obligations this week to Mrs. Shefall for three new novels, and to Miss Annie Sanford for a collection of shells, sponges, coral &c, from Manatee and Tampa Bay.

Postmaster Dekle has been putting in a lumber of additional lock boxes. The business of the office is rapidly increasing.

Lent will commence next Wednesday. Deeply interesting services will be conducted at St. Thomas church, by the Rector, Rev. Mr. LaRoche, during the continuation of Lent.

Look out for that comic valentine, to-day.

Maryland contributes a charming young lady, Miss L. L. Bowen, to Thomasville society this winter. She is a guest of the Rev Mr. LaRoche and lady at the Episcopal Rectory. That her stay be a pleasant one is the wish of her new made friends.

Cairo Items.

Henry Wight, Sr, one among the oldest citizens of Southwest Georgia, died on Friday, Feb. 6th. Born in Bristol, Rhode Island, Nov. 5, 1791, he came to Georgia in 1820, and settled in Decatur county, where he has ever since resided. In whatever position in life he was placed, whether as sailor or sea captain or school-teacher or merchant, he won the confidence and respect of his associates by his manly dealing and upright deportment. Since early life he has been a consistent and honored member of the Presbyterian church. When the time came, he had nothing to do but to obey the summons of the Master, "Come up higher." Death to him had no tears, because he had long since made preparations for it. Such as he may truly be said to be the

WOODS. We also noticed on the register the following prominent society people of Louisville: Miss Florence Raglan, Mrs. John H. Brand and daughter, Miss Laura, H. Powers, A. W. Tappan and Dr. C. Jackson.

The Hon. Joseph Rankin, member of the 48th Congress from Wisconsin, who was recently ordered to this place from Washington, by his physician, has arrived, and is, with his family, occupying rooms at the Piney Woods.

The East, the West, the North and South, mingled in the corridors, hallways and ball room at the Piney Woods Hotel, on Thursday night.

We were glad to see among the delegation from Albany, at the ball on Thursday evening at the Piney Woods, our young friend Mr. A. W. Miller of the *News and Advertiser*, Albany. He is a good representative of the progressive young newspaper men in Georgia.

Don't fail to attend the meeting at the rooms of the Library Association on Monday night. You will be well entertained.

Ochlockonee Items.

A carload of Phosphate arrived last Saturday for the Farmer's Club. We understand that they will also have one or more car loads of guano shipped to this point. Such moves should stir up the farmers of our country elsewhere.

There is a new Steam mill gang up on the S. F. & W. Rail Road, 3 miles east of Ochlockonee. The property is Mr. Beq. Singletary's and

None of the foregoing licenses shall be issued for less than the amount stated for each, regardless of the time for which said license may be granted, and the Clerk shall not issue any license unless he has a certificate from the Treasurer that the amount affixed for said License has been collected by him, the Treasurer.

Committee to whom account of Fred Young was referred reported the account adjusted and paid. Also, that he be paid wages at the rate of \$30.00 per month. Report received and adopted.

The clerk reported having issued tax bills against delinquent tax payers for 1884.

Account of S. J. Cassels referred to Alderman Hopkins.

The following accounts were ordered paid: A. F. Prevatt \$5.50; T. J. Hamilton \$1.25; Fian & McIntyre \$28.37; I. Dekle \$12.39.

Council adjourned.

ST. ANTHONY'S FIRE.

Mr. W. S. Jones, a well-to-do farmer who lives four miles from Elberton, Ga., is highly esteemed by all who know him. He is 73 years old, and is a conservative man—by no means an enthusiast on any subject, yet he says to a reporter: "I am satisfied that I would not be alive to-day had it not been for

The improvements on the Methodist church are about completed. The steeple is a fine piece of workmanship, and reflects credit on its builders and projectors; in fact, some have thought it too fine for the church it graces. It stands—feet from the ground, and is covered with tin and slate. A magnificent view of the surrounding country can be had from the balcony, which is reached from the inside by means of ladders. The recess in the rear also adds much to the appearance of the interior of the church. It is but just to say that but for the energy and push of Dr. S. W. Davis and Mr. H. Wight Jr, these improvements would probably not have been made.

