the money with which to buy the Lowndes County-Callaway farm is safely put away in the C. and S. Bank, but those who have sponsored it are not able to find a suitable farm that is for sale. I do hope that you and Mrs. Callaway can pay us a visit some time in the near future. I am particularly anxious to have you see both the college, which I hope has improved somewhat since you last saw it, and also the new Cattle Auditorium. Dr. Sanford and Dr. Jarnegan were both very much impressed with the cattle industry in this section. I have exactly one bottle of Old Taylor --so don't wait too long! Sincerely, FRR/W

Drace Compbell 915 Oak Street Valdesta Georgia

Door Hro. Compbell:

Dr. F.S. Beers, University Examiner, has sent me the enclosed copy of Strong's vocational test with solf-explanatory directions. He thinks that Frank might profit by taking this test, and tells me that it will have to be sent to the Statistical Research Bureau, Columbia University, New York City, for scoring. Scores are reported as plus or minus A, B, G, "indicating rough measures of consonence between the subject's interest and those of the occupations designated.

From that I wrote him, after talking at some length with Frank, Dr. Boors believes that it will be well for him to "get away from home", and he does not advise that he go to a military school unless the military is incidental. He feels, as I do, and as I am sure you do, that the boy has been unusually dependent upon you, as has been natural, for a long time, — and that it should do him a lot of good to have to make decisions for himself.

I believe that Paylor is one of the best preparatory schools in this part of the country, and I hope that they will be able to make it possible for you to send Frank there for a year, if he wishes to go, and you are able to send him.

A year away from home, particularly a year that will fortify him in his studies, ought to be profitable to him even if he goes no further, and certainly should better prepare him for college if he does wish to continue his formal education.

I shall be glad to talk with Frank again, or with you, after he gots back from Chattanooga. With all good wishes, I am, President Sincerely yours, P.S. When you send Frank's test to Columbia, I think it would be well for you to mention that it came from Dr. Beers, - and I suppose they will let you know what their charge is for grading it. Perhaps you will wish to inquire about this before sending the test to Columbia. ALLENS OF COLUMNS CANADA CANADA AND CANADA AND CANADA CANA PRREL

My dear Mr. Keppel:

President Frank Reade of the Georgia State
Womans College of Valdosta, Georgia, tells me that he
is making application to the Carnegie Corporation for
some aid in developing their work in music at Valdosta.
I told Mr. Reade that I should be very glad to write
you to second his application because I have some first
hand knowledge of the college and a great deal of interest
in it.

I went down to the Georgia State Womans College in January to speak at the Fiftieth Anniversary. I met members of the Faculty and saw the equipment of the college. More than that I know the needs of Georgia in its development of liberal arts work in that part of the state. I am a Georgian native born and know that the girls in our state do not have opportunities for developing interests and understanding of art and music such as girls in this part of the country have, for instance. I shall be only too happy if the Carnegie Corporation finds it possible to extend some assistance to President Reade and the Faculty in building up their music and art work in the Georgia State Womans College.

With cordial greetings, I am Sincerely yours,

Dear Miss Hinton:

The pamphlet which you sent me is a sketch of Von Borcke by Major Hume, and what I had hoped to get was Von Borcke's own Memoirs of the Confederate War for Independence.

It may be that someone sent the wrong thing by mistake.

I am returning the Hume pamphlet to you to-day. Please keep a record of what I owe you by way of postage, as I know that the Carnegie Library in Atlanta has never been surfeited with riches.

### 5 March 1940

Mr. Wirt Cate 507 North 14th Street Nashville, Tennessee

Dear Wirt:

I hasten to thank you for your letter of December 31, 1939!

You came mighty close to picking the right score for the Tech-Missouri game, but Tech was even better than you thought. Wish we could have seen the game together.

Harmon Caldwell is looking around for a Dean of the Graduate School at Athens. He would like to find some one in English, or history, or the languages rather than in Math. The Dean would probably do a little teaching, perhaps one course a quarter. Harmon is also looking about for an English Department head. (I suppose all of this is rather confidential.)

I have written to Harmon and have made several suggestions. Among them I have told him something about you and he may write to ask you to come to Athens for a conference. I do not know whether you are still interested in getting back into the teaching game, whether you might be fitted for dean's work, or what. However, I see no harm in recommending you! I have also told Harmon that you know several of the once young Nashville intellectuals, one of whom he mentioned to me as having been recommended to him for the Deanship. By the way, John Wade probably is giving up his work in Athens.

If you are not interested in either of these jobs you at least have lots of contacts which would be helpful to Harmon, though you might not have to go all the way to Athens so long as the mails run regularly.

By the way, have you ever finished your Ph.D. work at Harvard? If not, how long would it take you to do so, --- or do you plan to stick to your writing and forget the doctorate?

