Dear Dean Hawks:

I would like to know your policy in admitting students from other institutions, especially those from junior colleges.

Do you give full credit in grades and quality points for the work done before coming to you, or do you scale them down? If you scale them down, what is the method of your scaling? If full credit is given what are the requirements for the last two years?

Need for this information is continually arising from those students who are planning to do further work after graduating with us.

Sincerely yours,

  
W. Fred Gunn, Dean
