April 1, 1940 Dr. W. C. Hafford Waycross, Georgia Dear Dr. Hafford: If it can be arranged, I shall appreciate it if the Lion's Club will invite Mr. John W. Bennett, Sr. and Mr. Jack Williams to their luncheon at one o'clock tomorrow. Mr. Bennett, as you know, is a member of our Board of Regents, and two of Mr. Williams' daughters have attended college here. The college, of course, will be glad to pay for the luncheon for these two gentlemen. Mr. Dusenbury, our tressurer, will drive us over to Waycross. Miss Motter, our director of voice, will be with us together with two or three of our students. With best wishes, and looking forward to being with you, I am, Sincerely yours.

Dear George: 1210 als voods policy par Toddon and and the Town

In the spring of 1934, a young man by the name of Sam Langston, who was visiting here, came out to the College to see me about the possibility of his teaching horseback at the College. Briefly, he started a riding project here, with some local horses, and did a very good job in every way. We thought so much of him that I gave him a job in our summer camp in Virginia for July and August, 1935.

The following fall, Sam continued the horseback project, and I believe would eventually have done well had he not gotten into trouble with a young woman in Valdosta. He left town without warning, I believe in the latter part of November, 1935, — and he left behind him a number of debts. Among these were eighty-five rides which had already been paid for. Mrs. Reade, as she was the only one here who knew anything about riding, took over the project, and, together with our physical education department has carried it on.

I am enclosing a letter which Sam Langston wrote to me and mailed on the day he left Valdosta. Later on, I got in touch with him, and I believe had one or two other letters from him, in which he promised to take care of his indebtedness. Then he stopped writing. Without going into too much detail at the moment, I think that it is time for a real effort to be made to collect his indebtedness to our local people.

Sam's mother, a Mrs. Matlock, lives in Augusta, but I do not have her address here at the College. Indeed, she may have moved, -- but I believe you can locate her through the Bell Telephone Company of Augusta, as she receives a small pension from the company.

I shall appreciate it a great deal if you will have someone in your office investigate this mat-ter and at least try to find out for me where Sam Langston is at present. At his request, I have never written his mother anything about his difficulties here, but I see no need to protect him any longer if it is necessary for you to take the matter up with her.

It may be that I shall have to be in Atlanta for the next meeting of the Board of Regents, as the question of our proposed summer school probably will come up at that time and Dr. Sanford may wish me to be on hand with whatever information I shall have been able seeing you again before very long.

Hon. George Hains Augusta, Georgia

Dear George:

I would have written to you sooner, but have been waiting until I could get something definite to write you in connection with the football-coach-situation here in Valdosta.

As you know, Horace Caldwell is on the Athletic Board at the High School. He came by to see me this morning with the information that there seems to be a very fine opportunity of young Cavan's coming here unless the high school authorities determine, as they may do, to move one of their assistant coaches upstairs. There is a feeling, however, that they may not have an assistant coach who is big enough for the job.

Bobby Dodd was here last night, and he and Bobby Hooks both have said the finest sort of things about your son-in-law. He has already sent in his application, and I am sure it is being given very serious consideration.

Horace is in a better position to help than I am, as he is on the High School Athletic Board, but Mr. Cleveland is a very good friend of mine, and he will certainly be more than glad to do what he can for Jim Cavan.

I have just talked with Cleveland on the phone to see if there are any developments. He tells me that until the "local situation" is cleared up (that is, whether they will offer the job to the local man) they naturally will not be able to give any definite answer to those away from Valcosta who have applied for the position.

Cleveland adds, however, that we may rest assured that he will give Cavan's application most serious consideration, particularly as he has heard som many good things about him.

Horace asks me to tell you that he has been unusually busy for the past several days, what with conventions, dinners, and the like, --- but that he will let you hear from him in the near future. You will be glad to know that we have had no girls in the infirmary for several days past and that none of them has been at all seriously sick. With best wishes, I am Sincerely yours, FRR/ar

Miss Florence J. Hanna 8 West 26th Street Baltimore, Maryland

Dear Miss Hanna:

As I am only now getting around to answering your letter, you will be surprised (and perhaps pleased) to know that I really did get a box of provisions packed for the MacBride Baileys. Mrs. Horne promised to deliver the things to the Baileys.

