President Ed Gwathmey Converse College Spartanburg South Carolina

Dear Ed:

I know how busy you are at this time of year, but I shall appreciate it a great deal if you can let me have the information requested below so that I may have it before me at a meeting of our music faculty on Thursday.

- 1. In your music department, what is regarded as a reasonable teacher load?
- 2. In general, how is this load distributed? If private instruction only, how many students? If class hours also, how is this class work regarded by comparison with private work?
- 3. Do you require a certain minimum number of students before a class can be formed?
- 4. Is private instruction counted full time or as laboratory?
- 5. What credit does a student receive for practical work? How many hours a week is she supposed to practice?
- 6. Do you give any credit for extra-curricular work such as singing in the glee club?

With best wishes, I am,

Sincerely yours,

March 10,1938

Dr. Frank R Reade, President Georgia Teachers College Valdosta, Georgia.

Dear Dr. Reade:

Our choir is on tour south March 26-April 3. We are to give a concert in Hartsville, S.C. Sunday night and Deland, Fla., Tuesday night. We have Monday night between those dates open, which is Mar. 28. Would it be possible for us to give a program at your institution at that time?

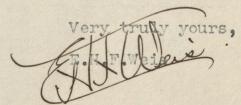

We usually sing in churches and schools on a collection basis. If you have an organization which wishes to raise money, we can book on a flat fee of \$50. We also work on a percentage basis with a minimum of \$25. and a 50-50 split over that amount.

About 40-42 singers are taken on the trip and they are grouped in twos or larger groups to suit convenience in homes, oridormitories. This is the only we can give these programs at such a low rate.

A copy of our program is enclosed with comments on our concerts. I hope you will take time to read what has been said of our programs in various places. We specialize in sacred a cappella music and try to leave a lasting impression wherever we sing.

Programs, posters, and mats for newspapers are furnished. I hope you can take advantage of this open date, Mar. 28th. If a pending booking does not materalize for Friday night April 1, it is possible that we can make your location on that night. We are to sing in Gainesville, Fla. on Mar. 31 and in Athens, Ga. at the University, Sat. April 2.

May I hear from you quite early so that we can reserve. If you do not look after this yourself, can you place this in the hands of the person who may be interested?

THE PROGRAM

SING AND PRAISE JEHOVAH (1524-1594) Palestrina Palestrina gave the ablest examples of polyphonic composition, to be sung a cappella, that were perfected in the sixteenth century. This composition is an exalted contrapuntal work with melodic phrases in all parts. The text is from Psalm 81, according to the

King James Version.

CHRISTUS FACTUS EST (1560-1614) Felice Anerio Anerio was the immediate successor to Palestrina and wrote for the Pontifical Choir at Rome. To keep the quality and mood of this composition, it is sung in the original Latin. "Jesus Once for Our

As BY THE STREAMS OF BABYLON (1575-1620) Thomas Campian Campian, a physician by profession, was a poet, dramatist, composer, and writer on music. His first book of Ayres from which this text is taken was published in 1601. This arrangement is by R. Nathaniel Dett. The music depicts the solemn mood of a people captured and taken from their native land.

Song of Praise (1585-1672) Heinrich Schutz Schutz, 'the father of German music' as he has been styled, was educated in the study of law. As organist and director of the cappella of the Elector Johann Georg of Saxony in Dresden, he introduced a new style of music of which this number is an example. It is a striking, joyful motet for eight-part double choir.

II

A double-chorus written in fugal style. The text is translated from the German by Rev. J. Troutbeck:

"Now shall the grace, and the strength, and the rule, and the might of our God and His Christ be declared, for he to naught is come, which hath reviled us day and night to God."

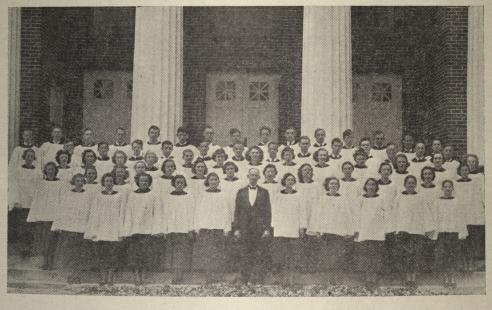

From Heaven Above (1539) Schumann

This arrangement is by F. Melius Christiansen, who uses the chorale as a cantus, with contrapuntal treatment and elaboration of melody. The text was written by Martin Luther, 1535.

LULLABY ON CHRISTMAS EVE F. Melius Christiansen A modern composition for soprano solo voice with humming accompaniment and imitation of Christmas Eve bells.

Now THANK WE ALL OUR GOD (1598-1662) Johann Cruger

Cruger was cantor at the church of St. Nicholas in Berlin. The familiar chorale melody is harmonized and arranged by Carl F. Mueller with translation by Catherine Winkworth. The women's and men's voices are heard separately in four part harmony, and, as a contrast, the men sing the choral in unison while the women have elaborated parts. The finale is a spirited theme in single parts alternated with short four part phrases.

AGNUS DEI (1866-1901) B. Kalinnikof	
A short but very effective composition by a gifted and short-lived Russian composer. The continued dissonance keeps a tenseness in the harmony until it melts into a beautiful major chord at the close.	
THE DAY OF JUDGMENT (1846-) A. Arkhangelsky	
The writer of this composition was a director of choirs from 1862 and began the use of women's voices in such choirs. His understanding of the use of mixed voices is apparent in this selection.	
GLORY TO THE TRINITY (1873-) S. Rachmaninoff	
A master of composition, Rachmaninoff shows the musical influence of Moscow clearly in this work. It is a composition of rapidly changing moods, very expressive of the text from the Russian Liturgy of S. John Chrysostom, with translation by Charles W. Douglas.

