Dear John:

I do wish that you and your family would just plain damn get into your automobile and drive down here to see us!

You are an old Camellia-connoisseur, I know, but I believe you would enjoy seeing our Camellia Trail. Last year, Mrs. Whitehead set out about two hundred plants of approximately ninety different varieties, and she has practically doubled the size of the trail this year.

You could drive down any old morning, have lunch with us, see the Camellias, and get back home for supper -- if you are in the same mad rush that seems to have engulfed most of humanity. Otherwise, come down and spend a weekend.

Failing all this, be sure to come down for our Spring Dance Festival on Saturday afternoon, March 16. All Nature will be bursting at that exact time, unless my spies fail me.

Have had numerous replies to the report I sent out about the Artist Series - Lecture Program business. You will be gratified to know that a hundred and seventy-three of our students are going over to Thomasville tonight to hear the Baltimore Symphony Orchestra. At two dollars and thirty cents each, they surely are not going just for the ride!

What news?

Sincerely,

Dr. Frank Reade. President South Georgia Women's College Valdosta, Georgia.

Dear Dr. Reade:

We have just learned that a new Dormitory Building is contemplated for your school and that you have not yet selected an architect for the planning of the building and preparation of working drawings and specifications.

We will appreciate your consideration of our firm in this connection and we welcome the opportunity of meeting with you at your convenience in Valdosta to discuss the proposed building and in order that you may know us personally before making a selection. Such an interview will incur no obligation on your part.

We are now planning a girls dormitory building for Dr. Thrash at South Georgia College, Douglas, Georgia, our firm having been recommended to Dr. Thrash by Mr. Strong, Consulting Engineer for the Board of Regents. We also refer you to Mr. Earl Braswell, Athens, Georgia, a member of the Board of Regents who has had occasion to know our work both as a result of buildings planned for the University of Georgia, North Georgia College at Dahlonega and at Fort Valley, as well as two public housing projects costing over one million dollars and built by the Athens Housing Authority of which Mr. Braswell is Chairman.

We assure you that in event we are selected as architect for your new building you will find us most cooperative in incorporating your ideas into the building plan and of our personal interest in planning a building that will fulfill your needs and at the same time bearing in mind low maintenance cost as well as economy in original construction.

Veny truly yours.

Lo dein Wade

Edwin J. Wade

Mr. Edwin J. Wade 16 Campbell Building Augusta, Georgia

Dear Mr. Wade:

Your letter of March 1 brings me the first news that I have had of a contemplated dormitory building!

For the past thirty-five years, the architectural firm of Edwards and Sayward, now Sayward, Logan, and Williams, of Atlanta, has planned all of our buildings. At the moment, we have final drawings for the four or five buildings which we hope to erect in the not too distant future.

With all good wishes, and thanking you for your interest, I am

Sincerely yours,

March 10, 1945 Mr. Dave Wainer Valdosta, Georgia Dear Dave: I am enclosing check for \$8.00 to reimburse you for the four splendid dinners which you furnished for Dr. Sanford, Dr. Caldwell, Mr. Bolton, and me, on last Thursday evening. I am enclosing a copy of letter which I am writing to Dr. Sandord today. Congratulations on your success at the Cattle Show. I might add that success of any kind is just about always the results of sound planning and hard work. Sincerely, FRR/W Enclosure

March 28, 1945 Mr. Dave Wainer Wainer Construction Company Valdosta, Georgia Dear Dave: The enclosed issue of Georgia Progress will explain what I was talking to you about the other day. It seems to me that the Agricultural and Industrial Development Board of Georgia would be charmed to devote one of the issues of Georgia Progress to the cattle industry in this section of the state. Dr. Sanford has already indicated his willingness and anxiousness to write an article about his trip here for the Polled Hereford show. You will perhaps want to suggest to him that he write something for Georgia Progress. This bulletin goes out all over the state, and should give this section some nice advertisement. It seems that it will complicate Bob Dusenbury's bookkeeping if we send you a check for a hundred dollars, for Mr. Drexel, before April 1, -- so please expect to receive the check on Tuesday next. I've never understood about bookkeeping. All I know is that I can't get that hundred dollars before Monday .' Sincerely, FRR/W Enclosure

April 11, 1945 Mr. Dave Wainer Wainer Construction Company Valdosta, Georgia Dear Dave: My charming secretary thinks that she neglected to include a copy of Georgia Progress in my latest letter to you; so I am sending you one this afternoon, if my charming secretary remembers to enclose it! Today, Mr. P. H. Layfield came by to ask whom he should see in connection with the Callaway farm business. Slick Dasher was loading cabbage, and you were out of town; so I sent him to Fleming Winn, who had assured me on the telephone that he would give Mr. Layfield the true facts. Mr. Layfield tells me that Dr. L. V. Howard, Agricultural and Industrial Development Board, University of Georgia, Athens, Georgia, is the man to whom you should write if you wish to ask that one of these bulletins be gotten out in the interest of the cattle business in Lowndes County. As I have troubles enough of my own, I am leaving this one with you! Sincerely, FRR/W Enclosure

