Registrar
Georgia State Womens College
Valdosta, Georgia

Dear Sir:

No doubt you are familiar with the fact that the Pan American World Airways System is a world-wide airline with over 20 years of experience serving all six continents.....Asia, Australia, Alaska, Europe, South America and Africa.

We are most anxious to offer our world-wide facilities to your foreign students whether they be in San Juan, Johannesburg, Auckland, Buenos Aires, London, Calcutta or Juneau.

If we can obtain the names and foreign addresses of those foreign students registered for your next term, we can then have one of our Sales Representatives call upon your student, or her parents, to assist with travel plans to Georgia State Womens College.

Any information which you may furnish will be greatly appreciated.

Very truly yours,

PAN AMERICAN AIRWAYS, INC.

Dear Frank:

Clark tells me he can't make it February 23rd and the devil of it is I now find I had accepted an invitation to talk to Gus Harper's old Labor bunch here that night. How I escaped the memorandum when you were in the office I haven't the slightest idea.

I can bust the Gus Harper date but would prefer not to if you could use my indifferent capabilities on Thursday, February 22nd, just as well. How about it, old fellow? And won't you please drop me a line to get back to Atlanta not later than next Wednesday?

Sincerely yours,

Dear Chuck:

When an opportunity presents itself to secure so distinguished a public figure as yourself as a speaker on our Citizenship Institute program, we will change our plans, our curriculum, even our personal habits, if need be, to clinch him!

To tell you the truth, we'd prefer to have you on the night of February 22, for then, it being George Washington's birthday, you will have to tell only the truth.

We are putting you down for eight or eighty-thirty P.M., Thursday, February 22,- details later. Meantime, please send me (right away) the "title" of your proposed talk, a couple of mats for our publicity department (or a flattering photograph of yourself if you have no mats), and some information about yourself, your travels, your movies- - just anything that can be used in the papers to startle the local yokels.

Dear Frank:

Enclosed is some trash requested
in your letter of February 5th. Improperly
used and you'll be sued.

Please return the funny face.

Should the lecturer wear a dinner
jacket? Should the lecturer bring his
wife? At what time should he arrive where
and at what hour should he depart?

Would a title such as "The World
War Against Slums" be sufficiently dramatic?
Yes, I'll bring some movies too.

Sincerely yours,

Dear Chuck:

Our Citizenship Institute will be opened without prayer at 8:00 P.M. EST, February 22, in our college auditorium.

The lecturer should wear a dinner jacket, together with the other conventional articles of clothing. He should, by all means, bring his wife. The title "The World War against Slums" is entirely acceptable.

I suppose that you will be driving down. In that event, you should move your watch up an hour, and then allow about five and a half hours from Atlanta to Valdosta. To insure getting here in time for dinner, I suggest that you and Laura leave Atlanta not later than 11:30 Atlanta time. Eleven o'clock would be better.

Tell Laura to bring an evening dress along, as our famous Mystery Ball is to be held on the evening of February 22. You and I will be late for the dance, --- which suits me exactly. Depending on the weather, our cook's ulcer, and other things, you and Laura will stay either with us or at the Daniel Ashley Hotel. I shall let you know about this later.

From your letter of February 3 I gather that you have to speak in Atlanta on the night of February 23. You can leave here around noon on

Friday and, what with saving an hour get
back to Atlanta in time for Gus Harper, whoever
he is. Wish you could put Gus off and spend
the week end with us. How about it?

Dear Frank:

Bob Jones was not at the Driving Club Saturday night so I did not have a chance to see him, and on checking up with George Griffin this morning, he told me the more he thought of it the more he was disinclined to even put the request up to Bob.

Apparently George had been instrumental in getting Bob to come through in helping the Red Cross. This involved so much work on Bob's part, and he did his job so splendidly, that George frankly felt guilty in being a party to any repetition.

However, I got Bob in person myself this morning and found out that it will be absolutely impossible for him to participate. He has been traveling so much (this I know to be a fact because we bumped into each other between Washington and New York last week) on business and in connection with the National Course of Augusta that he can't possibly make any more trips at the present time.

