

UNION HIGH SCHOOL

DWIGHT S. COMPTON, SUPT.

LESLIE, GEORGIA

March 28, 1947

President, GSWC
Valdosta, Georgia

Dear Sir:

The Third District C class Literay meet is to be held in Leslie April 12 at nine A.M. The committee for obtaining judges has asked that I contact you and see if you can furnish them for the following events:

*Piano
Artists
Sonic*

- Boys Solo
- Girls Solo
- Quartet
- Piano
- Oral Reading
- Declamation
- Typing Shorthand
- Essays (boys and girls)

LSU

The music could be handled by the same group (three). Reading and Declamation could be handled by the same group (three). Both essays could be handled by the same group (three). Typing and Shorthand by the same group (two or three).

*17
4
2*

We shall be glad to pay the expenses, feed, and pay the nominal charges for these judges.

Please wire me collect which of these judges you can furnish. I hate to ask for such speed but it is imperative that I know since the time is short.

Yours very truly,
Dwight S. Compton
Dwight S. Compton

1 April 1947

Superintendent Dwight S. Compton
Union High School
Leslie, Georgia

Dear Mr. Compton:

I am very sorry to have to write you that it will not be possible for us to furnish judges for your district meet on April 12.

Unfortunately, we have an artist series program scheduled here for April 12, -- duo-piano affair, and, particularly as one of the performers is head of the music department at Brenau, and as the concert is being sponsored by our music department, our music people feel it imperative that they stay here.

On April 12, again unfortunately, our speech people have to be at a meeting of the Southern Speech Association at Louisiana State University, where they are appearing on the program; so I am sure that you will understand that we can not accommodate you this year.

Another year, please let us hear from you just as far in advance as possible. The spring quarter is always a very full one, but we are glad to send judges to district meets, wherever and whenever we can.

With all good wishes, I am

Sincerely yours,

FRR/w

ADDRESS REPLY TO:

March 7th 43.

Dear Mr. Reade.

This is a voice from long ago
and far away. All my neglect isn't
because of disinterest - who could
forget good old South Georgia - but
for the past year I've been up to the
top of my ol red head in work.

Well - be that as it may -
what I really want to know is if
you think you all (some hang over)
could take another Damnyankee
down there? The daughter of some friends
of mine will be ready for a taste of
this higher education the year after next -
and after hearing Ellen and me orate and
looking through the yearbooks - they
seem to be pretty much interested in
Valdosta. It wasn't high pressure salesman -

ADDRESS REPLY TO:

ship though - the place is a push
over after Eileen and I have told all.
So - if you think you could take it -
would you have a catalog and all that
paraphernalia sent to me?

And now - back to the job
which anyone would be crazy to love
but which I do. Southern sun must
have gotten me. Well - back to the
job - and regards to all my pale
way down there

Sincerely,
C. J. Morris

September 29, 1942.

The Georgia State Womans College,
Valdosta, Georgia.

Gentlemen:-

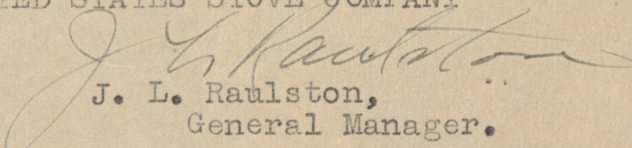

We are sorry indeed to advise we are
not in position to furnish you the

No. 123 Tennessee Hotel Range

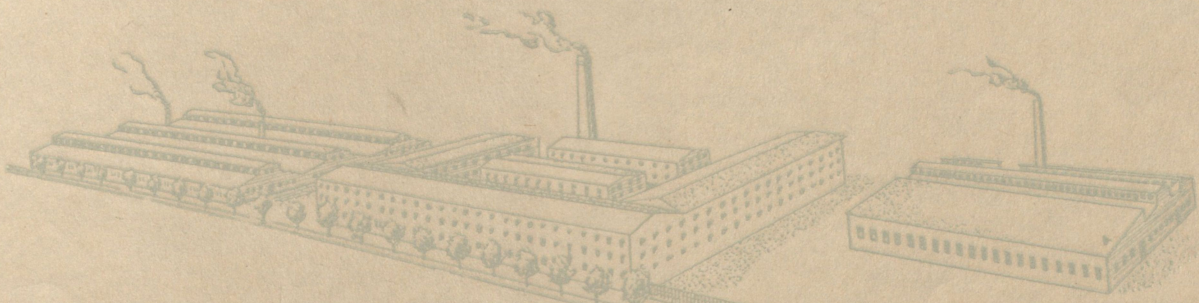

The rigid Governmental regulations placed upon us prevent
the manufacture of this range until after the war, unless
we can obtain a rating of AA-3 or better - same to be
treated as plus business. In the event this can be ob-
tained we will attempt to secure materials to manufacture
same for you.