14 June 1940 Wallace & Tiernan Company, Inc. Newark, New Jersey Gentlemen: For a number of years, our swimming pool at Camp Glenrochie, Abingdon, Virginia, has been fed by a spring which has run from fifteen hundred to twenty-five hundred gallons an hour. A very simple chlorinating device at the head of the spring has insured safety for our camp girls. This year the flowing water is considerably diminished on account of several dry seasons. may be that we shall wish to install a purification plant so that the same water, with occasional additions, may be used over and over. Our pool is sixty feet long, twenty feet wide, four feet deep for about twenty feet, then sloping to a depth of eight feet under the diving board. Electric current is available within fifty yards of the pool. As we run our camp for only eight weeks out of the entire year, we naturally would wish to have the cheapest possible equipment compatible with safety. Please write and send descriptive literature to: Mr. Willoughby Reade Camp Glenrochie Abingdon, Virginia Very truly yours, FRR/ar

Mr. Ben H. Wallace The Bond Hetel Hartford, Connecticutt

Dear Uncle Ben:

Jean and I were glad to have news of you and laura. We were beginning to think that you were lost and gone forever.

I had to go to Washington a couple of weeks ago to try to get a better priority rating on materials for our heating plant. This mission, you will be glad to know, was successfully concluded. The train back from Washington was so late that I had to spend six or eight hours in Atlanta, and was sorry that you could not help me out with Old Grandad. However, I did pretty well all by myself. I hope that you and Laura can see something of Mr. and Mrs. Berkley Cox. Mrs. Cox was Margaret Stuart, a cousin of mine from Abingdon. I forget what life insurance company he is with, --- probably Prodential. You need no letter of introduction. Just drop in and mention my name, --- and get thrown out!

Have to go to Athens next Wednesday and make an Honors Day speech. Meantime, I have to write the speech. Maybe I had better go home now and write it.

Jean would join me in love to you both if she knew that I was writing. She is out somewhere making a little money at a poker game. Did I tell you that for the past several months we have been paying out gambling debts to each other in war stamps? It's amazing how these little items add up. At the moment, Jean has enough stamps for about two \$18.75 bonds, and I have one and a fraction. I hope to do better.

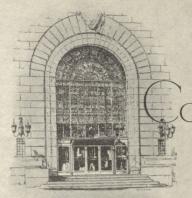

My young cousin, Coleman Motley, of the Meadows, is somewhere in the Solomons, we think. Lamar still seems to be well and happy in Savannah.

Our enrollment is considerably off, but much better than that in many of the University System units. It is hard to tell who is more responsible for this decrease, --- Hitler or Talmadge. In any event we have got rid of the latter.

When the spirit moves you, drop us another line.
Sincerely,

P. S. On the radio, a day or two ago, I heard a lovely deseription of a church in Hartford. The Church of the Good
Shepherd, perhaps? Maybe you and Laura ought to go around
and take a look if you haven't done so already. I gather
that the interior painting job is well worth seeing.

Mr. Ben H. Wallace 1220 Healey Building Atlanta, Georgia

Dear Ben:

Jo-Ann has become interested in Virginia Interment Junior College at Bristol, Virginia. In fact, we are now on the verge of making application to see whether or not they will accept her. What checking we have done seems to reveal that the school is an accredited junior college and is a member of the associations which schools of that type belong to. Furthermore, it is accredited by the State Board of Education of Virginia and the Regents Board of New York. The headmaster of Jo-Ann's school also suggested it.

In view of this we felt fairly reasonably sure after reviewing the catalogue that it looked pretty good but last night one of our neighbors received a letter from somebody in the southern part of the country to the effect that she didn't think this school was considered as A-1. This upset me a little bit and I am wondering if by any chance you know anything about it. You probably will recall that Bristol is just north of Knoxville on the Tennessee-Virginia line. It is possible that this woman who does not think so much of the school may not have been up-to-date, or she may have been as far as that goes.

The President of the University of Richmond told Dick Walden that it was a good school and very highly recommended it. But even so, I would like to get a little more information on it. Don't put yourself out but I didn't know but what some of your family might know something about it or some of your nieces or cousins had gone to school in that area.

Sincerely

The amount, as I have it written down, was 31.45. I should like to have a statement from you showing a total of \$31.45. You can find out from your local ticket agent the cost of ticket, Pullman, and so on. The rest should be listed under meals and incidentals. It is necessary for me to have such a statement, so that our State Auditors will be satisfied! With bost wishes, I am, Sincerely yours, President FRREL

Mr. William A. Stephens
War Finance Committee
Treasury Department
Atlanta, Georgia

Dear Mr. Stephens:

As you will remember, our students sponsored both the second and the fourth War Loan campaign in Lowndes County, receiving a Treasury Citation for fine work in connection with the Fourth War Loan.

Although they are not sponsoring the Sixth War Loan, they are most anxious to make every possible contribution to the campaign. Among other things, they have hit on the idea of having stickers printed carrying the slogan "Nor shall your glory be forgot"—the name of the college and town,— and a place where a ten cent war stamp is to be affixed. These stamps and stickers (sample enclosed) are to be attached to letters written to men and women in the armed services. The thought is that the individual soldier will realize that the writer is not only sending him a personal message, but is also contributing to the war effort at home.