This letter acknowledges your very undignified and flippant epistle of "10 February 1940", probably dictated to a British secretary, or do you use these English customs merely because you once taught English?

Sincerely yours,

C. F. Palmer

Dear Chuck:

Many many thanks for coming down and helping us out so nobly on our Citizenship Institute program.

I shall really appreciate it if you will send me some sort of statement telling me what extra mileage you had to put in to come to Valdosta, for I at least want to take care of your expenses, as promised.

Jean and I were so glad to see you and Laura again, and we hope that our paths may cross again ere long.

With all good wishes to you both.

Dear Chuck:

Thank you so much for the little book, America, which came to me with your compliments a week or ten days ago.

I have been so busy, what with college opening, and my having to read the latest Agatha Christie murder story, that I haven't yet gotten around to reading America. However, my secretary, who is tough enough not to be upset by the sickly-yellow cover, has asked if she may take the book home and read it. I think this is a grand idea, as she can tell me whether I should read it or devote my spare time to the weekly gripe-organ, The Saturday Evening Post!

I notice that Chapter 12 is entitled "All-American." You will remember, of course, that the late great Walter Camp chose "All-America" teams, which I somehow like better than "All-American".

Would it be possible for you to drive over to the High School, about seven miles from Washington some day --- and talk to the boys? More of that sort of thing ought to be done for them, and if you think there is any chance of your getting over, I'll be glad to have my father drop you a line.

With all good wishes to all the Palmers and hoping to see you soon again, perhaps at another club meeting in Atlanta,

Sincerely,

Dear Chuck:

Please be good enough to tell me what members of the Club you are expecting at your home on Friday evening, January 28. If, in addition, you can give me any recent "low-down" on any of these gentlemen, I shall be happy to have same.

I trust that no female has been taken into the Club during my absence, --- or else my paper, which I hope to write on or about January 27, --- will be ruined!

ORVILLE A. PARK, JR.
PERSONS BUILDING
MACON, GEORGIA

March 24, 1941

STATEMENT of ORVILLE A. PARK, Vice-Chairman of the Board of Trustees of Wesleyan College, and Chairman of the Executive Committee of the Board.

I have been a member of the Board of Trustees of Wesleyan College, Macon, Georgia, for some twenty-one years, for most of which period I have been the Vice-Chairman of the Board, and Chairman of the Executive Committee, - the Committee being composed of the members of the Board residing in the city of Macon. I have, therefore, served in this capacity during the whole period of the Presidency of Dr. D. R. Anderson and have had the privilege of knowing him intimately, and an excellent opportunity of judging his work as the President of the College.

The College completed its new plant at Rivoli just before the financial depression which began in the late fall of 1929. During the period of prosperity we had undertaken, in fact, had almost been driven by necessity to launch a most ambitious program, and when Dr. Anderson was elected President and came to the College in 1931, the new College plant at Rivoli had only recently been occupied and was loaded with an indebtedness of more than a million dollars. The new plant had been built on the faith of assurances of Trustees and other friends of the College made in perfectly good faith, but which on account of the financial depression and conditions, these friends were unable to carry out. It had a beautiful new plant, but owed more than a million dollars. Owing to the financial condition of the country promises on which the Trustees had relied in incurring this indebtedness could not be met. The patronage of the institution necessarily fell off and the old College faced a situation which soon became critical. It was not long after Dr. Anderson assumed the Presidency before the Board of Trustees found it impossible to meet the maturing instalments of bonds and interest payments, and in regular course a foreclosure of the bond mortgage, and the sale of all the properties of the College resulted. Dr. Anderson was forced to carry on an institution which had no home, no equipment, not a piece of apparatus, or a book in its library. In spite of this well-nigh impossible situation he succeeded in retaining a large part of the patronage of the institution, maintained its standards, met its current obligations, paid its teachers, and it was largely through his personal efforts that Wesleyan retained membership in the Standardizing Agencies.