The composer until his death a few years ago was Dean of Music at Northwestern University. This motet for baritone solo voice and mixed chorus is freely declaimed, somewhat in the form of a dialogue. The text is by George Macdonald.

An anthem written and arranged from a choral tune by Sohren, 1645. The sopranos give out the melody. As it is taken by the tenors and basses, the sopranos and altos sing florid parts in elaborate counterpoint, somewhat in the style of descanting.

GUILFORD COLLEGE

Guilford College, the oldest co-educational college in the South and one of the hundred oldest institutions of higher learning in the United States, is beginning its second century of continued service. It was founded (1837) and has been guided by the Society of Friends (Quakers).

During the past century, the college has had an enviable history. Not only has it been a pioneer in co-education, but also in intercollegiate athletics, in co-operative housekeeping as a method of reducing student fees, in teachers' training, and in offering major work in music for the A. B. degree. Courses in art and public speaking have been added this year. Other additions and revisions are being considered to meet economic, cultural, and social needs of present day living.

Music is one of twelve departments in which a student may major. Courses in theory, music education, voice, piano, organ, violin, and other orchestral instruments are offered. In addition to major courses, the department, through music appreciation and general theory, the Choir, the Orchestra, the Community Choral Society, and the Guilford County Music Festival, diffuses a cultural tone throughout the entire college and community life.

THE A CAPPELLA CHOIR

This year the Choir is completing a decade of active service as a distinctive organization of the College. It was founded during the season 1928-29 by Prof. Max Noah. This organization is managed and directed through the music department, although membership is drawn from the entire student body.

The Choir sings for occasional chapel programs and special academic exercises on the campus. During the year, programs are given in neighboring communities and in many towns and cities throughout the state. Each spring an extended tour is taken into other states. Programs have been given in such centers as Washington, Baltimore, Cincinnati, Philadelphia, and New York City, including NBC and CBS broadcasts.

At the opening of this season, applications for membership included students from eleven states. All new students are required to pass a course in elementary theory of music before they are considered regular members of the Choir. Most of the members sing in the Choir from two to four years, which gives each a memorized repertoire of forty to fifty of the finest a cappella numbers chosen from great composers of all periods in the development of choral literature.

The Choir has carried on the pioneering traditions of the College by being the first organization of its type in a Southern institution, and has won commendation wherever it has appeared. It reflects the spirit of Guilford College—its sincerity, thoroughness, friendliness—which permeates all organizations, customs, and traditions of the institution.

CRITICAL COMMENT—TOUR 1936-37

Washington, D. C. (Dr. A. P. Wilson, Columbia Heights Christian Church). "The coming of the choir presents a program that inevitably changes the standards of music in the cities where they give their concerts. The local choirs are inspired to reach out to greater heights. I believe that it is not only an entertaining feature of the highest possible order, but it is making a definite contribution to the music life of the church."

Louisville, Ky. (Donald C. Gilley, with Henry Pilcher's Sons, Inc.) "I was especially interested in your choir program and let me compliment you upon the excellence of your repertoire. It is as interesting a selection of choral music as it has been my privilege to see for some time."

SALEM, N. J. (Mrs. J. Donald Woodward, Friends Meeting). "Mr. Woodward has heard many favorable comments on your fine choir, not only at the local men's club, but at the DuPont Chemical Plant. Now, when Salem men talk about a choir's concert without a single adverse criticism, that choir is good. Members of the various churches look forward to having you in their churches sometime."

Hampton, Va. (Prof. F. R. Jenkins, Chairman Entertainment Committee). "I wish to take this opportunity to thank you and your choir once again for the very fine concert here on last Tuesday evening. We have heard a number of favorable comments upon the success of your program."

Southern Pines, N. C. (Alfred B. Yoemens, Pres. Southern Pines Music Society). "On behalf of the Southern Pines Music Society allow me to express our very great appreciation of your concert here on Sunday evening. It was great music greatly interpreted—what more can I say? I hope your choir is receiving the wide hearing it should have in the interest of fine music."

**CHICAGO, ILL. (Frank B. Cookson, Educational Music Bureau, Inc.). "Thanks for your program which you included in your letter. One cannot help but wish that all choir directors would be so particular in their choice of material as you are."

Danville, Va. (Hallie B. McMillian, Director Stratford College Music Department). "We are delighted that your splendid organization is to sing for us again and we look forward with interest to their coming." (Sponsored by the Danville Music Study Club).

New York City (Benjamine Doane, Clerk Supreme Court, N. Y., First Division). "I would like to express my appreciation for Dr. Weis' achievement in welding into a unified instrument of harmony the young men and women of his A Cappella Choir, who when they come to him have little but capacity for development at his hands. Their rendition of the beautiful classics made true symphonies of song."

President Frank R. Reade Georgia State Womans College Valdosta, Georgia

Dear Frank:

You are very thoughtful to write me about Professor Nabokov. He is due to arrive in Sewanee in a few hours. Your letter kindles considerably my interest in his visit.

I hope all goes well with you. I know you are doing a grand job at the Georgia State Womans College. I am sure that you realize your good fortune of being President of a woman's college. The problems that face the men's colleges at this time are very baffling and really quite alarming.

