15 March 1940 Mr. Kent E. Mack, Jr. Thomasville, Georgia Dear Kent: I am scheduled to make a talk before the Readers! Forum on next Wednesday, and I should like very much to have a certain page from the oral ex-amination notes that I lent you a year or so ago, if you happen to have the notes at hand. The page I want is the last page of notes on "The Arthur of the English Poets" --- or some such title. If you can send me this page right away, I shall appreciate it. I am in no rush for the notes. Just keep them until you have finished with them. Sincerely, FRR/ar

Dear Mr. Mener:

Just a line to thank you for the trouble we have put you to in disposing of the case made against the driver of our 'bus when our senior class, returning from New Orleans, foll into the hands of the State Patrol at Mobile.

Mr. Skinner has advised me that the case has been settled, and we all appreciate your kindness in the matter. Next year we shall be sure that the *Bus Company has the Alabama permit.

With all good wishes, I am,

Dear Miss March:

Yes, we do have horseback riding here at the Georgia State Womans College. We have, however, only some six or eight horses as, in a small college such as ours is, only about twenty students take riding for credit each quarter.

We do not do any jumping, nor anything aimed at the show ring, -- just simple three-gait riding.

Dear Dr. Reade --

We wrote you recently asking for certain information regarding your institution, costs of tuition, living, etc.

These data are for inclusion in a reference book which will be available to prospective college students and their parents and advisers. We are very anxious to obtain complete, accurate, and authoritative facts regarding your institution. As we go to press very shortly may we not hear from you at an early date?

September 24, 1942 Dear Larry: When I asked you the other day to help us about our typewriters, I told you that I wouldn't bother you any more. A telephone call from the Board of Regents' office this morning has made a liar out of me! We simply are not going to be able to buy certain equipment necessary for the completion of our heating plant on an A-1-J priority. Our supervising engineer is checking individual items with the Crane Company in Atlanta, and is to advise me in detail about the situation. I don't want to have to go back to Washington if it can be avoided; so I may call you in a day or two

for advice.

Miss Sara Catherine Martin 212 Butler Street Waycross, Georgia

Dear Sara Catherine:

Your letter of September 21 to Dr. Reade is a very nice gesture, and we appreciate it. Our worst blow is not the fire in the kitchen, but the fact that Dr. Reade is not here! He has been ill since early August. At present, he is not in the hospital, but he plans to spend a short convalescent period in Virginia before returning to the college.

Provisions have been made for the students to have their meals in the Woman's Building, just across the street, until a temporary kitchen is completed, probably after five or six weeks. There is nothing, I believe, that you can do at this time. But we do appreciate your interest and concern. Thank you for being such a nice alumna!

I'm sending your letter, together with a copy of this letter, to Dr. Reade in Virginia. He is not able to write to you, but will appreciate your offer to help your alma mater.

Sincerely,

Governor Millard Caldwell Tallahassee Florida

Dear Millard:

Our Math-Science Club wants to take an educational trip into Florida some time this spring. The girls plan to visit St. Augustine, the Marine Studios, Ocala, and other places of zoological, botanical, and general interest.

The girls will have to go in a local city bus, and I am told that such a bus would have to pay five cents a mile, or some twenty-five dollars, in road taxes. Is there any way of our avoiding this tax, which the girls themselves will have to pay, on the grounds that the trip is educational in nature?

I shall appreciate it if you will pass this letter along to the proper person, and ask him to advise me.

On Saturday afternoon, March 15, we are having our annual Spring Festival, which this year promises to be a very lovely affair. Mrs. Reade and I would be delighted to have you and Mrs. Caldwell drive over for the occasion, have dinner with us, and spend the night if you can. I have been hoping for several years to have the pleasure of a visit from the Caldwells.

With all good wishes, I am Sincerely yours, 4 March 1940

Mrs. Henry Matthews 427 McDaniel Street Tallahassee, Florida

Dear Emman:

It was nice to see you again after lo and behold so many years!

Am sending you a couple of 1940 Glenrochie booklets and I am also sending one each to Allie and Isabel, as you may want to write to them about camp before you see them.

By this time of year, parents (which means their daughters) usually are making plans for camp; so it may be well for you to do a little letter writing from Tallahassee.

