Colson Printing Company 2003 Calendar

celebrating the Art in Life!

ANNETTE HOWELL TURNER
Center For The Arts
CELEBRATING THE ART IN LIFE

The dream of a new home for L/VAC is no longer just a "pipe dream". **The Annette Howell Turner Center for The Arts** is now a reality, and we couldn't have done it without the very generous support of our Art Center Members! The First State Bank vacated the building at 527 N. Patterson Street the latter part of June and renovations have begun. L/VAC will be moving in sometime in the year 2003.

This new home will contain two main galleries along with a children's gallery downstairs. There will be two additional galleries upstairs. Plans include a commercial type kitchen, perfect for catered events and culinary classes. The elevator and bathrooms will be refurbished to make them accessible for people with disabilities. The main entrance will be totally redone with a large water fountain and additional landscaping to include outdoor seating for classes or for just relaxing to the sound of the waterfall. All offices will remain downstairs, easily accessible for our friends to visit. After all, **The Annette Howell Turner Center For The Arts** will be your home. You've made it possible.

In the meantime, it's business as usual at L/VAC. The children's touring shows and classes are ongoing. We're still offering meeting rooms for 30 civic organizations, and we still have our hands in every artistic and cultural activity where L/VAC can be of assistance. Our commitment to community and the Arts is stronger than ever before.

The Annette Howell Turner Center For The Arts
The New Home of the Lowndes County Valdosta Arts Commission

Here is a preview of the many wonderful things to come. Your kind support of our new Center For The Arts will help improve facilities and give opportunities for many to Celebrate The Arts...

In Your Life...

- Wander through 4 times the gallery space of our previous Center featuring touring and permanent art exhibits
- Stroll through our outdoor Sculpture Garden
- Explore your own capabilities in Adult

Art Classrooms

- Purchase the perfect items in our Museum-quality Gift Shop
- Rent meeting or entertainment spaces

In The Lives Of Kids...

- Activities for children in dedicated classrooms
- Adjacent Children's Gallery
- Expanded after-school programs
- Performing Stage for Children's Entertainment Programs

In Our Community...

- Premier locale for Art & Cultural Events
- An impressive community asset to attract new residents & businesses
- Convenient location
- A cultural hub from which funding and support is distributed to other community art programs
- Plans for meeting & entertainment facilities including a full catering kitchen

Rendering by Mary O. Smith

Dear Customers and Friends,

Once again I think you will agree that the Lowndes/Valdosta Arts Commission artists are very talented. I hope you enjoy Colson's calendar this year. The artists featured in the calendar are the winners of the competition, which was held by the Lowndes/Valdosta Arts Commission. We sincerely thank each of the winners in this year's contest. The rendering above is the construction/renovation site of the new IVAC building. The local members and supporters, plus many more people from the southeast, will enjoy the benefits of the new Arts Center for many years. A special thanks to Dr. Loyce Turner and the Turner family for their special contribution, which made it possible for IVAC to purchase the former First State Bank and Trust building. The renovating project is scheduled for completion by April, 2003 and will be called the Annette Howell Turner Center for the Arts. This complex will certainly be a true blessing to director, Roberta George. Just for the record, in 1962, Dr. Turner, veterinarian, was one of Colson's first customers. Dr. Turner, whose office was located on South 41, is a great citizen, an excellent politician, and a personal friend.

Colson Printing Company, like many other manufacturers, has seen a reduction in sales since 9-11; however, our sales have improved in the past five months. Our prime objective as a large printing/graphics company is to produce excellent quality printing and meet the production demands of our customers. In keeping up with the newest technology in the graphic arts business, we have purchased the finest pre-press computers, printing presses, bindery and finishing equipment. All of this equipment would be useless if it were not for our highly skilled operators.

Considering Colson's continued growth and reputation in the printing business, I have decided to give credit where it is due, by featuring each of our 48 employees. You will not believe this... the total years of our employees at our plant is 597. This is an average of 12.4 years per person. I can take the top 20 and their average here is 22 years. The total years of all of the employees' experience at CPC and other graphic companies is 881 years. We have included a photograph of each employee, their number of years at CPC, and their total years of graphic experience. I know I'm getting old... I have two employees who have their children working here. When I hire a third generation, I plan to retire and play golf all day, providing I can still lift a golf club.

If you are a customer, I truly appreciate your letting us fulfill your printing and graphic needs. If you are a friend and you purchase printing and do not purchase from CPC... shame on you.

I hope you and yours have a "Trouble Free 2003".

Sincerely,

Wally Colson
Wally Colson