The news story, as sent out by the Valdosta
Times to the Associated Press, suggested that the
stamp be "cancelled" with the writer's signature.
On learning that the Treasury Department wishes all
war stamps to be converted into bonds, our students
are suggesting that the name may be written across
the face of the stamp, but that this will not invalidate it, and that the soldier may put it with his
other stamps when presenting them in exchange for a
war bond.

valdosta ministers, both white and colored, are suggesting to their congregations on Sunday morning that each of them write a letter to a soldier on Sunday afternoon, affixing a ten cent war stamp. The idea is not that a few people send out a great many letters of this sort, but that many people send out a few.

I hope that you will approve of the idea as it is now being presented. A number of people here in Valdosta heartily endorse it, and believe that the idea may receive national attention, and make a real contribution to the sale of war stamps.

I shall appreciate it a great deal if you will wire me upon receipt of this letter, or else call me at Valdosta 435, before noon, Atlanta city time, if possible.

With all good wishes, I am,

Sincerely yours,

NATIONAL ROSTER OF SCIENTIFIC AND SPECIALIZED PERSONNEL COOPERATING AGENCY National Resources Planning Board

343 State Street Rochester, New York October 23, 1942

To Departments of Chemistry and Chemical Engineering:

Last year practically all the departments of chemistry and chemical engineering kindly cooperated with the National Roster of Scientific and Specialized Personnel to prepare a roster of personnel majoring in chemistry or chemical engineering. As you have read in the scientific press, there have been many demands made upon this list; in fact it has been consulted thousands of times.

Again this year we should like to bring the Roster up to date, being sure that all professionally trained personnel have records with us. In addition we wish to include the young people who are in their junior year. Therefore, we are asking you to send us the names and home addresses of your students who may be graduated in various months from November 1942 to November 1944, with the Bachelor's, Master's, or Doctor's degrees with majors in chemistry or chemical engineering.

We hope, as was generally the case last year, that your President will authorize the registrar's office to prepare such a list for us. If it can be sent in <u>duplicate</u>, much time and expense will be saved in mailing the material to these young people. For your convenience, blanks are enclosed and a return envelope.

Further, it is asked that you fill in the attached data sheet to the best of your good judgment. We know that some of the figures given will be only estimates, but these will be much better than our "guesses" would be.

We are sorry to ask you to fill out another questionnaire, but this information is important and good use will be made of it by our Government. Please let us have the above information previous to December 1.

Very truly yours,

NATIONAL ROSTER OF SCIENTIFIC AND SPECIALIZED PERSONNEL July 31, 1943

Head of the Department of Mathematics

Dear Sir:

You will recall that our last survey of departments of mathematics was made in June, 1942. The information gathered at that time is still in constant use in the National Roster, and, in addition, has served as a basis for a great deal of the planning for the specialized training programs of the armed forces.

It has now become necessary for the National Roster to repeat its survey of the departments of mathematics. The attached schedule is designed to produce data on recent trends and current conditions in these departments. You are earnestly requested to cooperate by providing all of the information requested and expediting its return to this office. The enclosed envelope requires no postage, and should be used to return your report. A duplicate copy of the questionnaire form is enclosed for your office files.

May I thank you in advance for your assistance in this important matter. I know that many calls are being made upon you in these busy times. In this case, the information which you provide will be very helpful in furthering the program for securing the most effective utilization of the Nation's mathematics training resources.

Sincerely yours,

Leonard Carmichael

Attention: Mr. Leonard Carmichael, Director

Dear Sir:

Please send student questionnaires (Form 101-NR) to the following:

Miss Jessie Morgan Tifton, Georgia

Mrs. Frances Googe Prine 1112 E. Duffy Street Savannah, Georgia

We have four students each in the fields of biology, chemistry, and sociology-social work, who will receive their degrees not later than August 1945. The ten forms which you inclosed in your letter of November 28 have been distributed here; hence my request that additional forms be sent to two of the twelve who have completed their degree requirements (December 15) and who are not now in residence.

Yours very truly

Mrs. William M. Thomas Registrar Miss Virginia Ware 406 East 56th Street Savannah, Georgia

Dear Miss Ware:

Weeks ago, I promised Mrs. John Odum that I would write you about Scholarships and Loan Funds available to students attending this college, and I must apologize for what might be called extreme tardiness.

Small Scholarship Loan Funds are as follows:

1. The Archie Griffin Scholarship \$240.00
2. I. R. C. Scholarship 200.00
3. Class of 1922
4. The Kate Bentley Scholership 100.00
55. The Ann Singletary Scholarship 15.00
6. The Louise Sawyer Scholarship 75.00
7. Girls' Loan Fund Scholarship 50.00
Total \$880.00
There are also several larger Scholarships:
1. September 14th Loan Fund
2. The Claude Davis Ingram - D. A. R. Fund 5000.00
3. The Quitman U. D. C. Scholarship 500.00
4. The Jewel Whitehead Scholarship 500.00
Total \$13500.00

I should add that the Valdosta Wymodausis Club offers two gift Scholarships each year to Valdosta girls; that first-honor graduates of accredited Georgia high schools are awarded Regents' Scholarships which pay academic fees of \$75 for the freshman year; and that our state subsidy is, in effect, a \$200 annual scholarship for each student enrolled.