We were all sorry that you could not get out to Abingdon this summer, but look forward to seeing you next year. We had a little brown sugar left over at camp so Cousin Annie made burnt sugar ice cream for us several times!

I am sending you a copy of a bulletin which has been published by our students that may be of interest to you.

Jean joins me in all good wishes,

Sincerely yours,

Mr. W. Carey Hansard Atlanta Industrial Laboratories 1054 McLynn Avenue, N. E. Atlanta, Georgia

Dear Hansards

You are the very man I want to see. We are planning to do some ceramics work here next year, and I feel sure that you can help us considerably in choice of equipment and materials. In addition, you may be able to give us some advice on the side about our tennis courts:

Please let me know when you expect to be in this part of the state. So far as I know, I shall be away only once or twice between now and Commencement, which is on June 6. If you can get down this way before that time, I shall appreciate your writing to me several days in advance and letting me know when to expect you.

In addition to talking business, we can also hold a brief bull session on the general subject of the good old days!

Sincerely,

FRR/ar

April 3, 1942

Mr. W. Carey Hansard 1054 McLynn Avenue Atlanta, Georgia

Dear Hansard:

Thank you so much for your letter of March 27.

I was in Atlanta early last week, but was too busy
for any visiting. I had to spend all of Tuesday
with Dr. Sanford in Athens, and that is enough to
wear a man out for a full week!

We are not getting anywhere fast with our pottery kiln project. Same old reason, --- lack of funds.

Be sure to stop by and see me when you get down this way.

Sincerely,

November 5, 1942 President C. L. Harper Georgia Teachers and Educational Association 172 Auburn Avenue, N. E. Atlanta, Georgia. Dear President Harper: Thank you so much for your letter of October 28. I am sorry to have to write you that there are so many things already scheduled for November 10 and 11 that it will be impossible for us to have the Southernaires on this trip. I hope that we may be able to have the Southernaires at some later time, and hope that you will keep me in touch with them. With best wishes, I am Sincerely yours, FRR/ar

May 3, 1950 Mr. Norman C. Harper 87 Pryor Street, N. E. Atlanta, Georgia Dear Mr. Harper I am very sorry to have to tell you that the seal you sent us is in error, and we are having to return it to you today for correction. The middle circle contains the word "Universitas" (see my memorandum to you of March 15). On the seal, the word appears without the final "s". I should like to ask you, also, to see to it that all the lettering and lines are equally "deep." You will see what I mean if you will make an impression with a moderate pressure; the bottom and sides will leave a clear impression, though the top (and especially the center) leave practically no imprint. Of course, with a very strong pressure, it is possible to bring out the central drawing, but the same strong pressure pierces the the paper where the lettering is deeper. Inclosed are a couple of sheets of paper of the kind on which the seal will commonly appear. Thank you for your attention to this matter. Sincerely yours Mrs. William M. Thomas Registrar C

Mr. Julian Harris c/o Ceramics Department Georgia School of Technology Atlanta, Georgia

Dear Judy:

After talking with you on Friday morning, I saw Hugh Hodgson and he is most anxious to come down here about the third week in April, together with you and Lamar Dodd. I shall let you know the exact date a little later on.

You must not let Dodd get the best of you. Bring along just as many statues as you can : And be sure to bring the negro head which you pointed out to me as your favorite bit of work.

I enjoyed seeing you again, and am glad to know that one of my most trifling students is really amounting to something.

Hastily and sincerely,

May 20, 1939

Mr. Julian Harris, #177 Fifth Street N. W., Atlanta, Georgia.

Dear Judy:

Jean and I certainly did have a good time at your house a week ago this afternoon. It was nice of you and your Jean to have us around and to ask our friends in to see us.

I am writing today to Mr. Sayward about the Edwards "Bust" -- so you may expect a call from Mr. Sayward sometime next week. As you know, we have no money now, but we hope to have some by the time you finish the job! This letter, by the way, is NOT a final authorization for you to begin work.

I have a photograph of Mr. Edwards which I shall send to you today, and you can get others from his boy, Griff. I suspect you will also want to see our Library plans which are just about completed.

Please give our love to Jean and tell her that we hope she is entirely well again after her fall. I had my eye, on her most of the afternoon and had no odea that she had drunk so heartily!