Price of the Body Only is --- \$91.47 FOB Factory.

Yours very truly,
UNITED STATES STOVE COMPANY

J. L. Raulston,
General Manager.

Mr. J. L. Raulston, General Manager
United States Stove Company
South Pittsburg, Tennessee

Dear Mr. Raulston:

Dr. Reade is out of town and has asked me to write to you concerning the price of the No. 123 Tennessee Hotel Range.

As he wrote you in an earlier letter, he is not interested in buying the stove, but would like to know the cost of the stove plus the warming unit and the hot water unit. He has an opportunity to buy this stove locally, and only wanted to know the cost. He would appreciate it very much if you would be kind enough to send him this information. I am enclosing a stamped, self-addressed envelope.

Sincerely yours,

Anna Richter
Secretary

March 2, 1944

Dr. M. C. Huntley,
University of Alabama,
Tuscaloosa, Alabama.

Dear Dr. Huntley:

Dr. Sanford has written me to be sure that we are properly accredited with the Southern Association, and to ask if we are to come up for examination at your next meeting. I am sure you will let me know about these things at your convenience; so take your time.

I am enclosing a list of present faculty salaries, with comments, which I shall ask you to file under our name. I am hoping to make some additional increases in salary for next year.

With all good wishes, and please remember me to Bill Paty,

Sincerely yours,

FRR/ar

April 9, 1945

Dean M. C. Huntley
University of Alabama
Tuscaloosa, Alabama

Dear Huntley:

In the past, we have required graduation from an accredited high school before admitting students to this institution. Last fall, however, we admitted a student who had finished eleven years in a twelve-year system (many accredited Georgia high schools have only eleven years). This student had maintained a straight A average in high school.

On the placement tests (psychology, English, mathematics, science, and social science) she stood in the top ten per cent of entering freshmen, and she made our Dean's List both fall and winter quarters.

This student submitted high school units as follows: English (3); Latin (3); history (2); mathematics (3); home economics (1); chorus (1); Victory Corps ($\frac{1}{4}$); gymnasium ($\frac{1}{4}$).

It has been suggested that if this student, after getting an A. B. degree here, should wish to do graduate work at Alabama, there might be some difficulty about her records. I shall appreciate it a great deal if you will give me your opinion on this matter.

With all good wishes, I am,

Sincerely yours,

FRR/w

December 1, 1945

President Raymond R. Paty
University of Alabama
University, Alabama

Dear Bill:

The Georgia Education Journal states that the Southern Association will meet at the Atlanta Biltmore Hotel, December 6 to 10. I have had no notice of such a meeting; and suspect that the Journal is in error. Please drop me a line about this.

I would write to Dr. Huntley, but I had notice of a change of address from him some time ago and, unhappily, can not find it! Be a good boy and let me have this information too.

We are still hoping to have Sadie pay us a visit some time soon. She seems to be very happily situated, but we still miss her.

Sincerely,

PRR/w

26 April 1940

Miss Grace E. Castle
Graduate Library School
University of Chicago
Chicago, Illinois

Dear Miss Castle:

I am terribly remiss in not having written to you until such a late date to tell you something about Miss Lillian Patterson who has applied for admission to your Graduate Library School.

Miss Patterson received her A.B. degree from this institution and her B.L.S. from the University of North Carolina. She has been assistant librarian here for a number of years, will do whatever she tells you she will do, --- and I am happy to recommend her to you without reservation.

May I now ask a favor of you? Please tell me something about Dr. Avery Craven of your History department, and whether he is now at Chicago, or in California. A year or so ago I had a letter from him telling me that he had recently been in an automobile accident, but that he would soon look into one or two requests I had made of him, and let me hear from him. If he is still ill, I do not wish to disturb him. If, on the other hand, he is well and happy, you might even call him on the telephone and tell him that I am still awaiting his promised letter!

With best wishes, I am,

Sincerely yours,

President

My dear President Reade:

The Board of Vocational Guidance and Placement at the University of Chicago is bringing its library of college and university catalogs up to date for the use of returning veterans, students and alumni of the University of Chicago.

We feel that having your catalog in our library has a two-fold purpose: (1) it familiarizes students and returning veterans with your college or university program, and (2) it assists us in recommending qualified candidates when you notify us of vacancies on your teaching staff.

Your cooperation in sending us a current copy of your catalog will be appreciated.

Very truly yours,

Robert C. Woellner

Dear Miss Hoffman:

Thank you for your letter of June 28.

Since our supply of commencement programs for 1939 is exhausted, it will be impossible for me to send you one of the printed ones. However, I am sending you a typewritten one which will show you the form we use and also the type of program we have.