When the circumstances surrounding the College are remembered, and the way in which its difficulties have been overcome, Dr. Anderson's great work for Wesleyan can hardly be overstated. During all the difficult period, as stated, he maintained the high standards, succeeded in keeping the institution on the accredited list of the

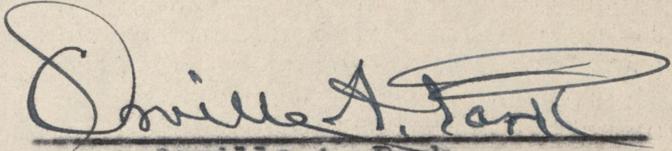

Standardizing Agencies, maintained the student body, strengthened the faculty, and kept alive the esteem in which the old institution had been held through the long years of its history. Of course, others have assisted in the solution of Wesleyan's problems, and in bringing the old College to a more prosperous present, but it is not too much to say that the greater part of the credit for the vastly improved condition in which the College now finds itself has been due to the untiring efforts and the wise and capable leadership of its President. During the years of struggle Dr. Anderson has succeeded in inspiring the students, patrons, and the public with confidence in the institution and its future, which has made possible the great progress which has been made in the solution of its financial difficulties.

When one contrasts the situation which existed at Wesleyan when Dr. Anderson assumed the Presidency with its present situation when he leaves that office, and realizes how much that Change is due to his leadership, one can scarcely refrain from what might seem undue adulation.

Dr. Anderson has the highest esteem of the people of Macon, he is universally popular and respected by all classes of our citizens for his scholarship, his Christian character, his high ideals, his ability on the platform, his social graces and his ability to make and hold friends.

I cannot refrain from adding a word of appreciation of Mrs. Anderson who had supported her husband most admirably in all his efforts, and whose graciousness and charm have added much to his success. The daughter of a College President, reared on a College campus, - herself a capable teacher, Mrs. Anderson has understood the position of the President's wife and has been a great asset to the College and to the community in which she is held in highest esteem.

Macon will sorely miss Dr. and Mrs. Anderson. Their leaving will be a great loss to the community in all those things which make life in the city worthwhile. They are indeed among Macon's foremost citizens.

Mr. William George Parmenter
Georgia Power and Light Company
Valdosta, Georgia

Dear Bill:

Until I got the enclosed questionnaire, I had no idea that there were so many things about you that I don't know! Accordingly, I am writing to enlist your aid.

Please fill in as many of the blanks as you can for me. You may also grade yourself (page 2) if you wish. I'll sign anything except straight A's! By the way, forms like this give me a terrible pain. For example, what is "lenght", under 1 (a)? And I hope the maiden name of your paternal grandmother is pretty and how could anybody know about anybody's potential efficiency? (Maybe the Power Company will fill in Section 2, --- or shall I just skip it?) Under V (a) --- shall I put juniors and seniors only? And isn't V (b) a beauty! What in the Sam Hell are "questionable trends"?

Please be sure to fill in the answer to number VII. Personally I can't imagine why any one would want to join the Navy. Once upon a time I got seasick in a row boat on the Potomac River.

Sincerely,

Dear Emily:

We are very much distressed to know that you and your friends were not permitted by our vigilant, and sometimes none too brilliant night watchman to see the new log cabin student activities house when you were visiting us not long ago.

By way of making up for this horrible thing.

Can you come down and bring some friends with you, for our May Day festivities on next Saturday?

I can assure you that you may see our new log house student activities building, see anything else you want to see and go anywhere you want to go!

Dear Mrs. Patten:

I hope that you will be able to come over to the College sometime soon, perhaps for Commencement on June 9th, and bring both Betty and Nelle with you so that all of you may have time to see something of us and of the College.

Quite naturally, we hope to have the daughters of our old friends come here to school if we happen to be able to offer the courses in which they are interested.

My understanding is that Betty is interested in expression and Nelle in violin,- together, of course, with other things. As you know, both Miss. Sawyer and Mrs. Pardee are especially good teachers of expression and violin,- the best in the State we think!

Will you remember me to ^{Senator} Sen. Patten, and tell him that we are still hoping for a special session of the Assembly, and lots and lots of money for the University System.

Homerville, Georgia

Dear Mr. Peagler:

I want to thank you for your kindness in permitting me to bring your horse out to the college and have our riding instructors try him out to see if he would be suitable for our girls.

The horse is a nice looking animal, young, and quiet. I am, therefore, sorry to have to write you, that he has had little training in the various gaits that it will not be possible for us to use him.