Sincerely,

Mr. Julian Harris 177 Fifth Street, N.W. Atlanta Georgia

Dear Judy:

I am sending you a photograph of John Longley (further information on back)——whose admixture of Cherokee blood explains the high cheekbones and classic nose——because I know your fondness for negro heads, and because this picture may interest you enough for you to, want to use it as a model.

Please save the photograph for me.

Love to you and Jean.

Dear Judy:

Our Fine Arts Club, some 25 in number, plans to leave here on Friday afternoon, April 25, and to spend most of Saturday at the University of Georgia. They will be travelling in a small, private omnibus, which should get them to Atlanta late Saturday afternoon.

The group is most anxious to see your plant at Marietta, -- and I believe you told me that you could take them on a personal tour on Sunday morning, April 27. Sunday afternoon would do just as well. The group will stay on in Atlanta on Monday and Tuesday.

Is the High Museum open on Sunday and, if so, can you arrange to have someone look after our group?

What else in Atlanta should a fine arts group see or do? They plan, of course, to hear the operas.

With affectionate greetings to you and Jean and June, --

Dear Judy:

Many thanks for your telegram. It appears that our girls would like you to spend both morning and afternoon with them, and they are even open to a luncheon invitation!

They are to meet at the Biltmore at nine-thirty next Sunday, and descend upon you at your home (in their special bus) shortly thereafter. They would like to see your charming wife, your charming daughter, and your studio. They then want you to go out to your Marietta shop with them and show them what you are doing and trying to do. That afternoon, they would like you to show them through the Ceramics Building at Tech, and then go with them to the High Museum. Meantime, even college girls must eat. If Georgia Tech is too chinchy to give them a free lunch in Brittain Hall, the poor dears will have to pay their own way, unless you want to have them for picnic lunch on Grant Field!

Next time I get up to Atlanta, I'll come by to see you and give you every opportunity to cut my throat!

Thank you for your letter of February 23 in which you offered to give us some or all of several thousand used micro glass slides if we can make use of them.

Dr. Beatrice Nevins, of our Biology Department, tells me that we can certainly use a great many of these slides; so I suggest that you send them all to us, that we take out as many as we can use, and that we distribute the others among other units in the University System where they are most needed.

If this suggestion meets with your approval, I shall appreciate your sending the slides to us by express collect, or in some other convenient way.

Dear Mr. Hart:

Your daughter, Miss Florine Hart, came out to the college for a day or two, and then asked to be permitted to withdraw. Her only reason seemed to be that she "didn't like college," though, of course, she had not even attended her first regular class. On her application for withdrawal, she stated that she expected to be away for sometime in October.

As your daughter did quite well on her placement tests, certainly well enough to indicate that she could do college work, I am writing you to ask if there is any way in which we can persuade her to continue her education. Some little thing may have happened to disturb her, about which we know nothing.

I shall be very glad to have you come out and talk with me at any time you care to do so.

November 8, 1943

Mr. C. R. Hawk, Valdes Hotel, Valdosta, Georgia.

Dear Mr. Hawk:

I wish it were possible for me to give you some facts about young Walter McDaniel which might help him in some way in connection with his application for a commission in the United States Navy. As you know, he was never actually registered here as a student; so we have no academic record for him. I remember that he was very much interested in Art, and I am reasonably sure that he attended classes here for several weeks when the WPA held an Institute of Social Service Work on our campus a number of years ago. I think that the boy may also have taken part in some sort of Physical Education program, and I am told that Miss Elizabeth McRee can probably give you some information about this. Miss McRee is a lieutenant in the WAACS, but I don't know her present address.

I remember also that Walter wanted to take some Art courses here at the College, but Miss Carpenter tells me that nothing ever came of it probably because we were not then accepting young men from Valdosta as day students, as we do now. I talked with the boy once or twice but do not feel that I really know him at all, except that I have heard several people say that he has rather marked abilities, particularly along artistic lines.

As stated avove, I wish I could write something that might be helpful to young McDaniel, but, on investigation, I find that no one here knows enough about him to enable me to state definitely just what he did here at the College, or how well he did it. I shall ask others about him, with the hope that I can write you a letter later on that may be of some service to you and Walter.