Still hoping to see you sometime soon,

Sincerely,

March 5, 1941

Mr. Wirt Cate 507 North 14th Street Nashville, Tennessee

Dear Wirt:

A bolt from the well-known blue!

I want you, at your earliest convenience, and with assurance that your expenses will be paid, to take the Florida Arrow, leaving Nashville at 7:40 A. M. and reaching Valdosta at 8:53 P. M., --- on whatever day suits you, provided you can get here not later than the 10th or 11th, and can stay for a couple of days.

We are laying a lot of plans (I almost said eggs) for next year, and we need your help on a project in which I believe you will be interested. It's too late in the day for me to write you a detailed letter. All I need to know now is whether you are at liberty to spend three or four days on what may be a wild goose chase. If you can leave the morning after you get this letter, that will suit me just fine!

Nothing ventured, --- no fun!

Sincerely,

P. S. Please wire me when to expect you.

March 8, 1941 Mr. Wirt Cate 507 North 14th Street Nashville, Tennessee Dear Wirt: So sorry to learn that you cannot get to Valdosta at this time. I am wondering if it would be possible for you to come to Atlanta and see me for a couple of hours on Sunday, March 16? You might be able to get a night sleeper our of Nashville on Saturday, and a train back Sunday afternoon, so that only one day instead of the suggested four would be taken out of your life! If you don't do justice to my ancestors in your Social History of Richmond, --- well, I won't care very much; They were Robertsons, Bowlings, Triggs, Prestons, and others whose ancient and distinguished families have practically run to seed. Sincerely, FRR/ar

October 1, 1942

Mr. Wirt Cate 507 North 14th Street Nashville, Tennessee

Dear Wirt:

I hasten to answer your letter of August 16: The Willoughby Reade "who gave readings in Richmond in the late 'seventies or 'eighties" was my grandfather. Dad, as you know, has done a good deal of public reading, but not quite as soon as that. Dad was born in London in 1865 and came to this country with his father when he was about seven years old, or around 1872. They went first to Canada and then came to the United States. Dad was seventy-seven last summer, and he is now teaching at the High School, --- his forty-eighth consecutive session. I think he wants to round out at least a full half century:

Please give my regards to Littleton Wickhan when you settle this argument with him.

If you have time for it, I shall appreciate your sending me, in telegraphic style, something of what you are saying about Wyndham Robertson in your new book. By the way, when will this book be off the press?

With best wishes for yourself and for your continued success, Sincerely,

Many thanks for your Christmas note. I am returning the compliment by enclosing one of our Christmas cards, --- even though a little late.

Is there any chance of your coming down to see us this winter? I am still hoping to see you again in "Family Portrait", --- and don't see why you shouldn't come down to Valdesta and play the part of Mary, provided we take care of the other parts! What about it?

In Mohmond you might reach out and pick Bob Porterfield up and bring him along.

Hope this letter reaches you without taking the long journey that the other one did! Drop me a line when you get a chance, give our love to Harriet, and keep a reasonable share for yourself.

Miss Norma Chambers 246 West 11th Street New York City

Dear Morma:

I see by the Abingdon paper of March 6, which has just reached me, that Bob Porterfield has crashed the movies! The Barter Theatre connection reminded me of you (as if I needed that!)....

I don't know whether narriet litzgerald and you are still rooming together or not, but if not, you doubtless know where she is, and can allow her this letter, which is for both of you.

In laying plans for next year here at the college, I am hoping to bring in a few people, young, able, enthusiastic, --- particularly in the Pine arts, -- not as plain old school teachers, but rather as "visitors, ministers without portfolio", who would keep the college in a dither about painting and acting and singing and dancing. . . . . .

As I know that both you and Harriet are missionaries, if not reformers at heart, I am wondering what it would take to lure you away from New lork and into the deep South of Valdosta, --- and by that I mean how much money, in addition to your living expenses, --- from September 15 to June 1 with a couple of weeks off at Christmas?

Maybe I'm nuts. Maybe you and harriet are too.

Sincerely,

Dear Mr. Simpson:

I understand from Chancellor Sanford that he wishes us to prepare our budget for 1938-39 within the next six weeks. This budget will become effective on July 1.

If you wish to come over to Valdosta and inspect our buildings between now and say March 1, I shall make every effort to have your figure included in the budget for next year under the general heading of necessary repairs. I cannot, of course, guarantee that the Regents will approve this item, or that we shall even have money enough to include it. However, it will certainly do no harm for you to make another estimate.

Mrs. Manolita H. Chesnut Chairman, Committee on Admissions Charity Hospital School of Nursing New Orleans 12. Louisiana

Dear Mrs. Chesnut

Miss Garden came today to take the psychological examination, which was administered by Miss Lorene Herndon, of our education department. The test booklet and answer sheet are inclosed.