Sincerely yours,

Assistant Treasurer

UPPLÝSINGASKRIFSTOFA STÚDENTA HÁSKÓLI ÍSLANDS, REYKJAVÍK

THE STUDENTS' INFORMATION BUREAU,
UNIVERSITY OF ICELAND, REYKJAVÍK.

C O L L E G E S I N I C E L A N D .

Preparatory Schools for scientific studies in Universities and other scientific Institutions.

In Iceland there are two Colleges which provide preparatory instruction for higher education.

These colleges are: Reykjavik College (Reykjavik Grammar School) and Akureyri College (Akureyri Grammar School). Both colleges are state institutions and are governed by the Department of Education.

Graduates of these colleges are eligible to enter the University of Iceland and universities in North, Middle and Western Europe for scientific education.

Before the war yearly approximately 200 Icelandic graduates, who had all studied at these colleges, were studying in various universities in Europe, most of them in universities in the Scandinavian countries (Denmark, Sweden and Norway), also in Germany, France and Britain.

This standing (graduate of these colleges) has for a long time been recognized by most European universities as equal to that of their own preparatory schools (Gymnasias, Lycées and Grammar Schools) and Icelandic graduates can enter these universities to study whatever scientific course they wish, without taking any special college courses.

For quite some time the Icelandic government has yearly aided a number of promising scholars to continue their studies at universities in other countries with parliamentary grants. Since the

beginning of the war the number of graduates, who go to America to continue their studies, has increased, and since then too the government has increased considerably this parliamentary grant, so that now most of the graduates studying at American or Canadian universities get 3600 Icelandic kronur (c: Dollars 550) a year. As a rule each graduate gets this grant for four years. Only those graduates, who have shown special ability and received a high standard of merit in the examinations are eligible to this parliamentary grant. The subject of study selected by a graduate must be one, which can be of benefit to the community.

Reykjavik College.

The college is divided into two main departments, Junior and Senior department. The first two years the scholar is in the Junior dptm. and the next four years in the Senior dptm.

The three highest grades in the Senior dptm. are divided again into two sections, language section and mathematical section.

Scholars taken into the first grade of the Junior dptm. must not be younger than 13 years, and those taken into the first grade Senior dptm. must not be younger than 15 years. Graduates then after six years of study are on the average 19-20 years of age.

Junior dptm. In the Junior dptm. these subjects are taught: Icelandic, Danish, English, mathematics, history, natural history, geography, physics, drawing and physical culture.

The time-table is approximately as follows:

	Junior.	
	first year:	second year:
Icelandic.....	5 hrs.a week	4 hrs.a week
Danish.....	4 - - -	4 - - -
English.....	5 - - -	5 - - -
Mathematics.....	5 - - -	5 - - -
History.....	3 - - -	3 - - -
Natural history.....	4 - - -	4 - - -
Geography.....	4 - - -	2 - - -
Physics.....	0 - - -	3 - - -
Drawing.....	2 - - -	2 - - -
Physical culture.....	3 - - -	3 - - -
	<u>35</u>	<u>35</u>
	=====	

Senior dptm. In the Senior dptm. these subjects are taught: Icelandic, Danish, English, German, French, Latin, History,

Theology, Natural History, physics, chemistry, mathematics, astronomy, book-keeping, drawing, physical culture, singing.

In all grades in Senior dptm. there are 35 hours of instruction a week.

The time-table is approximately as follows:

	<u>1st grade.</u>	<u>2nd grade.</u>		<u>3rd grade.</u>		<u>4th grade.</u>	
		lang.	math.	lang.	math.	lang.	math.
Icelandic.....	4	3	3	3	3	3	3
Danish.....	3	3	3	0	0	0	0
English.....	4	4	4	4	0	5	0
German.....	4	3	3	3	3	4	3
French.....	0	0	0	6	5	6	5

Physical culture.....	3	3	3	3	3	3	3
Singing.....	<u>1</u>	<u>1</u>	<u>1</u>	<u>1</u>	<u>1</u>	<u>1</u>	<u>1</u>
	35	35	35	35	35	35	35

=====
Above figures all hours per week.

The final examinations (matriculation examination) now show whether the scholars have obtained the knowledge that the school curriculum calls for and the maturity required to continue studying at a university or other higher seats of learning.

Four years should elapse between junior and final examinations from the College. The principal may, however, allow a scholar to take final examination after a shorter or longer period under special circumstances.

Each scholar must take final examinations in all subjects taught in the Senior dptm., except Singing. Exceptions may however be made in the case of physical culture and drawing under special circumstances.- At written examinations 3-4 hours are allowed.

Marks. Marks are given by the figures 1-10 in whole numbers and in fifths. The mark 0 is given for very poor results and is a mark of failure.- The final marks should be figured out to two decimal points.

To pass an examination the scholar must obtain a final mark not lower than 5.00 -but no one, who has obtained 0 in one subject or 1 in more than one subject, gets a pass mark.