With best wishes, I am

HEALTH SERVICE

The 1939 and '40 Health Service continued its two part program; stressing the positive phase as the more far reaching of the two, but meeting the immediate needs which proved to be, I am glad to say, all minor ills and injuries; no contagion to isolate; no emergency cases to be operated, not even a case of acute appendicitis, nor was there a serious accident on campus, bridle-path or elsewhere.

The loss in class work was due largely to digestive disturbances, headaches, colds, cramps of various types and fevers of short duration, all preventable. These studies were attempted.

- For the first time annual physical examinations were attempted on the entire college body, all but twenty two were completed. Again Kahn tests for syphilis were offered but few availed themselves of the opportunity.
- Tuberculin and Brucella skin tests were again optional; the Mantoux and Patch methods of the former were used and one hundred and nine were done of which ten were positive, all but one x-rayed, none active, one contact case, however, (Charlene Grater) is under observation.

The year in figures follows:

(Attention is called to the fact that bed cases in for a day or fraction of a day or overnight are not classified as hospitalized ones. Also, when possible continued treatment was arranged for in the girl's room to save dyspensary calls.)

First Aid Kits were provided for departments and travelers.

Miss Mary Lois Hitch Wesleyan Conservatory Macon Georgia

Dear Mary Lois:

We are in need of a list of city school superintendents, from which to address our Play Day -May Day invitations, and we are unable to get this information from the Georgia Educational Directory.

Mr. Mott, of the Valdosta High School, tells us that their only such list was lent to you, and I am woniering if you would send it to us as soon as is convenient. I telephoned Betty this morning, thinking that you might have left the list at her home, and she said something about your "having" the list typed. If this means that you will have to get somebody to do it for you, I'll be glad to make you a copy of the list you send me (and return the list to Mr. Mott).

Hope that you are enjoying your work at the Conservatory, and that you'll drop by the College to see us next time you're in Valdosta.

With best wishes, and thanking you for your help in this matter, I am,

Sincerely yours,

Elizabeth Larisey Secretary to the President July Dear Dr. Reade.

Dear Dr. Reade,

I can comply with your request concerning sermons only in part, but with material that may be of service to you. We have no hymns nor do we have a record of Bishop Tucker's sermon at Hyde Park.

We have however four twelve inch phonograph records which according to the accompanying list would have value to you. On the chance that this may be so, I am shipping these records, asking only that the carton be preserved and they be returned to us when you have finished with them. There is no charge of any kind.

Faithfully yours,

Church Missions House 281 Fourth Avenue How York, Now York Door Mr. Hobbs: Thank you for your letter of Hovember 28, and also for the four phonograph records which reached me several days and. We have already made some use of two of these records, and the Episcopal Church of Valdesta is going to use one of more of them on next Sunday. I think it likely that our Y.V.C.A. will wish to use these records, but it is so near to Christmas that I am wondering if we may keep the records until about the middle of January? If you wish them back earlier, pleese advise me. With best wishes, I am, Sincerely yours, President FER/or

Professor Rachel Wilson, Chairman Centennial Celebration Committee Hollins College, Virginia

My dear Miss Wilson:

Thank you so much for the invitation to the celebration of your hundredth anniversary. As my home is
in Abingdon, and as I have known so many Hollins girls,
I naturally would be delighted to be able to be with
you. However, it is a long, long way from South
Georgia to Southwest Virginia, particularly since the
rubber shortage!

Please remember me to Miss Randolph, and tell her how sorry I am that we will be unable to send a delegate to your celebration.

Congratulations on the fine work that Hollins has done for the past hundred years, and all good wishes for the second hundred!

Sincerely yours,

April 7, 1943.

Mrs. Mildred Holghauer, Allocation Unit, 40 South Clinton Street, Chicago, Illinois.

Dear Mrs. Holzhauer:

About two weeks ago, I had a letter from my good friend, Lamar Dodd, --- telling me that he had recently received a shipment of find etchings, lithographs, and so on, and that they were "top notch".

Lamar indicated that it might be possible for you to make an allocation to the college and suggested that I write to you at once. Except for the fact that Lamar's letter has been piled up on the most disorderly desk you can imagine, I haven't the least excuse for not having written to you long before now. Of course, I have been out of town (for I live in the country) enearly completed central heating plant, --- and for the past mearly completed central heating plant, --- and for the past week we have been busily engaged in sponsoring the Lowndes County, Georgia, War Bond Drive for April, --- with the quota set at \$400,000!