Each of us (Miss Herndon and I) had a chat with Miss Gardner. Some of the facts we learned about her you doubtless already know from her application and other forms which you probably request applicants to file with you. She was graduated from high school in 1948 and has worked as a waitress and as a clerk and, recently, as a practical nurse. She said that her high school grades were average, and that the subject with which she had the most difficulty was mathematics. Her father, a native of Gorgia, has been in the navy for thirty years and expects to be retard shortly. Her mother is a native of Nebraska, and the family lived for a number of years in San Diego, California, moving back to Georgia some nine years ago. Miss Gardner has two younger brothers, one a first-year college student in San Diego, the other in grade school.

I am afraid that Miss Gardkar's personal appearance is not much in her favor,— though it is not against her, either. She is certainly neat and clean and modestly dressed, but her appearance is not characterized by any especial attractiveness. She is small, but she looks strong. Her personality, Miss Herndon and I agree, is about in the same category as her personal appearance. She is agreeable enough, responding to questions, etc., but she does not volunteer information or supply any elaboration of statements which might come under the heading of "conversation."

Miss Herndon and I feel that Miss Garden appears to be a hard-working, conscientious person, earnest and sincere, who would carry out, to the best of her ability, any task or work outlined for her. We do not feel that her efforts would be characterized by any especial initiative or flashes of brilliance. — But of course in all this we could be quite wrong, for we saw her only briefly.

Sincerely yours

Mrs. William M. Thomas Registrar

Another applicant to our School of Nursing is scheduled to take the A. C. E. Psychological examination. She is Miss Leila Hoover, 1015 Johnson, Valdosta, Georgia. I have instructed Miss Hoover to contact you regarding the time and place of the examination. After you have administered the enclosed examination, please return the booklet and answer sheet in the enclosed pre-paid postage envelope. We shall appreciate any information which you are able to give us concerning Miss Hoover's personal appearance, personality and attitude, maturity and any observations that you have made upon seeing the applicant only once. We are also enclosing a Personality Inventory for Miss Hoover to complete. It is self-administering, but we would appreciate your cautioning Miss Hoover to answer all statements truthfully otherwise the results will be invalid. Again, may I say that we are grateful for your time and effort in testing our applicants. Very sincerely, Wanolita H. Chesnut (Mrs.) Manolita H. Mrs. Manolita H. Chesnut Chairman Committee on Admissions School of Nursing Charity Hospital of Louisiana New Orleans 12, Louisiana

Dear Mrs. Chesnut

Leila Hoover came for her tests on Saturday morning. The tests were administered according to instructions (I gave the psychological first), and they are returned to you, inclosed.

Leila tells me that her interest in nursing dates from a nine-month's stay in a hospital when she was four or five years old, a sufferer from eczema. Forbidden sweets, she was presented by the nurses with a "cake" for her birthday, (which she celebrated in the hospital) consisting of an iced and decorated hot plate cover! Rides on the linen cart, visits from the nurses,— all in all, she presents a picture of pleasant hospital memories. Her especial friend made during those days is a nurse, now in her seventies and now retired, whom Leila sees when she visits in Illinois in the summers.

I found Leila to be a pleasant young woman, neat a well-dressed, cooperative. She tells me that she is to go to New Orleans war an interview. I believe that she is well worth your further consideration, provided the test scores meet your requirements. In other words, if you should consider my opinion as a sort of "screening," then she has passed that test? Leila tells me that biology and chemistry were subjects she especially liked in high school, and that (when I asked her the question) she considers ability to get along with people and a liking for people one of the most important personal characteristics which a nurse should possess, and that she thinks she measures up in that respect.

Sincerely yours

Valdosta, Georgia, Dear Dr. Reade:-You can readily appreciate the fact that the proper and intelligent planning of an educational building places a premium on experience in planning that particular type of work; and our organization is able to offer you just that kind of experienced service for any building project you may have proposed at Valdosta. Competent professional advice will relieve you of much responsibility in the working out of many details which, otherwise, could become burdensome. We are advised that the Regents are leaving the selection of the Architects for postwar projects to the Presidents of the respective Colleges. In event a selection has not been made on your proposed work, we would greatly appreciate the opportunity of submitting our background data and discussing the matter with you. The enclosed gives you some idea as to our work; and I am sure that the State Department of Education is familiar with the type of service we render and could answer any inquiry which you may wish to make. Many thanks for your kindness.

Sincerely yours,

FRR/w Enc. Mr. T. M. McComb Thomasville Georgia

Dear Mr. McComb:

A hundred and fifteen of our students and faculty members bought and paid for tickets to the Cincinnati Symphony before they left a day or two ago for spring vacation. Since then I have been able to dispose of sixteen at the Valdosta High School. This makes a total of 131 tickets sold, and I shall ask our treasurer to send you a check for \$235.80. His office is closed this afternoon, but he will forward the check tomorrow or Monday.