The final marks	5.00 - 5.99	are third class,
-	-	-
-	6.00 - 7.24	- second -
-	7.25 - 8.99	- first -
-	9.00 -10.00	- distinction.

The School Year. The college begins September 20th, and ends June 15th.- Vacations during the year are:

September 26th, December 1st, Christmas holidays from Dec. 22nd - Jan. 3rd, both days included, Ash-Wednesday, Easter holidays from the Wednesday before Good-Friday until the third day after Easter Sunday, both days included, the first day of summer, May 1st, Whit-sun holidays from Saturday until Tuesday, both days included.

=====0=====

Akureyri College.

The standard of education in Akureyri College is the same as in Reykjavik College and gives the same rights to enter the University of Iceland or the European universities.

Marks. In Akureyri College the examination marks given are as follows:

÷ 23	the lowest mark given
÷ 17 ²	(i.e. ÷ 17 ² / ₃)
÷ 12 ¹	(- ÷ 12 ¹ / ₃)
÷ 7	
÷ 4 ¹	(- ÷ 4 ¹ / ₃)
÷ 1 ²	(- ÷ 1 ² / ₃)
1	
2 ¹	(- 2 ¹ / ₃)
3 ²	(- 3 ² / ₃)
5	-
5 ²	(- 5 ² / ₃)
6 ¹	(- 6 ¹ / ₃)
7	
7 ¹	(- 7 ¹ / ₃)
7 ²	(- 7 ² / ₃)
8	the highest mark given.

The final marks	3.75 - 4.49	are third class,
-	-	-
-	4.50 - 5.99	- second -
-	6.00 - 7.49	- first -
-	7.50 - 8.00	- distinction.

To pass an examination the scholar must obtain a final mark not lower than 4.25.

UPPLÝSINGASKRIFSTOFA STÚDENTA HÁSKÓLI ÍSLANDS, REYKJAVÍK

THE STUDENTS' INFORMATION BUREAU,
UNIVERSITY OF ICELAND, REYKJAVÍK.

REYKJAVÍK, March 14th 1942

The Office of the

Georgia State Women College,

Valdosta, U.S.A.

As Icelandic graduates from Reykjavik College and Akureyri College more frequently travel to America for university study after the beginning of the war, we find it necessary to send you some information regarding the standard of study at the abovementioned colleges, which are the only schools in this country which prepare students for university study.

As stated in the document which follows, Icelandic college-graduates are accepted at most universities of Europe without any additional preparation for their entrance, and are thus granted the same rights as any native student in the respective countries.

In this connection we would like to point out the following quotation from the book: American Universities and Colleges, Fourth Edition, 1940. (Published by The American Council on Education, Washington), p.12 :

"At the end of his second year in college the American student is at a point approximately analogous to that at which the French or German student completes the lysée or gymnasium."

Note also a quotation from Guide Book for Foreign Students (1937, published by The Institute of International Education, New York) p.17:

"The Certificate of Maturity granted by secondary schools in Germany, and other European certificates of equal rank are accepted in the United States by some institutions as

qualifying for admission to the junior or third year of college; by others, to the sophomore or second year".

As in both these quotations comparison is made between America and Germany, we bring to your attention the fact, that already for many years the standard of study at the Icelandic colleges, has been recognized by German universities, as equal to the standard of German gymnasia.

Referring to this we hope that the university authorities will grant graduates from Reykjavik College and Akureyri College admission to the same year of college as other european students, who have got certificate of maturity of the rank of those from a German gymnasium.

We wish to stress that it is very important that our university-students do not have to spend more time studying at foreign universities, than strictly necessary, because of the great expenses of travelling and living.

At last we express our hope that Icelandic university-students will show themselves to be worthy of any consideration from the side of the university authorities.

Any further information concerning this matter will willingly be granted.

Expecting your answer at the earliest convenience,

truly yours

Dear Sir:

Enclosed I have pleasure in forwarding you letters from the Students' Information Bureau of the University of Iceland, together with a description of the courses given in the colleges of Iceland.

As stated in the letter, it is of the greatest interest to Icelandic students who are now coming to the United States and Canada in larger numbers than ever before to commence their university studies or complete them, that their degrees from Iceland should meet with the full recognition of the various universities here in America.

Your early reply, in duplicate, would be appreciated.

Very truly yours,

Thor Thors
Minister.

UPPLÝSINGASKRIFSTOFA STÚDENTA HÁSKÓLI ÍSLANDS, REYKJAVÍK

THE STUDENTS' INFORMATION BUREAU
UNIVERSITY OF ICELAND, REYKJAVÍK

Reykjavík, August 18th 1942

Secretary of The Georgia State Womans College,

At Waldosta, Georgia,

U.S.A.