Since Pearl Harbor, our students have raised enough money for their War Bond Scholarship Campaign to assure a fund of not less than \$5000 when the bonds mature.

I am sending you a copy of our current catalogue which lists most of the Scholarships enumerated above. (See pages 19 and 20.) I am also sending you a War Bond Scholarship Campaign Booklet.

If you wish any more detailed information, please let me know.

Sincerely yours,

FRR/w

Mr. Jack Warner Valdosta, Georgia

My dear Mr. Warner:

I want to thank you for agreeing to stay over the week end in Valdosta so that the people of this community as well as the college students would have an opportunity to see your exhibit of minature wax figures.

It is my feeling that high school and college students who see such exhibits may become more interested in the work of their art departments, particularly in clay and wax models. A number of people have told me that they have been particularly interested in the fact that your models are made to scale in accordance with the height and weight of the original, --- and also that they are dressed in the clothes of their particular period.

I hope that on your proposed trip through Florida you will have an opportunity to show this exhibit to a number of schools and colleges. I shall appreciate it if you will thank Mrs. Hastings for persuading yo to stay over and for having entertained you while you were here.

With best wishes, I am

Sincerely yours,

Mr. Robert Warren Supt. County Schools Albany, Georgia

Dear Bob:

Elizabeth Carbutt came by to see me this morning and to tell me how nice you had been to her on last Saturday. I do hope that something can be worked out to get Mr. Garbutt back on his feet, as it might mean that the family could be reunited.

The Albany-Valdosta football game is at the moment scheduled for Friday, November 22. However, as the 21st is Thanksgiving Day, it might be that the game will be played Thursday afternoon. Regardless of the date, Jean and I hope that you and Kate will come to Valdosta for the occasion, --- and that you will save some time for us. If you can persuade the Whites to come with you, please do so.

With best wishes to you both, and looking forward to seeing you soon, I am

Sincerely yours,

Dear George:

Your letter reached me several days ago, and I have talked with Mrs. Ashley who is head of the Red Cross here. She has taken down your wife's address and promises to go to see her right away. If your allotment money has not been coming through, the Red Cross will advance money to her and see that she and the children are taken care of in every way. Mrs. Ashley will also get word to you through Red Cross headquarters at Camp Rousseau.

I shall call Mrs. Ashley again and be sure that she has seen your wife and children. You need not worry about them, as I will see that they have everything they need while you are gone. Meantime, we will also see why your allotment money has not been coming through.

Just don!t worry any more about things at home, and drop me a line from time to time.

Sincerely,

My dear Dr. Reade:

This is to acknowledge receipt and thank you for your kind letter of December 30. I was disappointed that you were not able to get out to the house when you were over here a few days ago. We had a very happy Christmas with all the children at home.

While I do not have any members of my family attending your institution at this time, I am nevertheless deeply interested in G. S. W. C. and stand ready at all times to cooperate with you in the splendid work you are doing. It will afford me a very real pleasure to come over there and talk to the students sometime.

Dear Mr. Webster:

of all the invitations I have received since I left the University, yours of April 30 is the hardest to have to refuse. I do wish that I could be with you at your meeting on next Saturday, but Valdosta, Georgie, is too far away from anywhere else in the United States!

Please remember me to Charlie Henderson, "V"

Dear Miss Webster: At the suggestion of Miss Nancy Keeler, I am writing to ask if you know of anyone who might be available, by January 1, as a fulltime dancing teacher here. I should like to have someone with a master's degree, or an equivalent amount of training. A copy of current catalogue goes to you by today's mail, and what it has to say about the Dance probably will give you an idea of the sort of person we need. First, I am looking for an able teacher, -but it would please me a great deal to be able to find a good teacher who is also young and attractive! With all good wishes, I am Sincerely yours FRR/W

Dear Charlie:

It has been a long time since our paths have crossed, and I was hoping to see you again at the High School Contennial last month. A number of old boys were asking about you, and we were disappointed at Boojum's non-arrival!

I believe it was Thornton Martin who told mo that you are now with Time, and I am wondering if your sister magazine Life ought not to come down to the deep South, nigh the edges of Okefenokee, and attend our Christmas Festival, a very levely celebration which has been held here annually for more than twenty-five years, indeed since the opening of the college (personally, I should prefer your coming to the party, as you and I ought to be able to put on a better one than can a more photographer!)

by this time, Life should enjoy a December party without the snow and ice. Perhaps you can pass this invitation along to the proper person or can advise me the name of the person to whom I should write.

The Contonnial, by the way, was first rate. It restored my sould, which badly needed restoring. And how is yours standing the pressure of the flesh?

Sincerely,

P. S. I am attaching this to a copy of our twonty-fifth anniversary bulletin. Considerable building has gone on since this bulletin was published, including a dornitory, an auditorium, swiming pool, student activities log house, and part of a new library. You had better come down and look us over.

Dear Frank:

OFFICE OF THE PRESIDENT

I wonder if it would be convenient for you, at an early date, to send check on behalf of your institution for the purpose of the educational campaign which is in process of organization.

