The members of the Association of Georgia Colleges share with the people of our country their deep concern in the present emergency. We are eager to make our contribution to the national cause and are determined to meet the unusual demands of the present.

The colleges of the country, in fact, anticipated many of the present problems and have for some time endeavored to render an enlarged service. Those with facilities needed in the emergency freely made them available long before the outbreak of war, and many of our instructors have for some time assumed additional responsibilities involving greatly increased expenditures of time and energy.

Present plans are for still greater efforts. Research of vital consequence is rapidly being expanded. Special courses ranging from welding to Portuguese are being offered not only for our students but for the interested public as well. Civilian defense training is materially speeded by our contributions of teaching personnel and space. Of still greater importance, we are trying to do better than we have ever done before our primary task of producing trained men and women, skilled technicians, as rapidly as possible.

We believe that our full contribution can be made without making sweeping and inclusive changes in our educational system and standards. We express the hope that enthusiasm for immediate action will not cause us to lose sight of the first objective, which is not only to win the war, but also to win the peace which will follow -- not only to overcome the enemy at our gates, but also to begin to establish, even amid the wreckage of war, permanent foundations for the peace and security of all institutions.

We hope that in our zeal to make our contribution, we will not lose sight of the sound principles which must guide all worth while efforts. We are convinced that we can attain sufficient acceleration in the educational program and can carry on necessary emeragency activities without sacrificing the essential requirements for education and graduation which have proved to be fundamental to sound educational procedure.

In consequence, the Association of Georgia Colleges makes the following recommendations to its own members and to the high schools throughout the state:

- 1. Since the national needs require the full time operation of our colleges, we urge that members of this Association operate upon a year-round basis making full use of the summer session. The summer program should be arranged to make possible the admission of freshmen to the required courses.
- men and women. There is nothing in the situation which requires, or in sound educational policy which justifies, shortening the total period of study. If graduation dates must be moved up, the change should apply for this year only and solely to members of the present senior class. Many colleges, especially those for women, will not find it necessary to advance the dates for graduation. In such cases, instances of individual hardship should be dealt with sympathetically.
- 3. The Association is further opposed to wholesale increase in the student load or reduction of time required for the completion of work.

4. The Association is opposed to the admission of high school juniors to college, because we believe that the program of senior studies is essential preparation for college work. We do hope, however, that through the Georgia High School Association and the Georgia High School Accrediting Commission a sound policy of accelerating the progress of unusually well qualified students may be developed.

Please return this report at your earliest convenience to J. Harold Saxon, University High School Inspector, The University of Georgia, Athens, Georgia. The Freshman class is to include every student, other than adult specials, admitted directly from high school, whether they be from Georgia or from another state, by certificate or recommendation, by examination, or otherwise. List students from other states by high school at end of this report. "A," "B," "C," "D" represent grades above a pass; "E" a conditional failure; and "F" failure, requiring repetition of the course or withdrawal. A resolution was passed at the Macon meeting of the Georgia College Association, February, 1936, requesting the Registrars of the various colleges to send reports on the Freshman work of each student directly to the high schools from which they came, at the end of the first semester or second quarter. Consolidated reports on the records of the college freshmen will be sent from this office to the colleges making reports and to

THE UNIVERSITY OF GEORGIA ATHENS GEORGIA

J. HAROLD SAXON UNIVERSITY HIGH SCHOOL INSPECTOR

April 1, 1941 SECRETARY GEORGIA HIGH SCHOOL ACCREDITING COMMISSION

GEORGIA HIGH SCHOOL ASSOCIATION STATE ACCREDITING COMMISSION

To The Registrars of All Georgia Colleges

I am enclosing herewith blanks for the annual report of College Freshmen for the fall of 1940. We are consolidating the record of students of 1940 with those of 1939.

Explanations on the blanks are explicit, but please cooperate fully by:

- 1. Numbering the pages
- 2. Write on one side of the blanks only
- 3. List alphabetically Georgia accredited high schools FIRST
- 4. Lits alphabetically high schools from which students enter your college by EXAMINATION, SECOND
- 5. List alphabetically out-of-state high schools from which students enter your college, THIRD

This report for the fall 1940 should include grades for the first semester or the AVERAGE of the freshmen marks for the first two quarters of 1940-41 - depending upon whether your college uses the semester or quarter plan of organization.

If you do not have enough blanks, please let us know.