I am sending the remaining tickets to you this afternoon by express. The post office is closed, and will be closed tomorrow; so I can not insure or register the tickets, —but can send them by express, properly valued. They ought to reach the Thomasville office late tonight; so you can get them tomorrow.

I feel sure that everyone from here will enjoy the Cincinnati Symphony a great deal, and I want to thank you again for your many courtesies.

Dear Camble:

My washwoman, Salome Geathers, 415 West Street, has two daughters. Salome has always been most embitious for these girls, and, chiefly by keeping her head in a wash tub for years, she has been able to do a great deal for them.

The older daughter, Kathleen Geathers, attended the state college at Fort Valley. This was made possible by a loan from a friend of this college. The girl has been teaching at Georgetown, Georgia, since September, and is making regular repayments on her loan out of her small monthly salary.

On yesterday, Salome told me that she understood there was an opening for a teacher in the primary grades at the Magnolia Street School. It would be a great help to her if her daughter could get this position, as Salome, who lives alone, could have at least one of her daughters with her. The younger daughter, Azarie, is now attending Payne College in Augusta.

into this matter and let me know if there is a chance of Kathleen's being appointed to the Magnolia School vacancy. The girl did very well at Fort Valley, and I think would make a very acceptable teacher in the primary grades.

Our gray horse, Tony, is having some more foot trouble, --- and nobody down here knows what to do for him.

You will remember that Tony had a bad quartercrack which you somehow managed to cure. Maybe it was black magic! He has developed another crack, and his hoof is bleeding a little. We are not using him right now. He had the same sort of trouble last summer, but apparently got over it after about a week!s rest.

There are a couple of vets here and at Moody Field, but they don't know what to do. Can you make any suggestions? And is there any chance of your being in Valdosta any time soon? If so, please call me.

Dear Dr. Clower:

Many thanks for your help in connection with Tony, our fine gray horse. Tony is getting along in years, but he is too valuable an animal, in that he is so well trained, to see or give away.

Niss Laura Mae Youngblood, and I shall appreciate it a great deal if you will write directly to her at Jesup. Miss Youngblood graduated here in March, with a major in Biology. She has been a brilliant student throughout her college career, and was the only one to graduate with honors in March. She has had only one course in Bacteriology, which is written up in our catalogue as follows: "390. General Bacteriology. Three recitations or lectures and two double laboratory periods a week for one quarter. . . The isolation, culture, and recognition of common micro-organisms together with a consideration of practical problems in sanitation, food preservation, and disease."

Personally, I had rather have a bright person like Miss Youngblood around than some dull gal who has had more work in an inferior college! I think you would not have to tell her anything more than once, and I feel sure that she is able to follow directions and that she will learn new things easily.

I think that Miss Youngblood would be glad to go to Atlanta for a conference, if you think there is a possibility of your being able to offer her a position. I am sending her a copy of this letter for her information.

Dear Frank:

I certainly am obliged to you for answering my letter so soon, and so optimistically also.

You asked me what my present salary was. It is \$1100 and living. A salary of \$1500 and upwards would tempt me to make a change. You also mentioned living in and having general supervision over a student dormitory. That is right up my alley, so to speak. For four years I have lived in a student dormitory, and have had complete charge of the building, including students and faculty for three years. There are approximately 140 people in this building.

My experience has been with students ranging between the ages of 13 and 21, and the faculty starts at about 25, and goes up to what we in the horse world would call "aged".

If there are one or two possibilities down there I should like very much to talk to you about them. My spring vacation starts on March 20, and two of my friends and I are planning a vacation south. I have a sister in Athens, Georgia, and am acquiring a sister-in-law from Atlanta. Will you be around about that time, so that I could drop in some afternoon to see you?

President John Stewart Bryan
William and Mary College
Williamsburg
Virginia

Dear Mr. Bryan:

For the past year or two, this College has been interested in exchanging teachers with other colleges, in the interest both of teachers and students! Last year, for example, we exchanged a home economics teacher with the University of Tennessee, and this year we are exchanging a professor of education with the University of Georgia.

I am wondering if it would be possible for you to exchange your Dr. Olive Stone with our Dr. Elinor Nims Brink for the coming winter quarter. Dr. Brink, who has been married for only a year or two, is better known in sociology and social service gatherings as Elinor Nims. She has had splendid training, and is a very able teacher. We know something here of Dr. Stone, and feel sure that she would be a fine person to carry on Dr. Brink's work this winter.