A number of the colleges have sent their contributions and we have gotten to the point when Grier and Ramsey are calling for more money. Consequently this S.O.S. call with me as Chairman of the Budget Committee. I believe if we can get the funds together this campaign may be production of a great deal of good.

Come to see me sometime. Assuring you of my kindest regards,

Sincerely yours,

2 December 1937 President Dice R. Anderson Wesleyan College Macon Georgia Dear Dice: I had hoped that the Regents would make a lump contribution to the educational campaign to include all of the units in the University System, but I think that this will not be done. In the meantime, we have no sum set up in our budget to take care of such a contribution. However, we naturally wish to do all that we can for the campaign, even though we are having a pretty hard time making ends meet this year. I shall appreciate it if you will tell me frankly how much you think we should contribute, with our enrollment of about 300. You know, of course, that we have quite an inexpensive college, and have but little allotted to us for advertising, publicity, or anything of the sort from which we might technically be allowed to withdraw funds for this purpose. We are celebrating our twenty-fifth anniversary on January 14 and 15 next. You will get a formal invitation from us a little later on, but I want you to save these dates for us and be with us if you can. With all good wishes, I am, Sincerely yours, President FRREL

Dear Frank:

I have been delayed in answering your kind letter of May the twenty fourth due to the meeting of our Board of Trustees, Commencement exercises and various other things which come along as you know as well as I do at this time of year.

I am inclined to think that the amount you stipulated is approximately appropriate for Mr. Kraft should he be interested in coming to you. He has some fine qualities but as you say he has no degree. Although that is a misfortune nevertheless it would interfere to some extent with his getting the kind of position which he would like to have. I would like for youlto let me know as soon as you possibly can what your decision is with regard to Mr. Kraft as in case he goes to you we would be put to it. during the summer to fill his place along with other things we have on hand.

I appreciate your willingness to send this money and writing to me about it. I had not written you to send it on account of the fact that this whole movement seems in process of some reorganization and I was waiting for the latest information about that. There is going to be a meeting on the fourteenth in Atlanta and, at that time, more definite plans probably will be made. I would hope that you would hold yourself in readiness to send this check for \$100 and either I or whoever is authorized to do so will write reminding you of it at the proper time. Dear President Reade:

Wesleyan College is now preparing to initiate a statewide campaign for funds with which to repurchase its properties. You not doubt have been acquainted through the press with the details of the unfortunate situation which has necessitated this action.

In this effort to redeem this fine old college, the mother of all women's colleges, we want to enlist the support of every educator in the state of Georgia. We know that you appreciate the position which Wesleyan occupies in the educational field, and the importance of maintaining the college.

As the first step in the state campaign, we are having a meeting of all major committees at the college on January 12th, Luncheon will be served at 12:30 p.m. Eastern Standard time. I would like very much for you to join me at this luncheon so that we may have the benefit of your sound counsel in this great undertaking.

I sincerely hope that your duties will permit you to be with me on this occasion, and will appreciate your writing your acceptance.

August 20, 1945

Dear Pres. Reade:

In past years you have been very helpful in recommending to us names of new faculty members for inclusion in our WHO'S WHO IN AMERICAN EDUCATION.

We are now compiling the 1945-46 edition (Volume 12) of our educational biographical directory and will appreciate it if you will give us the names of faculty members, employed since the fall of 1943, whom you consider worthy of inclusion in our volume.

We prefer to include men and women who have had at least five successful years of experience in college teaching, with the Ph. D. or equivalent training, and with a good reputation locally or nationally in their particular field. Our great interest is in locating deserving people who have not been properly recognized for their work.

The 1945-46 volume will contain biographical sketches of all of the college and university presidents. If for any reason, you are not included in WHO'S WHO IN AMERICAN EDUCATION, we will be very glad to send you a biographical blank by return mail.

For your convenience, you may list your recommendations at the bottom of this letter.

Dear Dr. Reade:

I am writing to you in the interest of Mr. P.A. Shuman, who desires to raise his professional standing in the teaching field.

Mr. M.D. Collins, State Superintendent of Schools, has promised, upon the recommendation of an educational leader, to grant Mr. Shuman a Professional Teaching Certificate. He suggested that the recommendation come from you as a qualified, but disinterested party.

Mr. Shuman is a man of excellent character. I have known him for about ten years and have found him to be honest and straight-forward in all his dealings. I believe him to be capable and justly entitled to any consideration that you may show him.

Enclosed you will find copies of Mr. Shuman's college work and recommendations as to his character and ability. If, after reading this material, you feel that Mr. Shuman is qualified to receive the Professional Certificate, please notify Superintendent Collins, for upon your recommendation he will grant this certificate. Please use the enclosed envelope to return the testimonials to me.

Mr. Shuman wishes to meet the state teaching requirements as soon as possible in order to secure a good teaching position this fall, and will appreciate it if you will give this matter your attention at your earliest convenience.

February 17, 1945

Mrs. John Williams 105 East Adair Street Valdosta, Georgia

Dear Mrs. Williams:

Several years ago, when you were President of our Alumnae Association, some money was raised with the idea that it would be used to beautify the circle in front of West Hall, perhaps some day by the installation of a fountain.