With best wishes, I am

Vice-Chancellor Alex Guerry, University of the South, Sewance, Tennessee. Dear Alex: Our dean, Dr. Lean J. Hawks, is in a predicament. It may be that you can help her and me. Her mother, who is past eighty-five, has been ill for several months. The weather her from now on is likely to be very hot and sultry, and the doctors feel that she would do much better if she could go by ambulance to her son's home on the mountain above Chattanooga. At times, Mrs. Hawks really has been desperately ill, but there is a chance that she may live on for a year or more even though it seems unlikely that she will ever be entirely well again. Dr. Hawks is showing the strain of having to be with her mother so much, and her brother wishes to share some of the responsibility with her. Dr. Hawks is able to have day and night nurses with her mother, but feels that she ought to continue her teaching, particularly as her mother's long illness has been most expensive. Dr. Hawks did her undergraduate work at Goucher, got her Ph. D. from the Johns Hopkins. She is about sixty. For the past six or eight years, she has been Dean of Instruction here and head of the department of mathematics. She is really a splendid math teacher, and she would be able also to teach Chemistry, if necessary. She is probably the best dean in our University System, knows a great deal about testing programs, personnel work, and the like. She is practically invaluable to me, but, unless her mother dies or gets well this summer, I don't think that she could continue her work here satisfactorily. Nor does she. With your knowledge of the situation in and around Chattanooga, I am wondering if it Way be possible for us effect some kind of exchange for next year, provided Mrs. Hawks improves and could be looked after in the Chattanooga home? I would need someone to teach mathematics and, if our Dr. Hellund is drafted, two courses in beginning physics. I don't know what I would do about the dean's work, but we might be able to handle that through a committee.

May 27, 1942

Page 2 I don't suppose that women are employed as teachers either at Sewanee or at Baylor or McCallie, but there might be a place for Dr. Hawks at the University of Chattanooga, --- or even at Sewanee if enough of your men are called away: Indeed, Dr. Hawks might fit into an executive job at almost any sort of institution, and I would be glad to try to get someone from somewhere else to teach for her next year. The idea would be that Dr. Hawks would be on leave, and that she would eventually come back to us, I shall appreciate it if you will look into this matter at your convenience and let me hear something from you reasonably soon. With all good wishes, I am Sincerely yours, FRR/ar

May 12, 1942 Vice-Chancellor Alex Guerry University of the South Sewance, Tennessee Dear Alex: I was only too glad to post your summer school bulletin in a prominent place on our student bulletin board, --- particularly since this poster was prepared by the Blue Key Fraternity! By the way, have Sewance's honorary degrees been announced? If not, I am still hoping that my father will be honored. How goes everything on the mountain? Sincerely, FRR/ar

January 17, 1942

Vice-Chancellor Alex Guerry University of the South Sewance, Tennessee

Dear Alex:

While I deeply appreciate your "admiring me for my courage", I must confess that, in inviting you to make our commencement address, it never occurred to me that you were a chairman or even a member of any committee whatsoever, --- but simply that you were Alex Guerry.

About the only moral attitude that I strike during the college year is at Commencement, when I proudly announce that our speaker has not been chosen because of any political power he might possess, or because he might in any possible way "do us any good" beyond giving our graduates a few words of good advice (despite Oscar Wilde's admonition that good advice is inexcusable) learned from experience, or maybe just inherited, --- but because I like him (or her) --- and so it is that we have had some very charming speakers at Commencement.

The invitation still stands. Will the gentleman in the left balcony take it or leave it? Will he be content with no silver dollars or will he try for double that amount?

Sincerely,

Frank R. Reade

P. S. I am sending the questionnaire along to Dick Williams at the High School, and shall ask him to get the information by some sort of trickery. Many thanks

Heaven help you, I see that you, too, have a Board of Regents.

at home around commencement. However, it will do no harm for me to invite you to speak here on our Commencement Day, Friday, June 12. An early morning train out of Chettanooga would put you here at 5:30 on the afternoon of June 11, and a noon train next day would get you back on Friday night. Governor Talmadge permits us to pay travel expenses and to offer a small though heartfelt honorarium. (Better than train riding, persuade our friend Lupton to bring you and your wives down by automobile, --- if he happens to have any good tires!)

Speaking of the High School, I want to make a suggestion which all but embarrasses me. My father, willoughby Reade, now 76, has taught English at E.M.S. since 1894. He is still the best English teacher I have ever known. A couple of years ago he read the Centennial Ode to close out the first hundred years at E.H.S. and then rose early to ring the rising bell for the second hundred years. A letter from him to-day tells me that he has been cutting figure eights, and doing the backward grapevine on the High School ice pond. He is quite a fellow.

Dad also taught elocution at the Seminary for many years, and has given numerous readings all over the South. For several summers, he taught at the University. I am finally getting around to suggesting that when the University of the South decides to hand out some more honorary degrees, she could do no better than to confer a Litt. D. on my father.

This is such a personal letter that I shall appreciate it if you will destroy it.

With kind personal regards, and hoping that our paths may cross soon again, I am

Vice-Chancellor Alex Guerry University of the South Sewance, Tennessee

Dear Alex:

I have wanted to drop you a line ever since Louisville, but Jean and I had to come back to Valdosta by way of Baltimore on account of illness in the family, and I found my desk piled up and examinations upon us when we finally got home.

The coming of actual war has run Governor Talmadge and the University System off the front page. The Governor, who is not as dumb as he looks to be, leapt with considerable agility upon the war-wagon, which was about the only conveyance that might have saved him from the bear he had by the tail! He says he loves the Atlanta Journal and the Atlanta Constitution and that nothing matters now but winning the war. All of us, naturally, hope that our poor old University System can get itself straightened out by next December. Most of our people are taking things philosophically, and I think that only two of our students have fled on account of Southern Association action. These two have matriculated at Auburn, --- loveliest village of the plain, later the deserted village; so they may come back to us.