Several from Cairo are thinking of visiting the Exposition soon, and it is not unlikely that one or two couples may make it the occasion of a bridal tour. Quite a good idea!

Miss Mattie Rushin of Thomas County is visiting Miss Petrona Powell of our town.

Mrs. Freeman of Talbotton spent the first of the week in Cairo with her aunt, Mrs. Dr. Davis.

Some one should confer a diploma on the serenaders who were out on last Monday night. Such genius in the combination of instruments is rarely exhibited, the instruments used being two harmonicas and a cornet. The music might be characterized as 'rich, rare, and racy.'

Our merchants are not sentimentalists, for they have no valentines.

Miss Zoulien Holloway, who has been spending some time with relatives in Bacanton, has returned home.

Mrs. Miller, of Thomasville, is visiting her sister, Mrs. Little.

An elopement is reported to have taken place in our village last week; if, however, such was the case, the young lady is back again and girl to still be called Miss—.

Rev. H. Stubbs, with others, will deliver lectures at the church on next Wednesday evening, at 7 o'clock, on the temperance subject.

SWIFT'S SPECIFIC About thirty years ago I broke out with what the Doctor called St. Anthony's Fire. Under medical treatment I got temporary relief, but soon the same disease or a very similar one broke out in a more aggravated form. The doctors gave me another time and treated me so that the eruption disappeared for a time, but the effects of the medicine were worse than the disease itself. The effects of potash and mercury mixtures is always bad, when shortly afterward a much worse type of the same disease broke out. I became satisfied to let the potash mixtures I had taken had merely driven the disease further into my system and blood, making almost a wreck of me. I repeatedly charged medical advisers, all to no purpose. I continued to grow worse and weaker. At regular intervals this dreadful skin disease would break out afresh, each time in a more insupportable form. For a year I was bedridden, and had to give up looking after my business entirely. About a year ago I was advised by a friend to take Swift's Specific (S. S. S.) With the first bottle my general health began to improve. The Swift's Specific drove out the poisoned blood which the potash mixtures had driven into my system. I broke out in pimples and blotches when the poison was coming out. These all soon passed away. The medicine at once gave me new hope, my spirits rose, my general health improved in every way. My digestion, which had been so injured by the use of the potash medicines, was rapidly improved by SWIFT'S SPECIFIC, and for the first time in years I enjoyed my food. My appetite increased, and I continued to gain strength and flesh until I weigh more than I have in forty years, and feel as hale and hearty as I did when I was a boy. The SWIFT'S SPECIFIC has benefited me in every way, and I know it has added several years to my life. While I am 73 years old, and therefore living on borrowed time, I feel that a new career is before me. No amount of money could purchase from me the years that have been added to my life by this valuable medicine. I hope you will publish this that others, and particularly old people, may know of the value of this remedy. Dr. H. M. Carr, druggist, and Messrs. Swift Bros., merchants, at Exherton, know me well and are familiar with my disease, and the wonderful relief I have had from the use of Swift's Specific. Our Dealers on Blood and Skin Diseases mailed free to a gentleman. SWIFT SPECIFIC CO., Drawer 2, Atlanta, Ga. N. Y. Office, 129 W. 2nd St; Philadelphia, Office, 2nd Chestnut St.

The temperature winter that it may be considered south of the frost line. Though mild, it is amply invigorating and under its warming and exhilarating influence the invalid or sufferer from weak lungs or other pulmonary troubles, find ready relief. Mr. Paxton says he has been over the South in many directions but he has not yet seen the the spot that pleases him so well as this. It is, according to his tell, very popular with eastern people and in the winter season they are there in large numbers. The place has so pleased our townsman that he has built himself a residence there, or rather is building it, and he expects it to be ready for occupancy by the time he arrives. Speaking of the fertility of the soil and the luxuriance with which certain fruits grow in that climate, he cited a pear which in that section is called 'Le Conte.' Sprigs are cut from the parent tree and stuck in the ground as you would willow sprigs, only they may be stuck nearly as thick as peas. In a year they are the height of a man's shoulders, when they are transplanted. In three years more they bear prolifically,—from twenty-five to thirty-five bushels, and the pear is said to be equal to our Bartlett in quality and large. They ripen in June and find a ready market North at good prices. The tree looks, in its youth and early manhood, just like a Lombardy poplar, but with maturing years spreads out and, so to speak, is more portly; a condition not uncommon to mankind under favorable circumstances and with good feeding.