There is about \$125 in this fund, some of which I believe was not actually raised by the Alumnae, -- but it has been so long ago that I frankly don't remember.

Through the kind offices of Mrs. Whitehead and the city of Valdosta, a great deal of beautification is being done on the campus and, temporarily at least, we plan to beautify the front circle with various sorts of flowering plants. Within the last week, an opportunity has come to the college to purchase a complete set of Blackwood's Magazine, from the first issue in 1817 through the year 1878. This is a collector's item and, because of certain inscriptions in these volumes, may some day be extremely valuable. I asked Chancellor Sanford whether he thought we should buy it, and he replied, "If you do not buy it, please let me buy it for my private library."

It occurs to me that our Alumnae might wish to purchase these Elackwood Magazines and present them to the college. They can be bought for only \$125! It is my feeling that the purchase of these volumes would enhance the reputation of our library, bring some favorable people to the college, and be a sort of "feather in the hat" of our Alumnae. News stories would not carry the amount of money involved, but would dwell on the generosity and the fine acquisition for the library.

I shall appreciate it if you will talk with the officers of the Alumnae Association and others, and let me have your reaction.

I have already authorized the library to buy these volumes; so hope that I shall hear something from you in the near future.

With all good wishes, I am,

Sincerely yours,

PERSONAL AND CONFIDENTIAL

TO THE REGISTRAR:

Through the cooperation of the Offices of Intelligence of the Army and the Navy, Wittenberg College has evidence that numerous forged transcripts of Wittenberg credits have been presented by various individuals to military and naval authorities, and to various colleges and universities throughout the country.

All of the forged transcripts which have yet come to our attention were made out on identical blanks, the chief characteristics of which, as compared with the authentic blanks, are shown on attached sheet.

We seek your cooperation in our efforts to learn of the source of these forged transcripts. We shall appreciate especially the following:

- 1. If possible, check all transcripts of Wittenberg College credits accepted by you within the past three years, comparing them with attached sheet. If any transcripts in your file bear evidence of being forged, please secure photostatic copies of them (at our expense, please) and send to us with such information as you can supply regarding the person or persons presenting the transcripts.
- 2. In case other transcripts are presented to you, which on comparison with attached sheet, bear evidence of being forged, please communicate with us by collect wire giving full details.

Since forged transcripts of credits of other colleges are doubtless being supplied, it will be wise for none of us to accept transcripts other than those received by direct mail from Registrar to Registrar, without following the usual practice of seeking confirmation of the genuineness of the transcripts by communicating with the issuing institutions.

To add a note of humor to an otherwise rather grim situation, as well as to show the acuteness of some criminal mentalities, we mention the case of one person with practically no college work to his credit. He presented a forged transcript of credits to a distinguished western University, was admitted, carried his senior year's work with distinction, and was graduated, after election to Phi Beta Kappa!

Please send any information you may have to our Registrar, Miss Grace N. Hannaford, or to the undersigned.

Cordially yours,

Rees Edgar Tulloss President. December 2, 1944

Mr. H. M. Wisenfeld Baltimore, Maryland

Dear Mr. Wisenfeld:

The iron or steel pieces which hold the stirrups onto one of our saddles have worked loose and, even when our girls are riding properly, both stirrups and girls have occasionally come off!

I am afraid it will be quite a job for you to repair this saddle, --- but I can send it to you during our two weeks' Christmas vacation if you suggest that I do so. Please advise me.

I am enclosing check for your long overdue bill. This has not been the fault of the college. I simply have neglected to hand your bill to our treasurer.

With all good wishes, and thanking you for many past favors, I am,

Sincerely yours,

P. S. Please send us two good brushes for currying horses.

Dear Mr. Wiesenfeld:

If you can spare any of the following, we should like very much to have them:

- 1. Two saddle girths, rolled edges.
- 2. Two sets of stirrup leathers.
- 3. Four pair of reins, wide.
- 4. Half a dozen cans of saddle soap.

Very truly yours,

Gentlemen:

I am sending you five bridles which I wish you to repair at your earliest convenience and send by express to me at:

(Frank R. Reade) Camp Glenrochie, Abingdon, Virginia.

Thease put a chin strap on each bridle, and be sure that all worn or missing "keepers" are repaired or replaced.

I should like you to go over these bridles very carefully, giving us new reins or anything of that sort if the present ones seem badly worn.

As our camp is opining before long, please make this a rush job. Please send bill to me, -- also at Camp Glenrochie, Abingdon, Virginia.

Very truly yours,

P.S. If you have not yet sent six boxes of saddle soap to the college, please send them to Camp Glenrochie instead. If you have already sent the saddle soap here, please send six boxes to me at Camp Glenrochie also.

Miss Elizabeth Winn Registrar Wesleyan College Macon, Georgia

My dear Miss Winn:

I must begin this letter with an apology for its tardiness. A questionnaire concerning faculty advisors was handed to me by Miss Hopper, our Dean of Women to be filled out on December 6, 1939. I am very sorry that it became hidden away among an accumulation of papers on my desk and I have just gotten to the bottom of that accumulation. I believe it will be wiser for us to write a letter rather than attempt to fill out your questionnaire.