It would take several months of hard work to get him well enough trained to use him for teaching purposes, and our instructors do not have time enough to do this and teach the students and take them out on rides.

If you happen to know of another good horse which is straight-gaited, that is gentle, and has a nice walk, trot, and canter, I shall appreciate it if you will let me hear from you.

According to our agreement, I am sending the horse back to Mr. Fender early Friday morning. If you wish any other disposition made of him, or wish me to send him back to Mr. Fender before Friday morning, please call me, collect at 758, Valdosta.

Feb. 25th. 1947

Miss Beth Whitaker,
Georgia State Woman's College,
Valdosta, Ga.

Dear Miss Whitaker:

I appreciate the inquiry from Dr. Frank Reade and I shall be able to arrange to come to you to speak to the faculty and student body if you wish me to do so. I see by the map that you are quite a ways south of Athens, also that you are not on the Seaboard R.R. by which I expect to come to Athens. The trip to you therefore would probably involve two extra days which, it now seems best, should come before the date at Athens on the 28th. and 29th.

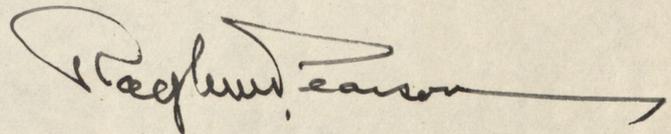

On my former trip to the University of Ga. I spoke on the subject, What is Modern Art? This is an introductory talk explaining the fundamentals of the Modern Movement. It is illustrated by an exhibit of child and adult amateur paintings and by about 20 minutes of slides showing comparative pictures from many periods -- and some modern masterpieces. The full talk takes an hour and 20 minutes.

In the 45 minutes of your period it would have to be greatly condensed -- which can be done if necessary.

My fee for many years has been one hundred dollars and expenses. Since my expenses are being paid to Athens and since the trip to you would not involve heavy extraones I can make the above a flat rate and pay the expenses out of it. For this fee I am willing to serve during a day on the campus in any way possible -- in addition to the regular talk. This might be in a discussion group or any way you wish.

I shall enclose some data. The lecture bulletin is an old one and does not now apply in specific details, but only in the general approach.

Cordially yours,

Ralph M. Pearson, Esquire
288 Piermont Avenue
Nyack, New York

Dear Mr. Pearson:

Miss Whitaker has handed me your letter of February 25, and I have just been checking dates with the director of our Artist Series.

It seems that our students get back for the opening of the spring quarter on Monday, March 24, and that perhaps half of them will go to Thomasville, some fifty miles from here, to hear the Cincinnati Symphony Orchestra the following evening. A concert pianist is scheduled for the evening of the twenty-eighth.

As you are to be at Athens on the twenty-eighth and twenty-ninth, the twenty-sixth would be the only open date that week, and I am afraid that many of our students to be quite late after the trip to Thomasville, would be just a little dull on Wednesday morning. Moreover, a visit here on the twenty-sixth would necessitate your leaving by train after midnight, reaching Atlanta around eight o'clock the next morning, if on time, -- and you would still have to make the seventy-five miles over to Athens in time to meet your appointment there.

Valdosta is 240 miles from Athens by automobile. The trip can be made comfortably in six hours, and it occurs to me that, after the wear and tear of the Georgia Student Art Exhibition on Mr. Dodd's mind and body, he might enjoy driving you down to South Georgia on Sunday and spending Monday here with you and us. Train connections from Athens to Valdosta are bad, and I hesitate to suggest the rigors of travel by omnibus to anyone.

I am sending a copy of this letter to Mr. Dodd with the hope that he can bring you down to see us. If this is not possible, I suspect that we had better invite you to visit us at some later date.

With all good wishes, I am

Dear Dr. Reade:

I mentioned to you last Saturday about coming to Pelham to be the guest speaker on our graduation program on the date of June second, at eight-thirty P. M. Dear Mr. Gaines:

I find that it will be possible for me to be with you on Monday evening at 8:30 for your graduation program. This, of course, unless some important and necessary call comes from the Chancellor or the Board of Regents, in which event I shall be glad to send someone from here to represent me, if this is agreeable to you.