Thanking you for furnishing us this information at your earliest convenience,

Harold Saxon, Secretary

Georgia High School Accrediting Commission

THE UNIVERSITY OF GEORGIA
ATHENS, GEORGIA

J. HAROLD SAXON

May 29, 1940

University High School Inspector
SECRETARY GEORGIA HIGH SCHOOL ACCREDITING COMMISSION

Office of
Georgia High School Association
State Accrediting Commission

To The Registrars of All Georgia Colleges

Enclosed please find the forms for annual report of College Freshmen. Due to lack of funds it was not possible to publish the report on College Failures for this year, but it is our plan now to make a consolidated report, including two years.

The explanations on the blanks are explicit, but please cooperate fully by:

- 1. Numbering the pages
- 2. Write on one side of the blanks only
- 3. List alphabetically Georgia accredited high schools FIRST
- 4. List alphabetically high schools from which students enter your college by EXAMINATION, SECOND
- 5. List alphabetically out-of-state high schools from which students enter your college, THIRD

This report should include grades for the first semester or the AVLRAGE of the freshmen marks for the first two quarters of 1939-40 - depending upon whether your college uses the semester or quarter plan of organization.

Sincerely yours,

J. Harold Saxon, Secretary Georgia High School Accrediting Commission

ENROLLMENT IN YOUR COLLEGE: Preparatory Freshman Sophomore Junior ..Girls... Senior Graduate StudentsWomen......Total... Total Enrollment This report made by...Date mailed..... Please return this report at your earliest convenience to J. Harold Saxon, University High School Inspector, The University of Georgia, Athens, Georgia. The Freshman class is to include every student, other than adult specials, admitted directly from high school, whether they be from Georgia or from another state, by certificate or recommendation, by examination, or otherwise.

List students from other states by high school at end of this report.

"A," "B," "C," "D" represent grades above a pass; "E" a conditional failure; and "F" failure, requiring repetition of the course or withdrawal. A resolution was passed at the Macon meeting of the Georgia College Association, February, 1936, requesting the Registrars of the various colleges to send reports on the Freshman work of each student directly to the high schools from which they came, at the end of the first semester or second quarter. Consolidated reports on the records of the college freshmen will be sent from this office to the colleges making reports and to the Georgia high schools from which these students came. THE UNIVERSITY OF GEORGIA ATHENS. GEORGIA

OFFICE OF THE DEAN OF FACULTIES July 20, 1944

Miss Caroline P. Thomas, Registrar G. S. W. C. Valdosta, Georgia

Dear Miss Thomas:

As Chairman of the Committee on Junior Colleges, I am writing to remind you of your annual report on the scholastic standing of all students admitted to your school from Georgia Junior Colleges.

This report is to be on all students who entered in September 1943 for the session ending June 1944. As you will note on the enclosed blanks, students from each junior college are to be listed in two categories - graduate and non-graduate. In some cases it will be difficult to determine whether a student is a graduate or not; in such case, list the name as best you can with an asterisk to indicate that the status of that student is uncertain. Please do not show names of students whose transcripts show they were excluded from the junior college.

It will be greatly appreciated if you will let me have your report on or before September 1.

> Very truly yours, L. L. Hendrenz

L. L. Hendren, Chairman

FRAGMENT of an OLD PLAY

The Duke (to man at work in the Palazzo Vecchio):

How come you here?

The Man: I await my companions, sire.

The Duke: Ah, the frescoes; yes. And the box you are making for pastime, how will it be used?

The Man: Flowers will be planted in it, sire.

The Duke: It will be filled with dirt. Why take such pains with it, to make each joint and surface perfect?

The Man: I love perfect things.

The Duke: Eh? It is wasted effort. No one will observe its perfection. Its usage does not require such perfection.

The Man: But my spirit does.

The Duke (scowling): Sirrah, what?

The Man: Do you suppose that the Carpenter of Nazareth ever made anything less well than He could? that He was ever satisfied with anything less perfect than it could be made?

The Duke (angrily): Sacrilege! Fellow, you shall be flogged. What is your name?

The Man: Michelangelo, sire.

Georgia High School Accrediting Commission Atlanta

April 23, 1942

Dr. Frank R. Reade, President Georgia State Woman's College Valdosta, Georgia

Dear Dr. Reade:

We are enclosing blanks to be used in reporting to the Georgia High School Accrediting Commission the high school and college averages of the members of your freshman class. These are being sent to you now in order that you will have ample time to prepare the report before the end of your school year.

It will greatly facilitate our work here if you will list together those who graduated from the same high school and arrange the reports of schools in alphabetical order.

Sincerely yours,

W. E. Pafford, Secretary-Inspector Georgia H. S. Accrediting Commission

WEP

THE UNIVERSITY OF GEORGIA

OFFICE OF THE DEAN

June 26, 1941.

Miss Caroline P. Thomas, Registrar, Ga. State Womans College, Valdosta, Georgia.