Since our institution has a small student body our advising is done largely by a small cooperative group consisting of the Dean of Women, the Dean of Instruction, and the Director of Placement. It just happens that the Dean of Women is definitely interested in scholarship and the best ways of securing good scholarship and the Deen of Instruction is particularly interested in personal problems as well as the matter of educational guidance and the two work together I believe nicely for the guidance of all students through the first and second years. Educational guidance is based more or less on the student's high school record, a battery of placement tests, and the student's immediate interests. An educational program for a full year is set up at the beginning of the freshmen year, but during each quarter a period is assigned to every freshman at which time the student goes over her program looking backward and forward with the Dean of Instruction so that any program may be changed between any two quarters. At the end of the

Page 2 freshman year if the student has not selected a program for major study she is again advised by the Dean of Instruction. As soon as this student has selected a subject in which she wishes to major, all of her educational guidance after that point is taken care of by her major professor. At the end of the sophomore year every student with the advice of her major professor must make out a full two year program to complete the requirements for the degree for which she is an applicant, and this full program is submitted to the Dean of Instruction for study. Such personality and interest tests as the student may wish to take are given by the Dean of Women who teaches a course in Vocations for Women required of all sophomores in cooperation with the Director of Placement. I hardly know how to comment on difficulties because they are so few. Most of our students are just normal young women from sixteen to twenty and when they get started right, we have very little trouble with them during the school year. Perhaps one of the serious dangers leading to irregularities might be absencés from class. These are handled by a committee of the faculty which includes the Dean of Instruction and the Dean of Women. A very careful system of recording and check up on absences and methods of providing excuses has been instituted here this year. It has taken care of some of the irregularities which gave us some trouble and caused some dismissals last year. If you are in the process of setting up some sort of guidance system, I am afraid this letter will be of little help to you, but I shall repeat, our student body is so small that we have not felt the need of a highly organized system of this kind. Sincerely yours, Dena J. Hawks Dean of Instruction

November 20, 1943.

Dr. Frank R. Reade,
Georgia State Women's College,
Valdosta, Georgia.

Dear Dr. Frank:

The little effort I put forth in writing your dear father has been amply repaid by the lovely letter I have received from him in reply. In it he tells me that he had been in a tennis game just the day before he was writing. What a man!

On December 19th I have appointments in Melbourne and Cocoa, for Confirmations, etc. - made long since - and cannot get out of them. As our Nipponese adversaries say - but I trust with more sincerity - "so sorry."

With affectionate regards to you and Jean, I am
Yours faithfully,

BISHOP OF SOUTH FLORIDA.

November 16, 1943

Rt. Rev. John D. Wing, D.D., 130 North Main Street, Orlando, Florida.

Dear Bishop Wing:

I have just had a letter from my father in which he writes, "I have also had a much valued letter from John Wing, congratulating me on my fiftieth year of work here. I will send it (or a copy) to you later."

It was good of you to write Dad such a nice letter, as he appreciates that sort of thing more than anybody knows.

The mention of your name reminds me to invite you again to preach a baccalaureate sermon for us! The date, Sunday, December 19, was set just a few days ago by the members of the graduating class. These girls, under an accelerated program, are graduating six months early.

One might think that I would have given up trying to get you years ago, but I sexpect to ask you at least once a year until one or the other of us goes to his eternal reward.

Jean would wish to send you her love if she knew I were writing.

Sincerely yours,

April 8, 1943

Bishop John D. Wing, 130 North Main Street, Orlando, Florida.

Dear Bishop Wing:

Thank you so much for your letter, which should have been acknowledged a long time ago, and for the pamphlet, --- which I have only glanced at but intend to read carefully just as soon as things quiet down a little, if ever!

Dear President Reade:

I am sorry that you have been troubled by the continued absence of that volume of Blake's poems from Miss Patterson's library.

After my wife's concert we were engulfed by a social whirl. But before we left Valdosta on April 8 I asked our hostess, Mrs. John L. Crockett, to return the book to the library for me. I am sure she has overlooked the book in the rush of her teaching; but I am reminding her of it. If it does not come back to the library shortly I will readily reimburse the library for it.

My kind regards to you.

I appreciate your thought in sending them to me, and am also glad to know that you liked the program at the recent cadet graduation. As a usual thing, I very much dislike to make speeches, but I really appreciated the opportunity of talking to the several hundred young graduates, and I hope, of course, that they got a little something out of what I had to say. If not, I am sure that they at least enjoyed the Serenaders! With all good wishes, I am Sincerely yours, FRR/ar

Mr. Ralph Wilson 20 Marian Place Macon, Georgia

Dear Mr. Wilson:

I am sorry to have to write you that it will not be possible for me to be in Macon on next Tuesday. It now seems that I shall have to go to Atlanta as early as Thursday of this week end, probably returning on Sunday.

Another complication is that there is to be a concert here on Tuesday evening for the beneift of the British War Relief Society. As I am chairman of the Valdosta Committee, I really ought to be here on Monday and Tuesday to help with final plans for the concert. B'nai B'rith, the Rotary and Riwanis Glubs, town and college talent are all cooperating to make this concert a success and I understand that I am supposed to make certain introductions.