On our way back from Baltimore, we stopped off for a night with my father at the High School. Spoke briefly with Dick Williams, who told me that all he knew was that Mr. Hoxton had recommended him to you. Dick got his M. A. from Virginia in 1908; so I would say that he is about fifty-five. He was a captain, or major, in the last war, and I have heard that he was a good soldier. He has a fine academic background, and a keen sense of humor. I am devoted to him personally. His wife is a dowdy little woman, who whines a bit while talking. All in all, if you haven't filled the Sewance job, I believe I would ask Dick to have a conference with me if I were you. He ought to have ten or twelve

President Reade is interested in your Rex Cole lamp for possible use in our dormitories and in our college library. However, Dr. Reade can not include the lamps in our 1948-49 budget until he knows something further about them. He is wondering if you would be willing to send him one of the lamps for examination? Mr. George Griffin Assistant Dean of Men Georgia School of Technology Atlanta, Georgia

Dear George:

I have received your questionnaire about Billy Goodloe. So far as I know, he is a young man of splendid character, and he has the nicest manners in town. I have known his family for the past six years, and have the highest regard for Billy's father and mother and for his sister, who is one of our outstanding students.

I cannot answer questions 4 and 5 without calling Mr. Goodloe, and, as Billy has been at Tech for a year, you can answer question 6 better than I can. The answer to question 7 depends largely on questions 4 and 5.

As I am leaving town in just a few minutes, I am sending this letter, together with the questionnaire, to Mr. Goodloe, asking him to send both along to you. I have signed the questionnaire, and I am glad to have my signature stand below whatever answers you and Mr. Goodloe wish to make to the seven questions which have been asked.

Hope to see you at the Auburn game.

Sincerely,

I stopped by your office last Monday, and was sorry to miss you. Later on, I talked with Mr. Armstrong on the telephone, -- and we all hope that several of the Tech swimmers can dome down on May 7 and help us at the opening of our new pool.

If you can let me know the names of several of the boys who probably will come down, we should like to have them for the papers. And I do hope that you and Mr. Armstrong or both of you can come down too.

There is still another month before May 7, and the contractors promise to have the pool ready before that time. However, if any complications should arise, I shall let you hear from me well in advance.

Sincerely,

President

Send the following message, subject to the terms on back hereof, which are hereby agreed to

May 20. 1940 To Mrs. James W. Griffeth Street and No. 121 East Congress Street Savannah, Georgia Place We shall be very happy to have Mr. Hines speak to our students at Assembly on next Thursday morning, at 10:30. Frank R. Reade Charge to College

19 October 1939

Mr. R. C. Grior, President Erskine College Due West, South Carolina

· Dear Mr. Orlers

Dr. Reade is away from the college at the present time. He left last week for Virginia and New York, planning to be away for at least a month. So I am taking the liberty of saying that he probably will find it impossible to attend Erskine's Contennial celebration.

I am sure Dr. Reade will regret very much not being able to attend.

Sincerely yours,

Secretary to the President

Miss Isabel Green
Rollins College
Winter Park, Florida
Dear Miss Green:

Since last hearing from you, I have been unusually busy trying to get some critical materials for a heating plant that must be in operation before cold weather. I have not, therefore, been able to arrange for an interview with you, and, as we expect a considerable decrease in envolument, I am afraid there is nothing here just now in which you might be interested.

It occurs to me that you may be passing through Valdosta sometime this fall or winter. In this event, I shall appreciate it if you can arrange to stop off and pay us a brief visit. Please let me know a day or two in advance, if possible.

With all good wishes, I am

Sincerely yours,

June 13, 1942 Mrs. Margaret R. Graham, 206 Wells Street, Valdosta, Georgia. Dear Mrs. Graham: I must apologize for not having answered your nice letter of several weeks ago. We have been unusually busy getting our regular session closed and also having to prepare for a full quarter of summer school. Dean Hawks's mother has been ill for a long time, which has meant considerable additional work for all of us. I am quite interested in what you write me about Mr. John Roberts, who was mayor of Valdosta from 1906-1914. I remembered what you had written me about him when I handed Minnie her degree last week. Since I have been here, none of our new buildings has been named. I hope, however, as you do, that the College will some day be able to honor Mr. Roberts's memory. With all good wishes, and thanking you again for writing to me, I am Sincerely yours, FRR/ar

As a member of the Roberts
family, I hope the college
authorities will some day
see fit to honor Mr. Roberts
in a manner similar to
that in which those who

The ham has come, but I haven't had it cooked yet. Thank you so much for having it sent to me. I hope that you will be feeling better when you get this letter. It is bad to be sick at Christmas time. Glad to hear that our mare is getting along so well and does not seem to be lame. You mentioned something about the possibility of buying her at a fair price. Maybe we can make some sort of swap. What would you take for your horse, and what kind of swap would you be willing to make? With best wishes, I am Sincerely yours, FRR/ar

October 1, 1942 Mr. J. N. Gose Pounding Mill Virginia Dear Mr. Gose: Thank you very much for your letter of September 28. Your horse Joe is getting along fine, and we like him a lot. I hope that the mare we left with you is getting along all right, and that her lameness is better. Please be sure to have the same kind of shoe made for the lame foot when she has to be shod again. I am enclosing a check for \$10.00 rental on your horse. My understanding is that we are to send you a total of \$75.00 in rental for his use here at the College unless we agree on a pur-chase price before we take the horse back to Virginia about the middle of July. I am sending you several envelopes addressed to me for your convenience. Sincerely yours, FRM/ar

Sidney L. Gordon, Esq. 1915 Seventh Avenue New York City

Dear Mr. Gordon:

Our treasurer, Mr. J. R. Dusenbury, tells me that he met a Mr. Gordon last week who was spending the night at the Daniel Ashley Hotel in Valdosta, and he was on his way to St. Petersburg, Florida, for some fishing. Mr. Gordon had walked out to the College and, in conversation with Mr. Dusenbury, mentiomed that he was from Virginia, and that some of his people had been born in Abingdon, which is my home town:

The register at the hotel shows the name of Sidney Cordon, New York. The Manhatten directory lists you as one of three Sidney Gordons.