I have not written to Dr. Stone. Indeed, she does not know me from Adam's well-known house cat! If we can effect an exchange, such minor details as salaries, living quarters, and the like, can be worked out later.

As one old High School boy to another, I must tell you that we are interested in having Dr. Stone here for the winter quarter so that we can "give her the once-over" in the event that we may wish a year or two hence to offer her a position here as dean of women. Dr. Stone has done this sort of administrative work, and the position here would probably include some teaching in her field.

If Miss Stone is not interested in being offered such a position a year or two hence, we still would like to have her as exchange professor during the coming winter quarter. I shall not write to her until I hear something from you.

With kind personal regards, and hoping to see you again, - certainly before the next Centennial, - I am,

Sincerely yours,

WILLIAMSBURG, VIRGINIA

December 2, 1940

Dr. Frank R. Reade, President Georgia State Woman's College Valdosta, Georgia

Dear President Reade

Dr. Olive Stone happens to be on the staff of the Richmond Professional Institute, which is a branch of The College of William and Mary. Dr. Stone states that she is not interested in the position of Dean of Women or any other form of administrative work, though she greatly appreciates your inquiry regarding her and yourinterest in her work. She is thoroughly in sympathy with the practice of exchanging professors, but she realizes the difficulty of working it out between two colleges, one of which operates on the semester basis and the other on the quarter system.

In addition to the foregoing the Dean of the Richmond Professional Institute says that he does not see how he can cooperate with you in this matter, anxious as he would be to serve you; therefore, I fear that nothing can be done to meet your request.

With regret at not being able to meet your suggestion, and with kindest regards, I am

Dear Mr. Foster:

If the following information merits a \$5.00 reward, I shall be glad to pass it along to our Student War Bond Scholarship Fund, which is being istablished to make it possible for poor but worthy students to attend college after the war.

Rosin is defined as the hard resin, amber-colored to almost black, left after distilling off the volatile oil of turpentine.

There are thirteen grades of rosin, each recognized throughout the industry by a sort of pet name. In order of ascending purity, and price, they run: Betsy; Dolly; Ed; Frank; George; Harry; Isaac; Kate; Mary; Nancy; William; Water White; and X. In market reports, these names or grades are indicated by initials.

X is used in the manufacture of the best grade varnishes and plastics, W. W. and WG in varnishes, N-M-K-I in medium priced scaps, H-G-F-E in paper sizing, and D and B in ink.

For proof of the above, I need only say that these facts were given me by Mr. G. P. Robinson, Vice-President, Turpentine and Rosin Factors, Incorporated. This is the largest naval stores outfit in the world.

TEACHERS COLLEGE COLUMBIA UNIVERSITY NEW YORK DIVISION OF STUDENT PERSONNEL OFFICE OF THE SECRETARY November 20, 1940 Mrs. W. M. Thomas, Registrar Georgia State Woman's College Valdosta, Georgia My dear Mrs. Thomas We have recently received an application for admission to graduate standing in Teachers College from a student who received the degree of Bachelor of Arts from LaGrange College in May 1939. We have had little experience in evaluating credentials presented from LaGrange College and shall appreciate it, therefore, if you will advise us of your own policy in admitting students to Georgia State Woman's College from LaGrange College. Any statements you may be able to make regarding the standing of the school and the quality of work done in recent years at LaGrange College will be greatly appreciated. Your statements, of course, will be held in confidence. Very truly yours HJ AC

Miss Hattie Jarmon Division of Student Personnel Teachers College Columbia University New York, N. Y.

Dear Miss Jarmon:

Thank you for your letter of November 20. As LaGrange College is not accredited by the Southern Association of Colleges and Secondary Schools, students transferring from that institution to this would be required to validate their previous work either by examination or by advanced courses (passed with a grade of C or better) in each department in which they present credits.

You understand, of course, that the Georgia State Womans College grants only the bachelor's degree. Statements as to the quality of work of LaGrange College graduates should be secured from the University of Georgia, Athens, Emory University, Atlanta, or Mercer University, Macon.

Assuring you of our desire to cooperate with you in any way possible, I am

Sincerely yours

March 24, 1945

Registrar Columbia University New York, New York

Dear Sir:

In the past, we have required graduation from an accredited high school before admitting students to this institution. Last fall, however, we admitted a student who had finished eleven years in a twelve-year system (many accredited Georgia high schools have only eleven years). This student had maintained a straight A average in high school.

On the placement tests (psychology, English, mathematics, science, and social science) she stood in the top ten per cent of entering freshmen, and she made our Dean's List both fall and winter quarters.

This student submitted high school units as follows: English (3); Latin (3); history (2); mathematics (3); home economics (1); chorus (1); victory Corps  $(\frac{1}{4})$ ; gymnasium  $(\frac{1}{4})$ .

