VSC fails to score at UCF

Saturday night in Orlando's Tangerne Bowl the Blazers offense failed to put a point on the scoreboard as the University of Central Florida went on

A crowd of more than 12,000 watched the Blazers fail to reach the midfield mark until midway through the third quarter.

The game was scoreless until the second quarter when the Fighting Knights scored 10 points. Dana Thysen got UCF's first touchdown on an one yard run that capped an eight play, 45 yard drive. With 8:10 left in the half UCF kicker Frank Ryerson booted an 18 yard field goal to end the first half scoring.

UCF scored with 9:12 left in the third quarter on a 30 yard field goal by Ryerson to make the score 13 · 0. VSC had one good chance to score in the third quarter as they drove to the UCF but fumbled the ball away to end the scoring threat.

The fourth quarter also belonged to the Fighting Knights. UCF ended a nine play, 50 yard drive with Lorenza Rivers going over from five yards out.

Another turnover killed the Blazers in the fourth quarter. After driving to the UCF eight yard line, VSC quarterback Doug Hunter threw an interception which was intercepted at the goal line and returned 50 yards.

On a night when the offense sputtered the defense also gave up a considerable amount of yardage:408 total yards, 270 passing and 138

Also on the agenda for homecoming week will be a concert Thursday night at the VSC Complex featuring Cheap Trick, a world-class rock group which draws regular reviews from the likes of Rolling Stone and Billboard Magazines. They are definitely one of the highest rated groups in the music industry. The concert is expected to be a sellout, but a few tickets are still available at the comptroller's office and the College Union. Five dollars per ticket for

a Cheap Trick concert is a bargain that you shouldn't pass up! VSC's Administration, College Union Board, and Athletic Department have put their best foot forward to create the most outstanding list of homecoming activities in school history. Participation by the student body is the only object in question at this point. The overall success of homecoming will depend upon crowd participation and that means US!

This weekend all students are urged to put away their suitcases and cancel their weekend vacations to such metropolitan urban development centers as Meigs, Attapulgus, Omega, Climax, Sparks, Enigma, and other major cultural centers. Stick around in Valdosta and celebrate homecoming....THE MORE THE MERRIER!!!!!

Watt's insensitivity is unbelieveable, even for a member of the leagan Regime. In the words of President Reagan's daughter Watt as sent enough letters of apology to the President in the last year to lpaper the oval office.

There is no excuse for Watt's latest faux pas. His latest comment s insulting to a large segment of the American Voting public. This ype of remark could be expected by a group such as the John Birch ciety or racist-minded groups but not of a top government official!

The truly tragic issue to emerge out of the latest Watt miscue is that the President even against the advice of ranking Republicans, accepted Watt's letter of apology. The prudent act for an astute politician of Reagan's character would be to expel Watt as far from Washington as Exectutive order would allow. Watt will prove to be a liability for Reagan until this obvious action transpires

Student apathy

Eavesdropping is not one of my favorite things in the world to do, but occasionally the practice of eavedropping can inform an individual about what is really going on in this world. For example, this bit of conversation was overhead last week in the college laundry mat.

First female: "I am SO bored...there is nothing to do around here on the weekend."

Second female: "I know; I'm going home this weekend. But I'm bored during the week too. This is one hell of a dull town.'

Dear reader, let me pose this question: Are you also bored? Do you have nothing to do? Is this really one hell of a dull town? If one or more of your answers is yes, it is my suggestion that it is not this campus or this town that is dull; the dullness might just be found within yourself. Maybe you are a dull person.

How many of you participate in the activities offered by campus organizations? The College Union Board has busted its chops to give the students of VSC something to do. Let us begin with the Nitty Gritty Dirt Band concert held last Wednesday night. For those of you who are unware of it, the Nitty Gritty Dirt Band is a class act and the last of a dying breed of musicians. Those of you who bothered to attend the outdoor concert know what I'm talking about. The concert was a wonderful opportunity to gather up your friends, grab a cooler of your favorite beverage and lounge chairs, and sing along with the band for a few hours. Turn out was terrible!! What were you doing last Wednesday night? Sitting in the Dorm complaining about how you were bored to tears? (And don't blame the poor attendance on money woes; at 9:00 they started letting people in free!)

The College Union Board sponsors all sorts of activities during the year, and most of them are free with a valid ID card. Venture over to the College Union Building sometime and see what is going on. Heaven forbid--you might just find something to do and even worse, you might even have some fun doing it.

On a related note, the College Union Board is made up of college students just like you. Give Val Williams a call at 333-5674, and find out how you can join. Get involved in the decision of what activities will be offered!

O.K., so you don't really care for the sort of things that the CUB has to offer. There are plenty of other activities and organizations to become involved with.

The Spectator and the Milestones would be more than happy to have you join their staffs. Both publications need staff writers, photographers, graphics people, and advertising salesmen. WVVS, the college radio station is also staffed by college students. If media interests you, all three of these organizations have offices on the second floor of the College Union Building. (And if you are interested in earning some spending money, some of the positions

Are you interested in politics? Especially student politics? Join the Student Government Association. Elections are going on right now but its never too late to join. Only fourteen students qualified for thirty positions. Talk about lack of participation! Student Government is an important part of VSC, and it too is made up of students just like you.

The list of things to do goes on and on. Too many people gripe and groan about having nothing to do & no where to go. Student apathy is running rampant on the campus of VSC; don't let it catch

A new classroom building is needed on the VSC campus to compensate for 66 percent of increases in enrollment over the last class returned two years, says Dr. Malcolm Rainey, Vice-President for Academic Affairs. But, he added, because capital improvement funds are becoming harder to obtain, the chances of getting a new building are not good. And besides, renovation of badly deteriorating West Hall is the school's number one building priority.

"(A new building) is definitely something we need," he said in an interview Monday. Enrollment at Valdosta State set a record for the second straight fall