I should like very much to write to the gentleman who was here at his St. Petersburg address, and ask him to stop off and pay us a visit on his way back to New York. If you can help me locate him, I shall appreciate it a great deal.

Very truly yours,

Dear William:

Congratulations, Mr. President!

I am told by our librarian that the First National Bank receives each year a new copy of Ayer and Sons "Directory of Newspapers and Periodicals". If it should so happen that you don't want or need last year's directory, I wonder if you would be willing to give it to our college library with the compliments of your estimable bank?

Frank R. Read, Esq. The Georgia State Womans College Valdosta, Georgia

Dear Frank:

I wish to acknowledge and to thank you for your kind letter of November 23.

Please forgive me if this letter is an acknowledgment only. Our entire organization is involved in the matter of budgets and Programs of Work for the coming year. If you ask anyone a question, they begin to talk in fractions and "man hours". Beyond this, I am involved in a last minute effort to get another person's book out for the Christmas market.

Give me another ten days, and you shall have a proper answer to your letter -- and voiced in terms in keeping with your station, Mr. President.

Sincerely yours,

Doar Cutey: (which should take you back to high school days)

I am sending this letter in care of your father because I am not sure just where to address you, and I am most anxious to reach you.

You may remember that you told me, when Jean and I saw you at Williamsburg last November, that you and Vernon Goddy might be persuaded, perhaps rather easily, to come to Valdosta and show moving pictures of the work at Williamsburg.

I shall appreciate it a great deal if you all could make a trip down here, -- and I can oven set January 11 as the date most suitable to us. As usual with colleges, there is but little money in the treasury. However, we should be able to pay your travel expenses and take care of you while you are here.

If you have time for it, please consult your road maps, and let me know approximately that your expenses would be. This, of course, provided you can come. We should also like to know what you have to offer, so that we can arrange for the showing of the pictures. For example, would you bring your own screen, or would you want us to furnish one, -- what is the nature of the pictures, -- and approximately how long would it take to show them?

With all good wishes, and hoping that you can get down to see us in January, I am,

Sincerely yours,

November 23, 1942

Mr. William Goodloe First National Bank Valdosta, Georgia

Dear William:

A young colored man, Willie Mac Street, now living at 114 West Rogers with his mother, caddied for me on yesterday. It appears that he is presently out of work, and it is very likely that we shall be needing help at the College as our men are taken into the armed forces.

willie Mac tells me that he was examined locally and sent off to camp with a 1-A classification, but that army doctors went over him and labeled him 4-F. He also told me when I asked him why he was limping that he had a stroke a number of years ago.

If the Selective Service Board is permitted to give me any information about this young negro, I shall appreciate it.

Sincerely yours,

October 15, 1942 Mr. William Goodloe First National Bank Valdosta, Georgia Dear William: I came back from Washington the other day with Dr. Sanford and he told me that he understood that the one thing that always kept a man from being inducted into the armed forces is stomach ulcers. It so happens that my man of all work, William C. Teylor, 414 West North Street, has had attacks of severe pain for several years. Several doctors have seen spasms but X-rays have not shown definite signs of ulcer until this summer. After a severe attack in late August, which made it necessary for me to take him to the hospital, X-ray showed a definite chronic ulcer. I am not, as you know, trying to keep Willie out of the service if he is called. However, it may save the draft board some trouble and the government some expense if Willie's condition is known to them. Physicians who have examined and treated Willie, and who know of his condition, are Dr. J. C. Motley, Dr. Frank Smith, and Dr. Gabriel, who took the X-rays. All of these men are connected with the George Ben Johnston Hospital, Abingdon, Virginia. Sincerely yours, FRR/ar

5 March 1940 Dr. Robert K. Gooch University Virginia Dear Bobby: I am enclosing copy of a letter to Dr. Wilson which I have written for Mr. Joseph B. Harrington, who is applying for one of the DuPont Fellowships. I shall appreciate any consideration you may be able to give to Mr. Harrington's application. Our paths have not crossed for lo and behold these many years. However, I am still hoping to see something of you before our last pictures are painted. Why not plan a trip down this way during spring vacation? Though I have not seen it myself, I shall be glad to have you shown the Okefenokee Swamp, --- and, of course, other things of more unassuming proportions. Sincerely, FRR/ar

My dear Mr. Reade:

Your telegram to Mr. Littlefield, the President of the Association, has come before the Amateur Status Committee.

It is fully recognized that the new rules will impose some hardship upon a physical education teacher for whose services your institution has contracted; consequently, exemption from the provisions of sub-section B of section I of the new Amateur Status Rules is permitted until the end of the present academic year.

We trust that this will be of some assistance

to you.

14 October 1938

Door Hr. Gilmore:

Although I have never had the pleasure of meeting you, I have on several occasions seen you show saddle horses at the Bristol horse shows. Not long ago, someone told me that you hademoved to Edison, Georgia, and, as I do not know your initials and am most anxious for my letter to reach you, I am sending it to Mr. R.W. Jenkins who, I understand from his uncle who lives here, "knows everybody in Edison."