We were all glad to see you here last Saturday, and hope that you will continue to be among our regular May Day visitors.

Dear Harrison:

Saw Hugh Hodgson last week in Atlanta, and he told me that you are teaching in Pelham. Hugh and the Roth Quartet will be here for a concert on Monday evening, February 14, at 8:30. I hope very much that you can arrange to come over to Valdosta, see us, and hear the boys play. Among other things, they are going to do Shostakovich's Piano Quintet, Opus 57.

If I am not mistaken, Hugh also told me that you are interested in American History, Georgia problems, --- and that you wrote a thesis based on Georgia architecture between 1840 and 1860. He also laughingly remarked that you had said that you thought Mr. Bush-Brown should have been awarded your degree!

A young man on our faculty, Mr. Clifton White, especially wants to see you, as he has done considerable work along the same general line, --- and he yearns to know more about Bush-Brown photographs.

Tell the Hand boy, if he is still on the Pelham Board of Education, that I say to let you off to make this trip, or else I will publish a story about him in your local paper! Please make every effort to come over, and let me know when we may expect you.

With all good wishes, I am

Dear Mr. Jones

We are, of course, not only interested in keeping this college before your senior girls, but also interested in doing anything we can to contribute to the success of any venture undertaken by the schools in the State. However, I have discussed your letter of yesterday with President Thaxton, and he tells me that we are prevented by the regulations of the Regents and of the State Auditor from taking any kind of paid advertising.

Thank you for your offer. I am sorry that it is not possible for us to participate.

Dear Mrs. Pennington

Our late afternoon class during the spring quarter is History 420, Early United States History. The credit is five quarter hours (or three and one-third semester hours), and the fee is twenty dollars for residents of Georgia.

The course will meet from 4:30 to 6:40 on Mondays and Wednesdays, beginning today, and will meet a total of twenty times, exclusive of the final examination.

We are not expecting to have any Saturday classes this quarter.

If you are interested in the course, I hope you can plan to be with us on Wednesday of this week.

Dear Sir and Brother:

On Sunday, March 16, a Beautiful Buick Bus is expected to arrive at the St. Charles Hotel, New Orleans. On this bus there will be some twenty-five or thirty members of our senior class, properly chaperoned, whatever that means, --- and these young ladies expect to be in New Orleans for several days. It occurs to me that some of my younger brethren may wish to meet some of these young ladies, nay, even assist them in seeing the sights of your home town. Several years ago, when Mrs. Reade and I chaperoned a senior class to New Orleans, your boys gave us a little coca-cola-dance party at the chapter house which was enjoyed by one and all. You may wish to do something of this sort again.

If the spirit moves you, drop me a line.

Dear Mrs. Smith:

I have talked with Miss Warren about the possibility of your taking private instruction in piano here next quarter, and, although I do not wish to say "no" flatly, I can not offer you too much encouragement at the moment.

It would seem to me exorbitant to charge you an academic fee, an out-of-state fee, and a music fee for one lesson a week,-- and I shall talk with Chancellor Sanford about this when I see him in Atlanta this week. The main trouble is that our music people have a great deal to do, and I can not tell quite yet just how heavy their loads will be during the winter quarter.

I shall write to you again next week, on my return from Atlanta.

Your letter was received last week but personally I think it is too late to take a Correspondence Course now and do anything with it.

I suppose you know that I went down in the summer and Mr. Hanks told me + my mother that if I made up the work I could come back in the fall but if I didn't make it up I could come back in January anyway. She didn't mention anything about a Correspondence Course then. As you know I went 2 1/2 weeks to

summer school and got sick - had to have an operation. If I had made all A's the year round I could not have gone back to school in September because the doctor ordered me to stay at home this

I am sorry that I have to transfer but as you let my letter stay on your desk almost a month without answering or doing anything about it until I went down a couple weeks ago and asked about it. I feel like that you or Mr. Zinke didn't want me to return after Xmas by waiting so long to reply. * I am very much interested in continuing my college work and I am really in earnest about doing so.