Dear Miss Thomas:

This letter is to remind you of your annual report on the scholastic standing of all students admitted from Georgia junior colleges to Georgia senior colleges. This report, as you know, should be mailed to me as Chairman of the Committee on Junior Colleges.

Enclosed you will find blanks upon which to make these reports and a list of colleges which are to be included therein. The report is to be on all students who entered your institution in September, 1940 and for the session ending June, 1941. Note that students from each junior college are to be listed in two categories, one graduates, the other nongraduates. In the majority of reports sent in last year this procedure was not followed; hence, it was impossible for us to make our final report as had been requested. In some cases it will be difficult to determine whether students are graduates or not; in such cases list them as best you can with a star to indicate that the status of the student is uncertain. Please do not show the names of students whose transcripts show they were excluded from the junior college.

Since I am requested to have copies of this report sent to Association members before the opening of the fall session, I am requesting that this information be in my hands by September 1.

Very truly yours,

L. L. Hendren, Chairman,

L. L. Hendren

Committee on Junior Colleges.

OFFICE OF THE DEAN

August 30, 1940.

Miss Caroline Thomas, G. S. W. C., Valdosta, Georgia.

Dear Miss Thomas:

Enclosed you will find a copy of the report on students entering senior colleges in the Fall Term, 1939 from junior colleges in Georgia.

I had hoped to make this as two separate reports; one covering students who graduated from junior colleges, the other showing the record of those who did not graduate. This was not possible, however, as several of the colleges reporting did not make such a separation in giving the scholastic records of their students.

This report is being sent to you before the opening of school as was suggested at our last meeting. A further report will be made at our meeting next winter.

Very truly yours,

L. L. Hendren,

L. L. Hendren, Chairman, Committee on Junior Colleges.

ASSOCIATION OF GEORGIA COLLEGES Office of the Secretary

Athens, Georgia July 22, 1939

At the annual meeting of the Georgia Accrediting Commission on July 21, fifty-seven (57) high schools were DROPPED from the accredited list because of failure to operate 175 days, the minimum allowed by the standard of the Commission. The Commission adopted the following resolution, and suggested that the Secretary of the Association of Georgia Colleges transmit it to the members of the Association: IT IS THE DECISION OF THE ACCREDITING COMMISSION THAT NO GRADUATES OF 1939 OF THE SCHOOLS NAMED ON THIS LIST ARE ELIGIBLE FOR ADMISSION TO COLLEGE ON CERTIFICATE.

Certificates from some of these schools may have already been presented to members of the Association; and I venture to suggest that enrolling officers check over these certificates, if they have already been approved.

Mr. W. M. Thomas, G. S. W. C., Valdosta, Georgia.

Dear Mr. Thomas:

This letter is to remind you of your annual report on the scholastic standing of all students admitted from Georgia Junior Colleges. This report, as you know, should be mailed to me as Chairman of the Committee on Junior Colleges.

Enclosed you will find blanks upon which to make this report, and a list of the junior colleges which should be included therein. In case you have not had your semester examinations, give as good an estimate as you can of the standing of your students.

In making out your reports, please do not show the names of students whose transcripts showed they were excluded from the junior college. Also, will you please star the names of the students who did not graduate from junior college.

As this material has to be assembled in time for a report on January 28, I shall appreciate it if you will let me have this information at your earliest convenience; not later than Friday, January 20.

Very truly yours,

L. L. Hendren, Chairman, Committee on Junior Colleges.

ANNUAL REPORT ON FRESHMEN GRADES to
THE GEORGIA COLLEGE ASSOCIATION
Macon, Georgia, January 29, 1938

By

J. Harold Saxon University High School Inspector Athens, Georgia

Following the custom of former years we are making herewith a report on the Freshmen grades of students in Georgia Colleges for the year 1936-37.

This report is made from information gathered in this office while Mr.

T. J. Dempsey, Jr. was in charge and we wish to express to him our appreciation for the help he has given while we were compiling this report.

Our appreciation is also expressed to Professor Forrest Cumming of the Mathematics Department of the University of Georgia for making certain calculations and to Miss Lucille Epps, our efficient secretary, for compiling data.

Twenty-nine white colleges reported marks of 3,802 freshmen entering college from Georgia high schools and the marks of 746 freshmen grades entering from out-of-state high schools, for a total of 4,548 freshmen grades for the first semester for 1936-37. The median score for freshmen from Georgia high schools was 2.49, while the median score for freshmen from out-of-state high schools was 2.51. The corresponding medians for the previous year 1935-36 were 2.45 and 2.48.