For several years, we have been bringing our camp horses from Abingdon, Virginia, down to the College, and this year we have a young man teaching horseback who has received his training in the University of Georgia R.O.T.C. cavalry unit.

He is himself a good rider, and has done considerable jumping, but knows very little about five gaited horses or, indeed, about training either three gaited or five gaited horses to show. I shall appreciate it a great deal if you can recommend several books to me which might be helpful to him in his work here. I should like to have a book on how horses should be trained, and also one on the care of the horse, — not a voterinarian's book, but something less technical that could be understood by the average layman.

I am wondering if you could possibly take a day off from your work at Edison, come over to the College, talk with us about some of our problems, and perhaps ride some of the horses yourself for the benefit of our girls who are interested in horseback riding? The College, of course, will be glad to pay your expenses and also pay you for your time and trouble.

I understand that you can drive from Edison to Valdosta in two hours or a little over. I do hope that you can arrange to spend a day with us some time soon.

With kind regards, I am,

April 15, 1943

Mrs. W. C. Gilbert, MacClenny, Florida.

Dear Mrs. Gilbert:

I am writing you in regard to the check for your Alumni dues, which you made out on February 8. We appreciated the check so very much. It is such a pleasant surprise to have a check dropped into the lap of the Association, so to speak.

through indefiniteness on the part of the Association, I have not been able to determine who the Treasurer is for the current year. I can endorse the check myself since it is made out thathe G.S.W.C. Alumnae Association. Before doing this, however, I felt I should write to you and ask if it is all right to cash the check at this late date, --- since two months have passed since you made the check out. I just wanted to be sure I didn't cause you any embarrassment,

I regret that this matter has not been taken care of long ago, and just as soon as I hear from you, I shall have your check cashed.

Thanking you for your interest, I am

March 3, 1943

Mrs. W. C. Gilbert, MacClenny, Florida.

Dear Mrs. Gilbert:

I am quite embarrassed at answering your letter of February 12 at so late a date, but Mrs. Thomas (Garoline Parrish), who doubtless would have written you by return mail, is in California with her Marine Gunner husband; and our Miss Laura Rogers, who would have written to you in two or three days, was in Chicago getting married to an Ensign, who already is on some sort of North Atlantic transport duty!

To tell you the truth, what with the war and all, our Alumni Association has not been functioning at top speed for several months. However, I understand that a meeting is to be held within the next week or ten days, and I am sure that you will receive an official and hearty letter of thanks at that time. Meanwhile, I shall hold your check until the meeting actually takes place, --- if that is all right with you.

Miss Hopper, Miss Price, and others, were delighted to have news of you and to know that you have remembered us throughout the years, even to the extent of paying back dues!

I am sending you a copy of our catalogue and some other illustrative material which may be of interest to you. Our commencement exercises, under an accelerated program, are to be held on Sunday, March 14. Can't you manage somehow to pay us a visit at that time?

With all good wishes, I am

Mr. Harry Gilbert Abingdon, Virginia

Dear Harry:

Our college closes on June 5, and we would like to have the horses go back around June 10 if that time is agreeable to you. They could go a little earlier or a little later if it would suit you better.

Please drop me a line right away. A stamped addressed envelope is enclosed for your convenience.

Mr. Herry Gilbert Abingdon, Virginia

Dear Harry:

I think that I will went you to come down for our horses about the 17 th or 18 th of June. Just as soon as I am sure, I will let you know definitely.

I will take care of the insurance on the horses, but you will have to be responsible for having the proper licence tags. If you are not permitted to haul the horses in Georgia, I cam get this permission for you, but I am not able to do anything about North or South Carolina, or Tennessee.

My father is already over at the camp. I'll probably write to him and get him to go out and see you when we are ready for you to come down.

Sincerely yours,

FRR/ek

May 29, 1941 Mr. Harry Gilbert Abingdon, Virginia Dear Harry: Please let me know if you will be able to come down in about two weeks and take our horses back to Abingdon. There will be only five horses, as we have sold one of the six that you brought down in September. Let me hear from you right away, and I'll write you later exactly when to come down. Sincerely, FRR/ar

5 February 1941 Rev. T. Baron Gibson First Baptist Church Valdosta, Georgia Dear Baron: Thank you for your letter of February 4. With all good wishes, I am Sincerely yours, FRR/ar

26 April 1940 Mr. and Mrs. Charlie Gibson Waycross, Georgia Dear Mr. and Mrs. Gibson: I have wanted to write to you every day since we got back from our delightful visit to Waycross early this month. All of us enjoyed the meeting with the Lion's Club, but we were particularly happy to have the privilege of seeing something of the Gibsons and of their lovely home. I heard one of you say that you hoped to get over to Valdosta sometime and have Mr. Blackburn take your picture, --- so the girls and I decided that the best thing to do would be to have Mr. Blackburn go over to Waycross and take your pictures in your own home. We had hoped that your azaleas might still be in bloom. On Saturday, May 4 we are having our annual May Day Festival, and I hope that you may both be able to come over, have lunch, and see something of us and the college on this particularly festive day. With all good wishes, and again thanking you for giving us an opportunity to know you. I am. Sincerely yours. President FRR/ar

Dear Doctor Reade:

Dr. S. V. Sanford has transmitted to us your remittance of \$50.00, representing funds contributed in connection with our 1941 Fight Infantile Paralysis drive.

At this time we wish to express our appreciation of the manner in which you have aided in this drive. Also, please express to the members of your faculty and student body our thanks for their cooperation.

A Polio Defense Bond will be sent you as soon as it can be prepared.