It has been suggested that if this student, after getting an A. B. degree here, should wish to do graduate work at Columbia, there might be some difficulty about her records. I shall appreciate it a great deal if you will give me your opinion on this matter.

With all good wishes, I am,

Sincerely yours,

Dear Mrs. Thomas:

It will be greatly appreciated if you would send us a copy of the official catalogue, or the catalogues of the different Colleges, of your institution, and if possible a directory of officers, as an aid to this Committee in its operations.

As you doubtless know, this Committee is concerned with the initial selection of professors and research scholars receiving awards under the Government Educational Exchange Program (Public Law 584, The Fulbright Act). The Committee is also responsible for reviewing applications for Travel Grant Awards received from foreign professors and research scholars desiring to come to the United States under the same program. In both of these instances, the office staff of the Committee finds constant need for the reference material contained in college and university official publications.

15 December 1938 Hr. Ray Cooper Care of Supt. J.E. Burgess Hehira Georgia Dear Hr. Cooper: I was sorry to miss you when you came by the College to see me some days ago. After the Christmas holidays, I want to talk to you about the possibility of using your school bus occasionally on Saturdays and Sundays. Hr. Folson has already talked to you about this suggestion, I believe. Just give me a ring at 758 at some time convenient to you after the first of the year, and we can arrange for a time to talk about the matter. Sincerely yours, President FRU:L

11 January 1939 Mr. Ray Cooper Care of Supt. J.E. Burgess Hohira Georgia Dear Mr. Cooper: Since talking with you on the tolephone, I have had a letter from the Secretary of the Public Service Com-mission which, I think, is all that we shall need to allow you to transport our students on week-end trips without your being required to buy any license other than the one you now have. I shall appreciate it if you can get in touch with me some time soon, so that I may see your 'bus and talk with you about some proposed trips. Sincerely yours, President FIR:L

Camp Glenrochie, Abingdon, Virginia, June 20, 1943.

Mr. Fred Cook, OPA Rationing Board, Valdosta, Georgia.

Dear Mr. Cook:

I do not know whether Dr. Farbar has applied to you for special gas to enable her to drive up here on or about June 29; so I am writing you this letter and sending Dr. Farbar a copy of it in case she has not already gotten an alletment from you.

We shall have more than sixty girls in camp here this summer, and, as so many doctors have gone into the various armed services, it will be very difficult for us to have proper medical care unless we can be assured of Dr. Farbar's services.

Dr. Farbar will also bring Miss Ruth Reid, who is to direct our sports program, with her; and also Miss Reid's younger sister.

As you know, train accommodations are almost impossible to get, and we particularly want Dr. Farbar to have her ear here in case of an emergency, as we are more than two miles from the Abingdon hospital.

Forty gallons of gas, I think, will be sufficient.

With all good wishes, and thanking you for past favors, I am

Sincerely yours,

#### FRR/ar

P.S. I am enclosing three B units that were not needed to make the trip up here, as I did not have to go by way of Atlanta, and thereby saved about 75 miles. These, together with the 27 gallons I turned back to you before leaving Valdosta, total a little over 39 gallons for the 42 you gave me!

December 16, 1943

Mr. Fred Cook, War Price and Rationing Board, Valdosta, Georgia.

Dear Mr. Cook:

For your information, Mr. Simpson authorized us here at the College to pull the proper stamps out of the girls' ration books at the end of each quarter of the school year. We have done this for the first quarter, and a day or two ago, when you were out of the office, I handed Mrs. Brooks three envelopes, --- one containing 56,324 brown points, another containing 45,363 blue points, and a third containing an uncounted lot of odd stamps which our dietitian has collected from hither and yon, --- from transients, day students, and the like.

would be right and proper for me to turn these stamps in to you for destruction, or whatever word the OPA uses for it. We are conforming to regulations to the best of our ability, and I hope and believe that you are genuinely pleased with us! We will be back in January for another two months, allotment.

With all good wishes, I am

Sincerely yours,

P. S. Personally, I am practically out of gasoline; When I asked for "B" gasoline, the little old coupons were worth three gallons each and I was supposed to get fifteen miles on each gallon. The OPA cut back to two gallons per coupon, --- and my old jalopy does not get but ten miles to the gallon. Briefly, will you be good enough to mail me a blank for additional gasoline ration request?

Mr. George B. Cook 119 West Central Avenue Valdosta, Georgia

Dear George:

All of us here at the Georgia State Womans College are deeply interested in the fine work that is being done by the Georgia Citizen's Council, and I hope that the Youth Division will accept Valdosta's invitation to hold its annual workshop here on August229 and 30.

As you know, this college has run an accelerated program ever since Pearl Harbor. This has meant continuous operation of the college during the war years, and it is vitally necessary that we have only a six-weeks summer session this year so that the plant can be closed during August for essential repairs.

