

REGENTS OF THE UNIVERSITY SYSTEM OF GEORGIA  
100 STATE CAPITOL  
ATLANTA

October 9, 1945

My dear President:

Please have your architect prepare immediately an application for a grant from the Federal Works Agency to pay the costs of the preparation of plans and specifications for buildings needed at your institution, and send it to this office by Monday, October 15. The application must be signed on the part of the Board of Regents and accompanied by a letter from the governor. These two details will be handled by this office. Include in your application a request for funds for plans and specifications of buildings which were authorized by the late Chancellor S. V. Sanford and on which payment has already been made by some units. The Federal Works Agency will be asked to approve the inclusion of this item.

Be sure to inform your architect that his fee will be paid from this grant if and when it is approved. Your institution and the Board of Regents will not incur any financial obligation whatsoever for the preliminary work required in preparing this application.

If you have not selected an architect for your institution, please send your recommendation and a list of the buildings and their approximate costs. This is in line with the direction given you by Chancellor Sanford at the University System Council meeting on September 11.

The extra copy of this letter is to be filed with your architect for his information.

Yours very truly

*L. R. Siebert*

L. R. Siebert  
Secretary

GEORGIA STATE WOMAN'S COLLEGE  
VALDOSTA, GEORGIA

September 11, 1945

Chancellor S. V. Sanford  
Room 100 - State Capitol  
Atlanta, Georgia

Dear Dr. Sanford:

In accordance with your instructions of this morning, I am submitting the following request for your approval and that of the Board of Regents;

1. MUSIC BUILDING . . . . .	Estimated Cost . . . . .	\$54,000.00
2. HEALTH SERVICE BUILDING . . . . .	" " . . . . .	34,800.00
3. GYMNASIUM . . . . .	" " . . . . .	90,000.00
4. COMPLETION OF LIBRARY . . . . .	" " . . . . .	33,000.00
		<u>\$ 211,800.00</u>

Final drawings and blue prints for the above buildings were completed by Messrs. Sayward and Logan, 320 Palmer Building, Atlanta, Georgia, several years ago.

The estimated costs, as listed above, are not those that were submitted to you for your annual report of last year. They are the revised estimates which were submitted to the Committee from the General Assmebly at the time of their inspection of G. S. W. C. last spring.

This Committee recommended the spending of \$569,000.00 at G.S.W.C., and you suggested this morning that we ask approval of approximately two-fifths of what the Committee had recommended. Our request, as detailed above, is about \$16,000.00 less than this amount. However, as building costs have increased not less than 10% since last spring, I feel that we should let our request stand as it is.

Respectfully submitted,

President, Georgia State Woman's College.

REGENTS OF THE UNIVERSITY SYSTEM OF GEORGIA  
100 STATE CAPITOL  
ATLANTA

June 6, 1945

My dear President:

I am sending to you attached the report of the Visitation Committee of the General Assembly concerning your institution.

Yours very truly,

*L. R. Siebert*  
*LW*

L. R. Siebert,  
Secretary.

LRS:LW  
Enclosure

HIS EXCELLENCY, ELLIS ARNOLD, GOVERNOR  
THE HONORABLE FRANK CROSS, PRESIDENT OF THE SENATE  
THE HONORABLE ROY V. HARRIS, SPEAKER OF THE HOUSE.

Gentlemen:

Your Committee has completed its investigation and inspection of Georgia State Womens College at Valdosta, and we beg to submit the following report:

This college is the only institution in the southern part of the State that offers four years of college work leading to a degree. It is also one of the few institutions in the State now having a larger enrollment than its average for the past ten years.

Georgia State Womens College affords to the young women of the State an opportunity to secure a well-rounded education in the arts and sciences under an outstanding faculty in beautiful surroundings in a cultured community, and it deserves full support from the State since it is an essential part of our system of higher education. We recommend that in the State's post-war building program there be allocated for Georgia State Womens College at Valdosta the sum of \$569,000. This will provide the following needed improvements: Music building, infirmary, dining hall and kitchen, gymnasium, and the addition of wings to the dormitory and the expansion of West Hall (the administration building). It will also include a sum sufficient to repair and make additions to the library and swimming pool and reclaim and renovate a number of dormitory rooms.

The sum that we recommend would also provide \$50,000 towards the erection of an auditorium, the balance of the cost of

which would be borne by the City of Valdosta, which is ready and willing to participate in the construction of this building.

While we were visiting this institution, representatives of the student body appeared before us and advised us of two of the projects in which they are interested. The alumni are seeking to provide a chapel and we feel that the State should participate in the construction of this building to the extent of at least \$20,000. The students also seek to have a small lodge erected at Twin Lakes where the student organizations can have picnics and similar excursions. We think that \$7500 would buy a desirable tract of land and the necessary improvements. Both of these sums are included in our total recommendation.