I hope there is no hard feeling but I think best as with my parents that I transfer to another school where I think I will be very happy. I am planning to go to G. S. C. W. in Millidgeville.

Dear President:

I have come to America to study post-war problems of finance and education. As president of Canton University, I am naturally keenly interested in the educational institutions of the United States, which have always warmly welcomed Chinese students, and upon which our own modern universities are largely modeled. Canton University, as you may know, is one of those that have moved to the interior during the invasion; it now has over five thousand students in active classroom work.

It is my hope, on my return to China, to bring to our institutions of higher learning a message of fellowship and good cheer from our brother institutions of America. I shall, to that end, be most happy to have any word you may care to send me, during my stay in America.

If you have any suggestions as to post-war emphases, we shall be glad to receive and to weigh them; but it will be a pleasure to carry back to China inspiring words from you, in our common endeavours in the cause of culture and humanity.

With all good wishes in our mutual work,

Dear President Ping-Chuan:

Thank you so much for your letter of April 15. Although it is a long way from South Georgia to New York City, I hope to get back to New York before you return to China, and I look forward to having the pleasure of meeting you.

Many years ago, your former premier, Williams Yen, attended both my old preparatory school and my university, --- the Episcopal High School, near Alexandria, --- and the University of Virginia. My father has always been very proud of the fact that he "taught Williams Yen to pronounce 'th'"! If you should ever be in Washington, I hope that you will call my father on the telephone. He is Willoughby Reade, and his phone number is Temple 3390.

A very good friend of mine, whom you probably know, is President W. S. A. Pott, of Elmira College, New York. His father and brothers have been interested in educational work in China for a long time, --- I believe at St. John's University. If you do not happen to know Dr. Pott, it occurs to me that you may wish to get in touch with him. His father was an Episcopal missionary, and his mother one of the loveliest Chinese ladies I ever knew.

Dear Dr. Pittman:

I am planning to be in Augusta for a state library meeting on October 9 and 10, and may go on to Atlanta for a football game! However, I don't seem to have to be away from here again until the 18th, when I am supposed to say lots of nice things about G. S. W. C. and the University System over W. S. B.; so I shall be delighted to have you here with us on the 16th.

As for your presence here embarrassing me in any way, I feel that it would be entirely unchristian of me not to be willing to associate with sinners.

Guy Wells is to be here for a big Rotary meeting, I think on the 14th and 15th, --- and it seems that I have read somewhere that Governor Talmadge is to be here on either the 15th or 16th to address a convention of Peace Officers! In case his presence here should embarrass you, I will add a postscript to this letter when I am sure about the date of the governor's visit.

Dear Bob:

Jean and I certainly appreciated your asking us to see you and Lincoln. It was by far the best of the several shows we saw in New York, -- even if Lincoln did push you about a little!

When you get a little time off, please write me more specifically about the idea of the Barter Theatre on "Tobacco Road"! I believe you said March would be a good month. About how many engagements would you like to fill, -- and can you give me any sort of idea of how much you would have to get for each performance to make the journey worth your while?

It is possible that we might secure engagements for you at some of the larger cities, --- Atlanta, Savannah, Columbus, and so on. All of this, of course, will have to be worked out and fairly soon.

With best wishes to the Porterfields and the other Barterites.

Sincerely,

Dear Bob:

I am afraid that there isn't a chance of our being able to book performances for the Barter group beginning March 11. My best contacts, naturally, are within the University System, --- where we have half a dozen units which present an artist series program each year. Unhappily, winter quarter examinations throughout the system begin on March 12, are followed by a short spring vacation, and classes for the spring quarter begin on March 20.

We are having a pretty hard financial struggle this year, --- our state appropriations here, for example, being cut about forty per cent, --- and plays, after all, are regarded even by tired business men as luxuries!

What we had better do is take an afternoon off together next summer when we are both at Abingdon, and lay some definite plans for another year. If we could have gotten started early this fall, we might have been able to work things out, but the winter quarter everywhere is scheduled well in advance because we are able to get artists and other prominent people as they travel to and from Florida.

I am sorry about this, as I should particularly like to have the Barter group here.

Dear Noble:

I am delighted to see in "The Church in Georgia" that you are to be in Thomasville for the Diocesan Convention which opens on tomorrow.