This Thomas County, in the State of Georgia, must be a perfect paradise to delicate people, and as it is so much more accessible and cheaper, than wandering to the far-off country of Southern California, the Register calls the attention of invalids, and others to it as a very desirable substitute.

The above is taken from a late issue of the *Wheeling Register*, the leading daily paper in West Virginia. Thomasville and her people will duly appreciate the kind words

is on a visit to friends and relatives in Thomas.

Miss Fannie Palmer of Monticello is visiting her sister, Mrs. Katie Whitfield.

Cairo Items.

Cairo has recently lost one of her oldest and best citizens, Mrs. Dr. Wil- mot, who has removed to her old home, Lumpkin.

An excellent citizen has been gained in Mr. J. W. Walker, who will make Cairo his home.

Dr. S. A. Roddenbery has added to his side of the town by erecting a large warehouse in front of his store. Dr. Davis is also building a new and substantial warehouse. The improvements on the Methodist Church are nearing completion. Other minor improvements are being made in the place.

The Misses Dixon, of Quincy, Fla., spent the holidays with the family of Mr. T. W. Brown. Come again, young ladies.

The fantastics, who paraded the streets in gay and unique attire on Christmas morning, were the principal attraction of the day. It was something new in Cairo. The brother in black stretched his eyes at the scene in amazement; the small boy yelled his delight: old men put on their annual smiles (i. e. from ear to ear); and the girl's were each trying to determine which one was her fellow.

On Christmas evening Mr. H. Wight gave a birth-day supper, to which a number of his friends ladies

Mr. Jas. Martin recently brought with him from Ala. a few bushels of Early Rustproof oats, which will become very popular as they ripen 4 weeks earlier than the common Rust proof.

Married, on last Sunday week, by Rev. H. Stubbs, Dr. G. M. McMillan to Miss Lisae Bullock. Only relatives and a few immediate friends were present. The bride presented a charming appearance, and the groom wore his sweetest smiles. Their many friends extend the most hearty congratulations to the happy couple.

which Mr. Paxton has spoken of the place. The gentleman does not speak unadvisedly; he has spent several winters here and knows what our climate is. There are many pleasant and delightful places in the South, but Thomasville presents as many attractions as any point south of Masons and Dixons line.

We beg to call the attention of our Northern and Western readers to the above high—but not over-drawn—tribute to Thomasville as a winter resort. They will find here ample and first class accommodations, and a kind and genial set of people to live among during the rigors of a Northern winter. We have room, a cordial welcome and cheering words for all who may come.

Ministers' Institute.

A Ministers' Institute, of the Mercer Baptist Association, will convene in the Baptist church on next Wednesday, the 7th inst. The following is the programme:

and gentlemen, were invited. An excellent supper and a pleasant evening was enjoyed by those present, and all parties wishing that such birth-days would come more frequently.

Mr. Ben Forester took all his friends by surprise last Sunday by marrying Miss Norton, who lives near town, was the happy bride. Ben is shrewd in other respects besides merchandising; he saw the matrimonial market was dull, and he took advantage of this to secure a good partner. A smooth sea to you, Ben, and a prosperous voyage. Who next?

Mr. Robt. Roddenbery, who has been attending the Joe Brown University, at Dalton, spent the Christmas holidays at home. Bob makes a fine appearance in his new cadet uniform.

Miss Bertha Roddenbery left on Dec. 23rd to spend some time with her old friends and school-mates in Tennessee and other states. She will return about March, by way of New Orleans.

The next session of Calro Academy will begin on Monday, Jan. 5th.

The Calro recult has been enlarged this year, as to include eight appointments, and it will be served by two ministers, Revs. N. B. Ousley and J. W. Arnold.