In just ten minutes from now I am supposed to be talking to the Valdosta Chapter of the United Daughters of the Confederacy, --- on the University of Virginia. Fortunately, I went there to college; so have needed little preparation! Between now and my speech making, however, may I urge you to send us anything and everything you possibly can! We have a very lovely thing and everything you possibly can! We have a very lovely college here, devoted principally to the pursuit of the liberal arts, and I am sure that such a collection would be of great value to us. In recent years, we have been formunate enough in receiving both the Carnegie Music Set and Art Set. We have framed about twenty of the larger pictures from this latter set, and have hung them along the walls of our main academic building, I should like very much to do the same sort of thing with selected items from the collection which I am confident you are going to send us!

With all good wishes, and again apologizing for such a long delay in writing to you, I am

Sincerely yours,

April 14, 1943

Mrs. Mildred Holzhauer, Allocation Unit, 40 South Clinton Street, Chicago, Illinois.

Dear Mrs. Holzhauers

Thank you so much for your letter of April 9 telling me that you have made a selection of material for us and that it will be shipped upon receipt of the request for allocation from me.

As you know, it is most difficult to have any sort of extensive picture framing done at this particular time on account of scarcity of materials. And it will not be possible for us, as you know, to affix metal tags to the pictures you are sending us. However, we do propose to have the pictures framed as rapidly as possible and we shall be glad to tag them as soon as metal again becomes available. Meantime, we will indicate in some other fashion that the pictures are a part of the WPA Program.

I am sure that the prints you are sending us will be of tremendous value to our students and also of considerable interest to people of this community.

With all good wishes, and again thanking you for your interest in us, and for this fine addition to our art materials, I am

Sincerely yours,

June 13, 1942

Dear Mr. Holt:

Your letter of June 10 was received just as Dr. Reade was leaving town; so he asked me to say for him that he would be glad to have you send him further particulars about a prospective dean of women or assistant dean. Please send any correspondence to him at Camp Glenrochie, Abingdon, Virginia.

Sincerely yours,

ROLLING GOLLEGE WINTER PARK, FLORIDA Hamilton Holt, President.

February 28, 1942.

TO WHOM IT MAY CONCERN:

This is to state that Professor William Louis Romey has applied for a commission in the United States Army and will enter the service as soon as he is called after June 1,1942 and will be absent from the College on leave of absence for 1943-43.

Professor Money holds the following academic degrees: A.B., A.M. and LL.B. He served in the French Army and the American Army in World War I as Lieutenant of Infantry.

He came to Rollins from Oglethorpe University in the Pakk of 1930 as Assistant Professor of Modern Languages, was promoted to Associate Professor in 1934 and to full Professorship in 1941.

Her. Romey is a natural-boson linguist and an omnivorous reader. He has a pleasing personality, a friendly disposition and is courteous in all his human contacts. It is unusual for a professor to be rated the same by all his students, but I have received numerour extraordinarily fine reports of him from both students and adults whomhave been in his classes.

He is especially qualified to teach Spanish and French, but can teach, I believe, Portuguese, Italian, German and the Classics on a pinch.

Ris hobby has been fencing, and while here he has developed a Rollins teem that beat every college. North and South, with which it has had matches, including Princeton three times, Yals twice, Harvard, Brown, Penn, Mass. Tech, Sto. The only teams that ever beat Rollins under his guidance were Annapolis and West Point, by narrow margins.

At Oglethorpe I understand he helped in money raising. At Rollins he has always been glad to do extra work, and has been especially interested in making contacts with prospective students in their homes and has brought not a few to the College.

I am glad to answer further questions as to his professional and personal characteristics, which will be favorable.

Very sincerely yours,

HAMILTON HOLT.

Dear Isabel:

You probably remember me not at all, but you may have a hazy recollection of your wandering sister, Mrs. Matthews, whom I saw again last night in Tallahassee, —— after a lapse of some twenty years!

Emman asks that I send you a copy of our 1940 Glenrochie catalogue, and she will either write to you about camp or else talk to you when she sees you.

If you see Alec Mahood any time soon, please give him a swift punch in the jaw for me. By the way, I'd love to have a little news about both Alec and Charlie.

