Georgia State Womans College  
Valdosta, Georgia

Dear Dr. Reade:

I highly appreciate your letter of October 13th., and especially copies of letters from your private files. These are being returned to you in today's mail.

Of course, we are sorry to know that other people are having difficulties, but it is a consolation to know that we are not the only one running into these difficulties.

In my letter I referred to the request from the Division of General Extension for credit to be given for different types of courses. We have had a number of instances similiar to those recorded in your letters. Just a few days ago Dr. Collins requested that I designate Rural Sociology as an Education course. Of course, I had to refuse and thereby incurred the disfavor of the individual. I feel, however, that colleges must set up standards and hold to them.

Again please accept my appreciation for your kind letter.

Sincerely yours,

*W. Fred Gunn*