We desire to take this opportunity to congratulate Dr. Frank R. Råde on the fine institution that he has and particularly on the excellent cooperation that he secures from the citizens of Valdosta and Lowndes County. The faculty was found to be outstanding and the entire institution is one to which any Georgian should be proud to send his daughter.

Respectfully submitted,

For the Senate:

For the House:

NEEDS OF GEORGIA STATE WOMANS COLLEGE

I. New Buildings

Music Building	\$ 54,000.00
Health Service	\$ 34,800.00
Gymnasium	\$ 90,000.00

(Final blueprints already drawn for these three)

Home Management House	\$ 15,000.00
Dining Hall - Kitchen	\$ 80,000.00
	<u>\$273,800.00</u>

\$273,800.00

II.

Auditorium (State share)	\$ 50,000.00
Chapel (State share)	\$ 20,000.00
Twin Lakes Project	\$ 10,000.00
	<u>\$ 80,000.00</u>

\$ 80,000.00

III.

To complete Library	\$ 33,000.00
To complete Bath-house unit	\$ 5,000.00
	<u>\$38,000.00</u>

\$38,000.00

IV. Miscellaneous

(Itemized below):	\$ 41,200.00
-------------------	--------------

\$ 41,200.00

\$433,000.00

*\$ 533,000.00*

- (a) Refrigeration - \$3,000 (b) Drinking fountains - \$1200 (c) Hammond organ - \$2,000 (d) Ceramic kiln - \$300 (e) Profile camera - \$200 (f) Herbarium - \$100 (g) Furniture for Rotunda and West Hall - \$3,000 (h) Bedroom furniture for Ashley and Converse Dormitories - \$10,000 (i) Student reading lamps - \$300 (j) Ashley-Senior Colonnade - \$1100 (k) Amphitheatre seats - \$2,000 (l) Campus lighting - \$5,000 (m) To replace old books - \$1,000 (n) Repairs -- West Hall - \$2,000 (o) Recordings, films, works of art, etc. - \$10,000.

-----0-----

The above, as I see it, are minimum needs. Mr. Sayward estimates cost of auditorium to seat 2,000 at \$140,000. Doubt if city and county will do more than match state funds; so the \$50,000 listed above is probably low. Unlikely that chapel can be built for \$20,000. However, students will contribute to this project, and contributions probably will be made by friends. The last item listed above, with request for \$10,000, was not actually agreed upon by the committee. During depression years, library never received full allotment, and the sum of \$10,000 could be expended profitably in the development of our Humanities Division.

Please do not hesitate to ask for explanations of the above requests.

Frank R. Reade

THE GEORGIA STATE WOMANS COLLEGE  
AT VALDOSTA, GEORGIA

May Day, 1945

To: Members of the Visiting Committee  
from the General Assembly

Gentlemen:

Our faculty and students, particularly the young ladies who were fortunate enough to be selected to tour our campus with you, join me in thanking you for coming to see us and in hoping that you will make a return visit in the not too distant future.

After serious meditation, it occurs to me that I talked entirely too much on yesterday, and yet I was anxious to get as much information about the college before you as possible, as the future development of our physical plant depends in great measure upon the background, the character, and the aims of the institution.

On an attached sheet, I am restating and regrouping the needs of the college as I see them, and I hope that they are in line with your wishes. We are all looking forward to your recommendations with keenest anticipation.

With kind personal regards, and all good wishes for your success in this fine service that you are rendering to the people of Georgia, I am

Sincerely yours,

FRR/w

Mr. Frank R. Reade, President  
Georgia State Womens College  
Valdosta, Georgia

Dear Mr. Reade:

In accordance with our suggestion made to you recently when representatives of this office were in your office, we are contacting Mr. John L. Peters, State Director, Public Works Reserve, and requesting that he or his representative get in touch with you to furnish you with information regarding the submission of the proposed erection of structures on the campus of your institution, we have written Mr. Peters in regard to this matter and are enclosing herewith a copy of our letter with is self-explanatory.

In the event we can be of further assistance to you, do not hesitate to request such assistance.

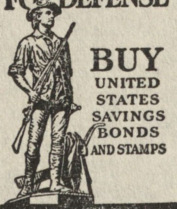

Yours very truly,

*W. S. Sharman*

Dear Mr. Peters:

This office has received information from Mr. Frank R. Reade, President of Georgia State Womens College, Valdosta, Georgia, that they are contemplating the erection of several structures on the campus of their institution and that they would like to make inquiry as to the possibilities of submitting their application through your organization.

Anything that can be done by you toward assistance in Mr. Reade's request will be greatly appreciated.

Yours very truly,

W. S. Sharman,