We are only forty-eight miles from Thomasville, and it will not be possible for you to return to Washington without coming by, paying us a visit, and talking to our students!

As the convention ends about one o'clock on Thursday, perhaps you can spend Thursday night with us, talk to our students at Chapel at 10:30 on Friday and, if you must, catch the 11:40 Southern train for Atlanta and Washington. Or you may prefer to leave here at 4:00 P. M. on the Atlantic Coast Line, and catch a faster train, which gets to Washington about noon the next day, at Waycross.

I must be in Waycross for several hours tomorrow, leaving here at 11:30 and returning about 3:30. As I do not want to break into any of your meetings, why not call me tomorrow afternoon sometime after four o'clock so that we can get together on your visit? Supt. S. J. Powell
Leesburg, Georgia

Dear Supt. Powell:

Thank you for your letter of April 27. For the past two or three years, the first honor graduate for every accredited high school in Georgia has been eligible for a scholarship in any unit of the University System. The scholarship has consisted of the remission of academic fees.

As you know, the University System is operating under severe financial strain, and it is possible that these scholarships may not be offered next year,-----though I have heard nothing to this effect.

Occasionally some confusion has arisen because two first honor graduates, often a boy and a girl, have been designated in certain schools as first honor graduates. The Board of Regents requires us, before remitting academic fees, to have a letter from the principal or superintendent stating that the applicant is the first honor graduate of a given accredited high school. Only one scholarship is awarded to each school. With all good wishes,

Digest of Bible

Mr. Frank R. Reade, President
The Georgia State Womans College
Valdosta, Georgia

Dear Mr. Reade:

I certainly was pleased to learn from your letter of January 12 of your interest in our A DIGEST OF THE BIBLE by Peter V. Ross. I am sure that your students will find this digest to follow the spirit of the Bible in every particular. All of the important quotations are retained intact and there is no doubt that a thorough reading of this digest will be an incentive to your students to go on and read the complete work.

The list price of this book to the ordinary public is \$2.75. However we will be glad to allow you our special school price of \$2.06 less 20% educational discount. This will make a net price to your students of \$1.65.

I will look forward to serving you in the near future.

Sincerely yours,

William Alexander

Dear Sir:

Realizing the importance of rendering every possible assistance to the hundreds of young people who will spend from two to four years in the colleges and universities of our State, the Presbyterian Church, along with the various other denominations, feel that it should do what it can to encourage Presbyterian students to participate actively in the church of their choice in the towns or communities in which they are taking their college training. With this in mind, a Committee has been set up to contact these students and do what it can towards impressing them with the importance of maintaining some active church connection for the development of their spiritual lives along with the development of their intellectual lives during their college careers.

As Chairman of this Committee, I am writing to request your most gracious cooperation in providing us with a list of the Presbyterian students in your institution. We shall greatly appreciate your attention in this matter and assure you that our one desire is to help our young people in their spiritual lives during the years of their college training.

Enclosed you will find self addressed stamped envelope for your reply. Thanking you for your cooperation, I am,

Most sincerely yours,

CHAIRMAN OF CHRISTIAN EDUCATION COMMITTEE.

Dear Mr. Crane:

Thank you for your form letter of November 8. We supplied Mr. Cecil Thompson, of the Presbyterian Church of Valdosta, a list of our students who are members of that church. In fact, this is a service which we are glad to perform for all the churches each fall. I take pleasure in listing these girls again for you now:

Mary Ann Barker
Maxine Cowart
Montine Cowart
Elizabeth Crenshaw
Betty Jane Dorough
Louise Macfie

Richmond Martin
Marian Mullis
Janet Reed
Jane Ellen Smith
Virginia Tomlinson

There are eleven more of our students who are members of the Presbyterian Church, but they are day students who live in Valdosta. As these girls are not away from home, I assume that you would not be interested in having their names.

Assuring you again of our pleasure in cooperating with you in every way possible, I am

Sincerely yours,

Mrs. Caroline P. Thomas,
Registrar.

Dear Mr. Prince:

Our Christmas vacation runs from December 21 to January 1, so I feel reasonably sure that I could see you on either December 20 or 21.