As Icelandic students now travel more than in the past to America in order to study at American institutes of learning, including your own Institute, I wish to inform you regarding our activities:

Our Students' Information Bureau established in 1921, is financed by the Icelandic government and works in cooperation with the Ministry of Education and the Ministry of Foreign Affairs, dealing with the different problems of Icelandic students, especially those who study abroad.

The general scope of the Bureau is as follows:

- (a) To obtain for those who desire it, the fullest and most reliable information possible, regarding the study at universities, colleges of art and science, and any other educational institutions abroad, their scope and rules of admission and attendance, constitutions etc.
- (b) To render assistance as far as possible to Icelanders who go abroad in pursuit of study of every kind.
- (c) To furnish Icelandic and foreign institutions and students, who may desire it, with the best available information regarding Icelandic schools and educational institutions etc.

- (d) To be of assistance to foreign students and scientific men, who come to Iceland either to study or to travel in the country.

At the outbreak of the war, the connection with different countries, which our students had visited for advanced study, was broken. Consequently it became necessary to form new connections, especially in America. To this end the Bureau has been working with considerable success, partly owing to an important assistance from American institutions, as well as the Icelandic Legation in Washington and the Icelandic Consul General in New York.

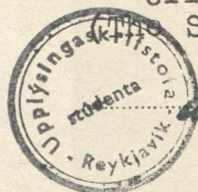

Owing to war conditions the Ministry of Education has found it necessary to have an accurate account of Icelandic students abroad, both graduates and undergraduates. It has therefore been charged to us to make a report of their places of dwelling, schools and courses, cost of study, living expenses etc.

For that purpose blanks for the reports have been sent to the Icelandic Legation in Washington, where they are available to all Icelandic students, studying in North-America, who again will return them to the Legation.

So that we may be able to have our report to the government complete at any time, we will be thankful to you for any information about Icelandic students at your Institute, for instance regarding their examinations, scholarships, health-conditions etc.

Yours truly,

UPPLÝSINGASKRIFSTOFA STUDENTA

THE GRADUATE SCHOOL
OFFICE OF THE DEAN

April 4, 1938

President F.R. Reade
Georgia State Woman's College
Valdosta, Ga.

My dear President Reade:

I am taking the liberty of writing you that in June of this year we shall confer graduate degrees upon a considerable number of promising candidates. Many of them have already had experience in college and university teaching; some as part-time instructors have been under our own observation. We should, through the Bureau of Appointments of the Graduate School, appreciate the privilege of bringing appropriate persons to your attention, in case you may have vacancies next year in your faculty.

We strive to make the services of the Bureau strictly confidential and reliable, and we should be happy to have our graduates considered by you for appointment to positions in your teaching staff.

Cordially yours,

W. W. Pierson
Dean

WWP:t

7 April 1938

Dr. W. W. Pierson
Dean of Graduate School
University of North Carolina
Chapel Hill
North Carolina

Dear Dr. Pierson:

Thank you for your letter of April 4. There is a possibility that we shall have a vacancy next year in our department of education. However, it will be several weeks before I shall know definitely. In the meantime, if you have anyone available, whom you might recommend to teach the courses offered here, I shall appreciate your sending me their names and qualifications.

I am sending you a copy of our current catalogue, from which you will gather that, although this is not a teacher training institution, we do offer enough courses in education to make our graduates eligible for teaching positions in the state.

We shall probably need one, perhaps two, teachers for summer school work in education. We shall run a six weeks' session, from June 13 to July 22. Perhaps you can recommend someone for summer school teaching who might also fill the possible vacancy next year.

I am sure you will understand me when I ask that you recommend as "normal" a person as possible! And someone, preferably from the South, with personality enough to go into the local schools, for observation work, without offending the public school teachers with too much erudition.

With best wishes, I am,

Sincerely yours,

President

FRR:L

10 May 1938

Dr. A.P. Hudson
Department of English
University of North Carolina
Chapel Hill.
North Carolina

Dear Hudson:

I am glad to hear from you again,
even though it is only by way of the
Crowell Company and a copy of your
Useful College English (two dollars).

As you know only too well, May is a
bad month for those of us who are in
the school business, but I look for-
ward to examining your book before
very long and shall certainly ask our
English teachers here to go and do
likewise.

With all good wishes, and still hoping
to see you again one of these days,
I am,

Sincerely yours,

19 January 1939

Mr. L. B. Rogerson
Assistant Controller
The University of North Carolina
Chapel Hill
North Carolina

Dear Mr. Rogerson:

I am sending you the reports as you request in your letter of January 7.

Our legislature is also in session, and the business office has had many reports to make at this time. It has been impossible for us to get all of the information you request before now. The College was not under the control of the Regents in 1928, so we have no records for this period which will be of any help to you. Next year's budget has not been made yet. It will be some time in the spring before this will be done. We hope the figures in the second and third columns will be of some help.