Jean and I certainly enjoyed having dinner with you all yesterday, --- and also the "bull session" afterwards. We hope that all of you can drive up and see us before you set sail. Some musicians from Bennington College will be here on March 22 (Good Friday) in concert that night. Perhaps you can get up at that time? It seems that we are a little short on "attractions" just now, for examinations are next week, and then spring holidays.

Sincerely,

Mr. William Matthews

Dear Bill:

I suppose the proper thing would be for Jean to write to Marie, but the safer thing is for me to write to you and tell you what a grand time we had at your anniversary party last Saturday afternoon. I do not know just what Regent Caldwell could have eaten at the party, but I do wish that I had known how to manipulate these new steering wheel gear shifts! The best I could do was to sit close to him and whisper occasional directions like "truck dead ahead" or "red light coming up" --- enyway, even after stopping again with Mills Lane, Jr., we managed to get back to the Ansley.

It was good to see you and Marie again, and also to see so many old friends still up to their old tricks.

We are quite serious about you and Marie coming to see us. The road from Atlanta by may of Griffin, Fort Valley, and Perry is in fine shape, and you can drive down in five or six hours. Just pick out a week-end or one of your numerous bankers' holidays. I see that Dumas Malone has written a book about Tony Alderman, -- but the fellow wants \$3.50 for it; Think I'll have to be content with Lindsay hoper's review in last Sunday's Now York Times.

Love to you both, in which Jean joins me.

Dincerely,

Mr. Reuben Maury
The New York Daily News

Dear Reuben:

Congratulations, felicitations, and all that!

The enclosed note, handed to me by the young lady who dropped in to see you during our Christmas vacation, was the first I knew of your most recent accomplishment. In the past two or three days, however, any number of people have told me that they, too, have been reading the New York Times of May 6.

I am interested to know whether you won the Pulitzer award for your work on the Daily News, or on Colliers, and if it was for a single editorial. Please let me know about this. If for a single editorial how about sending me a copy? And what are you going to do with all that money?

We are still hoping that you and Thomasine (Tom to you) are going to come down to the deep South some day and pay us a visit.

Sincerely,

Dear Co-worker in Higher Education:

All of us realize the swiftness with which trends in education occur in our changing world today. Perhaps the greatest good which the Report of the President's Commission on Higher Education has produced is the stimulus given to colleges and universities to look into themselves. A faculty committee at our college is pursuing a study on terminal courses in the four-year liberal arts colleges.

Data in regard to preparatory, occupational and terminal curricula as offered in fifty-nine North Central Colleges and Universities is given in Volume 3, page 67, of the Evaluation of Higher Institutions - The Educational Program, presenting the report of the Committee on Revision of Standards, Commission on Higher Institutions of the North Central Association of Colleges and Secondary Schools. Forty-one of the forty-nine institutions offered twenty-eight different preparatory curricula at that time, which was twelve years ago.

The Report of the Fresident's Commission, Volume 3, page 11, offers the recommendation that both junior and senior colleges under private and church auspices have an ample opportunity to be related to the movement to improve the program of the thirteenth and fourteenth years; also it is expected that some of the present four-year privately controlled colleges may find it advantageous to stress work at the junior college level.

The American Council on Education, in American Junior Colleges (1948), pages 6 and 8, states:

"Many senior colleges are now putting in two-year terminal programs."

"Aside from the statement of general purposes, it is difficult to describe any characteristics of the junior college that will distinguish it from the senior college or university."

We are resorting to the questionnaire method as a means of securing information from the North Central Colleges and Universities, likewise from all of the Colleges for Women in the United States. We solicit your interest and ask that you please check and return the completed form as promptly as your convenience will permit.

Dear Miss McCall:

Dr. Reade, the president of the College, has written to us that he will be very glad for you to use some of the books in our Library.

In order to receive the books, it will be necessary for you to send your request through the Librarian of the Jennings Library. The books will be sent to her and will then be checked out to you. We hope that she will handle the matter for you in this way. If there are any questions she would like to ask about this, please ask her to write to us.

There will be no fee for the use of the books, but the carrying charges are to be paid by you.

We are glad to be of service to you, and hope to hear from you soon about the books.