Sincerely yours,

Wiley L. Moore State Treasurer

Dear Mr. Reade:

I am interested in determining the number of Baptist boys and girls who are attending college in our state. I wish you would please furnish me with the information from your school. I would like to know the number of Baptist boys and girls as compared with the total number of students in the school.

If you do not have the data for the past year, will you let me have this as soon as you can get it after school convenes this fall.

Sincerely yours,

Arthur Jackson, Secretary, Georgia Baptist Foundation.

Dear President Keade:

I want you to know how much I enjoyed my day on wour campus, and I certainly appreciated your taking time out to drive me around and show me how lovely it really is; and I came away a great booster for your college.

Thanks so much too, for your generosity in financing the Institute. I was pleased to have the catalog of Glenrochie. It is most interesting and I wonder if you would kindly send catalogs to:

Mloise Heckert; ked Uak, Iowa

Marilyn woodward; whittemore, lowa.

I am sure they would both be interested.

I would love to have my daughter Joan a councillor at your camp. The has had very excellent training and is an excellent camper, good swimmer, and excellent in all sports. If you ever need a girl 18 from the Middle west, kindly let us know. I should love to have her have this experience in Virginia.

It was lovely to know you and Mrs. Reade. Please remember me kindly to her. There is a real spirit of southern hospitality on your campus that I shall never forget.

yours most gratefully,

Dear Jack:

This is just a brief note to tell you how glad I was to see you again, and to remind you that you are to stop off and pay us a visit the very next time you get down to this part of the world.

Did you ever hear the story of the man from New England who came down for breakfast at the Jefferson Hotel in Richmond? It seems that he wanted to do the right thing; so, when the waiter asked what he would have, he said, "What do Richmond people usually eat for breakfast?" The waiter replied, "Well sir, they eats about the same things as other people do, but before they eats it they says, "Thank God I'se in Richmond!"

I have a prospective dancing teacher who lives in New York, a Miss Maldarelli, Italian I presume. I have never seen her and, if I can not arrange for a personal interview, I am wondering if you would be good enough to talk with her and write me your impressions? She has been teaching at the Chalif School and is apparently well trained, but I don't want to get anyone here who's too-too-foreign.

With kind personal regards, I am

Dear Mr. Reade:

Thank you very much for your cordail letter of June 11th.

Yes, I had heard the news from the Lancaster family, although it
has been some time since I have seen Dabney.

I am leaving New York the end of this week and for the next few weeks my headquarters will be at Cartersville, Virginia, which is 45 miles west of Richmond on the James River. If you happen to be in that vicinity it would be a pleasure to meet you. I shall also be at Blacksburg and the Mountain Lake Biological Laboratory some time during the summer and I should like to have a look at Bob Porterfield's Barter Theatre at Abingdon. If you are going to be at Abingdon let me know where to reach you.

With kindest regards,

Sincerely yours,

June 11, 1941 Dr. Jackson Davis General Education Board Richmond, Va. Dear Dr. Davis: We have just completed another school year, and still our paths have not crossed! What prompts me

to write to you, to tell you the truth, is that one of Dabney Lancaster's daughters is going to get married, and Dabney has often told me that you and I should know each other.

Of course, I would like to have a grant of several million dollars from the General Education Board, - but I should much rather have a chance to spend several hours with you somewhere and talk about the One and the Many.

Do you plan to be in Richmond all summer? I may have to see prospective teachers both there and in Greensboro. Or perhaps you plan to drive west on the Lee Highway sometime soon? If so, why not stop off at Abingdon and catch a breath of mountain air?

We think that we are planning some interesting work here for next year, and I do want to talk to you about it if it is possible for us to see each other somewhere between now and September.

With all good wishes, I am,

Sincerely yours,

Doar Dr. Davis:

I think our paths must have crossed literally some weeks ago, for when I was in New York you were in Richmond, -- and by the time I got to Richmond, you were back in New York!

Our mutual friend, Dabney Langaster, has often wanted us to get tegether; so I am hoping for better luck next time. Do you plan to get this far south any time this year? If so, I shall be delighted to have you stop off at the college and pay us a visit.

With bost wishes, I am,

Mr. Vernon M. Geddy WilliamsburgtRestoration, Inc. Williamsburg Virginia

Dear Vernon:

For several weeks now, your letter has been covered up on my rather dispeputable looking desk. I am just dashing off to Atlanta and other points north, to be gone about a week, -- so am writing you this hasty note and enclosing our check for ten dollars. Please forgive my tardiness, laziness, and everything else. Or am I asking too much?

Mrs. Reade joins me in all good wishes to you and Mrs. Geddy.

Sincerely,

4 February 1939 Mr. Vernon Geddy Colonial Williamsburg, Inc. Williamsburg Virginia Dear Vernon: All of us enjoyed the Williamsburg pictures, and your running comment, a great deal, -- but Jean and I enjoyed seeing you and Mrs. Geddy even more, and we are looking forward to seeing both of you again some time soon. If not at Williamsburg, then perhaps here in Valdosta, where you must stop off for a visit next time you go to Florida. As you know, we have wanted to include the Williamsburg pictures on our Artist Series over since Jean and I saw Rutherfoord a year ago last fall. My understanding has been that we were to have this privilege for "expenses" --so please let me know what these expenses were so that I can send you a check. With best wishes to you all, -- the Goddys, the Goodwins, the Goochs, and even to good President John Stuart Bryan, --Sincerely, President FRR:L

