FOREWARD

The Sunday School of Saint Paul A.M.E. Church is pleased to issue this first edition of the Calendar of Valdosta Black Achievers. This year's calendar pays tribute to the achievements of Blacks in government and those who have made significant contributions to the community.

It can hardly be expected that this calendar might offer a complete picture of Black Achievers in Public Service in the Valdosta area. At its best, this calendar can present only a few glimpses of some of the individuals who have given invaluable service.

This year's calendar, like our future calendars, will highlight the accomplishments of more Black Achievers in religion, civic, business, education, and other professional endeavors.

Inasmuch as these events will soon fade from our memory, let us carry with us a record of some of the events which transpired in the Valdosta area. As you slowly turn the pages of the first annual calendar of Black Achievers and magnify your thoughts of our rich heritage, we dedicate the Nineteen Eighty-eight Calendar to those individuals who have dared to leave their footprints on the sands of time.

Ethel Jones Greer is the daughter of the late Willie Sherman Jones and Fannie Jackson Jones McLeary. She is a Valdosta native and is married to Mulford W. Greer. She is the mother of two children, grandmother of two and great-grandmother of three.

She is a stocky woman with the "patience of Job and the tenacity of a bulldog." She gets things done and always includes other people in her community activities. "She can identify more real problems in a day than 20 committees can in six months and can come up with practical solutions equally as quick. And she doesn't charge the city nor her neighbors a red cent for her services" (Valdosta Times 9/28/78).

She began her civic work in 1952 in New York City and returned to Valdosta in 1969 and became involved in making her community a better place to live. In fact, since her return in 1969, Mrs. Greer has had a part in several projects such as recreation, United Way, the county-city school consolidation study of a few years ago, anti-poverty program and many other activities.

In doing so, she was only continuing civic work that began about 1952 in New York City when she looked out the window of the apartment where she lived and worked as a seamstress and decided the vacant quadrangle between the apartments would be a good place for a playground. She got her playground then. Nearly 20 years later, and over a thousand miles to the south, she helped her neighborhood get another playground.

Mrs. Greer is the founder of Greer Park. She is a member of St. Timothy A.M.E. Church in Valdosta. Through her church, she is a member of the Auxiliary Board Number 1, Willing Workers, Floral Club, the Concerned Citizens Community Association Number 1, Clients Council and Neighborhood Number 5.

She attends city council meetings and brings people with her. Mrs. Greer serves on the EOA sponsored Community Action Committee, City Recreation Advisory Board and Legal Aid.

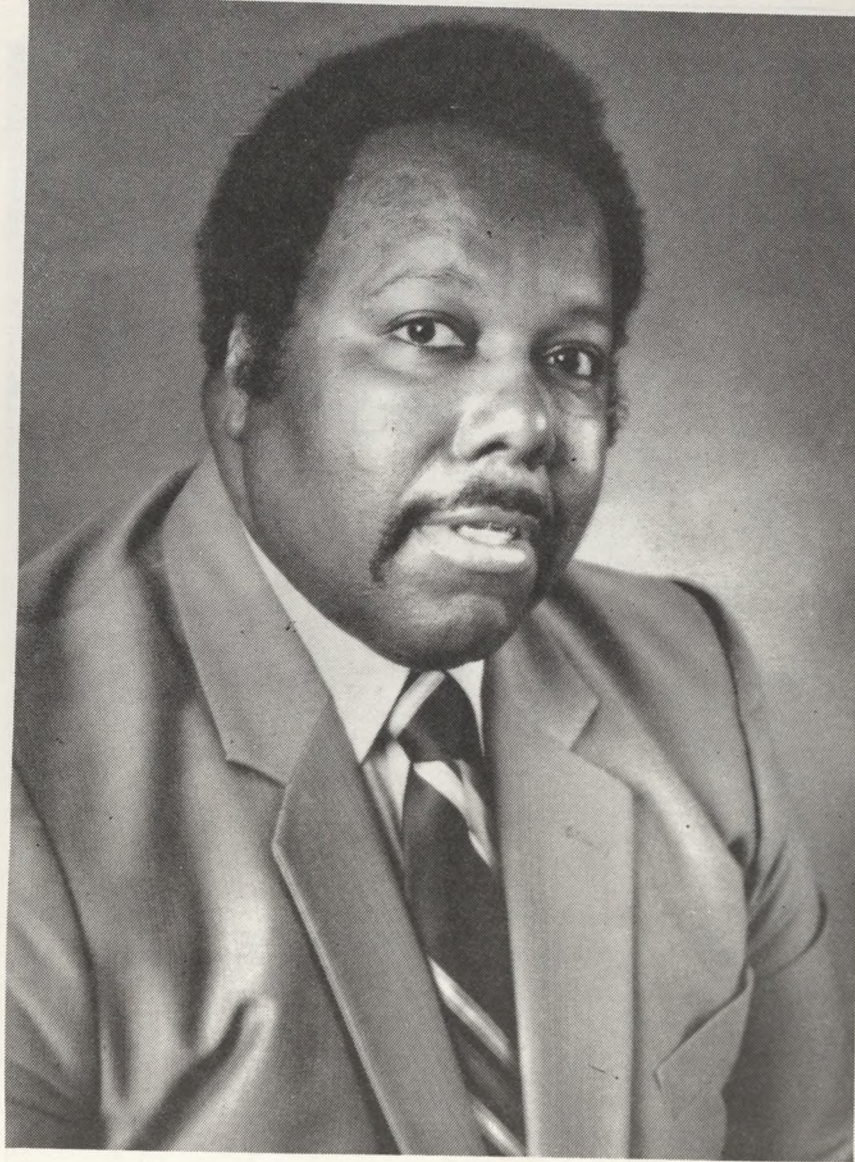

The Greers live at the intersection of Perkins Lane and Queen Street. Mrs. Greer retired from her paying job as a seamstress, but she has never retired from volunteer jobs.

JOHN W. SAUNDERS

John attended the public schools in Peach County, Georgia and graduated from Fort Valley Industrial High School. He earned the Bachelor of Science Degree in Agriculture from Georgia State College (Savannah State) and completed post-graduate work at the University of Georgia in Athens, Georgia.

His career as an educator began in Macon County, Georgia where he served as teacher and administrator. Later, he transferred to Brooks County, where he served as Vocational Agriculture teacher. He was employed as Lowndes County Extension Agent until his retirement in 1975.

His fruitful labor of love is reflected in the lives of those he served. He worked long and hard to help farmers, adults and youth to improve their living conditions whereby they could achieve a wholesome and satisfying life style.

John worked with 4-H Clubs and many other organizations in the community. He was instrumental in starting the Ham and Egg Show in Lowndes County which continues to function. He was recipient of numerous religious, civic and educational awards.

He was a viable member of Macedonia First Baptist Church where he served as deacon and chairman of the Trustee Board. John was dedicated and committed to service. His favorite quote was, "He who would be great among you, let him serve." He was indeed an humble servant and true leader.

We dare you to use the talents you have. You will find yourself growing stronger physically, mentally, socially, and spiritually. You can multiply your daring a hundred fold by sharing its fruits. You give your life away and behold! A richer life comes back to you. This principle works through all of life.

Our most valuable possessions are those which can be shared without lessening: those which, when shared, multiply. Our least valuable possessions are those which when divided are diminished.