Sincerely yours,

Assistant Treasurer.

Dear President Reade:

I was talking to Dr. Edwards this morning and he told me Punke is in the city and that he is entering the navy. I wonder how authentic this is? If he really is leaving, I should like to take over his work again for the year, at least while my father is still ill. I would be very near him and could run up to see him occasionally.

I have another position under consideration but so far from home that I should hesitate to accept it until I know whether I can be nearer home. May I hear from you relative to this position? I am likely to run into Mr. Punke, but I do not know where he is staying at present. He may have been on his way home and just stopped to see Dr. Edwards, who is also a friend of mine.

I am sorry about the illness of Dr. Farber's mother. I should like to get in touch with Dr. Farber. I wonder if you would mind sending me her address? I should like to call her and probably go to see her.

The weather is fine here now, cool and delightful. But your camp is probably just as cool. I am sure it is good to be there during the very hot days of August.

I am glad to know that you ended the year with such success and have had a good summer school. I hope the war will not curtail the enrolment any.

I shall be glad to hear from you relative to Dr. Punke's leaving.

Best wishes to both you and Mrs. Reade.

April 15. 1941 Mr. Hugh McGarity Valdosta High School Valdosta, Georgia Dear Hugh: I recently had a letter from Mr. Roosevelt Walker, who plans to be here on Wednesday morning, April 30, to sing some of Kipling's "Just-So Songs". Mr. Walker tells me that he has recently seen you, and that you will be willing to accompany him if you can get away from your duties at the Valdosta High School on the morning of the 30th. It would be a great help to all of us if you could arrange to accompany Mr. Walker, and I shall appreciate it if you will talk with Mr. Bridges and Mr. Cleveland and see if they won't let you off for an hour on that morning. Wednesday is our regular Chapel day, and you would have to be here from 10:30 to about 11:15. With best wishes, I am Sincerely yours. FRR/ar

Dear Dr. McGhee:

Thank you so much for your kind letter of November 26. It was good of you to come down to Valdosta and help us during Dr. Phelan's illness, and we are all glad to have had the opportunity of knowing you.

Quite frankly, I do not know just what to send you by way of remuneration for your work here. You actually taught classes for only four days, and yet you were away from home for a full week. The enclosed check takes care of your room and board while in Valdosta, of your expenses as you have itemized them in your letter, and leaves something over \$50.00 for the teaching. I hope that you will feel that this is adequate, but, if you do not, I shall really appreciate it if you will tell me so.

You will be glad to know that Dr. Phelan is at home and is improving.

With best wishes from us all, I am,

Mr. Walter McGhee District Employment Officer WPA Headquarters Albany, Georgia

Dear Mr. McGhee:

I have talked several times with Mrs. Fry to ask if she has anyone on WPA, or can certify anyone, who would be qualified to direct the movements of the Lowndes County Bookmobile, only recently received.

There is a Mrs. Roberts here, who, many of us think, would be ideal for the position. She is a graduate of Converse College, has in recent years taken some courses with us here, and she knows every road and every family in the county. She is a forceful, somewhat aggressive person, but she has had to be aggressive or else just plain quit! With a husband in the asylum at Milledgeville and several children to raise, Mrs. Roberts has run a dairy, has even plowed the fields herself. Now that her children are growing up and have secured work, she has been dropped from the WPA rolls. However, Mrs. Fry hopes that she can be certified again, as she realizes that Mrs. Roberts not only needs employment, but that she is a very capable person.

I do not, of course, mean to suggest that you strain any of your WPA regulations, but if Mrs. Roberts is a borderline case, and can be certified, I feel sure that she would do a splendid job with the Bookmobile.

With best wishes, I am

Sincerely yours,

Dear Mrs. McMillan:

"On my return from a short vecation I find your letter of the second and a letter from Mrs. Thomas, Registrar of the Georgia. State Womans College about your problem. I have no doubt that your statement of the case is a just account of what Professor Quilliams told his students. He was a very high handed man, and we had to discharge him at the end of the first term of the college at Valdosta because of just such performances as this. But I had not heard before of this particular dest. His exmine in Valdosta building up a school, etc., is sheer fabrication. The school had been established already and the building was being erected at the time he was in Coilla. The college authorities had not authorized his arrangement of which you speak, none of the money he collected went to the college, not even the names of his students were enrolled with the college. I knew he was teaching temporarily during the fall of 1912 a private class in Ocilla, but I knew nogling of his promises of college credit to his students. >>

I am sorry I can not do anything for you in the matter.

