THE GEORGIA STATE WOMANS COLLEGE
AT VALDOSTA, GEORGIA

Comments on Calendar for 1945-46:

Summer Quarter 1945: We begin one day earlier than the calendar provides, and end two days earlier. (We use only one day for second-term registration.) As the summer calendar is already published in our catalogue, we feel that it is not advisable to change.

Fall Quarter 1945: Calendar provides three days for registration -- September 20-21-22. We would have to begin on Tuesday, September 18, to allow time needed for freshman week, ~~and~~ we would have upper-class registration on September 21-22.

The calendar carries the notation in regard to the fall quarter: "52 or 53 school days in 5-hour course with 3 holidays (Thanksgiving week-end)." Following this calendar, we find that 5-hour courses meeting Monday through Friday, would meet 58 days, with 2 school days for Thanksgiving.

Winter and Spring Quarters: Calendar carries the notation, "51 school days with one Saturday off." We count 52. Evidently the calendar provides for the stagger system.

Recommended changes for Spring and Summer Quarters: Registration for Spring Quarter March 25, classes begin 26 (one day early). Classes end Wednesday, June 5 (one day early). Exams June 6-7-8. (begin one day early; we use only 3 days for exams.) Graduation Sunday, June 9, or Monday, June 10. Registration for Summer Quarter, Tuesday, June 11. Then, by making adjustments as to first-term exams, second-term registration day, etc., we can end the summer quarter on August 23 instead of on August 28.

GEORGIA SCHOOL OF TECHNOLOGY
Atlanta, Georgia

Office of the Dean

November 20, 1944

TO THE MEMBERS OF THE CALENDAR COMMITTEE:

I am enclosing a copy of the calendar for next year made out by Dean Hendren for the University. If we can agree on that calendar, it will be unnecessary to have a meeting. In the event we cannot agree, we shall try to have a meeting on December 15th and 16th in Atlanta, provided President Quillian has the meeting of the Georgia Association of Colleges in Atlanta at that time.

I suppose we can infer from the privilege we had last summer in having a slight deviation in our Summer Term Calendar. Please however do not have a deviation from the calendars of the other terms unless it is absolutely necessary.

Will you kindly let me know at your earliest convenience if this calendar is satisfactory or if certain changes must be made for your institution.

With all best wishes, I am

Sincerely yours,

W. Vernon Skiles,
Dean