Sincerely,

SIR;

Puerto Rico has the privilege of being the birthplace of a man, Eugenio María de Hostos, who is considered both at home and abroad a towering figure among the New World intellectuals.

His work as an educator makes him the Horace Mann of Latin America, and as a sociologist he is even the predecessor of Giddings and Ward, as you certainly know, the distinguished American sociologist responsible for the introduction of sociology as a subject in the curriculum of American colleges and universities.

January 11. 1939 will be the Centenary of this great man's birth, and Puerto Rico wishes to honor him by many acts among which are the publication of his biography, two originals, one in English and one in Spanish.

For that purpose a contest has been opened, the conditions if which are included,

Since this contest tends to bring better relations between the United State and Latin America, by the recognition and popularizing of a most significant figure of Latin American extraction, we hope that you will post in your Bulletin Board the conditions of the contest, enclosed herewith and give them any other punlicity that you may see fit.

Thanking you in advance, believe me,

Emil de For.

Very truly yours,

President

TERMS OF THE CONTEST

The De Hostos Centenary Commission, officially recognized by Act No. 25 of the Legislature of Puerto Rico, approved by the Governor on April 14, 1938, hereby confirms its resolution providing for a contest and prize for the best original and unpublished biographies, in Spanish and English, of Eugenio María de Hostos —thinker, writer, educator and sociologist— the first centenary of whose birth will be celebrated during the month of January, 1939.

The contest will be held under the following conditions:

- 1. This publication modifies and supersedes the previous notice published by the Commission.
- 2. The topic for this contest shall be: Biography of Eugenio Maria de Hostos.
- 3. All manuscripts must be written in either the Spanish or the English languages; must be original and unpublished and shall have approximately seventy-five thousand words.
- 4. All persons participating in the contest shall mark their manuscripts at the top with a distinctive motto and shall attach to the same an envelope sealed with sealing wax in which shall be enclosed a slip of paper containing his name and address. The envelope shall be marked on the outside with the motto and the first line of the
- 5. One original and two copies of the manuscript, typewritten and perfectly legible, shall be forwarded by mail and addressed to the President of the De Hostos Centenary Commission, Emilio del Toro, Chief Justice of the Supreme Court of Puerto Rico, San Juan, Puerto Rico.
- 6. The contest shall close at noon on the thirty-first day of December, 1939.
- 7. Manuscripts accompanied by any papers, marks or scripts of any kind which may in any way assist in the identification of the author prior to the awarding of the prize, shall be rejected.
- 8. After the contest is over, the original of all manuscripts submitted shall be bound into one volume and the President of the Commission shall deliver the same over to the custody of the Puerto Rican Section of the Library of the University of Puerto Rico.
- 9. The Commission will award a prize and an accesit. The prize shall consist of a diploma and one thousand dollars in cash. The accesit shall consist of a diploma and two hundred and fifty dollars in cash.
- 10. As soon as practicable within the year 1940, the Commission shall publish a limited memorial edition, not to exceed one thousand copies, of the paper awarded first prize. This edition shall be distributed free to libraries, universities and other institutions and persons of learning and prestige at home and abroad. The author of the winning paper will, however, retain his property rights and will be at liberty thereafter to make as many editions of his work as he may desire. The Commission will not return any manuscripts, but their authors will be at liberty to exercise their property rights as they may see fit.
- 11. The Commission shall announce the awards not later than the 31st day of March, 1940.
- 12. This contest shall be open to any person without limitation of nationality or place of residence.

San Juan, Puerto Rico, April 25, 1938.

December 15, 1944 Mr. J. H. House Cairo, Georgia Dear Mr. House: I am writing for Dr. Reade, as he was called out of town this week. Miss June Moseley, our Director of Placements, is in charge of all Student Part-time work. I am turning your letter over to her, and she will get in touch with you. Dr. Reade asked me to tell you that he will be in Valdosta during the holidays, and will be delighted to see you. Please tell Sally Virginia "hello" for me. I would like to see you both during the holidays.

Sincerely yours,

Secretary to the President.

W

P. S. I have just found out that Miss Moseley has gone home for Christmas; so I am turning your letter over to Mr. White, who is the faculty advisor to the Director of Publicity and Placements.