Nashville, Gr., Feb. 22, 1940. Mr. Reid, Pres. S. S. W. C. Valdosta, Ha. Dear Sir, Perhaps you remember Mrs. J. C. MEmillow Calling on you sometime ago in an effort to establish credit for some School work done en Ocilla, Ha in 1912-13. and, That I left with you a paper drawn up by Col. Warren R. Mison, Chairman Board of Education of Teilla, Ga, and signed by fellow students and faculty member that year. you promised to write the State Board of Education sending the before mentioned paper, and to write me, as soon we you received a reply, informing me the nature of the reply. So far, I tovent heard anything from you. I wrote to Mr. M. E. Thompson about that have telling him that he would hear from you in the wear future. After quite a lapse of time I received a letter from Miss allene Wright saying That it was necessary that my credites be validated by some accredited institution, but made no mention

of faring received anything from you. Please let me Know whether or not you sent in the signed paper. If for any reason you failed to do so will you please returnit to me? Mr. Reed, you told me that you were willing to accept that so proof that I did one year of College Work, I fut that it would not make me any better teacher to get credit for it. You also said that, as for that, I you dedn't believe work done in yours or any other school made anyone a better teacher. Yet you surely would not deem it fair to have anyone from your school denied the right of holding a certificate. " Wishful " reclusion no doubt it is partly on account of work you did twentyodd years ago that is helping you hold the posetion you are holding today. You acknowledge that I did the work and under the same teacher The first credite of 1/30, your school was given under. Yet you just well No what not agree to let me benefit by it. am I to believe that This is just another case of "passing The buck?" If you refuse to help me any will you I please return the paper left in your charge? Very respectfully Mrs. J. C. Minillan Box 504 Maskville ga.

Mrs. J. C. McMillan Box 504 Nashville, Georgia

Dear Mrs. McMillan:

Thank you for your letter of February 22. I remember with pleasure talking with you on Saturday afternoon, December 9 last. On the following Monday, December 11, I wrote to Mr. M. E. Thompson as follows:

"On last Saturday afternoon, Mrs. J. C. McMillan came by to see me, bringing the enclosed letter from Mr. Warren Mixon of Ocilla.

Mrs. McMillan had hoped that this college might be able in some way to validate the course referred to in Mr. Mixon's letter. However, Mrs. McMillan did not take this work here, and naturally, having no record of it, we cannot do more than say that we feel sure that the facts as stated in Mr. Mixon's letter are correct.

Mrs. McMillan tells me that she is a widow, the mother of six children and that she is teaching all of the seventh grade work at the Tygart school in Nashville.

With these facts before you, it may be possible for you to do something for Mrs. McMillan, and I am sure that you will if you can."

This letter was sent in accordance with my promise to write to the State Board of Education and to send the paper drawn up by Mr. Mixon. As you say, I also promised to write you as soon as I received a reply from the State Department. Having received no reply from them, I have not written you, --- but I suspect that the letter from Miss Wright to you was intended as a reply.

Page 2

In the event that a letter to you, written on September 11, 1939, by former President R. H. Powell, did not reach you I quote a copy of his letter for your information.

"On my return from a short vacation I find your letter of the second and a letter from Mrs. Thomas, Registrar of the Georgia State Womans College about your problem. I have no doubt th that your statement of the case is a just account of what Professor Quilliams told his students. He was a very high handed man, and we had to discharge him at the end of the first term of the college at Valdosta because of just such performances as this. But I had not heard before of this particular deal. His explanation about his being in Ocilla and mine in Valdosta building up a school, etc., is sheer fabrication. The school had been established already and the building was being erected at the time he was in Ocilla. The college authorities had not authorized his arrangement of which you speak, none of the money he collected went to the college, not even the names of his students were enrolled with the college. I knew he was teaching temporarily during the fall of 1912 a private class in Ocilla, but I knew nothing of his promises of college credit to his students."