With kind regards, I am,

Sincerely yours,

President

THE UNIVERSITY OF NORTH CAROLINA
CHAPEL HILL

SCHOOL OF LIBRARY SCIENCE
OFFICE OF THE DIRECTOR

*See D¹ Hawks
& wire applicants.*

September 3, 1940

Miss Lillian Patterson
Cordele, Georgia

Dear Miss Patterson:

I have just received your wire asking me to make recommendations for the position of assistant librarian at a salary of from \$1500 to \$1750. Several alumni would, I think, be very much interested in this position. Some of these you may know hence I am giving you below the qualifications of five who would seem to me best fitted for this position. They are: Miss Mary Elizabeth Bitting, 618 Pickens Street, Columbia, South Carolina; Miss Hazel Baity, Mocksville, North Carolina; Miss Amy Fuller, 522 East Maple Street, River Falls, Wisconsin; Miss Laura A. Reed, care of the School of Library Science, Chapel Hill (on vacation - address until September 9 at 955 Hyde Avenue, Winston-Salem, North Carolina); and Miss Virginia Williamson, St. Mary's Junior College, Raleigh, North Carolina. Miss Williamson may still be on vacation in which case her address is 406 Church Street, Smithfield, North Carolina.

Miss Bitting received the following degrees from this University: B.A. from the Woman's College in 1936, M.A. 1937, B.A. in Library Science 1938. Since October 1938 Miss Bitting has been an assistant in the University of South Carolina Library, assisting in the recataloging and reclassifying of the eight departmental libraries. Having had two years of this type of experience she is now interested in another position. Miss Bitting is a tall, slender, attractive brunette, well poised socially. Her literary background is much above the average. Miss Anderson, University of South Carolina Library, could tell you of Miss Bitting as a worker.

Miss Baity received the degree of A.B. from Meredith College in 1926; the degree of B.A. in Library Science from this School in 1933. She taught Mathematics and English in high school for six years before coming to library school. The first year after her graduation she was assistant in the Meredith College Library but they had no funds for that position and were only able to give her room and board hence she accepted the position as librarian of the South High School in Winston-Salem the following fall and she has been there ever since. Miss Baity has also taught for us the past two summers giving the course in School Library Organization and Administration. She has always been interested in college library work and for that reason and because of the difference in salary,

September 3, 1940

I think that she may be interested in the position of assistant librarian at Valdosta.

Miss Baity is an excellent person. She makes a good appearance, dresses beautifully, is intelligent, has an excellent professional attitude, and a genuine interest in library development. She is quiet and reserved but has a good sense of humor.

Miss Fuller has been general assistant in the State Teachers College Library at River Falls since 1924. During this time she has done all of the work for and received the degree of Bachelor of Education from the State Teachers College at River Falls and the degree of B.A. in Library Science here at the end of the summer session of 1937. You may remember her. She had one year away at Wheaton College.

Though from Wisconsin Miss Fuller has been interested in coming South since she had her training here. If you knew her you will recall that she is attractive in appearance, enthusiastic about her work, makes a good appearance, is friendly and cooperative. The librarian at the State Teachers College in River Falls was a student of mine at Wisconsin and she has always spoken very highly of Miss Fuller as an assistant and has regretted that she could not give her more salary. She has given her an opportunity to do everything that is done in a library.

Miss Reed you will remember as our Secretary-Reviser in the office. She has been here for two years hence I feel that we should let her go so that she may get into actual library work and college library work is the thing in which she is most interested.

Miss Reed received the degree of B.A. from the Woman's College of this University in 1937 and the degree of B.A. in Library Science here in 1938. She has been with us on the staff since October 1938.

As you know, Miss Reed has dignity, poise, and a good literary background. She is a capable person who wears well, has originality and independence of judgment. I think that you would find her an excellent assistant librarian. Her experience here, of course, is somewhat different from that in a library but I think that you would find that she would quickly "catch on" to how things were done and her position here has given her experience in such things as searching and making out order cards, having charge of the Library School Library chiefly through directing the scholarship students, putting books on reserve, meeting people who come to the office, keeping up with our supplies, making requisitions, and so forth.

Miss Lillian Patterson---3

September 3, 1940

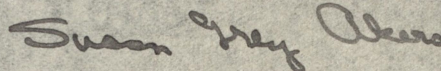

Miss Virginia Williamson received the degree of A.B. from Randolph-Macon Woman's College in 1930; the degree of B.A. in Library Science here in 1938. She taught in the public schools of North Carolina and Virginia from 1931 to 1936. Since September 1938 she has been assistant librarian at St. Mary's Junior College in Raleigh.