Some of these days, I will be in Macon on Tuesday, --- and I will be happy to have luncheon with the Lions Club and happier if I am not asked to make a speech!

With all good wishes, I am

Mr. E. Ralph Wilson 20 Marian Place Macon, Georgia

Dear Mr. Wilson:

I am very sorry to have written to you before in reply to your kind letter asking me to talk before the Macon Lions Club on either January 21 or 28. A number of other engagements have been scheduled for the latter part of January, and I have had to wait to see if, I could arrange to stop by in Macon on my way to for from Atlanta. It so happens that I have engagements which cannot be avoided on both January 21 and 28, --- and then I must be in Atlanta on January 31 and February 1 for a meeting of the Association of Georgia Colleges. If it looks as if I shall have to stay in Atlanta through Monday, February 3, I shall be glad to stop in Macon on Tuesday and be with you at your Lions Club meeting. However, I cannot be sure about this for another week or ten days. I'll drop you a line at the earliest possible moment. Meantime, if you have something definitely scheduled for February 4, please let me know, and I'll try to arrange to be in Macon at some later date.

With kind regards to you and Tom Harold, and love to Pearl and Dody,

Sincerely,

Dear Mr. Woodard:

Cince our conversation in Macon, I have been thinking about you and your problems a good deal. While I do not actually know of a position which will be open in the University System for next year, I suggest that you drop by the Regents' Office within the next few days and have a talk with my good friend, Sam Siebert, who doubtless remembers yann at Georgia Tech.

The heads of the various units in the System are to meet, probably in Athens, some time in May. At that time I think that Siebert or Dr. Sanford will present the names of a number of applicants for positions in the System. It would do no harm for you to talk the matter over with Siebert and ask his advice. I do hope that something will turn up by way of a teaching position which will be more desirable than the job you have at present.

With all good wishes, I am,

Sincerely yours,

March 13, 1945 Rabbi Wolf Director, South Eastern Region U.A.H.C. 110 North Park Avenue Dothan, Alabama Dear Rabbi Wolf: Several days ago, Rabbi Gallinger talked with me and with Mrs. Odum, who directs our Artist Series and Lecture Program, about the possibility of having you on our campus some time this Spring. So many things have already been scheduled for the Spring quarter that we feel it will be much more satisfactory to have you with us some time next year, perhaps in the Fall, when you can spend at least a day or two with us. Train travel is so arduous nowadays, and the Spring Quarter is so full of various activities, we simply do not feel that we should ask you to come here until we are better able to make your visit here worthwhile. that you were interested in my father, and it is about him that I am writing you now. I am eager to have him return to school work. I need not tell you of his qualifications. Besides that he has a state-wide acquaintance among teachers and a ripened wealth of experience. His degree is in Education, you know, and I would like to see him teach that subject. He is as alert and vigorous as ever, and capable of more steady exertion than I am now. Do you think it possible that you might have a place he would fit into? He and my mother will probably drive down to see me in a month or so, and I would be glad to suggest that he stop by to see you if you like.

I had a visit with Dr. Perry and the department out at Tech a month or so ago. They have fabricated an outrageous legend that I was once absent minded. Surely you will deny this.

President Henry M. Wriston Brown University Providence, Rhode Island

Dear Dr. Wriston:

It is a long way from Valdosta, Georgia, to Providence, Rhode Island, as I realized a year or two ago when Mrs. Reade and I drove up to visit some friends in Bristol. And I cannot tell you how disappointed I was, after toiling up the tall hill that leads to Brown University, to find you away, --- for, though many miles separate us, your "The Nature of a Liberal College" assures me that we have drunk of the same waters:

This college is set up as the liberal arts unit for women in our huge University System of Georgia. For next year, we are planning some radical changes in our curriculum, and we need some expert counsel. I am wondering, therefore, if it would be possible for you to come here on June 6, talk to our graduates that morning at our Commencement exercises, and spend the afternoon in conference with our curriculum committee. Among other things, we want you to suggest someone who might spend the summer here helping us with the proposed re-organization, --- someone who would stay on for a year as a sort of "co-ordinator of the Humanities". For many years, all of us have talked about designing course offerings to suit our students, but the majority which we have set up have in general overpowered us. Perhaps fifteen percent of our students are endowed with enough intellectual curiosity to enable them to go on beyond the A. B. degree. For them, we plan to continue to permit them to major, with certain modifications, in this or that department. For the twenty or twenty-five percent of our students who are in no way fitted to attempt the sort of formal education that is now offered them we plan to try special courses which we hope will be of some benefit to them for the year or two that they are able to stay in college. For that

large middle group of "ordinary people", we hope to plan divisional majors. We feel that general education, through the four years, will best suit the needs and the abilities of this larger group. . If it is not possible for you to be with us at Com-mencement, do you plan to be anywhere near us between now and June 6? You can fly from Washington to Jacksonville, for example, in about four hours, and be driven here from Jacksonville in about two and a half hours. With all good wishes, and hoping that you can arrange to be here in June or else to pay us a visit earlier this spring. Sincerely, FRR/ar

Anything you can do for us will be greatly appreciated. With all good wishes, I am Sincerely yours, FRR/ar