In view of all of the above, I think you can be sure that there is no wish on my part either to "pass the buck" or to "refuse to help you". The simple fact is that there is no record of your having done college work in this institution, and that I cannot, therefore, validate credits which do not exist.

Very truly yours,

8 April 1940

Miss Muriel McMurdo "Buena Vista" Charlottesville Virginia

Dear Miss McMurdo:

Thank you for your letter of April 6. At the present time, our riding instructor, Miss Edith Lowry, expects to return next year. However, her sister is getting married in June, and it may be that Mrs. Lowry will wish her daughter Edith to stay at home with her next year. In that event, there will be a vacancy here.

I am interested to know that you are also qualified to do library work and typing. As you are to be at camp this summer, I can tell you about the position here then, --- if you do not have to have a definite answer before that time. I shall appreciate it if you will let me hear from you in the event that some other offer comes along in which you are interested, --- for it would be nice to have the same person both here and at camp. Briefly, give me an option on your services.

October 1, 1942 Mr. Frank Mears Ansley Hotel Atlanta, Georgia Dear Frank: You will remember that when I was in Atlanta a couple of weeks ago, you told me that, as Dr. Olive M. Stone had scarcely been in her room at all, there would be no charge for it. The enclosed statement, however, indicates that the Ansley would like to have two dollars! I shall be very glad to pay this bill, of course, if a correction at this late date will cause you any embarrassment. Just let me know. Sincerely, FRR/ar

Mrs. Edith Meeks, 718 Penn Avenue, N. W., Atlanta, Georgia.

Dear Mrs. Meeks:

You may remember talking with me some months ago on the train from Atlanta to Valdosta about some historical papers which, I believe, you said were in your mother's possession.

I expect to be in Atlanta, at the Ansley Hotel, for several days, beginning on Tuesday, January 15, and should very much like to talk to you about these papers, --- if you are the right Mrs. Meeks:

The address that you gave me does not correspond with that in the Atlanta telephone book. Of course, you may have moved since then.

If you are the right person, please drop a line to me at the Ansley so that I may call you on the 'phone, and have a look at the papers if your mother has sent them to you. If I am writing to the wrong person, please excuse me.

Sincerely yours,

FRR/ar

Dear Mrs. Thomas:

Since you have only a six-weeks summer session I am sending you several copies of our preliminary summer bulletin, 1938, on the chance that some of your students might be interested in attending the second six-weeks term at Mercer.

We have had one or two inquiries from G. S. W. C. students, and we should be pleased to have a large group of your students here for the second term.

Any publicity which you may give to this note, and to our preliminary bulletins, will be appreciated.

Dear Sir:

Please send credits for Guidance omitted on the following transcripts:

Registrar Mercer University Macon, Georgia

Dear-Sir

Thank you for your card of yesterday requesting that we "send credits for Guidance omitted on the transcripts" of Mae Elizabeth Norton, Betty John Henderson, and Mildred Roberts.

We have no college course in Guidance; so there is no question of omission there. Of the three students, Miss Norton seems to be the only one who had a course in vocational guidance in high school: ½ unit, with a grade of C+.

Wepshould be interested in knowing which of their activities here these students consider as meeting your requirement in "Guidance." Perhaps their orientation period (freshman week) with their educational counselors, student government teachers, and so forthermight seem to them to parallel or substitute for your required course. If so, and if after consultation with these students it seems to you that some substitution is possible, we should be glad to describe in detail whatever aspect of our orientation program is in question.

In any case, we should be interested to hear from you in regard to the disposition made of this matter.