Miss Williamson and I have discussed her future and I feel that she is practically ready to take charge of a small college library. However, she might be interested in the position of assistant librarian at Valdosta in order to broaden the experience which she has been getting at St. Mary's and they might be able to release her at this late date. Furthermore, the position at Valdosta would be an increase in salary for her.

Miss Williamson is a tall, attractive young woman with poise and presence. She has common sense, a good disposition, enthusiasm for and interest in library work. She, too, would make an excellent assistant librarian.

If I can be of further help, please let me know.
With best wishes,

Sincerely yours,

Susan Grey Akers
Director

4 October 1940

Miss Susan Gray Acres
Director School of Library Science
University of North Carolina
Chapel Hill, North Carolina

Dear Miss Acres:

Just a line to thank you for arranging to have Miss Laura Reed come to us so promptly. I should have written to you long before now, but people in school work understand how busy every one is during the first two or three weeks of the college year.

I have not had an opportunity to see very much of Miss Reed, but understand from Miss Patterson and others that she is taking care of her new duties in an entirely satisfactory manner, and we all feel sure that she will be a most valuable addition to our staff.

With all good wishes, I am

Sincerely yours

FRR/ar

THE UNIVERSITY OF NORTH CAROLINA
CHAPEL HILL

THE GRADUATE SCHOOL
OFFICE OF THE DEAN

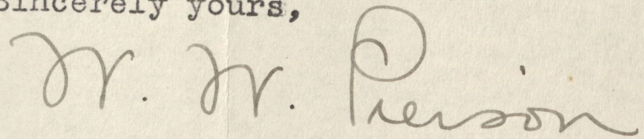

April 7, 1941

President Frank R. Reade,
George State Woman's College,
Valdosta, Ga.

Dear President Reade:

I am taking the liberty of writing you that in June and in August we shall confer graduate degrees upon a considerable number of promising candidates. Many of them have already had successful experience in teaching, and some, as part-time instructors, have been under our observation here. We should, through our Bureau of Appointments of the Graduate School, appreciate the privilege of bringing appropriate persons to your attention in case you may have vacancies next year in your faculty. We strive to make the services of the Bureau confidential and reliable.

Sincerely yours,

W. W. Pierson
Dean

THE UNIVERSITY OF NORTH CAROLINA
CHAPEL HILL

THE GRADUATE SCHOOL
OFFICE OF THE DEAN

August 4, 1942

President Frank R. Reade
Camp Glenrochie
Abingdon, Virginia

Dear President Reade:

Professor Hudson called this office this morning concerning the requests you had made in your letter to him. We are sending you herewith the confidential papers on file in our Bureau of Appointments for Dr. John Workman, who received his Ph.D. in Education here in 1935. During the past year Dr. Workman has been Professor of Social Sciences at Atlantic Christian College, but he has informed us that he is eager to get back into the field of Education in a college of university. We are notifying Dr. Workman that we have written you and we are asking him to supplement the enclosed papers by writing to you himself.

We regret very much that we have no one to recommend for the position in Mathematics and Physics.

Very truly yours,

Mary H. Osborne

Mary H. Osborne, Secretary
Bureau of Appointments

August 22, 1942

Miss Mary H. Osborne, Secretary
Bureau of Appointments
The University of North Carolina
Chapel Hill, North Carolina

Dear Miss Osborne:

Thank you for sending us the information concerning
Dr. John Workman and for your interest in helping us
secure some one to fill the vacancy in our Department
of Education.

I am enclosing Dr. Workman's credentials.

Sincerely yours,

Secretary

October 1, 1942

Dr. Roy M. Brown
University of North Carolina
Graduate School
Chapel Hill, North Carolina

Dear Dr. Brown:

You will be glad to know that I finally got in touch with Dr. Olive Stone and that she has accepted a position on our faculty for the first two quarters of this year. After that, she plans to do some work in an agency, --- but we hope very much to have her back with us next September.

I have tried several times before to persuade Dr. Stone to join our faculty, but had about given her up. Your letter of August 26 was the first indication that I had had that she might be available; so you have done me a real favor.

With all good wishes, and thanking you for your interest and help, I am

Sincerely yours,

PRR/ar

INSTITUTE FOR RESEARCH IN SOCIAL SCIENCE
THE UNIVERSITY OF NORTH CAROLINA
CHAPEL HILL

March 3, 1944

Mrs. W. M. Thomas, Registrar
Georgia State Woman's College
Valdosta
Georgia

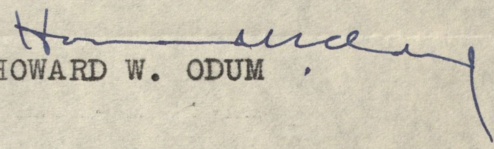

Dear Mrs. Thomas:

We are very much interested, as are you, in an inventory of the South's college youth with a view to opportunities in postwar planning. Would you, therefore, be willing to let us have the names of the upper ten percent of your graduates in each of the years 1939 and 1940, that is, those who ranked highest in scholarship? Would you indicate the major of each of these, and in those instances where the graduate was not of liberal arts specify the division or special curriculum?