I am very sorry that it will not be possible for us to offer either dormitory space or meals to the members of the Georgia Citizen's Council and the Youth Division, but we shall be glad to have them take advantage of any other facilities such as our auditorium, swimming pool, play grounds, and so on.

If the conference is held here in late August, I shall discuss all details with Mr. Clifton White, of our faculty. He will work with you in helping to make the conference as successful as we all hope it will be.

With kind personal regards, and again assuring you of our interest, I am

Sincerely yours,

October 24, 1949

Mr. Frank M. Hughes, Superintendent Cook County Schools Adel, Georgia

Dear Mr. Hughes:

We should like to have a representative at your teachers meeting tomorrow night, (October 25), to discuss the possibility of extension work. Please telephone Dr. Thaxton (collect) — number 435 — if you will have time for us at the meeting.

8 April 1940 Mr. Roy Cooper Barretts, Georgia Dear Mr. Cooper: Our Fine Arts Club, some twenty or twenty-five girls, wishes to go over to Thomasville on Friday afternoon, April 26. Will it be possible for you to take them? And how early on Friday afternoon could you get away? The round trip would be about one hundred miles, and I believe you hauled the girls last year for ten cents a mile, which would make ten dollars for the trip if that is agreeable to you. Please call me on the telephone as soon as you can. If I am not here, you can give the information to Miss Larsen, who probably will answer the phone when you call. Sincerely yours, FRR/ar

To the President of Ga. State College for Women, Valdosta, Ga.

Dear Mr. President:

My "History of Colquitt County" is a lot more than a .ocal enterprize. More than 60 per cent. of its contents has a definite educational value, and are of interest to all citizens of Georgia and Florida. Copies of this work are being placed in the libraries of all, or nearly all the educational libraries of Georgis.

A special libraty price of \$2.50 is made to libraries. May I mail you a copy? The book is made for all coming time, with the best of everything----paper, binding illustrations and print. Mechanically it is a gem of the printers' art.

Yours very truly,

Mr. N. J. Cowart Atlanta, Georgia

Dear Cowart:

For a number of years, we have felt the necessity of having the Oxford English Dictionary in our library. However, as you know, we have had to "cut back" on books very much, and we have never felt justified in getting this particular set of books.

In the very near future, a commission is to make a survey of all University System units. When they get to our library, the first question will be, "Do you have the Oxford English Dictionary?" I feel, therefore, that it is to the best interests of the college not to buy certain other books but to put our money into something that we should have had for all these years. It has been on my must list for so long that I shall certainly be glad to scratch it off!

As for the 1941 Who's Who, --- it is now 1941 and we should have this volume at the earliest opportunity.

With kind Bersonal regards to you and Mrs. Cowart, and hoping that you will get down to see us again before long, I am

Colonel H. E. Cox Chief, Real Estate Branch Office of the Division Engineer 50 Whitehall Street Atlanta, Georgia

Dear Colonel Cox:

It is quite difficult for me to give you an intelligent picture of our situation here by means of a questionnaire. I am therefore sending you a copy of our catalogue, together with other illustrative material.

As you doubtless know, this institution is one of the senior units in the University System in Georgia. It is the only senior college in this large southwestern area of the state, but, as we offer only courses leading to the A.B. degree, our enrollment has never gone beyond 350. This year, perhaps because of political troubles plus the war, our enrollment is only about eighty per cent of that of last year, which in turn was lower than in previous years. Our largest percentage of loss has been in day students, as many of them have been able to secure positions at near-by Moody Field.

There are perhaps fifteen or twenty vacant double rooms in our dormitories which means that neither dining hall or other facilities are crowded.

We have a woman physician in residence, but our health service facilities are limited. However, there is a small hospital within a few hundred yards of the college. In athletics, we offer tennis, golf, horseback, swimming, and other sports.

There is considerable space available for drill purposes, as perhaps half of our sixty acre campus is cleared. The rest is encumbered by buildings and pine trees.

Our auditorium seats about 525 persons, and our laboratories are reasonably well equipped for chemistry, physics, and biology, home economics, art, and so on.

Page 2

As this unit of the University System could not make any definite commitment without the approval of the Board of Regents, and as the office of the Regents is in the State Capitol, it may be that you will wish to discuss matters with Chancellor S. V. Sanford regarding this and other state system units.

If I can give you any further information, please call on me.