Sincerely yours

ETALLIC PAD CORPORATION Manufacturers of Metallic Padding for all makes of Laundry and Dry Cleaning Presses 518 DAVIS STREET, -:- EVANSTON, ILLINOIS September 21, 1940 Mr. Frank Reade, President, Georgia State Woman's College, Valdosta, Georgia. Dear Mr. Reade: Mr. O. G. Glover, the Supervisor of Purchases at Atlanta, has recently placed our name on your bidding lists, and we write to inquire whether or not your laundry manager is using metallic padding on his presses at the present time. If not, may we suggest that when his present supply of padding begins to run low, you give consideration to the desirability of using our metallic pads on your pressing machines? If you are interested in cutting your costs and at the same time improving the quality of your pressing, it will pay you to put in a requisition for some of these pads. They are made in three types - the STEEL KING, MONARCH and SILVER KING. You will find them described on the enclosed circular. All are guaranteed for one year and usually far outlive their guaranty period. These pads are excellent conductors of heat, permitting a hotter buck. They give faster drying which automatically increases production. They retain their resiliency indefinitely and maintain a constant high quality of work. Weekly padding changes are eliminated, and thus time and labor saved. They definitely reduce yearly padding bills and this, added to increased production and improved work, makes the pads more than pay for themselves. The braided construction is more costly than what is ordinarily used in metallic padding, but it increases the life of the pad, gives greater resiliency, and prevents undue spreading such as is experienced in ordinary pads. They are definitely Best Because they're Braided. We hope you will decide to place your order for one or more of these pads as needed, and shall look forward to the privilege of serving you. Very truly yours, METALLIC PAD CORPORATION M.J. W Ever M. J. Weber, Gen. Mgr. MJW:a encl

Mr. Wayne Miller 306 College Street Valdosta, Georgia

Dear Mr. Miller:

I have talked with Miss Hopper, our Dean of Women, about the possibility of offering the Episcopal Church the facilities of our student activities house on the evening of Friday, November 13. Unfortunately, on Friday evenings there is always some sort of student activity going on in that building, as the girls do not have classes on Saturday. Occasionally, certain groups have met there at the lunch hour or in the early afternoon, but we feel that it would be unwise to ask the students to give up their house during the evenings.

We shall be very glad to offer you the facilities of our auditorium, if you wish to invite Bishop Barnwell to speak there at 8:00 p.m. on the 13th. Perhaps one or two of the church officials should have the Bishop for dinner at the hotel, and then everyone could come out here to hear him speak. A good many of our students and faculty members would also be happy to have the privilege of hearing Bishop Barnwell.

Dear Mr. Mobley:

Thank you for your letter of May 15. T

The "copy of the letter" to which I referred was printed in the Campus Canopy, and I enclosed, or thought I enclosed, the clipping from the Canopy, which was the letter to which I referred.

If I am mistaken in this, please let me know, as I think I can find another issue of the Canopy in which the letter was printed.

Naturally, I do not wish to burden the Governor with what to some may seem to be unimportant matters, but there are a good many of us in University System units who are most interested in encouraging student publications, but who also feel that the editors of these publications should clearly understand their duties and responsibilities.

No faculty member of administrative officer in the University System, I am convinced, would recommend or urge "faculty censorship" of student publications without justification, and, if such censorship is justified, I feel that the existence of the publication is not justified.

Dear Bishop Moore:

I am so sorry to learn from your letter of November 26 that it will not be possible for you to preach our Baccalaureate sermon on December 19. Our girls were most anxious to have you and, only yesterday afternoon the president of our Y.W.C.A. told me that she was writing you a special delivery letter, urging you to accept our invitation.

While I cannot, of course, ask you to cancel an earlier commitment, our girls are so anxious to have you on the 19th that I am wondering if it might be at all possible for you to ask the Atlanta church to make an exchange of Sundays? People in Atlanta have all sorts of opportunities to hear you which are denied those of us down here in South Georgia!

I am not too hopeful about this matter, but, when I really want something, I don't mind being turned down more than once:

Dear C. J.:

I have been wanting to write to you for a long time, but we have been powerful busy down here at G.S.W.C. for many a long week.

Would you be interested in a job here at the college beginning about May 1? Mrs. Fortson, formerly Miss Laura Rogers, who took Miss Teasley's place, wants to join her husband sometime the end of this month, and it may be that she will give up her position here for a few months, for the duration of the war, or for good! The job would include looking after college publicity, N.Y.A. girls, and it would also be necessary for you to tracking up G.S.W.C. and persuading girls to come here to college. It seems to me that you ought to be mighty good at this sort of thing. I can't remember whether you wrote me or whether somebody told me or whether I dreamed it! --- but I am afraid you are either going into war work or getting married or something like that. What sort of job do you have at the U.S.O., --- and what would it take to fetch you?