We believe that this catalogue will be of great help in postwar planning, and we will be glad to let you have access to the results of the research when it is completed.

With appreciation for any help that you may be able to give us,

Cordially yours,

HOWARD W. ODUM

HWO-m

INSTITUTE FOR RESEARCH IN SOCIAL SCIENCE
THE UNIVERSITY OF NORTH CAROLINA
CHAPEL HILL

April 22, 1944

Mrs. W. M. Thomas
Registrar
Georgia State Woman's College
Valdosta, Georgia

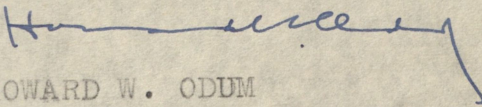

Dear Mrs. Thomas:

We realize that our letter of March 3 reached you at a busy time and that also you may be short of clerical assistance in these trying days, but we are anxious to include graduates from your institution in our catalogue of potential Southern leaders.

Because of this, may we again ask you to send us the names and major field of the upper ten percent of the graduating class for each of the years 1939 and 1940 who ranked highest in scholarship? If it should be impossible to give us this information would you be willing to send us the names and major fields of the senior members of your scholastic honor society for these years?

With appreciation for any help that you may be able to give us,

Cordially yours,

HOWARD W. ODUM

HWO:r

May 3, 1944

Mr. Howard W. Odum
Institute for Research in Social Science
The University of North Carolina
Chapel Hill, North Carolina

Dear Mr. Odum:

I hope I am not too late with the information requested in your letter of two months ago.

The lists below include only students who were with us all four years, and who were graduated with the bachelor of arts degree.

Our 1939 class was a rather poor one: No honor graduate, and only five with B averages or better.

<u>Name</u>	<u>Major</u>
Ann Dunbar	English
Hazel Muggridge	English
Anna Richter	English
Clara Mae Sasser	English
Grace VanLandingham	Chemistry

In 1940, six students graduated with honors -- an average of half A's and half B's, or better, on four years of college work.

Rosemary Baker	Chemistry
Geraldine Bowen	History
Rosalind Taylor	Music
Ruth Whisonant	Social Welfare
Mildred Wilson	History
Ora Kate Wisenbaker	History

Ten percent of the 1939 class is four, and of the 1940 class, five. In each case, the lowest score was tied, necessitating the inclusion of an additional name.

Sincerely yours

Mrs. William M. Thomas
Registrar

INSTITUTE FOR RESEARCH IN SOCIAL SCIENCE

INVENTORY OF SOUTHERN RESOURCES
FOR THE
SOUTHERN ASSOCIATION OF SCIENCE AND INDUSTRY

July 24, 1944

Alumnae Secretary
Georgia State Woman's College
Valdosta, Georgia

Dear Alumnae Secretary:

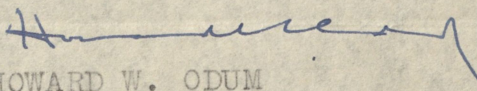

Some time ago you received a letter from us with attached blanks requesting information about the upper ten percent of your graduates who ranked highest in scholarship in each of the years 1939 and 1940. We realize the time that would be required in compiling this information but we are anxious that the graduates from your institution be included in our inventory of the South's college youth.

If by chance our letter did not reach you, or if the lists of graduates which we sent you have been misplaced, we shall be glad to send you duplicate blanks.

So that we may schedule our final tabulation, it will be helpful if you will indicate an approximate date when we may expect the requested information.

With appreciation for your assistance,

Cordially yours,

HOWARD W. ODUM

HWO:h

July 29, 1944

Mr. Howard W. Odum
Institute for Research in Social Science
The University of North Carolina
Chapel Hill, North Carolina

Dear Mr. Odum:

I received your two letters -- of March 3 and April 22 -- promptly; but it was not until May 3 that I was able to send you the information you requested.

Upon returning to the office today after a vacation, I found your letter of July 24, addressed to our Alumnae Secretary. I feel sure that this letter concerns the same lists requested in your previous letters.

As there is always some confusion about the two state schools -- The Georgia State College for Women at Milledgeville, and The Georgia State Womans College at Valdosta -- I feel sure that your latest letter was intended for the Milledgeville school or that the Milledgeville school was "credited" on your check list when my letter of May 3 was received. I call this to your attention now so that when the lists are finally published there will be no mistake.

Of course, if it should so happen that my letter of May 3 did not reach you, please let me know that I may send you a copy of it.

Sincerely yours

Mrs. William M. Thomas
Registrar