Please write to me again before you leave Knoxville, as I should be sorry to have you come to Valdosta at a time when I might be away. Other members of our staff, however, would be happy to see you and talk with you about whatever is on your mind.

I am sending you a copy of our current catalogue for your information.

Dear Miss Prince:

I must apologize for not having written sooner to tell you that the position of assistant librarian here has been offered to and accepted by Miss Larua Reed, of North Carolina. There were, as you know, a number of applicants for this position and I am only sorry that there were not more places to be filled. At all events, I am glad to have talked with you, and to be able to keep you in mind in case we might some day have a position open in which you might be interested.

I am inclosing a check for seven dollars and fifty-cents to cover your travel expenses.

Dear Mary:

Miss Marjorie Carter stopped in this morning to tell me that Dr. Lewis had promised to send me a French examination which she is to take. As this examination has never reached me, it may have gone astray, --- or, more probably, you and Dr. Lewis have been too busy to take care of your friends in South Georgia.

We are in the throes of examinations, which will be followed by a short spring holiday; so there is no hurry about the French examination for Marjorie. However, send it along when you can. I'll try to arrange to have her take it on April 1.

With best wishes to Dr. Lewis and any other friends, if any are left,

Affectionately,

Dr. F. R. Reade, Pres
Georgia State College for Women,
City.

Dear Dr. Reade:

In accordance with your request I am herewith submitting to you the details of our Hospitalization Policy, which I discussed with you yesterday. This policy provides under our group coverage for each person insured, six dollars per day for each day that any of the insured are confined to any licensed hospital regardless of location for a maximum of twenty-one days during any policy year. It also provides for two hundred fifty dollars cash in case of the death of the insured at anytime, regardless of whether confined to a hospital or not. The hospital benefits are paid direct to the hospital and the death benefit is payable to the designated beneficiary as usual. The normal monthly cost to each employee based on the normal calendar year would be one dollar, the excess being contributed by the college, as explained to you in our conversation yesterday. There is a registration fee of one dollar payable with the first month's premium, thus making the first month two dollars and the remaining months as stated above. Of course you understand that due to the fact that your college year is nine months, rather than twelve, it would be necessary to adjust the monthly rate to fit your college year. This service covers hospitalization for any cause other than the following causes; mental disease, tubercular diseases, rest cures, venereal, or the treatment of drug or alcohol addicts. The benefits of this policy become operative beginning with the second day in the hospital.

As stated to you yesterday we are serving the faculty of the University of Georgia, Mercer University, Bibb County Teachers Association and many other educational institutions. They all are highly pleased with this coverage and there quite a number of claims already paid under the above named groups.

If it meets with your approval I believe that if I were allowed to appear before the group or to contact each person that our plan could be presented more satisfactorily, than any other way. We have used these methods of presenting the plan to the groups mentioned in this letter and found it entirely satisfactory to the employees. It is purely voluntary and no pressure tactics of any kind are used in presenting our plan.

I will appreciate hearing from you at your earliest convenience. Thanking you for your kind cooperation and with kindest regards, I am,

Cordially yours

Mr. H. C. Putnam
New Process Company
Warren, Pennsylvania

Dear Mr. Putnam:

Thank you so much for your letter of April 10. I have had your earlier bill for the rain coat on my desk for a long time, because I have been intending to write and ask you why I was not also charged with a dozen pair of socks.

Weeks ago, probably as far back as January I ordered a dozen pair of socks from you but failed to specify the color. When the socks arrived, they were of all colors, --- and I had wanted black only. I returned the socks, and asked that black one be sent me. A little later, I had a letter from your company stating that only eleven pair of socks had been returned, and no letter of instruction had been received. I explained that I had not counted the socks, nor taken any from the box, and I had a nice letter from some one whose name I have forgotten, --- and the dozen pair of black socks reached me.

So far as I know, these socks have never been paid for, --- nor is there any record of any having come C.O.D.

I shall appreciate it if you will look into this matter and advise me the cost of the socks (if you have not received payment for them) --- so that I may send you a check for both socks and rain coat.

Very truly yours,

FRR/ar