Please let me have a line from you at your earliest convenience,

Dear Munro:

I am still working at my book but mostly in

spasms.

I should have asked you to return the first and last chapters, as I apparently have no other copy of them. If you will return them right away, I will send you some stamps!

Sincerely,

FRR/ar

Dear Miss Carpenter:

Mr. Reuben Gambrell of the University of Georgia has asked me to send you a contract for the exhibition What is Modern Architecture for the period from December 2 to 16, which I am enclosing herewith. Will you be good enough to sign and return to me the white copy? The blue copy is for your own records.

The exhibition will be shipped to you by Railway Express Collect from Agnes Scott College in Decatur on November 26th. About a week before your opening we shall send you unpacking and installation instructions for the exhibition together with a suggested form of publicity release.

Very sincerely yours,

Elodie Courles

Dr. Frank Reade, President, G.S.C.W., Valdosta, Ga.

Dear Frank:

I was sorry to have missed you while you were here the other day, but am glad you are going to take Mrs. Middlebrooks in Valdosta, as it seems to meet with the general approval of everyone.

I hope to be home shortly, and will see you while there.

With kind regards, I am

Sincerely yours,

Secretary Executive Department

A statement as to whether or not the material, when received, was packed according to directions given by the Museum of Modern Art.

- 4. All packing and unpacking instructions sent by the Museum of Modern Art must be followed explicitly by competent packers. Each object must be handled with special care at all times to insure against damage or deterioration. If any damage occurs, it must be reported to the Museum of Modern Art at once and described in detail. (The Museum of Modern Art carries insurance on the exhibition).
- 5. Each object shall, while on exhibition, bear the descriptive label provided by the Museum of Modern Art.
- 6. Rental for the exhibition is payable within one month following the closing date of the exhibition. Transportation charges from the preceding city on the itinerary must be paid on receipt of the exhibition.
- 7. The exhibition shall be shown in a dignified and suitable manner and place, such place, unless otherwise specifically agreed, to be the place of exhibition named in the contract.

May 20, 1939

Mr. Downing Musgrove, Executive Secretary to the Governor, State Capitol, Atlanta, Georgia.

Dear Downing:

Horace relayed your message to me about the call from Sheriff Sid Howell. Unhappily we had to dismiss one of our students who comes from Blakeley, for dishonesty in connection with signing another students name to official dormitory records.

I am afraid the trouble has been somewhat magnified, as Horace reports that you heard eight students were being expelled!

You know, of course, that these unhappy things will occur now and then, and that there really isn't anything to be done about them except to dismiss the offenders. We simply could not run a decent college if girls of that sort were allowed to stay here.

Jean and I are distressed to know of your father's continued illness. We keep in touch with the situation through Horace, - and I understand that your father is holding his own at the present.

With all good wishes and hoping to see you soon, I am,

Sincerely yours,

Dr. Frank Read, President, The Georgia State Womans College, Valdosta, Ga.

Dear Frank:

I appreciate greatly your letter of May 20th, explaining the situation relative to the young lady from Blakely, who was dismissed from your institution recently, and as I told Horace the other day, I did not know of anything I could do to help, but only passed on to you the information I had from my friends in Blakely.

If, of course, understand the handicaps that such students place the others of the student body in and for that reason I would not at all insist that she be replaced as an appeal to the Board of Regents is her privilege.

Anyway, I want you to know I appreciate your writing and explaining this to me, as I am sure Sheriff Howell will ask me about it the next time he is in Atlanta.

I returned to Atlanta yesterday and at that time Daddy was some better, and I believe if he will take care of himself he will soon recover.

With best wishes, I am

Sincerely yours,

Mr. Downing Musgrove Secretary Executive Department Atlanta Georgia

Dear Mr. Musgrove:

Dr. Reade is in Abingdon, Virginia, for a few weeks, and I am sending your letter to him.

In the meantime, I am taking the liberty of sending you a copy of our 1939 PINE CONE and a copy of our view book. Just as soon as the new catalogue has been printed, I will send you a copy of it.

I have asked Miss Mildred Teasley, Director of Publicity, to send information about the College to Mr. Golsan.

Sincerely,