Very truly yours,

FRR/ar

May 6, 1942 Colonel Tom Cranford Valdosta, Georgia Dear Colonel Cranford: Dr. Gulliver and Miss Patterson have just told me that you have very generously presented our library with a number of Chinese and Japanese books, and I am writing to thank you for your thought of us. It is my understanding that you are at liberty to withdraw any of these books from the library at any time you wish. I know that you are very busy, but I would like to talk to you for fifteen or twenty minutes some day this week if you can find time for it. Just give me a ring at 435. Sincerely yours, FRR/ar

June 10, 1941 Dr. G. T. Crozier 620 North Ashley St. Valdosta, Ga. Dear Dr. Croziers Some twelve or fifteen colored people are still living in the two-room shanty on Tobacco Road. Ex-cuse, I mean Hager Road. As I told you several weeks ago on the telephone, these people have, so far as I . know, neither any water supply nor any toilet facilities. The Villmans, the Reades, and the Ragers, all live within a few hundred yards of this shanty. In the interest of our own health, as well as in the interest of the colored people themselves, I do hope that you can have their situation remedied. With best wishes, I am, Sincerely yours. FRR/ek

October 6, 1944 Mr. Arthur Cummings Abingdony, Virginia Dear Arthum: Now that things have quieted down a little, I am writing to ask you about the possibility of your coming to Georgia and taking moving pictures ( and still pictures too) at the various units of the University System. Georgia, as you know, is a big state, and university units are scattered all over it, as follows: Senior Colleges: (1) The University of Georgia, at Athens. If you can come down, and if you can get gasoline, you would drive 120 miles to Ashville, 60 miles to Greenville, S. C., and 90 miles . to Athens. (2) The Georgia School of Technology is in Atlanta, 72 miles from Athens. (3) The University System Center (Evening College, Extension, etc.) is also in Atlanta. (4) The University of Georgia School of Medicine is at Augusta, which is not far from Columbia, S. C. (5) Georgia State College for Women is at Milledgeville, which is about 90 miles south of Atlanta. (6) Georgia Teachers' College is at States-burough, which is 50 miles north of Savanash. (7) Georgia State Womans College is at Valdosta, which is near the Florida line, 120 miles from Jacksonville.

## Junior Colleges:

- (8) Georgia Southwestern is at Americus.
  (9) West Georgia is at Carrollton.
- (10) Middle Georgia is at Cochran.
  These three colleges are all within striking distance of Macon, which, is 100 miles from Atlanta.
- (11) North Georgia is at Dahlonega, way up in the mountains.
- (12) South Georgia is at Douglas, about 50 miles from Valdosta.
- (13) Abraham Baldwin is at Tifton, 48 miles from Valdosta.

## Negro Colleges:

- (14) Albany State is at Albany, 90 miles from Valdosta.
- (15) Fort Valley is at Fort Valley, about 100 miles from Atlanta.
- (16) Georgia State is at Savannah.

In addition to these 16 colleges, there is an Experiment Station at Tifton, and another at Griffin, which is 40 miles from Macon.

My idea is to have a moving picture made that would not run for more than an hour; so the smaller colleges should have only a couple of minutes each, and the larger ones three or four minutes. Some time would have to be saved for showing charts and tables, but this might be done in some other way.

If you can come down and do this work, it ought to be started by October 15, as there will probably take several weeks, -- then the film will have to be processed, sound put on, and so on. The final film ought to be ready early in January.

If you feel that you can do this work, I'll get busy with preliminary plans, so that everything will be mapped out for you upon your arrival. I should also like to have you take several still pictures at this institution, which might be used in a University System View Book, which is under consideration. It seems to me that you will certainly have to have an automobile. If your car is in good shape, perhaps you can get the necessary gasoline from the Abingdon Board. If not, we may be able to get it for you in Georgia. I can write you later approximately how many miles you will have to travel. If for any reason you can not use your own car, you may be able to provide one for you. Several important questions: (1) How much kodachrome film will be needed to make a 60-minute picture? I imagine you would want to take at least 90 minutes' worth, just to be sure. (2) 1211 you pay to get this film? (3) If we pay all of your expenses, travel, hotel, meals, film for movies and still pictures -- how much will you charge for your services by the day or by the week? Don't be bashful, but don't be silly either! PLEASE let me hear something from you just as soon as you possibly can. Sincerely, FRR/bw

Thank you so much for your letter of April 11. My dear Cousin Mayhew:

Jean has asked me to send you the enclosed acknowledgment of the fifty dollars which you sent her from the Lamar estate earlier this month.

Several days ago, Jean received a form letter from the Chatham Savings and Loan Company, telling her that another three per cent dividend was to be paid to all holders of certificates in the G. A. Mercer Company, and asking that she present her certificate on or after December 11.

As I shall not be able to get to Savannah any time soon, I wonder if you will be good enough to have the enclosed certificate presented as requested, so that the bank may properly stamp it? I presume that they will send the check directly to Jean.

I am onclosing addressed, stamped envelope for the return of the certificate. Please have it registered.