24 January 1939 Mr. Vernon Geddy The Villas Worth Avenue Palm Beach Florida Dear Vernon: Thank you for your note of January 20. . I am leaving to-night for Atlanta and probably will not get back until fairly late on Saturday afternoon. When you and Mrs. Goddy get to Valdosta, just come on out to the College, and ask for Miss Hopper, our dean of women, at Ashley Hall. She will be expecting you. I am asking Dr. Pholan, who understands about slides and moving pictures, to assist you on Saturday evening. We are advertising the performance for seventhirty. Looking forward to having you and Mrs. Goddy with us, I am, Sincerely yours, President FRR:L

Mrs. L. V. Garlande Loggan's Road Hayle, Cornwall England

Dear Auntie Evelyn:

Tam enclosing a copy of a letter which I have just written to Mr. and Mr. Koblenzer, the parents of one of our foreign students. Mrs. Koblenzer is an Englishwoman, and she and her husband came back to England from Germany several years ago. This is about all I know of them except that they have a most attractive daughter. This is no time for visiting, but I thought you might wish to send the Koblenzers a little letter, as I think they have been having a hard time of it. For a while, at least, he was in a concentration camp.

Since Christmas, it seems to me that there has been more to do than ever before. I have been putting off writing to you and Frances until I could find time to write a real letter, --- but this time has never come.

when Mrs. Roosevelt came down to be on the program of our library dedication exercises. She and her secretary spent the night with Jean and me, and we found them most gracious and charming. Dad has perhaps told you of his friendship with Mrs. Roosevelt's father, who was Theodore Roosevelt's brother. And Mother used to give Quintin Roosevelt music lessons when he went to the High School. He was killed in France during the last war.

My Aunt Katie, who has been at St. Simon's Island (about a hundred and twenty-five miles from here) for a week or two with her husband, W. T. Booker, who is recuperating from pneumonia, is driving over with him today to spend the night with us on their way back to Abingdon.

Spring has come to South Georgia. We are having the loveliest possible weather, flowers and flowering plants; azaleas, dogwood, wisteria are everywhere. And we are still so far from the war in many ways, that we are unable to realize the horror of it all. It all seems so useless and so stupid. We still continue to marvel at the stamina of the British, and our government seems to be doing all in its power to help.

Some day, of course, it will all be over, and then perhaps we can see you in England, --- or isn't it about time that you and Frances paid us a visit in Virginia or in Georgia?

With love to you both,

Affectionately,

FRR/ar

Dear Mr. Gardner:

Your letter reached Dr. Reade this morning about five minutes before he had to leave for Atlanta. He has asked me to write you that he has taken the questionnaire with him, that he will fill it out, and give it to you in Atlanta. If that is not possible, he will give it to Mr. Siebert.

Dear Mr. Reade: You will recall that sometime ago I visited your Institution, which was a part of the routine duties assigned to me, but at the time I did not have the forms for reporting on my visit. We have a meeting in Atlanta Friday of this week and it is absolutely imperative that I have the reports to make at that time on the properties I am supposed to inspect. Accordingly, I am enclosing you a set of forms, requesting that you fill in the answers to the questions. Of course, you understand that the purpose of this is to bring about such improvements as we may be able to afford. Please, therefore, write under remarks what you think are the needs of your Institution. You need not sign the report but just mail it back to me in the stamped envelop enclosed and I will appreciate your doing this as promptly as possible. As you remember, I made a very close inspection of your place and I am frank to say that I did not find any unfavorable thing in so far as I could see. I am, therefore, asking that you fill in all the questions as they appeal to you. Sincerely yours, JDG/k Enc.

Miss Elizabeth Garbutt Camp Sawyer Brinson Georgia

Dear Garbutt:

Many thanks for your nice letter, and also for the Christmas Festival telegram. No time for a decent letter now, but hope to see you some time soon either at Camp Louise Sawyer or here.

Am enclosing check for your December salary, and the College is "easing its conscience" on the theory that you have "worked out" this much, - which I hope pleases you as well as saves your life.

Merry Christmas.

Sincerely,

March 26, 1945 Miss Ada R. Gallaher Ebensburg Cambria Co. Pennsylvania Dear Miss Gallaher: I am glad to have your letter of March 21, and you may regard the invitation to visit us as a permanent one. We did have a twenty-fifth anniversary. celebration, and I am sending you the issue of our Campus Canopy which was published at that time. I am asking our Director of Publicity to put you on her permanent mailing list; so you should have information about the college from time to time. With all good wishes, I am, Sincerely yours, FRR/W

Dear Doctor Veade, Thankyon so much for the invitation to visit "The Vollege" I have delayed replying as I hoped I might fing the opportunity to accept The invitation ere The semester closes but my visit south still seems far off Clease let me hold The invitation for the future your letter heally made me home.

February 23, 1945 Miss Ada R. Gallaher Ebensburg, Cambria County, Pennsylvania Dear Miss Gallaher: Miss Lillian Patterson has just told me about your most interesting letter, and I have suggested that she cull extracts from it for publication in our college paper, the Campus Canopy. I am asking the editor of the Canopy, by the way, to put your name on her mailing list. It seems to me that it is about time for you to come back to Valdosta and pay us a visit here at the college. There have, of course, been many changes, -- mostly improvements, I hope !-- sence you were here, and I am sure that our girls would be most interested to have you talk to them about the old days. We have had a mild winter here, and camellias, azaleas, and many other flowering plants are in full bloom. Only recently, Mrs. Whitehead has planted about 200 camellias in our northwest woods, and the city has planted about 300 azaleas in the south woods. If you can possibly arrange to get down some time this Spring, we shall be delighted to have you visit us. With all good wishes, I am, Sincerely yours, FRR/w