The college freshman medians for the past twelve years are:

												-
1026	1927	1928	1929	1930	1931	1932	1933	1934	1935	1936	1937

												-

There were 17,717 graduates, white and colored, from Georgia senior accredited high schools in the spring of 1936 as compared to 16,567 in the spring of 1935 (see Mr. Dempsey's report made to this body January last year). This represents an increase of 1,150

There were graduated from senior accredited schools in Georgia in the spring of 1936

WHITE (public and private) 16,195
NEGRO (public and private) 1,522

1935 graduates from high schools -

The report of last year shows that 21.4% of high school graduates in 1935 entered college.

For the first senester 1936-37 there were reported the grades of 4,120 white and negro freshmen showing that 23.2% of graduates for 1936 entered Georgia colleges.

It must be borne in mind that these figures are not absolutely accurate since there appear some discrepancies in the reports of the colleges.

Following is the tabulated enrollment in twenty-nine white colleges in Georgia for 1936-37

PREPARATORY Boys	401	Girls 196	Total 597
FRESHMAN Boys	2987	Girls 2769	Total 5756
SOPHOMORE Boys	2237	Girls 1981	Total 4218
JUNIOR Boys	1292	Girls 980	Total 2272
SENIOR Boys	1114	Girls 863	Total 1977
GRADUATE Boys	118	Girls 62	TOTAL 180
SPECIAL Boys	389	Girls <u>351</u>	Total 740
TOTALS	8538	7202	15740

Cox College, The General Extension Department, and the Medical College of the University System did not report.

Six negro colleges reported 316 freshmen grades from Georgia high schools and 127 freshman grades from out-of-state high schools for a total of 445 freshmen as compared to 447 for the previous year. Although six colleges reported this year as compared to five last year the number of freshmen totals is less in these six colleges. An examination of last year's tables and report shows that one college reports 76 fewer freshmen this year than the year previous. This, in all probability, accounts for the decrease in the totals.

Following is the tabulated enrollment in six negro colleges in Georgia for 1936-37

PREPARATORY Boys	209	Girls	192	Total	401
FRESHMAN Boys	139	Girls	332	Total	471
SOPHOMORE Boys	117	Girls	247	Total	364
JUNIOR Boys	143	Girls	119	Total	262
SENIOR Boys	132	Girls	94	Total	226
GRADUATE Boys	0	Girls	0	Total	0
SPECIAL Boys	55	Girls	162	Total	217
TOTALS	795		1146		1941

Negro colleges not reporting were Georgia State Industrial College, Savannah, Clarke University and Atlanta University, Atlanta, and Georgia Normal and Agricultural College, Albany.

In tabulating the college freshmen subject failures for 1936-37 we included the students from Georgia high schools and out-of-state high schools. For sake of comparison we used the subjects taken in the same order as they appeared in last year's tabulation, with exception of substituting Social Science in the column listed Library Science last year.

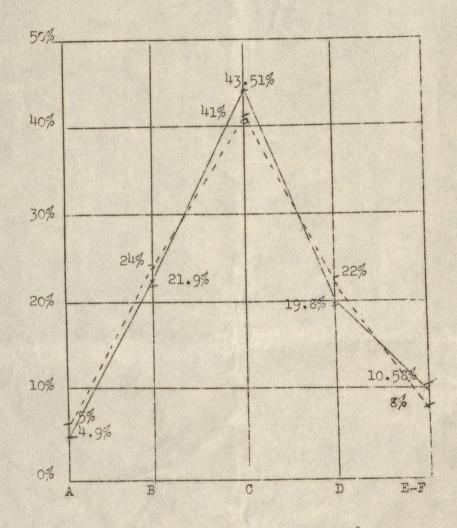

It will be noted that under column marked "OTHER" there is a total of 236 failures. In order to make possible a more detailed study we are

enumerating these failures as follows -

Abraham Baldwin - Animal Production 12; Georgia Southwestern - Physical

The above graph shows per cent of college freshmen entering Georgia colleges from Georgia High Schools, making A. B. C. etc., in first semester of 1936-37. The 1935-36 graph is based on average marks of 3,544 white freshmen. The 1936-37 graph is based on the average marks of 3,802 white freshmen.

The above graph represents the Freshman grades in six Negro colleges for the year 1936-37. Those colleges reporting were Ft. Valley Normal and Industrial, Morehouse, Morris-Brown, Paine, Spelman and State Teachers and Agricultural, Forsyth.

Dear President Reade:

A tentative program of our next meeting of the Association of Georgia Colleges is enclosed. You will note that you are scheduled to discuss briefly "Open House at All Colleges" as a means for promoting college attendance. I want you to represent the University System and Dr. Paul Cousin to represent the private colleges. I know you will do this for me.

Sincerely yours,

Marvin S. Fittman Pettmen