July 11, 1945 Mr. J. N. Baker Howard College Birmingham Alabama Dear Mr. Baker: I am enclosing a card received from you today, evidently in answer to our card asking if you would like to remain on our permanent mailing list which we are revising. You must have misread our card. If you would like to remain on our list, please let us know. Sincerely yours Secretary to the President Enclosure

President Frank R. Reade Georgia State Women's College Valdosta, Georgia

My dear President Reade:

About a month ago I wrote you requesting information relative to the tenure policies in your institution. To date I have not heard from you. I am sure my inquiry must have escaped your attention. I am therefore taking this means of calling the matter to your attention again, hoping that you will give us whatever assistance you can. I am enclosing herewith a copy of my original letter to you for fear the original may have been misplaced.

Sincerely yours,

Chas. H. Thompson Chas. H. Thompson, Secretary

Committee on Tenure

Enc.

HOWARD UNIVERSITY WASHINGTON, D. C.

DEPARTMENT OF EDUCATION

"The Tenure Committee of the Faculty of the College of Liberal Arts, Howard University, is making a study of the tenure status of its instructional staff. We would like very much to get some information relative to the practice of other institutions. Therefore, we would be very happy if you would assist us by giving us a statement relative to your practice on the following points:

"1. Does a teacher who is on term appointment (i.e., who is appointed for definite periods after the first or probationary appointment) have any presumption of tenure beyond the period for which he is appointed?

"For example, Teacher A., an assistant professor, has served a 'probationary' period of two years, and has served two term appointments of three years each. At the end of the second term appointment of three years he is duly notified that he will not be reappointed. In such a case, is it the policy of your institution

"(a) to give the teacher reasons for refusal to reappoint?

"(b) to give the teacher a chance to be heard in his own behalf?
"(c) to have the case reviewed by a faculty or other committee? or

"(d) merely to give notice of the refusal of reappointment?

"2. The Committee on Academic Freedom and Tenure of the American Association of University Professors recently proposed the following (Bulletin A.A.U.P., October, 1937, page 448): "Official action relating to reappointments and refusals of reappointment should be taken only with the advice and consent of some board or other committee representative of the faculty."

"(a) Does your institution follow such a practice?

"(b) We would appreciate it very much if you would give us your personal reaction to this proposal.

"If you have any printed materials on these points, we shall be very glad to have them in lieu of or in addition to any written statement you may wish to make."

Professor Charles H. Thompson Howard University Washington, D. C.

Dear Professor Thompson:

I must apologize for not having written to you long ago in reply to your request regarding our tenure policies.

Pirst, perhaps I should tell you that as a teacher of English in the Georgia School of Technology I did not join the A.A.U.P. because I felt that so long as I did my work I probably could hold my job, and that if I didn't do my work I ought to be fired,—and I was quite sure that Dr. Brittain was a fair and reasonable person!

What you really wish to know, however, probably is the official attitude of the University System of Georgia with regard to tenure, I suggest, therefore, that you write to Mr. L.R. Siebert, Secretary, Board of Regents, State Capitol, Atlanta, Georgia, who will, I am sure, be glad to send you a copy of resolutions adopted by the Board of Regents with regard to tenure throughout the University System.

I am sorry that I do not have this information at hand, but I am sure that Mr. Siebort can supply it. We work here on the general theory that our various faculty members are well trained, able teachers, and that, certainly after two years, their tenure is permanent so long as their work is satisfactory.

Sincerely yours,

President

P.S. Perhaps I should add that in any case, even after only one year of service, I should certainly give a teacher reasons for not reappointing him,—should certainly wish him to "be heard in his own behalf", or to have his case reviewed by a faculty committee, or by the Board of Regents, or by anybody else! In fact, any student or any teacher in the University System may at any time appeal to the Board of Regents if he feels that he has suffered any grievance.

30 May 1939 Sheriff Sid Howell Blakely Georgia Dear Mr. Howell: Thank you so much for your kind letter of May 17. I should have acknowledged it before now, but, as you know, school people are all particularly busy at this time of year. With best wishes, and looking forward to seeing you again some time soon, I am, Sincerely yours, President FRR:L

8 May 1940 Mr. Rudolph Howell Valdosta Flour Company Valdosta, Georgia Dear Mr. Howell: Just a line to thank you for the loan of your tarpaulins for our May Day exercises. Every one seemed to think that we had the best May Day yet, and we are particularly grateful to our Valdosta friends for helping to make this possible. With best wishes, I am, Sincerely yours, FRR/ar

11 April 1947 Mr. Bill Howland Time & Life Magazines Rhodes Haverty Building Atlanta, Georgia Dear Mr. Howland: I haven't had time to report on the flashlight which you left at Pines Camp, in Cabin North Carolina on February 27: Your friend, Mr. Aldrich, reports the flashlight sunk without a trace. Apparently, some work-mon were repainting North Carolina, and Mr. Aldrich suspects someone of them to be a thief as well as a painter. We were sorry that Life could not get down for our spring festival. It was a very lovely occasion, and I hope that you can be with us next year. Meantime, my best wishes and hope that our paths may cross soon again. Sincerely, FRR/Mc

13 January 1940 Mr. Ralph Huie Peachtree and North Avenue Branch First National Bank Atlanta, Georgia Dear Ralph: For years and years my constant faith has been that "the bank is always right." Now all my illusions are shattered, --as the enclosed deposit slip conclusively prooves. Although I can not use any of the \$75.16 deposited by Mr. Frank R. Beall, I am at least glad to know that Mr. Beall can not pay my note, notice of which doubtless went to him! I trust that you and Mauldin will accept my deepest sympathy. Sincerely yours, Frank R. Reade FRR/ar

12 November 1940 Mr. Ralph Huie Peachtree and North Avenue Branch First National Bank Atlanta, Georgia Dear Ralph: Many thanks for your letter. I was really more or less joking, and had no idea that a hard-boiled banker would "remit" even as little as seven dollars! Expect to be in Atlanta over the week end of November 23, and look forward to seeing you then. I still hear occasional rumblings along North Avenue, --- but don't know what they mean. Sincerely, FRR/ar

Mr. Jim Hunt Chairman, County Commissioners Valdosta Georgia

Door Jims

Some time ago, Bob Dusenbury told me that you thought you would be able to haul rock for us (chimneys for student activities house) when and if our project went through.

On yesterday, Mr. Bacon, area supervisor for W.P.A., came by to tell us that work can be begun on the student activities house in about a week or ten days.

as the students themselves are sponsoring this project, and as the State is not putting up any money at all, we are making every effort to keep the cost down. Already, several people have told us that they will let us have certain supplies and materials as near cost as possible.

I wish you would tell the other Commissioners for me that the College appreciates a great deal the real help that the County has given us in the past three or four years. If you wish me to do so, I shall be glad to appear before the Commissioners and explain the present project in more detail.

Please let me know how soon you think you will be able to haul this stone for us.

With all good wishes, I am,

sincerely yours,

President

P.S. Where have you been lately? Haven't seen you for a coon's age.

October 17, 1941 Mr. Jim Hunt C/o County Commissioners Valdosta, Georgia Dear Jim: Dr. Saunders came by to see me yesterday, and asked if the college would be interested in having some cleaning up done along the creek and in the woods west of Oak Street. If the county is able to do this work, we shall appreciate it a great deal, for it might help us some with our mosquitoes. Then, too, any cleaning up of this kind near the college is in every way desirable. By the way, Oak Street and Eager Road have been in the worst shape this fall that I have ever seen them. Moreover, the bridge at the foot of the hill on Oak Street south of Eager Road is in bad shape, as is the bridge on the back road leading to the country club, near Dave Wainer's property. The bridge below Joe Ree's Mill Pond also needs attention. We surely will appreciate it if your road crew can get around to this work sometime soon. If the bridges get any worse, it will be dangerous for our girls to ride over them on horseback. When are you coming out to see us? For all I have seen of you this year, we might be living in different countries! Sincerely. FRR/ar

February 24, 1942

Dr. Harriot Hunter Baltimore City Hospital Baltimore, Maryland

Dear Harriot:

It was nice to have your letter and to see your name with M. D. after it!

As Dad and Miss Nan are only about forty miles from you, I sent your letter on to them and you will doubtless hear something from them soon.

I do hope that things will work out so that you can be with us at Glenrochie for most of the summer. Camp opens July 30, and closes August 25.

I still want you to come over to Valdosta (not Milledgeville) and see our college. I am keeping you in mind in case Dr. Farbar may wish to go back into private practice in Chicago.

With all good wishes,

Sincerely,

FRR/ar
